San Diego State University  
5300 Campanile Drive  
San Diego, California  
92182-0763  
(619) 594-5200

*You're about to begin a great adventure!*

College is a special time in your life, full of the anticipation and excitement new experiences and knowledge bring. I am pleased you've chosen San Diego State University to fill such an important role.

In this catalog, you'll learn what you need to know to "make it" at SDSU—our courses, student services, and graduation requirements. You'll also begin to understand the mission which drives a major comprehensive university.

SDSU had humble beginnings in 1897 as a teacher's program which held classes over a drug-store in downtown San Diego. There were ninety-one students attending classes taught by seven professors. Today, you join more than 35,000 students at one of California's largest universities. You can still study education, but now there are available baccalaureate degrees in seventy-six academic areas and master's degrees in fifty-six. You can also enroll in one of our seven joint doctoral programs.

As an SDSU student you may take pride in attending a university consistently recognized as the leading member of the 20-campus California State University system, and as one of the top comprehensive universities in the western United States. Each of our seven academic colleges has assembled a fine faculty whose excellence is reflected in an enviable list of successes and recognitions. Their classroom teaching is kept current by the most substantial research involvement of any CSU campus. This quality is reflected in the educational opportunity available to you, the student. You can work directly with professors who are at the forefront of their fields.

As a graduate, you will join the ranks of our impressive list of alumni, among them the leaders of San Diego—Chamber of Commerce President Lee Grissom, arts activist Danah Fayman, businessmen L. Robert Payne and Ralph Pesqueira, and a host of other industry, civic, and community leaders, scientists, and scholars. As *San Diego Magazine* noted, SDSU graduates are "running the town."

Strive to realize your potential, to exert your best effort during your years at SDSU. You have the opportunity to expand your intellectual powers as you earn a first-rate education. You are preparing for a life in which you can provide for yourself and make a contribution to the world around you using the knowledge you gain at San Diego State University.

I wish you the best.

Thomas B. Day  
President

## SUMMER SESSIONS 1990

- June 4-22 Term A (3 weeks).
- June 4-29 Term B (4 weeks).
- June 4-July 13 Term C (6 weeks).
- June 4-August 24 Term Z (12 weeks).
- June 25-July 27 Term D (5 weeks).
- June 25-August 3 Term E (6 weeks).
- June 25-August 17 Term F (8 weeks).
- July 4 Holiday—Independence Day. Staff holiday (no classes).
- July 16-August 24 Term G (6 weeks).
- August 6-24 Term H (3 weeks).

## FALL SEMESTER 1990

- August 1 Applications for admission or readmission to San Diego State University for the spring semester 1991 accepted. Applications are accepted after August 31 only until enrollment quotas are met.
- August 3 Last day to apply for a leave of absence for fall semester 1990.
- August 22 Opening date of the academic year for faculty.
- August 22-24 Orientation and advising days.
- August 27 First day of classes.
- Aug. 27-Sept. 7 Late Registration.
- September 3 Holiday—Labor Day. Staff holiday (no classes).
- September 10 Last day to drop classes.
- September 11 Last day to apply for refunds.
- September 17 Last day to add classes, change grading basis, or apply for course "forgiveness."
- September 17 Last day to withdraw officially from the University for fall semester 1990.
- September 24 Census.
- September 25 Last day to file application for bachelor's degree for December 1990 graduation.
- November 1 Applications for admission or readmission to San Diego State University for the fall semester 1991 accepted. Applications are accepted after November 30 (postmarked) only until enrollment quotas are met.
- November 22-24 Holiday—Thanksgiving recess. Staff holiday (no classes).
- December 6 Last day of classes before final examinations.
- December 7 Study and consultation day.
- December 8-15 Final examinations.
- December 17 Winter recess begins.
- December 24-28 Holiday—Winter recess. Staff holiday (no classes).
- December 31 Grades due from instructors. (Noon deadline.)
- December 31 Last day of fall semester.
- January 1, 1991 Holiday—New Year's. Staff holiday (no classes).

## WINTER SESSION 1991

- January 7-25 Winter Session.
- January 21 Holiday—Martin Luther King, Jr. Day. Staff holiday (no classes).

## SPRING SEMESTER 1991

- January 11 Last day to apply for a leave of absence for spring semester 1991.
- January 21 Holiday—Martin Luther King, Jr. Day. Staff holiday (no classes).
- January 22 First day, second semester.
- January 22-25 Orientation and advising days.
- January 28 First day of classes.
- Jan. 28-Feb. 11 Late Registration.
- February 1 Applications for bachelor's degree for December 1991 graduation accepted.
- February 8 Last day to drop classes.
- February 11 Last day to apply for refunds.
- February 15 Last day to add classes, change grading basis, or apply for course "forgiveness."
- February 15 Last day to withdraw officially from the University for spring semester 1991.
- February 18 Last day to file application for bachelor's degree for May and August 1991 graduation.
- February 22 Census.
- March 23 Last day of classes before spring recess.
- March 25-30 Spring recess.
- April 1 Classes resume.
- May 1 Applications for bachelor's degree for May and August 1992 graduation accepted.
- May 16 Last day of classes before final examinations.
- May 17 Study and consultation day.
- May 18-25 Final examinations.
- May 26 Commencement.
- May 27 Holiday—Memorial Day. Staff holiday (no classes).
- June 3 Grades due from instructors. (Noon deadline.)
- June 3 Last day of spring semester.
- August 2 Last day to apply for a leave of absence for fall semester 1991.

## SUMMER SESSIONS 1991

- June 3-21 Term A (3 weeks).
- June 3-28 Term B (4 weeks).
- June 3-July 12 Term C (6 weeks).
- June 3-August 23 Term Z (12 weeks).
- June 24-July 26 Term D (5 weeks).
- June 24-August 2 Term E (6 weeks).
- June 24-August 16 Term F (8 weeks).
- July 4 Holiday—Independence Day. Staff holiday (no classes).
- July 15-August 23 Term G (6 weeks).
- August 2 Last day to apply for a leave of absence for fall semester 1991.
- August 5-23 Term H (3 weeks).

(Please Note: This is not to be construed as an employee work calendar.)

# Schedule of Fees

ISBN 0153 1990-1991

**Fees and tuition are subject to change without advance notice by the Trustees of The California State University.**

FEES MUST BE PAID AT TIME OF REGISTRATION. CHECKS OR CHARGE SLIPS ACCEPTED FOR EXACT AMOUNT OF FEES. OVERPAYMENTS OF \$5.00 OR LESS ARE REFUNDED ONLY UPON REQUEST. IF YOUR CHECK OR CHARGE SLIP IS RETURNED BY THE BANK FOR ANY REASON, YOUR REGISTRATION MAY BE CANCELED AND YOU WILL BE BILLED \$20.00 (Dishonored payment charge and late fee of \$10.00 each). PAYMENT OF FEES FOR ADVANCE REGISTRATION OR LATE REGISTRATION SHOULD BE MADE BY CHECK, MONEY ORDER, OR CHARGE CARD. THE UNIVERSITY RESERVES THE RIGHT TO REFUSE PAYMENT BY PERSONAL CHECK FROM THOSE INDIVIDUALS WHO HAVE PREVIOUSLY HAD ITEMS RETURNED UN-PAID BY THEIR BANK. REFUNDS MAY BE APPLIED AGAINST OTHER AMOUNTS DUE THE UNIVERSITY. CHECKS TO BE MADE PAYABLE TO SDSU. DO NOT ENCLOSE CASH.

## ADMINISTRATIVE/FINANCIAL HOLDS

All administrative and financial holds must be cleared prior to submittal of payment for registration or other University services. See "Debts Owed to the Institution" below. Acceptance of payment by the University does not constitute completion of registration or guarantee of services if any kind of administrative or financial hold exists. Payments to clear financial holds must be made by cash, money order, or certified check. Personal checks or charge cards will NOT be accepted.

## REGISTRATION FEES — ALL STUDENTS:

(On basis of units carried.)  
Auditors pay same fees as students carrying courses for credit. Nonresident and foreign students pay additional fees — see information below.

Units Attempted	Registration Fee
0 units — 6.0 units	\$304.00
6.1 or more units	\$463.00

The above fee also includes a Student Activity Fee of \$10.00, a Student Union Fee of \$63.00, a Facilities Fee of \$3.00, an Instructionally Related Activities Fee of \$15.00, and a State University Fee of either \$213.00 or \$372.00, depending on unit load.  
Imperial Valley Campus students pay a Student Union Fee of \$16.00. See Imperial Valley Campus bulletin for details.  
The total fee paid per term will be determined by the number of units taken, including those in excess of fifteen.  
No fees of any kind shall be required of or collected from those individuals who qualify for such exemption under the provisions of the Alan Pattee Scholarship Act.  
Legal residents of California are not charged tuition.

## TUITION FOR NONRESIDENT STUDENT (Foreign and Domestic)

Tuition will be charged for all units attempted.  
Per unit ..... \$189.00  
(Tuition is payable in addition to registration fees listed above. For fee-paying purposes, zero unit and half-unit courses are counted as one unit. See **Liability for Payment** section for additional important information.)  
Health insurance (mandatory for foreign students)  
Per year, approximately ..... 331.00

### PARKING FEES

Nonreserved parking space, per semester	\$72.00
Car pool—see Cashiers Office.	
Less than four-wheeled, self-propelled vehicle (motorcycle, moped)	18.00

### MISCELLANEOUS FEES

(Fees payable when service is rendered.)

Application for admission or readmission (nonrefundable), payable by check or money order at time application is made	\$55.00
Late registration (nonrefundable) (Refer to Class Schedule for dates when this fee will be assessed.)	25.00
Failure to meet administratively required appointment or time limit (late fee)	10.00
Photo-identification card (One-time cost to both new undergraduate and graduate students at time of registration. Valid only when accompanied by current semester validation card.)	3.00
Lost identification card	
Photo I.D. card only	2.00
Registration validation card only	2.00
Photo I.D. card and validation card	4.00
Transcript of record (official or unofficial)	4.00
Second through tenth transcript, prepared at the same time as the first	each 2.00
Additional copies over ten, prepared at the same time	each 1.00
AFROTC deposit (Unexpended portion is refundable.)	50.00
Check or charge slip returned for any cause*	10.00
Loss of or damage to library materials	Replacement cost plus \$8.00 service charge
Commencement fee	16.00
(Paid only once at time of initial filing of graduation application at Cashiers Office)	
Graduation evaluation and diploma fee	16.00
(Paid each time a graduation application is filed at Cashiers Office)	
Diploma replacement fee	12.00
Credential application fee	60.00
Credential evaluation fee	25.00
Musical instrument repair fee	20.00
Lock and locker fee (optional)	1.00
Towel fee (optional)	2.00
Lost key fee (per key)	10.00
Miscellaneous course charge (optional)	As established and approved

\* Late fee also charged when applicable.

## MISCELLANEOUS INSTRUCTIONAL COURSE CHARGES

Miscellaneous instructional course charges are payable at the option of the student for the following courses:  
**Accountancy** 312.  
**Art** 225, 325, 425, 525, 526, 625, 627, 700D.  
**Educational Technology** 404, 471, 532, 540, 541, 544, 553, 572, 644, 671, 775.  
**Family Studies and Consumer Sciences** 205, 301, 302, 405, 605.  
**Geological Sciences** 508.  
**Industrial Technology** 115, 121, 131, 140, 151, 161, 171, 181, 315, 321, 331, 341, 351, 361, 371, 381, 422, 432, 443, 444, 452, 462, 472, 482, 498A-498B, 499, 517, 523, 533, 542, 553, 573, 583.

**Music** 151, 345.  
**Physical Education** 116A-116B, 119A-119B, 124, 138, 145, 146, 147, 150A-150B.

## CREDIT CARDS

Only VISA and MasterCard bank credit cards may be used for payment of Student Fees. Bank card payments are validated through the bank terminal system prior to acceptance by the University.

## LIABILITY FOR PAYMENT

Whether or not an invoice is received from the University, students are liable for payment of all registration fees related to **units held on or added after the close of business on the fourteenth day** following the commencement of instruction. Foreign and nonresident students are liable for tuition related to all units held, except as provided for by the refund policy.

With the exception of doctoral students and students enrolling for 799A or 799B only, foreign graduate students must pay or sign an installment agreement for a minimum of 6 units at time of registration. (Students participating in Advance Registration must make payment or submit an installment agreement to Cashiers prior to the first day of class.) Foreign students wishing to pay for fewer than 6 units at registration must submit to Cashiers written approval to do so from the International Students Office or Graduate Division and Research, as applicable.

IT IS THE STUDENT'S RESPONSIBILITY TO BE AWARE OF TOTAL FEES AND TUITION DUE. (Legal residents of California are not charged tuition.) Additional fees which may become due as a result of units added during the semester must be paid at the Cashiers Office at the time the units are added. Note fee schedule above. LATE PAYMENTS FOR FEES AND TUITION ARE SUBJECT TO AN ADDITIONAL LATE FEE.

## DISHONORED CHECK OR CHARGE SLIP

If your check or charge slip is returned by the bank for ANY REASON, the following action will be taken:

**Advance Registration Payments.** You will be disenrolled from all classes received through Advance Registration; it will then be necessary to re-register during Late Registration. You will be notified that this action was taken and billed for the \$10.00 dishonored payment charge by Cashiers.

**Other Registration/Miscellaneous Fee Payments.** You will be billed for the \$10.00 dishonored payment charge, and the \$10.00 Late Fee when applicable. Nonpayment of fees or tuition may result in cancellation of your registration and withholding of further services until all financial liabilities have been resolved.

## REFUND OF FEES

Details concerning fees which may be refunded, the circumstances under which fees may be refunded, and the appropriate procedure to be followed in seeking refunds may be obtained by consulting Section 41913 (nonresident tuition), 42019 (housing charges), and 41802 (all other fees) of Title 5, *California Code of Regulations*. In all cases it is important to act quickly in applying for a refund. Information concerning any aspect of the refund of fees may be obtained from the Cashiers Office.

## Refund of Registration Fees

REFUNDS ARE NOT AUTOMATIC. WHETHER OR NOT YOU RECEIVE CLASSES THROUGH THE REGISTRATION PROCESS, YOU MUST APPLY FOR THE REFUND BY THE REFUND DEADLINE.  
Refunds may be applied against other amounts due the University.  
**Complete Withdrawal.** To be eligible for refund of registration fees, a student withdrawing completely from the University (from **all** classes) MUST file a refund application with the Office of Admissions and Records at the time the withdrawal is requested, not later than 14 days following the commencement of instruction (Refund Deadline). All but \$5.00 will be refunded less any amount due to the University. YOUR

REGISTRATION VALIDATION CARD MUST BE RETURNED AT THE TIME YOU FILE YOUR REFUND APPLICATION. (See Class Schedule for deadline dates. Note that the refund deadline is **prior** to the deadline set by Admissions and Records for Official Withdrawal.)

**Fees Based on Unit Load.** A student dropping from 6.1 units or more to 6.0 units or less, or a student who paid maximum fees but never obtained over 6.0 units, or a student who paid fees but never obtained **any** units, MUST file a refund application with the Cashiers Office, CL-108, not later than 14 days following the commencement of instruction (Refund Deadline). All but \$5.00 will be refunded less any amount due to the University. FOR ADDITIONAL INFORMATION, CONTACT THE CASHIERS OFFICE OR TELEPHONE 594-5253.

**Disqualified and Leave of Absence Candidates.** If your registration has been canceled due to disqualification or by obtaining an approved leave of absence, registration fees will be refunded upon (1) notification from Admissions and Records that appropriate action has been taken and (2) return of your registration validation card and **application for refund** to the Cashiers Office.

## Refund of Nonresident and Foreign Student Tuition

REFUNDS ARE NOT AUTOMATIC. WHETHER OR NOT YOU RECEIVE CLASSES THROUGH THE REGISTRATION PROCESS, YOU MUST APPLY FOR THE REFUND.  
Tuition paid for a course scheduled to continue for an entire semester may be refunded less any amount due to the University in accordance with the following schedule, if application is received by the Cashiers Office within the following time limits:

Time Limit	Amount of Refund
(1) Before or during the first week of the semester	100 percent of fee
(2) During the second week of the semester	90 percent of fee
(3) During the third week of the semester	70 percent of fee
(4) During the fourth week of the semester	50 percent of fee
(5) During the fifth week of the semester	30 percent of fee
(6) During the sixth week of the semester	20 percent of fee

## Refund of Parking Fees

This schedule of refunds refers to calendar days, commencing on the date of the term when instruction begins.

Period	Amount of Refund
Nonreserved space per semester:	
1—30 days	75 percent of fee
31—60 days	50 percent of fee
61—90 days	25 percent of fee
91—end of term	None

Your parking permit or a receipt indicating that the permit was removed from the vehicle by a University Police Officer (Information Booth, Campanile Drive) must be turned in to the Cashiers Office at the time you file your refund application. Refund applications are available at the Cashiers Office. The amount of refund is rounded down to the nearest dollar. No refund is made for amounts of \$5.00 or less. Refunds may be applied against other amounts due to the University.

## LATE REGISTRATION FEE

The Late Registration fee (\$25) pertains to those students who register during Late Registration. Newly admitted students and those registering for block classes through their college may be exempted from this fee. See registration materials provided by Admissions and Records for details. The registration process is not complete until all fees due are paid and you are officially enrolled in classes through Admissions and Records.

## APPEALS PROCESS — CASHIERS OFFICE

An appeals process exists for students who believe that individual circumstances warrant exceptions from published policy. Students should file a "Petition for Special Consideration" obtainable at the Cashiers Office. Petitions must be filed with the Cashiers Office prior to the end of the twelfth week of classes.

Petitions for refunds filed beyond the appropriate refund deadline are approved only when applicants are unable to continue their enrollment for one of the following reasons: compulsory military service; administrative error; campus regulation; or physical disability or death.

#### SUMMER SESSION FEES

Refer to Summer Sessions Bulletin for schedule of fees.  
Parking fees (nonreserved spaces) ..... (per week) \$4.80

#### EXTENSION COURSE FEES

Refer to Extended Studies Bulletin for schedule of fees.

#### EXEMPTIONS

Students under Public Law 894, 87-815, California state veterans' dependents, or state rehabilitation programs will have tuition and fees paid under provisions of these respective programs.

#### ALAN PATTEE SCHOLARSHIPS

Children of deceased public law enforcement or fire suppression employees, who were California residents and who were killed in the course of law enforcement or fire suppression duties, are not charged fees or tuition of any kind at any California State University campus, according to the Alan Pattee Scholarship Act, *Education Code*, Section 68121. Students qualifying for these benefits are known as Alan Pattee scholars. For further information contact the Admissions and Records Office, which determines eligibility.

#### Procedure for the Establishment or Abolishment of a Student Activity Fee

The law governing The California State University provides that a student activity fee may be established by student referendum with the approval of two-thirds of those students voting. The Student Activity Fee was established at San Diego State University by student referendum in 1955. The same fee can be abolished by a similar two-thirds approval of students voting on a referendum called for by a petition signed by 10 percent of the regularly enrolled students. (*Education Code*, Section 89300.) The level of the fee is set by the Chancellor. An increase in the student activity fee may be approved by the Chancellor only following a referendum on the fee increase approved by a majority of students voting. Student activity fees support a variety of cultural and recreational programs, child care centers, and special student support programs.

#### Debts Owed to the Institution

Should a student or former student fail to pay a debt owed to the institution, the institution may "withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt" until the debt is paid (see Title 5, *California Code of Regulations*, Sections 42380 and 42381). For example, the institution may withhold permission to receive official transcripts of grades from any person owing a debt. If a student believes that he or she does not owe all or part of an unpaid obligation, the student should contact the campus Cashiers Office. The Cashiers Office, or another office on campus to which the student may be referred by the Cashiers Office, will review the pertinent information, including information the student may wish to present, and will advise the student of its conclusions with respect to the debt.

# The California State University

The individual California State Colleges were brought together as a system by the Donahoe Higher Education Act of 1960. In 1972 the system became The California State University and Colleges and in 1982 the system became The California State University. Today, all twenty campuses have the title "University."

The oldest campus—San Jose State University—was founded as a Normal School in 1857 and became the first institution of public higher education in California. The newest campus—California State University, San Marcos—will begin admitting students in fall 1990.

Responsibility for The California State University is vested in the Board of Trustees, whose members are appointed by the Governor. The Trustees appoint the Chancellor, who is the chief executive officer of the system, and the Presidents, who are the chief executive officers on the respective campuses.

The Trustees, the Chancellor, and the Presidents develop system-wide policy, with actual implementation at the campus level taking place through broadly based consultative procedures. The Academic Senate of The California State University, made up of elected representatives of the faculty from each campus, recommends academic policy to the Board of Trustees through the Chancellor.

Academic excellence has been achieved by The California State University through a distinguished faculty, whose primary responsibility is superior teaching. Although each campus in the system has its own unique geographic and curricular character, all campuses, as multipurpose institutions, offer undergraduate and graduate instruction for professional and occupational goals as well as broad liberal education. All of the campuses require for graduation a basic program of "General Education—Breadth Requirements" regardless of the type of bachelor's degree or major field selected by the student.

The CSU offers more than 1,500 bachelor's and master's degree programs in some 200 subject areas. Many of these programs are offered so that students can complete all upper division and graduate requirements by part-time late afternoon and evening study. In addition, a variety of teaching and school service credential programs are available. A limited number of doctoral degrees are offered jointly with the University of California and with private universities in California.

System enrollments total more than 360,000 students, who are taught by some 20,500 faculty. Last year the system awarded over 50 percent of the bachelor's degrees and 30 percent of the master's degrees granted in California. More than 1.2 million persons have been graduated from the nineteen campuses since 1960.

## Average Annual Cost of Education and Sources of Funds per Full-time Equivalent\* Student in The California State University

The 20 campuses and the Chancellor's Office of The California State University are financed primarily through funding provided by the taxpayers of California. The total State appropriation to the CSU for 1989/90, including capital outlay and employee compensation increases, is \$1,831,731,000. The total cost of education for CSU, however, is \$2,023,455,068 which provides support for a projected 267,380 full-time equivalent (FTE)\* students.

The total cost of education in the CSU is defined as the expenditures for current operations, including payments made to students in the form of financial aid and all fully reimbursed programs contained

in state appropriations, but excluding capital outlay appropriations. The average cost of education is determined by dividing the total cost by the total FTEs. The average cost is further differentiated into three categories: State Support (the State appropriation, excluding capital outlay), Student Fee Support, and Support from Other Sources (including Federal Funds).

Thus, excluding costs which relate to capital outlay (i.e., building amortization), the average cost of education per FTE student is \$7,568. Of this amount, the average student fee support per FTE is \$1,106. The calculation for this latter amount includes the amount paid by nonresident students.

## Source of Funds and Average Costs for 1989/90 CSU Budget

(Projected Enrollment: 267,380 FTE)

	Amount	Average Cost Per Student (FTE)*	Percent
Total Cost of Education	\$2,023,455,068**	\$7,568	100.0
-State Appropriation	1,644,823,000***	6,152	81.0
-Student Fee Support	295,759,156	1,106****	15.0
-Support from Other Sources	82,872,912	310	4.0

\* For budgetary purposes, full-time equivalent (FTE) translates total head count into total academic student load equivalent to 15 units per term. Some students enroll for more than 15 units; some students enroll for fewer than 15 units.

\*\* The total cost of education does not include the amount related to lottery and the capital investment of the CSU. The estimated replacement cost of all the system's permanent facilities and equipment on the 20 campuses is currently valued at \$6.5 billion, excluding the cost of land.

\*\*\* This figure does not include the capital outlay appropriation of \$186,908,000.

\*\*\*\* The average costs paid by a student include the State University Fee, Application Fee, and Nonresident Tuition. Individual students may pay less than \$1,106 depending on whether they are part-time, full-time, resident, or nonresident students.

## Trustees of The California State University

### Ex Officio Trustees

The Hon. George Deukmejian Governor of California	State Capitol Sacramento 95814
The Hon. Leo T. McCarthy Lieutenant Governor of California	State Capitol Sacramento 95814
The Hon. Willie L. Brown, Jr. Speaker of the Assembly	State Capitol Sacramento 95814

# San Diego State University

San Diego State University was founded on March 13, 1897 for the training of elementary school teachers. The seven faculty and ninety-one students of the then Normal School's first class met on November 1, 1898 in temporary quarters downtown while the first unit of the main building of the campus was under construction at Park Boulevard where El Cajon Boulevard begins.

The curriculum was limited at first to English, history and mathematics, but it broadened rapidly under the leadership of Samuel T. Black, who left the position of State Superintendent of Public Instruction to become the first President (1898-1910).

Under the vigorous administration of the second president, Edward L. Hardy (1910-1935), the School was reorganized as a four-year State Teachers' College in 1921, and control was transferred from a local board of trustees to the State Board of Education. In the same year, the two-year San Diego Junior College, the antecedent institution to the present Community Colleges, was incorporated as a branch of San Diego State, where it remained through 1946.

It became clear early that the only collegiate institution in San Diego would soon outgrow its 17-acre site, and a campaign was begun in the 1920s to build a new campus. The Legislature agreed, provided the city furnish a new site and buy the old one. In 1928 the present campus, on what was then the far eastern border of the city, was approved by the electorate.

In February 1931, the college moved to the seven mission-style buildings of the present campus, surrounding what is still called the Main Quad. In 1935, the Legislature removed the word "Teachers" from the name of the institution and authorized the expansion of degree programs into areas other than teacher preparation. In the same year, Walter R. Hepner (1935-1952) was appointed president, and the institution entered a period of slow growth and then, with the coming of war, of contraction. At the end of World War II, enrollment had fallen to 1,918.

In the next quarter century, under Dr. Hepner and subsequently under Malcolm A. Love (1952-1971), enrollments increased phenomenally and, with over 35,000 students, San Diego State is today one of the largest institutions in the State. In 1960, the College became a part of the newly created California State College system, under a state-wide Board of Trustees and a Chancellor. In 1971, recognizing that the institution had in fact achieved the status of a university, the Legislature renamed the system The California State University and Colleges, and shortly afterward renamed this institution San Diego State University.

Acting President Donald E. Walker (1971-1972), President Brage Golding (1972-1977), and Acting President Trevor Colbourn (1977-1978) were followed by the sixth president Thomas B. Day (1978-) who faces problems and opportunities of a magnitude undreamed of 80 years ago.

To accommodate the steadily increasing enrollment, the campus continued to grow in terms of physical facilities as well. It currently encompasses over 4.5 million square feet in 44 academic buildings. Included are Aztec Center, the first student union building in the CSU system; the Dramatic Arts building with one of the finest theaters in the nation; the Music building with its Recital Hall; and the 320,000 square foot Malcolm A. Love Library. The Health Services facility, Art and Humanities classroom buildings, and additional dormitory and parking facilities make up the core of buildings added in the 1970s. Several renovation projects have improved facilities for nursing, physical education, public health, and the sciences in the 1980s. Currently in the construction and planning stages are new buildings to house Student Services, a student-financed Activities Center, additional student housing, parking, and major additions to the Engineering building and the Library.

The University now offers bachelor's degrees in 76 areas, the master's in 56, and the doctorate in 7. A remarkable 88 percent of the teaching faculty possess the doctorate in those disciplines where it is the standard terminal degree.

There are five multidisciplinary honor societies on campus that help to reinforce the high academic standards of the campus. They include Golden Key, Mortar Board, Phi Beta Kappa, Phi Eta Sigma, and Phi Kappa Phi. In addition, there are a number of disciplinary honor societies that recognize superior scholarship and leadership in specific academic fields.

## Mission and Goals of San Diego State University

San Diego State University is a multipurpose institution of higher education located in a large and diverse urban setting. The University recognizes its obligations to serve in the several capacities of teaching, research, and service. The fundamental aim of the University is excellence and distinction in these pursuits.

The University seeks to provide an environment that encourages the intellectual development of students. Through its program in the liberal arts and sciences the University aspires to have students understand themselves and their world; learn about their cultural, social, physical, and institutional surroundings; and understand the ways in which people of this and other societies, past and present, interact with each other and their environments. The professional programs of the University are designed to prepare students for the proficient and successful practice of a profession. At the graduate level the University is concerned with developing potential leaders in a wide spectrum of social, economic, scientific, technical, educational, and cultural fields.

Closely related to its teaching mission are the University's diverse research efforts. Student and faculty involvement in research exemplifies the manner in which knowledge is obtained and also expands the boundaries of our collective understanding. Graduate study at San Diego State University, both at the master's and doctoral levels, places particular emphasis on creative scholarship, original research, and the development and utilization of research techniques.

Located in the heart of a large and diverse metropolitan center, the University makes use of the vast social, cultural, scientific, and technical resources of this region to enrich its programs and spur its research. Conversely, through its teaching, research, and various services, the University endeavors to identify and be responsive to the needs of the regional, national, and international communities that it serves. Furthermore, San Diego State University seeks cooperative efforts and programs with other institutions of higher education.

In sum, the mission of San Diego State University is to provide the best possible education for its undergraduate and graduate students, to contribute to knowledge and the solution of significant problems through its research, and to serve the people of California and the nation.

## Administration

**Office of the President**  
 Executive Assistant to the President ..... Barbara W. Hartung  
 Coordinators of Affirmative Action ..... Robert E. McCabe, Augustine S. Chavez

**Office of the Vice President for Academic Affairs**  
 Associate Vice President for Academic Affairs ..... Frank A. Medeiros  
 Associate Vice President for Faculty Affairs ..... Dean O. Popp  
 Associate Vice President for Academic Counsel ..... Richard Y. Funston (Acting)  
 Associate Vice President for Academic Resources ..... Ethan A. Singer  
 Assistant Vice President for Academic Services ..... Jane K. Smith  
 Director of Academic Computing ..... Robert F. Kluge  
 Director of Media Technology Services ..... William A. Bröderick  
 University Librarian ..... Don L. Bosseau

**Chair of the Senate** ..... E. Nicholas Genovese

**Office of the Vice President for Business and Financial Affairs**  
 Assistant Vice President ..... Elizabeth J. Brilliant  
 Assistant Vice President ..... Linda A. Stewart  
 Director of Administrative and Business Services ..... Joseph Vasquez  
 Director of Personnel Services ..... Sally F. Roush  
 Director of Financial Management ..... Kenneth B. Perry  
 Director of Facilities Planning and Management ..... W. Anthony Fulton  
 Director of Internal and Auxiliary Review ..... Ellene J. Anderson  
 Director of Physical Plant ..... Charles Sippial  
 Director of Public Safety ..... John J. Carpenter  
 Director of Environmental Health and Research Safety ..... Richard Belanger (Acting)

**Office of the Vice President for Student Affairs**  
 Associate Vice President for Student Affairs ..... Carl F. Emerich  
 Assistant Vice President for Student Affairs ..... Stephen F. Barnes  
 Assistant Vice President, Budget and Personnel, Student Affairs ..... Sharon L. Edwards  
 Ombudsmen ..... Michael A. Car  
 Judicial Coordinator ..... Elizabeth A. Bacon  
 Director of Disabled Student Services ..... Garold L. Tisue  
 Director of Student Resource Center ..... Nancy C. Sprotte  
 Director of Admissions and Records ..... George Hutchinson

Director of Educational Opportunity and Ethnic Affairs ..... Augustine S. Chavez  
 Director of Financial Aid ..... William D. Boyd  
 Director of Career Services ..... Judith G. Gumbiner  
 Director of Counseling and Psychological Services ..... Douglas J. Van Sickle  
 Director of International Student Services ..... Ron Moffatt  
 Director of Student Health Services ..... Kevin M. Patrick, M.D.  
 Director of Housing and Residential Life ..... Michael B. Hoctor  
 Director of Scholarship ..... Kathleen H. Ross  
 Director of Test Office ..... Michael A. Irwin  
 Director of Student Athlete Academic Support Services ..... Veston Thomas  
**Office of the Vice President for University Relations and Development**  
 Director of Communications ..... Rick Moore  
 Officer of Research ..... Patricia Moulton  
 Director of Planned Giving ..... Richard Abbott  
 Director of Major Gifts ..... David Anderson  
 Director of Donor and Alumni Information Services ..... David Anderson  
 Director of Alumni and University Annual Fund ..... Richard Talmo  
 Director of Intercollegiate Athletics ..... Fred L. Miller  
 President of Aztec Athletic Foundation ..... Sal Freitas

## Colleges, Schools, Departments, and Programs

**COLLEGE OF ARTS AND LETTERS** ..... Paul J. Strand, Dean  
 Associate Dean ..... Thomas S. Donahue  
 Assistant Dean for Community Development ..... Barbara London  
 Assistant Dean for Student Affairs and Special Instructional Programs ..... Edward R. Mendez

**Departments**  
 Afro-American Studies ..... Shirley N. Weber  
 American Indian Studies ..... Clifford E. Trafzer  
 Anthropology ..... Dan Whitney  
 Classics and Humanities ..... E. N. Genovese  
 Economics ..... Mark A. Thayer  
 English and Comparative Literature ..... Carey G. Wall  
 French and Italian Languages and Literatures ..... Edith J. Benkov  
 Geography ..... Ernst C. Griffin  
 German and Russian Languages and Literatures ..... Julian H. Wulbern  
 History ..... David V. DuFault  
 Linguistics and Oriental Languages ..... Charlotte Webb  
 Mexican American Studies ..... Ricardo Griswold del Castillo  
 Philosophy ..... Stanley N. Weissman  
 Political Science ..... Louis M. Terrell  
 Religious Studies ..... Christine R. Downing  
 Sociology ..... Charles F. Hohm  
 Spanish and Portuguese Languages and Literatures ..... Thomas E. Case  
 Women's Studies ..... Bonnie S. Zimmerman

**Programs**  
 Academic Skills Center ..... Donald D. Basile  
 Africa and Middle East Studies ..... Issa J. Khalil  
 American Studies ..... Dan D. McLeod  
 Asian Studies ..... William N. Rogers  
 International Business ..... Alvord G. Branan  
 Judaic Studies ..... Lawrence Baron  
 Latin American Studies ..... Thomas M. Davies, Jr.  
 M.A., Liberal Arts ..... Howard I. Kushner  
 Russian and East European Studies ..... Leland A. Fetzer  
 Social Science ..... Albert C. O'Brien  
 Urban Studies ..... Roger W. Caves

**COLLEGE OF BUSINESS ADMINISTRATION** ... Allan R. Bailey, Dean  
 Associate Dean, Academic Affairs ... Thomas M. D. Warschauer  
 Associate Dean, External Relations ... Harold K. Brown  
 Director, Graduate Programs ... William F. Barber  
 Asst. Dean, Undergraduate Programs ... Patricia L. Dintroe

**Departments and Schools**  
 Accountancy ... Robert J. Capettini  
 Finance ... William E. Sterk  
 Information and Decision Systems ... James R. Lackritz  
 Management ... Penny L. Wright  
 Marketing ... George E. Belch

**COLLEGE OF EDUCATION** ... Ann I. Morey, Dean  
 Associate Dean ... John D. Chamley  
 Associate Dean for Faculty Development  
 and Research ... Margie K. Kitano  
 Assistant Dean ... Martin J. Block  
 Doctoral Programs ... William E. Piland

**Departments and Schools**  
 Administration, Rehabilitation and Postsecondary  
 Education ... Fred R. McFarlane  
 Counselor Education ... Gordon M. Thompson  
 Educational Technology ... Patrick J. Harrison  
 Policy Studies in Language and Cross-Cultural  
 Education ... Natalie A. Kuhlman  
 Special Education ... Patricia T. Cegelka  
 Teacher Education ... George L. Mehaffy

**COLLEGE OF ENGINEERING** ... George T. Craig, Dean  
 Associate Dean ... Nihad A. Hussain  
 Director of Special Projects ... René Wernicke  
 Assistant Dean for Student Affairs ... Fang-Hui Chou

**Departments**  
 Aerospace Engineering and Engineering  
 Mechanics ... Allen Plotkin  
 Civil Engineering ... V. Miguel Ponce  
 Electrical and Computer Engineering ... Leonard R. Marino  
 Mechanical Engineering ... John G. Pinto

**COLLEGE OF HEALTH AND  
 HUMAN SERVICES** ... Peter A. Dual, Dean  
 Associate Dean ... Dolores A. Wozniak  
 Assistant Dean for Student Affairs ... Li-Rong L. Cheng

**Departments and Schools**  
 Communicative Disorders ... Barry W. Jones  
 Graduate School of Public Health ... F. Douglas Scutchfield  
 Health Science ... Karen L. Senn  
 Nursing ... John M. Lantz  
 Social Work ... Anita S. Harbert

**Programs**  
 Interdisciplinary Center for Health  
 and Human Services ... Maria Roberts-DeGennaro  
 University Center on Aging ... E. Percil Stanford

**COLLEGE OF PROFESSIONAL STUDIES  
 AND FINE ARTS** ... Joyce M. Gattas, Dean  
 Associate Dean for Budget and Planning ... Darrell L. Pugh  
 Assistant Dean for Academic Affairs ... Anne-Charlotte Harvey  
 Assistant Dean for Student Affairs ... Carole A. Robasciotti  
 Director of External Relations ...

**Departments and Schools**  
 Aerospace Studies ... Lt. Col. Victor R. Lutes  
 Art ... Fredrick J. Orth  
 Drama ... Alicia M. Annas  
 Family Studies and Consumer Sciences ... Francine Deutsch  
 Industrial Studies ... Gerald D. Bailey  
 Journalism ... Glen M. Broom  
 Military Science ... Lt. Col. Richard K. Williams  
 Music ... Martin J. Chambers  
 Naval Science ... Capt. Walter P. Martin  
 Physical Education ... B. Robert Carlson

Public Administration and Urban Studies ... Louis M. Rea  
 Recreation ... Gene G. Lamke  
 Speech Communication ... Janis F. Andersen  
 Telecommunications and Film ... Michael R. Real

**Programs**  
 Child Development ... Francine Deutsch  
 Mass Communication ... David M. Dozier  
 Urban Studies ... Roger W. Caves

**COLLEGE OF SCIENCES** ... Donald R. Short, Jr., Dean  
 Associate Dean ... James W. Neel  
 Associate Dean ... James W. Brown  
 Associate Dean for External Relations ... Gordon L. Shackelford  
 Assistant Dean for Student Affairs ... Cella L. Marshak

**Departments**  
 Astronomy ... Ronald J. Angione  
 Biology ... Paul J. Paolini, Jr.  
 Chemistry ... Morey A. Ring  
 Geological Sciences ... Michael J. Walawender  
 Mathematical Sciences ... John D. Elwin  
 Natural Science ... Robert P. Metzger  
 Physics ... Roger A. Lilly  
 Psychology ... William A. Hillix

**Programs**  
 Energy Studies ... Alan R. Sweedler  
 Molecular Biology ... A. Stephen Dahms  
 Oceanography ... James H. Mathewson

**NORTH COUNTY CENTER** ... Patricia Huckle, Dean  
 Assistant Dean for Administration ... Ivalee M. Clark  
 Assistant Dean for Student Affairs ... Sandra R. Kuchler

**IMPERIAL VALLEY CAMPUS** ... David Ballesteros, Dean  
 Associate Dean ... Harry Polkinhorn  
 Associate Dean ... Dana W. Murphy  
 Assistant Dean for Student Affairs ... Cynthia D. Flores  
 Academic Specialist ... Kathleen Russum

**OFFICE OF THE DEAN OF THE  
 GRADUATE DIVISION AND RESEARCH** ... James W. Cobble, Dean  
 Associate Dean ... Brad N. Bartel  
 Associate Dean ... Lawrence B. Feinberg  
 Assistant Dean ... Arthur W. Schatz

**OFFICE OF THE DEAN OF  
 UNDERGRADUATE STUDIES** ... Bonnie H. Neumann, Dean  
 Associate Dean ... Carole A. Scott  
 Associate Dean ... Ronald R. Young  
 Assistant to the Dean ... Anna R. Newton

**OFFICE OF THE DEAN OF  
 EXTENDED STUDIES** ... William P. Locke, Dean  
 Associate Dean for Distant Learning  
 Programs ... Robert J. Behm  
 Associate Dean ... Paula Kelly  
 Assistant Dean for Special Sessions  
 and Extension ... Larry G. Cobb  
 Executive Director of Professional Development ... Peggy Covert  
 Director of Retired Adults Program ... Nancy Graves

**Auxiliary Organizations**

**San Diego State University Foundation**  
 President ... Thomas B. Day  
 Vice President ... James W. Cobble  
 General Manager ... Harry R. Albers

**Aztec Shops, Ltd.**  
 General Manager ... Harvey J. Goodfriend

# General Information

## Institutional and Financial Assistance Information

The following information concerning student financial assistance may be obtained from the Financial Aid Office, 594-6323.

1. Student financial assistance programs available to students who enroll at San Diego State University;
2. The methods by which such assistance is distributed among recipients who enroll at San Diego State University;
3. The means, including forms, by which application for student financial assistance is made and requirements for accurately preparing such applications;
4. The rights and responsibilities of students receiving financial assistance; and
5. The standards the student must maintain to be considered to be making satisfactory academic progress for the purpose of establishing and maintaining eligibility for financial assistance.

The following information concerning the cost of attending San Diego State University is available from the Financial Aid Office, 594-6323.

1. Fees and tuition;
2. Estimated costs of books and supplies;
3. Estimates of typical student room and board costs or typical commuting costs; and
4. Any additional costs of the program in which the student is enrolled or expresses a specific interest.

Information concerning the refund policy of San Diego State University for the return of unearned tuition and fees or other refundable portions of costs is available from the University Cashiers Office, 594-5253.

Information concerning the academic programs of San Diego State University may be obtained from the Office of the Vice President for Academic Affairs, HH-114, 594-6542, and may include:

1. The current degree programs and other educational and training programs;
2. The instructional, laboratory, and other physical plant facilities which relate to the academic program;
3. The faculty and other instructional personnel;
4. Data regarding student retention at San Diego State University and, if available, the number and percentage of students completing the program in which the student is enrolled or expresses interest; and
5. The names of associations, agencies, or governmental bodies which accredit, approve, or license the institution and its programs, and the procedures under which any current or prospective student may obtain or review upon request a copy of the documents describing the institution's accreditation, approval, or licensing.

Information regarding special facilities and services available to handicapped students may be obtained from the Director of Disabled Student Services, 594-6473.

## Career Placement

Career Services may furnish, upon request, information about the employment of students who graduate from programs or courses of study preparing students for a particular career field. This information

includes data concerning the average starting salary and the percentage of previously enrolled students who obtained employment. The information may include data collected from either graduates of the campus or graduates of all campuses in The California State University.

## Faculty Office Hours

All faculty members are required to hold regularly scheduled office hours during the week to allow for student consultation. A schedule of those hours is posted outside each faculty member's office door.

## Honor Societies

An academic honor society is a campus organization that values and reinforces the high academic standards of the University and selects its members, at least in part, on the basis of superior academic performance.

### Multidisciplinary Academic Honor Societies

**Golden Key** is a national honor society whose purpose is to recognize and encourage scholastic achievement and excellence in all undergraduate fields of study, to unite with collegiate faculties and administrators in developing and maintaining high standards of education, to provide economic assistance to outstanding members by means of scholastic achievement and altruistic conduct through voluntary service. Golden Key National Honor Society has 140 active chapters.

Membership is open to juniors and seniors with a minimum GPA of 3.40 who have completed their last 24 units at SDSU.

The faculty adviser is Dr. E. Nicholas Genovese, Department of Classics and Humanities.

**Mortar Board** is a national honor society of college seniors. The society recognizes in its membership the qualities of superior scholastic ability, outstanding and continual leadership, and dedicated service to the University community. The SDSU chapter of Mortar Board had its beginning in 1932 as Cap and Gown. In 1965 the local honorary was recognized as a member of the national organization. Nationwide there are 198 active chapters with a membership in excess of 138,700.

Mortar Board membership means active involvement to benefit the campus and community. Current projects include presentation of annual emeritus faculty and staff Outstanding Service Awards to recognize individuals whose work contributed significantly to this university; service as volunteers in the annual KPBS fund drive; service as mentors to students at Granger Junior High School; and the sale of tassels to graduating seniors.

To be considered for election to membership, students must have senior standing for the fall semester with an overall GPA of 3.00 and have participated and excelled in the areas of scholarship, service, and leadership. Admission to Mortar Board is highly competitive and is restricted to no more than 40 students per year.

Advisers are Kathleen Ross, Director of Scholarship, and Dr. David Johns, Professor of Political Science. The administrative liaison is Dr. Jane K. Smith, Assistant Vice President for Academic Services (HH-114).

**Phi Beta Kappa** is a national honor society which recognizes academic excellence in undergraduate students who are usually enrolled in the College of Arts and Letters or the College of Sciences and who are or will be eligible for the Bachelor of Arts or Bachelor of Science degree. To be considered for election, students must have a

high overall GPA (3.5 minimum), have completed a minimum of 45 upper division units at SDSU, have completed a course in university-level mathematics, and have attained proficiency in a foreign language at the level of a third semester university course. Significant weight is also given to the breadth and depth of the students' coursework as evidenced by the number, variety, and seriousness of upper division courses taken outside the major, together with the grades earned; no more than 12 units may have been taken Cr/NC. Election is by vote of the faculty members of Nu Chapter (SDSU) of Phi Beta Kappa. For information, contact Dr. Robert Underhill or Dr. Catherine C. Woo, both of the Department of Linguistics and Oriental Languages.

**Phi Eta Sigma** was established in 1923 to encourage and reward high scholastic achievement among freshmen in institutions of higher learning. Membership is open to students who achieve at least a 3.50 GPA in either semester of their freshman year.

The faculty adviser is Carl F. Emerich, Associate Vice President, Student Affairs.

**Phi Kappa Phi** was founded in 1897 to promote the pursuit of excellence in all fields of higher education and to recognize outstanding achievement by students, faculty, and others through election to membership, and through various awards for distinguished achievement. Activities of the organization include the awarding of two thousand dollars in scholarships annually, the recognition of outstanding faculty and students through nominations for national awards and scholarships, and fall and spring initiation banquets. The national organization publishes a newsletter and a scholarly journal and sponsors the National Scholar and National Artist awards and the Graduate Fellowship program.

Membership is based on, but not limited to, the following criteria: Juniors must have completed a minimum of 75 units with a GPA of 3.75; seniors must have completed a minimum of 90 units with a 3.75 GPA overall; graduate students must have completed a minimum of 15 units of graduate work at SDSU and have a GPA of 3.90 or better in graduate work.

The faculty adviser is Dr. Brad N. Bartel, Associate Dean, Graduate Division and Research.

### Disciplinary Honor Societies

The national honor societies at San Diego State University which accord recognition to students who demonstrate superior scholarship and leadership in specific academic fields include:

- Alpha Epsilon Rho (Broadcasting)
- Alpha Kappa Delta (Sociology)
- Beta Alpha Psi (Accountancy)
- Chi Epsilon (Civil Engineering)
- Epsilon Pi Tau (Industrial Studies)
- Eta Kappa Nu (Electrical Engineering)
- Eta Sigma Gamma (Health Science)
- Eta Sigma Phi (Classics)
- Kappa Delta Pi (Education)
- Omicron Delta Epsilon (Economics)
- Phi Alpha Theta (History)
- Phi Upsilon Omicron (Family Studies and Consumer Sciences)
- Pi Delta Phi (French)
- Pi Tau Sigma (Mechanical Engineering)
- Psi Chi (Psychology)
- Sigma Alpha Iota (Music)
- Sigma Delta Pi (Spanish)
- Sigma Gamma Tau (Aerospace Engineering)
- Sigma Iota Epsilon (Management)
- Sigma Pi Sigma (Physics)
- Sigma Theta Tau (Nursing)
- Tau Beta Pi (Engineering)
- Upsilon Pi Epsilon (Information and Decision Systems)

## Accreditation

San Diego State University is accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges. It is also approved to train veterans under the G.I. Bill.

San Diego State University's programmatic accreditation is through membership in the following associations:

- Accrediting Council on Education for Journalism/Mass Communication
- American Chemical Society
- American Dietetic Association
- American Speech-Language-Hearing Association, Educational Standards Board and Professional Services Board
- California Commission on Teacher Credentialing
- Council on Education for Public Health
- Council on Education of the Deaf
- Council on Rehabilitation Education
- Council on Social Work Education
- Foundation for Interior Design Education Research
- National Association of Schools of Art and Design
- National Association of Schools of Music
- National Association of Schools of Public Affairs and Administration
- National Association of Schools of Theatre
- National Council for Accreditation of Teacher Education
- National League for Nursing
- National Recreation and Parks Association

The College of Business Administration and the School of Accountancy are accredited by the American Assembly of Collegiate Schools of Business at both the undergraduate and graduate levels. Several College of Business Administration programs are registered with the International Board of Certified Financial Planners. The Interior Design area in the Department of Art has been granted provisional status by the Foundation for Interior Design Education Research.

The College of Engineering undergraduate programs in aerospace, civil, electrical and mechanical engineering are accredited by the Accreditation Board for Engineering and Technology, Inc.

The School of Nursing is accredited by the California Board of Registered Nursing.

In addition, preparation for many other professions is provided. It is suggested that the student refer to the various courses of study listed in the catalog. The bachelor's degree is offered in 76 areas, the master's degree in 56 areas, and the doctorate in 7 areas.

## Degrees and Certificates

San Diego State University offers the following degrees and certificates:

- Bachelor of Arts
- Bachelor of Science
- Bachelor of Music
- Bachelor of Vocational Education
- Master of Arts
- Master of Science
- Master of Business Administration
- Master of City Planning
- Master of Fine Arts (Art, Creative Writing, Drama)

Master of Music  
 Master of Public Administration  
 Master of Public Health  
 Master of Social Work  
 Doctor of Philosophy in Biology  
 Doctor of Philosophy in Chemistry  
 Doctor of Philosophy in Clinical Psychology  
 Doctor of Philosophy in Ecology  
 Doctor of Philosophy in Education  
 Doctor of Philosophy in Engineering Sciences/Applied Mechanics  
 Doctor of Philosophy in Public Health

Nondegree programs leading to certificates in Accounting, Applied Linguistics and English as a Second Language (ESL), Art (Imperial Valley Campus only), Bilingual (Spanish) Special Education, Business Administration (Imperial Valley Campus only), Children's Literature, Family Life Education, Geographic Information Systems, Human Services Paraprofessional, Instructional Technology, Introductory Mathematics, Language Development Specialist, Personal Financial Planning, Preventative Medicine Residency, Professional Services Bilingual/Bicultural, Public Administration (Imperial Valley Campus only), Quantitative Analysis in the Social Sciences, Recombinant DNA Technology, Rehabilitation Administration, Single Subject Mathematics, Spanish Court Interpreting (Imperial Valley Campus only), Spanish Translation Studies, Supported Employment and Transition Specialist, Teaching the Emotionally Disturbed, Technical and Scientific Writing, and United States-Mexico Border Studies are offered.

### Types of Curricula Offered

San Diego State University offers the following types of curricula:  
**Undergraduate Curricula.** Undergraduate curricula provide the following opportunities for study:

(1) *Liberal arts and sciences:* Curricula in the academic major fields, leading to the Bachelor of Arts degree in liberal arts and sciences.

(2) *Applied arts and sciences:* Curricula in major fields leading to the Bachelor of Science, Bachelor of Arts or Bachelor of Music degree in applied arts and sciences.

(3) *Professional curricula:* The College of Business Administration offers the Bachelor of Science degree in business administration with majors in ten fields; the College of Engineering offers the Bachelor of Science degree in engineering with majors in four fields; and the College of Education offers curricula in teacher education leading to graduate credentials at all levels of public school teaching.

The Department of Communicative Disorders offers curricula leading to graduate credentials in Education of the Deaf and Deaf-Blind; clinical certification and graduate credentials in speech pathology, audiology and communicative disorders.

The School of Nursing offers the Bachelor of Science degree and the Master of Science degree in Nursing and offers a curriculum leading to registered nurse licensure and public health nurse credential.

(4) *Preprofessional and nondegree curricula:* Programs are offered in allied health, pre dentistry, prelegal, premedical, and pre-veterinary leading to transfer to professional schools. Air Force, Army, and Naval ROTC programs are also available.

**Graduate Curricula.** The Graduate Division offers curricula leading to the Master of Arts and Master of Science degrees in a wide variety of fields, the Master of Business Administration, the Master of City Planning, the Master of Fine Arts in Art, the Master of Fine Arts in Creative Writing, the Master of Fine Arts in Drama, the Master of Music, the Master of Public Administration, the Master of Public Health, the Master of Social Work, and the Doctor of Philosophy in biology, chemistry, clinical psychology, ecology, education, engineering sciences/applied mechanics, and public health.

## Student Services

**NOTE:** Due to new construction on campus, many of the Student Services offices will be relocated in 1990. For current locations, please refer to the Class Schedule or go to the Aztec Center Information Booth.

### Division of Student Affairs

The Division of Student Affairs is an integral part of the active learning process, providing cocurricular programming, opportunities for personal development, and support services necessary for students to successfully respond to the many challenges of the university experience. Students are encouraged to become aware of the various programs and departments included in this section and to take the initiative in accessing these services.

Additional student service offices which are included in the Division of Student Affairs but not listed here include Admissions and Records (see Index), Financial Aid and Scholarships (see Financial Aid/Scholarships section), and Judicial Procedures (see Index).

### Campus Tours

(619) 594-6868

Tours of the campus are conducted by the SDSU Ambassadors, a student-run organization devoted to providing excellent volunteer services. The Ambassadors have been carefully selected and trained in order to represent SDSU in both campus and community events. To find out how to become an Ambassador, or for information about scheduling campus tours, please contact the Campus Tours office.

### Career Services

**Student Services Building, Room 1200 (west of the Business Administration Building), (619) 594-6851.**

Students at SDSU may need to make career decisions which will shape and determine their future. Support and assistance in responding to these challenges are available without charge at Career Services. Assistance is provided by an experienced staff who are prepared to deal with a broad range of student concerns from self-identity and life direction to career decisionmaking, obtaining student employment while attending the University, and making the transition to work after graduation.

Guidance through all stages of the self-assessment and career planning process is available. Students are encouraged to come in at the beginning of their college experience for help in self-assessment and goal setting. Assistance is offered in both individual and group counseling sessions.

Cooperative Education and Career Experience programs offer work experience in selected fields for part-time and summer employment. Students will also find the University's central listing for part-time student employment at Career Services.

The on-campus interview program brings prospective employers to the SDSU campus to conduct job interviews for career positions and graduate schools. Career Services helps students prepare for these interviews and all other aspects of the job quest through a variety of services. These services include counseling, alumni career network for students, workshops in self-assessment and career planning, resume writing, interviewing techniques, job search strategies, and researching employers. Career fairs are offered for students to meet employers in an informal setting.

An extensive library is available for career research as well as to provide information on potential employers. Various services are offered to alumni for a nominal fee.

All career services are available from 8:00-4:30 p.m., Monday through Friday (closed from 12:00-1:00), and until 8:00 p.m. on Thursdays during the semester. Special appointments may be made for students whose schedules conflict with these hours.

### Counseling & Psychological Services

**Student Services Building, Room 2109**

At Counseling & Psychological Services a staff of experienced professional counselors offer support for students in an atmosphere of understanding and confidentiality.

The primary purpose of Counseling & Psychological Services is to assist students with developmental issues, value formation, and the resolution of personal and academic problems which may impede the learning process.

Services include individual and group counseling, life planning and career development, crisis intervention, short-term psychotherapy, testing and evaluation, prevention education, self-help learning, and study skills instruction.

Counseling & Psychological Services is open from 8:00-4:30 p.m., Monday through Friday. Special services may be arranged for groups or students whose schedules conflict with these hours.

Consultation with parents, faculty, and staff is also available to help better understand, work with, and respond to students with personal problems.

### Disabled Student Services (DSS)

(619) 594-6473; TDD: 229-2929

Disabled Student Services provides support services for students with mobility limitations, learning disabilities, hearing or visual impairments, and for students interested in programs for the disabled. Counselors are available to help students plan an SDSU experience to meet their individual needs. They assist students in making personal, academic, and vocational choices, and show how best to utilize campus facilities. Prior to receiving this assistance, appropriate medical documentation must be submitted to Disabled Student Services. Services offered include:

Orientation for students — Information on attendants and accessible housing in the campus area — Government benefits counseling — Priority registration for students with special needs — Close-in parking — Transportation on campus and information about off-campus transportation — Accessibility information, maps, and library study rooms — Reader services and assistance with books on tape; sign language interpreters for deaf students — Testing assistance for visually impaired, learning disabled, and dexterity limited students — Loan of educational support equipment (tape recorders, amplification equipment, wheelchairs, etc.); a high technology computer lab — Specialists who evaluate and provide support services for learning disabled students — Tutoring and notetaking services — Referral to off-campus agencies for mobility orientation, financial benefits, and other services.

### Educational Opportunity/Ethnic Affairs (EOP)

**Student Services Building, Room 2209, (619) 594-6396**

The Office of Educational Opportunity/Ethnic Affairs (EOP) at SDSU has helped many students from educationally disadvantaged or low-income backgrounds enroll in and graduate from college. EOP assists students who have historically been underrepresented in higher education institutions. It is the purpose of the program to support those students who have the interest and motivation to obtain

a college education, but who have not been able to realize their full potential due to economic, educational, or cultural factors.

Student services provided by EOP include preadmission counseling, priority registration, academic advising, personal counseling, referral services, individual tutoring, study groups, academic skills courses, work study, and multicultural activities. Financial aid is available through the Financial Aid office to those students with demonstrated economic need.

To apply for the program, students must complete the CSU Application for Admission and **check the appropriate box for EOP**. Supplemental application forms will then be sent to students indicating interest. For assistance in filling out the application forms, or for further information about the program, please contact one of the EOP recruiters in the Student Outreach Services office, (619) 594-6966.

## Health Services

Corner, Campanile Drive and Hardy Avenue, (619) 594-5281

One of the benefits provided to regularly registered SDSU students is quality medical care at little or no cost. Fees have been prepaid through regular registration fees. Some services, for example annual Pap smears and pharmacy, require a minimal fee. Charges associated with these services are usually dramatically lower than those found elsewhere. This care is provided at Student Health Services, an on-campus center where over 75 health care providers offer a wide range of programs and services. Services include:

Care by physicians board certified in family practice, gynecology, pediatrics, dermatology, internal medicine, orthopedics, psychiatry, and radiology — Primary care nurse practitioners — Nursing, x-ray, and laboratory staff — Choice of a designated family practitioner to monitor health care needs — A pharmacy which dispenses at reduced cost most of the medications prescribed by Health Services staff — Workshops in family planning, sexuality, weight control, nutrition, and other health related topics, as well as individual counseling and campuswide programming offered by the Health Promotion Department.

### REQUIRED: Proof of Measles and Rubella Immunizations or Immunity

New or readmitted students born on or after January 1, 1957 must demonstrate proof of immunity to measles and rubella (German Measles) by the beginning of their **second term** of enrollment at SDSU. Students who have not complied with this California State University mandate prior to the registration deadline will not be assigned classes for the upcoming second semester.

Measles and rubella immunization is now required because both of these diseases continue to cause disability and sometimes death in college-age individuals. Epidemics have occurred on many college campuses during the past few years because a sizeable percentage of students lack immunity to measles and rubella. The **minimum** requirement for admission is proof of **at least one** immunization for measles given after the first birthday. **All students are encouraged to consider a second immunization for measles prior to enrollment.**

Students may fulfill the immunization requirement by bringing or sending documentation as proof of either previous illness or immunization to **Student Health Services**. Students may also receive free measles and rubella immunizations in Student Health Services. For more information, call (619) 594-5281.

### Strongly Recommended Health Screening

Immunization from the following diseases may also protect students against potentially severe infections: tetanus, diphtheria, polio, mumps. Like measles, these too can be particularly harmful in the college-age group. These immunizations are available at little or no cost in Student Health Services.

Entering students are also strongly encouraged to have a screening test for tuberculosis (TB). The TB skin test is offered free at Student Health Services.

## Appointments

Students may visit Student Health Services on a future or same-day appointment basis. Those in need of urgent care may walk into Student Health Services for immediate attention by the designated emergency staff. Those without acute or urgent problems are encouraged to make an appointment. Student Health Services is open twelve months of the year. During the fall and spring semesters, the clinic is open from 8:00 a.m. to 5:00 p.m., Monday through Friday. During intersession and summer, the clinic closes at 4:15 p.m. All medical care provided at Student Health Services is **strictly confidential**. No one, on or off campus, has access to medical record information without written permission from the student.

## Student Health Advisory Board

Students can participate in the clinic activities and offer important feedback about services through membership on the Student Health Advisory Board (SHAB) sponsored by Associated Students. Members not only work with clinic staff on a variety of health education projects, but also act as liaison between the SDSU student body and Student Health Services. SHAB keeps Student Health Services staff focused and current on major student health issues. Membership from all academic majors is encouraged.

## Accidents and Student Insurance Coverage

Under Trustee policy, first aid or emergency medical care is provided to students, faculty, staff, and campus guests for accidents and injuries occurring on or near the University. Accidents requiring emergency treatment and/or transportation to Health Services, 5300 Campanile Drive, or a local hospital should be reported immediately to the SDSU Department of Public Safety; telephone 594-5955.

SDSU students are treated by the University as adults. Accordingly, students are responsible for their own safety and health in connection with participation in campus activities, and should exercise good judgment and due care at all times. **The University does not provide accident, health, or liability insurance coverage for students participating in extracurricular activities, intramural sports, and required or elective academic programs, such as laboratory courses, workshops, theatrical productions, internships, or practica.** Specific questions regarding insurance coverage for campus programs, institutional safety regulations, and potential risks inherent in academic programs and student activities should be directed to the responsible faculty or staff member in charge of the activity.

In addition, through the Associated Students, a **health insurance policy** is available and recommended to students having no private medical or accident insurance coverage. The insurance includes hospitalization benefits and specified medical and surgical services. The policy may be purchased by semester or on a yearly basis. An open enrollment period is available the first thirty days of each semester and the policy may be purchased at the Aztec Center ticket office.

## Housing and Residential Life

6050 Montezuma Road, (619) 594-5742

Students who live on campus have a 10 to 15 percent better chance of doing well in college according to research done by the American Council on Education. Each of the various housing situations available to SDSU students offers unique advantages. Residence halls are conveniently close to campus facilities; fraternity and sorority houses provide a network of friends and social opportunities; off-campus housing leads to personal independence and growth in assuming new responsibilities. For assistance in finding housing most appropriate for each student, the Housing and Residential Life office is the campus resource.

### Residence Halls

There are eight coeducational residence halls on campus offering students various living situations and meal plans. Zura Hall is a nine-story highrise with 594 residents, and Tenochca Hall has eight floors for 424 students. Five other halls are three-story, red-brick buildings accommodating 223 students each. These halls provide sleeping and

study facilities on a two-students-per-room basis, with a small number of single rooms available in Zura Hall. Villa Alvarado is an apartment-type facility housing 354 students in furnished two-bedroom suites. Three food service plans are available for residents. Student government within the residence halls provides residents an opportunity to run their own programs, gain leadership experience, and maintain standards of behavior.

For the 1989-90 year, the cost for room and board was \$3,890 (14-meal plan, double occupancy). Fees for Villa Alvarado, which does not include board or utilities, were \$2,908 for the academic year. Rates for all halls are reviewed and adjusted annually to meet cost-of-living increases.

**TO REQUEST AN APPLICATION FOR HOUSING, STUDENTS SHOULD TELEPHONE OR WRITE TO THE HOUSING AND RESIDENTIAL LIFE OFFICE AT THE UNIVERSITY PRIOR TO ADMISSION TO SDSU.**

Housing applications are available in November and thereafter for the fall term of the upcoming academic year. For the spring semester, applications are available in September and thereafter. Confirmation of a room reservation is made after the following requirements have been met: (a) the student has been admitted to the University; (b) the contract has been returned to the Housing and Residential Life office; and (c) the first payment has been received as specified, and the contract is returned. Though consideration will be given to a student's request for an individual hall and roommate, a specific assignment cannot be guaranteed.

During the Summer Sessions, rooms are available on a receipt-of-check date priority. Full payment must accompany the application. Students should contact the Housing and Residential Life office in mid-April for information concerning summer session housing.

**REMEMBER: IT IS THE RESPONSIBILITY OF EACH STUDENT TO CONTACT THE HOUSING AND RESIDENTIAL LIFE OFFICE TO OBTAIN ON-CAMPUS HOUSING.**

### Off-Campus Housing

Off-campus housing accommodations in the San Diego area include apartments, houses, rooms in private homes, and privately owned residence halls near campus. Listings of available dwellings and also of students seeking roommates are located next to the Housing and Residential Life Office.

Students should begin their housing search at least one month before the first day of classes. The Housing and Residential Life office organizes programs to assist in locating off-campus housing and to provide information about tenant rights and responsibilities. Assistance is also available for students signing leases or involved in landlord-tenant conflicts. For additional information please write: Off-Campus Housing, Housing and Residential Life Office, San Diego State University, San Diego, CA 92182.

### Residential Greek Letter Organizations

Fraternities and sororities offer students opportunities for friendship, social and recreational activities, community service projects, and development of leadership skills. At SDSU there are 12 residential sororities and 18 residential fraternities from which to choose. Chapter houses provide accommodations for about 25 percent of their members. New members should not plan on living in chapter houses until at least their second year for sororities, second semester for fraternities.

The national sororities at SDSU provide housing accommodations for approximately 340 women, with costs for room, board, and dues averaging about \$350 per month. Formal rush is held in August while informal rush continues throughout the entire year. For further information, contact Panhellenic, c/o Housing and Residential Life Office, San Diego State University, San Diego, CA 92182.

The national fraternities offer housing for about 375 men, with room expenses averaging about \$175 per month. Dues average about \$250 per semester. Most fraternities do not have meal programs, but all have kitchens equipped for members' use. Members may also take advantage of the campus meal ticket program. Fraternities invite new members at the beginning of each semester. Interested students may obtain further information by writing to the Interfraternity Council, c/o

Housing and Residential Life Office, San Diego State University, San Diego, CA 92182.

Information about nonresidential fraternities and sororities is available from the Student Resource Center.

## International Student Services

Scrapps Cottage Porch, (619) 594-5258

More than 650 international students and scholars from 75 countries attend SDSU. Through the support provided by International Student Services, these students and scholars can find assistance in reaching their educational goals. Services include prearrival advising, orientation to campus life, academic and immigration advising, and a housing referral service.

International Student Services also coordinates a variety of activities designed to foster intercultural goodwill, understanding, and friendship. One such activity is provided by the Intercultural Ambassadors, through which selected international students make home-country presentations in San Diego schools. In addition, the ISS invites faculty, staff, and the community to become American Friends to international students new to the SDSU community and to participate in the many events listed in the ISS Calendar of Intercultural Activities. These include the International Coffee Hour, the Whole Earth Dialogue Series, the International Festival, and the Intercultural Exchange Camp.

## Ombudsmen

Aztec Center 168, (619) 594-6578

Becoming a student at SDSU also means becoming a member of a special community which includes students, faculty, staff, and administrators. As a member of this community, students are responsible for knowing and complying with established rules and regulations.

The Ombudsmen are independent and impartial agents who help individuals and groups seeking the resolution and correction of complaints. The Ombudsmen act as liaisons between students and the University, assisting students through formal grievance procedures and functioning to mediate and reinforce other means of redress when possible. This office does not supplant existing avenues of redress. It exists to encourage appropriate and timely access to those existing processes which may best resolve the problem.

Examples of student complaints which have been resolved through this process include disputes over grades, faculty or staff conduct, academic disputes, appeals or waivers, administrative policies, and institutional compliance with federal and state non-discrimination laws. Should a complaint not be resolved at the referral level, the Ombudsmen may act as mediators and suggest compromise solutions between parties. If the problem is still unresolved, the student may file a grievance with the student grievance committee. No student grievance can be filed with this committee later than the last day of the semester (excluding summer sessions) after the semester during which the student was allegedly aggrieved.

## Student Athlete Academic Support Services

Professional Studies and Fine Arts 147, (619) 594-4743

Academic assistance for athletes is handled through the Office of Student Athlete Academic Support Services. The office monitors and records athletes' academic progress, and provides advising, supervised study halls, and tutoring for SDSU athletes.

## Student Outreach Services

Student Services Building, Room 2307  
(619) 594-6966

Student Outreach Services (SOS) is SDSU's official representative in the community beyond the University, linking SDSU with other schools, colleges, and communities within the state. Through the programs which make up Student Outreach Services—School and

College Relations, the recruitment component of EOP, and Student Affirmative Action — important facts about University life are provided to prospective students. For guidance in college selection and preparation, or information about admissions requirements, academic programs, or other student services, the SOS office is the campus resource.

Specific services provided by the staff of the Student Outreach office include:

Visits to high schools and community colleges and meetings with counselors, students, and parents — Assistance to SDSU colleges, schools, and departments in providing information about their programs to prospective students — Distribution of printed information about the University to students, teachers, counselors, and other members of the community — Support for academic partnerships between the University and junior high schools, secondary schools, and community colleges — Administration of the Student Affirmative Action program which provides recruitment for non-EOP students from underrepresented ethnic groups.

Student Outreach Services invites all prospective students and interested members of the community to take advantage of the services and programs offered. To find out how, please contact the Student Outreach Services office.

## Student Resource Center

(619) 594-5221

For information about any aspect of university life, SDSU's Student Resource Center (SRC) is a good place to begin. At the SRC, questions will be answered or referrals will be made. The SRC is a primary resource for student activity programming, with learning opportunities provided to help students reach personal, social, and academic goals. Some of the special services offered by the SRC include:

**Coordination of On-Campus Student Activities** — The SRC puts students in touch with on-campus organizations. Students acquire on-campus status for their club or organization in the SRC; and this office schedules and approves all on-campus activities (including fundraising events), maintains information on the over 350 student groups, reserves University rooms for events, and approves sellers' permits for on-campus organizational and craft sales.

**Support for Leadership Experiences** — SRC sponsors leadership training, an annual leadership weekend institute, and workshops for leaders and potential leaders of organizations, clubs, student government, sororities, and fraternities. The Center also offers advising assistance to various Associated Students boards.

**New Student Programs** — The SRC's orientation programs for all new students to the University are the best way to prepare for a successful university career. Academic Information Day is held prior to the advance registration deadline each semester. All programs include academic advising, registration assistance, and campus tours. CONTACT, the second half of orientation, provides academic, social, cultural, and personal growth activities and is held the week before classes begin.

**Parents Program** — Orientation programs for parents are also offered by the SRC, and there is opportunity for parent involvement throughout the student's career. Parents can become familiar with University services and policies, have access to University administrators, keep in touch with events on campus, and join with other parents

to support programs and services which directly benefit students. Contact the SRC for information about the SDSU Parents' Advisory Board (northern and southern California branches) and its five special interest councils.

**Publications, Information Delivery, and Research** — Printed information about student services, academic majors, and other campus programs is available through the SRC. The SRC also coordinates a calendar of student activities published in *Student Lifelines*, a quarterly newsletter for students, and publishes *Parenthetically Speaking*, a quarterly newsletter for parents and families of SDSU students. The Center conducts ongoing evaluations of many programs in order to better serve student needs.

**Quest for the Best** — Selection and presentation of this vice presidential student service award is coordinated by the SRC. Students are selected annually on the basis of academic excellence, campus and community activities, and demonstrated leadership. Contact the SRC in February to nominate a student or to apply.

## Test Office

Library East 406, (619) 594-5216

The Test Office is an important resource for the entire University community, serving both students and faculty through administering tests for the purpose of admission, class placement, competency for graduation, licenses, credentials, and career planning. A library of many different tests is maintained for use by faculty and students in testing classes, and test scoring and analysis services are provided for classroom tests.

Test dates for San Diego State University competency and placement tests are listed in the Special Tests section of the current Class Schedule and advance reservations as well as fee payments are required for most tests. The Test Office will provide students with test dates and registration procedures for major national examinations in the form of a bulletin of information or with the address of the testing service. Students who are interested in assessments, assisting with the counseling process, and career planning must contact Career Services or Counseling & Psychological Services. Special competency and national testing arrangements for disabled students are made through the Disabled Student Services office.

Although competency test requirements are monitored by various offices on campus, the Test Office will attempt to assist students in signing up for the required examinations or refer them to the proper agency.

## Veterans Affairs

Administration 121, (619) 594-5613

Students who are eligible for veterans, dependents, or reservists V.A. education benefits should visit SDSU's Veterans Affairs Office (VAO). Services available through the VAO include assistance in applying for education benefits, coordinating the V.A. work/study program, and processing tutorial assistance paperwork.

Students planning to attend SDSU should contact the Veterans Affairs Office two months before the beginning of their first semester; they may be eligible for an advance payment of the first V.A. education check. For additional information, about the VAO or the services provided, please telephone or visit the office.

# Financial Aid and Scholarships

**NOTE: Due to new construction on campus, many of the Student Services offices will be relocated in 1990. For current locations, please refer to the Class Schedule or go to the Aztec Center Information Booth.**

## Financial Aid

Student financial aid programs are intended to provide assistance to students who do not have the necessary financial resources to meet educational costs. For scholarships recognizing academic excellence and not generally based on financial need, refer to the following information on Scholarships. Only United States citizens and permanent residents are eligible to apply for financial aid.

San Diego State University makes every effort to advise students of all available financial aid programs. Financial aid is available in the form of loans, grants, and part-time employment for eligible students. Since funds are limited and there are program deadlines, not all eligible applicants are awarded aid.

Information about all state, federal, and institutional aid programs is available from the Financial Aid Office, 594-6323. A financial aid brochure which describes the programs available and the eligibility requirements is available from the Financial Aid Office.

## Applying for Aid

To be considered for first priority funding, aid applicants must file a *Student Aid Application for California (SAAC)* by March 2 of the calendar year prior to the academic year for which aid is being requested. An application received after March 2 will be processed and funds will be awarded to high-need applicants if funds are available. SAACs may be obtained from high schools and any college financial aid office in California.

An additional application form is required for the Stafford Loan Program which is a student loan made available from a participating lender.

## Cost of Living

To ensure equity, San Diego State University establishes standard student budgets in coordination with The California State University system. Student budgets, updated annually for inflation are currently:

### Estimated Expenses for the 1990-91 Academic Year

	Living off Campus	Living on Campus	Commuting from Home
Registration fee for materials, service, student activity, student union, facilities .....	\$ 926	\$ 926	\$ 926
Books and supplies .....	504	504	504
Room and board .....	5554	4436	1512
Transportation .....	648	354	648
Personal .....	1548	1548	1268
Total .....	\$9180	\$7768	\$4858

In addition to the registration fee, foreign students and out-of-state students will pay tuition of \$189.00 per unit in 1990-91. **All fees and costs are subject to change without notice.**

## California Grants, California State Fellowships, and Bilingual Grants

California residents may apply for grants administered by the California Student Aid Commission (CSAC), P.O. Box 942845, Sacramento, California 94245-0845. To apply, complete all sections of the *Student Aid Application for California (SAAC)*, March 2 is the deadline for all aid programs administered by the CSAC.

## Scholarships

Scholarships reward academic excellence and are not generally based on financial need. For financial aid not based on academic record, refer to the preceding information on Financial Aid. All students, regardless of nationality, citizenship, or residency status, are eligible, with appropriate grade point average, to apply for scholarships.

### Scholarships and Fellowships Administered by Departments

Students receive scholarships, fellowships, grants, or stipends through the various departments. Federal, state, and private industry support programs of this nature are largely directed to students doing graduate work or to students preparing for some special field of work. Students who have decided on some particular area of study should check with an adviser in the department of their major to determine what scholarship, fellowship, grant, or stipend support might be available to them.

### Fellowships for Graduate School

As a general rule, students planning graduate work should inquire about graduate fellowship support from the graduate school to which they are applying. The San Diego State University Scholarship Office receives the annual announcements on most national awards including Fulbright, Ford, Rotary, Rhodes, and Marshall scholarships. Students interested in fellowships of this type are encouraged to discuss their applications with members of the San Diego State University faculty who have themselves in the past received these fellowships. Scores from the Graduate Record Examination, Law School Admission Test, Admission Test for Graduate Schools of Business, Dental Admissions Test, or Medical Colleges Admission Test, as appropriate, are required in applying for most fellowships; therefore students should take the appropriate test early in the fall of their senior year. Information concerning these tests may be obtained from the San Diego State University Test Office, LE-406, (619) 594-5216.

### San Diego State University Scholarships Scholarship Philosophy and Eligibility Requirements

A scholarship is a monetary award given to outstanding students to recognize them for their academic excellence, leadership, achievements and promise.

They are provided by private donors, corporations, professional associations and alumni.

High school seniors and undergraduate or graduate students may apply for scholarships awarded by their major department and/or the San Diego State University Scholarship Committee.

Students apply on their own initiative for the University Scholarship Program. Some scholarships listed require special applications and/or have a specific selection process.

Competition is based on outstanding academic achievement, campus and extracurricular activities, employment, and an essay. Undergraduates must have a 3.50 overall GPA or a 3.70 in the last 30 units of university work. Graduate and postbaccalaureate students must have a 3.50 overall GPA for work completed after the bachelor's degree or, in the absence of completed postbaccalaureate units, a 3.50 overall undergraduate GPA or a 3.70 in the last 30 units of university work. High school seniors must have a 3.50 cumulative GPA (excluding physical education and military science) for all work completed in the first seven semesters.

Applications for the SDSU scholarship program are available in the Scholarship Office, from all department secretaries, and in San Diego County high school and community college counseling offices. You may also write or call the SDSU Scholarship Office, San Diego, CA 92182; telephone 594-6180.

Applications are available each year during one application period, November through mid-February. The SDSU scholarship application must be filed or postmarked not later than the established mid-February deadline. Students need to submit only one application for the SDSU scholarship program. Individual results will be mailed to all applicants during May for the following academic year.

The average SDSU scholarship award is \$500. There is no limit to the number of scholarships for which a student may be considered. **Note:** There are ten Freshmen Scholar Awards available only to entering freshmen. The \$4,000 scholarship is awarded each semester for up to four years of undergraduate study providing the recipient maintains a minimum 3.50 grade point average.

In addition to SDSU scholarships, the Marshall, Fulbright, Rhodes, and Rotary scholarships are prestigious international scholarships that are given annually to students pursuing educational goals outside the United States. Eligibility standards for these scholarships are closely related to those established for the SDSU scholarship program, but application forms and deadlines are separate from the program. Students may seek advisement regarding application at the SDSU Scholarship Office in late spring or September.

# Special Programs and Services

## Academic Skills Center

The Academic Skills Center offers assistance to all students at any university level, including bilingual and international students, who wish to improve reading, writing, and mathematics skills. The Center's services are available on an enrollment basis only.

In addition, the Center assists students in completing the University writing and mathematics competency requirements. The University requires students to demonstrate writing and mathematics proficiency consistent with its established standards and, accordingly, requires all entering students to pass the writing and mathematics competency tests. Students who fail either or both of these tests should enroll in appropriate coursework in the Academic Skills Center during their first semester at SDSU and continue in such coursework until successfully completing it.

## Alumni & Associates

Membership in the Alumni & Associates is open to those persons who have an abiding interest in and commitment to the growth and future of SDSU and the community it serves.

The Alumni & Associates is a dynamic, moving organization whose purpose is to promote the welfare of the University. It offers a number of programs and services designed to meet the variety of needs and interests of its alumni, including library privileges, reduced admission to many cultural activities, and Extended Studies mini-courses, workshops and conferences.

The Alumni & Associates also supports the University's annual fund drive to raise private funds for innovative educational programs beyond the basic curriculum and to meet numerous needs of the University community.

In addition, the Alumni & Associates sponsors an Annual Awards Program every spring honoring alumni and friends of the University, provides scholarships for students, and serves as a sounding board regarding University programs and policies.

The Alumni & Associates' publication for alumni and friends of the University is the quarterly *SDSU Report*.

For further information, phone the Alumni Office at (619) 594-2586.

## Associated Students of San Diego State University

The Associated Students of San Diego State University (AS), the official organization for student government, is an independent, not-for-profit corporation which provides a myriad of student programs, services, and activities to enhance the collegiate experience. The AS is funded by the student activities fee and revenues collected from events. The AS also provides a wide variety of job opportunities for students.

Aztec Center, the focal point of AS activities, is a model student union facility. It houses conference rooms, lounges, shops and service centers for use by students, faculty and staff, as well as the offices of AS staff and the student government. A student union fee funds both Aztec Center and the new Student Activity Center, the construction of which will begin in fall 1990.

The AS operates, in conjunction with other universities in the area, the world's largest instructional waterfront facility. Mission Bay Aquatic Center offers physical education courses and recreational instruction in aquatic sports.

The Leisure Connection provides leisure and craft instruction, studio space and recreational equipment rental. TLC also organizes

recreational sports and outings and coordinates a campus games program.

Other programs include child care, the Open Air Theatre, and cultural activities. For more information call 594-6551.

## Audiology Diagnostic Center

The Audiology Diagnostic Center in the College of Health and Human Services is a service of the Department of Communicative Disorders. The center provides diagnostic information regarding hearing loss, hearing aid evaluations, earmolds and earprotectors for faculty, students, staff and the community, including Hispanic and Asian clients and their families. A minimal fee is charged for audiological services. The center operates throughout the school year. Referrals may be made through health professionals, agencies, school districts, or as self-referrals. For more information, contact the Communications Clinic, Room 126, 594-6477.

## Aztec Shops, Ltd.

### (Campus Store, Food Services, Copy Services)

Aztec Shops, Ltd. is a California not-for-profit corporation which has existed since 1931 to serve San Diego State University. It owns and operates services such as the Campus Store, Food Services, and copy centers. Aztec Shops is not supported financially by the State of California but is governed by a board of directors composed of faculty, students, and staff of SDSU.

The Campus Store provides required textbooks, assigned class materials, reference works, supplies, computer sales, imprinted items, and a selection of over 30,000 general book titles. A good selection of art supplies may be found at Art, Etc., located in the Art Building. The Copy Center, located behind the Campus Store, provides Xerox copying, binding, supplemental class materials, and typewriter and computer rentals. The Campus Store is open on weekdays and Saturdays when classes are in session. Aztec Shops also operates Campus Stores on the Imperial Valley and North County campuses.

Food Services includes Commons East, West Commons, Café 90, Little Pete, Courtyard Cafe, the Faculty/Staff Centre, Betty's Hotdogger, Catering, Aunt Mary's, and Bagelateria. Specialized food items are available at these locations, offering wide menu varieties to the campus community. Commons East and Aunt Mary's are open weekends to accommodate those on campus.

Meal cards are available to any enrolled student. Options include 14- and 10-meal plans. Meal cards enable the holder to dine at Courtyard Cafe, West Commons, Commons East, and Café 90.

Aztec Shops is dedicated to providing quality services to the students, faculty, and staff of SDSU. Questions may be directed to the corporate office on the second floor, Commons East.

## Campus Children's Center

The Associated Students' Campus Children's Center, a parent participation program, provides child care for SDSU students' children, six months through five years of age, who are in good health. Priority is given to families with the greatest financial need and to earliest applicants regardless of race, religion, creed, sex, national origin, or handicap. Faculty/staff children are accepted as space permits.

Tuition for children is determined on a sliding fee scale based on family size and income.

The program is staffed by professional and student employees, volunteers, parent participants, and Child Development majors. Parents make a weekly contribution of time as teachers in the classroom, plus attend a weekly parent class their first semester in the program, or serve on a fund-raising/publicity committee. They also have the opportunity to serve on the Campus Children's Center Board, which is composed of parents and other campus representatives.

The program is designed so that a variety of activities are offered that will foster the child's social, emotional, intellectual, and physical development and help the child view himself/herself and the environment positively.

The hours of operation are 7:15 a.m. to 6:00 p.m., Monday through Friday. Kindergartners are not accepted for after school care.

## Office of the Executive Director for International Programs

In recognition of the rapidly expanding number and importance of international activities on the San Diego State University campus, the University has recently created the Office of the Executive Director for International Programs with specific responsibility for coordinating and facilitating the development of the diverse international programs and mission of the University. The executive director serves as the University's primary contact person for international programs and represents the University on international matters to external agencies and institutions. In addition to coordinating all international faculty and student exchange programs, the Office for International Programs serves as an information clearinghouse regarding international projects, funding opportunities, and academic programs and services that have an international component.

### International Faculty Exchanges

In order to enhance the international character of instruction and research, San Diego State University has developed a continuing program of faculty exchange with foreign universities. Currently, the University has formal arrangements to exchange professors periodically with universities in Europe, East Asia, Latin America, and the Middle East. Over 100 international scholars visit the San Diego State University campus each year to pursue scholarly research, participate in academic or professional programs, and share their international perspectives with the university community.

### International Student Exchanges

In addition to the CSU International Programs, San Diego State University has entered into special institutional arrangements with selected foreign universities that provide both undergraduate and graduate students the opportunity to study abroad. Currently San Diego State University has student exchange agreements with universities in Australia, Brazil, France, Japan, Mexico, the People's Republic of China, Spain, Taiwan, the United Kingdom, and West Germany.

For more information about the University's international programs and international faculty and student exchanges, contact the Office of the Executive Director for International Programs, Administration Building 221, (619) 594-1354.

## Media Technology Services

Media Technology Services provides support to faculty and staff in acquisition and distribution of instructional media, in distribution and maintenance of audiovisual equipment, and in design of instruction. The center consists of three units: Distribution, Production, and Instructional Development. The director provides leadership to the University in identifying new approaches in the use of instructional technology.

Distribution provides support in the selection and use of instructional materials and the distribution and maintenance of audiovisual equipment. Services include booking and scheduling of films and videotapes for classroom use. Films and videotapes may be shown by means of classroom projection or over the campus 26-channel closed circuit system. A viewing room with high quality computer and video

projection is available. The acquisition of new videotapes, films and videodiscs related to instruction and maintenance of these libraries is a part of this service.

Production aids in design and production of instructional materials. Original videotape programming and slide-tape presentations required for specific instructional purposes are developed and produced by media production staff. A color studio and videotape feedback laboratory are operated and maintained. Graphic design for instruction and for research reports is provided. Photography for instructional materials development and for reporting of research is available to all faculty.

The Instructional Development program offers professional assistance in instructional design, course design, teaching techniques and assessment. Specific services include (1) providing assistance in instructional materials development, (2) assessing and selecting instructional methods, (3) facilitating course design, (4) providing faculty with opportunities to analyze their instruction, (5) conducting workshops on skills and techniques of teaching and testing, and (6) providing a facility for faculty to produce their own media and learn about new technology.

## Navy Officer Programs

San Diego State University maintains a liaison with the Navy Officer Programs Office in San Diego. This liaison provides students with access to the many opportunities available to college students through the Navy.

**Navy Engineering Programs.** Scholarships are available to students in technical majors who have at least a 3.0 grade point average. Those who are interested and qualified receive \$1200 each month while they finish their final two years of undergraduate or final year of graduate study. The scholarship leads to a position as an instructor, research or operating engineer for the Navy, and a commission as a naval officer.

**Health Professional Scholarship Programs.** For students applying to medical school, a scholarship is available which will cover the cost of tuition and books and provide a monthly stipend while in medical school. Initial requirements are acceptance to an AMA-accredited medical school and competitive scores on the MCAT.

**Judge Advocate General Student Program.** For students continuing on to law school, the Navy offers a program which provides guaranteed summer clerkships and a position upon graduation from law school in the Navy's JAG Corps.

**Aviation, Surface Warfare, Business/Personnel Management, Information Systems.** Positions in these fields are available to students with a B.A. or B.S. degree in many majors.

Students are encouraged to seek information and plan ahead if they are interested in adding any of these programs to their career options. More information on all programs is available by calling or writing to the Officer Programs Office, NRD San Diego, NTC BLDG 335, San Diego, CA 92133-6800; telephone 224-2856.

## Parking and Transportation

Where possible, carpooling or use of alternate modes of transportation is recommended.

San Diego Transit has seven bus routes connecting the metropolitan area with service to the University Transit Center. These are routes 11, 13, 36, 43, 81, 105, and 115. Bus schedule racks are located on campus at the Aztec Center Information Desk. The San Diego Transit office at 233-3004 will provide further information concerning bus routes, fares, and services.

On-campus parking is by permit only. Parking structures are located on the east and west perimeters of the campus, in addition to student and faculty/staff parking lots. Visitors are directed to the Information Kiosk on Campanile Drive for directions to appropriate parking areas. For further information on parking at the San Diego campus, the Imperial Valley campus, or at North County Center, contact the Department of Public Safety, 594-6671.

## Prelaw Program in Cooperation with California Western School of Law

San Diego State University and California Western School of Law offer a cooperative prelaw program designed to enhance the educational opportunities of students at both institutions by making it possible for selected students to complete both a baccalaureate degree at San Diego State University and a *Juris Doctor* degree at California Western School of Law.

Students enrolled in this program will complete approximately 91-95 units at San Diego State University and 31-33 units at California Western School of Law. Cooperative curricula may be developed in numerous academic areas. Some of the possibilities include majors in criminal justice administration, political science (with a minor in history), or liberal studies option 1 (prelegal). The units completed at California Western School of Law will be accepted as elective credits in satisfaction of the requirements for the bachelor's degree by San Diego State University and will also be accepted as work credited toward the achievement of a law degree at California Western School of Law.

Eligibility requirements for the joint degree program include:

1. A minimum grade point average of 3.20 at SDSU.
2. An interview by faculty from both institutions, after reaching upper division standing (60 units), to determine eligibility for admission to California Western School of Law.
3. A satisfactory score on the Law School Admissions Test (LSAT) during the year preceding anticipated admission to California Western School of Law.

Advising for this program is available in the Division of Undergraduate Studies, AD-223.

## San Diego State University Foundation

The San Diego State University Foundation was incorporated in 1943 as an auxiliary organization authorized by the Education Code of the State of California. It is a nonprofit corporation, self-financed, and chartered to provide and augment programs that are an integral part of the educational mission of San Diego State University. Originally, the Foundation handled, accounted for, and invested scholarship and loan funds donated to the University. Commencing in 1954, the Foundation began serving as the agency for the University to accept and administer sponsored research and educational projects. The Foundation is the largest of the auxiliaries in The California State University.

The Foundation serves the University in the following major areas:

- Development and administration of grants and contracts for faculty and staff research and educational projects;
- Administration of funds for more than 1,000 special programs including KPBS educational television and radio stations, the College of Extended Studies, and the Alumni and Development office;
- Financial administration of gifts and donations;
- Investment of endowment and other funds;
- Financial administration of student scholarship and loan funds;
- Management of a real property program whereby the Foundation acquires and provides space for grant and contract activity and leases property to the University and other campus auxiliaries;
- Development of property adjacent to the campus;
- Providing funds for the support of the University programs, such as the Summer Faculty Fellowship Program and the Grant-in-Aid for Research Program for faculty;
- Administration of activities such as the June Burnett Institute for Children, Youth, and Families, and The Fred J. Hansen Institute for World Peace.

The Foundation, as a nonprofit corporation, is governed by a Board of Directors in accordance with its Articles of Incorporation and Bylaws. The principal function of the directors is to establish policies and guide the corporation in achieving its objectives.

## San Diego State University Press

As the scholarly press for San Diego State University, the San Diego State University Press publishes works of original research, as well as other meritorious academic works that will further the intellectual mission of the University. Although high quality, nonfiction manuscripts from any source will be considered, the current focus of the Press is in these areas: Latin America and the United States Mexico Border; regional studies of the Pacific Southwest; and post-modernism. In addition to books, the Press also publishes under its imprint two journals, the *Review of Latin American Studies*, and *Fiction International*, as well as monographs by the SDSU Graduate Division.

The San Diego State University Press imprint is controlled by an editorial committee of San Diego State University faculty scholars, appointed by the Vice President for Academic Affairs and the Senate. Financial support for Press activities is provided almost entirely by sales of books. Financial accounting and coordination is provided by the San Diego State University Foundation.

## Speech, Language, and Hearing Clinics

The Communications Clinic in the College of Health and Human Services is staffed by students and supervised by faculty of the Department of Communicative Disorders. It provides assessment and remediation services for SDSU students, staff, and faculty for minimal fees. Fees charged for services to individuals from the community may be adjusted in cases of financial need. Comprehensive diagnostic and treatment programs are available for children and adults who may present such communicative difficulties as delayed speech/language development, voice, fluency or articulation disorders, aphasia, cleft palate, cerebral palsy, or hearing impairment. Bilingual/multicultural services are available for Hispanic and Asian clients and their families. Because of staff limitations not all who apply can be admitted. Referrals may be made through agencies, hospitals, school programs, health professionals, or as self-referrals. For more information contact the Communications Clinic, Room 126, 594-6477.

## Student Government

### (Associated Students of SDSU)

The Associated Students of San Diego State University provides many opportunities for students to participate in student government.

The AS Council is the voice of the SDSU student body. Composed of one representative per 1500 students and three executive officers, the Council is responsible for the AS' \$7 million annual budget and for formulating policy. Elections held each semester allow for the selection of individuals to fill one-year terms on the Council. Meetings of the AS Council are weekly open sessions.

Other student government activities include monitoring academic policies; appointments to educational or campus-related committees; lobbying to provide student input to city, county, state and federal governments; and representing SDSU's interests with the California State Student Association.

## Travel Study Programs

### London Semester Academic Program

The London semester academic program, operated by the College of Arts and Letters, offers students the opportunity to take a semester's work in courses in the humanities, social sciences, and fine arts in London while paying normal SDSU fees. To be eligible, students must be in good standing with the University and normally will come from the ranks of sophomores, juniors, and seniors. Courses selected for a balanced program are drawn from regular San Diego State University offerings, many of which fulfill General Education and other degree requirements. Electives particularly germane to the site are also offered. The program is currently available in the spring semester only.

For further information, contact the office of the Assistant Dean for Student Affairs and Special Instructional Programs in the College of Arts and Letters, SH-132.

#### **New Hampshire Exchange Program**

Students interested in studying at a university on the East Coast for a semester may want to consider SDSU's New Hampshire Exchange program. Through this program, students can attend the University of New Hampshire and earn credits applicable towards their degree at SDSU. Travel costs and room and board expenses must be paid by the student; however, no additional tuition costs are required—students pay only those fees required for a regular semester at SDSU. In addition, those currently receiving financial aid continue to be qualified for it. To be eligible for this program, students must have completed at least 24 units by the exchange date, with 12 units completed at SDSU at the time of application. Minimum GPA required is 2.5. Interested students must apply to the Student Resource Center before September 21, 1990 for the spring 1991 semester program; and before February 22, 1991 for the fall 1991 semester program.

#### **Paris Semester Academic Program**

The Paris Semester offers SDSU students an opportunity to study in Paris while enrolling in courses taken from the SDSU General Catalog and paying regular University fees. Courses taught in the Paris Semester are selected from regular SDSU curricular offerings, especially those in the "Foundations" and "Explorations" sections of General Education requirements. In addition, students are encouraged to enroll in Humanities 400: French Life and Culture. To be eligible, students must be in good standing at the University, have a grade point average of no less than 2.0, and have successfully completed the required instruction in French.

The Paris Semester program is currently offered during the fall semester only. For further information, contact the Assistant Dean for Student Affairs and Special Instructional programs in the College of Arts and Letters, SH-132.

#### **University Computing Services**

University Computing Services provides equipment, communication facilities, software, and technical services to meet the instructional, research, and administrative computing needs of the campus community.

The central computer center maintains a VAX 6320 and an ELXSI 6400 parallel processor. The VMS and UNIX operating systems are among those available. Several academic departments have computers, work stations, and specialized equipment to satisfy their computing needs. A CRAY Y-MP/864 Supercomputer located at the San Diego Supercomputer Center is available for assigned coursework and research projects. SDSUNET is a high speed communications network based on Ethernet technology. It allows microcomputer access to computing resources. The California State University Network, CSUNET, links the campus to additional central computers and to specialty computing centers on other campuses.

This computing environment provides access to hundreds of software products including programming languages (ADA, APL, BASIC,

C, COBOL, FORTRAN, LISP, PASCAL), mathematical and statistical programs (BMDP, SAS, IMSL, MINITAB, NELSON, SPSS<sup>x</sup>, TSP), large research data base systems (APSA, CENSUS, COMPUSTAT, FDIC, ICPSR, IMF), and interactive graphics tools (DISSPLA, MENUgraph, SPSSgraph, and SASgraph).

Instructional microcomputer users are supported by Apple IIC, Macintosh, and IBM PC systems located in laboratories throughout the campus. These systems are configured to run popular software.

Computing Services staff provide consulting services for faculty and staff. Lab assistants assigned to the terminal labs provide consulting services for students.

#### **University Library**

##### **Administration**

University Librarian: Bosseau  
Associate University Librarians: Kinney, Palsson

##### **Library Faculty**

Emeritus: Barclay, Crisley, P., Granrud, Greene, Hoover, Johns, Kenney, Kinsey, Lamb, McAmis, Murdock, Neyndorff, Posner, Samples, Sandelin, Schalles, Shira, Szabo, West

Librarians: Chan, Coleman, Dintrone, Leerhoff, Pease, Sonntag

Associate Librarians: Cargille, Fields, Fikes, Fitt, Goyne,

Harkanyi, Harris, Martinez, Rogers, Turhollow, Wilson

Senior Assistant Librarians: Baber, Carande, Crisley, C., Friedman, Goodwin, Harley, Marlatt, McPhail, Muroi, Perkins, Shimoguchi, White

The University Library supports the curricular and research needs of the University community through the development of pertinent collections and the provision of services designed to facilitate access to information. The Library provides assistance to faculty and students in several areas: Circulation, General Reference, Government Publications, Maps, Media Center, Microforms and Newspaper Center, Periodicals Reading Room, Reserve Book Room, Science Reference, and Special Collections.

The Library has automated acquisitions, cataloging, circulation, and serials control systems. Computer based bibliographic search services are offered in over 100 data bases. The Library provides for interlibrary loan through a direct link with several thousand other libraries using the computer and telecommunications facilities of the OCLC bibliographic utility. Instruction in the use of library resources is offered in conjunction with specific courses, clinics, and a comprehensive workbook program.

The Library's holdings include 982,401 volumes (monographs and bound periodicals); 553,000 government documents; 3.1 million microforms; 58,500 reels of microfilm; 156,000 maps; 5,300 phonograph records; 23,718 curriculum items; and 300 linear feet of archival papers. The Library receives 10,100 periodical and serial titles, excluding government publications. It is a depository for United States and California government publications, and receives all United Nations and Organization of American States publications. The Library is designed to eventually accommodate three thousand reader stations and to provide shelving for one million volumes.

## General Information

The College of Arts and Letters is at the very heart of liberal arts education at San Diego State University. Its programs in the humanities and social sciences are offered through 19 academic departments and several interdisciplinary programs, each of which is designed to help students to understand their role in society and to develop aesthetic sensibilities. Arts and Letters courses are offered to explore the experiences of men and women in society, their cultural expressions and practices, their languages, and their philosophical concepts. The College's highly trained, professionally active faculty seek to give students an awareness about the development of present knowledge and how to generate new knowledge. Students are encouraged to develop keen observation skills, the capacity to think critically, and the ability to express their views intelligently and sensitively as leaders.

## Curricula Offered

Refer to the Courses and Curricula section of this catalog for a complete listing of program requirements and courses offered by departments within the College of Arts and Letters.

### Master's Degrees

American Studies (M.A.), Anthropology (M.A.), Asian Studies (M.A.), Creative Writing (M.F.A.), Economics (M.A.), English (M.A.), French (M.A.), Geography (M.A.), History (M.A.), Latin American Studies (M.A.), Liberal Arts (M.A.), Linguistics (M.A.), Philosophy (M.A.), Political Science (M.A.), Russian (M.A.), Sociology (M.A.), Spanish (M.A.)

### Bachelor's Degrees

Afro-American Studies (B.A.), American Studies (B.A.), Anthropology (B.A.), Asian Studies (B.A.), Classics (B.A.), Comparative Literature (B.A.), Economics (B.A.), English (B.A.), European Studies (B.A.), French (B.A.), Geography (B.A.), German (B.A.), History (B.A.), Humanities (B.A.), International Business (B.A.), Latin American Studies (B.A.), Linguistics (B.A.), Mexican American Studies (B.A.), Philosophy (B.A.), Political Science (B.A.), Religious Studies (B.A.), Russian (B.A.), Russian and East European Studies (B.A.), Social Science (B.A.), Sociology (B.A.), Spanish (B.A.), Urban Studies (B.A.), Women's Studies (B.A.)

### Minors

African Studies, Afro-American Studies, American Indian Studies, American Studies, Anthropology, Asian Studies, Classics, Comparative Literature, Economics, English, Environment and Society, European Studies, French, Geography, German, History, Humanities, Italian, Japanese, Judaic Studies, Latin American Studies, Linguistics, Mexican American Studies, Middle East Studies, Philosophy, Political Science, Portuguese, Religious Studies, Russian, Sociology, Spanish, Women's Studies

### Preprofessional Curriculum

Prelegal

## Certificate Programs

Applied Linguistics and English as a Second Language (ESL), Children's Literature, Geographic Information Systems, Quantitative Analysis in the Social Sciences, Spanish Translation Studies, Technical and Scientific Writing, United States-Mexico Border Studies.

## Research Centers

### Asian/Pacific American Studies Consortium

Ray T. Smith, Director

The Asian/Pacific American Studies Consortium is an association of faculty, staff, and students. The purpose of the Consortium is to develop Asian/Pacific American research capacities on campus and to provide for seminars, colloquia, and other public activities of benefit to Asian and Pacific American communities in the San Diego area.

The Consortium has acquired organizational records from sources such as the Union of Pan Asian Communities (UPAC) of San Diego. These and other Asian and Pacific American materials are maintained in the University Library. Inquiries about their use can be made through the Director of the Asian/Pacific American Studies Consortium.

The Consortium coordinates its work with the Center for Asian Studies. General liaison is maintained with the University Library.

### Center for Asian Studies

William N. Rogers, II, Director

The Center for Asian Studies is an interdisciplinary organization in the College of Arts and Letters. Drawing upon faculty members from many fields, campuswide, it performs such services as (1) securing and administering grants and other support for research and development in Asian studies; (2) coordinating and publicizing the activities of faculty engaged in Asian-centered studies; (3) developing and administering the Asian studies program and relevant curricula at the undergraduate and graduate levels; (4) responding to campus and community requests for information and services; (5) fostering campus and community interest in Asian studies.

### China Studies Institute

Paochin Chu, Director

The China Studies Institute coordinates and supports on-campus teaching and research related to China. The Institute develops and fosters faculty and student exchange programs with Chinese universities and institutions of higher learning. Various cultural programs on China and activities on campus and in the community promote cultural awareness and understanding. The development of Chinese publications, audiovisual materials, periodicals, newspapers, and other resources on campus fosters relationships between San Diego State University and the Chinese community, as well as nurtures friendship between the Chinese and American peoples.

### Donald I. Eidemiller Weather Station

Edward Aguado, Director

The Donald I. Eidemiller Weather Station serves as a teaching and research resource. It cooperates closely with the National Weather Service (NWS) through the mutual exchange of information. The station receives surface, upper-air, and forecast weather maps via satellite from the NWS along with pertinent teletype information. The daily weather-maps are permanently stored or copied onto microfiche. The

station also archives monthly and annual data published by the National Climatic Data Center and has been observing and recording local weather information for more than thirty years.

## European Studies Center

Leon Rosenstein, Director

The European Studies Center coordinates and supports teaching and research related to the European area. It supervises the major and the minor in European studies for the B.A. degree. It sponsors the annual San Diego State University Summer Seminar and Travel Study Tours to Europe at various times in the year. It administers the European Studies Center Laboratory in AH-3110 which contains books, pamphlets, English and foreign language periodicals, and a slide collection on European art and geography.

## Center for International Business Education and Research (CIBER)

Allan R. Bailey and Paul J. Strand, Executive Co-Directors  
Alvord G. Branan and Michael L. Hergert, Project Co-Directors

The Center for International Business Education and Research (CIBER), one of six such centers in the United States, was established in 1989 under the auspices of a grant from the U.S. Department of Education and is administered by the Colleges of Arts and Letters and Business Administration. The grant was awarded as a partnership between UCLA and SDSU.

The Centers at UCLA and SDSU share in the promotion of (1) interdisciplinary programs which incorporate foreign language and international training into accounting, finance, information systems, management, and marketing curricula and which provide business training for foreign language and international studies faculty and advanced degree candidates; (2) evening or summer programs, including intensive language programs for members of the business community and other professionals that are designed to develop or enhance their international skills, awareness, and expertise; (3) collaborative programs, activities, or research involving academic and business communities that develop international skills, awareness, and expertise among current and prospective members of the business community; (4) research designed to strengthen and improve the international aspects of business education and to promote integrated curricula and the international competitiveness of American businesses, including those not currently active in international trade.

The Center operates under the jurisdiction of the College of Arts and Letters and the College of Business Administration and is located in Business Administration 310A, 594-2955.

## International Population Center

John R. Weeks, Director

The International Population Center (InterPop) was created to promote the implementation of effective population policy through the conduct and application of population research, the short-term training of program personnel, the graduate training of potential population researchers and administrators, and the provision of technical assistance to population-related agencies and organizations. The activities of InterPop focus geographically on Africa, the Middle East, and Mexico, but one of the goals of the Center is to relate country or regional demographics to global population issues, trends, and activities.

InterPop provides a variety of services including (1) the preparation, submission, and administration of research proposals for population-related research; (2) the dissemination of preliminary research findings in a Working Papers series; (3) the short-term training of personnel who are associated with population-related programs; (4) the provision of population technical assistance to such programs; and (5) the coordination of graduate programs for students interested in pursuing a master's degree in a population-related area.

Although it is located in the College of Arts and Letters, InterPop is a multidisciplinary facility, linking Center faculty from several departments on campus with Center associates from other organizations and universities in the San Diego region.

## Japan Studies Institute

Alvin D. Coox, Director

The Japan Studies Institute coordinates and encourages research and instructional programs on campus concerning various aspects of Japan and nurtures ties between the University and organizations and individuals in the greater San Diego region interested in Japan and United States-Japan relations. It develops and fosters student internships and student and faculty exchanges between San Diego State University and Japanese institutions of higher learning; tuition-free exchange arrangements exist at present with six public and private universities located throughout Japan. The Institute works closely with Japanese and American business, industrial, and banking establishments in San Diego, addressing research of mutual interest and drawing support for relevant Japan-focused courses, seminars, cultural events, lectures, forums, and workshops offered by the University. Since 1987, the Institute has offered a National Summer Program for incorporating Japanese studies into the undergraduate curriculum, cosponsored with the Japan-US Friendship Commission and the American Association of State Colleges and Universities. The Institute also oversees the Liberal Studies Major Option 1 with a focus on Japan Studies.

The Institute supports the development of Japanese holdings in the University Library and Media Technology Services. The Institute operates under the jurisdiction of the College of Arts and Letters, but it draws faculty from across the campus.

## Institute of Labor Economics

Walter H. Vogt, Director

The Institute of Labor Economics is a facility of the Department of Economics which encourages research by students and faculty in all phases of labor problems, collective bargaining, labor legislation and social security. The Institute is designed to complement the curricular and degree programs in the Department of Economics and to be of service to related disciplines. Publications are exchanged with 75 similar institutes at other universities. Research materials, both printed and machine readable, in the area of labor economics are maintained in the Center for Public Economics, located in Montezuma School ACE Rooms 124 and 126.

## Latin American Studies

Thomas M. Davies, Jr., Director

The Center for Latin American Studies seeks to encourage teaching and research related to Latin America. It has primary responsibility for the administration of the Latin American undergraduate and graduate degrees. The U.S. Office of Education has designated the center as one of the nation's eleven Latin American language and area centers and is funding the Center as one of eleven "National Resource Centers for Latin America," in consortium with the Center for Iberian and Latin American Studies at the University of California, San Diego. In conjunction with this award, the Center administers programs that focus on: (1) the initiation of a problem-oriented approach to Latin American studies through the creation of courses dealing with urbanization and modernization of the area; (2) the development of innovative methods of instruction in Spanish and Portuguese; (3) the provision of informative and in-service training programs for elementary and secondary school teachers; and (4) the provision of services for the general public through the sponsorship of conferences, workshops, lectures and films. The Center also assists in the development of the University library's Latin American holdings and has created a special collection of Latin American materials which is available in the Center's reading room, SH-146.

## Lipinsky Institute for Judaic Studies

Lawrence Baron, Director

The Lipinsky Institute for Judaic Studies, located in the College of Arts and Letters, serves to coordinate and support teaching and research in modern Jewish history and contemporary Jewish and Israeli affairs. Established with contributions from the San Diego community, the Institute provides financial support for an annual visiting

professor from Israel, the annual Galinson-Glickman symposium on contemporary Israeli issues, and the Robert Siegel Memorial Lecture. It also complements regular course offerings by sponsoring lectures, developing library resources, fostering research, and conducting other activities that will promote the advancement of Judaic studies in the University and in the San Diego community.

#### Center for Public Economics George Babirot, Director

The Center for Public Economics is a facility of the Department of Economics to encourage research by students and faculty in all phases of nonmarket economic decision making, encompassing the following areas: (1) the functioning of federal, state and local fiscal systems, including the provision for and financing of public goods at each level; (2) the economic factors involved in environmental changes, in particular, their bearing on urban and local economic problems; (3) the economic dimensions of social decision making. The Center is designed to complement the curricular and degree programs in the Department of Economics and to be of service to related disciplines. It maintains research materials and facilities to assist research and publications in the area of public economics. The Center also maintains a computer accessed San Diego Regional Data Bank and subscribes to national and regional economic data services. Fiscal matters are coordinated through the San Diego State University Foundation. Financial support in the form of student assistance is available for faculty research projects on subjects in public economics. The Center funds a number of student scholarships which are administered through the Scholarship Office. The Center is located in Administrative Complex East room 126.

#### Institute for Regional Studies of the Californias Paul Ganster, Director

The Institute for Regional Studies of the Californias (IRSC) provides the University with a neutral forum for the investigation, discussion, and dissemination of information about the United States-Mexico border region. The Institute focuses on the three-state region of California, Baja California, and Baja California Sur and is also concerned with Mexico and important issues in the United States-Mexico relationship. Created in 1983, the Institute has undertaken multidisciplinary research projects on common regional concerns including trans-border environmental issues, policy perspectives on the California-Mexico relationship, and the *maquiladora* industry. The Institute also maintains a research collection on the border region and takes an active role in Latin America and Mexico-related professional organizations. IRSC publishes the *Mexico Policy News* for PROFMEX (The

Consortium of US Research Programs for Mexico) as well as papers and monographs on border-related issues and topics.

Other Institute activities include conducting binational symposia, improving communication between public and private sector representatives on both sides of the border, serving as a clearinghouse for information on transborder events, issues, and institutions, and encouraging the effective use of educational resources among the region's universities. The Institute serves as a major link between SDSU and Mexican institutions and currently directs a faculty exchange program with El Colegio de Mexico in Mexico City. IRSC has underway a project on border business that includes seminars and workshops for the private sector. The Institute is located in Nasatir Hall, Room 103.

#### Center for Research in Economic Development Yiannis P. Venieris, Director

The Center for Research in Economic Development (CRED) is part of the Economics Department's effort to assist and encourage teaching and research related to the problems and processes of economic development. CRED provides information and limited assistance to students and faculty. CRED's printed data holdings are located in the Social Science Research Laboratory.

#### Social Science Research Laboratory Doug Coe, Interim Director

The Social Science Research Laboratory (SSRL) was founded in 1974 to facilitate faculty research and to support a diverse set of instructional programs throughout the social sciences. Emphasizing public opinion polling and computer applications to social research, SSRL offers a wide range of services to University faculty, staff, and students, as well as to the broader San Diego community.

Services and operations are organized along the following lines:

**Research Services** offers a complete range of public opinion polling and survey research services, including sample design and execution, polling fieldwork, coding and data reduction, and data archiving and retrieval. The section maintains a VAX 750 computer system to support faculty research.

**Instructional Services** offers consultation in computer applications to social research, including a full range of statistical analysis programs. The section also provides a range of specialized workshops and demonstrations about computer uses and applications, data management, and analysis. Graduate assistantships, undergraduate internships, and research assistant positions are available to qualified students.

The SSRL is located in the Professional Studies and Fine Arts building, room 140.

# College of Business Administration

A Member of the American Assembly of  
Collegiate Schools of Business

## Administration

Dean: Allan R. Bailey  
Associate Dean, Academic Affairs: Thomas M. D. Warschauer  
Associate Dean, External Relations: Harold K. Brown  
Director, Graduate Programs: William F. Barber  
Assistant Dean, Undergraduate Programs: Patricia L. Dintrone

## General Information

The College of Business Administration began in 1921 as a Department of Commerce in the Division of Social Sciences. In 1951 this department became the Division of Business and progressed to a School of Business Administration in 1961. In 1979 the name was changed to the College of Business Administration.

The programs in business administration provide high quality education and are designed to represent both general education and the theoretical and practical side of education for business. To this end, in 1959 the Division of Business Administration applied for and received accreditation for its undergraduate programs in business administration by the American Assembly of Collegiate Schools of Business (AACSB); and in 1963 the graduate programs of the School of Business Administration were accredited by AACSB. In addition, the School of Accountancy (within the College of Business Administration) received accreditation by AACSB in the first year (1982) that this special accreditation for schools of accounting was offered, being one of only twenty-two programs so recognized that year. Several College of Business Administration programs are registered with the International Board of Certified Financial Planners.

All undergraduate and graduate programs have enjoyed continuous accreditation since their points of first application. Furthermore, the College of Business Administration is one of only two colleges of business south of the Los Angeles metropolitan area to have had their undergraduate and graduate programs approved by AACSB.

In addition to a commitment to maintain a high quality, accredited program, the College has the following goals: (1) to create and maintain a highly motivated educational environment for both students and faculty; (2) to evaluate all College activities, including formal classroom and research, in terms of their contributions to effective learning; (3) recognizing the dynamic nature of business and the society it serves, to instill within students an awareness of the necessity to embark on life-long careers of learning; (4) to prepare students for entry level positions which will provide advancement opportunities in their chosen careers; (5) to maintain an active, positive working relationship with the regional business community; and (6) to provide both degree and nondegree midcareer educational opportunities.

## Curricula Offered

Refer to the Courses and Curricula section of this catalog for a complete listing of program requirements and courses offered by departments within the College of Business Administration.

### Master's Degrees

Accountancy (M.S.), Business Administration (M.S.), Business Administration (M.B.A.).

## Bachelor's Degrees

Accounting (B.S.), Decision Systems (B.S.), Finance (B.S.), Financial Services (B.S.), Human Resource Management (B.S.), Information Systems (B.S.), International Business (B.A.), Management (B.S.), Marketing (B.S.), Production and Operations Management (B.S.), Real Estate (B.S.).

## Minors

Accounting, Decision Systems, Finance, Human Resource Management, Information Systems, Management, Marketing, Production and Operations Management, Real Estate, Small Business Management (available at Imperial Valley Campus only).

## Certificate Programs

Accounting, Business Administration (available at Imperial Valley Campus only), Personal Financial Planning.

## Credential Programs

Teaching major in each business field for the single subject teaching credential.

## Research Centers

### Business and Economic Research

The Bureau of Business and Economic Research is an organized research facility located in the College of Business Administration. The Bureau facilitates research activities of the faculty of the College of Business Administration and coordinates other campus resources for multidisciplinary projects. The Bureau is a full service member of the National Association of University Bureaus of Business and Economic Research and maintains a national survey research network.

The principal objectives of the Bureau are to (1) secure and administer grants and other support for conducting research in the areas of economics and business; (2) facilitate research in these areas by the faculty and students; (3) seek cooperative arrangements with outside individuals and organizations for conducting specific research projects; (4) respond to campus and community requests for information and services; (5) publish the results of its investigations and faculty in publication of their research.

Graduate students and faculty are encouraged to make use of Bureau facilities.

### Entrepreneurial Management Center (EMC)

The Entrepreneurial Management Center (EMC) is a privately funded activity of the College of Business Administration. It is guided by a Board of Governors made up of community business leaders.

The purpose of the EMC is to encourage and promote the concepts of entrepreneurship and entrepreneurial management both in the University and in the community. Its principal objectives are to (1) plan, design, and staff courses in entrepreneurship; (2) assist students and faculty in entrepreneur-related projects and research studies; (3) involve faculty in a variety of community activities and projects that encourage and assist emerging growth firms.

The EMC sponsors an annual Student Business Plan Competition which awards students for excellence in venture capital or seed business planning. Winners then compete in the Intercollegiate Regional Student Business Plan Competition, which includes entries from colleges throughout the Western states.

Each semester the EMC sponsors an Entrepreneur-in-Residence, an individual selected from the business community for his entrepreneurial experience. This person devotes 20 hours in interaction with students and faculty—in classes, seminars, and informal exchange.

#### Center for International Business Education and Research (CIBER)

Allan R. Bailey and Paul J. Strand, Executive Co-Directors  
Alvord G. Branan and Michael L. Hergert, Project Co-Directors

The Center for International Business Education and Research (CIBER), one of six such centers in the United States, was established in 1989 under the auspices of a grant from the U.S. Department of Education and is administered by the Colleges of Arts and Letters and Business Administration. The grant was awarded as a partnership between UCLA and SDSU.

The Centers at UCLA and SDSU share in the promotion of (1) interdisciplinary programs which incorporate foreign language and international training into accounting, finance, information systems, management, and marketing curricula and which provide business training for foreign language and international studies faculty and advanced degree candidates; (2) evening or summer programs, including intensive language programs for members of the business community and other professionals that are designed to develop or enhance their international skills, awareness, and expertise; (3) collaborative programs, activities, or research involving academic and business communities that develop international skills, awareness, and expertise among current and prospective members of the business community; (4) research designed to strengthen and improve the international aspects of business education and to promote integrated curricula and the international competitiveness of American businesses, including those not currently active in international trade.

The Center operates under the jurisdiction of the College of Arts and Letters and the College of Business Administration and is located in Business Administration 310A, 594-2955.

#### Real Estate and Land Use Institute (RELUI)

Established in 1983, the Real Estate and Land Use Institute (RELUI) is the first systemwide research-oriented institute of its kind in the 20-campus California State University system. One of the two statewide offices is located in the College of Business Administration.

As it relates to real estate and land use, the purpose of RELUI is to (1) support, coordinate, and manage systemwide and intercampus research activities; (2) assist in the development, coordination, and administration of statewide continuing education programs; (3) seek funding sources for education and research activities; (4) promote the general well-being of undergraduate and graduate study within the CSU system; and (5) maintain liaison with government agencies, private industry, and associated organizations with interest in public policy.

RELUI maintains in the College of Business Administration a research and reference center where specialized real estate and land use related materials are available for use by students and faculty.

RELUI also sponsors an internship program for placement of qualified students with local firms to provide a combined working and learning experience. Additional benefits accrue to interns in the form of academic credits and stipends.

# College of Education

## Administration

Dean: Ann I. Morey  
Associate Dean: John D. Chamley  
Associate Dean for Faculty Development and Research: Margie K. Kitano  
Assistant Dean: Martin Block

## General Information

The mission of the College of Education is broad and multidimensional. The College is concerned primarily with preparing teachers, administrators, resource specialists, and support personnel for various educational settings; providing continuing professional educational opportunities for education personnel; continually assessing the quality and appropriateness of all education activities; contributing to the knowledge base of both educational theory and practice through research and scholarship; providing appropriate public service/technical assistance to individuals and agencies locally, regionally, nationally, and internationally; and contributing to the general intellectual climate of the University community. The College has had an ongoing commitment to programs serving culturally diverse communities and bilingual individuals.

The College of Education is organized into six academic units including the School of Teacher Education and the following departments: Administration, Rehabilitation and Postsecondary Education; Counselor Education; Educational Technology; Policy Studies in Language and Cross-Cultural Education; and Special Education. The Master of Arts degree in Education is offered in ten academic areas of education. The Master of Science degree is offered in two additional academic areas. A doctoral program in education is offered jointly with Claremont Graduate School. This unique program features a multicultural education emphasis. Approved teaching credential programs are offered for the multiple subject credential and the single subject credential, as well as for a number of specialist and service credentials.

## Curricula Offered

Refer to the Courses and Curricula section of this catalog for a complete listing of program requirements and courses offered by departments within the College of Education.

### Doctoral Program

Education

### Master's Degrees

Counseling (M.S.), Education (M.A.),  
Rehabilitation Counseling (M.S.)

### Bachelor's Degree

Vocational Education (B.V.E.)

### Minor

Educational Technology

## Teaching and Service Credentials

Credential Program	School Service Authorized
1. Multiple Subject	Teach in any self-contained classroom, kindergarten through twelfth grade.
2. Single Subject	Teach single subject area in grades kindergarten through twelve.

## Specialist Credentials

Bilingual/Cross-Cultural  
Reading  
Resource Specialist Certificate of Competence  
Special Education:  
Communication Handicapped  
(Department of Communicative Disorders)  
Gifted  
Learning Handicapped  
Physically Handicapped  
Severely Handicapped

## Service Credentials

Administrative Services  
Clinical Rehabilitative Services  
(Department of Communicative Disorders)  
Health - School Nurse (School of Nursing)  
Pupil Personnel  
School Psychology

## Certificate Programs

Bilingual (Spanish) Special Education, Instructional Microcomputer Software Design, Instructional Technology, Language Development Specialist, Rehabilitation Administration, Teaching the Emotionally Disturbed/Behaviorally Disordered.

## Research Centers

### Counselor Education

The Center for the Study of Counselor Education is a unit within the College of Education designed to provide support for activities such as (1) securing and administering grants and other support for research and development in counselor education, (2) encouraging cooperation with faculty members from other relevant disciplines such as anthropology, economics, psychology, social work, sociology, and the University Counseling Center, and (3) conducting programs or rendering services designed to promote counselor education at San Diego State University. The Center is administered by the Department of Counselor Education; fiscal matters are coordinated through the San Diego State University Foundation.

### Center for Economic Education

Kathleen Mikitka, Director

The Center for Economic Education is a unit within the College of Education. The Center is affiliated with the California Council on Economic Education and the Joint Council on Economic Education and has the mission to provide the following services and functions: (1) in-service training for teachers at both the elementary and secondary levels; (2) curriculum development and consultation with school district personnel; (3) development and distribution of media and

materials on economic education; (4) research in economic education; (5) consultation with other university faculty as requested; and (6) workshops, speakers, and materials on economic education for adult constituencies from business, labor, social, and professional organizations. The service area for the Center encompasses both San Diego and Imperial counties.

#### Center for Instructional Technology Research and Training

Allison Rossett, Director

The purpose of the Center is to (1) secure grants and contracts for research and development in instructional technology; (2) conduct workshops, seminars and conferences relating to applications of instructional technology to teaching, training and management; (3) respond to campus and community requests for information and assistance; (4) assist in conducting needs assessments, task analyses, instructional program design and evaluations of instructional products or programs; and (5) disseminate information reflecting model use of instructional technologies. The Center uses instructional technology to address education and training problems in health, school, military, business and social service settings. The Center functions within the Department of Educational Technology of the College of Education at San Diego State University.

#### Center for Policy Studies in Education

Alberto M. Ochoa, Director

The Center for Policy Studies in Language and Cross-Cultural Education is a unit within the College of Education. The Center houses projects funded by federal, state, and private sources. Current projects include the Parent Institute, the Multifunctional Resource Center,

and the Social Equity Technical Assistance Center. These centers focus on issues of social equity, conduct research on questions related to educational policy, and provide technical assistance to districts throughout southern California.

#### Center for the Study of International Education

Larry J. Shaw, Director

The Center for the Study of International Education is a unit of the College of Education. It promotes faculty and graduate student research, explores study abroad and exchange possibilities for faculty and students, and disseminates information about international education to interested persons in the San Diego area. It also seeks to complement regular course offerings through sponsorship of lectures, conferences, and the development of bibliographic resources.

The Center seeks to foster not only a network of interested faculty within the College of Education, but also encourages faculty involvement from other colleges on campus as well as from other organizations and universities in the San Diego area.

#### Center for Rehabilitation, Public Policy, and Disability

Fred R. McFarlane, Director

The Center coordinates and supports training and research activities in the field of vocational rehabilitation. This Center operates within the College of Education and works directly with faculty interested in this area. The Center administers projects funded by local, state and federal agencies. The Center's facilities are located in the Alvarado area in proximity to the campus.

# College of Engineering

## Administration

Dean: George T. Craig  
Associate Dean: Nihad A. Hussain  
Assistant Dean for Student Affairs: Fang-Hui Chou  
Director of Special Projects: René Wernicke

## General Information

The College of Engineering was established as a distinct unit of the University in 1958, although first courses named "Engineering" appeared in the 1922-23 catalog. The 1942-43 catalog was the first to announce the establishment of a "General Engineering" program leading to the Bachelor of Science degree. The College is now organized into the Departments of Aerospace Engineering and Engineering Mechanics, Civil Engineering, Electrical and Computer Engineering, and Mechanical Engineering.

At the undergraduate level, the College of Engineering prescribes certain patterns of its courses, combined with those of other academic divisions of the University, as a program of 133 semester units leading to the Bachelor of Science degree in the four specific major fields of engineering. At the graduate level, the College offers the Master of Science degree in these same fields.

The objective of the engineering program at San Diego State is to provide the intellectual and physical environment best calculated to encourage students to develop their capacities toward a successful career in the profession of engineering, knowing the need for engineers to maintain a professional proficiency in a rapidly changing technology and advancing state of the art. Moreover, the effective development and application of technology depends on responsible judgments by professionals cognizant of the total needs of society and how technology affects people. Thus, the engineering graduate should have the academic background necessary for personal and professional growth. These goals determine the content of the undergraduate engineering program.

Because the engineer's work is predominantly intellectual and varied, and not of a routine mental or physical character, this program places emphasis on the mastery of a strong core of subject matter in the physical sciences, mathematics, and the engineering sciences of broad applicability. Woven throughout the pattern is a continuing study of the sociohumanistic facets of our civilization, because the engineering graduates must expect to find their best expression as leaders, conscious of the social and economic implications of their decisions.

Although the profession of engineering presents in practice a variety of specialties, undergraduate students initially focus their attention on a pattern of coursework emphasizing engineering fundamentals. Students then are able to utilize this knowledge of fundamentals in developing special knowledge in their areas of specific interest.

## Accreditation and Academic Association

The College of Engineering is a member of the American Society for Engineering Education, and all undergraduate engineering programs are fully accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology.

## Registration of Engineers

Registration of engineers is required for many fields of practice. The engineering graduate cannot acquire registration as an engineer immediately upon graduation; however, early application for the required state examination is advisable. Graduation from an accredited program such as San Diego State's facilitates registration as a professional engineer.

## Cooperative Education

Many engineering students need to work part time while going to school full time or part time. One option available to the students is to participate in a cooperative education program. Cooperative Education is a type of internship which enables students to supplement their academic programs with supervised professional experience in business, industry, or a governmental agency. What distinguishes the work experience identified as Cooperative Education is the formal agreement between the employer and the University that the job be academically related, appropriately supervised and evaluated, involve sufficient time (at least 20 hours of work per week for an academic term), and that the student be paid. College of Engineering students are eligible when they have declared their major, completed 30 total college units at SDSU (15 for transfer students), achieved at least a 2.5 GPA, and are recommended by their faculty adviser.

## Curricula Offered

Refer to the Courses and Curricula section of this catalog for a complete listing of program requirements and courses offered by departments within the College of Engineering.

### Doctoral Program

Engineering Sciences/Applied Mechanics

### Master's Degrees

Aerospace Engineering (M.S.), Civil Engineering (M.S.), Electrical Engineering (M.S.), Mechanical Engineering (M.S.)

### Bachelor's Degrees

Aerospace Engineering (B.S.), Civil Engineering (B.S.), Electrical Engineering (B.S.), Mechanical Engineering (B.S.)

### Minor

Engineering

## Research Centers

### Energy Engineering Institute

Hallil Güven, Director

The Energy Engineering Institute has supported educational and research activities in energy related areas since 1985. Undergraduate and graduate students and faculty from the mechanical engineering and electrical and computer engineering departments are involved in obtaining solutions to problems presented by industrial sponsors. Institute research projects cover a wide range of areas from optimizing energy resources to international energy studies.

### Computer Integrated Manufacturing (CIM) Center

George A. Mansfield, Jr., Director

Evolved from the Computer Aided Manufacturing Center established in 1987, the CIM Center is now involved with the entire range of activities in the manufacturing enterprise. Working with the College of Business Administration and the College of Professional Studies and Fine Arts, Mechanical Engineering faculty and students apply CIM concepts in more than 20 courses and do research on projects ranging from shop floor operations through engineering design to plant operations management. The CIM Center is supported by a large complement of donated IBM mainframe computers and workstations which augment existing SDSU CIM equipment. SDSU is thus a partner in a nationwide alliance of over 60 IBM-supported schools who provide training, education, demonstration, and research in computer integrated manufacturing.

# College of Health and Human Services

## Administration

Dean: Peter A. Dual  
Associate Dean: Dolores A. Wozniak  
Assistant Dean for Student Affairs: Li-Rong L. Cheng

## General Information

The mission of the College of Health and Human Services is to offer excellence, uniqueness, and opportunity in professional education in health and human service disciplines. The College of Health and Human Services consists of the following group of professional schools, departments, and centers: the Graduate School of Public Health, the Schools of Nursing and Social Work, the Departments of Communicative Disorders and Health Science, the Interdisciplinary Center for Health and Human Services, and the University Center on Aging.

The College of Health and Human Services faculty through close advising, teaching, and supervising offers students a balanced education of academic study, field placement, clinical experiences, and research opportunities. Thus, faculty and students share an understanding of the relationship between California's diverse populations and lifestyles and the challenge of improving the quality of the human condition. Therefore, the common goal of each of the College's professional programs is to assist students in developing competence in professional practice and research methods that develop their expertise to gather information, plan, and evaluate professional actions. This commitment to students produces alumni who will continue to work effectively with our professional schools and departments to preserve and promote the well-being of individuals, groups, and communities.

Bachelor of Arts, Bachelor of Science, Master of Arts, Master of Science, Master of Public Health, Master of Social Work, and the Ph.D. in Public Health degrees are conferred. In addition, students may receive national accreditation, state credential or state licensure, and national or state professional certification depending upon the program and the legal requirements and obligations for practicing the profession. All programs also provide continuing education for professionals already in the field.

## Curricula Offered

Refer to the Courses and Curricula section of this catalog for a complete listing of program requirements and courses offered by departments within the College of Health and Human Services.

### Doctoral Program

Public Health

### Master's Degrees

Communicative Disorders (M.A.), Nursing (M.S.), Public Health (M.P.H.), Social Work (M.S.W.).

### Bachelor's Degrees

Health Science (B.S.), Nursing (B.S.), Social Work (B.A.), Communicative Disorders (B.A.), Gerontology (B.A.).

### Minors

Communicative Disorders, Gerontology, Health Science, Social Work.

## Certificate Programs

Family Life Education, Gerontology, Human Services Paraprofessional, Preventive Medicine Residency, Professional Services Bilingual/Bicultural.

## Credential Programs

Clinical-Rehabilitative Services, Health Services, Special Education Specialist for the Communication Handicapped.

## Research Centers

### Interdisciplinary Center for Health and Human Services

Marla Roberts-DeGennaro, Director

The Interdisciplinary Center for Health and Human Services is a multidisciplinary training, research and service facility. It is located in the College of Health and Human Services, and its activities involve departments from all parts of the University. The Center promotes interdisciplinary educational and research opportunities for SDSU faculty and students.

Students from Communicative Disorders, Nursing, Psychology, Reading/Learning, and Social Work participate in the Center's Central Intake program. They learn the skills of interdisciplinary collaboration as well as those specific to their respective disciplines as they assess the behavioral, cognitive, communicative, educational and physical/mental health problems being experienced by clients of all ages. Central Intake is offered as a low-fee service to the San Diego community. In this, as well as in other Center programs, a high priority is placed on serving the needs of the ethnic minority and economically disadvantaged individuals and families.

The Center's Assistive Device Assessment Program provides language and cognitive assessments related to augmentative/assistive devices and systems. The Assistive Device Assessment Program is a multidisciplinary service which is oriented to the communicative, educational, physical, social, environmental and vocational needs of individuals who have physical disabilities.

These and other Interdisciplinary Center for Health and Human Services programs are used as vehicles for both experiential and didactic teaching. Lower division, upper division, and graduate students observe the clinical activities directly and/or on videotape as part of their preparation for professional practice.

Additional information about the Interdisciplinary Center for Health and Human Services programs is available at 594-6121.

### University Center on Aging

E. Percil Stanford, Director

The University Center on Aging is a multidisciplinary organization located in the College of Health and Human Services. The Center is active in such areas of aging as (1) supporting interdisciplinary educational and curriculum efforts; (2) undertaking research, demonstration, and evaluation activities; (3) providing technical assistance and agency consultation for the community; (4) coordinating workshops and seminars for faculty, students, and community members; and (5) providing opportunities for student involvement in aging activities on campus and the community. The Center has a commitment to include ethnic minority content in each area described.

The B.A. degree in gerontology is offered through the Center under the guidance of a multidisciplinary steering committee.

Efforts are made to work with a variety of disciplines to give students an opportunity to focus on gerontology. Courses pertaining to aging are being offered within Communicative Disorders, Physical Education, Psychology, Public Health, Social Work, Health Science, Sociology, Family Studies and Consumer Sciences, Anthropology, Recreation, Nursing, and Biology. Students wishing to organize a series of courses to meet their needs in the area of gerontology are encouraged to contact the Center Director or staff for more specific information on course offerings.

The Center is responsible for the coordination of a certificate program in conjunction with the College of Extended Studies. This program is geared toward individuals who are likely to be currently working in gerontologically related professions. In addition, the Center administers an undergraduate minor in gerontology.

Other major activities of the Center are the conducting of major research on health and functional status of the elderly, and the administering of a National Institute on Minority Aging, a national resource center for special aging populations, a geriatric education center (with UCSD), a summer Elderhostel program, and RAVE (Retired Active Volunteers in Education). The Center serves as a central point for the development and dissemination of minority aging data nationally.

# College of Professional Studies and Fine Arts

## Administration

Dean: Joyce M. Gattas  
Associate Dean for Budget and Planning: Darrell L. Pugh  
Assistant Dean for Academic Affairs: Anne-Charlotte Harvey  
Assistant Dean for Student Affairs: Carole A. Robasciotti  
Director of External Relations:

## General Information

Composed of 14 departments and schools, the College of Professional Studies and Fine Arts is a multifaceted college which offers students diverse educational opportunities coupled with interdisciplinary, internship, and participatory programs in several areas of study. The College's academic programs not only encourage intellectual development but help prepare students for professional careers in a wide spectrum of cultural, educational, social, economic, and technical fields.

Bachelor's degrees, and master's degrees in most disciplines, are awarded in art, drama, family studies and consumer sciences, industrial studies, journalism, music, physical education, public administration and urban studies, recreation, speech communication, and telecommunications and film.

Three ROTC programs (Air Force, Army, and Navy) which lead to commissioned officer status upon graduation are also offered.

The College reaches out to the community through its performing arts programs in art, drama, music, and dance. It is further involved with the community through sponsorship of an active intramural sports program and an adult fitness program - to name but a few areas of community service.

In addition, three research centers housed in the College allow students opportunities for firsthand research experience. They are the Center for Communications, the Institute of Public and Urban Affairs, and the Institute for Leisure Behavior.

A number of the instructional programs in the College have been accorded full five-year or ten-year national accreditation status.

## Curricula Offered

Refer to the Courses and Curricula section of this catalog for a complete listing of program requirements and courses offered by departments within the College of Professional Studies and Fine Arts.

### Master's Degrees

Art (M.A., M.F.A.), Child Development (M.S.), City Planning (M.C.P.), Drama (M.A., M.F.A.), Industrial and Technical Studies (M.A.), Mass Communication (M.S.), Music (M.A., M.M.), Nutritional Sciences (M.S.), Physical Education (M.A.), Public Administration (M.P.A.), Radio and Television (M.A.), Speech Communication (M.A.).

### Bachelor's Degrees

Art (B.A.), Child Development (B.S.), Criminal Justice Administration (B.S.), Dance (B.A.), Drama (B.A.), Foods and Nutrition (B.S.), Home Economics (B.A.), Industrial Technology (B.S.), Journalism (B.A.), Music (B.A., B.M.), Physical Education (B.A.), Public Administration (B.A.), Radio-Television (B.A., B.S.), Recreation Administration (B.A.), Speech Communication (B.A.), Urban Studies (B.A.).

## Minors

Aerospace Studies, Art, Art History, Child Development, Dance, Drama, Home Economics, Industrial Technology, Journalism, Military Science, Music, Naval Science, Physical Education, Public Administration, Radio-Television, Recreation, Speech Communication.

## Military Curricula

Aerospace Studies, Military Science, Naval Science

## Certificate Program

Family Life Education

## Research Centers

### Center for Communications

John P. Witherspoon, Director

The Center for Communications was established to develop and administer interdisciplinary research and planning projects concerned with the field of communication and with telecommunication technology, issues, and applications. Center projects are funded from grants and contracts with industry, government, education, and philanthropy. The Center seeks to stimulate recommendations for research from faculty members in participating departments; to conduct studies and planning projects relating to developments in the communications field, problems in communications, and applications of communications technology; to conduct conferences and seminars related to these areas; to examine methods by which the University can extend its reach by use of communications technology; and to develop cooperative enterprises in the communications field with other institutions in the San Diego area.

### Institute for Leisure Behavior

Gene G. Lamke, Director

The Institute for Leisure Behavior is the research and community service unit within the Department of Recreation at San Diego State University. It is primarily concerned with conducting leisure related research, promoting professional development, disseminating specialized publications, and organizing conferences, seminars, lectures and workshops.

The Institute is governed by a Board of Directors which, in turn, is advised by a group of thirteen individuals from park and recreation and related fields. The Advisory Council has been instrumental in providing valuable information to the Board concerning the needs and direction of the leisure services field.

The Institute administers a variety of service programs within San Diego County. Camp Able, an aquatic-based camp for disabled children and adults, operates ten weeks during the summer at Silver Strand State Beach. Camp Aztec, a full-service resident summer camp for children 9 to 14, operates near Lake Cuyamaca at Camp Wolahi. The city of Santee contracts with the Institute for a nonfee-based program at school sites for children 6 to 16. And the Spring Valley Park and Recreation District (San Diego County) contracts for recreation services from the Institute for all its residents.

The Institute continues to publish monographs focusing on important issues relative to leisure services delivery. These are available to

the public, as well as park and recreation practitioners. Research projects under the direction of the Institute focus on local, state, national, and international problems related to leisure and park/recreation services.

## Institute of Public and Urban Affairs

Louis M. Rea, Director

The Institute of Public and Urban Affairs is located in the School of Public Administration and Urban Studies. The Institute was established to conduct research in community and governmental affairs and to sponsor conferences, colloquia and symposia related to issues in public administration and affairs including urban planning, management and criminal justice administration. The Institute also publishes occasional working papers and research monographs. Selected students and faculty of San Diego State University staff the Institute. An integral part of the Institute is the Public Administration Center which contains a specialized and growing collection of research materials emphasizing issues in public affairs particular to San Diego and California.

# College of Sciences

## Administration

Dean: Donald R. Short, Jr.  
Associate Dean: James W. Neel  
Associate Dean: James W. Brown  
Associate Dean for External Relations: Gordon L. Shackelford  
Assistant Dean for Student Affairs: Celia L. Marshak

## General Information

The College of Sciences, composed of eight departments and various subprograms, offers bachelor's, master's, and doctoral degrees and curricula for preprofessional students in medicine, veterinary medicine and dentistry. The science curriculum is enhanced by research centers which provide field experience as well as special seminars with guest speakers. The off-campus sites include the Mt. Laguna Observatory, about 5,000 acres in three separate biological sciences research stations, and a marine research laboratory managed jointly with Hubbs Research Institute. The majority of tenured Sciences faculty have active research programs which offer student involvement.

## Curricula Offered

Refer to the Courses and Curricula section of this catalog for a complete listing of program requirements and courses offered by departments within the College of Sciences.

### Doctoral Programs

Biology, Chemistry, Clinical Psychology, Ecology

### Master's Degrees

Applied Mathematics (M.S.), Astronomy (M.S.), Biology (M.A., M.S.), Chemistry (M.A., M.S.), Computer Science (M.S.), Geological Sciences (M.S.), Mathematics (M.A.), Microbiology (M.S.), Physics (M.A., M.S.), Psychology (M.A., M.S.), Radiological Health Physics (M.S.), Statistics (M.S.)

### Bachelor's Degrees

Astronomy (B.S.), Biology (B.A., B.S.), Chemical Physics (B.S.), Chemistry (B.A., B.S.), Computer Science (B.S.), Environmental Health (B.S.), Geological Sciences (B.S.), Mathematics (B.A., B.S.), Microbiology (B.A., B.S.), Physical Science (B.A.), Physics (B.S.), Psychology (B.A.)

### Minors

Astronomy, Biology, Chemistry, Computer Science, Elementary Mathematics and Science for Liberal Studies Options 2 and 3, Energy Studies, Geological Sciences, History of Science and Technology, Mathematics, Oceanography, Physics, Psychology.

### Certificate Programs

Introductory Mathematics, Recombinant DNA Technology, Single Subject Mathematics.

### Other Curricula

Allied Health, Medical Technology and Public Health, Pre dental, Pre medical, Pre veterinary.

## Research Centers

### The Edwin C. Allison Center for the Study of Paleontological and Geological Sciences Ian M. Johnston, Director

The Allison Center has supported research in paleontology, geology and related sciences since 1972. The Center maintains a research library containing journals, reprints, textbooks, and copies of master's theses and senior theses completed in the Geological Sciences. In addition, the Center houses a collection of fossil and recent vertebrates, invertebrates, and plants. Research space is available for students, faculty, and visiting scholars. Small grants, other funds, and equipment are available to students and faculty for research projects. The Center also publishes reports of various types containing geological information related to the southern California and northern Baja regions.

### Center for Behavioral and Community Health Studies John P. Eider and Alan J. Litrownik, Co-Directors

The Center for Behavioral and Community Health Studies is housed at 6363 Alvarado Court. The Center, formerly known as The Center for Behavioral Medicine, was established in 1982 for the purpose of promoting research and academic programs relevant to the applications of behavioral science principles to medicine and health care. Administratively, the Center has two co-directors who report to the deans of the College of Sciences and the College of Health and Human Services. The interdisciplinary center encourages participation from all of the University colleges and departments. Currently, active investigators come from the Departments of Health Science, Physical Education, Psychology, and the Graduate School of Public Health. Current Center projects involve collaboration between scientists and physicians from a variety of specialties as well as a variety of other institutions, including Scripps Clinic and Research Foundation, the University of California, San Diego Medical Center, and the Children's Hospital and Health Center. Funding for the Center comes from federal and private foundation grants including several National Institutes of Health agencies. Current sponsors include the National Heart, Lung and Blood Institute, the National Institutes on Aging, the National Institutes on Arthritis, Musculoskeletal and Skin Disorders, the National Cancer Institute, the Henry J. Kaiser Family Foundation, the Arthritis Foundation, the State of California Department of Health Services, and the National Science Foundation.

The Center has a commitment to provide important research experience to students who intend to pursue related careers and offers opportunities for project staff and graduate students involved in several training programs to participate in community interventions. Recently, the Center was designated by the Centers for Disease Control as a specialized center for health promotion and disease prevention (one of thirteen in the U.S.).

### Biological Field Stations John D. Tenhunen, Director

SDSU operates three field sites to facilitate research and teaching in the chaparral and related ecosystems of San Diego County. These field sites, administered by the College of Sciences, support interdisciplinary research and educational activities in ecology and other areas of biology, soils, hydrology, geology, physics, geography and anthropology.

The field sites are the 4460-acre Santa Margarita Ecological Reserve near Temecula, the 4400-acre Sky Oaks Biological Research Station in Chihuahu Valley north of Warner Springs, and the 500-acre Fortuna Mountain Ecological Reserve north of Mission Gorge Road in San Diego.

The Santa Margarita Ecological Reserve, currently the focus of a major masterplanning effort, maintains laboratory and dormitory facilities, experimental plantings, and weather stations. The site provides a mosaic of riparian vegetation, oak woodlands, grasslands, coastal sage scrub, chamise chaparral, and mixed chaparral. While stands of older chaparral exist, much of the chaparral vegetation is young, having been burned in the 1969 Walker Basin fire. Abundant wildlife exists and the Santa Margarita River, a perennial stream, offers stream and riparian habitat for study.

The Sky Oaks Biological Research Station is adjacent to the Anza Borrego State Park, Cleveland National Forest, BLM lands, and private land. The proximity of these lands provides many research and teaching opportunities. This site offers a diversity of community types, including red shank-chamise chaparral, mixed chaparral, oak woodlands, grasslands, riparian communities, and pines. Most of the chaparral is old, having been burned in the 1927 fire, but aged communities of 2 and 85 years also exist on the property.

Students and faculty wishing to conduct research at one of the biological field sites or to use these areas for instructional purposes should contact the director through the campus Biological Field Stations office at 594-2862. Reports describing the ecology and development of the Santa Margarita and Sky Oaks sites are available.

### Center for Effective Organizations Robert Penn, Director

The Center for Effective Organizations was established to conduct applied research and development studies having the primary goal of improving human performance in public and private sector organizations. It focuses on the processes and strategies that enhance productivity and organizational effectiveness. In this context, organizational failures as well as successes are studied.

The Center also conducts evaluations of existing and planned programs and interventions designed to improve organizational performance.

The Center organizes symposia and conferences aimed at appraising the industrial, business, and governmental communities of the most recent developments pertinent to its mission.

Graduate students are afforded opportunities to participate in the research efforts as well as to gain important experiences that should be career enhancing. Additional information is available by calling 594-6680.

### Center for Energy Studies Alan R. Sweedler, Director

The San Diego State University Center for Energy Studies (CES) facilitates, promotes and supports research and academic programs relating to energy, with particular emphasis on energy matters of concern to the San Diego and local southwest region. The Center encourages interdisciplinary research and instructional programs in the broad areas of energy modeling, technology assessment of energy systems, local energy policy planning and data collection relating to energy usage in the San Diego area. Research in specific energy technologies is also carried out by various faculty who are members of the Center. SDSU offers through the Center an interdisciplinary minor in energy studies. Completion of the minor will give the student a broad understanding of the technical, economic, social, and political aspects of energy issues. For more information call the Center at 594-6240 or 594-6155. The Center works closely with local and state agencies concerned with energy policy and planning, and serves as a community resource in matters concerning local energy issues. The Center is located in the College of Sciences and administered by an executive committee consisting of faculty from the Colleges of Sciences, Engineering, Arts and Letters, and Professional Studies and Fine Arts.

### Institute for International Security and Conflict Resolution

Alan R. Sweedler and Dipak Gupta, Co-Directors

The SDSU Institute for International Security and Conflict Resolution (IISCOR) encourages and facilitates teaching and research in the interdisciplinary area of international security and conflict resolution. Specifically, topics such as superpower confrontation, nuclear armaments, international conflict, sociopolitical violence, and global environmental issues as they relate to security are covered.

The Institute is a joint effort of the Colleges of Sciences, Arts and Letters, and Professional Studies and Fine Arts. IISCOR is administered by two co-directors, advised by an executive committee consisting of faculty members representing the different disciplines that provide input into the study of international security and conflict resolution.

The Institute promotes teaching and research by organizing public forums, faculty and student seminars, developing appropriate curricula for undergraduate and graduate instruction and facilitating research and scholarly activities. Students and faculty can obtain more information by calling the IISCOR office at 594-4352.

### Center for Marine Studies James H. Mathewson, Director

The Center for Marine Studies provides a focus for oceanography and marine studies at SDSU. The Center assists departments within the University in the development of instructional, research, and public service aspects of ocean-oriented programs and provides special supporting services including advising students, assistance to faculty and students in research, preparation of manuscripts, operation of the SDSU Marine Laboratories and boats at Mission Bay and at Carlsbad, and liaison with other institutions and the community. The Center is operated as a special unit of the College of Sciences and is administered by a director and an executive committee consisting of faculty members elected from participating departments. Additional information about marine studies is available from the Center for Marine Studies office in CG-403, or from the office of the Dean of the College of Sciences.

### Center for Research in Mathematics and Science Education Sandra P. Marshall, Director

The Center for Research in Mathematics and Science Education (CRMSE) is an interdisciplinary consortium of faculty interested in the research on substantive questions related to the learning and teaching of science and mathematics. The Center currently has members from the faculties of Mathematical Sciences, Natural Science, Psychology, Teacher Education, and Physics. It is administered by a director appointed by the dean of the College of Sciences and an associate director appointed by the dean of the College of Education. Through its activities, CRMSE initiates, encourages, and supports the scholarly pursuit of important theoretical and applied problems in mathematics and science education. CRMSE supports faculty in their current research projects and in the preparation of manuscripts for publication and grant proposals for continued research. The Center also provides information and guidance to students intending to pursue graduate degrees or careers in mathematics or science education. CRMSE works closely with local, state, and national groups concerned with these issues. The Center is located at 6475 Alvarado Road, Suite 206; telephone 594-5090.

### Molecular Biology Institute A. Stephen Dahms, Director Sanford I. Bernstein, Associate Director

The Molecular Biology Institute was established to serve interested departments of the biological and physical sciences in the coordination, support and enhancement of research and instruction in the molecular biological sciences. Interests and activities of the MBI encompass all approaches which aim to explain biology at the

molecular level. Currently, full members of the Institute are drawn from the Departments of Biology and Chemistry and participate in the respective Ph.D. programs. Associate members are drawn from a variety of disciplines that are cognate with the molecular biological sciences. The Institute is also constituted as the University unit authorized to administer the master's degree program with an emphasis in molecular biology. The research programs of the MBI members are supported by a variety of agencies including the National Institutes of Health, the National Science Foundation, NASA, the American Heart Association, the American Diabetes Association, the Muscular Dystrophy Association, Sea Grant (NOAA), the Department of Energy, the US Department of Agriculture, and the California Metabolic Research Foundation. Additional information is available from the MBI office, CG-403; telephone 594-2822.

**Paleobiology Council**  
**Richard D. Estes, Director**

The Paleobiology Council is an interdisciplinary research and teaching group concerned with exploration of the fossil record. It is composed of faculty members from the Departments of Biology and Geological Sciences and the San Diego Natural History Museum. Students interested in pursuing an interdisciplinary Special Major leading to an M.A. in Paleobiology may do so under the direction of the committee.

**Survey Research**  
**Oscar Kaplan, Director**

The Center for Survey Research was established to encourage nonprofit research in the sample survey field. The Center is prepared to undertake surveys requested by government or nongovernment organizations, and to do fieldwork on a local, state or national basis.

Faculty members who wish to submit applications for off-campus support in survey research in the name of the Center may do so, upon approval of the project by the Center's advisory committee. The Center is administered by a director.

**Systems Ecology Research Group**  
**James R. Reynolds, Director**

The Systems Ecology Research Group (SERG) is an interdisciplinary research group established by the College of Sciences to conduct basic research and promote graduate education in ecosystem science. Members include faculty from the Departments of Biology, Mathematical Sciences, and Geography. Group expertise exists in plant and animal ecology, landscape ecology, micrometeorology, microbial ecology, soil science, community and statistical ecology, image processing and remote sensing, geographical information systems, computer science, applied mathematics, and simulation modeling. At present, major emphasis is on integrated research projects in desert, arctic tundra, and chaparral ecosystems with research on numerous aspects of soil ecology, ecosystem disturbance and reclamation, and ecosystem response to global climate change. Studies include plant production and water relations, phenology and population dynamics, herbivory, nutrient cycling, movement of genetically engineered microorganisms, and the effects of global increases in atmospheric carbon dioxide on plants and terrestrial ecosystems. Funding for research support is provided by both national and state agencies such as the National Science Foundation, U.S. Department of Agriculture, U.S. Environmental Protection Agency, U.S. Forest Service, U.S. Department of Energy, and the California Department of Transportation. Additional information may be obtained at the SERG office, second floor, Physical Sciences, or by calling 594-5976.

# Imperial Valley Campus

## Administration

Dean: David Ballesteros  
 Associate Dean: Harry Polkinhorn  
 Associate Dean: Dana W. Murphy  
 Assistant Dean for Student Affairs: Cynthia D. Flores  
 Director of Library Services: Reynaldo Ayala  
 Academic Specialist: Kathleen Russum  
 Business Manager: Emma Arguelles Odegard

## Faculty

Emeritus: Baldwin, Erzen, Franklin, Harmon, J., King, Lovely, Rodney, Smith, Spencer, Wilson  
 Professors: Ayala, Polkinhorn  
 Associate Professors: Balch, P.M., Dunn, Polich, Reyes, Ryan, Shenas, Simon, Varela-Ibarra  
 Assistant Professors: Cuellar, Hill, Stampfl  
 Lecturers: Akers, Anderholt, Angelo, Armenta, Balch, P.E., Blumberg, Bowen, Briggs, Brown, Carpenter, Carrasco, Contreras, Fasler, Fragale, Felender, Galaz-Fontes, Gomez-Montero, Gonzalez, Henderson, Hill, J., Holt, Jacklich, Jaffe, Larsson, Lazer, Livingston, Murray, Neumeyer, H., Nunn, Perry, Puddy, Quattrociocchi, Quintana, Ramirez, Rodriguez, Rousseau, Ruiz, Shaver, Shinn, Stalnaker, Travis

## General Information

The Imperial Valley Campus is a two-year upper-division campus of San Diego State University serving the desert area of southeastern California. It is accredited as an integral division of SDSU and operates under the same academic calendar. Established in 1959 by an act of the State legislature, the campus is located in the Imperial Valley on the Mexican border in the city of Calexico. Offering only the last two years of undergraduate education as well as a fifth year credential program for teacher preparation and occasional M.A. programs, the campus accepts transfer students, from community colleges or other colleges, who have at least 56 units. As a small campus with a low student/faculty ratio, the Imperial Valley Campus offers students the advantages of small classes and individual contact with the faculty. Instructional television (ITFS) provides students in Calexico the opportunity to participate in some classes broadcast live from the main campus in San Diego. The Imperial Valley Campus schedules its classes to meet once a week in three-hour blocks so that students who work full time can earn 9-12 units a semester by attending classes once or twice a week. Classes are also offered on the weekends.

The location on the Mexican border provides the opportunity for involvement in a bicultural environment. There are many opportunities to participate in the cultural life of Mexicali, just across the border, a city of more than 800,000 people. There are also many opportunities on the U.S. side of the border to be involved in a bilingual/crosscultural setting. There is an exchange program for students between the Imperial Valley Campus and the Universidad Autonoma de Baja California which allows students to take classes at either of the participating universities and receive credit at their home institution. Among the faculty are professors with Latin American emphases in history, geography, sociology, and Spanish. The faculty is also augmented with other Latin American specialists from Mexico and from the San Diego campus.

The Imperial Valley is one of the richest agricultural centers in the country. It has a desert climate with mild winters and little rainfall. Because of this, the area has a great potential for the development of

alternative energy sources. Geothermal energy is already being produced in the area and solar and wind energy are both potentially important sources for future development. The desert also offers the opportunity to study a fragile ecological environment. Highly significant archaeological discoveries have been made in the area and there is continuing archaeological fieldwork.

## Curricula Offered

### Degrees

- Major in criminal justice administration with the B.S. degree in applied arts and sciences.
- Major in English with the B.A. degree in liberal arts and sciences.
- Major in history with the B.A. degree in liberal arts and sciences.
- Major in Latin American studies with the B.A. degree in liberal arts and sciences.
- Major in liberal studies with the B.A. degree in applied or liberal arts and sciences.
- Major in psychology with the B.A. degree in liberal arts and sciences.
- Major in public administration with the B.A. degree in applied arts and sciences.
- Major in social science with the B.A. degree in liberal arts and sciences.
- Major in Spanish with the B.A. degree in liberal arts and sciences.
- Minor in public administration.
- Minor in small business management.

Occasionally, the Imperial Valley Campus, in cooperation with academic units and the Graduate Division of the San Diego campus, offers selected graduate programs leading to advanced degrees and credentials. Such programs, scheduled on a part-time basis for working professionals, have been offered for the Master of Arts degree in Education with a concentration in Multicultural Education and in Administration and Supervision, and for the Bilingual/Cross-Cultural Specialist and Special Education Specialist credentials; these have been provided through cooperative arrangements with the College of Education. A similar program, provided by the School of Social Work, offers a course of graduate study leading to the Master of Social Work degree. A program leading to a Master of Science degree in Counseling is also available.

### Certificate Programs

Art, Business Administration, Public Administration, Spanish Court Interpreting, Spanish Translation Studies

### Teaching Credentials

- Basic: Multiple Subject, Multiple Subject (bilingual emphasis), Single Subject
- Specialist: Bilingual/Cross-cultural — in conjunction with the College of Education
- Administrative Services — in conjunction with the College of Education
- Pupil Personnel Services — in conjunction with the College of Education

For further information, see the Bulletin of the Imperial Valley Campus.

## Facilities

The campus is located on an eight-acre city block in the heart of Calexico's Civic Center, across from Rockwood Plaza. Originally, this was the site of Calexico's first high school, and some of the campus buildings, including Rodney Auditorium, are part of the original school structures. In 1980 the Legislature approved funding to construct a new classroom building and a library media center which was dedicated in February 1983.

The library, located in the center of campus, is designed to facilitate research and to provide a pleasant atmosphere for study. It features open stacks and a variety of study areas including carrels, large tables, and comfortable, upholstered chairs. The collection of over 50,000 volumes supports the curricula offered on the Imperial Valley Campus and includes a large bicultural collection. The library receives over 500 periodical and serial titles as well as a significant collection of microfilm and microfiche resources. Among the services provided library patrons are reference assistance, photocopying machines for print and microforms, typing rooms, interlibrary and intercampus loans, and computerized information retrieval.

The Media Center provides assistance to the faculty in the use of educational technology. It has a wide range of equipment for use in the classroom. A modern language laboratory, computer laboratory, and tutoring center are available to the campus community.

A student union, bookstore, administration, student services, faculty office, and shop buildings complete the facilities on the campus.

## Admission and Registration

To apply for admission to the Imperial Valley Campus, students must file a complete application and transcripts as outlined elsewhere in this catalog. Both completed application forms and transcripts should be sent to the Admissions Office, San Diego State University, Imperial Valley Campus, 720 Heber Avenue, Calexico, California 92231. Please telephone (619) 357-5500 for further information. Applications for admission to the campus are accepted through registration week for both the fall and spring semesters. Because of the size of the campus, the registration process is easily accomplished in a short period of time with little chance of classes closing.

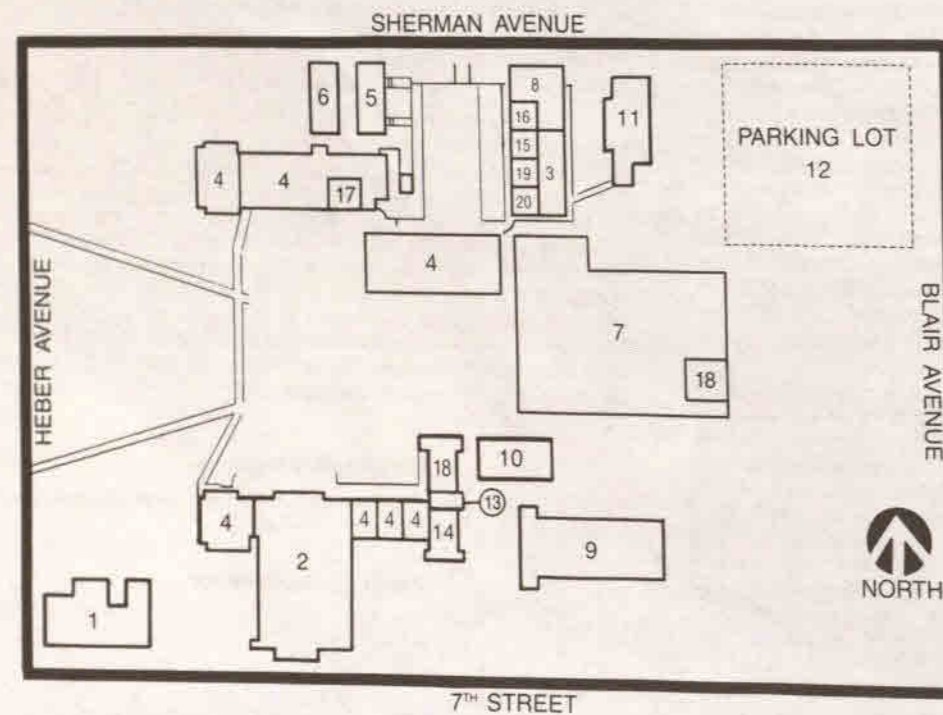

## Scholarships

The Imperial Valley Campus awarded \$8,000 in scholarships for the 1989-90 academic year. Information and applications for scholarships are available from the Office of Student Affairs. Following is a list of scholarships established at Imperial Valley Campus:

American Business Women's Association; Dean's Endowment; Delta Kappa Gamma; Holtville Rotary; Imperial Valley Campus faculty and staff; Imperial Valley Campus Fund; Jerry Pennington; Phi Delta Kappa; San Diego Campus Scholarship; SDSU Alumni & Associates; Imperial Valley Campus Chapter; Soroptomists International, Calexico.

## Commencement

The Imperial Valley Campus holds its own commencement exercises each spring, the day before commencement exercises on the San Diego campus.

# North County Center

## Administration

Dean: Patricia Huckle  
Assistant Dean for Administration: Ivalee M. Clark  
Assistant Dean for Student Affairs: Sandra R. Kuchler  
Coordinator of Student Services: Sandra L. Punch  
Coordinator of Library Services: Bonnie Biggs

Graduation and academic requirements for degree programs offered at North County Center are identical to main campus requirements. Faculty teaching at North County Center are regular full-time SDSU faculty and part-time faculty selected by departments on the basis of their academic preparation and teaching experience.

## General Information

San Diego State University, North County Center was established to assist individuals living in northern San Diego, southern Orange, and Riverside counties in meeting their academic objectives. Establishment of the campus was approved by the State Legislature and the Governor in the summer of 1979. The first North County Center classes were offered in September 1979. The last classes at North County Center will be offered in spring 1992. SDSU students needing further courses to complete a degree may enroll at the main campus.

Courses are at the upper division and graduate levels. Lower division academic work will be provided by local community colleges. San Diego State University, North County Center is located at 800 West Los Vallecitos Boulevard, San Marcos, California.

## Curricula Offered

- Major in economics with the B.A. degree in liberal arts and sciences.
- Major in English with the B.A. degree in liberal arts and sciences.
- Major in liberal studies, option 2, with the B.A. degree in applied arts and sciences.
- Major in liberal studies, option 3, with the B.A. degree in liberal arts and sciences.
- Major with the B.S. degree in business administration in the following fields: accounting and management.
- Major in psychology with the B.A. degree in liberal arts and sciences.
- Major in public administration with the B.A. degree in applied arts and sciences.
- Major in social science with the B.A. degree in liberal arts and sciences.
- Major in sociology with the B.A. degree in liberal arts and sciences.
- Master of Arts degree in education with a concentration in educational administration and/or administrative services credential.
- Master of Arts degree in education with a concentration in educational technology, specialization in educational computing.
- Multiple subject teaching credential.
- Single subject teaching credential.
- Certificate in instructional technology.

In addition, extensive course offerings pursuant to majors in computer science, economics, English, sociology, and Spanish are available at North County Center. Coursework pursuant to Master of Arts degrees in education with concentrations in elementary curriculum and instruction, secondary curriculum and instruction, multicultural education, reading education, and special education is also available.

## Admission and Registration

To attend classes at San Diego State University, North County Center, students must file a complete application and transcripts as outlined elsewhere in this catalog and be admitted to San Diego State University. Upon admission to the University, students may register for classes at SDSU, at North County Center, or both.

Students may register for North County Center classes by using the mail registration procedures or by registering in person at North County Center prior to the start of classes. See the current Class Schedule for registration dates.

## Student Services

In addition to on-site registration and payment of fees, student services provided at North County Center include academic advising, career counseling, veterans benefit information, financial aid information, testing, health services, library services, student activities organizations, disabled student services, and a bookstore.

## Fees

Fees for courses offered at North County Center are the same as those charged on the main campus. For specific information, see the Schedule of Fees in this catalog.

# Academic Divisions and Special Programs

Division of  
Undergraduate Studies

Graduate Division

Nondegree Curricula

Preprofessional Programs

Certificate Programs

# Division of Undergraduate Studies

## Objectives and Functions

The Division of Undergraduate Studies serves to provide coordination and evaluation of the undergraduate programs at San Diego State University. It has general responsibility for the undergraduate curriculum and for academic standards and regulations that affect undergraduate students.

The Division has a special concern and responsibility for academic programs of a University-wide character. It administers the University Honors Program and Honors Exchanges, CSU International Programs, Cooperative Education, and the Servicemembers' Opportunity College. In addition, it sponsors the Liberal Studies majors.

Innovation contributes to the vitality of the University. The Division encourages and assists faculty in the development of new perspectives, programs, and curriculum, and in the preparation of grant proposals for academic improvement.

On significant matters of University-wide concern, the Division of Undergraduate Studies submits proposals to the University Senate for consideration and action.

Above all, the Division of Undergraduate Studies exists to promote the quality, diversity, and richness of the undergraduate programs at San Diego State University. It does so through the active involvement of students and faculty in the programs of the Division.

## Honors Program

### University Honors Program

The University Honors Program provides opportunities for students with demonstrated academic ability to find the stimulation and challenge that will help them develop their potential. The program offers courses which meet the General Education requirements common to all students; it does not offer work in specific majors. Students should anticipate enrolling in at least two honors courses each year, drawing their other work from the regular offerings of the University. The program is open to students in all majors, and involves small classes, special advising in both academic requirements and career options, opportunity for independent projects, and participation in student exchanges with similar programs across the nation.

Students may apply by contacting the Division of Undergraduate Studies (AD-223) at entrance, or during the first year at college. Eligibility at entrance is determined by an SAT score of approximately 1100 or above (ACT 26), or a high school GPA of 3.6, including successful completion of advanced high school courses; later eligibility is determined by a superior GPA at this University.

### Departmental Honors Courses

Some departments regularly offer honors classes which are independent of the University Honors Program; for these eligibility is determined according to achievement in the particular field. Students should consult the Class Schedule for such honors classes and contact the department or instructor for information.

## Cooperative Education Program

San Diego State University's Cooperative Education program is designed to provide students with work experience directly related to their academic fields of study and career objectives.

Cooperative Education offers students the opportunity to enhance and extend their on-campus study with periods of supervised half-time or full-time off-campus paid employment. Students recommended by their academic departments to participate in the Cooperative Education program work directly with professionals in their fields. Place-

ments are screened to assure students an opportunity to apply their educational knowledge and skills at an appropriate level and to acquire experience directly related to their future education. Students who participate in this program gain marketable knowledge, receive competitive wages, gain new insights into their proposed careers and the workplace, and develop maturity and confidence in their abilities.

While learning is the primary objective of Cooperative Education, the program is also a method through which students can finance a portion of their education. In addition, Cooperative Education students are likely to be hired at a higher rate of pay than graduates who are making their initial entry into the job market. Furthermore, professional contacts made through a Cooperative Education placement are especially beneficial to students who wish to expand their employment opportunities upon graduation.

Students with a GPA of 2.5 in engineering or a 2.0 or higher in any other major who have completed fifteen San Diego State units or thirty semester transfer units are eligible to begin the Cooperative Education internship search process. The Cooperative Education program provides assignment opportunities primarily with employers located in the San Diego area; however, placement is not limited to the San Diego region. The program is continually seeking new business, industry, and government contacts in order to provide appropriate internship placements for interested students.

During the Cooperative Education work experience, a student receives evaluations by an immediate supervisor and by a faculty member from the student's department or college. The student may also earn credit for academic work integrated with the internship arranged in advance with a faculty member in the student's major department. Transcript notation also is available for students who successfully complete the internships.

San Diego State's goal is to enable all students who desire to do so to benefit from this unique educational program. Additional information regarding the program may be obtained from the Cooperative Education registry.

## CSU International Programs

Now in its twenty-sixth year of continuous operation, The California State University (CSU) International Programs offers students the opportunity to continue their studies overseas for a full academic year while they remain enrolled at their home CSU campus. The International Programs' primary purposes are to enable selected students to gain a firsthand understanding of other areas of the world and to advance their knowledge and skills within specific academic disciplines in pursuit of established degree objectives. Since its inception, the International Programs has enrolled nearly 9,500 CSU students.

A wide variety of academic majors may be accommodated by the 34 foreign universities cooperating with the International Programs in 16 countries around the globe. The affiliated institutions are the University of Queensland (Australia), the University of São Paulo (Brazil); the Universities of the Province of Quebec (Canada); the University of Copenhagen (through Denmark's International Student Study Program); the University of Provence (France); the Universities of Heidelberg and Tübingen (Germany); the Hebrew University of Jerusalem (Israel); the University of Florence (Italy); Waseda University (Japan); the Iberoamericana University (Mexico); Massey University and Lincoln University College (New Zealand); the Catholic University of Lima (Peru); National Chengchi University (Republic of China/Taiwan); the Universities of Granada and Madrid (Spain); the University of Uppsala (Sweden); Bradford, Bristol, Sheffield, and Swansea universities, and Kingston Polytechnic (the United Kingdom). Information on academic course offerings available at these locations may be

found in the International Programs Bulletin which may be obtained from the International Programs representative on campus.

To be selected to participate, students must have upper division or graduate standing at a CSU campus by the time of departure, must have a cumulative grade point average of 2.75 or 3.00 (depending on the program) for all college level work completed at the time of application, and must have completed required language or other preparatory study where applicable. Selection is competitive and is based on home campus recommendations and the applicant's academic record. Final selection is made by the Office of International Programs in consultation with a statewide faculty selection committee.

The International Programs pays all tuition and administrative costs overseas for each of its participants to the same extent that such funds would be expended to support similar costs in California. Students assume responsibility for all personal costs, such as transportation, room and board, and living expenses, as well as for home campus fees. Because they remain enrolled at their home CSU campus while studying overseas, International Programs students earn full resident credit for all academic work completed while abroad and remain eligible to receive any form of financial aid (other than work-study) for which they can individually qualify.

Information and application materials may be obtained from the Division of Undergraduate Studies (AD-223) or by writing to The California State University International Programs, 400 Golden Shore, Long Beach, California 90802-4275. Applications for the 1991-92 academic year overseas must be submitted by February 1, 1991.

## International Study Courses

San Diego State University provides the opportunity for students enrolled in The California State University International Programs to receive credit for special study or for subjects taken at universities abroad. The numbers 200, 400, and 500 are used to designate lower division, upper division, and upper division also acceptable for graduate credit. Transcript designation will be **IS 200, 400, 500**.

### IS 200, 400, 500. Projects in Study Abroad

(Subject to be designated by Overseas Resident Director, International Programs) (1-6) I, II

Prerequisite: Open only to students in The California State University International Programs.

Coursework taken by students studying abroad under the auspices of the CSUIP. May be repeated with different content.

# Graduate Division

## Organization and Administration

All graduate work leading to advanced degrees is under the jurisdiction of the Graduate Division. Responsibility for all graduate curricula is delegated to the Graduate Council under the chairship of the Graduate Dean, who also serves as the administrative officer of the Graduate Division.

The Graduate Division admits all students to the University and to authorized graduate degree curricula, determines students' eligibility to continue in such curricula and, in the cases of unsatisfactory performance, requires students to withdraw from graduate curricula and the University.

The Graduate Dean is the appropriate University authority for the administration of all matters related to graduate degree curricula, minimum requirements for which are specified in Section 40510 of the *California Code of Regulations*.

## Association Membership

San Diego State University is a member of the Western Association of Graduate Schools and the Council of Graduate Schools in the United States.

## Degrees Offered

All master's degrees are conferred by the Trustees of The California State University upon recommendation of the faculty of San Diego State University. These degree programs are designed to provide instruction for graduate students in the liberal arts and sciences, in applied fields, and in the professions including the teaching profession.

Doctoral degrees are awarded jointly by the Board of Regents of the University of California and the Board of Trustees of The California State University in the names of San Diego State University and the cooperating campus of the University of California; in Education, jointly by the Board of Trustees of The California State University and the Board of Fellows of the Claremont Graduate School.

### Doctor of Philosophy

The Doctor of Philosophy degree is offered in the following fields:

Biology	Education
Chemistry	Engineering sciences/
Clinical psychology	Applied mechanics
Ecology	Public health

### Master of Arts

The Master of Arts degree is offered in the following fields:

American studies	French	Physical education
Anthropology	Geography	Physics
Art	History	Political science
Asian studies	Industrial and technical studies	Psychology
Biology	Latin American studies	Radio and television
Chemistry	Liberal arts	Russian
Communicative disorders	Linguistics	Sociology
Drama	Mathematics	Spanish
Economics	Music	Special major
Education	Philosophy	Speech communication
English		

### Master of Science

The Master of Science degree is offered in the following fields:

Accountancy	Civil engineering	Nursing
Aerospace engineering	Computer science	Nutritional sciences
Applied mathematics	Counseling	Physics
Astronomy	Electrical engineering	Psychology
Biology	Geological science	Radiological health physics
Business administration	Mass communication	Rehabilitation counseling
Chemistry	Mechanical engineering	Special major
Child development	Microbiology	Statistics

### Master of Business Administration

### Master of City Planning

### Master of Fine Arts in Art

### Master of Fine Arts in Creative Writing

### Master of Fine Arts in Drama

### Master of Music

### Master of Public Administration

### Master of Public Health

### Master of Social Work

## Nondegree Postbaccalaureate Study

In addition to specific programs of graduate study, the Graduate Division offers to individuals holding a bachelor's degree the opportunity to pursue postbaccalaureate study for reasons other than acquiring an advanced degree, credential, or certificate. By selecting from the variety of academic experiences provided by the seven colleges of the University, the postbaccalaureate student may seek to satisfy intellectual curiosity, upgrade professional skills, or perhaps prepare for a change in career.

Not bound by a prescribed course of study or a time limit, the postbaccalaureate student is eligible to enroll in all courses for which he or she meets the prerequisites. Additionally, the minimum grade point average requirement as well as greater choice in the selection of grading systems (such as opting for "credit" grades or "audit") gives the postbaccalaureate student more academic flexibility than students seeking degrees.

Enrollment in postbaccalaureate status does not preclude a student from later admission to a degree program. Often some of the coursework completed as a postbaccalaureate student can be applied toward an advanced degree, subject to the requirements of the particular degree program and the regulations of the Graduate Division.

Further information about nondegree postbaccalaureate study may be obtained by contacting the Graduate Division.

## Admission to Postbaccalaureate Study

Admission to San Diego State University for postbaccalaureate study is open to those applicants judged by the University to be fully qualified and to those who can benefit from the experience. The requirements listed below are the minimum required for admission to the University. For many programs, the departments have established additional requirements. Potential applicants should refer to the *Graduate Bulletin* under the departmental listings. Students are also advised to contact the departmental offices as soon as graduate work is contemplated in the final baccalaureate year for advice as to how to proceed. Some departments stop reviewing applications earlier than others because of the limited space available.

## Application Procedures

All applicants for postbaccalaureate study (e.g., advanced degree applicants, those seeking credentials or certificates, and those interested in taking courses for personal or professional reasons, etc.) must file a complete application within the appropriate filing period. **Second baccalaureate degree candidates should apply as undergraduate degree applicants.** A complete application for postbaccalaureate study includes all of the materials required for undergraduate applicants plus the supplementary graduate admissions application. Postbaccalaureate applicants, including those who completed undergraduate degree requirements and were graduated from this University, are also required to complete and submit an application and the \$55.00 nonrefundable application fee. Since applicants for postbaccalaureate programs may be limited to the choice of a single campus on each application, redirection to alternative campuses or later changes of campus choice will be minimal. In the event that a postbaccalaureate applicant wishes to be assured of initial consideration by more than one campus, it will be necessary to submit separate applications (including fees) to each. Applications may be obtained from the Admissions and Records Office or the Graduate Division of any California State University campus.

## General Admission Requirements

All applicants for any type of postbaccalaureate study at San Diego State University must: (a) hold an acceptable baccalaureate degree from an institution accredited by a regional accrediting association or have completed equivalent academic preparation as determined by the Graduate Dean; (b) have attained a grade point average of at least 2.5 (when A equals 4) in the last 60 semester (90 quarter) units attempted; and (c) have been in good standing at the last institution attended. Applicants who do not qualify for admission under provisions (a) and (b) may be admitted by special action if the Graduate Dean determines that there is other academic or professional evidence sufficient to merit such action. **Each department or school offering an advanced degree program reserves the right of determining the admissibility of any student to that program even though the student may meet the general requirements for admission to postbaccalaureate study.**

Members of the faculty of San Diego State University holding appointments at or above the rank of instructor or lecturer may not be candidates for degrees at this University. Faculty may register for courses as postbaccalaureate unclassified students.

## Admission Categories

All applicants seeking admission to postbaccalaureate study at San Diego State University must apply and be accepted in one of the following categories:

### Postbaccalaureate Standing (Unclassified)

A student wishing to enroll in courses at the University for personal or professional reasons, but not necessarily with an objective of an advanced degree or credential, may be considered for admission with postbaccalaureate standing (unclassified) when the student meets the criteria specified under General Admission Requirements. Admission with postbaccalaureate standing (unclassified) does not constitute admission to, or assurance of consideration for admission to, advanced degree curricula.

A student who is enrolled in the University with postbaccalaureate standing may request acceptance into an advanced degree curriculum with graduate standing (classified or conditionally classified). Applications for such continuing students are available from the Graduate Division. Reports of the GRE General test scores must be on file at the University before continuing students may apply for graduate standing (classified).

### Postbaccalaureate Standing (Classified)

A student wishing to be admitted to a program leading to a credential **only** or to an advanced certificate **only** (not an advanced degree) must meet the criteria specified under General Admission Requirements. Additionally, all students in advanced certificate programs must achieve a satisfactory score on the GRE General test. (Students holding an advanced degree from an institution that is a member of the Council of Graduate Schools are exempted from this requirement.) A student must also meet the professional, personal, scholastic and other standards prescribed by the appropriate department. The applicant should contact the department involved for information concerning specific admission requirements and should submit a departmental application during the appropriate filing period. Admission with postbaccalaureate standing (classified) does not constitute admission to, or assurance of consideration for admission to, advanced degree curricula.

### Graduate Standing (Classified)

A student wishing to be admitted to a program of study leading to an advanced degree must meet the criteria specified under General Admission Requirements, and, in addition, must:

- Achieve a satisfactory score on the GRE General test. (Students holding an advanced degree from an institution which is a member of the Council of Graduate Schools are exempted from this requirement; students applying to the College of Business Administration will take the Graduate Management Admission Test.)
- Have completed an undergraduate major appropriate to the field in which the prospective student desires to earn an advanced degree.
- Satisfy the special departmental or college requirements as stated in Part Three of the *Graduate Bulletin* under "Fields of Study and Courses of Instruction."
- Meet the professional, personal, and scholastic standards for graduate study established by the department and the Graduate Council.

Students admitted with graduate standing (classified) are admitted to authorized advanced degree curricula and may enroll in 600- and 700-numbered courses. Such admission does not imply that a student will be advanced to candidacy for an advanced degree.

### Conditional Graduate Standing (Classified)

A student wishing to be admitted to a program of study leading to an advanced degree who meets the criteria specified under General Admission Requirements but who has deficiencies in the criteria for graduate standing (classified) may be granted conditional graduate standing (classified), if the deficiencies can be met by specific additional preparation, including qualifying examinations. Not more than 15 semester units may be assigned to satisfy undergraduate deficiencies in the major and all course conditions must be met within five semesters from the time of initial enrollment. Students admitted with conditional graduate standing (classified) are admitted to authorized advanced degree curricula and may enroll in 600- and 700-numbered courses. Once the conditions established by the department, school, or college have been met, the student will be accorded full graduate standing (classified).

## Graduate Bulletin

Complete details on the operation and administration of these requirements, together with other information on graduate study, will be found in the *Graduate Bulletin*, which is available at the Bookstore.

# Nondegree Curricula

## Preprofessional Programs

Entrance into professional schools is becoming increasingly competitive; therefore, it is imperative that students begin planning their curriculum at the earliest possible time in conjunction with the appropriate academic adviser.

### Preprofessional Health Advising Office

The preprofessional health advising office is responsible for advising premedical, pre dental and preveterinary students in their preparation and application to the professional schools of their choice. This office works in conjunction with the candidate's major department to establish a degree program coordinated with the preprofessional requirements of the professional schools. It is the communication link between the student and the profession, keeping the student apprised of changes in the requirements and procedures for acceptance. The advising office is located in Life Sciences, Room 135; (619) 594-6638; Cynthia Lewis, adviser.

### Predental Curriculum

The predental program is pursued in conjunction with a degree program. Students ordinarily elect to concentrate in biology, chemistry, or microbiology, with a major in one area and selected coursework in the others. Other departmental majors are permissible, however. **Predental students should confer with the predental adviser prior to initial registration and at least once each semester regarding their progress, and to obtain approval for their program for the coming semester.**

**Science requirements.** Regardless of the major, predental students should include the following courses in their program: Biology 200A, 200B, 215, 352, 356, 577, 590; Chemistry 200, 201, 231, 431; Mathematics 121 and 122, or 150; Physics 180A-182A and 180B-182B, or 195, 195L, 196, 196L, 197, 197L; Psychology 101 plus one upper division course in psychology. Each student should consult the major for level of course required when there are alternatives. Biology 250B, Topics in Dentistry, is offered each **spring** semester and Biology 499, Preventive Dentistry, is offered every semester.

**Recommended electives.** In addition to the courses listed, students should fulfill all requirements for their major and, if possible, take at least one advanced course recommended by their department such as Chemistry 361A, 361B; Biology 350, 474, 522, 580. The students are also expected to obtain information from the preprofessional health advising office regarding the entrance requirements of specific dental schools.

**College preparation.** High school students planning to enter dentistry should include in their high school program the following subjects: elementary algebra, plane geometry, intermediate algebra, chemistry, physics, two or three years of French, German or Spanish, and four years of English.

**Admission.** Predental students must realize that although the pool of dental applicants is declining, there is competition for admission to schools of dentistry, particularly at University of California, Los Angeles and University of California, San Francisco. The average GPA of the entering class of 1987 to these schools was 3.3. Minority students and students who wish to be considered under "disadvantaged" status must typically submit an additional petition or form to each school (such as University of California, San Francisco, Health Sciences Special Service Program).

Aptitude tests given by the American Dental Association should be taken not later than fall term one year before admission. Application to

take this test must be made well in advance of the scheduled test date. A pamphlet describing the test, giving dates and places where it will be given, and providing application information is available in the preprofessional health advising office.

The committee letter is preferred by most schools of dentistry. It is San Diego State University's formal endorsement of your candidacy. Most schools also require three letters of evaluation, two of which should be from science professors from whom you have taken courses. Evaluation forms are available in the preprofessional health advising office.

The preprofessional health adviser will be available to high school or transfer students by appointment in June and during the August registration period. **All predental students should establish a personnel file in Life Sciences, Room 135; 594-6638.**

### Prelegal Curriculum

The prelegal program is pursued in conjunction with a degree program. There is no specific prelaw program leading to a bachelor's degree. Students interested in the legal profession should consult with the University prelaw adviser regarding the entrance requirements of the specific law school they hope to attend.

The following curriculum is designed to meet the requirements of standard American schools of law for a broad and liberal education, while at the same time providing desirable flexibility in the individual programs. There are two patterns of concentration which will usually be indicated for the prelegal student, either of which may be selected, in consultation with the adviser, to fit best the interests of the student. These are the major-minor pattern and the liberal studies major pattern. Subject to individual variation, the fields of economics, history, and political science should receive first consideration when choosing the pattern of concentration as being the most effective background for later professional study in law.

The following courses of study are recommended. Lower division: Accountancy 201 and 202, Economics 101 and 102, Political Science 101 and 102, and a year course in history. Upper division: In the junior and senior years students will plan their course with the counsel of their adviser in terms of the field of law in which they plan to work, but keeping in mind the entrance requirements and examinations for admission to schools of law. The following list should receive prime consideration by all prelegal students in the selection of courses, though it is to be thought of as flexible in accordance with student needs. Finance 340; Economics 338, 370; History 521, 545A-545B; Political Science 301A-301B, 346, 347A-347B. Additional: Economics 380, History 536 and 547A-547B, Political Science 345 and 348.

In addition to the courses taken in the fields of concentration, upper division electives in English, philosophy, psychology, sociology, and speech communication are recommended. A mastery of English is essential.

Students interested in pursuing a legal career are counseled by the University prelaw adviser. Through this office, prelegal students receive information and advice concerning law school application and admission procedures. Guidance in undergraduate preparation for law study is also available. The University prelaw adviser can be contacted through the Department of Political Science.

### Premedical Curriculum

The premedical program is pursued in conjunction with a degree program. Students ordinarily elect to concentrate in biology, chemistry, or microbiology, with a major in one area and selected coursework in the others. Other departmental majors are permissible, however. **Premedical students should confer with the premedical adviser**

**prior to initial registration and at least once each semester regarding their progress, and to obtain approval for their program for the coming semester.**

**Science requirements.** Regardless of the major, premedical students should include the following courses in their program: Biology 200A, 200B, 215, 352, 356, 576 or 577 and 590; Chemistry 200, 201, 231, 361A, 361B, 431; Mathematics 121 and 122, or 150; Physics 180A-182A and 180B-182B, or 195, 195L, 196, 196L, 197, 197L. Each student should consult the major for level of course required when there are alternatives. Biology 250A, Topics in Medicine, is offered each **fall** semester.

**Recommended electives.** In addition to the courses listed, students must fulfill all requirements for their major and, if possible, take at least one advanced course recommended by their department such as: Biology 350, 474, 522; Psychology 101. Students are also expected to obtain information from the preprofessional health advising office regarding the entrance requirements of specific medical schools.

**College preparation.** High school students planning to enter medicine should include in their high school program the following subjects: elementary algebra, plane geometry, intermediate algebra, chemistry, physics, two or three years of French, German or Spanish, and four years of English.

**Admission.** Most medical schools give preference to students with baccalaureate degrees in academic subjects; **premedicine is not an academic major.** Any major is acceptable to medical schools, and recent research has demonstrated that there is no bias against the nonscience major in the selection process. Nor is there any significant difference between the science and the nonscience major in medical school performance or in eventual selection of residency. The specific requirements for various majors are found in this catalog under department and program headings.

Competition for admission to California medical schools has increased markedly in the past few years. Selection for admission is based on many factors beyond the satisfactory completion of minimum requirements including undergraduate grade point average, MCAT scores, and letters of evaluation. Courses taken to satisfy the science requirements must be taken on a graded basis. The credit/no credit option should be used sparingly on nonscience courses.

Nearly all medical schools also require applicants to take the MCAT, given early spring and fall each year. Reservations for this examination **must** be made at least one month in advance of the scheduled date; reservation blanks are available in the preprofessional health advising office.

The office also has a manual which describes the test and provides practice questions and suggestions for preparing for the test. Applicants are urged to take the test in the spring of the calendar year immediately preceding the year of admission to medical school and not later than the fall term one year before anticipated admission.

The committee letter is preferred by most schools of medicine. It is San Diego State University's formal endorsement of your candidacy. Three to five letters of evaluation are also generally required by medical schools and used in the selection process. At least two letters should be from science faculty. The importance of these letters cannot be overemphasized. It is strongly recommended that premedical students secure letters from instructors immediately upon finishing courses, and that students see their adviser regularly so that the adviser can write knowledgeable recommendations when needed. Evaluation forms are available in the preprofessional health advising office.

The varying admission requirements of medical schools are listed in the publication *Medical School Admission Requirements* (available in the Bookstore). Since most students seek admission to about twenty medical schools, this book should be consulted during the year of application.

**Osteopathic medical schools** require basically the same minimum undergraduate program. Most schools also request letters of evaluation from practicing osteopaths.

The preprofessional health adviser will be available to high school or transfer students by appointment in June and during the August registration period. **All premedical students should establish a personnel file in Life Sciences, Room 135; 594-6638.**

### Preveterinary Curriculum

The preveterinary program is pursued in conjunction with a degree program. Students ordinarily elect to major in biology. Other departmental majors are permissible, however. Preveterinary students should confer with the preveterinary adviser prior to initial registration and at least once each semester regarding their progress, and to obtain approval for their program for the coming semester.

**Science requirements.** Regardless of the major, preveterinary students should include the following courses in their program: Biology 200A, 200B, 215, 352, 577; Chemistry 200, 201, 231, and 431; Mathematics 121 and 122 or 150; Physics 180A-182A or 195, 195L; three semesters of English; three semesters of humanities.

**Recommended electives.** In addition to the courses listed, students should fulfill all requirements for their major and, if possible, take at least one advanced course recommended by their department such as: Biology 350, 354, 356, 474, 522, 590; Chemistry 361A, Biology 250C, Topics in Veterinary Medicine, is offered each **fall** semester.

**College preparation.** High school students planning to enter veterinary medicine should include in their high school program the following subjects: elementary algebra, plane geometry, intermediate algebra, chemistry, physics and four years of English.

**Admission.** Competition for veterinary school admission continues to be great, with a 4 to 1 ratio of applicants to accepted students at University of California, Davis. All preveterinary students should consider applying to one or more out-of-state schools in addition to UC Davis as many now accept nonresidents. The 1988 UC Davis entering class had the following average statistics: cumulative undergraduate GPA, 3.41; required science coursework GPA, 3.48; last two years of undergraduate work GPA, 3.54; Graduate Record Examination general aptitude test scores - verbal 79%, quantitative 79%, advanced test in biology 78%.

Admission criteria at UC Davis include the following:

1. Academic factors (50%-60%), College undergraduate plus graduate (if applicable) GPA; GPA of required science coursework; GPA of last two years of undergraduate work; Graduate Record Examination.
2. Nonacademic factors (40%-50%).
  - a. Application narration (5%-20%)
  - b. Animal and veterinary science-related experience (0%) (See preveterinary adviser.)
  - c. Letters of evaluation (5%-20%)
  - d. Interviews (0%-20%)
  - e. Written essay at time of the interview (0%-15%)

The committee letter is used by most schools of veterinary medicine. It is San Diego State University's formal endorsement of your candidacy. Two or three additional letters from veterinarians and faculty are also generally required and used in the selection process. The importance of these letters cannot be overemphasized.

A publication, *Veterinary Medical School Admission Requirements in the United States and Canada* is available in the preprofessional health advising office and the Bookstore.

The preprofessional health adviser will be available to high school or transfer students by appointment in June and during the August registration period. **All preveterinary students should establish a personnel file in Life Sciences, Room 135; 594-6638.**

### Allied Health Professions

The allied health professions include chiropractic medicine, dental hygiene, occupational therapy, optometry, pharmacy, physical therapy, and podiatric medicine.

San Diego State University does not offer specific degree programs in these fields, but the prerequisites for the various professional schools are available.

Students interested in one of the allied health careers have two choices in meeting their goals. One is to attend San Diego State University, earn a B.S. degree, and then go on to another school offering a program in their field; the other is to attend SDSU, take the necessary prerequisites, and then transfer to another school, without earning an undergraduate degree.

Students interested in a career in one of the allied health professions should obtain information about the different professional schools and contact schools that seem promising to them. Each school has its own prerequisites and the student is responsible for knowing these prerequisites and meeting them.

The University pre-allied health professions adviser is available to counsel students on their undergraduate programs, to suggest particular courses of study, and to discuss careers in the allied health professions. The pre-allied health professions adviser can also advise students regarding application to undergraduate and graduate programs in their field.

The pre-allied health professions adviser is Dr. Celia Marshak (Assistant Dean for Student Affairs, College of Sciences). The advising office is located in Life Sciences, Room 133; telephone (619) 594-5350.

The College of Sciences Advising Center (LS-133) houses information about fields of study, schools, and job opportunities in the allied health field. Students are encouraged to drop by and read the literature available to them through this office.

Many professional schools visit SDSU once or twice a year to present information about their programs and to have advisers available to speak on an individual basis with SDSU students. Information on these programs is posted in the College of Sciences Advising Center; it is recommended that students come in periodically to check on the dates of the programs.

**Prechiropractic, Prepharmacy, Preoptometry, and Prepodiatric Medicine.** Students interested in these fields usually major in biology since this curriculum is most appropriate. Other majors, such as chemistry, may be used; however, students must complete the required courses regardless of which major is chosen. In general, all schools require the same courses in biology, chemistry, physics, and mathematics; the pre-allied health professions adviser has a list of these, but students should be in contact with the schools of their choice to determine any specific requirements.

**Typical Course Requirements for Entrance to a Professional Degree Program in One of the Above Allied Health Professions.** Biology 150, 200A-200B, 210 (or 350), 336 (or 590), 336L; Chemistry 200, 201, 231, 431; English 100, 200; Mathematics 121, 122, 250 (or Biology 215); Physics 180A-180B, 182A-182B; Psychology 101.

**Preoccupational Therapy.** Students interested in a career in occupational therapy may major in a variety of areas including psychology, art, or biology. There are three schools in California that offer B.S. or M.S. degrees in occupational therapy. Students must complete certain courses required by each school; in general, these include courses in the humanities, natural sciences and mathematics, and social sciences.

**Prephysical Therapy.** Many students who plan a career in physical therapy declare a major in biology because this curriculum is most appropriate as a prephysical therapy course of study. An alternate major, physical education, with an emphasis in athletic training, is an acceptable major when taken in conjunction with the science courses required by schools offering physical therapy programs.

There are several accredited physical therapy programs in California and these are listed in a handout written by the pre-allied health professions adviser. This handout also lists prerequisites that may be taken at San Diego State University. Volunteer experience in physical therapy is required for admission to most programs. The College of Sciences Advising Center has a list of places where students can gain volunteer experience.

**Typical Course Requirements for Entrance to a Master's Program in Physical Therapy.** Biology 100, 100L, 150, 210 (or 350 for biology majors), 336, 336L; Chemistry 200, 201; Mathematics 121; Physics 180A-180B, 182A-182B; Psychology 101, and 330 or 350.

#### Preparation for Other Professions

Full programs of professional study in other fields, such as agriculture, forestry, architecture, and theology, are not available at San Diego State University. However, students who may wish to take some undergraduate work in liberal arts at this university can also begin coursework in preparation for such programs. Students are advised to consult the catalog of the university to which they expect to transfer to determine requirements before arranging the program. Further information may be obtained from the Assistant Dean of Students in the appropriate college at San Diego State University.

### Certificate Programs

#### Basic Certificate

The purpose of the basic certificate program is to provide individuals whose educational objectives do not require a degree program the opportunity to participate in University academic activities designed to meet specific educational needs.

Ordinarily, credit certificate programs are available to matriculated and nonmatriculated students. Students seeking a certificate must apply for admission according to the guidelines set forth by the individual certificate programs.

Coursework for a basic certificate shall not duplicate in content and level the student's prior educational experience. Unless otherwise stated, a student may apply no more than three units of coursework from a basic certificate program toward a major or minor with the approval of the department.

For a complete listing of certificate programs offered by San Diego State University, refer to the Curricula Summary section of this catalog.

#### Advanced Certificate – Postbaccalaureate

The advanced certificate at the postbaccalaureate entry level provides students a program of coursework leading to a specific applied goal. The general educational background of a bachelor's degree with a major in the appropriate field(s) of study is prerequisite to such a certificate.

For a listing of admission standards and specific certificate requirements, refer to the Graduate Bulletin.

#### Advanced Certificate – Post-Master's

The advanced certificate at the post-master's entry level provides students a program of coursework and supplemental experience leading to a specific applied goal. The theoretical and methodological subject matter obtained from the master's or doctoral degree is prerequisite to such a certificate. A certificate at this level is an endorsement of the specialized competence beyond that obtained in the student's graduate degree program.

For a listing of admission standards and specific certificate requirements, refer to the Graduate Bulletin.

# College of Extended Studies

## Continuing Education

# Continuing Education

## Functions

The California State University regards its Extended Education credit-bearing programs as integral parts of the institution. These programs are viewed as extensions of the institution's educational services and are in concert with the institution's overall mission and purpose. The programs and courses in Extended Education are expected to meet the standards of quality which the institution sets for its other programs and courses, in terms of resources, faculty, level of instruction, evaluation and support services.

The College of Extended Studies serves as the principal University liaison with the adult community and provides a wide variety of traditional and nontraditional, credit and noncredit, quality educational experiences designed to fit the life-style and expectations of mature adults. In addition, it provides a range of academic and special programs for students and groups during the summer months, in the evenings, and between semesters. Under the direction of the Dean of the College, programs are developed and carried out within five divisions—Special Sessions and Extension, Professional Development, American Language Institute, Pacific Region Training Center, and Administrative Services. The majority of the programs are operated on a self-support basis since state funds are not provided for Continuing Education activities.

## Summer Programs

The College of Extended Studies administers a comprehensive summer program for San Diego State University. Approximately 600 courses, workshops, short courses, interdisciplinary and experimental offerings, and special programs are available for matriculated students, students from other institutions and special groups. Credit earned during the summer is applicable to graduation and residence requirements; however, admission to the University is not required for summer attendance. Enrollment in Summer Sessions courses will be considered for students seeking reinstatement to the University; however, successful completion in such residence courses will not guarantee immediate reinstatement.

Several major sessions are scheduled each summer: two 3-week terms, one major 6-week term, and a variety of other terms. The summer program is offered from approximately the first of June through the middle of August each year.

A graduate student may earn credit in residence which may be used to satisfy the requirements for an advanced degree or for credentials. If a student plans to offer work taken in a summer session to satisfy the requirements for an advanced degree, the student must make early application for admission to the University with classified graduate standing at the Office of Admissions and Records.

Students planning to attend the University during the fall semester must be cleared for admission through the Office of Admissions and Records.

The *Summer Sessions Bulletin*, which includes the registration form and all necessary information about the summer sessions, is available in March.

## Winter Session

The College of Extended Studies administers a special academic program during the winter recess period titled "The Winter Session." This special session provides students an opportunity to earn resident academic credit through participation in concentrated and interesting coursework. Credit earned during Winter Session is applicable to graduation and residence requirements. Admission to the University is not required for Winter Session attendance. Enrollment in Winter Ses-

sion courses will be considered for students seeking reinstatement to the University; however, successful completion in such residence courses will not guarantee immediate reinstatement.

## American Language Institute (ALI)

The American Language Institute offers noncredit intensive (20-25 hours per week) English programs throughout the year to students and professionals interested in improving their English proficiency. By enrolling in ALI, students may take advantage of a program called conditional acceptance. Conditional acceptance is available to those students who require admission, or proof of eligibility for admission, to a university in order to obtain a passport, a U.S. visa, or government sponsorship. It is offered to students who do not have an adequate command of English or the required TOEFL (Test of English as a Foreign Language) score to qualify for admission to the University. After transcripts of their academic work have been evaluated by SDSU staff, students may receive an official letter of conditional admission which states that the student has met all University requirements *except* English language proficiency and may enter the University after training at the American Language Institute and achieving appropriate TOEFL scores.

Programs offered by ALI are as follows:

### English for Academic Purposes

A 16-week course for students planning to enter San Diego State or other colleges or universities. Classes are offered in reading, writing, grammar, English for specific purposes (e.g., English for Business and Economics, English for Science and Technology, English for Computers, and study skills). In addition, students may choose from over 30 elective course offerings and TOEFL, GMAT, and GRE preparation.

Advanced students may register for three to nine units in the Open University in addition to their English classes.

### Intensive English Communications

A 6- to 19-week course focusing upon oral skills and cultural experiences. Classes include eight hours of oral communication in addition to 12 hours of reading, writing, structure, and listening per week. Elective courses are offered and directed activities at SDSU and in the community provide experiences for language use. Regular field trips to places of educational and recreational interest are an integral part of the program.

### Specific Purposes Programs

Programs for students and professionals with specific needs, including Management and Business English; Seminar for International Teachers of English; GMAT, GRE and TOEFL preparation; as well as advanced academic skills (statistics review, graduate report writing, research library skills, etc.) are arranged.

### Summer Special Programs

A number of special short-term language programs are offered by the ALI each summer (e.g., Management and Business English). These can be arranged for groups or individuals.

### Services

All students at the Institute are offered housing assistance, counseling for university entrance, health services and orientation to university life.

Information about and applications for the ALI can be obtained from the Director, American Language Institute.

## Travel Study Programs

The College offers a variety of domestic and foreign travel study programs which are designed to give students and community members an opportunity to travel and earn extension units of credit. Programs range from one to five weeks in length, with a maximum of six units of credit offered for the longer programs. Units of credit earned through travel study may be used to satisfy the undergraduate Human Experience section of the General Education requirements. However, participants need not be regularly matriculated students at SDSU. Independent study credit is available for study abroad. Students must select an instructor and prepare a plan of study to satisfy the requirements for units earned.

For further information contact the Coordinator of Travel Study Programs.

## Extension

In order to meet the needs of the adult community, as well as matriculated students, the College provides a variety of extension courses, workshops, and Open University. For the convenience of adult students most courses are scheduled in the evenings or on weekends, on campus or at convenient learning extension centers throughout the service area.

### Extension Courses

Extension courses are offered each semester in a number of areas including education, business administration, public administration, and the arts and sciences. Many courses and programs are developed in cooperation with off-campus organizations and groups who have identified specific needs. Many one-unit weekend workshops are also offered throughout the year. These courses are listed in a special Extended Studies Program Bulletin published four times a year.

There is no limit on the total number of extension units for which a student may enroll; however, the maximum extension credit which may be used toward bachelor's degree requirements at San Diego State University is 24 units. Extension work is considered the same as transfer credit and is therefore not included in the student's San Diego State University scholastic average.

### Open University

Most regular, on-campus classes are open to qualified extension students by special permission of the department and the instructor. Students who take advantage of "Open University" are required to pay regular extension fees. They are permitted to enroll only after matriculated students have completed their registration. Consult the College of Extended Studies or the current Class Schedule for complete details on Open University qualifications and registration procedures. Matriculated students may not enroll in Open University. Credit earned through one semester of Open University enrollment may be considered as residence credit for students who subsequently matriculate at the University in an advanced degree program. A maximum of 24 units from Open University may be applied to the bachelor's degree requirements. The course repeat policy does not apply to courses repeated through Open University.

Open University classes may not be taken by the following:

1. Nonmatriculated foreign students (nonresidents from non-English-speaking countries) with a score of less than 450 on the Test of English as a Foreign Language (TOEFL) or its equivalent.
2. Foreign students with I-20 visas from another university.
3. SDSU matriculated students.

### PROFNET/Distant Learning Programs

PROFNET, a Distant Learning Program, delivers full-credit graduate courses from San Diego State University to leading corporations and government agencies. Using the telecommunications facilities of KPBS Television, PROFNET televises classes for live transmission to the worksite. Students employed by PROFNET member companies view their classes on television and interact with their professor during class via an audio link.

In addition to graduate courses, PROFNET offers satellite teleconferences, technical updates, and professional colloquia to the campus and corporate community.

No more than nine units of PROFNET coursework taken prior to formal admission to the University and to an advanced degree curriculum may be included subsequently on the official program of study. With the approval of the graduate adviser, there is no limit to the number of units of PROFNET coursework that can be taken after formal admission to the University.

## Professional Development

The Division of Professional Development provides business, industry, and human service and other organizations with programs that are responsive to the training and development needs of their employees. Through the Division's activities, participants are kept abreast of the latest business, managerial, and technical techniques that ensure they will add to the productivity and profitability of their organizations.

### Certificate Programs

Professional certificate programs are coordinated by the Division of Special Sessions and Extension. Educational services are provided for a wide variety of groups and professional organizations. Credit certificate programs are offered in the following areas: Applied Gerontology, Construction Practices, Fire Protection Administration, Government Contract Management, Materials Management, Personnel and Industrial Relations, and Accounting.

The Division also offers noncredit certificate programs in special interest areas.

### Custom On-Site Training

SDSU's Professional Development Division of the College of Extended Studies specializes in developing and implementing on-site training programs and consulting projects which meet specific needs of the San Diego business community.

The programs serve small as well as large businesses, with topics ranging from computer, team building, and communication skills to supervision and management.

Program leaders and training consultants are drawn from the academic and business worlds and have extensive practical experience.

Programs are cost effective and designed with quality and adaptability.

### Seminars and Workshops

The Division coordinates practical two- and three-day seminars and workshops aimed at increasing the skills of the business professional. These seminars are taught by local and national seminar leaders chosen from the business and academic worlds for their expertise and outstanding teaching ability. Topics addressed cover a wide range of business and engineering subjects, such as management, finance, marketing, engineering, construction, manufacturing, purchasing, and computer literacy.

### Center for Study of Data Processing and Management Development Center

The Centers offer a series of practical, intensive, noncredit training in the fields of data processing and management. The Division has established these programs in cooperation with the San Diego corporate community. The purpose of these unique cooperative programs is to provide quality, cost-effective continuing education for business, industry and government personnel in specific fields. The corporate members form a fellowship in which all participate in applying proven solutions to their education and training needs.

### Institute for Quality and Productivity

The Division, in association with the University of San Diego and the business community, developed this Institute which strives to improve the quality of work performed through the implementation of Total Quality Management (TQM). The committee of industry representatives and faculty members from USD and SDSU have designed an

intensive program which includes levels of training for upper-level management (Executive Session), mid-level managers (TQM Overview for Managers), and supervisors and technical professionals (Basic Advanced TQM/Statistical Process Control). In addition, the Institute provides custom training for companies.

### Pacific Region Training Center

The Pacific Region Training Center addresses the new opportunities in professional development, training, and technical services created by the increasing business and economic interdependence between the US and Mexico and other key exporting countries in the Pacific region. The mission of the Center is to: (1) Serve as an information clearinghouse and "neutral ground" where business leaders and public officials from various Pacific region countries can explore the practical aspects of multinational investment and production sharing; (2) Enhance the capability of the regional business community to engage in multinational ventures; (3) Facilitate communication between foreign entities and city, county, state, and federal agencies in the US, Mexico, and other Pacific Rim nations, by cosponsoring special programs to serve them with the appropriate academic colleges.

Drawing on the academic resources of SDSU and the telecommunications and language training programs of the College of

Extended Studies, the Center is developing a wide variety of activities. Programs include INTERNET, a Distant Learning Program, which is the first formally approved interactive distant education network using microwave and satellite communications infrastructure for transmission across US borders. Televised academic courses and technological and professional training are being transmitted into Mexico, and eventually Central and South America and other Pacific Rim countries. Other Center programs include seminars and institutes such as the annual Summer Institute on US-Mexico Issues from Mexico's Perspective and the Teacher Training Institute for the Pacific Region. Research/data assistance on international economic, political, and human resource topics are also provided by the Center.

### Retired Adults Education Program

Programs for retired adults are sponsored by the College of Extended Studies at San Diego State University and operate out of two locations—downtown San Diego (Educational Growth Opportunities—EGO) and Rancho Bernardo (The Continuing Education Center at Rancho Bernardo).

These programs are planned and instructed by senior adults who are interested in furthering lifelong learning.

For further information, contact the Director of Retired Adult Education Programs.

# Regulations

Admission and Registration  
General Regulations

# Admission and Registration

## Admission Procedures and Policies

Requirements for admission to San Diego State University are in accordance with Title 5, Chapter 1, Subchapter 3, of the *California Code of Regulations*. If you are not sure of these requirements, you should consult a high school or community college counselor or the Admissions Office. Applications may be obtained from the admissions office at any of the campuses of The California State University or at any California high school or community college.

## Importance of Filing Complete, Accurate, and Authentic Application for Admission Documents

San Diego State University advises prospective students that they must supply complete and accurate information on the application for admission, residence questionnaire, and financial aid forms. Further, applicants must submit authentic and official transcripts of all previous academic work attempted. Failure to file complete, accurate, and authentic application documents may result in denial of admission, cancellation of academic credit, suspension, or expulsion (Section 41301, Article 1.1, Title 5, *California Code of Regulations*). This requirement is effective from initial contact with the University and throughout the period the academic record is maintained.

## Requirement and Use of Social Security Account Number

Applicants are required to include their social security account number in designated places on applications for admission pursuant to the authority contained in Title 5, *California Code of Regulations*, Section 41201. The social security account number is used as a means of identifying records pertaining to the student as well as identifying the student for purposes of financial aid eligibility and disbursement and the repayment of financial aid and other debts payable to the institution.

## Measles and Rubella Immunizations Health Screening Provisions

All new and readmitted students born after January 1, 1957 must comply with The California State University requirement to present proof of measles and rubella immunizations. This is **not** an admissions requirement but shall be required of students by the beginning of their **second term** of enrollment in CSU. San Diego State University students who have not complied with this CSU mandate will receive an "I" hold on their second term registration materials. The "I" hold restricts students from enrolling in classes until the requirement is fulfilled.

Because of recent changes in the character of measles epidemics on college campuses nationwide, all students are encouraged to consider **receiving a second immunization for measles prior to enrollment**.

In addition to demonstrating immunity to measles and rubella at Student Health Services, some students may be further required to present documentation to other campus officials. Students subject to this additional screening include:

- Students who reside in campus residence halls;
- Students who obtained their primary and secondary schooling outside the United States;
- Students enrolled in dietetics, medical technology, nursing, physical therapy, and any practicum, student teaching, or

fieldwork involving preschool-age children and/or school-age children or taking place in a hospital or health care setting.

Immunization documentation should be mailed or brought to SDSU Student Health Services, Immunization Program, 5300 Campanile Drive, San Diego, CA 92182. For those students unable to obtain acceptable proof of immunizations, Student Health Services will provide immunizations at no cost.

## Undergraduate Application Procedures

Prospective students applying for part-time or full-time programs of study, in day or evening classes, must file a complete application as described in the admissions booklet. The \$55 nonrefundable application fee should be in the form of a check or money order payable to The California State University and may not be transferred or used to apply to another term. Applicants need file only at their first choice campus. An alternative choice campus and major may be indicated on the application, but **applicants should list as alternative campus only that campus of The California State University that they can attend**. Generally, an alternative major will be considered at the first choice campus before an application is redirected to an alternative choice campus. Applicants will be considered automatically at the alternative choice campus if the first choice campus cannot accommodate them.

## Impacted Programs

The CSU designates programs to be impacted when more applications are received in the first month of the filing period than the spaces available. Some programs are impacted at every campus where they are offered; others are impacted at some campuses but not all. You must meet supplementary admissions criteria if applying to an impacted program.

The CSU will announce before the opening of the fall filing period which programs are impacted and the supplementary criteria campuses will use. That announcement will be published in the *CSU School and College Review*, distributed to high school and college counselors. We will also give information about the supplementary criteria to program applicants.

You must file your application for admission to an impacted program during the first month of the filing period. Further, if you wish to be considered in impacted programs at two or more campuses, you must file an application to each. Nonresident applicants are rarely admitted to impacted programs.

Business Administration (upper division), Criminal Justice Administration, Journalism, Nursing, Public Administration, and Telecommunications and Film are impacted majors at San Diego State University.

## Supplementary Admissions Criteria

Each campus with impacted programs uses supplementary admissions criteria in screening applicants. Supplementary criteria may include ranking on the freshman eligibility index, the overall transfer grade point average, and a combination of campus-developed criteria. If you are required to submit scores on either the SAT or the ACT, you should take the test no later than December if applying for fall admission.

The supplementary admissions criteria used by the individual campuses to screen applicants appear periodically in the *CSU School and College Review* and are sent by the campuses to all applicants seeking admission to an impacted program.

Unlike unaccommodated applicants to locally impacted programs who may be redirected to another campus in the same major, unaccommodated applicants to systemwide impacted programs may not be redirected in the same major but may choose an alternative major either at the first choice campus or another campus.

## Graduate and Postbaccalaureate Application Procedures

All graduate and postbaccalaureate applicants (e.g., master's degree applicants, those seeking credentials, second baccalaureate degrees, or second majors, and those interested in taking courses for personal or professional growth) must file a complete application as described in the admissions booklet. Applicants who completed undergraduate degree requirements and graduated the preceding term are also required to complete and submit an application and the \$55 nonrefundable application fee. Since applicants for postbaccalaureate programs may be limited to the choice of a single campus on each application, redirection to alternative campuses or later changes of campus choice will be minimal. To be assured of initial consideration by more than one campus, it will be necessary for any applicant to submit separate applications (including fees) to each. Applications may be obtained from the Graduate Studies Office of any California State University campus in addition to the sources noted for undergraduate applicants.

## Application Filing Periods

Terms in 1990-91	Applications First Accepted	Student Notification Begins
Fall Semester 1990	November 1, 1989	December 1989
Spring Semester 1991	August 1, 1990	September 1990

### Filing Period Duration

San Diego State University accepts applications until capacities are reached. Impacted programs are open only one month for each semester (initial filing period). Undergraduate applicants to nonimpacted programs are encouraged to apply during the initial filing period as capacities are usually reached one month after that date. Applicants for graduate programs are also encouraged to apply early, but capacities are usually reached at a later date for these programs.

## Application Acknowledgment

You may expect to receive an acknowledgment of your application from San Diego State University within approximately four weeks of filing the application. The acknowledgment will include a request for documents needed to determine your admission eligibility and general information about the admission process, housing, and financial aid. You may be assured of admission if the evaluation of your qualifications indicates that you meet admission requirements. Admission is not transferable to another term or to another campus.

## Hardship Petitions

San Diego State University has established procedures for considering qualified applicants who would be faced with extreme hardship if not admitted. Petitioners should write the Admissions Office regarding specific policies governing hardship admission.

## Filing of Records

**File Official Transcripts.** The applicant must file the following official transcripts with the Admissions and Records Office:

1. Transcript from high school of graduation or last in attendance (not required of the graduate student who holds a bachelor's degree from an accredited institution, but is required of the student who holds a bachelor's degree from a nonaccredited institution).
2. Transcripts from EACH college attended (including extension, correspondence, summer session, or evening courses), even if no

courses were completed. Graduate students must file transcripts **in duplicate** if they plan to enter a master's degree or credential program.

3. Photostat or true copy of the military separation form DD-214 (or equivalent) if applicant has had active military service. (Not required of graduate students.)

A transcript will be considered official and accepted to meet the regulations governing admission only if forwarded directly to San Diego State University by the institution attended. All records or transcripts received by the university become the property of the university and **will not be released nor will copies be made**.

## Undergraduate Admission Requirements

### Freshman Requirements

You will qualify for regular admission as a first-time freshman if you

1. are a high school graduate,
2. have a qualifiable eligibility index (See "Eligibility Index," below), and
3. have completed with grades of C or better the courses in the comprehensive pattern of college preparatory subject requirements (See "Subject Requirements," below, and "Phase-in of the Subject Requirements," following page). Courses must be completed prior to the first enrollment in The California State University.

### Eligibility Index

The eligibility index is the combination of your high school grade point average and your score on either the American College Test (ACT) or the Scholastic Aptitude Test (SAT). Your grade point average is based on grades earned during your final three years of high school (excluding physical education and military science) and bonus points for approved honors courses. (See "Honors Courses," following page.) SDSU may offer you early, provisional admission based on your work completed through the junior year of high school and planned for your senior year.

You can calculate your eligibility index by multiplying your grade point average by 800 and adding your total score on the SAT. Or, if you took the ACT, multiply your grade point average by 200 and add ten times the composite score from the ACT. If you are a California high school graduate (or a legal resident of California for tuition purposes), you need a minimum index of 2800 using the SAT or 694 using the ACT. (See "Eligibility Index Table for California High School Graduates," following page, for combinations of test scores and averages required.) If you neither graduated from a California high school nor are a resident of California for tuition purposes, you need a minimum index of 3402 (SAT) or 842 (ACT).

Applicants with grade point averages of 3.0 or above (3.60 for nonresidents) are exempt from the test requirement.

You will qualify for regular admission when the university verifies that you have a qualifiable eligibility index and will have completed the comprehensive pattern of college preparatory subjects, and, if applying to an impacted program, you meet supplementary criteria. You will still qualify for regular admission, **on condition**, if you are otherwise eligible but are missing a limited number of the required subjects. (See "Phase-in of the Subject Requirements," following page.) "Conditional admission" is an alternative means to establish eligibility for regular admission. Please consult a counselor if you have questions.

Graduates of secondary schools in foreign countries must be judged to have academic preparation and abilities equivalent to applicants eligible under this section.

### Subject Requirements

The California State University requires that first-time freshman applicants complete, with grades of C or better, 15 units in a comprehensive pattern of college preparatory courses. A "unit" is one year of study in high school.

**English:** 4 years.

**Mathematics:** 3 years. Algebra, geometry, and intermediate algebra.

**US History or US history and government:** 1 year.

**Science:** 1 year with laboratory. Biology, chemistry, physics, or other acceptable laboratory science.

**Foreign Language:** 2 years in the same language (subject to waiver for applicants demonstrating equivalent competence).

**Visual and Performing Arts:** 1 year. Art, dance, drama/theatre, or music.

**Electives:** 3 years, selected from English, advanced mathematics, social science, history, laboratory science, foreign language, visual and performing arts, and agriculture.

**Subject Requirement Substitution for Students with Disabilities.** Disabled student applicants are strongly encouraged to complete college preparatory course requirements if at all possible. If an applicant is judged unable to fulfill a specific course requirement because of his or her disability, alternative college preparatory courses may be substituted for specific subject requirements. Students who are deaf and hearing impaired, have learning disabilities, or are blind and visually impaired, may in certain circumstances qualify for substitutions for the foreign language, mathematics, and laboratory science subject requirements. Substitutions may be authorized on an individual basis after review and recommendation by the applicant's academic adviser or guidance counselor in consultation with the director of a CSU disabled student services program. Although the distribution may be slightly different from the course pattern required of other students, students qualifying for substitutions will still be held for 15 units of college preparatory study. Students should be aware that course substitutions may limit later enrollment in certain majors, particularly those involving mathematics. For further information and substitution forms, please call the director of disabled student services at your nearest CSU campus.

**Phase-in of the Subject Requirements.** CSU is phasing in the freshman subject requirements and during the phase-in period will admit, on condition, applicants who meet all other admission requirements but are missing a limited number of the required subjects. **Students admitted on condition must make up missing subjects after enrolling in the CSU.**

**Fall 1990–Summer 1991:** at least 12 of the required 15 units, including at least three of the units required in English and two of the units required in mathematics.

**Fall 1991–Summer 1992:** at least 13 of the required 15 units, including at least three of the units required in English and two of the units required in mathematics.

**Fall 1992 and later:** full implementation of the 15-unit requirement expected.

#### Waiver of Foreign Language Subject Requirement

The foreign language subject requirement may be waived for applicants who demonstrate competence in a language other than English equivalent to or higher than expected of students who complete two years of foreign language study. Consult with your school counselor or any CSU campus admissions or relations with schools office for further information.

**Eligibility Index Table for California High School Graduates or Residents of California — Effective Fall 1988**

GPA	ACT Score	SAT Score	GPA	ACT Score	SAT Score	GPA	ACT Score	SAT Score

2.67	16	670	2.33	23	940	(—) <sup>2</sup>		

<sup>1</sup> Above 2.99 qualifies with any score.

<sup>2</sup> Below 2.00 does not qualify for regular admission.

#### Provisional Admission

San Diego State University may provisionally admit first-time freshman applicants based on their academic preparation completed through the junior year of high school and that planned for the senior year. San Diego State University will monitor the senior year of study to ensure that those so admitted complete their senior year of studies satisfactorily, including the required college preparatory subjects, and graduate from high school.

#### High School Students

Students still enrolled in high school will be considered for enrollment in certain special programs if recommended by the principal and the appropriate campus department chair and if preparation is equivalent to that required of eligible California high school graduates. Such admission is only for a given program and does not constitute the right to continued enrollment.

#### Transfer Requirements

You will qualify for admission as a transfer student if you have a grade point average of 2.0 (C) or better in all transferable units attempted, are in good standing at the last college or university attended, and meet one of the following standards:

1. meet the freshman admission requirements in effect for the term to which you are applying (See "Freshman Requirements," preceding page).

2. a. were eligible as a freshman at the time of high school graduation and have been in continuous attendance in a regionally accredited college since high school graduation; or  
b. were eligible as a freshman at the time of high school graduation except for the subject requirements, have made up the missing subjects, and have been in continuous attendance in a regionally accredited college since high school graduation.
3. have completed at least 56 transferable semester (84 quarter) units and have made up any missing subject requirements (See "Making Up Missing College Preparatory Subjects" section). Nonresidents must have a 2.4 grade point average or better.

For this requirement, transferable courses are those designated for that purpose by the regionally accredited college or university offering the courses.

**Making Up Missing College Preparatory Subject Requirements.** Undergraduate transfer applicants who did not complete the subject requirements while in high school may make up missing subjects in any of the following ways:

1. Complete appropriate courses with a grade of C or better in adult school or high school summer session.
2. Complete appropriate courses in college with a grade of C or better.
3. Earn acceptable scores on specified examinations.
4. Applicants with 56 or more semester (84 quarter) units may complete, with a grade of C or better in each course, one of the following alternatives:
  - a. **1987 or earlier high school graduates:** the CSU general education requirements in communication in the English language (at least 9 semester units) and mathematics (usually 3 semester units);
  - b. **1988 and later high school graduates:** a minimum of 30 semester (45 quarter) units to be chosen from courses in English, arts and humanities, social science, science, and mathematics of at least equivalent level to courses that meet general education or transfer curriculum requirements. Each student must complete all CSU general education requirements in communication in the English language (at least 9 semester units) and mathematics (usually 3 semester units).

Please consult SDSU or any CSU campus admissions office for further information about alternative ways to satisfy the subject requirements.

#### Honors Courses

Grades in up to eight semester courses, taken in the last two years of high school, that are designated honors in approved subjects receive additional points in grade point average calculations. Each unit of A in approved courses will receive a total of 5 points; B, 4 points; C, 3 points; D, 1 point; and none for F grades.

#### Test Requirements

Freshman and transfer applicants who have fewer than 56 semester or 84 quarter units of transferable college work must submit scores from either the Scholastic Aptitude Test of The College Board (SAT) or the American College Test Program (ACT). You may get registration forms and the dates for either test from school or college counselors or from the SDSU Test Office. Or, you may write to:

The College Board (SAT)  
Registration Unit, Box 592  
Princeton, New Jersey 08541

American College Testing Program (ACT)  
Registration Unit, P.O. Box 168  
Iowa City, Iowa 52240

#### TOEFL Requirement

All undergraduate applicants, regardless of citizenship, who have not attended schools at the secondary level or above for at least three years full time where English is the principal language of instruction must present a minimum score of 550 or above on the Test of English as a Foreign Language (TOEFL).

#### Systemwide Tests Required of Most New Students

The California State University system requires new students to be tested in English and mathematics after they are admitted. These are not admission tests, but a way to determine if students are prepared for college work and, if not, to counsel them in how to strengthen their preparation. Students might be exempted from one or both of the tests if they have scored well on other specified tests or completed appropriate transfer courses.

**English Placement Test (EPT).** The CSU English Placement Test must be completed by all undergraduates\* with the exception of those who present proof of one of the following:

- A score of 3, 4, or 5 on either the Language and Composition or the Composition and Literature examination of The College Board Advanced Placement Program.
- A score on the CSU English Equivalency Examination that qualifies a student for exemption from the English Placement Test.
- A score of 470 or above on the Verbal section of The College Board Scholastic Aptitude Test (SAT-Verbal).
- A score of 22 or above on the ACT English Usage Test.
- A score of 25 or above on the ACTE (Enhanced) English Test.
- A score of 600 or above on The College Board Achievement Test in English Composition *with essay*.
- Completion of an acceptable college transfer course in English composition of four quarter or three semester units with a grade of C or better.

\* Undergraduates who are admitted with 56 or more transferable semester units and who are subject to a campus catalog earlier than 1986-87 are not required to complete the EPT.

**Entry-Level Mathematics (ELM) Test.** All undergraduate students must take the test and *pass it* before enrolling in a course that satisfies the college-level mathematics requirement of the General Education program. Exemptions from the test are given only to those students who can present proof of one of the following:

- A score of 3 or above on The College Board Advanced Placement Mathematics examination (AB or BC).
- A score of 530 or above on the Mathematics section of the Scholastic Aptitude Test (SAT-Math).
- A score of 23 or above on the ACT Mathematics Test.
- A score of 23 or above on the ACTE (Enhanced) Mathematics Test.
- A score of 520 or above on The College Board Math Achievement Test, Level 1.
- A score of 540 or above on The College Board Math Achievement Test, Level 2.
- Completion of a college transfer course, with a grade of C or better, that satisfies the General Education-Breadth Requirement in Quantitative Reasoning provided it is above the level of intermediate algebra.

Failure to verify an exemption from these test requirements or to take the tests within two semesters of first date of attendance at San Diego State University will result in the withholding of registration privileges for a third semester (Section 41300.1 of Title 5, *California Code of Regulations* and CSU Executive Order 393). Failure to satisfy the requirements within four semesters will result in the withholding of registration privileges for future semesters.

San Diego State University students with an exemption from the EPT or ELM based on a transfer course will be required to take the SDSU Writing Competency Test or the Mathematics Placement Examination.

Information bulletins and registration materials for the EPT and ELM will be mailed to all newly admitted students. The materials may also be obtained from the Office of Admissions and Records.

### Adult Students

As an alternative to regular admission criteria, an applicant who is 25 years of age or older may be considered for admission as an adult student if he or she meets the following conditions:

1. Possesses a high school diploma (or has established equivalence through either the Tests of General Educational Development or the California High School Proficiency Examination).
2. Has not been enrolled in college as a full-time student for more than one term during the past five years. Part-time enrollment is permissible.
3. If there has been any college attendance in the past five years, has earned a grade point average of C or better.
4. Test results verifying completion of current San Diego State University competency requirements in mathematics and writing. Current competency requirements and minimum test scores are published in the University General Catalog and each semester's Class Schedule; the most recent published scores will be required.

Applicants seeking admission as an adult student must submit a statement of no more than two pages describing the alternate preparation which the applicant feels has prepared him or her for successful university work. The statement should also describe the applicant's educational goals and what preparation has been made to pursue these goals. Consideration for admission will be based upon a judgment as to whether the applicant is as likely to succeed as a regularly admitted freshman or transfer student.

### Other Applicants

Applicants not admissible under one of the above provisions should enroll in a community college or other appropriate institution. Under unusual circumstances such applicants may be permitted to enroll. Permission is granted only by special action.

San Diego State University also offers a special program designed to expand educational opportunity for capable persons who, for a variety of reasons, have not previously had the opportunity. For detailed information regarding admission to this program, refer to the section of this catalog on the Educational Opportunity Program.

## Graduate and Postbaccalaureate Admission Requirements

### Admission Requirements

Graduate and postbaccalaureate applicants may apply for a degree objective, a credential or certificate objective, or may have no program objective. Depending on the objective, San Diego State University will consider an application for admission in one of four categories:

- **Postbaccalaureate Unclassified.** You will qualify for admission as an unclassified postbaccalaureate student if you (1) hold an acceptable bachelor's degree from a regionally accredited institution or have equivalent preparation as determined by the campus; (2) have a grade point average of at least 2.50 in your last 60 semester (90 quarter) units; and (3) are in good standing at the last college you attended. In unusual circumstances, exceptions may be made to these criteria.
- If eligible in postbaccalaureate unclassified standing, you may qualify for:
- **Postbaccalaureate Classified** standing to enroll in a credential or certificate program provided you satisfy the additional professional, personal, scholastic, and other standards, including qualifying examinations, as the department and SDSU may prescribe; or
- **Graduate Conditionally Classified** standing to enroll in a graduate degree curriculum if in the opinion of the appropriate department authority you can remedy any deficiencies by additional preparation; or
- **Graduate Classified** standing to enroll in a graduate degree curriculum if you satisfactorily meet the professional, personal,

scholastic, and other standards, including qualifying examinations, as the department and SDSU may prescribe.

### TOEFL Requirement

All graduate and postbaccalaureate applicants, regardless of citizenship, whose preparatory education was principally in a language other than English must demonstrate competence in English. Those who do not possess a bachelor's degree from a postsecondary institution where English is the principal language of instruction must receive a minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

## Second Bachelor's Degree

Second bachelor's degrees are awarded by most departments. Currently, Business Administration, Liberal Studies Option 1, Mexican American Studies, and Telecommunications and Film do not participate in the second bachelor's degree program. A student wishing to earn a second bachelor's degree must apply for admission to San Diego State University during the filing period for undergraduate applicants, unless already enrolled at the University as a postbaccalaureate student. In addition, applicants to the impacted majors (criminal justice administration, journalism, nursing, and public administration) must apply during the first month of the undergraduate application filing period. Upon receipt of the admission application, students will be sent a separate application for a second bachelor's degree.

Admission to a second bachelor's degree program is based on a review of the second bachelor's degree application and the applicant's academic record. Applicants must be eligible for admission as a postbaccalaureate student, meet all undergraduate admission subject requirements, show strong promise of success in the new field, and have a clearly indicated change in educational objective.

Classified graduate students are not eligible to apply for a second bachelor's degree. Credit earned while a second bachelor's candidate may not be applied toward an advanced degree at a later date. Candidates for a second bachelor's degree are ineligible to enroll in 600- and 700-numbered courses.

To receive a second bachelor's degree, the student must complete a minimum of 30 postbaccalaureate units in residence with a minimum grade point average of 2.0, at least 15 units must be upper division in the new major. Up to six upper division units from the previous major may be used in the new major, provided the student completed the same number of units above minimum requirements for the first degree. The student must fulfill all current requirements for the bachelor's degree, including but not limited to General Education, major, upper division writing, and foreign language if required by the major. Students are subject to undergraduate policies and procedures, including rules governing deadlines, course forgiveness, and academic probation and disqualification.

The second bachelor's degree is not granted automatically. When eligible for graduation, students must submit an application for graduation with the Office of Admissions and Records, AD-127. The Class Schedule each semester specifies the exact dates for filing. (Refer to the section on Application for Graduation in this catalog for additional information and regulations.)

For additional information and second bachelor's degree applications, contact the Office of Admissions and Records.

## Second Major for SDSU Graduates

San Diego State University graduates wishing to return for a second major may do so in most areas. Currently, Business Administration, Liberal Studies Option 1, Mexican American Studies, and Telecommunications and Film do not participate in the second major program. Students must apply for readmission to the University during the filing period for undergraduate applicants, unless already enrolled as a postbaccalaureate student. In addition, applicants to the impacted majors (criminal justice administration, journalism, nursing, and public administration) must apply during the first month of the undergraduate application filing period.

Upon receipt of the admission application, students will be sent a separate application for a second major. Admission to the second major program is based on the following criteria: a 2.50 grade point average in the last 60 semester units attempted; prior completion of at least nine units in the second major with a 2.50 GPA, and approval of the second major department.

A second major is an undergraduate objective. Second major students are subject to all undergraduate policies and procedures, including rules governing deadlines, course forgiveness, and academic probation and disqualification. No course numbered 600 or 700 may be used to fulfill a second major requirement, and no credit earned toward a second major may be applied toward an advanced degree. Students may pursue a second major and a teaching credential simultaneously.

To receive a second major, students must meet with the major adviser and develop a major outline detailing requirements for the second major. These include a minimum of 12 upper division units in the new major after approval in the program, a minimum grade point average of 2.0 in the major, and satisfaction of all current catalog requirements associated with the major including foreign language and upper division writing requirements where appropriate. Acceptance of second major courses completed during the first degree is subject to department review and approval. If taken some time ago, students may be required to take more than the minimum number of units needed in the discipline.

Awarding of the second major is not automatic. When students have completed all requirements on the major outline, the major adviser must review all records and notify the Office of Admissions and Records to add the new major. Notation of the second major is made to the postbaccalaureate record. Second major students are not eligible for honors for second major work or a new diploma.

For additional information and second major applications, contact the Office of Admissions and Records.

## International (Foreign) Student Admission Requirements

San Diego State University must assess the academic preparation of foreign students. For this purpose, "foreign students" include those who hold US visas as students, exchange visitors, or in other nonimmigrant classifications. SDSU uses separate requirements and application filing dates in the admission of foreign students.

Applicants for admission as either graduates or undergraduates whose education has been in a foreign country should file an application for admission, official certificates, and detailed transcripts of record from each secondary school and collegiate institution attended several months in advance of the opening of the semester in which the applicant expects to attend. If certificates and transcripts are not in English, they should be accompanied by certified English translations. Credentials will be evaluated in accordance with the general regulations governing admission to San Diego State University.

Because priority in admission is given to residents of California, nonresident applicants, including international students, are advised that there is little likelihood of being admitted to either impacted programs or to those with limited access. Programs impacted at SDSU include the following undergraduate majors: Business Administration (upper division), Criminal Justice Administration, Journalism, Nursing, Public Administration, and Telecommunications and Film.

All applicants whose major education has been in a language other than English must score 550 or more on the Test of English as a Foreign Language (TOEFL). This test is administered in most foreign countries and test scores must be received by the university before admission to the university can be granted. Information as to the time and place at which this test is given may be obtained by writing to the Educational Testing Service (TOEFL), Princeton, New Jersey, 08540, USA.

Upon arrival at San Diego State University, further tests of English may be given for the purpose of placing students in an English language program commensurate with their linguistic ability in English, and for use by advisers to assist students in planning an

appropriate course of study. Depending upon their performance on the placement test and their academic background, students may be required to enroll in one or more English language courses during their first year at San Diego State University. Foreign students admitted to the University will be subject to the same competency and placement examinations and standards as govern the rest of the student population.

If English instruction is needed, students may enroll in the American Language Institute. The American Language Institute (ALI) offers preparation in the English language reading, writing, and listening skills necessary for university success. For those students who are enrolling in the American Language Institute, a program called conditional admission is available. It is for those students who require acceptance to a university in order to obtain a passport, a U.S. visa, or government sponsorship. The program is offered to students who do not have an adequate command of English or the required TOEFL (Test of English as a Foreign Language) score to qualify for admission to the University. After transcripts of their academic work have been evaluated by SDSU staff, students may receive an official letter of conditional admission which states that the student has met all University requirements *except* English language proficiency and may enter the University after appropriate TOEFL scores and training at the American Language Institute.

Health insurance coverage is mandatory for international (foreign) students. Acceptable health insurance is available on campus at approximately \$331 per year.

Arrangements for housing should be completed well in advance of the student's arrival on the campus. Detailed information regarding housing may be obtained from the Housing and Residential Life Office, San Diego State University. Scholarship aid for entering students is limited; no scholarships are specifically reserved for students from another country. Further information regarding scholarships will be found in the section of this catalog on Financial Aid and Scholarships.

Upon arrival at San Diego State University the students should contact the Office of International Student Services.

## Limitation of Enrollment

Admission to a state university must be restricted in relation to the number of students for whom an adequate education can be provided by the staff and facilities available. The Trustees have authority on this matter.

## Registration

San Diego State University students are afforded the opportunity to participate in an Advance Registration system. On-campus registration is also held just prior to the beginning of each semester for certain specified students. The Class Schedule and Student Information Handbook, issued each semester and obtainable at the University bookstore prior to the registration period, contains specific information on registration, the courses offered for the term, and a listing of the fees required for registration. Fees are due and payable at the time of registration and depend on the number of units selected. Failure to pay fees will result in cancellation of registration. For policies governing registration after classes begin, consult the current Class Schedule.

## Determination of Residence for Nonresident Tuition Purposes

The campus Admissions and Records Office determines the residence status of all new, returning, and continuing students for nonresident tuition purposes. Responses on the Application for Admission and, if necessary, other documentation furnished by the student are used in making this determination. A student who fails to submit adequate information to establish a right to classification as a California resident will be classified as a nonresident.

The following statement of the rules regarding residency determination for nonresident tuition purposes is not a complete discussion of the law, but a summary of the principal rules and their exceptions. The law governing residence determination for tuition purposes by The California State University is found in *Education Code* Sections 68000-68090, 68121, 68123, 68124, 89705-89707.5, and 90408, and in Title 5 of the *California Code of Regulations*, Sections 41900-41912. A copy of the statutes and regulations is available for inspection at the campus Admissions and Records Office.

Legal residence may be established by an adult who is physically present in the state and who, at the same time, intends to make California his or her permanent home. Steps must be taken at least one year prior to the residence determination date to show an intent to make California the permanent home with concurrent relinquishment of the prior legal residence. The steps necessary to show California residency intent will vary from case to case. Included among the steps may be registering to vote and voting in elections in California; filing resident California state income tax forms on total income; ownership of residential property or continuous occupancy or renting of an apartment on a lease basis where one's permanent belongings are kept; maintaining active resident memberships in California professional or social organizations; maintaining California vehicle plates and operator's license; maintaining active savings and checking accounts in California banks; maintaining permanent military address and home of record in California if one is in military service.

The student who is within the state for educational purposes only does not gain the status of resident regardless of the length of the student's stay in California.

In general, the unmarried minor (a person under 18 years of age) derives legal residence from the parent with whom the minor maintains or last maintained his or her place of abode. The residence of a minor cannot be changed by the minor or the minor's guardian, so long as the minor's parents are living.

A married person may establish his or her residence independent of spouse.

An alien may establish his or her residence, unless precluded by the Immigration and Nationality Act from establishing domicile in the United States. An unmarried minor alien derives his or her residence from the parent with whom the minor maintains or last maintained his or her place of abode.

Nonresident students seeking reclassification are required by law to complete a supplemental questionnaire concerning financial independence.

The general rule is that a student must have been a California resident for at least one year immediately preceding the residence determination date in order to qualify as a "resident student" for tuition purposes. A residence determination date is set for each academic term and is the date from which residence is determined for that term. The residence determination dates are September 20 for fall and January 25 for spring. Questions regarding residence determination dates should be directed to the Legal Residence Office in the Admissions and Records Office which can give you the residence determination date for the term for which you are registering.

There are exceptions for nonresident tuition, including:

- Persons below the age of 19 whose parents were residents of California but who left the state while the student, who remained, was still a minor. When the minor reaches age 18, the exception continues for one year to enable the student to qualify as a resident student.
- Minors who have been present in California with the intent of acquiring residence for more than a year before the residence determination date, and entirely self-supporting for that period of time.
- Persons below the age of 19 who have lived with and been under the continuous direct care and control of an adult, not a parent, for the two years immediately preceding the residence determination date. Such adult must meet California residency requirements.
- Dependent children and spouses of persons in active military service stationed in California on the residence determination date. The exception, once attained, is not affected by retirement or transfer of the military person outside the state, if the student is continuously enrolled.

5. Military personnel in active service stationed in California on the residence determination date for purposes other than education at state-supported institutions of higher education.

6. Dependent offspring of a California resident. The offspring cannot have previously been a California resident. This exception continues until the student has resided in the state the minimum time necessary to become a resident, so long as continuous attendance is maintained at an institution.

7. Graduates of any school located in California that is operated by the United States Bureau of Indian Affairs, including, but not limited to, the Sherman Indian High School. The exception continues so long as continuous attendance is maintained by the student at an institution.

8. Certain credentialed, full-time employees of California public school districts.

9. Full-time State University employees and their children and spouses; State employees, assigned to work outside the State, and their children and spouses. This exception applies only for the minimum time required for the student to obtain California residence and maintain that residence for one year.

10. Certain exchange students.

11. Children of deceased public law enforcement or fire suppression employees, who were California residents, and who were killed in the course of law enforcement or fire suppression duties.

Any student, following a final campus decision on his or her residence classification only, may make written appeal to:

The California State University  
Office of General Counsel  
400 Golden Shore  
Long Beach, California 90802-4275

within 120 calendar days of notification of the final decision on campus of the classification. The Office of General Counsel may make a decision on the issue, or it may send the matter back to the campus for further review. Students classified incorrectly as residents or incorrectly granted an exception from nonresident tuition are subject to reclassification as nonresidents and payment of nonresident tuition in arrears. If incorrect classification results from false or concealed facts, the student is subject to discipline pursuant to Section 41301 of Title 5 of the *California Code of Regulations*. Resident students who become nonresidents, and nonresident students qualifying for exceptions whose basis for so qualifying changes, must immediately notify the Admissions and Records Office. Applications for a change in classification with respect to a previous term are not accepted.

The student is cautioned that this summation of rules regarding residency determination is by no means a complete explanation of their meaning. The student should also note that changes may have been made in the rate of nonresident tuition, in the statutes, and in the regulations between the time this catalog is published and the relevant residence determination date.

## Academic Advising

Academic advising is organized according to major. All students must comply with advising requirements established for their major(s) and described with other major requirements in the Courses and Curricula section of this catalog. For additional help, students with a declared major or interest in a particular major should consult with the advising center or assistant dean for student affairs in the college of that major. Students who are undecided about their majors should consult with the University Advising Center. Besides the advising centers listed below, each department and academic program maintains advisers who may be consulted on specific questions related to their programs. These departmental and program advisers may be reached through any of the college advising centers listed below or through the University Advising Center. Most advising centers are open Monday through Friday between 9:00 a.m. and 4:30 p.m. Services are available either by appointment or on a drop-in basis.

### College of Arts and Letters Advising Center (Storm Hall, Room 132)

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

In addition, all students who intend to major in the College of Arts and Letters and who have fewer than 56 units are required, before or during their first semester at San Diego State University, to consult with the College of Arts and Letters Student Advising Center (SH-132) for general education advising.

Africa and Middle East Studies	International Business
Afro-American Studies	Judaic Studies
American Indian Studies	Latin American Studies
American Studies	Linguistics and Oriental Languages

### College of Sciences Advising Center (Life Sciences, Room 133)

Astronomy	Geological Sciences	Physical Science
Biology	Mathematical Sciences	Physics
Chemistry	Microbiology	Psychology

**Areas of interest within the majors:** Animal behavior, chemical physics, computer science, counseling and clinical psychology, ecology, electronics, engineering geology, environmental health, entomology, genetics, geochemistry, geophysics, marine biology, marine geology, medical technology, oceanography, paleontology, physiology, physiological psychology, radiological physics, statistics, teaching credential programs in life and physical sciences.

For preprofessional programs see section below.

### University Advising Center (Campus Laboratory School, Room 107)

The University Advising Center (a) assists currently enrolled and prospective students with problems and planning about degree requirements, academic policies, and academic procedures; (b) counsels students with undeclared majors seeking an educational direction compatible with their interests, goals, and individual circumstances; (c) acquaints students with other campus services appropriate to their individual needs; and (d) provides major advising for the Liberal Studies Options 2 and 3 majors (elementary education). The Center's hours are 9:00 a.m. to 4:00 p.m., Monday through Friday, except that it is open until 6:00 p.m. on Mondays in the fall and spring semesters.

### Imperial Valley Campus Advising

Imperial Valley Campus students are required to see an adviser prior to registration for each semester. Students with a declared major or an interest in a specific major should consult with a member of the Campus Academic Advising Team: Assistant Dean Flores or Academic Specialist Russum. These academic advisers may be consulted at any time on specific questions concerning programs of study, general degree requirements, or students' evaluations.

Students should call the Student Affairs Unit, 357-5500, for an appointment for academic advising. The Unit operates Monday through Thursday from 8:30 a.m. to 7:30 p.m. and on Friday from 8:30 a.m. to 5 p.m.

### Advising for Graduate Programs, Teaching Credential Programs, and Preprofessional Programs

**General requirements for the master's and doctoral degrees.** Advisement concerning general requirements (except for the major) is available from the Graduate Division in room 220 of the Administration Building. Office hours are from 9:00 a.m. to 4:30 p.m. on Monday through Friday. A departmental graduate adviser is available in all programs offering graduate degrees.

**Teaching credential requirements.** Advising for the Multiple Subject (elementary) and the Single Subject (secondary) teaching credential programs is available through the Center for Careers in Education, ED-100, 594-5964. Group advising sessions are regularly scheduled for students interested in either program. Students who are interested in the Spanish bilingual emphasis programs for the Multiple Subject or Single Subject teaching credentials can secure information from the Department of Policy Studies in Language and Cross-Cultural Education, ED-152, 594-5155. Students seeking the Single Subject credential with or without the bilingual emphasis should consult also with the credential adviser in their academic major department for specific course requirements in the subject area.

**Preprofessional advising.** Advisement for students planning to attend professional schools is available through the following offices: *pre dentistry*, Life Sciences, room 135; *pre education*, Campus Laboratory, room 107; *pre law*, Nasatir Hall, room 131; *pre medicine*, Life Sciences, room 135; *pre occupational therapy*, Life Sciences, room 133; *pre optometry*, Life Science, room 133; *pre pharmacy*, Life Sciences, room 133; *pre physical therapy*, Life Sciences, room 133; *pre veterinary medicine*, Life Sciences, room 135. Advisers in prelaw are not available during the summer months.

#### Additional Advisory Services Provided Through Following Programs

**New student orientation.** As a new semester approaches, all incoming students are invited to attend a one-day orientation program called Academic Information Day. Academic advising is an important part of each program, including General Education requirements, group meetings with the assistant deans from the various colleges, and completion of the registration packet. Questions concerning orientation can be directed to the Student Resource Center; telephone 594-5933 or 594-5221.

EOP students are required to attend the EOP orientation program known as EOP-START. Attendance at an Academic Information Day or CONTACT is encouraged, but does *not* meet the EOP orientation requirement. Call EOP at 594-6298 for additional information.

#### Transcript Evaluation

An evaluation is a summary of college work completed and of requirements to be completed for a bachelor's degree. To be eligible for an evaluation, a student must be currently enrolled, have completed at least 56 units of acceptable college work, and have a declared major. An evaluation will not be done until official copies of all transfer credit are on file in the Office of Admissions and Records. Only one evaluation will be done for each major.

A student who has earned 56 semester units or more and has not received an evaluation should apply at the Evaluations Office for an official evaluation. The evaluation is made on the regulations in effect at the time the student declares the major, provided continuous enrollment has been maintained, except as otherwise provided in the *California Code of Regulations*, Chapter 5, Section 40401, Election of Regulations. (Further information is given in the section of this catalog on Graduation Requirements.)

## General Regulations

### Student Responsibility for Catalog Information

Students are held individually responsible for the information contained in this catalog. The requirements listed in the "Graduation Requirements" section of the catalog are those requirements which the University will make every effort to preserve for students subject to this catalog. All other parts of the catalog, including this "General Regulations" section, are subject to change from year to year as University rules, policies, and curricula change. Failure to keep informed of such changes will not exempt students from whatever penalties they may incur.

### Changes in Rules and Policies

Although every effort has been made to assure the accuracy of the information in this catalog, students and others who use this catalog should note that laws, rules, and policies change from time to time and that these changes may alter the information contained in this publication. Changes may come in the form of statutes enacted by the Legislature, rules and policies adopted by the Board of Trustees of The California State University, by the Chancellor or designee of The California State University, or by the President or designee of San Diego State University. Further, it is not possible in a publication of this size to include all of the rules, policies and other information which pertain to the student, San Diego State University, and The California State University. More current or complete information may be obtained from the appropriate department, school, or administrative office. Each semester, the Class Schedule and Student Information Handbook outlines changes in academic policy and procedure and current deadlines which are of importance to students.

Nothing in this catalog shall be construed, operate as, or have the effect of an abridgment or a limitation of any rights, powers, or privileges of the Board of Trustees of The California State University, the Chancellor of The California State University, or the President of San Diego State University. The Trustees, the Chancellor, and the President are authorized by law to adopt, amend, or repeal rules and policies which apply to students. This catalog does not constitute a contract or the terms and conditions of a contract between the student and San Diego State University or The California State University. The relationship of the student to San Diego State University is one governed by statute, rules, and policy adopted by the Legislature, the Trustees, the Chancellor, the President and their duly authorized designees.

### Privacy Rights of Students in Education Records

The federal Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g) and regulations adopted thereunder (34 C.F.R. 99) and California Education Code Section 67100 et seq. set out requirements designed to protect the privacy of students concerning their records maintained by the campus. Specifically, the statute and regulations govern access to student records maintained by the campus and the release of such records. In brief, the law provides that the campus must provide students access to official records directly related to the student and an opportunity for a hearing to challenge such records on the grounds that they are inaccurate, misleading or otherwise inappropriate. The right to a hearing under the law does not include any right to challenge the appropriateness of a grade as determined by

the instructor. The law generally requires that written consent of the student be received before releasing personally identifiable data about the student from records to other than a specified list of exceptions. The institution has adopted a set of policies and procedures concerning implementation of the statutes and the regulations on the campus. Copies of these policies and procedures may be obtained at the Office of the Vice President for Student Affairs. Among the types of information included in the campus statement of policies and procedures are: (1) the types of student records and the information contained therein; (2) the official responsible for the maintenance of each type of record; (3) the location of access lists which indicate persons requesting or receiving information from the record; (4) policies for reviewing and expunging records; (5) the access rights of students; (6) the procedures for challenging the content of student records; (7) the cost which will be charged for reproducing copies of records; and (8) the right of the student to file a complaint with the Department of Education. An office and review board have been established by the Department to investigate and adjudicate violations and complaints. The office designated for this purpose is The Family Educational Rights and Privacy Act Office (FERPA), U.S. Department of Education, 330 "C" Street, Room 4511, Washington, D.C. 20202.

The campus is authorized under the Act to release "directory information" concerning students. "Directory information" includes the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. The above designated information is subject to release by the campus at any time unless the campus has received prior written objection from the student specifying information which the student requests not be released. Students shall be given an opportunity to restrict the release of "directory information" about themselves at the time of registration.

The campus is authorized to provide access to student records to campus officials and employees who have legitimate educational interests in such access. These persons are those who have responsibilities in connection with the campus' academic, administrative or service functions and who have reason for using student records connected with their campus or other related academic responsibilities.

### Nondiscrimination Policy

#### Handicap

The California State University does not discriminate on the basis of handicap in admission or access to, or treatment or employment in, its programs and activities. Section 504 of the Rehabilitation Act of 1973, as amended, and the regulations adopted thereunder prohibit such discrimination. The Office of Student Affairs has been designated to coordinate the efforts of San Diego State University to comply with the Act in its implementing regulations. Inquiries concerning compliance may be addressed to this office at AD-231; telephone 594-5211.

#### Race, Color, or National Origin

The California State University complies with the requirements of Title VI of the Civil Rights Act of 1964 and the regulations adopted thereunder. No person shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program of The

California State University. Inquiries concerning the application of Title VI to program activities of San Diego State University may be referred to the Affirmative Action Officer, ED-156, 594-6464.

### Sex

The California State University does not discriminate on the basis of sex in the educational programs or activities it conducts. Title IX of the Education Amendments of 1972, as amended, and the administrative regulations adopted thereunder prohibit discrimination on the basis of sex in education programs and activities operated by San Diego State University. Such programs and activities include admission of students and employment. Inquiries concerning the application of Title IX to programs and activities of San Diego State University may be referred to the Affirmative Action Officer (594-6464), the campus officer assigned the administrative responsibility of reviewing such matters, or to the Regional Director, Office of Civil Rights, Region 9, 221 Main Street, 10th Floor, San Francisco, California 94105.

## Registration and Computation of Grades

### Registration of Grades

At the end of each semester or summer session in which a student is enrolled, a report of courses taken showing units and grades earned is sent to the student. Grades and grade points per unit used in reporting are as follows: Grade of **A** (outstanding achievement; available only for the highest accomplishment), 4 points; **B** (praiseworthy performance; definitely above average), 3 points; **C** (average; awarded for satisfactory performance; the most common undergraduate grade), 2 points; **D** (minimally passing; less than the typical undergraduate achievement), 1 point; **F** (failing), 0 points; **SP** (satisfactory progress), not counted in the grade point average; **W** (withdrawal), not counted in the grade point average; **AU** (audit), no credit earned and not counted in the grade point average; **Cr** (credit), signifying units earned, but not counted in the grade point average; **NC** (no credit), no credit earned and not counted in the grade point average; **I** (authorized incomplete), no credit earned and not counted in the grade point average until one calendar year has expired at which time it will count as an "F" for grade point average computation; **U** (unauthorized incomplete), counted as "F" for grade point average computation.

### Plus/Minus Grading

A plus/minus grading system is utilized at San Diego State University. Plus/minus grading is not mandatory but is utilized at the discretion of the individual instructor. The grades of A+, F+ and F- are not issued. The decimal values of plus and/or minus grades are utilized in the calculation of grade point averages as follows:

A = 4.0	C+ = 2.3	D- = 0.7
A- = 3.7	C = 2.0	F = 0
B+ = 3.3	C- = 1.7	U = 0
B = 3.0	D+ = 1.3	I = 0 (when counting
B- = 2.7	D = 1.0	= 0 as an "F")

Faculty members use all grades from A through F to distinguish among levels of academic accomplishment. The grade for average undergraduate achievement is C.

### Satisfactory Progress Grade — "SP"

The "SP" symbol is used in connection with courses that extend beyond one academic term. It indicates that work is in progress and has been evaluated and found to be satisfactory to date, but that assignment of a precise grade must await completion of additional work. Work is to be completed within a stipulated time period not to exceed one year except for graduate thesis (799A) or dissertation (899). Failure to complete the assigned work within one calendar year except for courses 799A, 899, and Academic Skills 90A, 92A, 94, and 97A will result in the course being computed into the grade point average as an "F" (or a "NC" if the course was taken for a credit/no credit grade).

### Withdrawal Grade — "W"

The symbol "W" indicates that the student was permitted to drop a course after the first four weeks of instruction because of a verified serious and compelling reason and has obtained the signature of the instructor and the approval of the dean or designee of the college in which the class is located. After the fourth week, the grade of "W" will appear on the student's permanent record for courses on which an official drop has been approved.

Dropping a class after the end of the tenth day of instruction and prior to the last three weeks of instruction is permissible only for verified serious and compelling reasons. Permission to drop a class during this period is granted only with the signature of the instructor, who indicates the student's grade status in the class, and the approval of the dean or designee of the college in which the class is located. Students wishing to withdraw from all classes during this period must obtain the signature of each instructor and the approval of the dean or designee of the college of the student's major.

Students are not permitted to drop a class during the final three weeks of instruction, except in cases such as accident or serious illness where the cause of dropping the class is due to circumstances clearly beyond the student's control and the assignment of an incomplete is not practicable. All such requests must be accompanied by appropriate verification. Ordinarily, withdrawals in this category will involve total withdrawal from the University, except that credit, or an incomplete, may be assigned for courses in which sufficient work has been completed to permit an evaluation to be made. Requests to withdraw under such circumstances must be signed by each instructor, who indicates the student's grade status in the class, and approved by the dean or designee of the college of the student's major.

After the last day of the semester, a student who wishes to change assigned grades to "W" grades must request to withdraw from the full semester's work; no requests for individual classes will be accepted. Such requests may be granted only in verified cases such as accident or serious illness where the cause for substandard performance was due to circumstances clearly beyond the student's control. Only those retroactive changes from an assigned grade to a "W" which are approved by the instructor who assigned the original grade will be made, except that (a) the dean or designee of the college of the student's major may authorize the change of "U" to "W," and (b) department chairs shall act on behalf of instructors no longer affiliated with the University.

### Auditing — "AU"

Enrollment as an auditor is subject to permission of the instructor, provided that enrollment in a course as an auditor shall be permitted only after students otherwise eligible to enroll on a credit basis have had an opportunity to do so. Auditors are subject to the same fee structure as credit students and regular class attendance is expected. Failure to meet required class attendance may result in an administrative drop of the course. Once enrolled as an auditor, a student may not change to credit status unless such a change is requested prior to the end of the fifteenth day of instruction. A student who is enrolled for credit may not change to audit after the end of the fifteenth day of instruction.

### Credit/No Credit (Undergraduate Student Option) — "Cr/NC"

An undergraduate student may elect to be graded credit/no credit in particular courses, subject to the following conditions:

1. Upper division courses graded credit/no credit (Cr/NC), whether taken at this or at another institution, may not be used to satisfy requirements for the student's major or minor except for those courses identified in the course listing as graded "Cr/NC."

2. Courses graded credit/no credit may not be used to satisfy the Communication and Analytical Reasoning section of General Education.

3. No more than 15 units graded credit/no credit may be offered in satisfaction of the total units required in a bachelor's degree program,

except that all units accepted as transfer credit from another institution at the time of the student's admission may be used. If 15 or more units graded credit/no credit are transferred, the student may offer no additional courses graded credit/no credit to satisfy total units required for a bachelor's degree. Exceptions to this rule will be made only if a student is required to take an SDSU course on a credit/no credit basis.

4. Units for courses required for graduation which are offered for Cr/NC only will not be counted as part of the 15 elective units of Cr/NC allowed.

5. If for any reason (change of major or minor or transfer from another institution) upper division courses graded credit/no credit are offered to satisfy requirements in the major, the student may be required by the major department to pass competency examinations at an acceptable level or take prescribed alternate courses before being allowed to continue in the major.

6. Change in grading basis may be made by obtaining a Change of Program form and returning that form to the Change of Program booth on or before the fifteenth day of instruction. No changes in grading basis are permitted after that date.

7. A grade of "Credit" is awarded for work equivalent to all grades which earn 2.0 or more grade points (A through C). "No Credit" is awarded for work equivalent to all grades which earn less than 2.0 grade points (C- through F).

8. The only courses which may be repeated with a credit/no credit option are those in which the student previously received a grade of "No Credit." If a course previously taken for a grade is repeated for a grade of "Credit," the original grade will continue to be used in computation of the grade point average.

**NOTE:** "NC" is not calculated in the grade point average at San Diego State University. However, some institutions, particularly for graduate admissions, calculate an "NC" as an "F."

### Authorized Incomplete Grade — "I"

The symbol "I" (incomplete authorized) indicates that a portion of required course work has not been completed and evaluated in the prescribed time period due to unforeseen, but fully justified, reasons and that there is still a possibility of earning credit. It is the responsibility of the student to bring pertinent information to the instructor and to reach agreement on the means by which the remaining course requirements will be satisfied. The conditions for removal of the Incomplete shall be reduced to writing by the instructor and given to the student with a copy placed on file with the department chair until the student with a copy placed on file with the department chair until the Incomplete is removed or the time limit for removal has passed. A final grade is assigned when the work agreed upon has been completed and evaluated. An Incomplete shall not be assigned when the only way the student could make up the work would be to attend a major portion of the class when it is next offered.

Contract forms for Incompletes are available at department offices.

An Incomplete must be made up within one calendar year immediately following the end of the term in which it was assigned. This limitation prevails whether or not the student maintains continuous enrollment. Failure to complete the assigned work within one calendar year will result in an Incomplete being computed into the grade point average as an "F" (or a "NC" if the course has been taken Cr/NC). After one calendar year, the only way a student may eliminate that grade from the grade point calculation is to repeat the course and file a petition for course "forgiveness" (see "Repeated Courses" below). In any case, because the student record must provide an accurate and complete record of the student's academic history, the notation of "Incomplete" will remain on the record.

### Unauthorized Incomplete Grade — "U"

The symbol "U" indicates that an enrolled student did not withdraw from the course but failed to complete course requirements. It is used when, in the opinion of the instructor, the number of completed assignments or course activities or both were insufficient to make normal evaluation of academic performance possible. For purposes of grade point average computation, this symbol is equivalent to an "F."

If a student attends a portion of a course and then, after receiving failing grades, stops attending without officially withdrawing, that student should normally receive a final grade of "F" and not "U."

### Computation of Grade Point Average

To compute the grade point average, the total number of grade points earned is divided by the number of units attempted. Units earned with a Cr (Credit) are not included in the computation. A grade of "I" (authorized incomplete) is not counted in the grade point computation until one calendar year has expired, at which time it will count as an "F." The minimum GPA for a bachelor's degree is 2.0 (C); in other words, the student must have earned at least twice as many grade points as units attempted.

### Repeated Courses

Course "Forgiveness" and Course Repeat Policy. Undergraduate students may repeat at San Diego State University up to five courses for "forgiveness" of a C- or lower grade (or Incomplete after one calendar year), subject to the following conditions and requirements.

1. In the semester in which students are repeating a course for which they want an earlier grade "forgiven," they must notify Admissions and Records before the end of the add period (or before noon of the third day of Winter or Summer Session classes) that they want the "forgiveness" policy applied to that course. While the original grade(s) will remain on students' records, the grade earned in the repeat, whether higher or lower than the original grade, will be used in place of the earlier grade in calculation of grade point averages.

2. Students may request grade "forgiveness" no more than five times and no more than twice for the same course.

3. The course "forgiveness" and course repeat policy applies only to repeats of the same course (same number, same title, and, for Experimental Topics courses, same subtitle). Exceptions will be made only in those cases where the course number changes and the change is documented in the General Catalog.

4. The only courses which may be repeated Credit/No Credit are those in which students previously received No Credit; if a course previously taken for a grade is repeated Credit/No Credit, the original grade will continue to be calculated in grade point averages. Repeating courses in which the original grade was "NC" does not require the filing of the Course Forgiveness Petition, nor does it subtract from the five forgivable repeats permitted, since the No Credit grade does not affect the student's GPA.

5. The course "forgiveness" policy may be extended to courses originally taken elsewhere and repeated at San Diego State University, in which case the original transfer grade will no longer be used in the calculation of the overall grade point average. However, the "forgiveness" policy applies only to courses repeated at San Diego State University.

6. The course "forgiveness" policy applies to courses repeated at San Diego State University in Summer Sessions and Wintersession; it does not apply to courses repeated through Open University.

7. If courses with C- or lower grades are repeated without appropriate notification having been filed by the deadline or in excess of course repeat limitations (no more than two repeats per course, no more than five repeats total), course "forgiveness" may not be applied; all grades for those courses will be calculated in grade point averages. Units for a course will be counted only once toward graduation, regardless of number of repeats. Missed deadlines and excess repeats are not petitionable.

8. If students repeat a course in which a grade of C or better was received, only the original grade and units earned will be used for calculation of grade point averages and units needed for a degree.

9. In some cases, admission to courses may have become restricted due to impaction, limitation by major code, enforcement of prerequisites, or sequence requirements (e.g., mathematics and foreign language); in those cases, students may be prohibited from repeating those courses.

## Assignment of Grades and Grade Appeals

1. Faculty have the right and responsibility to provide careful evaluation and timely assignment of appropriate grades.
2. There is a presumption that grades assigned are correct. It is the responsibility of anyone appealing an assigned grade to demonstrate otherwise.
3. Students who believe that an appropriate grade has not been assigned should first seek to resolve the matter informally with the instructor of record. If the matter cannot be resolved informally, the student may present the case to the appropriate campus entity, have it reviewed and, where justified, receive a grade correction.

## Courses

### Satisfaction of Requirements

Except as permitted in the Graduation Requirements section of the catalog, a course cannot be used to satisfy more than one requirement.

### Numbering Courses

Courses numbered 80 through 99 are nonbaccalaureate level and are not acceptable for a bachelor's degree or General Education; those numbered 100 through 299 are in the lower division (freshman and sophomore years); those numbered 300 through 499 are in the upper division (junior and senior years) and intended for undergraduates; those numbered 500 through 599 are in the upper division and are also acceptable for advanced degrees when taken by students admitted to graduate standing; those numbered 600 through 799 are graduate courses; and those numbered 800 through 899 are doctoral courses.

Courses numbered X-01 through X-79 and X-397 are those offered only through Extension to meet specific academic needs of community groups. Courses numbered X-01 through X-79 are applicable as general elective credit toward an undergraduate degree at SDSU. Courses X-01 through X-49 are designated as lower division and X-50 through X-79 and X-397 are designated as upper division. It is the prerogative of the academic department/college to determine if X-01 through X-79 level courses are applicable to a major, a minor, or toward specified electives. The X-01 through X-79 level courses are offered in conjunction with certificate programs only. Courses at the X-01 through X-79 level are not acceptable on advanced degree programs. Courses offered as X-397 are not acceptable toward an undergraduate or graduate degree.

Extended Studies students who eventually plan to pursue an undergraduate degree at SDSU should consult the sponsoring academic department to ascertain the applicability of X-01 through X-79 level courses offered in any certificate program toward their proposed course of study.

### California Articulation Number (CAN)

The California Articulation Number (CAN) identifies some of the transferable, lower division, introductory (preparatory) courses commonly taught within each academic discipline on California college campuses.

The system assures students that CAN courses on one participating campus will be accepted "in lieu of" the comparable CAN course on another participating campus. For example: CAN ECON 2 on one campus will be accepted for CAN ECON 2 on another participating campus.

Courses at San Diego State University that have qualified for CAN designations are listed parenthetically by the course description in the Courses and Curricula section of this catalog.

## Final Examinations

No final examination shall be given to individual students before the regular time. Any student who finds it impossible to take a final examination on the date scheduled must make arrangements with the instructor to have an incomplete grade reported and must take the

deferred final examination within the time allowed for making up incomplete grades.

## Academic Credit Through Coursework

### Credit for Upper Division Courses

Normally, only juniors, seniors and graduate students enroll in upper division courses (numbered 300 and above). However, a freshman or sophomore may enroll in an upper division course for upper division credit if the instructor consents. Article 40405.2 of Title 5, *California Code of Regulations* specifically limits upper division general education credit to students who have achieved upper division status.

### Community College Credit

A maximum of 70 semester units earned in a community college may be applied toward the degree, with the following limitations: (a) no upper division credit may be allowed for courses taken in a community college; (b) no credit may be allowed for professional courses in education taken in a community college, other than an introduction to education course.

### Concurrent Master's Degree Credit

The bachelor's degree must be completed at the end of the semester or term in which the concurrent credit is earned.

A senior who has met all of the required competencies in writing and mathematics and who is within 12 units of completing requirements for the bachelor's degree and whose grade point average in the last 60 semester units attempted is 3.0 or above may petition the Graduate Council to take for concurrent master's degree credit 500-numbered courses listed in the *Graduate Bulletin* as acceptable for master's degree programs, and certain 600- and 700-numbered courses approved by the department, with the remaining requirements for the bachelor's degree. Petitions may be obtained from the Graduate Division and must be submitted to the Evaluations Office of Admissions and Records by the end of the third week of classes of the semester or term in which the concurrent credit is earned, and the student must have on file a current graduation application for the bachelor's degree. The maximum number of units which may be earned as concurrent master's degree credit is determined by the difference between the number of units remaining for the bachelor's degree and 15.

### Concurrent Postbaccalaureate Credit

#### Applicable to the "Fifth Year" Credential Requirement Only

Concurrent postbaccalaureate credit may be earned during the final semester or summer session by seniors admitted to the College of Education who meet all of the following qualifications:

1. Have a minimum grade point average of 2.5 on the last 60 units attempted.
2. Complete coursework in excess of graduation requirements during the semester (or summer session) when graduation occurs.
3. Attempt no more than 18 units during the final undergraduate semester (or 15 units during summer session).
4. Request no more than a maximum of 12 units of 300-, 400-, or 500-numbered courses for postbaccalaureate credit.
5. Submit petition before the end of the first week of classes (or the first week of summer Term A) of the final undergraduate semester (or term) when graduation occurs.
6. Petition the Dean of the College of Education.
7. Graduate at the end of the semester (or summer session) the petition is made.

Extension courses are not acceptable for concurrent postbaccalaureate credit. Concurrent postbaccalaureate credit will not be granted retroactively.

Petition forms are available in the Evaluations Office, AD-127.

## Credit for Extension Courses

The maximum amount of extension and correspondence credit which may be accepted toward the minimum requirements for the bachelor's degree is 24 semester units. Extension and correspondence credit are not counted in satisfaction of the minimum residence requirement. A maximum of nine units in extension courses at San Diego State University may be accepted as part of the requirements for the master's degree, subject to limitations described in the *Graduate Bulletin*.

Continuing education courses offered by departments are of two kinds. The first includes regular courses listed in the General Catalog which are available for use by students in meeting college and university credit requirements of various kinds, and are usually at the upper division level. A second kind is offered by some departments at the X-01 through X-79 and X-397 level and serves to meet the needs of specific community groups.

Courses numbered 80 through 99 are nonbaccalaureate level and are not acceptable for a bachelor's degree or General Education; those numbered 100 through 299 are in the lower division (freshman and sophomore years); those numbered 300 through 499 are in the upper division (junior and senior years) and intended for undergraduates; those numbered 500 through 599 are in the upper division and are also acceptable for advanced degrees when taken by students admitted to graduate standing; those numbered 600 through 799 are graduate courses; and those numbered 800 through 899 are doctoral courses.

Courses numbered X-01 through X-79 and X-397 are those offered only through Extension to meet specific academic needs of community groups. Courses numbered X-01 through X-79 are applicable as general elective credit toward an undergraduate degree at SDSU. Courses X-01 through X-49 are designated as lower division and X-50 through X-79 and X-397 are designated as upper division. It is the prerogative of the academic department/college to determine if X-01 through X-79 level courses are applicable to a major, a minor, or toward specified electives. The X-01 through X-79 level courses are offered in conjunction with certificate programs only. Courses at the X-01 through X-79 level are not acceptable on advanced degree programs. Courses offered as X-397 are not acceptable toward an undergraduate or graduate degree.

Extended Studies students who eventually plan to pursue an undergraduate degree at SDSU should consult the sponsoring academic department to ascertain the applicability of X-01 through X-79 and X-397 level courses offered in any certificate program toward their proposed course of study.

## Academic Credit Through Examination

San Diego State University grants credit for passing scores on The College Board Advanced Placement Examinations, on the CSU English Equivalency Examination, on certain tests in the College-Level Examination Program, and on Higher Level subjects in the International Baccalaureate program. It also grants credit for locally administered "credit by examination" tests. A total of 30 units will be allowed for credit earned through examination (excluding Advanced Placement). The details in each case are provided below.

### Credit for Advanced Placement Examinations

San Diego State University grants credit toward its undergraduate degrees for success-

ful completion of examinations of the Advanced Placement Program of The College Board. Students who present scores of three or better will be granted up to six semester units of college credit.

High school students who intend to participate in this program should make the necessary arrangements with their high schools and should indicate at the time they take the Advanced Placement Examinations that their test scores be sent to San Diego State University. To obtain credit and advanced placement, the student should contact the Evaluations Office.

The Advanced Placement Credit table on the following page indicates the units granted for the score attained and the course equivalents for each of the examinations offered.

## English Equivalency Examination

Students who pass the EEE at the level which results in six units of graduation credit will have those units applied as follows: (a) if passed before April 1984, three units in English 100 and three units in English 200; (b) if passed in April 1984 or later, three units in English 100 and three units in English 220. Passing scores on the EEE satisfy the Writing Competency requirement and exempt students from the CSU English Placement Test.

## Credit for College-Level Examination Program (CLEP)

The University grants credit (see table below) on four of the five CLEP General Examinations (Humanities, Mathematics, Natural Sciences, and Social Sciences) and on four of the CLEP Subject Examinations (Calculus and Analytic Geometry including essay, College Algebra and Trigonometry, General Chemistry, and Statistics).

Maximum credit of six units may be granted in each of the general examinations in social science, natural science, and humanities. Three units of credit are granted for the general examination in mathematics.

A total of thirty units of credit may be granted for all types of credit by examination. Credit is not allowed if coursework in the subject area has been completed. For further information, contact the Evaluations Office or the University Advising Center.

### GENERAL EXAMINATIONS

EXAMINATION	PASSING SCORE	MAXIMUM CREDIT GRANTED	GENERAL EDUCATION CREDIT
Natural Science	500 Sub-areas: 46-life science 47-physical science	6 units	3 units in life science 3 units in physical science
Social Science	500 Sub-areas: 48-social science 44-history	6 units	3 units in social science 3 units in history
Humanities	500 Sub-areas: 45-literature 48-fine arts	6 units	3 units in literature 3 units in fine arts
Mathematics	500	3 units	None. Satisfies Mathematics Competency requirement only.

### SPECIAL SUBJECT EXAMINATIONS IN MATHEMATICS

EXAMINATION	PASSING SCORE	MAXIMUM CREDIT GRANTED	SDSU COURSE EQUIVALENT	GENERAL EDUCATION CREDIT GRANTED
College Algebra/Trigonometry	49	3 units	None	Yes
Calculus and Analytic Geometry	48	3 units	MATH 121	Yes
Statistics	49	3 units	MATH 119	Yes
General Chemistry	48	3 units	CHEM 200	Yes

Spanish Literature	3, 4, 5	6	Spanish 305A-305B (6)	

\*Credit may not be earned at SDSU for courses which duplicate credit already allowed for examinations as listed under SDSU course equivalents.  
 \*\*Maximum combined credit six units allowed for Computer Science A and AB examinations.  
 \*\*\*Student must also take Music Placement Examination.  
 \*\*\*\*Satisfies the foreign language requirement.

### Credit for International Baccalaureate Certificates or Diplomas

San Diego State University normally grants six units of credit for each International Baccalaureate Higher Level subject examination passed with a score of 4 or better. To receive credit, students must request that their International Baccalaureate transcript of grades be sent to San Diego State University's Office of Admissions and Records.

#### Credit by Examination

Students may challenge courses by taking examinations developed at San Diego State University. Up to 30 units will be awarded to those who pass the examinations successfully, and the grade(s) earned, including "F," will be used in San Diego State University grade point calculations. At the discretion of the department a grade of Cr/NC may be awarded instead of a letter grade; a maximum of 15 total Cr units may be applied toward an undergraduate degree.

Students interested in applying for credit-by-examination need to check with the appropriate department(s) since each department has the option of excluding any or all of its courses from credit by examination or of setting special conditions on the student requesting this option.

Approval to receive undergraduate credit-by-examination is granted at the discretion of the appropriate college authorities and under the following conditions:

1. The student must be matriculated, in good standing (not on probation), be registered in at least one regular course (not Extension) at the time credit-by-examination is authorized, and pay for additional units if cost exceeds fees already paid.

2. The student must register in the course for which credit by examination is being requested within the time limits for filing a change of program as listed in the Academic Calendar each semester.

3. Approval of the department chair and the dean of the college concerned is required prior to taking the examination. Forms for approval may be obtained from the Office of Admissions and Records.

4. Credit-by-examination is restricted to regular undergraduate courses listed in the General Catalog, does not include 600- and 700-numbered or Extension courses, and does not count toward the 30-unit minimum residency requirement.

5. Credit-by-examination is not treated as part of the student's study load and, therefore, is not considered by the Veterans Administration in the application of their regulations; and is not always accepted as transfer credit between collegiate institutions.

6. Credit-by-examination is restricted to the regular fall or spring semester. It is not allowed during summer or winter sessions.

### Credit for Instruction in Noncollegiate Settings

San Diego State University grants undergraduate degree credit for successful completion of noncollegiate instruction, either military or civilian, appropriate to the baccalaureate, that has been recommended by the Commission on Educational Credit and Credentials of the American Council on Education. The number of units allowed are those recommended in the *Guide to the Evaluation of Educational Experience in the Armed Services* and the *National Guide to Educational Credit for Training Programs*.

Credit will be considered to be elective units in most cases. Petitions for acceptance of credits toward specific requirements are available in the Admissions and Records Office (AD-127). Applicability to specific degree requirements (General Education, Major, Minor, etc.) is subject to approval of the appropriate campus authority.

### Academic Credit for Military Service

The University is guided by the recommendations of the American Council on Education in granting undergraduate credit toward the bachelor's degree for military service. Postgraduate credit is not granted.

To obtain credit for military service, the student must be fully matriculated, be enrolled at the University, and submit Form DD-214 or DD-295.

### Student Classification

A matriculated student is one who has complied with all requirements for admission to the university and has received his official Notice of Admission. All students taking courses in any regular semester must be matriculated students. Only in summer sessions, winter sessions, or extension courses may a student who has not matriculated be accepted for enrollment.

Each student who enrolls in one or more summer session classes shall be classified as a summer session student. Each student who enrolls in one or more extension classes shall for his extension class work be classified as an extension class student. Such students need not be matriculated students as a prerequisite for enrollment in classes.

**Freshman.** A student who has earned a total of fewer than 30 semester units.

**Sophomore.** A student who has earned a total of 30 to 59 semester units, inclusive.

**Junior.** A student who has earned a total of 60 to 89 semester units, inclusive.

**Senior.** A student who has earned a total of 90 semester units or more.

**Graduate.** A student who has completed a four-year college course with an acceptable baccalaureate degree from an accredited institution and who has been admitted to the University with postbaccalaureate standing. For information on classification of graduate students, see the Graduate Bulletin.

### Student Program and Records

#### Transcripts of Record

A student may obtain an official transcript of his/her record by filing an application at the Cashiers Office. A fee is charged for all transcripts and must be paid in advance. Five to ten days should be allowed for the processing and mailing of the transcript. Transcripts from other schools or colleges become the property of this university and will not be released or copied.

#### Unofficial Transcripts

Students may obtain an unofficial copy of their SDSU transcript by paying the unofficial transcript fee at Admissions and Records. These transcripts are usually available on an immediate basis. However, during peak periods, Admissions and Records reserves the right to offer a 48-hour turnaround. These records do not bear the seal of the University and are not suitable for transfer purposes. Unofficial copies will be made ONLY of the SDSU transcript.

#### Full-Time Student Status

Requirement for Full-Time Student Status at SDSU is 12 units per semester. Graduate units taken by graduate students (500 level +) are weighted as 1½ units per unit. The Public Information area of Admissions and Records verifies student enrollment for students in person with proper identification and through the mail with an authorized signature from the student.

#### Prerequisites

Prerequisites will be enforced in all sections of courses listed in the Academic Policy pages of the current Class Schedule and Information Handbook. Enrollment will depend on the student's verification of completion of prerequisites.

#### Change of Program

San Diego State University provides for change of program beginning the first day of classes every term. Change of program includes: dropping a class, adding a class, adding or reducing units of a class for which the student is already registered, changing a section of the same class, or changing grading options.

Students are responsible for every course on their official study list filed at registration. If a student does not attend the first class meeting

of the semester and is not present at the start of the second meeting, the professor may give that student's place to another student; however, if this occurs, the student *must* still take the necessary formal drop action personally. Changes of program cannot be effected by nonattendance in class; nonattendance without consequent formal drop action will result in a failing grade.

Dropping a class after the end of the tenth day of instruction and prior to the last three weeks of instruction is permissible only for serious and compelling reasons. Permission to drop a class during this period is granted only with the signature of the instructor, who indicates the student's grade status in the class, and the approval of the dean or designee of the college in which the class is located, and approvals are made in writing on prescribed forms. After the fourth week, the grade of "W" will appear on the student's permanent record for courses on which an official drop has been approved.

Students are not permitted to drop a class during the final three weeks of instruction, except in cases such as accident or serious illness where the cause of dropping the class is due to circumstances clearly beyond the student's control and the assignment of an Incomplete is not practicable. All such requests must be accompanied by appropriate verification. Ordinarily, withdrawals in this category will involve total withdrawal from the campus, except that credit, or an Incomplete, may be assigned for courses in which sufficient work has been completed to permit an evaluation to be made. Requests to withdraw under such circumstances must be approved by the dean (or designee) of the college of the student's major.

**Change of grading option is not permitted after the end of the fifteenth day of instruction.**

#### Deadlines

1. Dropping courses will be permitted with no penalty or restriction until the end of the **tenth** day of classes.
2. Adding courses or complete withdrawal from the University will be allowed without penalty or restriction until the end of the **fifteenth** day of classes.
3. Change of grading option will NOT be permitted after the **fifteenth** day of classes.

#### Change of Major or Curriculum

At the time of admission to the university, each undergraduate student is assigned to a major field or curriculum, or is designated as an undeclared major. After registration, all students wishing to change their major or curriculum should check with the department of their intended major for requirements and filing periods. Change of major forms are available at the Admissions and Records Office.

Veterans using veteran benefits must obtain appropriate approval from the Veterans Administration for necessary changes in letters of eligibility. Upon change or declaration of major, students must adopt the requirements of the major and any minors in effect at that time.

#### Academic Renewal

Under certain circumstances the campus may disregard up to two semesters or three quarters of previous undergraduate coursework taken at any college from all considerations associated with requirements for the baccalaureate degree. These circumstances are:

1. The student has requested the action formally and has presented evidence that work completed in the term(s) under consideration is substandard and not representative of present scholastic ability and level of performance; and
2. The level of performance represented by the term(s) under consideration was due to extenuating circumstances; and
3. There is every evidence that the student would find it necessary to complete additional units and enroll for one or more additional terms in order to qualify for the baccalaureate if the request were not approved.

Final determination that one or more terms shall be disregarded in determination of eligibility for graduation shall be based upon a

careful review of evidence by a committee appointed by the President which shall include the Vice President for Academic Affairs and consist of at least three members. Such final determination shall be made only when:

1. Five years have elapsed since the most recent work to be disregarded was completed; and
2. The student has completed at SDSU, since the most recent work to be disregarded was completed, 15 semester units with at least a 3.0 GPA, 30 semester units with at least a 2.5 GPA, or 45 semester units with at least a 2.0 GPA. Work completed at another institution cannot be used to satisfy this requirement.

When such action is taken, the student's permanent academic record shall be annotated so that it is readily evident to all users of the record that **no** work taken during the disregarded term(s), even if satisfactory, may apply toward baccalaureate requirements. However, all work must remain legible on the record ensuring a true and complete academic history.

The procedure for filing Petition for Academic Renewal is as follows:

1. Obtain the petition from the Division of Undergraduate Studies, AD-223.
2. Fill in the form carefully and completely.
3. Attach statements and documentary evidence from doctors, lawyers, employers, parents, professors, or other appropriate persons to substantiate your claim that the request is justified.
4. Obtain all necessary clearances and signatures.
5. Return all materials to the Admissions and Records Office.

#### Withdrawal, Leaves of Absence, Readmission, and Evaluation

##### Withdrawal

Students who wish to withdraw from the University must initiate action formally through the Admissions and Records Office. Failure to file will result in a failing grade in all courses. A student who is not enrolled in at least one class (other than for audit) at the end of the fourth week of instruction (census date) is no longer considered a continuing student and may be required to apply for readmission. Refunds are obtainable only for the first 14 days after the semester begins. In order to receive a refund, the student must file an official withdrawal form and refund request at the Office of Admissions and Records within the first 14 days of the term.

A course will not appear on the permanent record if withdrawal occurs before the end of the fourth week of classes. After the fourth week, a grade of "W" will appear for courses on which an official drop has been approved. During the final three weeks of instruction, withdrawals are not permitted except in cases where the cause of withdrawal is due to circumstances clearly beyond the student's control. Credit or an Incomplete may be assigned for courses in which sufficient work has been completed to permit an evaluation to be made. Refer to the Class Schedule for appropriate dates for the deadlines indicated above.

After the last day of the semester, a student who wishes to change assigned grades to "W" grades must request to withdraw from the full semester's work; no requests for individual classes will be accepted. Such requests may be granted only in verified cases such as accident or serious illness where the cause for substandard performance was due to circumstances clearly beyond the student's control.

##### Unofficial Withdrawal

Students withdrawing unofficially from class or from the University will receive failing grades in all courses that they stop attending. An unofficial withdrawal is one in which a student stops attending classes without filing official withdrawal forms within the established deadlines.

Veterans unofficially withdrawing will have veteran's allowances immediately suspended and will be subject to full repayment of allowances received after date of unofficial withdrawal.

#### Leaves of Absence

**One-Semester Stop Out.** With certain exceptions, undergraduate and graduate students may stop out of San Diego State University one semester in a calendar year and maintain their continuing student status. Continuing status includes the maintenance of catalog requirements for graduation. Disqualified students, students absent for more than one semester without an approved leave of absence, and those who attend another institution for more than one semester must apply for readmission should they wish to return to San Diego State University.

**Educational Leave of Absence.** Students are permitted to take up to four consecutive semesters of approved leave of absence. An educational leave application is appropriate in those cases where students will be engaged for the majority of the leave time in an activity, other than attending an accredited college or university, that is directly related to their formal academic careers or otherwise contributes to specific academic goals. Students must apply for the particular semester(s) they wish to be absent from school. If they wish to extend a leave for additional semesters, a separate application must be filed previous to the deadline for submitting leaves as outlined in the Academic Calendar.

Students who leave San Diego State University in order to attend up to four consecutive semesters at another accredited college or university need not apply for a leave of absence in order to maintain catalog requirements; however, such students absent from San Diego State University more than one semester must apply for readmission in order to return to the University.

A student must file an application for the leave at the Admissions and Records Office. Requests will be reviewed by appropriate officials designated by the Vice President for Academic Affairs. Students wishing to cancel a leave must do so prior to the first day of classes. The Class Schedule and Student Information Handbook contains specific procedures and deadlines. For students participating in the CSU visitors' program, units completed at the visitor campus will be considered resident units; they will not, however, be calculated into the San Diego State University grade point average.

Approval for educational leaves of absence will be granted only to undergraduate students who have completed a minimum of one semester at San Diego State University and who are in good academic standing. Leaves will not be granted to students on probation, students who have been disqualified, or students who qualify for a change from undergraduate to graduate status.

##### Readmission

A student who leaves the University for more than one semester must file an application for readmission with a \$55 application fee. If the student was enrolled at another institution subsequent to the last attendance at San Diego State University, an official transcript showing work completed must be sent by the transfer institution, directly to the Office of Admissions and Records before readmission can be completed.

Readmitted students may retain rights to graduation requirements in effect when leaving San Diego State University if the following conditions are met:

1. Enroll at least one semester (or two quarters) per year at an accredited institution, and
2. Be absent from San Diego State University for no more than two years, and
3. Remain in good standing (not academically disqualified) at all institutions attended.

In order to retain catalog rights for major requirements, a student must maintain the same major at any institution attended during absence from San Diego State University.

##### Evaluation

An evaluation is a summary of college work completed and of requirements to be completed for a bachelor's degree or credential. To be eligible for an evaluation, a student must be currently enrolled,

have completed at least 56 units of acceptable college work, and have a declared major. An evaluation will not be done until official copies of all transfer credit are on file in the Office of Admissions and Records. Only one evaluation will be done for each major. Authorization for more than one evaluation during any one semester or one evaluation in nine weeks of summer session, due to change of major, requires special permission.

A student who has earned 56 semester units or more and has not received an evaluation should apply at the Evaluations Office for an official evaluation. The evaluation is made on the regulations in effect at the time the student declares the major, provided continuous enrollment has been maintained, except as otherwise provided in the *California Code of Regulations*, Chapter 5, Section 40401, Election of Regulations. (Further information is given in the section of this catalog on Graduation Requirements.)

After an interval of five years from the time an evaluation is made, courses in education to be applied toward a teaching credential are subject to reevaluation.

#### Credit and Study List Limits

A unit or credit hour represents 50 minutes of lecture or recitation combined with two hours of preparation per week throughout one semester of 15 weeks. Two hours of activity (as in physical education) or three hours of laboratory (as in the sciences) are considered equivalent to one hour of lecture.

At registration time, students will not be permitted to enroll for more than 18 units. After registration, units may be added, if desired, by means of the add-drop process, though if students are employed outside of college they are strongly advised to undertake a modest college program. Normally a student can expect to spend in class and study a total of three hours per week for each unit of college work attempted. A normal 16-unit load, therefore, represents a 48-hour week. Students must keep in mind the fact that some courses require far more than the average amount of time and that the workload in all courses can be expected to vary throughout the semester as examinations and major papers or projects come due.

#### Graduation With Honors and Distinction

Graduation with honors is granted to those undergraduate students in each graduating class who achieve high grade point averages. Excellence is recognized at three levels: *cum laude* (3.50-3.64), *magna cum laude* (3.65-3.79), and *summa cum laude* (3.80-4.00).

The grade point average is computed on a minimum of 24 graded units taken at this institution, except that if the grade point average for work at other collegiate institutions is lower, those grades are included in the computation.

Grades for the final semester's work are included in calculation of eligibility for graduation with honors. Students are tentatively designated as eligible for graduation with honors if the grade point average meets required standards at the beginning of the fall semester for midyear graduates and at the end of the fall semester for May and summer session graduates. Notation of *cum laude*, *magna cum laude*, or *summa cum laude* on transcripts and diplomas is based on actual total achievement.

Upon recommendation of their major department, students doing superior work in their major field may be graduated with distinction in that field. To qualify for Distinction in the Major, a student must have a minimum 3.50 grade point average in the major (upper division courses) by the beginning of the fall semester for midyear graduates and by the end of the fall semester for May and summer session graduates.

To be considered for computation of the major grade point average, grades for removal of Incomplete and all other grade changes must be received in the Admissions and Records Office no later than the end of the fifth week of the semester in which the student plans to graduate. All changes for summer session graduates must be received by the end of the fifth week of the spring semester prior to graduation.

## Dean's List

The Dean's List recognizes academic achievement within a single semester.

Students must place within the top ten percent of the college in which they are majoring and have a grade point average of at least 3.50 based on a minimum of 12 units of credit for courses in which letter grades were assigned. The computation of grade points will be made six weeks after the end of the semester to include students who complete Incomplete grades promptly.

Students will be recognized by the dean of their respective college; undeclared and liberal studies majors will be listed by the Dean of Undergraduate Studies.

## Academic Probation, Disqualification, and Reinstatement of Undergraduate Students

### Academic Probation

The purpose of probation is to warn students that their academic performance is below the state minimum required for graduation and to indicate that improvement is required before a degree can be granted. If students on probation allow their work to deteriorate to the point where it is unlikely that their grade point deficiency can be removed in the time remaining to complete their degree requirements, they will be subject to disqualification.

Undergraduate students will be placed on academic probation if at any time their cumulative grade point average in all college work attempted or their cumulative grade point average at SDSU falls below 2.0. Summer Sessions and Winter Session courses are included in the SDSU grade point average; Open University (concurrent enrollment) courses are calculated only in the overall grade point average.

The grade point average is computed by dividing the number of grade points accumulated by the number of graded units attempted. (See chart under "Plus/Minus Grading" for number of grade points assigned per unit in each grade category.)

Students will be removed from Academic Probation when their cumulative grade point average has been raised to 2.0 or higher in all college work attempted and in all work attempted at this University.

### Academic Disqualification

Undergraduate students on academic probation will be subject to disqualification when:

1. As a lower division student (with fewer than 60 semester units of college work completed) they fall 15 or more grade points below a 2.0 (C) average on all units attempted or in all units attempted at this campus.
2. As juniors (with 60-89 semester units of college work completed) they fall nine or more grade points below a 2.0 (C) average on all units attempted or in all units attempted at this campus.
3. As seniors (90 semester units of college work completed) they fall six or more grade points below a 2.0 (C) average on all units attempted or in all units attempted at this campus.

Grade point deficiencies below a 2.0 average are calculated in the following manner:

- +2 points for every unit of A
- +1 point for every unit of B
- 0 points for every unit of C
- 1 point for every unit of D
- 2 points for every unit of F
- 2 points for every unit of U
- 2 points for every unit if INC (after one calendar year)

### Reinstatement of Academically Disqualified Students

Disqualified students will ordinarily be considered for reinstatement to the University only when conditions causing the poor performance have been alleviated or sufficient academic work at another

college or university has been completed at a level indicating that the student is capable of returning to SDSU and successfully satisfying the requirements for a degree.

Students may be considered for reinstatement only after filing an application for reinstatement by the published deadline and furnishing transcripts of all college work taken since disqualification. Reinstatement is not automatic. Each applicant will be considered on an individual basis. Because criteria for reinstatement vary, disqualified students should immediately contact the Assistant Dean of the college of their major to find out what criteria will be used to determine their eligibility for reinstatement.

Students accepted for reinstatement will reenter on academic probation and those out one or more semesters will be subject to catalog requirements in effect at the time they resume study at SDSU or a California community college and remain in continuous attendance (see "Election of Regulations for Graduation" under "Graduation Requirements"). They are not guaranteed reentry into their previously declared majors. Consideration for reentrance into the previously declared major is done on an individual basis at the discretion of the major department.

### Disqualified students should be aware of the following:

1. Grades of less than 2.0 (C) for courses taken at SDSU will not be replaced if repeated at another college or university. These courses should be repeated only in resident enrollment at SDSU. (Extension and Open University are not considered resident enrollment.)
2. Grades earned at other accredited colleges or universities or through SDSU Extension or Open University do not reduce the SDSU grade point deficiency or change the SDSU grade point average, but are used in the reinstatement process as indicators of the student's future academic success. They will be used for calculating the overall GPA.
3. Courses traditionally considered "nonacademic" are inappropriate as indicators of future academic success.
4. Normally, students who have been disqualified twice from this institution will not be considered for reinstatement a third time.

## Administrative Academic Probation and Disqualification

### Administrative Academic Probation

An undergraduate or graduate student may be placed on administrative academic probation by action of appropriate campus officials for any of the following reasons:

1. Withdrawal from all or a substantial portion of a program of studies in two successive terms or in any three terms.
2. Repeated failure to progress toward the stated degree or objective or other program objective (when such failure appears to be due to circumstances within the control of the student).
3. Failure to comply, after due notice, with an academic requirement or regulation which is routine for all students or a defined group of students (examples: failure to list all colleges attended on the application for admission, failure to take placement tests, failure to complete a required practicum).

### Administrative Academic Disqualification

A student who has been placed on administrative academic probation may be disqualified from further attendance if:

1. The conditions for removal of administrative academic probation are not met within the period specified.
2. The student becomes subject to academic probation while on administrative academic probation.
3. The student becomes subject to administrative academic probation for same or similar reason for which the student has been placed on administrative academic probation previously, although not currently in such status.

## Student-Athlete Satisfactory Academic Progress Requirement

In order to remain eligible for intercollegiate competition, a student-athlete must be enrolled in an academic program leading to a recognized degree, must be making satisfactory progress toward that degree under the rules of the institution and the NCAA, and must achieve at least the minimum cumulative GPA standards found in the WAC Minimum Cumulative Grade Point Average Requirement Table.

## Student Discipline and Grievances

Inappropriate conduct by students or by applicants for admission is subject to discipline on the San Diego State University campus. The Office of Judicial Procedures coordinates the discipline process and establishes standards and procedures in accordance with regulations contained in Article 1.1 of Title 5, *California Code of Regulations*, Sections 41301 through 41304. These sections are as follows:

### 41301. Expulsion, Suspension and Probation of Students.

Following procedures consonant with due process established pursuant to Section 41304, any student of a campus may be expelled, suspended, placed on probation or given a lesser sanction for one or more of the following causes which must be campus related:

- (a) Cheating or plagiarism in connection with an academic program at a campus.
- (b) Forgery, alteration or misuse of campus documents, records, or identification or knowingly furnishing false information to a campus.
- (c) Misrepresentation of oneself or of an organization to be an agent of a campus.
- (d) Obstruction or disruption, on or off campus property, of the campus educational process, administrative process, or other campus function.
- (e) Physical abuse on or off campus property of the person or property of any member of the campus community or of members of his or her family or the threat of such physical abuse.
- (f) Theft of, or nonaccidental damage to, campus property, or property in the possession of, or owned by, a member of the campus community.
- (g) Unauthorized entry into, unauthorized use of, or misuse of campus property.
- (h) On campus property, the sale or knowing possession of dangerous drugs, restricted dangerous drugs, or narcotics as those terms are used in California statutes, except when lawfully prescribed pursuant to medical or dental care, or when lawfully permitted for the purpose of research, instruction or analysis.
- (i) Knowing possession or use of explosives, dangerous chemicals or deadly weapons on campus property or at a campus function without prior authorization of the campus president.
- (j) Engaging in lewd, indecent, or obscene behavior on campus property or at a campus function.
- (k) Abusive behavior directed toward, or hazing of, a member of the campus community.
- (l) Violation of any order of a campus president, notice of which had been given prior to such violation and during the academic term in which the violation occurs, either by publication in the campus newspaper, or by posting on an official bulletin board designated for this purpose, and which order is not inconsistent with any of the other provisions of this Section.
- (m) Soliciting or assisting another to do any act which would subject a student to expulsion, suspension or probation pursuant to this Section.
- (n) For purposes of this Article, the following terms are defined:
  - (1) The term "member of the campus community" is defined as meaning California State University Trustees, academic, nonacademic and administrative personnel, students, and other persons while such other persons are on campus property or at a campus function.

(2) The term "campus property" includes:

- a) real or personal property in the possession of, or under the control of, the Board of Trustees of The California State University, and
- b) all campus feeding, retail or residence facilities whether operated by a campus or by a campus auxiliary organization.

(3) The term "deadly weapons" includes any instrument or weapon of the kind commonly known as a blackjack, sling-shot, billy, sandclub, sandbag, metal knuckles; any dirk, dagger, switchblade knife, pistol, revolver, or any other firearm; any knife having a blade longer than five inches; any razor with an unguarded blade, and any metal pipe or bar used or intended to be used as a club.

(4) The term "behavior" includes conduct and expression.

(5) The term "hazing" means any method of initiation into a student organization or any pastime or amusement engaged in with regard to such an organization which causes, or is likely to cause, bodily danger or physical or emotional harm to any member of the campus community; but the term "hazing" does not include customary athletic events or other similar contests or competitions.

(o) This Section is not adopted pursuant to Education Code Section 89031.

(p) Notwithstanding any amendment or repeal pursuant to the resolution by which any provision of this Article is amended, all acts and omissions occurring prior to that effective date shall be subject to the provisions of this Article as in effect immediately prior to such effective date.

### 41302. Disposition of Fees: Campus Emergency; Interim Suspension.

The President of the campus may place on probation, suspend, or expel a student for one or more of the causes enumerated in Section 41301. No fees or tuition paid by or for such student for the semester, quarter, or summer session in which he or she is suspended or expelled shall be refunded. If the student is readmitted before the close of the semester, quarter, or summer session in which he or she is suspended, no additional tuition or fees shall be required of the student on account of the suspension.

During periods of campus emergency, as determined by the President of the individual campus, the President may, after consultation with the Chancellor, place into immediate effect any emergency regulations, procedures, and other measures deemed necessary or appropriate to meet the emergency, safeguard persons and property, and maintain educational activities.

The President may immediately impose an interim suspension in all cases in which there is reasonable cause to believe that such an immediate suspension is required in order to protect lives or property and to ensure the maintenance of order. A student so placed on interim suspension shall be given prompt notice of charges and the opportunity for a hearing within 10 days of the imposition of interim suspension. During the period of interim suspension, the student shall not, without prior written permission of the President or designated representative, enter any campus of The California State University other than to attend the hearing. Violation of any condition of interim suspension shall be grounds for expulsion.

### 41303. Conduct by Applicants for Admission.

Notwithstanding any provision in this Chapter 1 to the contrary, admission or readmission may be qualified or denied to any person who, while not enrolled as a student, commits acts which, were he enrolled as a student, would be the basis for disciplinary proceedings pursuant to Sections 41301 or 41302. Admission or readmission may be qualified or denied to any person who, while a student commits acts which are subject to disciplinary action pursuant to Section 41301 or Section 41302. Qualified admission or denial of admission in such cases shall be determined under procedures adopted pursuant to Section 41304.

#### 41304. Student Disciplinary Procedures for The California State University.

The Chancellor shall prescribe, and may from time to time revise, a code of student disciplinary procedures for The California State University. Subject to other applicable law, this code shall provide for determinations of fact and sanctions to be applied for conduct which is a ground of discipline under Sections 41301 or 41302, and for qualified admission or denial of admission under Section 41303; the authority of the campus President in such matters; conduct related determinations on financial aid eligibility and termination; alternative kinds of proceedings, including proceedings conducted by a Hearing Officer; time limitations; notice; conduct of hearings, including provisions governing evidence, a record, and review; and such other related matters as may be appropriate. The Chancellor shall report to the Board actions taken under this section.

#### Student Grievances

If a student believes that a professor's treatment is grossly unfair or that a professor's behavior is clearly unprofessional, the student may bring the complaint to the proper University authorities and official reviewing bodies by following the *Procedures for Handling Student Grievances Against Members of the Faculty*, adopted by the Faculty Senate. A copy of the procedures may be obtained from the Ombudsman's Office in Aztec Center.

#### Plagiarism

Plagiarism is formal work publicly misrepresented as original; it is any activity wherein one person knowingly, directly, and for lucre, status, recognition, or any public gain resorts to the published or unpublished work of another in order to represent it as one's own. Work shall be deemed plagiarism:

(1) when prior work of another has been demonstrated as the accessible source; (2) when substantial or material parts of the source have been literally or evasively appropriated (substance denoting quantity; matter denoting qualitative format or style); and (3) when the work lacks sufficient or unequivocal citation so as to indicate or imply that the work was neither a copy nor an imitation. This definition comprises oral, written, and crafted pieces. In short, if one purports to present an original piece but copies ideas word for word or by paraphrase, those ideas should be duly noted.

Lindley, Alexander. *Plagiarism and Originality*, 1952.

San Diego State University is a publicly assisted institution legislatively empowered to certify competence and accomplishment in general and discrete categories of knowledge. The President and faculty of this University are therefore obliged not only to society at large but to the citizenry of the State of California to guarantee honest and substantive knowledge in those to whom they assign grades and whom they recommend for degrees. Wittingly or willfully to ignore or to allow students' ascription of others' work to themselves is to condone dishonesty, to deny the purpose of formal education, and to fail the public trust.

The objective of university endeavor is to advance humanity by increasing and refining knowledge and is, therefore, ill served by students who indulge in plagiarism. Accordingly, one who is suspected or accused of disregarding, concealing, aiding, or committing plagiarism must, because of the gravity of the offense, be assured of thorough, impartial, and conclusive investigation of any accusation. Likewise, one must be liable to an appropriate penalty, even severance from the University and in some cases revocation of an advanced degree, should the demonstrated plagiarism clearly call into question one's general competence or accomplishments.

# Graduation Requirements for the Bachelor's Degree

The requirements in this "Graduation Requirements" section of the catalog are those requirements which the University will make every effort to preserve for students subject to this catalog according to the provisions enumerated below. All other parts of the catalog are subject to change from year to year as University rules, policies, and curricula change. It is the students' responsibility to keep informed of such changes; failure to do so will not exempt students from whatever penalties they may incur.

The requirements appearing in this catalog are applicable to students under the following circumstances:

1. Students may remain with the graduation requirements in effect during the academic year in which they entered SDSU, another campus in the CSU system, or a California community college, so long as they have remained in attendance at least one semester or two quarters within a calendar year in either the CSU or community college system. Absence due to an approved educational leave or for attendance at another regionally accredited institution of higher learning shall not be considered an interruption in attendance if the absence does not exceed two years; if students change or declare their majors in subsequent years, however, they must adopt the major and minor requirements in effect at the time of such change or declaration. They may continue with the earlier catalog only with regard to General Education and other graduation requirements.

Students who are disqualified from San Diego State University and not immediately reinstated are not considered to be in continuous attendance at SDSU even if they continue in attendance at another campus in the CSU system or a California community college. If disqualified students are subsequently reinstated after an absence from SDSU of one or more semesters, they are subject to the requirements of the *General Catalog* in effect during the semester in which they reenroll in the CSU system or a California community college.

2. At the students' option, they may change to the catalog in effect in the year in which they graduate. Thus, students graduating in December 1990, May 1991, or in the 1991 summer sessions may adopt this catalog by so indicating on their application for graduation.

Applications for graduation are available in the Office of Admissions and Records, Administration Bldg., Room 127. Deadlines by which applications must be received in the Office of Admissions and Records are published each year in the fall semester *Class Schedule*.

The declaration of a major can occur in either of two ways: (a) by entering it on an *Application for Admission-Readmission*, or (b) by obtaining and filing a *Change or Declaration of Major* form at the Office of Admissions and Records, Administration Bldg., Room 127. Majors which require a master plan may require that the master plan be filed before considering the change of major to be official. Students are advised to check with appropriate departments if they wish to declare an impacted major.

## I. Competency Requirements: Writing and Mathematics

Competency in standard written English and in basic mathematics is essential to successful university study. All students pursuing a baccalaureate degree must satisfy two writing requirements and two mathematics requirements:

1. the CSU English Placement Test requirement
2. the SDSU Writing Competency requirement
3. the CSU Entry-Level Mathematics Examination requirement
4. the SDSU Mathematics Competency requirement

These requirements *must be satisfied* BEFORE students may enroll in baccalaureate level writing, mathematics, statistics, and

selected economics, health science, and telecommunications courses.

Failure to *verify* an exemption from or to *take* the appropriate examinations in writing and mathematics *within two semesters* of attendance at SDSU will result in the withholding of registration privileges for a third semester. Failure to *verify* an exemption from or to *pass* the appropriate examinations *within four semesters* will result in the withholding of registration privileges for future semesters. All requirements *must be satisfied* prior to a student's graduation.

Students enrolled at the Imperial Valley Campus of SDSU must satisfy the SDSU Writing Competency requirement and the SDSU Mathematics Competency requirement by the beginning of their second semester at SDSU Imperial Valley Campus. If these requirements are not satisfied, students must then register for and attempt to pass the appropriate Academic Skills courses.

All courses for which fulfillment of writing and/or mathematics requirements is an enforced prerequisite are listed in the "Prerequisite Enforcement and Provisional Enrollment" section of the Class Schedule.

## WRITING REQUIREMENTS

All students *must satisfy* both the CSU English Placement Test (EPT) requirement and the SDSU Writing Competency requirement *before* enrolling in baccalaureate level writing courses, selected economics and telecommunications courses, and before satisfying the Upper Division Writing requirement.

Furthermore, failure to *attempt* the CSU English Placement Test and the SDSU Writing Competency Test or to register in Academic Skills 92A or 97A, or to verify satisfaction of the two requirements by other methods listed below, *within two semesters* of attendance at SDSU will result in the withholding of registration privileges for a third semester. Failure to *satisfy* the requirements by passing the appropriate examinations or Academic Skills courses *within four semesters* or by being enrolled and making satisfactory progress in the appropriate Academic Skills courses during the fourth semester will result in the withholding of registration privileges for future semesters.

Test dates and times are listed in the "Special Tests" section of the current Class Schedule.

### 1. CSU English Placement Test (EPT) requirement.\*

Students must satisfy the CSU English Placement Test (EPT) requirement by one of the following methods:

- a. Completion of the CSU English Placement Test (EPT) at SDSU or at another CSU campus.
- b. Completion of an acceptable college transfer course in English composition of three semester or four quarter units with a grade of C or better.
- c. Score of 470 or above on the Verbal section of the Scholastic Aptitude Test (SAT).
- d. Score of 22 or above on the English Usage section of the American College Test (ACT).
- e. Score of 25 or above on the English section of the American College Test Enhanced (ACTE).
- f. Satisfactory score on the CSU English Equivalency Examination (EEE).
- g. Score of 3 or above on either the Language and Composition or the Composition and Literature examination of The College Board Advanced Placement Program (AP).
- h. Score of 600 or above on The College Board Achievement Test in English Composition with Essay (ES).

\* Undergraduates who are admitted with 56 or more transferable semester units, and who are subject to a campus catalog earlier than 1986-87 are not required to complete the EPT.

### 2. SDSU Writing Competency requirement.\*\*\*

Students must satisfy the SDSU Writing Competency requirement by one of the following methods:

- a. Essay score of 7 and total score of 150 on the CSU English Placement Test (EPT).\*\*
- b. Satisfactory score on the SDSU Writing Competency Test.
- c. Score of 470 or above on the Verbal section of the Scholastic Aptitude Test (SAT).\*\*
- d. Score of 22 or above on the English Usage section of the American College Test (ACT).\*\*
- e. Score of 25 or above on the English section of the American College Test Enhanced (ACTE).
- f. Satisfactory score on the CSU English Equivalency Examination (EEE).
- g. Score of 3 or above on either the Language and Composition or the Composition and Literature examination of The College Board Advanced Placement Program (AP).
- h. Score of 600 or above on The College Board Achievement Test in English Composition with Essay (ES).
- i. Credit for Academic Skills 92A or 92B or 94 or 95 or 97A or 97B at SDSU.

Students may attempt the Writing Competency Test twice; after two unsuccessful attempts, students must make a substantial effort to improve their writing skills (for example, by taking Academic Skills 92A or 97A) before being allowed a third attempt.

Students who fail to pass the SDSU Writing Competency Test or who wish to take a course to prepare themselves for the examination may take Academic Skills 92A or 97A within two semesters of admission. The final examination in the course is a competency examination. Students who do not score at an adequate level on that examination may advance to Academic Skills 92B or 97B, which also uses a competency examination as a final examination. A grade of Cr (Credit) in Academic Skills 92B or 97B will satisfy the SDSU Writing Competency requirement. Credit earned in Academic Skills 92A and 92B or 97A and 97B is not applicable to the baccalaureate degree.

## MATHEMATICS REQUIREMENTS

All students *must satisfy* both the CSU Entry-Level Mathematics Examination and the SDSU Mathematics Competency requirement *before* enrolling in selected economics and health science courses.

Students *must satisfy* both the CSU Entry-Level Mathematics Examination and the appropriate part(s) of the SDSU Mathematics Departmental Placement Examination *before* enrolling in baccalaureate-level mathematics and statistics courses.

Furthermore, failure to *attempt* the CSU Entry-Level Mathematics Examination and the appropriate part of the SDSU Mathematics Departmental Placement Examination, or to register in Academic Skills 90A, 90B, or 91, or to verify satisfaction of the two requirements by other methods listed below, *within two semesters* of attendance at SDSU will result in the withholding of registration privileges for a third semester. Failure to *satisfy* the requirements by passing the appropriate examinations or courses *within four semesters* or by being enrolled and making satisfactory progress in the appropriate Academic Skills courses during the fourth semester will result in the withholding of registration privileges for future semesters.

Test dates and times are listed in the "Special Tests" section of the current Class Schedule.

### 1. CSU Entry-Level Mathematics Examination (ELM) requirement.

Students must satisfy the CSU Entry-Level Mathematics Examination (ELM) requirement by one of the following methods:

- a. A scaled score of 480 or above on the CSU Entry-Level Mathematics Examination (ELM) taken at SDSU or at another CSU campus.\*\*\*\*
- b. Completion of an approved General Education mathematics transfer course of three semester or four quarter units above the level of Intermediate Algebra with a grade of C or better.
- c. Score of 530 or above on the Mathematics section of the Scholastic Aptitude Test (SAT).

- d. Score of 23 or above on the Mathematics section of the American College Test (ACT).
- e. Score of 23 or above on the Mathematics section of the American College Test Enhanced (ACTE).
- f. Score of 3 or above on The College Board Advanced Placement Test (AP) in Mathematics, level AB or BC.
- g. Score of 520 or above on The College Board Mathematics Achievement Test, Level 1.
- h. Score of 540 or above on The College Board Mathematics Achievement Test, Level 2.
- i. Continuous attendance at a California community college or CSU campus prior to summer 1983 until the present.

Students who fail to pass the CSU Entry-Level Mathematics Examination or who wish to take a course to prepare themselves for the examination may take Academic Skills 90A; however, credit for the course does not satisfy the requirement. All students subject to the ELM must pass the examination.

### 2. SDSU Mathematics Competency requirements.\*\*\*\*\*

Students must fulfill the SDSU Mathematics Competency requirement by one of the following methods:

- a. A scaled score of 480 or above on the CSU Entry-Level Mathematics Examination (ELM).\*\*\*\*
- b. Satisfactory score on any section of the SDSU Mathematics Departmental Placement Examination.
- c. Score of 530 or above on the Mathematics section of the Scholastic Aptitude Test (SAT).\*\*
- d. Score of 23 or above on the Mathematics section of the American College Test (ACT).\*\*
- e. Score of 23 or above on the Mathematics section of the American College Test Enhanced (ACTE).
- f. Score of 3 or above on The College Board Advanced Placement Test (AP) in Mathematics, level AB or BC.
- g. Score of 520 or above on The College Board Mathematics Achievement Test, Level 1.
- h. Score of 540 or above on The College Board Mathematics Achievement Test, Level 2.
- i. Satisfactory score on the Mathematics General Examination or on the College Algebra-Trigonometry section, the Calculus and Analytic Geometry section, or the Statistics section of the College Level Examination Program.
- j. Credit for Academic Skills 90A, 90B, or 91 at SDSU.

### 3. Mathematics Departmental Placement Examination requirement.

Satisfaction of the Entry-Level Mathematics Examination requirement and the SDSU Mathematics Competency requirement verifies a very basic level of mathematical skill insufficient for further work in mathematics, engineering, statistics, sciences, and many other academic disciplines. Therefore, students who wish to enroll in any mathematics or statistics courses must pass the appropriate part of the Mathematics Departmental Placement Examination which assesses mathematical ability beyond the elementary level: Part I or IA tests knowledge of intermediate algebra; Part II or P tests knowledge of college algebra; Part III tests knowledge of trigonometry. Students may attempt any part of the Mathematics Departmental Placement Examination three times. After three unsuccessful attempts, students must make a substantial effort to improve their mathematical skills (for example, by taking a course - SDSU Academic Skills 91 for Part I or IA, SDSU Mathematics 140 for Part II or P, and SDSU Mathematics 104 for Part III). Equivalent transfer courses will award credit but will not grant exemptions from any part of the Placement Examination.

\*\* These scores are appropriate only to those students who satisfy the requirement upon matriculation in this catalog year or who take the examinations during this catalog year.

\*\*\* Exemption from the English Placement Test does not automatically satisfy the Writing Competency requirement.

\*\*\*\* A score of 480 for the ELM taken July 1987 and later is equivalent to a 38 for the ELM taken before July 1987.

\*\*\*\*\* Exemption from the Entry-Level Mathematics Examination does not automatically satisfy the Mathematics Competency Requirement.

## II. Upper Division Writing Requirement

All students must demonstrate competency in writing skills as mandated by the major and included in each major description.

**Before attempting to satisfy this requirement, students must:**

1. Have completed or be completing 60 units;
2. Have fulfilled the Writing Competency requirement; and
3. Have completed the General Education Communication and Analytical Reasoning requirement in Written Communication.

**Failure to complete these prerequisites precludes satisfying the requirement by any means.** Proof of completion of prerequisites is required for enrollment in courses listed below.

Students whose majors do not specify any particular course or procedure may select from the following options:

1. Demonstrating the required proficiency by passing the University Upper Division Writing Examination.
2. Passing with a grade of Cr or C (2.0) or better one of the following courses:
 

Anthropology 396W	Info and Dec Sys 396W
Commun Disorders 396W	Info and Dec Sys 490W
English 305W	Linguistics 305W
English 306W	Linguistics 396W
English 500W	Mex Amer Studies 396W
English 503W	Recreation 396W
English 508W	Religious Studies 396W
English 581W	Sociology 396W
English 584W	Teacher Education 396W
History 430W	

**(Note:** Several of these courses are limited to majors in the indicated department or have specific requirements. Courses required for the major must be taken for a letter grade.)

Students who transfer from another CSU campus having fulfilled the Upper Division Writing requirement will not be required to repeat it. Please note, however, that a course listed above may be required for the major.

## III. Major and Minor Requirements

**A. Preparation for the Major.** Every major requires a set of introductory and/or skills courses designed to prepare the student for upper division study in that field. Courses taken for this purpose can also be used to satisfy General Education requirements.

**B. Major.** Completion of a departmental or an interdisciplinary major is required. A major is an area of specialized study which provides the student with extensive knowledge of the subject matter and its organizing concepts. It consists of 24 or more upper division units for the Bachelor of Arts, Bachelor of Music, and Bachelor of Vocational Education degrees; and of 36 or more units for the Bachelor of Science degree. At least half of the units must be completed at SDSU unless specifically waived by the department; however, in no case shall a student be allowed to complete fewer than 12 units in the major at SDSU. Units received through SDSU extension courses, with the exception of courses offered for resident credit during Summer Sessions and Winter Session, are not applicable to the residency requirement. Unless otherwise stated, a student may (with the approval of the department) apply no more than three units of coursework from a basic certificate program toward a major or minor.

A summary list of all majors appears at the close of this chapter; the full statement of requirements for each major can be found through the Index. Courses taken in the major department or in satisfaction of the major cannot be used to meet requirements in a minor or in General Education. A maximum of three upper division units in excess of 24 for the B.A. degree and 36 for the B.S. degree required for the major but taught outside the major department may be used to satisfy requirements both for General Education and the major if such courses have been approved for General Education. Courses graded credit (Cr) may not be used to fulfill upper division requirements in the major except for those courses identified in the course listing as graded Cr/NC.

A student may wish to major in two departments. If so, the requirements for both majors must be satisfied. Units for courses which could satisfy the requirements in both majors can be counted only once. Only one diploma will be granted but the diploma and transcript will note the completion of each major.

A student may earn two majors in one department only where the specific combinations of majors are authorized in the catalog. All requirements for both majors must be satisfied; units for courses which could satisfy requirements in both majors can be counted only once. In most cases, students pursuing two majors in one department will be required to file with the Evaluations Office a master plan approved by the major department.

### Time Limit on Completion of Requirements for the Major

As authorized by Title 5, *California Code of Regulations*, Section 40401, departments may require that specific academic requirements be met within seven years of granting an undergraduate degree. Such requirements will consist of advanced courses and examinations in areas of knowledge changing so rapidly that information may be obsolete after seven years. In those cases in which a student is required to repeat a course taken more than seven years previously, only the last grade will be used in computation of grade point averages.

**C. Minor.** Completion of a minor is necessary if required by the major, the decision otherwise to have, or not to have, a minor is left with the student. Like the major, the minor offers an integrated and coherent pattern of coursework, combining lower and upper division coursework in proportions appropriate to the various disciplines. The minor shall consist of 15-24 units of which at least six upper division units must be completed at SDSU. The minimum grade point average for awarding a minor at the time of graduation is 2.0 (C) or better in all units applicable toward a minor, including those accepted by transfer from another institution. Courses graded credit (Cr) may not be used to fulfill upper division requirements in the minor except for those courses identified in the course listing as graded Cr/NC. Courses numbered 296, 496, 596 may be applicable to the minor only with approval of the department chair. A summary list of all minors appears at the close of this chapter; the full statement of requirements for each minor can be found through the Index. Because special prerequisites must be met to qualify for certain minors, checking with the minor department before taking courses is advised. Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and General Education requirements. Declaration of a minor occurs by obtaining and filing a Declaration of Major or Minor form at the Office of Admissions and Records, AD-127.

## IV. American Institutions Requirement

The American Institutions requirement can be satisfied in any of three ways:

- A. Courses:** By passing any one of the following pairs of courses:
- |                             |                           |
|-----------------------------|---------------------------|
| Afro-Amer Studies 170A-170B | Political Sci 101 and 320 |
| History 110A-110B           | Political Sci 102 and 305 |
| History 110A-310B           | Political Sci 102 and 321 |
| History 115A-115B           | Political Sci 102 and 522 |
| History 310A-310B           | Political Sci 305 and 320 |
| History 310A-110B           | Political Sci 305 and 321 |
| History 410A-410B           | Political Sci 305 and 522 |
| History 547A-547B           | Political Sci 320 and 321 |
| Mex Amer Studies 120A-120B  | Political Sci 320 and 522 |
| Mex Amer Studies 141A-141B  | Women's Studies 341A-341B |
| Political Sci 101 and 102   |                           |

**B. Examination and courses:** By passing the California State and Local Government Test (1 hour) or coursework listed in B.3 AND completing coursework appropriate to the remaining two areas. Courses applicable to each area are listed below.

1. **American History, Institutions and Ideals:** All pairs of courses listed in IV.A above and History 537A-537B, 544A-544B, 545A-545B.

2. **United States Constitution:** Afro-American Studies 170A; History 110A, 115A, 310A, 410A, 531, 532, 545A, 545B, 547A, Mexican American Studies 120A, 141A; Political Science 102, 305, 320, 347A-347B; Women's Studies 341A.
3. **California State and Local Government:** Afro-American Studies 170B; History 110B, 115B, 310B, 410B, 541B, 547B; Mexican American Studies 120B, 141B; Political Science 102, 320, 321, 522; Women's Studies 341B.

**C. Transfer credit:** By providing evidence on a transcript or other official document from an accredited California university, liberal arts college, or community college that the requirement as outlined in Title 5, *California Code of Regulations*, Article 5, Section 40404 has been satisfied. No partial certification of American Institutions or certification based on high school work can be accepted. Three units of transfer credit for a college-level course used to satisfy American Institutions may be used for General Education only if that course is equivalent to an approved SDSU American Institutions course listed above.

## V. Foreign Language Requirement

Students whose majors lead to the Bachelor of Arts degree in liberal arts and sciences or the Bachelor of Music degree must satisfy a Foreign Language requirement as indicated below. Speech Communication majors (noncredential candidates) subject to the 1989-90 and future catalogs must satisfy a foreign language requirement or an additional mathematics requirement. Refer to Speech Communication section of catalog. Students whose majors lead to other degrees are not subject to this requirement.

**Exclusions:** (a) conversation courses may not be used to meet this requirement; (b) courses used to meet this requirement may not be applied to the General Education requirement.

Native speakers from foreign countries where English is not the principal language and who have finished high school or the equivalent in that country will be considered to have satisfied the Foreign Language requirement and will not be given credit for taking lower division courses in their native language except with advance approval from the department.

**A. The Bachelor of Arts degree in liberal arts and sciences and the speech communication major** (see exceptions above) require competency in one foreign or American Indian language. Such competency can be demonstrated by:

1. Successfully completing the third college semester or fifth college quarter in one foreign language;
2. Successfully completing the fourth year level of high school courses in one foreign language;
3. Successfully completing a third-semester equivalent proficiency examination in one foreign language;
4. Graduating from high school (other than an American high school) in a non-English speaking country.

Any combination of the preceding is also acceptable. However, conversation courses may not be used in satisfying this requirement.

Students who are majoring in **art history, European studies, humanities, and linguistics** should also read the section on Foreign Language requirement under their respective majors for special conditions and limits pertaining to those majors.

Courses offered at San Diego State University which satisfy the Foreign Language requirement are:

- |   |
|---|
| Chinese 101, 202, and 303                                   |
| Classics 101G, 202G, and 303G (Greek)                       |
| Classics 101L, 202L, and 303L (Latin)                       |
| French 100A, 100B, and 200A or 200B or 200C or 200D or 200E |
| German 100A, 100B, and 200A or 200B or 200C                 |
| Hebrew 101, 102, and 201                                    |
| Italian 100A, 100B, and 200A or 200B                        |
| Japanese 101, 102, and 201                                  |
| Portuguese 101, 301, and 302                                |

- |  |
|--|
| Russian 100A, 100B, and 200A                 |
| Spanish 100A, 100B, and 100C, or 203 and 204 |

**B. The Bachelor of Music degree** requires equivalent knowledge demonstrated in a test of reading knowledge administered by the foreign language department concerned in consultation with the Department of Music or by completion of the appropriate language course as follows:

1. **Vocalists** — one semester each of French, German, and Italian.
2. **Music history and literature students** — three semesters of one foreign language chosen from French, German, or Italian.
3. **All others** — two semesters of one foreign language chosen from French, German, or Italian (except that classical guitar students may substitute Spanish).

## VI. Unit Requirements

**A. Total unit requirement.** The total number of units necessary for a bachelor's degree exclusive of Academic Skills 90A, 90B, 91, 92A, 92B, 93, 94, 95, 96, 97A, 97B; Administration, Rehabilitation and Postsecondary Education 397; Aerospace Studies 91A, 91B, 92A, 92B, 93A, 93B, 94A, 94B; Counselor Education 397; Educational Technology 97, 397; English 90; Physical Education 397; Policy Studies in Language and Cross-Cultural Education 397; Special Education 397; Speech Communication 90, and Teacher Education 397 is as follows:

- |  |     |
|--|-----|
| 1. Bachelor of Arts degree in Applied Arts and Sciences    | 124 |
| 2. Bachelor of Arts degree in Liberal Arts and Sciences    | 124 |
| 3. Bachelor of Science degree in Applied Arts and Sciences | 128 |
| 4. Bachelor of Science degree in Geological Sciences       | 132 |
| 5. Bachelor of Science degree in Engineering               | 133 |
| 6. Bachelor of Music degree                                | 132 |
| 7. Bachelor of Vocational Education degree                 | 124 |

The degree which applies to a particular student is determined by the student's choice of major. Each student should therefore consult the statement of his or her major to establish the applicable degree. The full statement of each major can be found by consulting the Index.

\* Applies to all options except General Geology and Paleontology which require 128 units.

**B. Upper division unit requirement.** The total number of upper division units necessary for a bachelor's degree is as follows:

- |  |       |
|--|-------|
| 1. Bachelor of Arts degree in Applied Arts and Sciences      | 40    |
| 2. Bachelor of Arts degree in Liberal Arts and Sciences      | 45    |
| * 3. Bachelor of Science degree in Applied Arts and Sciences | 45    |
| 4. Bachelor of Music degree                                  | 47-51 |
| 5. Bachelor of Vocational Education degree                   | 40    |

Courses offering upper division credit are those numbered 300 through 599. All units from upper division courses (except Administration, Rehabilitation and Postsecondary Education 397; Counselor Education 397; Educational Technology 397; Physical Education 397; Policy Studies in Language and Cross-Cultural Education 397; Special Education 397, and Teacher Education 397) are applicable to the upper division unit requirement, including units from courses in the major and the minor, and from courses used to satisfy the American Institutions and the General Education requirements.

\* 36 units required for students subject to 1980-81 and earlier General Education requirements.

+ 60 units required for Finance and Financial Services majors.

**C. Unit limit totals.** The maximum number of special units accepted for a bachelor's degree is as follows:

- |  |    |
|--|----|
| 1. From transferable community and junior college courses      | 70 |
| 2. From credit by examination                                  | 30 |
| 3. From extension, Open University, and correspondence courses | 24 |

* 4. From courses graded credit (Cr) .....	15
5. From topics courses numbered 296, 496, 596 .....	9
6. From General Studies courses numbered 200 and 400 ....	6
7. From Academic Skills 90A, 90B, 91, 92A, 92B, 93, 94, 95, 96, 97A, 97B; Administration, Rehabilitation and Postsecondary Education 397; Aerospace Studies 91A, 91B, 92A, 92B, 93A, 93B, 94A, 94B; Counselor Education 397; Educational Technology 97, 397; English 90; Physical Education 397; Policy Studies in Language and Cross-Cultural Education 397; Special Education 397; Speech Communication 90; and Teacher Education 397 .....	0
8. From Academic Skills 296 .....	3
9. From Aerospace Studies, Military Science, and Naval Science courses .....	24
10. From courses numbered 499 .....	9
11. From Music 170-189, 370-389, 569-589 (for non-major and music major for B.A. degree with credential) .....	8
12. From Music 170-189, 370-389, 569-589 (for music major for B.A. degree) .....	9
13. From Music 170-189, 370-389, 569-589 (for music major for B.M. degree) .....	12

\* Upper division courses in the major and minor must be taken for a letter grade unless they are offered only credit/no credit.

#### D. Units in one department.

- Bachelor of Arts degree in Liberal Arts and Sciences.** The maximum number of units in any one department, lower and upper division combined, which can be applied toward the Bachelor of Arts degree in Liberal Arts and Sciences is 48, except in French, German, Russian, Spanish, and Journalism. Students completing the single subject credential program in French, German, Russian, or Spanish may take a maximum of 52 units in the language department. Students majoring in Journalism may not accumulate more than 30 units of credit in Journalism courses. A minimum of 94 units of coursework applicable to the bachelor's degree in Journalism must be completed outside the areas of Journalism, film, broadcasting, television, photography, and mass communication.
- Bachelor of Music degree.** The maximum number of units in upper division music courses acceptable toward the Bachelor of Music degree is 70.
- Bachelor of Science degree in Business Administration.** The minimum number of units in business administration and economics courses necessary for a Bachelor of Science degree in any of the ten business majors is 52 (40 percent of 128 units). In addition, the minimum number of units from departments outside of business administration and economics is likewise 52 (40 percent of 128 units).
- Other degrees.** The maximum number of units per department for other degrees is left to the discretion of the student, except the Bachelor of Arts degree in Applied Arts and Sciences with a major in Radio-Television in which no more than 27 upper division units in telecommunications and film may be counted toward the total units required for graduation.

### VII. Residence Requirements

To qualify for a bachelor's degree, each of the following unit requirements must be completed at this university:

- A minimum of 30 units total, of which at least 24 units must be in upper division courses (numbered 300-599).
- At least half of the upper division units required for the major, unless waived by the major department; however, in no case shall the unit total be fewer than 12 upper division units.
- If a minor is completed, a minimum of six upper division units in the minor.
- At least nine units in General Education courses.

**Note:** Courses taken in extension, Open University, and units

earned through credit-by-examination may not be applied to these requirements.

### VIII. Grade Point Average Requirements

Four averages, each 2.0 or higher, are required for graduation:

- An average based on all courses attempted at SDSU.
- An average based on all courses attempted at SDSU and transferable courses at other universities, liberal arts colleges, and community colleges.
- An average based on all upper division courses attempted in the major department or required for the major.
- An average based on all units applicable to a minor, if a minor is being completed for the degree.

Information on the computation of averages can be found in the chapter General Regulations under these headings: Grade Point Average, Grades, Incomplete Grade, and Repeated Course.

### IX. General Education

The following describes the General Education requirements in effect on the SDSU campus as of the beginning of the fall semester 1982. Students who began college at another California State University or a California community college prior to the summer of 1982 and who have maintained continuous enrollment may meet General Education requirements as stated in the SDSU General Catalog from the year when such studies began.

**Students entering SDSU in fall 1990** and (1) starting as first-semester freshmen; or (2) transferring from another college or university, having never been to a California community college or California State University; or (3) not having maintained continuous enrollment, must follow the General Education pattern described below.

#### California Community College and CSU Certified Transfer Students

Transfer students who are certified by California community colleges or other CSU campuses to have completed 39 state-mandated lower division General Education units as outlined in the *California Code of Regulations, Title 5*, will be required to complete an additional nine upper division units after achieving upper division status (60 units) in order to fulfill the **required nine-unit upper division General Education requirement**. Up to two upper division courses may be counted from a single area (Natural Sciences, Social and Behavioral Sciences, Humanities) of "Explorations," Part III of General Education. If not included within the certification, at least one course within the nine units must be cross-cultural (indicated by \*) and only one course may be counted from American Institutions.

Those transfer students who have completed upper division General Education courses on another CSU campus must take whatever additional units are necessary to complete the nine-unit upper division General Education requirement (within the limitations described in the above paragraph); such students may then select any course(s) approved for General Education to complete the nine units which must be taken at the campus granting the degree.

This provision also applies to students who were certified as having completed 40 units of General Education under earlier requirements and who have not maintained continuous attendance.

#### Students Subject to 1980-81 and Earlier General Education Requirements

Students subject to General Education Requirements which included Explorations in the Human Experience (prior to 1981-82 catalog) may complete a Human Experience theme as published in the appropriate catalog or may substitute the following for the Human Experience theme: A minimum of nine units of upper division courses selected from the Explorations courses listed in Part III of the General Education pattern described below, with at least one cross-cultural course (indicated by \*) and no more than two courses from a single area (Natural Sciences, Social and Behavioral Sciences, Humanities).

### Coursework Excluded from General Education

The educational objectives of courses in General Education are not characteristic of other types of course offerings in the curriculum. Therefore, certain types of courses are not acceptable for General Education credit.

Types of courses that do **not** count for General Education credit include:

- Coursework in the major department or required for the major (upper division courses).\*\*
- Mathematics 104, computer programming courses, and all Academic Skills courses.
- Coursework in excess of 12 units in one department or academic unit.
- Courses numbered 296, 496, or 596 (Topics).
- Courses numbered 299, 499 (Special Study).

**NOTE:** Coursework completed in a minor or in preparation for the major may be used if such courses have been approved for General Education.

### General Education Requirements\*

As an important part of education, undergraduate students spend approximately one-third of their college years studying in the General Education program. Coursework in General Education is intended to give enriching perspective to students' overall academic programs, to complement their mastery of a more specialized subject area, and to equip them for life-long understanding and development of themselves as integrated physiological and psychological entities. In recognition of the importance of social as well as personal integration and of preparing students to function as citizens of a multicultural society, material on racism, sexism and nondominant groups in American society is incorporated into General Education Foundations courses. The program consists of a minimum of 49 semester units, distributed as indicated below. The major components — Communication and Analytical Reasoning, Foundations, and Explorations — should be taken sequentially so that mastery of skills may prepare students for understanding the academic disciplines of the University, and so that introduction to academic disciplines may prepare them for more specialized or interdisciplinary study.

The General Education program at San Diego State University is evolutionary. A standing committee of faculty and students reviews the program continually and encourages the development of new courses, concepts, and learning experiences. The program has four major objectives: (1) to develop in students the intellectual capabilities necessary to the enterprise of learning; (2) to introduce students to the modes of thought characteristic of diverse academic disciplines; (3) to help them understand the conditions and forces which shape them as human beings and influence their lives; and (4) to help them apply critical and informed judgments to the achievements of their own and other cultures.

#### Specific Requirements

Students will complete a minimum of 49 units in General Education, to include a minimum of nine upper division (300-498) units which shall be taken **no sooner than the term in which the student achieves upper division status (completion of 60 units)\*\***. At least nine units of General Education must be earned at San Diego State University. A maximum of 12 units may be used for General Education credit from any one department or academic unit, with no more than seven units from any one department or academic unit in the combined sections of Foundations and Explorations.

\* Engineering, Liberal Studies Options 2 and 3, and Nursing majors should refer to the Courses and Curricula section of the General Catalog for a listing of General Education requirements.

\*\* A maximum of three upper division units in excess of 24 upper division units for the B.A. degree and 36 upper division units for the B.S. degree required for the major but taught outside the major department may be used to satisfy requirements both for General Education and the major if such courses have been approved for General Education.

### I. COMMUNICATION AND ANALYTICAL REASONING

*Courses taken to satisfy the Communication and Analytical Reasoning component of General Education may not be taken for credit/no credit.*

Included in Communication and Analytical Reasoning are courses in written and oral communication skills in English and in the analytical reasoning skills developed in mathematics, statistics, and logic. Communication and Analytical Reasoning courses deal with the communicative, ratiocinative, and computational skills required within the context of the University at large; they are not intended to introduce students to the peculiarities of disciplines (i.e., specialized subjects of inquiry and unique methodologies). *These capabilities should be achieved by students during their first year of college.*

**Coursework in Communication and Analytical Reasoning.** A minimum of twelve units distributed as follows:

**A. Written Communication.** Six units to include one course each from areas 1 and 2.

#### 1. Composition

- Afro-American Studies 120, Composition (3)
- English 100, College Composition (3)
- Linguistics 100, English Composition for International Students (3)
- Mexican American Studies 111B, Written Communication (3)

#### 2. Intermediate Composition

- Afro-American Studies 200, Intermediate Expository Writing and Research Fundamentals (3)
- English 200, Intermediate Composition (3)
- Linguistics 200, Advanced English for International Students (3)

**B. Oral Communication.** Three units from the following:

- Afro-American Studies 140, Oral Communication (3)
- Mexican American Studies 111A, Oral Communication (3)
- Speech Communication 103, Oral Communication (3)

**C. Logic, Mathematics, Statistics.** Three units from one of the following areas:

#### 1. Logic

- Philosophy 120, Logic (3)

#### 2. Mathematics

- Mathematics 118, or higher-numbered course, excluding computer programming courses

#### 3. Statistics<sup>1</sup>

- Economics 201, Statistical Methods (3)
- Mathematics 119, Elementary Statistics for Business (3)
- Mathematics 250, Basic Statistical Methods (3)
- Political Science 201, Elementary Statistics for Political Science (3)
- Psychology 270, Statistical Methods in Psychology (3)
- Sociology 201, Elementary Social Statistics (3)

### II. FOUNDATIONS

Foundations courses follow and build upon Communication and Analytical Reasoning courses and are offered by individual departments and interdisciplinary areas in the Natural Sciences, Social and Behavioral Sciences, and Humanities. Foundations courses introduce students to various disciplines, i.e., subject matters and the diverse conceptual frameworks by which scholars in different fields approach these subjects. The purpose of this component of General Education is to familiarize the student sufficiently with such modes of thought so as to allow for their application to various human concerns and experiences, among them the need to function in a multicultural society.

<sup>1</sup> Students completing more than one of the above statistics courses will be awarded a total of four units of credit, three of which will be applicable to General Education.

**Coursework in Foundations.** A minimum of 22 units distributed as follows. **No more than seven units taken in any one department or program may be counted for credit in Foundations and Explorations.**

**A. Natural Sciences.** Seven units to include one course each from areas 1 and 2 and a one-unit (three-hour) laboratory.

**1. Life Sciences**

- + Anthropology 101. Human Biocultural Origins (3)
- Biology 100. General Biology (3)
- Biology 100L. General Biology Laboratory (1)
- Biology 110. Evolution and Diversity of Animals (3)
- Biology 110L. Evolution and Diversity of Animals Laboratory (1)
- Biology 120. Microbiology and Man (3)
- Biology 120L. Microbiology and Man Laboratory (1)
- Biology 130. Plants and Man (3)
- Biology 130L. Plants and Man Laboratory (1)
- Biology 301. Agricultural Botany of the Imperial Valley with Laboratory (4) (Offered at IVC only)
- Natural Science 110B. Energy in Nature with Laboratory (4)

**2. Physical Sciences**

- Astronomy 101. Principles of Astronomy (3)
- Astronomy 109. Astronomy Laboratory (1)
- Chemistry 100. Introduction to General Chemistry with Laboratory (4)
- Chemistry 110. Chemistry and Life (3)
- + Geography 101. Principles of Physical Geography (3)
- Geography 101L. Physical Geography Laboratory (1)
- + Geography 103. Principles of Meteorology (3)
- Geography 103L. Principles of Meteorology Laboratory (1)
- Geological Sciences 100. General Geology (3)
- Geological Sciences 101. General Geology Laboratory (1)
- Natural Science 100. Physical Science (3)
- Natural Science 102. Physical Science with Laboratory (4)
- Natural Science 110A. Energy in Nature with Laboratory (4)
- Physics 103. Physics for Poets (3)
- Physics 107. Introductory Physics with Laboratory (4)

**3. Special Provision for Majors in the Sciences and Related Fields.**

- a. Where coursework in astronomy, biology, chemistry, geological sciences, or physics is required (or listed as a recommended course in the catalog) in preparation for the major, a student with a declared major may substitute those courses for courses listed under either Life Sciences or Physical Sciences (as appropriate) in Sections II, A above and III, A below.
- b. If a student adopts the above provision and later changes his or her major to a field which does not require coursework in these disciplines, the student may nevertheless receive General Education credit for courses taken in those disciplines.

**B. Social and Behavioral Sciences.** Six units to include courses from two departments.

- Anthropology 102. Introduction to Cultural Anthropology (3)
- Economics 100. Contemporary Economic Problems (3)
- Economics 101. Principles of Economics (3)
- Economics 102. Principles of Economics (3)
- Geography 102. Principles of Cultural Geography (3)
- Linguistics 101. Introduction to Language (3)
- Political Science 103. Introduction to Comparative Government (3)
- Psychology 101. Introductory Psychology (3)
- Sociology 101. Introductory Sociology. The Study of Society (3)

**C. Humanities.** Nine units to include courses from three of the four areas listed below. Students should be aware that a course from the fourth area must be taken as part of the Explorations requirement.

**1. Literature**

- Comparative Literature 270A. World Literature (3)
- Comparative Literature 270B. World Literature (3)
- English 220. Introduction to Literature (3)

**2. Art, Classics, Drama, Humanities, and Music**

- Art 157. Introduction to Art (3)
- Art 258. Appreciation and History of Art (3)
- Art 259. Appreciation and History of Art (3)
- Classics 140. Our Classical Heritage (3)
- Drama 100. Theatre and Western Civilization (3)
- Drama 120. Heritage of Dramatic Literature (3)
- Humanities 101. Introduction to Humanities (3)
- Humanities 102A. Introduction to European Heritage (3)
- Humanities 102B. Introduction to European Heritage (3)
- Humanities 130. The Jewish Heritage I (3)
- Humanities 140. Mythology (3)
- @ Music 151. Introduction to Music (3)

**3. History**

- History 100. World History (3)
- History 101. World History (3)
- % History 105. Western Civilization (3)
- § History 106. Western Civilization (3)

**4. Philosophy and Religious Studies**

- Philosophy 101. Introduction to Philosophy: Values (3)
- Philosophy 102. Introduction to Philosophy: Knowledge and Reality (3)
- Philosophy 103. Historical Introduction to Philosophy (3)
- Religious Studies 101. World Religions (3)
- Religious Studies 102. Introduction to Religion (3)

**III. EXPLORATIONS**

General Education is not only a selection of disciplinary skills, introductions, and surveys. It also includes more detailed courses, for the most part upper division, which allow more concentrated or thematic study. This component is called Explorations. There are in Explorations four sections of study—Natural Sciences, Social and Behavioral Sciences, Humanities, and American Institutions.

**Coursework in Explorations.** A minimum of 15 units, of which at least nine units must be upper division courses numbered 300-498 taken **no sooner than the term in which the student achieves upper division status** (completion of 60 units) and at least one course must be cross-cultural (indicated by \*), distributed as follows:

- 1. One course from Section A, **Natural Sciences**.
- 2. One course from Section B, **Social and Behavioral Sciences**.
- 3. Two courses from Section C, **Humanities**, as follows:
  - a. One course from the Humanities area of Foundations or Explorations *not* selected in the Foundations component above (1. Literature; 2. Art, Classics, Drama, Humanities, and Music; 3. History; 4. Philosophy and Religious Studies), and
  - b. One course from any Humanities area in Foundations or in the Explorations component below.
- 4. One course from Section B or C or D.

**No more than seven units taken in any one department or program may be counted for credit in Foundations and Explorations. Students taking General Education courses at San Diego State University must select courses from the following list; no substitutions will be approved.**

- + Only one of these three courses may be taken for General Education credit.
- @ No credit given to music majors or minors.
- % Students may not substitute History 305A for 105.
- § Students may not substitute History 305B for 106.

**A. Natural Sciences.** Any course, excluding laboratories, listed in II, A above and as follows:

- Astronomy 301. Cosmology and Gravitational Collapse (3)
- Biology 140. Ecosystems and Man (3)
- Biology 160. Introduction to Heredity (3)
- Biology 307. Biology of Sex (3)
- Biology 319. Evolution (3)
- Biology 321. Human Heredity (3)
- Biology 324. Life in the Sea (3)
- Biology 327. Microbes: The Key to the Future (3)
- Biology 330. Natural History of Animals and Plants (3)
- Biology 336. Principles of Human Physiology (3)
- Biology 339. Sociobiology (3)
- Biology 341. The Human Body (3)
- Biology 361. Energy and Environment (3)
- Biology 362. Plants, Medicines, and Drugs (3)
- Biology 454. Conservation of Wildlife (3)
- Biology 480. Biology of Aging (3)
- Engineering 150. Control of the Human Environment (3)
- Geological Sciences 301. Geology of National Parks and Monuments (3)
- Geological Sciences 302. Fossils: Life Through Time (3)
- Geological Sciences 303. Natural Disasters (3)
- Mathematics 303. History of Mathematics (3)
- Natural Science 305. Modern Physical Science (3)
- Natural Science 315. History of Science I (3)
- Natural Science 316. History of Science II (3)
- Natural Science 317. Development of Scientific Thought (3)
- Natural Science 333. Technology and Human Values (3)
- Natural Science 431. The Origins of Life (3)
- Oceanography 320. The Oceans (3)
- Physics 204. Light, Vision, and Color (3)
- Physics 301. Energy and Conservation (3)

**B. Social and Behavioral Sciences.** Any course listed in II, B above and as follows:

- \* Afro-American Studies 102. Afro-American Lifestyles (3)
- \* Afro-American Studies 220. Politics and Economics of Urban Development (3)
- \* Afro-American Studies 221. Afro-American Political Thought (3)
- \* Afro-American Studies 231. Cultural Patterns and Black Identity (3)
- \* Afro-American Studies 232. Social Analysis from a Black Perspective (3)
- \* Afro-American Studies 321. Black Political Participation in America (3)
- \* Afro-American Studies 325. Public Policy and Afro-American Community (3)
- \* Afro-American Studies 380. Blacks in the American Justice System (3)
- \* Afro-American Studies 420. Afro-Americans and the Politics of Urban Education (3)
- \* Afro-American Studies 445. Ethnicity and Social Psychology (3)
- \* American Indian Studies 110. American Indian Heritage (3)
- \* American Indian Studies 320. American Indians in Contemporary Society (3)
- \* Anthropology 350. World Ethnography (3)
- \* Anthropology 410. Language in Culture (3)
- \* Anthropology 432. Principles of Personality in Culture (3)
- \* Anthropology 442. Cultures of South America (3)
- \* Anthropology 445. Ethnology of North America (3)
- \* Anthropology 446. Southwestern Ethnology (3)
- \* Anthropology 448. Cultures of Oceania (3)
- \* Anthropology 449. Cultures of Sub-Saharan Africa (3)
- \* Anthropology 450. Cultures of India (3)
- \* Anthropology 452. Japanese Society (3)
- Economics 330. Comparative Economic Systems (3)

- \* Economics 464. Economic Problems of Latin America (3)
- \* Economics 464. Economic Problems of Latin America (3)
- \* Economics 465. Economic Problems of South and East Asia (3)
- Economics 489. Population and Economic Growth (3)
- Education 350. Education in American Society (3)
- General Studies 310. Our Global Future: Values for Survival (3)
- General Studies 320. Nuclear Arms Dilemma (3)
- General Studies 420. Handicapped Individuals in Society (3)
- \* Geography 312. Culture Worlds (3)
- Geography 321. United States (3)
- \* Geography 323. Middle America (3)
- \* Geography 324. South America (3)
- \* Geography 331. Monsoon Asia (3)
- Geography 336. Europe (3)
- Geography 337. Soviet Union (3)
- Geography 354. Geography of Cities (3)
- Geography 370. Environmental and Natural Resource Conservation (3)
- Gerontology 101. Introduction to Human Aging (3)
- \* Health Science 362. International Health (3)
- Journalism 408. Mass Communication and Society (3)
- \* Latin American Studies 101. Latin American Heritage (3)
- Linguistics 354. Language and Computers (3)
- Linguistics 420. Linguistics and English (3)
- † Management 456. Conceptual Foundations of Business (3)
- \* Mexican American Studies 140. History and Sociology of Racism (3)
- \* Mexican American Studies 301. Political Economy of the Chicano People (3)
- \* Mexican American Studies 303. Mexican American Community Studies (3)
- \* Mexican American Studies 320. Mexican American Life Styles (3)
- \* Mexican American Studies 355. The United States-Mexico International Border (3)
- Political Science 301A. History of Western Political Thought (3)
- Political Science 301B. History of Western Political Thought (3)
- Political Science 302. Modern Political Thought (3)
- \* Political Science 330. Women and Electoral Politics (3)
- Political Science 356. Governments of Continental Europe (3)
- \* Political Science 361. Governments and Politics of the Developing Areas (3)
- \* Political Science 362. Governments and Politics of East Asia (3)
- \* Political Science 363. Governments and Politics of the Middle East (3)
- Political Science 370. Political Violence (3)
- Psychology 330. Developmental Psychology (3)
- Psychology 340. Social Psychology (3)
- Psychology 351. Psychology of Personality (3)
- Recreation 204. Challenges of Leisure (3)
- Recreation 205. Wilderness and the Leisure Experience (3)
- \* Social Work 350. Cultural Pluralism (3)
- Social Work 360. Perspectives on Human Behavior and the Social Environment (3)
- Sociology 150. Contemporary Social Problems (3)
- Sociology 320. Sex/Gender Roles in American Society (3)

- \* Cross-cultural course.
- † Majors in the College of Business Administration may not use this course to satisfy requirements for General Education.

- Sociology 335. Mass Communication and Popular Culture (3)
- Sociology 338. Sociology of Religion (3)
- Sociology 350. Population and Contemporary Issues (3)
- Sociology 355. Minority Group Relations (3)
- Sociology 410. Social Psychology: Mind, Self, and Society (3)
- Sociology 421. The American Family and Its Alternatives (3)
- Sociology 430. Social Organization (3)
- Sociology 450. Social Change (3)
- Speech Communication 475. Intercultural Communication (3)
- Women's Studies 201. Sexism and the Social Sciences (3)
- Women's Studies 310. Women in Cross-Cultural Perspective (3)
- Women's Studies 320. Socialization of Women (3)
- Women's Studies 325. Psychology of Women (3)
- Women's Studies 370. Women and the Law (3)
- Women's Studies 375. Sex, Power, and US Politics (3)
- Women's Studies 485. Women's Work (3)

**C. Humanities.** One course from those listed in Foundations II.C. above or from those listed below in the Humanities area *not* selected in the Foundations component above (1. Literature; 2. Art, Classics, Drama, Humanities, and Music; 3. History; 4. Philosophy and Religious Studies); and a second course listed in Foundations II.C. above or from any one of the five Humanities areas in Explorations listed below.

#### 1. Literature

- Afro-American Studies 260. Introduction to Afro-American Literature (3)
- Afro-American Studies 460. Black Images in Western Literature (3)
- Afro-American Studies 463. Black Literatures of the World (3)
- Afro-American Studies 464. Caribbean Literature (3)
- American Indian Studies 200. American Indian Literature (3)
- American Indian Studies 430. American Indian Poetry and Fiction (3)
- Chinese 303. Readings in Contemporary Chinese (4)
- Chinese 304. Readings in Chinese (4)
- Classics 303G. Readings in Greek Prose (3)
- Classics 303L. Readings in Latin Prose (3)
- Classics 304G. Readings in Greek Poetry (3)
- Classics 304L. Readings in Latin Poetry (3)
- Classics 320. Classical Literature (3)
- Comparative Literature 405. The Bible as Literature (3)  
[Same course as English 405.]
- Comparative Literature 440. African Literature (3)
- Comparative Literature 445. Modern Latin American Literature (3)
- Comparative Literature 455. Classical Asian Literature (3)
- Comparative Literature 460. Modern Asian Literature (3)
- Comparative Literature 470. Folk Literature (3)  
(Maximum GE credit 3 units)
- English 250A. American Literature (3)
- English 250B. American Literature (3)
- English 260A. English Literature (3)
- English 260B. English Literature (3)
- English 301. The Psychological Novel (3)
- English 302. Introducing Shakespeare (3)
- English 405. The Bible as Literature (3)  
[Same course as Comparative Literature 405.]
- English 494. Modern American Fiction (3)
- French 200B. Reading French (3)
- French 305A. Survey of French Literature (3)
- French 305B. Survey of French Literature (3)

- German 200C. Literary German for Reading Comprehension (3)
- Italian 305A. Italian Literature (3)
- Italian 305B. Italian Literature (3)
- Mexican American Studies 335. Mexican American Literature (3)
- Mexican American Studies 380. US-Mexico Borderlands Folklore (3)
- Russian 305A. Survey of Russian Literature (3)
- Russian 305B. Survey of Russian Literature (3)
- Spanish 305A. Survey Course in Spanish Literature (3)
- Spanish 305B. Survey Course in Spanish Literature (3)
- Spanish 306A. Survey of Spanish American Literature (3)
- Spanish 306B. Survey of Spanish American Literature (3)
- Women's Studies 352. Women in Literature (3)

#### 2. Art, Classics, Drama, Humanities, and Music

- Afro-American Studies 180. Afro-American Music (3)
- American Indian Studies 255. American Indian Music (3)
- Anthropology 422. Music and Culture (3)
- Art 158. Arts of Native America, Sub-Saharan Africa and Oceania (3)
- Art 263. Far Eastern Art (3)
- Classics 330. Classical Drama (3)
- Drama 460A. History of the Theatre (3)
- Drama 460B. History of the Theatre (3)
- French 421. French Civilization (3)
- French 422. French Civilization (3)
- Humanities 310. French Civilization (3)
- Humanities 311. French Civilization (3)
- Humanities 320. German Civilization (3)
- Humanities 330. Russian Civilization (3)
- Humanities 331. Russian Civilization (3)
- Humanities 340. Italian Civilization (3)
- Humanities 350. Spanish Civilization (3)
- Humanities 375. Moral Issues of War and Peace (3)
- Humanities 400. Civilization Through Travel Study (1-3)  
(Maximum GE credit 3 units)
- Humanities 401. The Medieval Heritage (3)
- Humanities 402. The Renaissance (3)
- Humanities 403. Enlightenment and the Baroque (3)
- Humanities 404. Modern European Heritage (3)
- Humanities 457. Arab-Islamic Culture and Civilization (3)
- Humanities 458. African Culture and Civilization (3)
- Music 345. Music in Contemporary Life (3)
- Music 351A. Musical Masterpieces of the Eighteenth and Nineteenth Centuries (3)
- Music 351B. Musical Masterpieces of the Twentieth Century (3)
- Music 351C. Masterpieces of Grand Opera (3)
- Music 351D. Jazz History and Appreciation (3)
- Spanish 440. Spanish Civilization (3)
- Spanish 441. Spanish American Civilization (3)

### Application for Graduation

Graduation is not automatic upon the completion of requirements. Students who intend to graduate must take the initiative. When they believe that they are eligible, they should file an application with the Office of Admissions and Records, AD-127. The Class Schedule each semester specifies the exact date. An application fee of \$32.00, which is nonrefundable, is required.

The degree is granted upon completion of all requirements by the graduation date. Candidates for graduation are not eligible to register for terms subsequent to the graduation date unless an application for readmission as a postbaccalaureate student has been filed with the Office of Admissions and Records.

Students not completing requirements must cancel the current application at the earliest possible date, reapply for graduation during

the appropriate filing period, and pay the \$16 graduation evaluation and diploma fee. Graduation requirements will be determined by the continuous enrollment regulations outlined in this catalog.

After the degree is granted **no** changes can be made to the undergraduate record.

### Election of Regulations for Graduation

An undergraduate student remaining in attendance in regular session at any California State University campus, any California community college, or any combination of California community colleges and campuses of The California State University may, for purposes of meeting graduation requirements, elect to meet the requirements in effect at San Diego State University either at the time the student began such attendance or at the time of entrance to the campus or at the time of graduation. Substitutions for discontinued courses may be authorized or required by the proper authorities.

"Attendance" is defined here as attendance in at least one semester or two quarters within a calendar year. Absence due to an approved educational leave or for attendance at another accredited institution of higher learning shall not be considered an interruption in attendance if the absence does not exceed two years. When students change or declare their majors, they must adopt the requirements of the major and any minors in effect at that time.

### Commencement

Commencement exercises are held once a year at the end of the spring semester for students who were graduated at mid-year, those graduating at the end of the spring semester, and undergraduate students who expect to complete requirements for graduation in the summer session. The President of the University, by the authority of the Trustees and on recommendation of the faculty, awards the degrees. Brochures giving details regarding the exercises are mailed to prospective participants in early May.

### Emphases, Options, and Concentrations

An emphasis, option, or concentration is defined as an aggregate of courses within a degree major designed to give a student specialized knowledge, competence, or skill. Completion of an emphasis, option, or concentration is noted on the student's transcript and diploma.

#### BACCALAUREATE MAJORS

**Art** (BA, Liberal Arts and Sciences)  
**Emphases:**  
 art history  
 studio arts

**Art** (BA, Applied Arts and Sciences)  
**Emphases:**

applied design  
 environmental design  
 graphic design  
 interior design  
 painting, printmaking, and photography  
 sculpture

**Biology** (BS, Applied Arts and Sciences)

**Emphasis:**  
 entomology

**Chemistry** (BS, Applied Arts and Sciences)

**Emphasis:**  
 biochemistry

**Classics** (BA, Liberal Arts and Sciences)

**Concentrations:**  
 classical humanities  
 Greek  
 Latin  
 Greek and Latin

**Drama** (BA, Applied Arts and Sciences)

**Emphases:**  
 acting  
 children's drama  
 design for drama  
 design for television and film directing

#### Geological Sciences

(BS, Applied Arts and Sciences)

**Options:**

engineering geology  
 geochemistry  
 geology  
 geophysics  
 hydrogeology  
 marine geology  
 paleontology

**Health Science** (BS, Applied Arts and Sciences)

**Emphasis:**  
 community health education

**Home Economics** (BA, Applied Arts and Sciences)

**Emphasis:**  
 fashion merchandising

**Journalism** (BA, Liberal Arts and Sciences)

**Emphases:**  
 advertising  
 news-editorial  
 public relations  
 radio-TV news

**Liberal Studies** (BA, Applied Arts and Sciences)

**Option 1**  
**Option 2**  
**Option 3**

**Mathematics** (BS, Applied Arts and Sciences)

**Emphases:**  
 applied mathematics  
 computer science  
 statistics

**Physical Education** (BA, Applied Arts and Sciences)

**Emphasis:**  
 athletic training

**Public Administration** (BA, Applied Arts and Sciences)

**Emphasis:**  
 city planning

#### Recreation Administration

(BA, Applied Arts and Sciences)

**Emphases:**

outdoor recreation  
 recreation systems management  
 recreation therapy

**Social Science** (BA, Liberal Arts and Sciences)

**Emphases:**  
 Africa and the Middle East  
 environment

#### GRADUATE MAJORS

**Art** (MA)

**Emphases:**  
 studio arts  
 art history

**Biology** (MA or MS)

**Concentrations:**  
 ecology  
 genetics  
 molecular biology  
 physiology  
 plant sciences  
 systematics and evolutionary biology

**Business Administration** (MS)

**Concentrations:**  
 finance  
 financial and tax planning  
 human resource management  
 information systems  
 international business  
 management  
 management science  
 marketing  
 production and operations management  
 real estate

**Communicative Disorders** (MA)

**Concentrations:**  
 speech-language pathology  
 audiology  
 education of the hearing  
 impaired  
 communicative sciences

**Drama** (MFA)

**Concentrations:**  
 design and technical theatre  
 musical theatre

#### Education (MA)

**Concentrations:**  
 administration and supervision  
 community college curriculum and instruction  
 counseling  
 educational research  
 educational technology  
 elementary curriculum and instruction  
 policy studies in language and cross-cultural education  
 reading education  
 secondary curriculum and instruction  
 special education

#### Geography (MA)

**Concentrations:**  
 conservation of environmental quality  
 transportation

#### Nursing (MS)

**Concentrations:**  
 community health nursing  
 critical care nurse specialist  
 nursing systems administration

#### Psychology (MS)

**Concentrations:**  
 clinical psychology  
 industrial and organizational psychology

#### Public Administration (MPA)

**Concentrations:**  
 city planning  
 criminal justice administration  
 public telecommunications administration

#### Public Health (MPH)

**Concentrations:**  
 environmental health  
 epidemiology  
 health promotion  
 health services administration  
 maternal and child health  
 occupational health

#### Statistics (MS)

**Concentration:**  
 biostatistics

## Credentials Offered

### Teaching Credentials

- Adapted physical education
- Multiple subject
- Single subject

### Specialist Credentials

- Bilingual/cross-cultural Reading
- Resource specialist certificate of competence
- Special education:
  - Communication handicapped
  - Gifted
  - Learning handicapped
  - Physically handicapped
  - Severely handicapped

### Service Credentials

- Administrative
- Clinical rehabilitative Health (school nurse)
- Pupil personnel
- School psychology

## Minors for the Bachelor's Degree

- Accounting
- Aerospace studies
- African studies
- Afro-American studies
- American Indian studies
- American studies
- Anthropology
- Art
- Art history
- Asian studies
- Astronomy
- Biology
- Chemistry
- Child development
- Classics
- Communicative disorders
- Comparative literature
- Computer science
- Dance
- Decision systems
- Drama
- Economics
- Educational technology
- Elementary mathematics and science
- Energy studies
- Engineering
- English
- Environment and society
- European studies
- Finance
- French
- Geography
- Geological sciences

- German
- Gerontology
- Health science
- History
- History of science and technology
- Home economics
- Human resource management
- Humanities
- Industrial technology
- Information systems
- Italian
- Japanese
- Judaic studies
- Journalism
- Latin American studies
- Linguistics
- Management
- Marketing
- Mathematics
- Mexican American studies
- Middle East studies
- Military science
- Music
- Naval science
- Oceanography
- Philosophy
- Physical education
- Physics
- Political science
- Portuguese
- Production and operations management
- Psychology
- Public administration
- Radio-television
- Real estate
- Recreation
- Religious studies
- Russian
- Small business management (Imperial Valley Campus only)
- Social work
- Sociology
- Spanish
- Speech communication
- Women's studies

## Special Curricula

### Preprofessional Curricula

- Pre dental
- Pre legal
- Pre medical
- Pre veterinary

### Medical Technology and Public Health

### Military Curricula

- Aerospace studies (AFROTC)
- Military science (ROTC)
- Naval science (NROTC)

## Certificate Programs (nondegree)

- Certificate in accounting
- Certificate in applied linguistics and English as a second language (ESL)
- Certificate in art (Imperial Valley campus only)
- Certificate in bilingual (Spanish) special education
- Certificate in business administration (Imperial Valley campus only)
- Certificate in children's literature
- Certificate in family life education
- Certificate in geographic information systems
- Certificate in human services paraprofessional
- Certificate in instructional microcomputer software design
- Certificate in instructional technology
- Certificate in introductory mathematics
- Certificate in language development specialist
- Certificate in personal financial planning
- Certificate in preventive medicine residency
- Certificate in professional services bilingual/bicultural
- Certificate in public administration (Imperial Valley Campus only)
- Certificate in quantitative analysis in the social sciences
- Certificate in recombinant DNA technology
- Certificate in rehabilitation administration
- Certificate in single subject mathematics
- Certificate in Spanish court interpreting (Imperial Valley campus only)
- Certificate in Spanish translation studies
- Certificate in supported employment and transition specialist
- Certificate in teaching the emotionally disturbed
- Certificate in technical and scientific writing
- Certificate in United States-Mexico border studies

### The following programs are available through Extension only.

- Certificate in applied gerontology
- Certificate in construction practices
- Certificate in fire protection administration
- Certificate in government contract management
- Certificate in materials management
- Certificate in personnel and industrial relations
- Certificate in training systems design and administration

# Courses and Curricula

# Courses and Curricula

## Course Numbering

Courses numbered 80 through 99 are nonbaccalaureate level and are not acceptable for a bachelor's degree or General Education; those numbered 100 through 299 are in the lower division (freshman and sophomore years); those numbered 300 through 499 are in the upper division (junior and senior years) and intended for undergraduates; those numbered 500 through 599 are in the upper division and are also acceptable for advanced degrees when taken by students admitted to graduate standing; those numbered 600 through 799 are strictly graduate courses; and those numbered 800 through 899 are doctoral courses.

Courses numbered X-01 through X-79 and X-397 are those offered only through Extension to meet specific academic needs of community groups. Courses numbered X-01 through X-79 are applicable as general elective credit toward an undergraduate degree at SDSU. Courses X-01 through X-49 are designated as lower division and X-50 through X-79 and X-397 are designated as upper division. It is the prerogative of the academic department/college to determine if X-01 through X-79 level courses are applicable to a major, a minor, or toward specified electives. The X-01 through X-79 level courses are offered in conjunction with certificate programs only. Courses at the X-01 through X-79 level are not acceptable on advanced degree programs. Courses offered as X-397 are not acceptable toward an undergraduate or graduate degree.

Extended Studies students who eventually plan to pursue an undergraduate degree at SDSU should consult the sponsoring academic department to ascertain the applicability of X-01 through X-79 level courses offered in any certificate program toward their proposed course of study.

## The Unit or Credit Hour

In the listing of courses that follow, figures in parentheses indicate the unit value of the course. One unit or credit hour represents 50 minutes of recitation or lecture, together with the required preparation, or three hours of laboratory work or two hours of activities, each week for a semester.

## Prerequisites for Undergraduate Courses

Students must complete a course prerequisite (or its equivalent) prior to registering for the course to which it is prerequisite. Students who have not completed the stated prerequisite must notify the instructor by the end of the second week of class in order for the instructor to determine if the student has completed the equivalent of the prerequisite.

Prerequisites will be enforced in all sections of courses listed in the Prerequisite Enforcement and Provisional Enrollment section of the current Class Schedule and Information Handbook. Enrollment will depend on the student's verification of completion of prerequisites.

## Semester in Which Courses Are Offered

In the listing of courses that follows, Roman numeral I indicates a course offered in the fall semester. Roman numeral II indicates a course offered in the spring semester. An "S" indicates a course offered in the summer.

Following the course title are designations of credit and the semester in which the course is offered. Examples:

- (3) I ..... Three units. Offered in fall semester.  
(3) II ..... Three units. Offered in spring semester.  
(3-3) ..... Three units each semester. Year course normally beginning in fall semester.  
(3-3) I, II ..... Three units each semester. Year course beginning either semester.

Although the University fully expects to carry out the arrangements planned in the list of courses, it reserves the right to make changes. Classes in which the enrollment does not come up to the minimum number set by the Trustees of The California State University may not be offered or may be postponed.

## Common Courses

### Experimental or Selected Studies or Topics or Workshop Courses (96, 296, 496, 596)

Courses offered by departments under the numbers 296, 496, 596 are subject to the following conditions: no more than nine units of such courses shall be applicable toward a bachelor's degree; such courses may be applicable toward the minor or toward preparation for the major only with the approval of the department chair.

Topics courses may be offered by the departments under the number 96. These courses are nonbaccalaureate level and are not acceptable for a bachelor's degree or General Education.

### Special Study (299, 499, 599)

These courses provide opportunity for individual study of a subject not offered in the regular curriculum. The student does this outside of the classroom and must secure the consent of an instructor to supervise the study *before* registering for the course. The student should discuss the topic with the instructor and come to an understanding on the amount of time to be devoted to the topic, the credit to be earned, and the mode of investigation and report to be used. As with regular courses, the expectation is that the student will devote three hours per week to the subject for each unit of credit. A maximum combined credit of nine units of 299, 499, and 599 is applicable to a bachelor's degree.

A 499 or 599 number cannot be used to offer lower division coursework. Also, 299, 499, and 599 cannot be used to extend internships, to award academic credit in place of pay, for work experience, or for class-sized groups.

## Credit/No Credit Courses

Courses which are offered for credit/no credit are indicated by the symbols Cr/NC in the course title.

# Academic Skills

In the College of Arts and Letters

OFFICE: Professional Studies and Fine Arts 141  
TELEPHONE: (619) 594-6515

## Faculty

Emeritus: MacDonald  
Chair: Basile  
Professors: Basile, Johns  
Associate Professors: Denman, Sweedler-Brown  
Assistant Professor: Poole  
Lecturers: Allister, Brown, Enright, Friberg, Horlor, Johnson, M., Johnson, P., Keeseey, Maggio, Miller, Morgan, Nower, Smith, Thompson, Williams

## Offered by the Academic Skills Center

Courses in mathematics, reading, writing, and learning skills. Major or minor work in academic skills is not offered.

## Academic Skills Center

The principal role of the Academic Skills Center is to prepare students to satisfy San Diego State University's competency requirements in basic mathematics and written English. Passing the final examination for Academic Skills 90A or 90B with a minimum score of 20 satisfies the SDSU Mathematics Competency requirement. Credit in Academic Skills 91 satisfies the SDSU Mathematics Departmental Placement Examination, Part IA, requirement necessary for students enrolling in designated mathematics, statistics, and political science courses. Attaining a minimum score of 8 on the Writing Proficiency Test, the final examination in the academic skills writing courses (92A, 92B, 94, 95, 97A, 97B), satisfies the SDSU Writing Competency requirement. For more information on the writing and mathematics competency requirements, refer to the "Graduation Requirements" section of this catalog.

In addition to the competency classes, the Academic Skills Center offers one-, two-, and three-unit reading improvement and study skills classes which are open to all students.

The units awarded a student who earns a grade of "Credit" in an academic skills course (with the exception of Academic Skills 296) are not applicable to the baccalaureate degree.

## Courses

### LOWER DIVISION COURSES

Academic skills courses may not be used to satisfy general education requirements and no more than three units of 296 may be applied towards a bachelor's degree.

### 90A. Fundamentals of Mathematics (3) I, II S Cr/NC/SP

Three hours of lecture per week. Two hours of lecture and two hours of activity per week for students enrolled in the Intensive Learning Experience.

Prerequisite: Appropriate score on the Academic Skills diagnostic test.

Designed to satisfy the SDSU Mathematics Competency requirement and to prepare students for the CSU Entry-Level Mathematics Examination (ELM). Review of arithmetic and elementary algebra; topics from geometry covered in adjunct workshops. The final examination is the SDSU Mathematics Departmental Placement Examination, Part C. Students attaining a score of 20 or better on the final examination earn "Credit" in the course and satisfy the Mathematics Competency requirement. Students attaining scores of 15 to 19 points earn "SP" (satisfactory progress) but do not satisfy the Mathematics Competency requirement and should enroll in Academic Skills 90B. Students attaining scores of 14 or lower receive "No Credit" and should repeat Academic Skills 90A. (Formerly numbered Academic Skills 102 and 102A.)

### \* 90B. Basic Algebra Review (3) I, II, S Cr/NC

Three hours of lecture per week. Two hours of lecture and two hours of activity per week for students enrolled in the Intensive Learning Experience.

Prerequisite: "SP" (satisfactory progress) in Academic Skills 90A or appropriate score on the Academic Skills diagnostic test.

Designed for students who have attained "SP" (satisfactory progress) in Academic Skills 90A but have not satisfied the CSU Entry-Level Mathematics Examination (ELM) or SDSU Mathematics Competency requirement. Topics covered include elementary algebra with a brief review of arithmetic and topics from geometry. Prepares students for the CSU Entry-Level Mathematics Examination (ELM), but does not satisfy the ELM requirement. Course final examination is the SDSU Mathematics Departmental Placement Examination, Part C; a score of 20 or better on the final examination gives "Credit" and satisfies the Mathematics Competency requirement. (Formerly numbered Academic Skills 102 and 102B.)

### 91. Intermediate Algebra (3) I, II, S Cr/NC

Prerequisite: Satisfaction of the CSU Entry-Level Mathematics Examination (ELM) or SDSU Mathematics Competency requirement.

Designed to prepare students for the Mathematics Departmental Placement Examination, Part IA, which is given as the final examination for the course. A review of intermediate algebra skills. Topics include rational and radical expressions, quadratic equations, set and function notations, logarithms, and complex numbers. Credit in Academic Skills 91 satisfies the Mathematics Departmental Placement Examination, Part IA, requirement. (Formerly numbered Academic Skills 103.)

### 92A. Writing Development: Fundamentals of Writing (3) I, II, S Cr/NC/SP

Academic prose, emphasizing the purpose, structure, and style of academic essays. Designed to improve student skills in planning, drafting, revising, and editing essays. Open to students who have not satisfied the Writing Competency requirement. Students who do not meet the Writing Competency requirement may receive an "SP" (satisfactory progress) grade. Credit in Academic Skills 92A satisfies the SDSU Writing Competency requirement. Students not passing the final examination should enroll in Academic Skills 92B. Not open to students with credit in Academic Skills 97A. (Formerly numbered Academic Skills 100 and 110.)

### \*\*92B. Writing Development: Intermediate (3) I, II, S Cr/NC

Prerequisite: Open to students who have earned "SP" (satisfactory progress) in Academic Skills 92A but have not satisfied the Writing Competency requirement.

Individualized instruction in intermediate writing skills. Credit in Academic Skills 92B satisfies the SDSU Writing Competency requirement. Not open to students with credit in Academic Skills 97B. (Formerly numbered Academic Skills 150.)

\* Academic Skills 90B is not offered at the Imperial Valley Campus. Students who do not attain a Cr in Academic Skills 90A at the Imperial Valley Campus should repeat Academic Skills 90A.

\*\* Academic Skills 92B is not offered at the Imperial Valley Campus. Students who do not attain a Cr in Academic Skills 92A at the Imperial Valley Campus should repeat Academic Skills 92A.

**93. Academic Reading (3) I, II Cr/NC**

Improvement of individual reading effectiveness, emphasizing text-book mastery and incorporating texts from the General Education curriculum. Reading comprehension—not speed—stressed. Credit earned in this course is not applicable to a bachelor's degree. (Formerly numbered Academic Skills 111.)

**94. English for International or Bilingual Students (3) I, II Cr/NC/SP**

Intermediate written English with emphasis on problems of non-native speakers; discussion of sentence, paragraph, and essay writing skills. Open only to ESL students who have not satisfied the lower division writing competency requirement. Students attaining a score of 8 or better on the final examination earn a grade of "Cr" and satisfy the lower division writing competency requirement. Students attaining a score of 7 or less with completion of all course requirements earn a grade of "SP." Students receiving an "SP" should enroll in Academic Skills 95. (Formerly numbered Academic Skills 132.)

**95. English for International or Bilingual Students (3) I, II Cr/NC/SP**

Prerequisite: Satisfactory Progress (SP) in Academic Skills 94. Advanced written English with emphasis on problems of nonnative speakers; discussion of audience, purpose, and style; advanced grammar and essay writing. For students who have attained Satisfactory Progress (SP) in Academic Skills 94, but have not satisfied the lower division writing competency requirement. Students attaining a score of 8 or better on the final examination earn a grade of "Cr" and satisfy the lower division writing competency requirement. Students not passing the final examination should enroll in Academic Skills 92A or 97A. (Formerly numbered Academic Skills 133.)

**96. Mini-Course: Selected Topics (1) Cr/NC**

Assorted short courses which will meet three hours a week for five weeks and will cover a variety of academic skills through intensive lectures and laboratory work.

Suggested topics: Research paper, communication skills, research tools, vocabulary development, learning skills, spelling, grammar, and speed reading. See Class Schedule for specific content. Credit earned in courses from this series is not applicable to a bachelor's degree. (Formerly numbered Academic Skills 141.)

- |                    |                         |
|--------------------|-------------------------|
| A. Speed Reading   | D. Research Paper       |
| B. Learning Skills | E. Communication Skills |
| C. Grammar         | F. Research Tools       |

**97A. Writing Development: Fundamentals (Intensive Learning Experience) (4) I Cr/NC/SP**

Three lectures and two hours of activity. Students enrolled in Academic Skills 97A must also be enrolled in the Intensive Learning Experience, which integrates instruction in the writing process and academic prose with the content of a General Education course. Academic Skills 97A is designed to provide students with writing and critical thinking skills essential to academic achievement. Emphasizes individualized instruction to meet the unique needs of each student.

The final examination in Academic Skills 97A is the Academic Skills Center Writing Proficiency Examination. Students who do not pass the examination but fulfill course requirements may receive a grade of "SP" (satisfactory progress). A grade of "Cr" (credit) in Academic Skills 97A indicates that the student has both fulfilled course requirements and passed the proficiency examination, thereby meeting the SDSU Writing Competency requirement. Students who do not pass the proficiency examination should enroll in Academic Skills 97B the following semester. Not open to students with credit in Academic Skills 92A. (Formerly numbered Academic Skills 100 and 110.)

**\*\*97B. Writing Development: Intermediate (Intensive Learning Experience) (4) II Cr/NC**

Three lectures and two hours of activity. Prerequisites: Open only to students who earned "SP" (satisfactory progress) in Academic Skills 97A but have not satisfied the SDSU Writing Competency requirement. Individualized instruction in intermediate writing skills. Credit in Academic Skills 97B satisfies the SDSU Writing Competency requirement. Not open to students with credit in Academic Skills 92B. (Formerly numbered Academic Skills 150.)

**296. Experimental Topics (1-3) Cr/NC**

Selected topics. May be repeated with new content for a maximum of three units. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

\*\* Academic Skills 97B is not offered at the Imperial Valley Campus. Students who do not attain a Cr in Academic Skills 97A at the Imperial Valley Campus should repeat Academic Skills 97A.

**NOTE:**

Academic Skills 92A is equivalent to Academic Skills 97A.

Academic Skills 92B is equivalent to Academic Skills 97B.

Enrollment in Academic Skills 97A and 97B is restricted to students participating in the Intensive Learning Experience program.

# Accountancy

In the College of Business Administration

OFFICE: Business Administration/Mathematics 304  
TELEPHONE: (619) 594-5310

A Member of the American Assembly of Collegiate Schools of Business.

**Faculty**

Emeritus: Brodshatzer, Brown, Dodds, Ferrel, Harned, Meier, Odmark, Snudden, Wright  
Director: Capettini  
The Peat Marwick/Charles W. Lamden Professor of Taxation: Whittenburg  
The Vern Odmark Professor: Chow  
Professors: Bailey (Dean), Barnett, Butler, Capettini, Grudnitski, Lamden, Lightner, K., Meigs, R., Samuelson, Shields, Toole, Whittington, Williamson  
Associate Professors: Lightner, S., Oestreich, Pfeiffer, Wong-Boren  
Assistant Professors: Houston, Joh, Totterdale, Venable  
Lecturers: Ballew, Buller, Meigs, M., Tarantino

**Offered by the Department**

Master of Business Administration.  
Master of Science degree in accountancy.  
Major in accounting with the B.S. degree in business administration.  
Teaching major in business for the single subject teaching credential.  
Minor in accounting.  
Certificate in accounting.

**Admission to the Major**

The undergraduate business administration program at San Diego State University is structured such that students desiring a business administration major are first admitted to the prebusiness administration major for their first two years of university work. During these first two years students should complete general education courses and a common core of nine lower division preparation for the business major courses — Accountancy 201, Financial Accounting Fundamentals; 202, Managerial Accounting Fundamentals; Finance 140, Business Law; Economics 101, Principles of Economics (Macro); Economics 102, Principles of Economics (Micro); Information and Decision Systems 180, Principles of Information Systems; Information and Decision Systems 290, Business Communication (not required for accounting majors); Mathematics 119, Elementary Statistics for Business; and Mathematics 120, Calculus for Business Analysis. These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. All students must achieve a passing score on a quantitative competency examination. Students must have completed 56 college units.

**Supplemental admissions criteria must be met before students may declare an upper division major and be eligible for upper division courses.** For current information concerning admissions criteria and procedures, contact the Undergraduate Business Advising Office in the College of Business Administration.

Also, before enrolling in upper division courses offered by the College of Business Administration, students must be competent in the operation of personal computers, including word processing and spreadsheets. These skills are required in upper division business courses.

Business administration majors may not complete a minor in the College of Business Administration.

**Transfer Credit**

**Lower Division:** Courses clearly equivalent in scope and content to San Diego State University courses required for minors or as preparation for all business majors will be accepted from regionally accredited United States institutions and from foreign institutions recognized by San Diego State University and the College of Business Administration.

**Upper Division:** It is the policy of the San Diego State University College of Business Administration to accept *upper division transfer credits* where (a) the course content, requirements, and level are equivalent to San Diego State University courses and (b) where the course was taught in an American Assembly of Collegiate Schools of Business accredited program. Exceptions require thorough documentation evidencing the above standards.

**The Major**

The major in accountancy provides basic concepts of accounting and business knowledge to students seeking professional careers in the field and the opportunity to gain the knowledge necessary to pass professional examinations in accounting.

There are three kinds of accountants: public, management, and government. Public accountants work for themselves, in partnerships, or with public accounting firms. Management accountants, also known as industrial or private accountants, work on salary for a single company or corporation. Government accountants are employed by federal, state and local governments to supply accounting services, or serve as investigators, bank examiners, and auditors.

The curriculum has been designed to offer courses in these three areas of specialization, as well as provide students with the essential principles of accounting.

The Certificate in Accounting program provides professional certification and training necessary for candidates preparing for the C.P.A. examination. Thirty units of coursework are required. Matriculated SDSU students may not enroll in this program. Enrollment is through the College of Extended Studies.

Growing with the increased complexity of the business world, accounting continues to offer a wide choice of careers and opportunities. Some of the more common specialties for accounting majors include auditors, cost accountants, controllers, systems and procedures accountants, and tax accountants.

**Accounting Major**

**With the B.S. Degree in Business Administration (Major Code: 05021)**

**Preparation for the Major.** Accountancy 201 and 202; Economics 101 and 102; Economics 201 or Mathematics 119; Mathematics 120; Finance 140; Information and Decision Systems 180. (24 units)

These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Information and Decision Systems 490W with a grade of C (2.0) or better.

**Major.** Fifty-five upper division units consisting of Accountancy 310, 311, 312, 320, 410, 518, and 534; Finance 323; Information and Decision Systems 301, 302, and 490W; Management 350; Management 405 or Information and Decision Systems 404; Marketing 370; Economics 320 or 321 or Finance 321; and at least one course selected from Accountancy 511, 512, 514, and 515. A minimum of 53

units of coursework applicable to the bachelor's degree must be completed outside the areas of business administration and economics. A maximum of six lower division units of accountancy courses may be used to satisfy degree requirements. No more than 25 percent (32 units) of the student's degree requirements may be in upper division accounting courses. A "C" average is required in the courses stipulated here for the major.

## Business Major

### For the Single Subject Teaching Credential With the B.S. Degree in Business Administration

All candidates for the single subject teaching credential in business must complete all requirements for the applicable specialization as outlined in this section of the catalog under the College of Education. Students must complete the requirements for a major in one of the five departments within the College of Business Administration. In consultation with the single subject credential adviser in the College of Business Administration, undergraduate students must develop programs which fulfill the State credential requirements. All undergraduate majors must demonstrate office skills proficiency. Finance 589, Personal Financial Planning, is required of all teaching credential majors.

Student program must be approved in advance by the College of Business Administration single subject credential adviser.

## Accounting Minor

The minor in accounting consists of a minimum of 22 units to include Accountancy 201 and 202, 310, 311, 312 and 410. (Information and Decision Systems 301 and 302 are required prerequisites for Accountancy 312.)

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. Students with a major in the College of Business Administration may not complete a minor in the College of Business Administration. Permission to take business minors must be obtained from the business minor adviser in the college of the student's major.

## Accounting Certificate

The purpose of the Accounting Certificate is to provide professional and postbaccalaureate certification to accounting and non-accounting professionals in San Diego.

Students must apply and be admitted to the program before the completion of 18 certificate units. The certificate requires 30 units to include Accountancy 201, 202, 310, 311, 312\*, 410, 534\* (26 units) and electives selected from Accountancy 320, 511, 512, 514, 515, 518 (4 units). Accountancy 201 and 202 must be completed with a minimum grade of C and the certificate coursework must be completed with a minimum grade point average of 2.0.

Courses with relevant content may be substituted for the courses listed above with the approval of the certificate adviser. Courses in the certificate may not be counted toward the major or minor.

\* Prerequisites waived for students in this program.

## Courses

### LOWER DIVISION COURSES

#### 201. Financial Accounting Fundamentals (3) I, II, S (201 + 202: CAN BUS SEQ A)

Theory and practice of accounting applicable to recording, summarizing, and reporting of business transactions for external reporting and other external uses. Asset valuation; revenue and expense recognition; various asset, liability, and capital accounts. Not open to students with credit in Accountancy 210A, 210B. Preparation requirement for business majors.

#### 202. Managerial Accounting Fundamentals (3) I, II, S (201 + 202: CAN BUS SEQ A)

Prerequisite: Accountancy 201. Selection and analysis of accounting information for internal use by managers. Using financial information for planning and control purposes.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 310. Intermediate Accounting I (4) I, II, S

Prerequisite: Minimum grade of C in Accountancy 201, 202. Theories and principles underlying accounting for cash, short-term investments, receivables, inventories, current liabilities, plant and equipment, intangible assets, contributed capital, retained earnings.

#### 311. Intermediate Accounting II (4) I, II, S

Prerequisite: Accountancy 310 with minimum grade of C. Theories and principles underlying accounting for long-term investments, stock options, dilutive securities, bonds, earnings per share, income taxes, pensions, leases, funds flow, changing prices.

#### 312. Managerial Cost Accounting Systems (4) I, II

Prerequisites: Minimum grade of C in Accountancy 201, 202; Information and Decision Systems 301, 302.

Management use and design of accounting systems for planning and control; theories and practices of cost accounting, job order cost systems, process cost systems, standard cost systems, inventory control systems, distribution analysis, and capital budgeting.

#### 316. The Accounting Profession (1) Cr/NC

Prerequisite: Completion of preparation for major. Analysis and evaluation of professional opportunities that utilize the accounting and reporting functions.

#### 320. Accounting Information Systems (4) I, II, S

Prerequisite: Accountancy 310. Information systems requirements relevant to integrated accounting systems. Emphasis on accounting systems, designs, and controls.

#### 410. Federal Income Tax I (4) I, II

Prerequisite: Minimum grade of C in Accountancy 310. Taxation of individuals, including income, deductions, credits, social security taxes, and property transactions.

#### 420. Field Study in Taxation (1) II Cr/NC

Prerequisite: Accountancy 410. Income tax preparation in the field. Follows procedures of IRS VITA Program. IRS instruction followed by faculty supervised fieldwork. (Student must be available for special IRS tax school.)

#### 496. Selected Topics in Accountancy (1-4) I, II

Prerequisite: Consent of department chair. Selected areas of concern in accountancy. See Class Schedule for specific content. May be repeated with new content with consent of department chair. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 498. Investigation and Report (1-3) I, II

Prerequisites: Senior standing and consent of instructor. May be repeated with new content. Maximum credit six units. A comprehensive and original study of a problem connected with accounting under the direction of one or more members of the accounting staff.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor. Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 511. Federal Income Tax II (3) I, II

Prerequisite: Accountancy 410. Taxation of corporations, partnerships, estates, and trusts. Gift and estate tax. (Formerly numbered Business Administration 411.)

#### 512. Advanced Managerial Accounting (3) I, II

Prerequisite: Accountancy 312. Use of accounting information systems for managerial decision making. Introduction to decision-making situations which use accounting information for full or partial resolution. Consideration of uncertainty, decision theory and specific decision contexts. (Formerly numbered Business Administration 412.)

#### 514. Advanced Accounting Problems (4)

Prerequisite: Credit or concurrent registration in Accountancy 311. Problems involved in partnerships, consignments, consolidations, receiverships, foreign exchange, fund accounting, and other specialized areas. (Formerly numbered Accountancy 314 and 632.)

#### 515. Accounting for Not-For-Profit Organizations (3) I, II

Prerequisite: Accountancy 310. Principles of fund accounting useful in state and local governmental units, hospitals, colleges, and universities. Comparisons with commercial accounting emphasized. Includes study of budgetary accounting, appropriations, encumbrances, internal checks and auditing procedures. (Formerly numbered Business Administration 415.)

#### 518. Macro Accounting Issues (4)

Prerequisites: Accountancy 311, 312, 320, 410; concurrent registration in Accountancy 534.

Macro-accounting issues. Political environment under which financial statements are prepared. Economic consequences of accounting standards. Ethical and social issues in financial reporting. Objectives and economic consequences of tax policy. Regulation of auditors. Management control systems. (Formerly numbered Accountancy 418.)

#### 534. Auditing (4)

Prerequisites: Accountancy 311, 320; Information and Decision Systems 301.

Internal control in the design of accounting systems; flow-charting techniques; duties, ethics, and responsibilities of the auditor; operational auditing; procedures for verification of financial statements; auditor's reports. (Formerly numbered Accountancy 414.)

#### 596. Contemporary Topics in Accounting (1-3) I, II

Prerequisites: Consent of instructor, upper division or graduate standing, accounting major.

Contemporary topics in modern accounting. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

### GRADUATE COURSES Refer to the Graduate Bulletin.

# Administration, Rehabilitation and Postsecondary Education

In the College of Education

OFFICE: North Education 279  
TELEPHONE: (619) 594-6115

## Faculty

Emeritus: Holt, Lienert, Warburton, Wetherill  
Chair: McFarlane

Community College/Vocational Education  
Professor: Piland  
Associate Professor: Behm

Educational Administration  
Professors: Latta, Merino  
Associate Professor: Frase  
Assistant Professors: Downey, Stevens

Rehabilitation Counseling  
Professors: Atkins, Jacobs, Jones, McFarlane

## Offered by the Department

Master of Arts degree in education.  
Concentration in community college curriculum and instruction.

Concentration in educational administration and supervision.

Master of Science degree in rehabilitation counseling.

Bachelor of Vocational Education degree.

Administrative services credential.

Certificate in rehabilitation administration.

## Bachelor of Vocational Education Degree

(Major Code: 08395)

Instructors of Occupational Education are encouraged to complete the B.V.E. and to enroll in the program leading to the Master of Arts in Education with a concentration in community college curriculum and instruction. For further information, students are advised to consult with the Community College Coordinator, College of Education.

The Bachelor of Vocational Education degree is designed primarily for instructors who are **teaching in a vocational education program** either in the secondary school or in the community college and qualify for an official evaluation (under provisions of the Swan Bill) through the State Board of Vocational Examiners in Sacramento. To qualify for the evaluation, the requirements of the State Education Code, Section 89223, must be met. This regulation stipulates a minimum period of vocational teaching experience amounting to 1,620 clock hours in a full-time position or 1,000 clock hours in an approved trade technical extension class.

The individual desiring to secure the B.V.E. degree should follow the basic pattern set down in the following steps:

1. The individual must have an Associate of Arts degree or 60 units. (This should include, if possible, the 40 lower division units of general education required for the bachelor's degree from SDSU. The additional nine upper division units required for General Education must be completed at SDSU.) ..... 70 units maximum
2. The individual must apply for evaluation of work experience (Swan Bill). Applicants should apply to the Board of Examiners for Vocational Teachers, Bureau of Industrial Education, State Education

Bldg., 721 Capitol Avenue, Sacramento, California. These units count toward the major and are classified as upper division units. (See Community College Program Coordinator for assistance and application forms.) ..... 40 units maximum

3. The individual must take the following professional occupational teacher education courses:  
ARP 380, 381, 382, and 565. .... 6-12 units maximum
4. The individual must receive credit for the required number of upper division courses to complete the Bachelor of Vocational Education degree graduation requirements. This includes those given in item 2 above. .... 40 units
5. The individual must satisfy all other graduation requirements, including competencies, upper division writing requirement, grade point average, residency, etc.
6. The individual must see an adviser in the area of the major to arrange a program for completion of coursework. A series of elective courses that will support the professional responsibilities of the candidate will be recommended. Furthermore, 30 units must be in residency at SDSU, of which 24 must be upper division.

Total ..... 124 units

## Courses

### General

#### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 397. Problems in Education (Credit to be arranged) I, II Offered only in Extension.

Prerequisite: Consent of instructor.  
Class study of specially selected problems in education. Does not apply to pattern requirements for credentials. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Education 397.)

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. (Formerly numbered Educational Technology and Librarianship 496 and Development, Administration and Technology 496.)

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor. Open only to senior and graduate students in education who have shown ability to work independently.

Individual study. Maximum credit six units. (Formerly numbered Educational Technology and Librarianship 499 and Development, Administration and Technology 499.)

#### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 596. Topics in Administration, Rehabilitation and Postsecondary Education (1-3)

Selected problems in administration, rehabilitation and postsecondary education. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree. (Formerly numbered Education 596, Educational Technology and Librarianship 596, and Development, Administration and Technology 596.)

#### Community College/Vocational Education

#### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 380. Principles of Adult and Vocational Education (3) I, II, S

Principles, practices, scope, and functions of adult and vocational education. (Formerly numbered Education 380 and Development, Administration and Technology 380.)

#### 381. Developing Adult and Vocational Education (3) I, II, S

Needs assessment, task analysis, formulation of objectives, lesson plans, instructional techniques, and evaluation in adult and vocational settings. (Formerly numbered Education 381 and Development, Administration and Technology 381.)

#### 382. Directed Teaching (2-4) I, II, S Cr/NC

Prerequisite: Administration, Rehabilitation and Postsecondary Education 380, 381, or 565.

Systematic observation, participation, and teaching under supervision in an occupational subject matter area. Application to take this course must be made in preceding semester. (Formerly numbered Education 382 and Development, Administration and Technology 382.)

#### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 565. Psychological Foundations of Adult and Vocational Education (3) I, II, S

Prerequisite: Administration, Rehabilitation and Postsecondary Education 380 or 381.

Learning processes of adult and vocational education students in relationship to theories of learning and methods of teaching. (Formerly numbered Education 565 and Development, Administration and Technology 565.)

#### GRADUATE COURSES Refer to the Graduate Bulletin.

# Aerospace Engineering and Engineering Mechanics

In the College of Engineering

OFFICE: Engineering 308  
TELEPHONE: (619) 594-6074

The undergraduate degree in Aerospace Engineering is accredited by the Accreditation Board for Engineering and Technology, Inc.

## Faculty

Emeritus: Shutts  
Chair: Plotkin  
Professors: Conly, Dharmarajan, Katz, Krishnamoorthy, McGhie, Narang, Nosseir, Pierucci, Plotkin, Wang  
Assistant Professor: Lyrantzis  
Lecturer: Faulkner

## Offered by the Department

Master of Science degree in aerospace engineering.  
Major in aerospace engineering with the B.S. degree.

## Transfer Credit

No credit will be given for upper division engineering coursework taken at an institution having an engineering program which has not been accredited by the Accreditation Board for Engineering and Technology, Inc., unless the student successfully completes the first 12 units of engineering work attempted at this university. At that time, and upon recommendation of the student's major department, credit will be given for the unaccredited work.

## General Education

Students will complete a minimum of 50 units in General Education, to include a minimum of nine upper division units taken after attaining junior class standing. At least three of the nine upper division units must be taken from Explorations; the remaining six units may be taken from Explorations or from specifically approved upper division course substitutions for Foundations areas B and C (Social and Behavioral Sciences and Humanities). No more than twelve units may be used for General Education credit from any one department or academic unit.

### I. Communication and Analytical Reasoning: 15 units

- A. Written Communication (6 units to include):  
1. Composition (3 units)  
2. Intermediate Composition (3 units)  
B. Oral Communication (3 units)  
C. Mathematics (6 units) applicable to General Education  
Mathematics 150  
Mathematics 151

### II. Foundations: 29 units

- A. Natural Science (17 units to include):  
1. Life Science (3 units)  
2. Physical Science (14 units)  
Chemistry 200  
Physics 195  
Physics 196  
Physics 197

- B. Social and Behavioral Sciences (3 units)  
C. Humanities (9 units to include three of the four areas 1., 2., 3., 4.)

### III. Explorations: 6 units

- A. Three units of upper division cross-cultural Explorations coursework from the area in Humanities not selected in Foundations.  
B. Three units of upper division social sciences coursework. Three units of a six-unit upper division American Institutions sequence from any department but History may be counted toward the Explorations requirement.

## The Major

The Department of Aerospace Engineering and Engineering Mechanics offers a rigorous and balanced education which includes the study of aerodynamics, aerospace structures, propulsion, flight mechanics and vehicle design. The goal of this program is to create professional aerospace engineers with an understanding of the physical fundamentals underlying atmospheric and space flight, and with the capability of applying this knowledge for research, analysis, and design purposes. Moreover, the physical background and design synthesis that are characteristic of an aerospace engineering student's education also prepare the student to work productively in other fields such as energy, transportation, health and ocean engineering.

The aerospace industry, the second largest industry in our country, is one of the largest employers of engineers. Opportunities for employment in entry level positions in large aircraft companies, general aviation manufacturers, the airlines, or government aerospace-related laboratories are good. Graduates of the program are also qualified to continue their formal education at the graduate level or to accept entry level positions in several nonaerospace fields.

## Aerospace Engineering Major

With the B.S. Degree (Major Code: 09021)

Students majoring in Aerospace Engineering must include in their program a sequence of fundamental courses. In addition, the students have the opportunity to satisfy their particular areas of interest by selecting a pattern of study indicated in the sequence below. This pattern includes typical aerospace engineering topics, such as aerospace vehicle design, performance, structural analysis, aerodynamics, and propulsion. The students' choice of elective courses and area of specialization must be made in consultation with their adviser and documented by the filing of an approved master plan during the first semester of their junior year.

**Upper Division Writing Requirement.** Departmental screening in AE 303, or passing the University Writing Examination, or completing one of the approved writing courses with a grade of C (2.0) or better.

**NOTE:** See following page for recommended sequence of courses for the major in aerospace engineering.

## FRESHMAN YEAR

Fall Semester	Units	Spring Semester	Units

Other electives may be substituted with permission of the adviser and department chair.

## Courses

### LOWER DIVISION COURSE IN AEROSPACE ENGINEERING

- 123. The Aerospace Engineer (1)**  
Introduction to professional aerospace engineering. Emphasis on aeronautics and astronautics.

### UPPER DIVISION COURSES IN AEROSPACE ENGINEERING (Intended for Undergraduates)

- 301. Low Speed Aerodynamics (3)**  
Prerequisite: Credit or concurrent registration in Engineering Mechanics 340.  
Subsonic flow, airfoil and wing theory, experimental characteristics of wing sections, high lift devices.
- 302. High Speed Aerodynamics (3)**  
Prerequisites: Aerospace Engineering 301 and Mechanical Engineering 350.  
Supersonic flow, two- and three-dimensional compressible flow, wings in compressible flow, two- and three-dimensional method of characteristics, transonic flow.
- 303. Experimental Aerodynamics (2)**  
One lecture and three hours of laboratory.  
Prerequisites: Engineering Mechanics 341 and credit or concurrent registration in Aerospace Engineering 301. To be eligible for the departmental upper division writing test in this class, students must have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication.  
Operating characteristics of subsonic and supersonic wind tunnels. Aerodynamic characteristics of wings and bodies. Flow visualization techniques. Force, moment and pressure distribution measurement. Use of hot-wire anemometer and schlieren equipment.
- 310A-310B. Aerospace Structural Analysis (3-3)**  
Prerequisite: Civil Engineering 301. Aerospace Engineering 310A is prerequisite to 310B.  
Methods of structural analysis including both the static and dynamic aspects of problems encountered in the flight of aerospace vehicles.
- 320. Aerospace Flight Mechanics (3)**  
Prerequisites: Engineering Mechanics 220, and Engineering 310.  
Aerodynamics and dynamics of ballistic missiles; guidance systems; orbits and space trajectories; effects of aerodynamics, mass, rotation and shape of the earth on ballistic and space trajectories. Computer programming and problem solutions will be emphasized.
- 403. Aerospace Engineering Senior Project (3)**  
One lecture and six hours of laboratory.  
Prerequisites: Aerospace Engineering 302, 303, Engineering Mechanics 340.  
Design and build an aerospace project, conduct experimental measurements, perform analyses of measured data.
- 430. Aircraft Propulsion Systems (3)**  
Prerequisite: Aerospace Engineering 302 or Mechanical Engineering 450.  
Theory and performance characteristics of aircraft propulsion systems including reciprocating engines, turbojets, ramjets, etc.
- 440. Aircraft Stability and Control I (3)**  
Prerequisite: Aerospace Engineering 303.  
Static stability and control, general equations of unsteady motion, stability derivatives, stability of uncontrolled motion, response of aircraft to actuation of controls.

- 460A. Aerospace Engineering Applications (2) I**  
Six hours of laboratory.  
Prerequisites: Aerospace Engineering 302, 303 and 310A.  
Student projects in aerospace design.

- 460B. Aerospace Engineering Applications (3) II**  
One lecture and five hours of design activity.  
Prerequisite: Aerospace Engineering 460A.  
Student projects in aerospace design.

- 480. Aeroelasticity and Acoustics (2)**  
Prerequisites: Aerospace Engineering 302 and 310B.  
Theory of fluid-structure interaction. Flutter phenomena. Buffeting. Oscillating airfoils in compressible flow. Theory of acoustics. Acoustic radiation. Effect of fluid motion.

- 496. Advanced Aerospace Engineering Topics (1-3) I, II**  
Prerequisite: Consent of instructor.  
Modern developments in engineering. See Class Schedule for specific content. Maximum credit six units for any combination of Aerospace Engineering 496 and 499.

- 499. Special Study (1-3) I, II**  
Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units for any combination of Aerospace Engineering 496 and 499.

### UPPER DIVISION COURSES IN AEROSPACE ENGINEERING (Also Acceptable for Advanced Degrees)

- 501. Computational Fluid Mechanics (3)**  
Prerequisites: Engineering 120 and Engineering Mechanics 340.  
Finite difference methods of solution to fluid dynamics equations of the potential flow, boundary layer theory and the Navier-Stokes formulation. Study of the convergence and stability of the difference equations.
- 520. Intermediate Aerospace Flight Mechanics (3)**  
Prerequisite: Aerospace Engineering 320.  
A continuation of Aerospace Engineering 320 to include orbit determination techniques, general and special perturbations, artificial satellites, rocket dynamics and transfer orbits, earth-moon trajectories, and interplanetary trajectories.
- 530. Rocket and Space Propulsion (3)**  
Prerequisite: Aerospace Engineering 430.  
Equilibrium combustion thermodynamics. Performance of rocket propelled vehicles. Rocket propulsion fundamentals. Topics in chemical (solid and liquid) and electrical propulsion systems.
- 540. Aircraft Stability and Control II (3)**  
Prerequisite: Aerospace Engineering 440.  
Dynamic stability and control of rigid aircraft; general equations of unsteady motion, stability derivatives, perturbed state thrust forces and moment, special problems in dynamic stability and response.
- 550. Viscous Flow (3) I**  
Prerequisites: Credit or concurrent registration in Engineering Mechanics 340, and Engineering 510.  
Kinematics of fluid motion. Conservation of mass, momentum, and energy. Navier-Stokes equations; exact solutions. Boundary layer approximations, turbulent flow. (Formerly numbered Engineering Mechanics 540.)
- 596. Advanced Aerospace Engineering Topics (3)**  
Prerequisite: Consent of instructor.  
Modern developments in aerospace engineering. See Class Schedule for specific content. Maximum credit of six units for any combination of Aerospace Engineering or Engineering Mechanics 496, 499, and 596 applicable to a bachelor's degree. Maximum combined credit of six units of Aerospace Engineering or Engineering Mechanics 596 and 696 applicable to a 30-unit master's degree.

### LOWER DIVISION COURSES IN ENGINEERING MECHANICS

- 200. Statics (3) I, II**  
Prerequisites: Physics 195 and credit or concurrent registration in Mathematics 151.  
Force systems, equilibrium, structures, distributed forces, friction, virtual work, moments of inertia, vector algebra.

- 202. Mechanics for Electrical Engineers (3) I, II**  
Prerequisites: Physics 195 and credit or concurrent registration in Mathematics 151.  
Essentials of mechanics of particles and rigid bodies, for engineering applications. Emphasis on particle dynamics. Intended for Electrical Engineering majors. Not open to students with credit in Engineering Mechanics 200 or 220.

- 220. Dynamics (3) I, II**  
Prerequisite: Engineering Mechanics 200 with a minimum grade of C.  
Kinetics of a particle; central force motion; systems of particles; work and energy; impulse and momentum; moments and products of inertia; Euler's equations of motion; vibration and time response; engineering applications.

### UPPER DIVISION COURSES IN ENGINEERING MECHANICS (Intended for Undergraduates)

- 340. Fluid Mechanics (3) I, II**  
Prerequisites: Engineering Mechanics 220 or 202; and credit or concurrent registration in Engineering 310.  
Fluid statics. Laminar and turbulent flow of liquids and gases in pipes, nozzles, and channels. Dimensional analysis and modeling. Drag forces on moving or immersed objects.
- 341. Fluid Mechanics Laboratory (1) I, II**  
Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Engineering Mechanics 340.  
Flow measuring devices. Experimental applications of continuity, Bernoulli and momentum equations. Model studies. Pipe and channel flows. Flow visualization techniques. Operating characteristics of wind tunnel and water table.
- 496. Advanced Engineering Mechanics Topics (1-3) I, II**  
Prerequisite: Consent of instructor.  
Modern developments in engineering mechanics. See Class Schedule for specific content. Maximum credit six units for any combination of Engineering Mechanics 496, 499 and 596.
- 499. Special Study (1-3) I, II**  
Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units for any combination of Engineering Mechanics 496, 499 and 596.

### UPPER DIVISION COURSES IN ENGINEERING MECHANICS (Also Acceptable for Advanced Degrees)

- 510. Finite Element Methods in Aerospace Structures (3)**  
Prerequisite: Aerospace Engineering 310B.  
Static and dynamic analysis of aerospace structures utilizing finite element methods. (Formerly numbered Aerospace Engineering 510.)
- 530. Composite Structural Analysis (3) I**  
Prerequisites: Engineering 310 and Civil Engineering 301.  
Strength of composite materials; lamination theory; strength analysis of laminates; bending, buckling, and vibration of composite plates.

### 596. Advanced Engineering Mechanics Topics (1-3) I, II

Prerequisite: Consent of instructor.  
Modern developments in engineering mechanics. See Class Schedule for specific content. Maximum credit of six units for any combination of Engineering Mechanics 496, 499 and 596 applicable to a bachelor's degree. Maximum combined credit of six units of Engineering Mechanics 596 and 696 applicable to a 30-unit master's degree.

### GRADUATE COURSES IN AEROSPACE ENGINEERING AND ENGINEERING MECHANICS Refer to the Graduate Bulletin.

# Aerospace Studies

In the College of Professional Studies and Fine Arts

OFFICE: Physical Education 385  
TELEPHONE: (619) 594-5545

## Faculty

Chair: Lutes  
Professor: Lutes  
Assistant Professors: Douglas, Junker, Murakami

## Offered by the Department

AFROTC curriculum;  
Minor in aerospace studies.

## AFROTC Curriculum

The department offers a four- or two-year Air Force Reserve Officers/Training Corps program designed to develop officers who have broad understanding and high growth potential. For qualified students, two- to four-year scholarships are available in certain areas on a competitive basis. Scholarships pay full tuition at SDSU and various laboratory, textbook, and incidental fees plus a monthly non-taxable \$100 allowance during the school year. Cadets participate in dialogues, problem solving, and other planning activities designed to develop leaders and managers. All coursework is done on campus with the exception of field trips and one Field Training encampment conducted at military bases.

Either a four- or six-week Field Training camp is required for all students during the summer between the sophomore and junior years. The four-week camp is for students who have completed all AFROTC lower division courses with a grade of "C" or better in each course and for those with prior military service. Field training emphasizes military orientation for the junior officer and aircraft and aircrew familiarization. Cadets receive physical training and participate in competitive sports. They observe selected Air Force units perform everyday operations, and they are trained in drill and ceremonies, preparation for inspections, and the use of weapons. Upon completion of the AFROTC program and all requirements for a bachelor's degree, cadets are commissioned second lieutenants in the Air Force and serve a minimum of four years active duty. Graduates who are qualified may enter pilot or navigator training after graduation. Other graduates go on active duty in a specialty consistent with their academic major, their desires, and existing Air Force needs. Graduates may request a delay from entry on active duty to continue their education or may apply for Air Force sponsored graduate study to begin immediately upon entry on active duty.

## Applying for the Program

SDSU students enroll in aerospace classes by signing up for courses in the same manner as other university classes. There is no advance application needed for the freshman or sophomore (AS 100/200) classes. However, a two-day orientation program, held just prior to the start of the fall term, is recommended and designed to give new cadets a broad, realistic introduction to Air Force officer training and provide them with helpful, important information on meeting academic requirements. Contact the Aerospace Studies Department as early as possible for additional information and sign-up procedures. The last two years of AFROTC (AS 300/400) lead to the commission as a second lieutenant and students must apply as early as possible during their sophomore year. The application process involves taking the Air Force Officer Qualification Test (AFOQT), a physical examination, and a personal interview. Students from other institutions in the San Diego area are eligible to take AFROTC and should check with the department to obtain enrollment procedures. Veterans who can be commissioned by age 35 are also eligible for the program. All AS 100/200 students should take the AFOQT by no later than the end of their first semester in AFROTC.

## Aerospace Studies Minor

The minor in aerospace studies consists of a minimum of fifteen units in aerospace studies, nine of which must be upper division.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 91A-91B. Leadership Laboratory (1-1) I, II Cr/NC

One hour and fifteen minutes of activity per unit.  
Prerequisites for AFROTC cadets: Concurrent registration in Aerospace Studies 100A for Aerospace Studies 91A; concurrent registration in Aerospace Studies 100B for Aerospace Studies 91B.

Designed to prepare junior cadets for positions as leaders and managers of the cadet corps and a commission in the US Air Force. Application of principles of motivation, time management, organizational behavior, and participative group management in solving problems. Maximum credit two units. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Aerospace Studies 92 and 250.)

#### 92A-92B. Leadership Laboratory (1-1) I, II Cr/NC

One hour and fifteen minutes of activity per unit.  
Prerequisites for AFROTC cadets: Concurrent registration in Aerospace Studies 200A for Aerospace Studies 92A; concurrent registration in Aerospace Studies 200B for Aerospace Studies 92B.

Designed to prepare junior cadets for positions as leaders and managers of the cadet corps and a commission in the US Air Force. Application of principles of motivation, time management, organizational behavior, and participative group management in solving problems. Maximum credit two units. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Aerospace Studies 92 and 250.)

#### 93A-93B. Leadership Laboratory (1-1) I, II Cr/NC

One hour and fifteen minutes of activity per unit.  
Prerequisite: Concurrent registration in Aerospace Studies 300A for Aerospace Studies 93A; concurrent registration in Aerospace Studies 300B for Aerospace Studies 93B.

Demonstration laboratory designed to develop leadership and management skills, problem-solving skills, and exercise group planning, organizing and coordinating activities. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Aerospace Studies 350A-350B.)

#### 94A-94B. Leadership Laboratory (1-1) I, II Cr/NC

One hour and fifteen minutes of activity per unit.  
Prerequisite: Concurrent registration in Aerospace Studies 400A for Aerospace Studies 94A; concurrent registration in Aerospace Studies 400B for Aerospace Studies 94B.

Demonstration laboratory designed to develop leadership and management skills, problem-solving skills, and exercise group planning, organizing and coordinating activities. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Aerospace Studies 450A-450B.)

#### 100A-100B. The Air Force Today (1-1) I, II

Meets one and one-half hours per week.  
Prerequisite for AFROTC cadets: Concurrent registration in Aerospace Studies 91A for Aerospace Studies 100A; concurrent registration in Aerospace Studies 91B for Aerospace Studies 100B.

Semester I: Functions of the U.S. Air Force. The total force structure, strategic offensive and defensive forces. Preparation for officer status. Semester II: General purpose and aerospace support forces and preparation for commissioned officer status.

#### 200A-200B. The Development of Air Power (1-1) I, II

Meets one and one-half hours per week.  
Prerequisite for AFROTC cadets: Concurrent registration in Aerospace Studies 92A for Aerospace Studies 200A; concurrent registration in Aerospace Studies 92B for Aerospace Studies 200B.

Semester I: Development of air power from balloons and dirigibles through the peaceful employment of U.S. air power in relief missions and civic action programs in the late 1960s. Preparation for officer status. Semester II: Technological strides in the 50s, crisis in Cuba and Southeast Asia and preparation for commissioned officer status.

#### 233. Field Training Unit (3) S

Required for advanced cadets, military orientation and flight familiarization. Credit granted for six-week field training camp on basis of individual student application with approval of the Aerospace Studies department chair.

### UPPER DIVISION COURSES (Intended for successful AFROTC applicants or for those with special permission)

#### 300A-300B. The Professional Officer (3-3)

Semester I: The Professional Officer: Leadership theory and practice. Semester II: Management principles and functions; problem solving; briefing for commissioned service.

#### 400A-400B. National Security Forces in Contemporary American Society (3-3)

Semester I: Role of professional officer in democratic society; socialization within Armed Services; requisites for adequate national security forces. Semester II: Political, economic, and social constraints on national defense structure and impact of technological and international developments on defense policy making.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of Aerospace Studies Department chair. Individual study. Maximum credit six units.

# Afro-American Studies

In the College of Arts and Letters

## Faculty

Chair: Weber  
Professors: Chambers, Kornweibel  
Associate Professors: Grigsby, Weber  
Assistant Professors: Cornwell-Giles, Hayes

## Offered by the Department

Major in Afro-American studies with the B.A. degree in liberal arts and sciences.

Minor in Afro-American studies.

## The Major

Afro-American studies offers a broad, interdisciplinary program. The curriculum is designed to study a variety of subjects pertaining to the Afro-American experience. It is concerned with strengthening links between the needs of black students and the black community, and developing frameworks for social change and the struggle for black dignity. It seeks, in short, to provide a total educational experience of the Afro-American culture. The courses offered in Afro-American studies are available to anyone who is interested.

The major provides excellent preparation for the fields of law, government, foreign service, business administration, research, consulting, librarianship, counseling, program development, program design, program analysis, urbanology, and writing, to name a few, as well as the more traditional Afro-American studies profession of teaching.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Afro-American Studies Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22111)

All candidates for the degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Afro-American Studies 101, 170A or 170B, 180, 221, 232 or 250, 260, and three units selected from 102, 220, 230, 231, 286. (21 units)

**Foreign Language Requirement.** Twelve units in a foreign language or demonstration of equivalent knowledge in a reading examination administered by the foreign language department concerned.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units to include twelve units selected from one of the following areas and six units from each of the two remaining areas. Up to six units, with appropriate content, of 496 and 499 in any combination may be applied to an area of specialization with the approval of the department chair.

**Sociology and Psychology:** Afro-American Studies 330, 331, 360\*, 445, 448, 451, 452, 453.

\* Additional prerequisite required.

OFFICE: Adams Humanities 3128  
TELEPHONE: (619) 594-6531

**Humanities:** Afro-American Studies 350 (3 units applicable to major), 363, 460, 461, 462, 463, 480, 485.

**History and Political Science:** Afro-American Studies 321, 332, 362, 380, 420, 470, 471A, 471B, 472.

## Afro-American Studies Minor

The minor in Afro-American studies consists of a minimum of 18 units to include six units selected from the courses for preparation for the major, six units selected from one of the three areas of the major, and three units from each of the remaining areas.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 101. Introduction to Afro-American Studies (3) I, II

Interdisciplinary introduction that examines development and scope of subject matter orientation of Afro-American studies through analysis of major dimensions of Black experience.

#### 102. Afro-American Lifestyles (3) I, II

Afro-American lifestyles in the past, present, and future. Examination of contemporary problems, their roots and their effects on twentieth century America.

#### 120. Composition (3) I, II

Prerequisites: Satisfaction of the English Placement Test and Writing Competency requirements. (See the Graduation Requirements section of catalog.) **Proof of completion of prerequisites required:** Copy of EPT or competency scores or verification of exemption; proof of Cr in Academic Skills 97A or 97B, or notification from Academic Skills.

Designed to develop and enhance composition and reading skills. Focus on writing skills that contribute to academic growth and development. Not open to students with credit in English 100 or higher-numbered composition or creative writing course or Linguistics 100 or Mexican American Studies 111B.

#### 140. Oral Communication (3) I, II

Practice in speaking, critical listening, reasoning and organizing. Theory and techniques of communications used to evaluate the effect they have on the lives of Blacks and others. Not open to students with credit in Mexican American Studies 111A or Speech Communication 103.

#### 170A-170B. Afro-American History (3-3) I, II

American history from a Black perspective. (Satisfies American institutions requirements.)

#### 180. Afro-American Music (3)

Afro-American music from its African roots to present. Consideration of musical styles, events, significant contributors as well as role of sociocultural variables in development of music.

#### 185. Black Gospel Choir (1) I, II

Prerequisite: Audition by director.  
Roots of Black choral music, performance practices, and styles. Vocal technique and technical aspects of choral singing. Public performances. Maximum credit two units applicable to a bachelor's degree.

#### 200. Intermediate Expository Writing and Research Fundamentals (3)

Prerequisites: Satisfaction of the English Placement Test and Writing Competency requirements; and Afro-American Studies 120 or English 100 or Linguistics 100 or Mexican American Studies 111B. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.  
Development of intermediate expository writing skills and application of practical research principles.

#### 220. Politics and Economics of Urban Development (3)

Prerequisite: Afro-American Studies 101.  
Political, economic, and other social implications of urban development, decay and renewal and context within which they occur or are undertaken. Analysis of specific programs and projects.

#### 221. Afro-American Political Thought (3)

Major political ideas put forward by Afro-Americans in their struggle for social development and human rights to include slave resistance, emigration, nationalism, Pan-Africanism, socialism, conservatism, integration, cultural domination, alienation, double-consciousness, race/class theories.

#### 230. Ethnicity and Black Social Competence (3)

An exploration into the concept of ethnicity as a positive mental health model for Afro-Americans in the process of identity formation and coping strategies.

#### 231. Cultural Patterns and Black Identity (3)

An analysis of institutions in society and their socializing effect upon Afro-Americans, and the cultural parameters that guide behavior.

#### 232. Social Analysis from a Black Perspective (3)

Prerequisite: Afro-American Studies 101 or 102.  
Sociological concepts and models used to describe the social behavior of Afro-Americans. Issues in the interpretation of sociology from the Black perspective using the work of Black sociologists from 1900 to the present.

#### 250. Psychology of Blackness (3)

Facts, principles, and concepts which are basic to understanding human behavior. An analysis of the psychological motivations and behavioral responses of and toward Afro-Americans.

#### 260. Introduction to Afro-American Literature (3) I, II

Modern and contemporary writing of Black-American authors. The sociopolitical impact the literature has had upon the Afro-American culture.

#### 286. Statistics and Research (3)

Prerequisite: Academic Skills 91 or qualification on the Mathematics Placement Examination.  
Fundamentals of research and statistics as used for writing reports, papers, books.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 321. Black Political Participation in America (3)

Prerequisites: Afro-American Studies 101 or 102 or 170A or 170B. Completion of the General Education requirement in Foundations, II.B. Social and Behavioral Sciences.  
Afro-American political life and development in the United States. Interaction between Afro-Americans and various actors, institutions, processes, and policies of the American system of politics and governance.

#### 325. Public Policy and Afro-American Community (3) II

Impact of public policy on Afro-American community: theory and practice of policy formulation, implementation, evaluation, and modification for specific problems in Afro-American community; roles of governmental officials, administrative arrangements, organizational processes, and community groups in policy making.

#### 330. Black Child Development (3) II

Attitudes, needs and problems of the Afro-American child with emphasis on new approaches and insights into the development of positive changes for the child's growth and development.

#### 331. The Black Family (3) I

Structure and functions of the Black family in contemporary American society.

#### 332. Black Women: Myth and Reality (3)

Prerequisites: Afro-American Studies 101 and 102.  
Images of Black women in America and how those images have been distorted.

#### 350. The Black Total Theatrical Experience (3) I, II

Six hours of activity.  
A "living performing arts museum" that utilizes folktales, literature, music, Africanisms, folk myths and history to artistically reflect various cultural and historical aspects of black life. Performances are important aspect of course. Maximum credit six units.

#### 360. Communications and Community Action (3)

Prerequisite: Afro-American Studies 140 (field assignments are a major part of this course).  
Application of the basic theories of communication through field projects. Study of the communication problems that exist between sociopolitical groups and the media.

#### 362. Rhetoric of Black America (3)

Prerequisite: Three units in Afro-American history or communications.  
Rhetoric of Black Americans from David Walker to the present, the role rhetoric has played in the history of Black people and an analysis of the Black audience in terms of the Black experience.

#### 363. Sociocultural Analysis of Black Languages (3)

Prerequisite: Three units in Afro-American Studies.  
Social and cultural functions of Black languages, verbal and non-verbal, in Afro-American life, and their profound impact on larger society. Also, a probe into issues concerning validity of Black English.

#### 380. Blacks in the American Justice System (3)

Interpretation and application of constitutional principles and judicial decisions to political and social problems faced by Afro-Americans.

#### 420. Afro-Americans and the Politics of Urban Education (3)

Prerequisites: Afro-American Studies 101 or 102 or completion of the General Education requirement in Foundations, II.B. Social and Behavioral Sciences.  
Struggle against Afro-American subordination and complexities, contradictions, and dilemmas of formulating and implementing quality education and equal opportunity policies. Interaction between politics and education during eras of machine, reform, and postreform politics.

#### 445. Ethnicity and Social Psychology (3)

Prerequisite: Afro-American Studies 101 or 250.  
Analysis of major social psychological theories specifically focusing on how these theories relate to minority attitude/value formation and group behavior. Strategies for resolving social issues.

#### 448. Black and Non-Black Interpersonal Relations (3)

Cognitive and experiential examination of contemporary issues around Black and non-Black interpersonal relations. Authenticity in relationships, interracial trust, personal development, conflict resolution, and proactive belief systems. Central aim to assist Blacks and non-Blacks to facilitate communication.

**451. Black Consumer Psychology (3)**

Prerequisite: Afro-American Studies 250.  
Attitude values and decision making of Black people as consumers. Laws and techniques of manipulating consumers.

**452. Race Relations Strategies (3)**

Prerequisite: Afro-American Studies 101 or 102 or 250.  
Systematic inquiry into contemporary strategies and systems employed to ease racial tensions. Trends and approaches in military, religious, economic, educational, and other social institutions examined, focusing on those that offer most promise in terms of facilitating racial harmony.

**453. Issues in Mental Health: A Multicultural Perspective (3)**

Prerequisite: Afro-American Studies 230 or 250.  
Examination of multicultural mental health issues. Institutionalization, treatment, social policy funding, prevention, insurance, and community programs will be covered. Relevant research literature will be examined.

**460. Black Images in Western Literature (3)**

Study of how the image of the Black has been portrayed in Western (white) literature and the attitudes and images of non-Black writers towards Blacks.

**461. Afro-American Literature (3)**

Prerequisite: Afro-American Studies 101 or 260.  
Contemporary writings of Afro-Americans. Analysis of themes, techniques, etc., of Afro-American fiction, poetry and drama.

**462. The Harlem Renaissance (3)**

Prerequisite: Afro-American Studies 260.  
Black literature of the 1920s from literary, historical, sociological and cultural perspectives.

**463. Black Literatures of the World (3)**

Prerequisite: Afro-American Studies 260 or completion of the General Education requirement in Foundations, II.C. Humanities.  
Afro-American literature in context of world literatures by Blacks. Cross-cultural influences between Africa and the Americas.

**464. Caribbean Literature (3)**

Political, religious, and musical paradigms in writing from 1900 to present. Politico-religious movements and related art forms (Rastafarian Reggae, Dub Poetry).

**470. Comparative History: Afro-American and African Heritage (3)**

Conceptual framework of African history and a comparative study of Afro-American institutions.

**471A. Black History, 1492-1877 (3) I**

Afro-Americanization and African survivals in the U.S.; origins and development of slavery; growth of free Black communities; anti-slavery movements and Black nationalism; slavery's end and dawn of freedom.

**471B. Twentieth Century Black History (3) II**

History of social movements and institutions from 1890 to the present. Focus on both leadership and life of the masses.

**472. Slavery (3)**

Prerequisite: Afro-American Studies 101 or 170A or History 100 or 105 or 110A or 115A.  
History of enslavement of Blacks in the new world; contrasted to patterns of slavery in African societies and in the ancient Mediterranean world. Further contrasts to forms of modern group oppression, such as Nazi concentration camps.

**480. History of Afro-American Jazz (3)**

Prerequisite: Afro-American Studies 101 or 180.  
Historical development of jazz from its beginnings to the present, based on the ability to identify people, discuss musical styles and events, and to relate these factors to the life of the times.

**485. Blacks in the Arts (3)**

Prerequisite: Afro-American Studies 101 or 102.  
Academic and artistic perspectives on Black participation in and contributions to the creative and performing arts. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

# American Indian Studies

In the College of Arts and Letters

OFFICE: Adams Humanities 3104  
TELEPHONE: (619) 594-6991

**Faculty**

Chair: Trafzer  
Professor: Trafzer  
Associate Professor: Parker  
Lecturers: Carrico, Whitehorse  
Adjunct: Brashers, Cox, Griswold, Johnson, White

**Offered by American Indian Studies**

Minor in American Indian studies.  
Courses in American Indian studies.  
Major work in American Indian studies is not offered.

**The Minor**

A minor in American Indian studies provides students with a liberal education which focuses on cultural diversity. Individuals will attain competency in a broad understanding of the human condition which will relate closely to the areas of public relations, cultural pluralism, and race relations. Students pursuing majors in mass media, politics, journalism, and education will find that a minor in American Indian studies opens a new spectrum of human understanding and critical analysis of professional life.

The American Indian studies program focuses on individual elements that comprise the native American cultures. Using literature, art, history and politics as touchstones, students come to understand the individual as well as tribal character of the Indian peoples. The academic area also draws comparisons between American Indian life and the life of other members of American society.

Career opportunities for graduates include jobs in business, education, government, politics, social sciences, and health and human services. Students have also found positions in programs for Indian tribes and reservations. Federal agencies also seek people with knowledge about and experience with American Indian people and their culture. Agencies include the Bureau of Indian Affairs, the Indian Health Services, the Bureau of Land Management, and the U.S. Forestry Services.

**American Indian Studies Minor**

The minor in American Indian studies consists of a minimum of 15 units to include American Indian Studies 110; nine of the 15 units must be in upper division courses selected from American Indian studies or other appropriate departments (e.g., anthropology or history) in consultation with the departmental adviser.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

**Courses****LOWER DIVISION COURSES****110. American Indian Heritage (3) I, II**

American Indian experience and their interpretations of the natural forces of nature from European contact to modern times.

**200. American Indian Literature (3) I, II**

Introduction to American Indian literature: creation and origin stories, legends, and poetry from the oral tradition to contemporary American Indian authors.

**255. American Indian Music (3) I, II**

Survey of American Indian music and the culturally diverse elements that differentiate musics of North American tribes and culture groups. Traditional forms of study and investigation contrasted and compared with cultural elements as they relate to traditions.

**265. American Indian Art (3) I, II**

American Indian as a creative person and artistic products from earliest examples to present surveyed through cultural elements affecting symbols, material, and media. Diverse forces generating forms which have become tradition will be central to the study.

**296. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES  
(Intended for Undergraduates)****303. American Indian Women in American Society (3) I**

Historical and contemporary analysis of the role of Indian women in both Indian and dominant society.

**320. American Indians in Contemporary Society (3) I, II**

Sociological understanding of the American Indian groups in contemporary society with emphasis on the relationship to dominant society and why the focus has been on Indians as social problems.

**400. The American Indian Political Experience (3) I**

Social and political response to dominant group policies by the American Indian as compared to other minority groups.

**420. Indian Peoples of California (3) I**

Indian peoples of California. Their histories and cultures from oral traditions to contemporary issues. Focus on selected Indian tribes and communities.

**425. Indians of the Plains (3) II**

Indian peoples of the Plains. Their histories and cultures from oral traditions to contemporary issues. Focus on selected Indian tribes and communities.

**430. American Indian Poetry and Fiction (3) II**

American Indian literatures, focusing on selected tribal traditions. Relationship between oral traditions and contemporary American Indian poetry and fiction explored in works of Welch, Ortiz, Momaday, Silko and others.

**435. Indians Through Film and Television (3) II**

Images of Indians in film and television. Impact of movies and television on popular concepts of Indians. Films viewed in class.

**440. American Indian History (3) I, II**

Historical analysis of Indian-White contact. Emphasis on the impact of historical events upon the various cultures.

**450. Bureaucracy and the American Indian (3) II**

Comparative study in the dynamics of the bureaucratic influence on society, with reference to the American Indian experience.

**460. American Indian Community Organization and Development (3) I, II**

Study of theories and purposes of development of community organizations and their functions as they relate specifically to American Indian communities, both reservation and urban. Analysis of policies which govern local community programs will be explored.

**470. Roots of Indian Tradition (3) I, II**

Spirits, prophecies, and renewals of the Indian way compared through symbols and ceremony. Religions will be surveyed as they have been influenced by foreign elements and philosophies. Influences on values and tribalism as reflected through symbols and other measures.

**496. Topics in American Indian Studies (1-3)**

An undergraduate seminar. Topics will be announced in the class schedule. Maximum credit six units. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**499. Special Study (1-4)**

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSE  
(Also Acceptable for Advanced Degrees)**

**533. Problems in American Indian Education (3) II**

Prerequisite: Three units of American Indian Studies.  
Survey of education system imposed on Indian America from the close of the Indian-White military conflict period to the present. Philosophies, government policy and public school accommodation will be central to the topic. Studies, recommendations and resultant programs that affect the overall educational process will be assessed.

# American Studies

In the College of Arts and Letters

OFFICE: Adams Humanities 4158  
TELEPHONE: (619) 594-5237

## Faculty

The American studies program is administered through the American Studies Committee. Faculty assigned to teach courses in American studies are drawn from departments in the College of Arts and Letters.

*Chair:* McLeod (English and Comparative Literature)

*Advisers:* Kushner (History), McLeod (English and Comparative Literature)

*Committee:* Coleman (English), Colquitt (English), Deutsch (Family Studies and Consumer Sciences), Donahue (Linguistics), DuFault (History), Ford (Geography), Griswold (English), Huckle (Women's Studies), Koolish (English), Kornfeld (History), Kornweibel (Afro-American Studies), Kushner (History), Lewin (Political Science), McLeod (English and Comparative Literature), Meadows (Music), Peters (Management), Real (Telecommunications and Film), Samovar (Speech Communication), Santangelo (English and Comparative Literature), Strom (Teacher Education), Trafzer (American Indian Studies), Vartanian (History), Wall (English)

## Offered by American Studies

Master of Arts degree in American studies.

Major in American studies with the B.A. degree in liberal arts and sciences.

Minor in American studies.

## The Major

American studies is an interdisciplinary program designed to bridge the division of knowledge into discrete disciplines. Each of the four program clusters combines American studies core courses, which relate materials and methods from various disciplines, with upper division courses from several disciplines. The courses are selected to focus on and bring into interrelation one group of American people, one social or cultural process, one place and one period.

The special integrating work in the student's major program is a series of special studies under the direction of members of the American studies faculty in which the student produces a paper or project interrelating the four focuses of his or her studies. The paper or project must make use of two or more disciplines' analyses of the same material. Because American studies finds its center in the concept of culture, the paper or project must deal at least in part with the cultural connections among the four subjects of focus.

With the approval of the American studies adviser, the student may design a program cluster comparable in format to those listed in this catalog but tailored to his or her individual interests.

The minor in American studies is open to all students and is of special interest to international students. The coursework is intended to provide a broad perspective of the American culture - the heritage, the ideas and dreams, and the failures as well as accomplishments.

The flexibility of this interdisciplinary major allows graduates to enter a broad range of career areas, including journalism, law, law enforcement, environmental planning, teaching, archival work, museum curatorship, international business, librarianship or government service. Competencies gained by the American studies major provide a sound basis for entering graduate study in a variety of areas. Many universities have graduate programs in American studies. Graduate work may be required for entrance into a specific career field.

Business and teaching professions in foreign countries welcome American studies majors who can help them understand the way business and social life is conducted in the United States.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## American Studies Major

**With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 03131)**

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major.** American Studies 201, 12 units selected from Anthropology 102, English 250A-250B (three or six units), History 110A-110B (three or six units), (15 units)

Students should note that a number of the upper division required and recommended courses listed below have lower division prerequisites, but these prerequisites do not constitute requirements per se for the completion of the major.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** History 430W, English 500W, 508W, 581W or Sociology 396W with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include American Studies 360 or 580; 499, 501; and nine courses from one of the following clusters or a specially designed cluster.

In the selected cluster, the student will normally take three courses in one area and two courses in each of three other areas. However, the student must take at least one course in each area. The student may take no more than three courses in one discipline on the major program. The student must file with the Evaluations Office a master plan approved by the adviser for the American studies curriculum.

### American Communication

*People: Decision Makers*

Economics 370; History 496; Management 356; Political Science 335, 522, 531, 536; Public Administration 520; Sociology 531; Women's Studies 330.

*Process: Communications*

No more than one course in each discipline.  
Afro-American Studies 360, 362, 461, 480; American Indian Studies 430, Art 558; English 524, 525; Journalism 408, 500, 502, 503; Mexican American Studies 335; Music 351D; Political Science 326; Psychology 340; Sociology 456; Speech Communication 475.

*Place: United States*

Geography 321; History 534, 535A, 535B, 546A, 546B, 547A, 547B, 548A, 548B.

*Period: Nuclear Age*

Two of the following:  
English 525; History 536; Natural Science 333; Women's Studies 330.

*Special Study:* American Studies 499.

## Cultural Institutions and Artifacts

### People: *The Family*

Afro-American Studies 331; Family Studies and Consumer Sciences 436; Mexican American Studies 320; Sociology 522.

### Process: *Material Culture*

Anthropology 302; Art 347, 550; English 526 (when offered as American Literature and American Art); Geography 354, 555; Natural Science 333.

+ Museum Internship when available.

### Place: *The Southwest*

No more than one course in each discipline.  
History 537B, 538A, 538B, 541A, 541B; Mexican American Studies 320, 335, 350A, 350B, 376.

### Period: *Colonial*

No more than one course in each discipline.  
Anthropology 441, 446; History 530, 531, 548A.

*Special Study:* American Studies 499.

## Cultural Pluralism

### People: *Ethnic Community*

Sociology 355 and one of the following: Afro-American Studies 471B; American Indian Studies 440, 444; Anthropology 446; Mexican American Studies 320 or 350B.

### Process: *Development of Identity*

Afro-American Studies 362 or 461; Mexican American Studies 335; Music 344, 351; Political Science 531; Sociology 430 or 457; Women's Studies 352 or 453 (when American in content).

### Place: *The City*

Economics 458; Geography 354 or 555; Mexican American Studies 303; Political Science 522 or 523; Public Administration 512; Sociology 557.

### Period: *1840 to the Present*

No more than one course in each discipline.  
English 523, 524, 525, 527, 528 (when appropriate); History 534, 535A, 541B, 548B; Women's Studies 330 or 341B.

*Special Study:* American Studies 499.

## Majority American Goals and Values

### People: *The Middle Class*

Art 560; History 548B; Political Science 531; Sociology 531; Women's Studies 330.

### Process: *Tradition and Change in the Evolution of American Goals and Values*

No more than one course in each discipline.  
Anthropology 444; Economics 474; English 525; History 435, 545A, 545B, 548A, 548B; Management 356, 456; Political Science 334, 335, 345, 346, 348; Sociology 433, 456, 457, 537.

### Place: *United States*

English 523, 524, 525, 527; Geography 370; History 540, 546B, 547A, 547B; Political Science 305.

### Period: *Twentieth Century*

Economics 338; English 525; History 310B, 535A, 535B, 536; Management 356; Music 351D; Women's Studies 341B.

*Special Study:* American Studies 499.

## American Studies Minor

The minor in American studies consists of a minimum of 18 units to include American Studies 501 (Study of American Culture), and six units selected from History 546A-546B or 547A-547B or 548A-548B; and nine units selected from the courses listed below—six units from one grouping and three from the other, with no more than six units from any one department's or program's offerings.

*Humanities:* American Studies 360, 580; Art 560; English 522, 523.

*Social Sciences:* Anthropology 444; Economics 338; Geography 354; Political Science 305; Sociology 433.

With the consent of the American studies adviser, six units in courses not listed here may be included in the student's program. Courses in the minor may not be counted towards the major but may be used to satisfy preparation for the major and general education requirements. A minimum of six upper division units must be completed at San Diego State University. In designing their American studies minor program, students may not include courses drawn from their major department.

## Courses

### LOWER DIVISION COURSES

#### 201. Introduction to American Culture (3) I, II

Emphasizes the concept of culture as framework for introductory cross-disciplinary study of the American culture, through analyses of such things as artistic expression, historical events, social processes, folk and popular culture, using methodology adapted from social sciences and humanities.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 360. Science, Technology and American Culture (3)

Effects of scientific theories and practical technologies on the growth and character of American culture. From Jefferson and Franklin to smashing of atoms and space explorations, how science and technology have influenced American values, environment, arts, politics, and national identity.

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 499. Special Study (1-3)

Prerequisite: Consent of instructor.  
Individual study in interdisciplinary humanities and social sciences work. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 501. Study of American Culture (3) II

Prerequisite: Major in American studies; open to other students with interdisciplinary interests.

American studies as a discipline, the important methods of the field, and variety of materials for interdisciplinary study.

#### 580. Topics in American Studies (1-3) I, II

Topics dealing with cultural images and myths, social protest, folklore; themes focusing upon fear, alienation and nationalism; problems around racism, minorities and counter-cultures. See Class Schedule for specific content. May be repeated once with new content; and with the approval of the adviser, more than once by American studies majors. Maximum credit six units applicable to a master's degree in American studies.

# Anthropology

In the College of Arts and Letters

OFFICE: Storm Hall 143B  
TELEPHONE: (619) 594-5527

## Faculty

Emeritus: Anderson, Rogers

Chair: Whitney

Professors: Ball, Bartel, Goldkind, Henry, Himes, Leach, Lippold,

Pendleton, Rohrl, Rollefson, Watson, Whitney

Associate Professors: Greenfeld, Moore

Assistant Professor: Sonek

## Offered by the Department

Master of Arts degree in anthropology.

Major in anthropology with the B.A. degree in liberal arts and sciences.

Minor in anthropology.

## The Major

Anthropology is the broad study of human beings. It is a particularly far-reaching area of study regarding human beings as both biological and culturally adaptive organisms. Anthropologists may study the physical and mental characteristics, social relationships, institutions, customs, myths, and geographic distribution of human beings.

The anthropology major provides a broad background for the various specialized areas in the field, such as archaeology, concerned with the analysis of past cultures; cultural anthropology, the study of cultural differences in contemporary societies; linguistics, the evaluation of differences in cross-cultural communications; and physical anthropology, concerned with biological characteristics of past and present peoples. Elective courses which provide information on the newest developments in the field are also offered in order that anthropology graduates have a greater understanding of human nature in the context of past and present environmental influences.

A variety of employment opportunities exist for anthropology graduates. Positions include work in senior citizen or minority agencies, the National Park Service, state archaeological services, marketing, environmental impact projects, urban affairs, state and local governmental agencies, and business.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Anthropology Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22021)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Anthropology 101, 102. (6 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing Anthropology 396W with a grade of C (2.0) or better.

**Major.** A minimum of 33 upper division units in Anthropology to include Anthropology 301, 302, 304, 305, 396W; and 18 upper division units of electives selected from one of the areas listed below. Anthropology 496, 499, 582, 583 may be used when subject is appropriate.

**General Anthropology:** Six units selected from each of the following categories: (a) Anthropology 406, 500-509; (b) Anthropology 312, 470-483, 560, 561; (c) Anthropology 350, 410, 422-452, 520, 531, 532, 580.

**Biocultural:** Eighteen units selected from Anthropology 406, 483, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 580.

**Archaeology:** Eighteen units selected from Anthropology 312, 351, 470, 471, 472, 474, 476, 478, 481, 483, 560, 561, 580.

**Sociocultural:** Nine units selected from Anthropology 350, 410, 422, 424, 430, 432, 439, 520, 526, 529, 531, 532, 580; and nine units selected from Anthropology 440, 441, 442, 444, 445, 446, 448, 449, 450, 452.

## Anthropology Minor

The minor in anthropology consists of a minimum of 15 units in anthropology, 9 to 12 units of which must be in upper division courses. The 15 units must be selected from one of the following areas:

**Biocultural:** Anthropology 101 and 301 and nine units selected from Anthropology 406, 483, 496 (if appropriate), 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 580.

**Prehistory:** Anthropology 101 and 302 and nine units selected from Anthropology 470, 471, 472, 474, 476, 478, 481, 483, 496 (if appropriate), 499, 561, 580.

**Sociocultural:** Anthropology 102 and 350 and nine units selected from Anthropology 305, 424, 430, 439, 496 (if appropriate), 520, 526, 529, 532, 580.

**Linguistics:** Anthropology 102, 304 and 410 and six units selected from Anthropology 305, 350, 496 (if appropriate), 499, 580, 582, 583.

**General:** Anthropology 101, 102 and nine units selected from 301, 302, 304, 305, 580.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 101. Human Biocultural Origins (3) I, II (CAN ANTH 2)

Man's place in nature; fossil evidence for hominid evolution; evolutionary theory; racial, clinical and genetic variability; relationship of physical and cultural adaptations; the rise of civilization.

#### 102. Introduction to Cultural Anthropology (3) I, II (CAN ANTH 4)

May be taken before Anthropology 101.  
Man's relationship to his environment; types of preliterate society; systems of social organization, politics, economics, religion, and language.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

- 301. Principles of Physical Anthropology (3) I, II**  
Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 101.  
Primate comparative anatomy and human paleontology. Physical measurement of the living subject and skeletal specimens. The statistical treatment of data in physical anthropology. Applications of physical anthropology in industry and medicolegal problems.
- 302. Principles of Archaeology (3) I, II**  
Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 101.  
History, method, and theory of archaeological data acquisition and interpretation. Methods of data recovery and analysis suitable to resolution of historical and processual questions. Archaeological examples from a worldwide sample of prehistoric and historic societies.
- 304. Principles of Anthropological Linguistics (3) I, II**  
Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 102.  
The structural nature of language. How languages differ, change and influence each other. The language families of the world. The significance of language for human social life in a variety of cultures.
- 305. History of Anthropological Theory (3) I, II**  
Prerequisite: Anthropology 102.  
Development of theories which lie behind the science of anthropology. Applications of the theory of culture to field methods and interpretation of findings.
- 312. Archaeological Field Techniques (3) I, II, S**  
Six hours of activity.  
Prerequisite: Anthropology 302.  
Archaeological excavation of significant sites in San Diego. Techniques of excavation, recording, and surveying.
- 350. World Ethnography (3)**  
Prerequisite: Anthropology 102.  
Cultural patterns of representative peoples. Industries, arts, social organization and supernaturalism considered with view to environmental adjustment, historical development and functional interrelation. Ethnological theories reviewed and applied in interpreting illustrative societies.
- 351. Primitive Technology (3)**  
Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 101 or 102.  
Techniques of tool manufacture, subsistence, shelter, clothing and arts and crafts of nonindustrial peoples.
- 396W. Writing of Anthropology (3)**  
Prerequisites: Anthropology 101 and 102. Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency Requirement, and completed the General Education requirement in Written Communication.  
**Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.  
Will develop ability to write clearly, correctly and effectively about anthropological subjects. Students will read assigned examples of anthropological writing from the main subdisciplines, write mini-ethnographies, summaries and critiques, and report on assigned research projects.
- 406. Nonhuman Primates (3)**  
Prerequisite: Anthropology 101.  
Basic aspects of nonhuman primates, geographical distribution, ecology (habitat, diet), external and internal morphology, locomotion and social behavior, reproduction and development.
- 410. Language in Culture (3)**  
Prerequisite: Anthropology 102.  
Survey of anthropological interests in the study of language and of linguistic interests in the sociocultural context of language.

- 422. Music and Culture (3)**  
Prerequisite: Anthropology 102.  
How the forms, functions and meanings of music vary cross-culturally. Understanding a society's music historically, holistically and experientially, with emphasis on non-Western music. Universals of music and music use. Ethnological theories of music and music change.
- 424. Primitive Religion (3)**  
Prerequisite: Anthropology 102.  
Beliefs and ritual of primitive man. Magic and religion. Forms of animism and polytheism. Primitive mentality and the supernatural.
- 430. Anthropology of Law (3) I, II**  
Prerequisite: Anthropology 102.  
Law and social control studied in sociocultural context. Law in Western society compared with "law-ways" in a number of traditional or nonindustrialized cultures. Basic concepts and theories about law examined cross-culturally and applied to our own society.
- 432. Principles of Personality in Culture (3)**  
Prerequisite: Anthropology 102.  
Principles related to the determinants of human behavior contained in culture. Studies of behavior cross-culturally.
- 434. Anthropology Through Science Fiction (3)**  
Prerequisite: Anthropology 101 or 102.  
Anthropological concepts of biological and social evolution, relativism, and ethnocentrism and adaptation through Asimov, Clarke, Heinlein, Herbert, LeGuin and other popular science fiction writers.
- 439. Ethnology Through Film (3)**  
Principles of cultural anthropology to include signs and proxemics, cultural prerequisites, kinship and social organization, and law and values. Feature and documentary films.
- 440. Cultures of Europe (3)**  
Prerequisite: Anthropology 102.  
The study of society and culture in contemporary Europe, utilizing current ethnographic materials. The relationship of such studies to European culture growth and to the definition of European sociocultural regions.
- 441. The California Indian (3)**  
Prerequisite: Anthropology 102.  
Native California Indian cultures with stress on the Indian groups of Southern California. The industries, arts, social organization, folklore, and religion will be considered as revealed through the study of living peoples and archaeological evidences.
- 442. Cultures of South America (3)**  
Prerequisite: Anthropology 102.  
Indian cultures in terms of origins, migration, relation to habitat, cultural variation and relevance to contemporary trends. Development of Inca civilization, the effects of the Spanish conquest and its aftermath.
- 443. Contemporary Latin American Cultures (3)**  
Prerequisite: Anthropology 102.  
A social anthropological approach to the structure and dynamics of contemporary conditions and problems, especially as revealed in studies of particular communities. Included are such topics as ethnic and regional differences within national societies, population change, social consequences of economic changes, changing stratification systems, values, institutional change.
- 444. American Culture (3)**  
An "inside-out" view of America. What culture has to do with feeling like an American. Theory and method in anthropology. Approaches include subcultures, American values, and mass media.
- 445. Ethnology of North America (3)**  
Prerequisite: Anthropology 102.  
Native cultures and the role of environmental and historical factors in North America.

- 446. Southwestern Ethnology (3)**  
Prerequisite: Anthropology 102.  
Indian cultures of the American Southwest in historic times; ecological adaptations, responses to white contact, adaptations to modern American life.
- 448. Cultures of Oceania (3)**  
Prerequisite: Anthropology 102.  
The aboriginal cultures and peoples of Australia, Melanesia, Micronesia, and Polynesia in prehistoric, historic, and modern times.
- 449. Cultures of Sub-Saharan Africa (3)**  
Prerequisite: Anthropology 102.  
Indigenous peoples and cultures of Africa south of the Sahara. A comparison of cultural traditions, social organization, and modern trends in newly emergent nations of the area.
- 450. Cultures of India (3)**  
Prerequisite: Anthropology 102.  
Indigenous peoples and cultures of India and contiguous areas of South Asia. The development of cultural traditions, social organization, and modern trends.
- 452. Japanese Society (3)**  
Prerequisite: Anthropology 102.  
Culture and social organization of Japanese people. Traditional Japanese economic, social, political and religious institutions. Korea, Okinawa and overseas Japanese. Recent industrial and urban changes in modern Japan.
- 470. Prehistory of South America (3)**  
Prerequisite: Anthropology 101 or 102.  
Development of native South American cultures from initial occupation to the sixteenth century. Emphasis on major historical trends, particularly of the Andean area.
- 471. Archaeology of North America (3)**  
Prerequisite: Anthropology 101 or 102.  
Origin of the American Indian and survey of the main prehistoric cultures of the North American continent.
- 472. Southwestern Prehistory (3)**  
Prerequisite: Anthropology 101 or 102.  
Prehistoric Indian cultures in the American Southwest; ecological adaptations and outside cultural influences.
- 474. Archaeology of Western and Central Asia (3)**  
Prerequisite: Anthropology 101 or 102.  
Culture change in the area from Anatolia eastwards to India and including the Arabian peninsula beginning with the first evidence of hominid activity through ethnohistorically known societies.
- 476. Ancient Civilizations of Mexico and Central America (3)**  
Prerequisite: Anthropology 101 or 102.  
General overview and selected topics in prehistory of Mexico and Central America from rise of Olmec civilization to Aztec times. Emphasis on Olmec, Maya, Teotihuacan, Zapotec, Mixtec, and Toltec peoples' cultures.
- 478. Archaeology of Europe (3)**  
Prerequisite: Anthropology 101 or 102.  
Culture change in the area from Ireland eastwards to European Russia in the time period beginning with the Pleistocene human occupation through Roman colonialism.
- 481. Archaeology of East Asia and Oceania (3)**  
Prerequisite: Anthropology 101 or 102.  
Culture change in the areas of China, Siberia, southeast Asia, Australia, Japan and Oceania beginning with the first evidence of hominid activity through ethnohistorically known societies.
- 483. Health and Nutrition in Antiquity (3)**  
Prerequisite: Anthropology 101 or 102.  
Health and disease patterns in human populations from the earliest times. Analysis of food resources, their impact on health and nutrition of prehistoric peoples.

**496. Experimental Topics (1-4)**  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**499. Special Study (1-3) I, II**  
Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

- 500. Primate Social Behavior (3)**  
Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 101.  
Analysis of modes of primate socialization. Development of social behavior with emphases on communication, group structure, aggression, and sex. Various methods of analysis and observation practiced utilizing primate collection at the San Diego Zoo.
- 501. Paleoanthropology (3)**  
Prerequisite: Anthropology 101. Recommended: Anthropology 301.  
Fossil evidence for human evolution. Comparative and functional anatomy of fossil human and infrahuman primates; geochronology, paleoecology, and cultural associations; taxonomic implications.
- 502. Microevolution (3)**  
Prerequisite: Anthropology 101. Recommended: Anthropology 301.  
The evolution of human populations over a short period of time. Interaction of the evolutionary forces of mutation, selection, drift and gene flow with the cultural systems of human populations.
- 503. Human Variation (3)**  
Prerequisite: Anthropology 101.  
Morphological, physiological and genetic aspects of human variability. Significance of this diversity in the biological adaptations of human populations.
- 504. Primate Anatomy (3)**  
Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 101.  
Primate anatomy both regional and systemic, including skeletal, cardiovascular and digestive systems; the integument and otolaryngology of primates.
- 505. Human Osteology (3)**  
Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 101. Recommended: Anthropology 301 and/or Biology 150.  
Identification of individual bones and teeth; sex, age, and racial variation; stature reconstruction; continuous and discontinuous morphological variations; paleopathology. Training in observations, measurements, and analyses.
- 506. Physical Anthropology of the Living (3)**  
Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 101. Recommended: Anthropology 301.  
Theory and practice of techniques in measurement and description of biological variations in modern populations.
- 507. Genetic Markers and Anthropology (3)**  
Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 101.  
Use of genetic markers in the study of human populations. Biology of blood groups, serum proteins, enzymes, etc., and analyses of gene frequencies. Significance of genetic markers in evolutionary studies.
- 508. Medical Anthropology (3)**  
Prerequisite: Anthropology 101 or 102.  
Evolution and ecology of disease, medical beliefs and practices in non-Western cultures, and complexities of health care delivery in pluralistic societies.

### 509. Culture and Biological Aging (3)

Prerequisite: Anthropology 101 or 102.  
Do different cultures age at different rates? Theories of biological aging, genetics of longevity and cultural influences on biological aging. Process of aging and role of the aged in various cultures.

### 520. Ethnological Field Methods (3)

Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 102.  
The problems and techniques of obtaining data in ethnological and social anthropological field work; preparation, gaining and maintaining rapport, evaluating data, participant observation. A review of literature followed by work with informants.

### 526. Cultural Change and Processes (3)

Prerequisites: Anthropology 102 and six upper division units in anthropology.  
Patterns of change in subsistence, social structure, and belief systems, Processes of change including diffusion, acculturation, individual innovation, and directed change among contemporary and historic peoples. (Formerly numbered Anthropology 426.)

### 529. Urban Anthropology (3)

Prerequisites: Anthropology 102 and six upper division units in anthropology.  
Urban adaptations of past and present societies. Descriptive topics and applied concerns regarding urban origins, migrations, kinship, family, ethnicity, stratification, and change. Ethnographic examples drawn from Western and non-Western societies. (Formerly numbered Anthropology 429.)

### 531. Applied Anthropology (3)

Prerequisite: Anthropology 102.  
Application of anthropological concepts to solution of practical problems of culture change in community development, complex organizations, and interdisciplinary and cross-national programs.

### 532. Culture and Personality (3)

Prerequisite: Anthropology 102.  
The relationship of individual personality to culture in a variety of cultures. A consideration of various theories and studies in the social and personality sciences.

### 560. Advanced Archaeological Field Methods (3)

One lecture and six hours of laboratory.  
Prerequisite: Anthropology 312.  
Advanced projects in excavation and stabilization of ruins, archaeological surveys, laboratory analysis and preparation of reports.

### 561. Archaeological Laboratory Methods (3)

Two lectures and three hours of laboratory.  
Prerequisite: Anthropology 560.  
Application of palynology, paleontology and technologies. Individual laboratory research project required. (Formerly numbered Anthropology 561A.)

### 580. Anthropological Data Analysis (3)

Two lectures and three hours of laboratory.  
Prerequisites: Anthropology 101 or 102 and a statistics course (Psychology 270 or Sociology 201 recommended).  
Computer oriented data analysis class utilizing anthropological data sets. Special section of the SPSS<sup>®</sup> computer workshop is required.

### 582. Regional Anthropology (3)

Prerequisite: Anthropology 102.  
Study of ethnographic societies of a major geographical region of the world such as Africa, the Arctic, East Asia, Europe, Latin America, the Middle East, North America, Oceania, or South Asia. See Class Schedule for specific content. May be repeated with new content. Maximum credit six units.

### 583. Topical Anthropology (3)

Prerequisite: Anthropology 102.  
Study of a major subdiscipline such as political anthropology, economic anthropology, social anthropology, psychological anthropology, cultural ecology, applied anthropology, anthropological genetics, or environmental archaeology. See Class Schedule for specific content. May be repeated with new content. Maximum credit six units.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

## Art

In the College of Professional Studies and Fine Arts

OFFICE: Art 505  
TELEPHONE: (619) 594-6511

The Department of Art is a Member of the National Association of Schools of Art and Design.

For purposes of exhibition and reference, the department reserves the right to retain for a limited period some of each student's work produced in class.

### Faculty

Emeritus: Baker, K., Bigelow, Dirks, Frick, Higgins, Hodge, Hopkins, Hunter, Jackson, Perczel, Roth (Longenecker), Sorenson, Swiggett, Tanzer, Wallace  
Chair: Orth  
Professors: Austin, Berg, Cotten, Covington, Dominguez, Esser, Fisch, Groover, Miller, Orth, Ray, Rigby, Roberts-Fields, Rogers, Shirk  
Associate Professors: Baker, R., Dumlao, Flaxman, Hayakawa, Mansfield  
Assistant Professors: Burkett, Cooling, Merritt, Moaney, Nelson, Yapelli  
Lecturers: Delaney, Elliott, Litrownik, Maruyama, Nakamura, Schamu, Souza, Tibbs

### Offered by the Department

Master of Arts degree in art.  
Master of Fine Arts degree in art.  
Major in art with the B.A. degree in liberal arts and sciences.  
Emphasis in art history.  
Emphasis in studio arts.  
Major in art with the B.A. degree in applied arts and sciences.  
Emphasis in applied design.  
Emphasis in environmental design.  
Emphasis in graphic design.  
Emphasis in interior design.  
Emphasis in painting, printmaking, and photography.  
Emphasis in sculpture.  
Teaching major in art for the single subject teaching credential.  
Minor in art.  
Minor in art history.  
Certificate in Art (available at Imperial Valley Campus only).

### The Major

A significant concern of the Department of Art is the creative growth of its students. The department focuses on the development of sound undergraduate programs which provide a strong basic foundation in art. A major in art may be planned with an emphasis in applied design, with specialities in ceramics, enameling, furniture, metal-smithing, jewelry, and textiles; art history; studio arts; environmental design; graphic design; interior design; painting, printmaking, and photography; and sculpture. A program for those preparing for a single subject teaching credential is also available, as is a broad spectrum of courses for both majors and nonmajors in art history, art appreciation, basic drawing and design.

All emphases except art history require a set of core courses consisting of two courses each in drawing, design, and the survey of art history of the Western world. It is strongly recommended that all students complete the core requirements during their freshman year, or at least prior to taking beginning coursework in a specific program or emphasis. It is recommended that students take courses from other emphases in order to enhance their overall art experience. In addition to the undergraduate degree, the department offers a Master of Arts

degree (30 units) in all of these emphases and a Master of Fine Arts degree (60 units).

Although a degree in art is often pursued as a means of self-fulfillment and creative growth, graduates of the department are employed in a variety of settings. The programs in environmental design, interior design, and graphic design have a preprofessional orientation supplemented by a strong liberal arts background. Environmental design and interior design can lead to interior, architectural, landscape design or city planning. Graphic design prepares the student for the areas of environmental graphics, art direction, visual design for the contemporary media of advertising, or editorial illustration. The areas of painting, printmaking, photography, and sculpture prepare students for professional attitudes toward the fine arts and the continuance of their educational experience in graduate schools with the goal of teaching at institutions of higher learning. The preprofessional program in art education prepares the student for teaching in either elementary or secondary schools. The applied design program can be developed to specialize in ceramics, enameling, furniture design, jewelry, metalsmithing, textile design and weaving.

### Art Major

#### With the B.A. Degree in Liberal Arts and Sciences

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."  
This major in art may be planned with an emphasis in studio arts or art history.  
A minor is not required with this major in art.

#### Emphasis in Art History (Major Code: 10031)

**Preparation for the Major.** Art 158, 258, 259, and 263. (12 units)  
**Foreign Language Requirement.** Four semesters of French or German with an overall average of "B" (3.0) or better, or successful completion of a proficiency examination in either French or German. The requirement may be met by taking German 100A, 100B, 200B, and 200C; French 100A, 100B, 200A, and 200B; or by passing the Graduate School Foreign Language Examination in French or German; or by passing the French Foreign Language Graduation Requirement Waiver Examination (contact the Art Department for permission to take this examination).

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 27 upper division units in art history to include Art 593; and 24 units selected from Art 365, 366, 371, 557 through 577, and 590; and to include at least one three-unit course from each of the five groups listed below:

*Ancient and Medieval Art:* Art 371, 567, 568  
*Renaissance and Baroque Art:* Art 562, 573A, 573B, 574, 575  
*Modern Art and American Art:* Art 557, 558, 560  
*Native American, African and Oceanic Art:* Art 561, 569, 576  
*Byzantine, Islamic, Indian, and Oriental Art:* Art 365, 366, 564, 565, 572

#### Emphasis in Studio Arts (Major Code: 10021)

**Preparation for the Major.** Art 100, 101, 102, 103, 203, 204, 216, 258, 259, and six units of art electives. (33 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in art to include Art 403, 404, and 500; six units of art history; and nine units of art electives selected in consultation with an adviser.

## Art Major

### With the B.A. Degree in Applied Arts and Sciences

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

### Emphasis in Applied Design (Major Code: 10021)

**Preparation for the Major.** Art 100, 101, 102, 103, 220, 258, 259, and six units of art electives. (27 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 27 upper division units in art to include three units from each of the areas listed below, and three units of extended work in one of the areas; three units of art electives; and six units of art history. Nine units of advanced work in one area is strongly recommended.

**Fiber:** Art 334, 435, 436, 534, 535, 536

**Metal:** Art 331, 431, 531, 532, 533

**Clay:** Art 325, 425, 525, 526

**Enamel:** Art 429, 529

**Wood:** Art 323, 423, 523

### Emphasis in Environmental Design (Major Code: 10021)

**Preparation for the Major.** Art 100, 101, 102, 103, 148, 247, 248, 249, 250, 251, 258, 259. (36 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 27 upper division units in art to include Art 348, 450, 454, 547, 550, 577; six units selected from Art 323, 381, 416, 451, 453, 481, 552, 581; and three additional units of art history.

### Emphasis in Graphic Design (Major Code: 10091)

Applications will be accepted only during the months of August for the following spring semester and November for the fall semester. Change of major and declaration of major will only be accepted during specific filing periods. Contact the Art Department for deadlines.

**Preparation for the Major.** Art 100, 101, 102, 103, 241, 243, 258, 259, and six units selected from Art 203, 204, 210, 240, 242. (30 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 27 upper division units in art to include Art 341, 441, 541; six units of art history; and twelve units selected from Art 340, 440, 443, 444, 445, 540, 542, 543, 544.

### Emphasis in Interior Design (Major Code: 02031)

Art majors wishing to enter one of the Interior Design upper division courses (Art 451, 453, 552, 553) must receive, as a condition of junior level qualification, a *passing* evaluation of a portfolio of work submitted to the Interior Design Evaluation Committee. Any advance enrollment in the above-listed upper division courses will remain provisional until clearance of the portfolio review. Reviews are held prior to the beginning of the fall and spring semesters. See the Art Department office for specific information concerning current policies pertaining to the review, content of the portfolio, and the schedule to be observed.

**Preparation for the Major.** Art 100, 101, 102, 103, 148, 247, 248, 249, 250, 251, 258, 259. (36 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units in art to include Art 352, 451, 452, 453, 552, 553; six units selected from Art 381, 481, 581; three units selected from Art 323, 325, 334, 429, 436, 450, 547; and three additional units of art history.

### Emphasis in Painting, Printmaking, and Photography (Major Code: 10021)

**Preparation for the Major.** Art 100, 101, 102, 103, 203, 207, 258, 259, and six units selected from Art 204, 205, 207, or 210. (27 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in art to include six units of art history, and 18 units selected in consultation with the adviser from Art 403, 404, 405, 406, 407, 408, 410, 411, 500, 502, 503, 504, 505, 506, 509, 510, 511.

### Emphasis in Sculpture (Major Code: 10021)

**Preparation for the Major.** Art 100, 101, 102, 103, 216, 217, 258, 259; and three units selected from Art 203, 204, 220, 225, 231, 234. (27 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units to include Art 416, 498A, 516, 517; six units of art history; and six units selected from Art 323, 331, 403, 404, 500.

## Art Major

### For the Single Subject Teaching Credential With the B.A. Degree in Applied Arts and Sciences (Major Code: 10021)

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in applied arts and sciences.

**Preparation for the Major.** Art 100, 101, 102, 103, 204, 216, 220, 225, 258, 259, and three units selected from 203, 205, 210, or 241. (33 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Teaching Major.** A minimum of 33 upper division units to include Art 325, 331, 404, 405, 429, 435, 586; six units of art history from among courses numbered Art 365-371, 557-577, and 590; and six units selected from Art 425, 431, 504, 505, 529, and 535.

## Art Minor

The minor in art consists of a minimum of 21 units in art, to include Art 100 and 101 and 12 units of upper division courses in art taken from art history, applied design, environmental design, interior design, painting, printmaking, and sculpture.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Art History Minor

The minor in art history includes a minimum of 21 units in art distributed as follows: Nine units to include Art 258, 259, and three units selected from Art 158 or 263. Twelve units selected from Art 365, 366, 371, 557, 558, 559, 560, 561, 562, 564, 565, 567, 568, 569, 572, 573A, 573B, 574, 575, 576, 577, 582, 590.

Courses in the minor may not be used toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Certificate in Art (Imperial Valley Campus)\*

The Certificate in Art is a response to the needs of the community for a professionally oriented course of art studies. The certificate requirements are designed to satisfy those who want more than an occasional art course and who are not content with anything less than a solid foundation in a given medium. For apprentice artists, practicing artists, art educators, and others interested in developing their creative abilities, the certificate program demands a significant degree of commitment and meets that involvement with a strong basis in studio skills backed up with art history.

The student must complete an approved selection of six courses (18 units) with a minimum grade point average of 2.5 within a period of six consecutive semesters in order to qualify for the certificate. Candidacy will be established by the director of the program. In some cases, specific course prerequisites may be waived for persons able to demonstrate the skills or knowledge in question. In addition to formal course requirements, the student must submit a portfolio of work for review by a committee made up of the director and other instructional staff.

The Certificate in Art requires a minimum of 18 units to include Art 404 or 500, 406, 557 or 558; and nine units selected with the approval of the adviser from Art 325, 340, 341, 387, 403, 407, 425, 435, 496 (Color Photography; Studio Techniques), 502, 557 or 558 (if not taken above), 559.

\* Additional prerequisites required for this certificate.

## Courses

### LOWER DIVISION COURSES

#### 100. Drawing and Composition (3) I, II

Six hours.  
The ordering of two-dimensional space through drawing.

#### 101. Design and Aesthetics (3) I, II

Six hours.  
Fundamentals of space and color design. Basic course used as a prerequisite for advanced work.

#### 102. Drawing and Composition (3) I, II

Six hours.  
Prerequisite: Art 100.  
Line and value in drawing; emphasis on structure and proportion, sketching, gesture, and contour drawing.

#### 103. Three Dimensional Design (3) I, II

Six hours.  
Prerequisite: Art 101.  
Introduction and investigation of design and theory, and practice in three dimensions.

#### 148. Visual Presentation I (3) I, II

Six hours.  
Prerequisite: Art 100.  
Design drawing techniques including interior presentation drawings, interior detailing, architectural drafting, and lettering. Tools and materials used in the design professions.

#### 157. Introduction to Art (3) I, II

An illustrated lecture course dealing with the meaning of art derived from an investigation of the principles of art. Designed to increase the understanding and appreciation of art.

#### 158. Arts of Native America, Sub-Saharan Africa, and Oceania (3)

Arts of diverse societies of Native America, Sub-Saharan Africa, and Oceania in cultural context. Art forms from ancient to contemporary period.

#### 203. Life Drawing (3) I, II

Six hours.  
Prerequisite: Art 102.  
Drawing from the nude model. Maximum credit six units.

#### 204. Painting (3) I, II

Six hours.  
Prerequisites: Art 101 and 102.  
Pictorial composition and techniques of painting. Maximum credit six units.

#### 205. Waterbase Media (3) I, II

Six hours.  
Prerequisites: Art 101 and 102.  
Composition of still-life and landscape in aqueous media. Maximum credit six units.

#### 207. Introduction to Fine Art Photography (3) I, I

Six hours.  
Prerequisites: Art 102 and 103.  
Black and white fine art photography including lighting techniques, small format cameras, metering, darkroom instruction, and fine art processes. Maximum credit six units.

#### 210. Printmaking (3) I, II

Six hours.  
Prerequisites: Art 101, 102 and consent of instructor.  
Introduction and exploration of basic printmaking media. Emphasis on aesthetic and technical processes in intaglio, lithography, relief and serigraphy.

#### 216. Sculpture (3) I, II (CAN ART 12)

Six hours.  
Prerequisite: Art 103.  
Introduction and experimentation of basic sculpture ideas, methods and materials. Maximum credit six units.

#### 217. Life Modeling—Sculpture (3) I, II

Six hours.  
Prerequisite: Art 103.  
Creative experimentation with sculptural forms from the human figure.

#### 220. Design in Crafts (3) I, II

Six hours.  
Prerequisite: Art 103.  
Visual and structural form in crafts.

#### 225. Beginning Handbuilt Ceramics (3) I, II

Six hours.  
Prerequisite: Art 103.  
Design and construction of handbuilt ceramic forms. Introduction of glaze for surface enrichment. Maximum credit six units.

**231. Beginning Jewelry Design (3) I, II**

Six hours.  
Prerequisite: Art 220.  
Design and fashioning of jewelry.

**234. Weaving (3) I, II**

Six hours.  
Prerequisite: Art 220.  
Structure and design of woven fabrics. Maximum credit six units.

**240. Graphic Imagery (3) I, II**

Six hours.  
Prerequisites: Art 100 and 103.  
The organization concepts of design applied to experimental photographic and technical reproductive media, and environmental graphics.

**241. Beginning Graphic Design (3) I, II**

Six hours.  
Prerequisites: Art 102 and 103. **Proof of completion of prerequisites required:** Grade report or copy of transcript.  
Creative projects exploring the interrelation of fundamental art principles and design using phonetic symbols and typography.

**242. Graphic Design Visual Presentation (3)**

Six hours.  
Prerequisites: Art 102 and 103.  
Presentation methods, materials, and tools of the professional graphic designer, stressing art principles.

**243. Intermediate Graphic Design (3) I, II**

Six hours.  
Prerequisite: Art 241. **Proof of completion of prerequisite required:** Grade report or copy of transcript.  
Typographic and design concepts applied to layout for contemporary media.

**247. The House and Its Environment (3) I, II, S**

Architecture, interior design, landscape and city planning for forming the physical and aesthetic environment.

**248. Visual Presentation II (3) I, II**

Six hours.  
Prerequisites: Art 102, 103, 148. **Proof of completion of prerequisite sites required:** Grade report or copy of transcript.  
Methods, materials, and tools of the professional environmental designer stressing art principles.

**249. Visual Presentation III (3) I, II**

Six hours.  
Prerequisite: Art 248. **Proof of completion of prerequisite required:** Grade report or copy of transcript.  
Methods, materials, and tools of the professional environmental designer stressing art principles.

**250. The Contemporary House (3) I, II**

Six hours.  
Prerequisite: Art 248. **Proof of completion of prerequisite required:** Grade report or copy of transcript.  
Elementary problems in neighborhood planning, house design, and landscaping.

**251. Interior Design I (3) I, II**

Six hours.  
Prerequisites: Art 102 and 103. **Proof of completion of prerequisite sites required:** Grade report or copy of transcript.  
Elementary functional and aesthetic studies in interior space and form. Relationships of light, color, texture, shape and volume.

**258. Appreciation and History of Art (3) I, II (CAN ART 2)**

Art development in painting, sculpture, architecture, and handicrafts from the dawn of art to the Renaissance. Illustrated.

**259. Appreciation and History of Art (3) I, II (CAN ART 4)**

The period from the Renaissance through the modern school treated in the same manner as in Art 258.

**263. Far Eastern Art (3) II**

Arts of China and Japan from prehistoric times to present. Not open to students with credit in Art 264 and 265.

**296. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES  
(Intended for Undergraduates)**

**308. Chinese Aesthetics and the Brush (3)**

Two lectures and two hours of activity.  
Aesthetic principles and cultural and literary background of Oriental brush painting. Basic techniques and practice in the discipline toward self-expression.

**323. Furniture Design (3) I, II**

Six hours.  
Prerequisite: Art 101.  
Study of the principles of design through the making of furniture.

**325. Beginning Throwing-Ceramics (3) I, II**

Six hours.  
Prerequisite: Art 220. Art 225 recommended.  
Basic methods of forming, decorating, glazing and firing pottery forms with emphasis on the use of the potter's wheel.

**331. Beginning Jewelry and Metalwork (3) I, II**

Six hours.  
Prerequisite: Art 220.  
Creative design and construction in metal of jewelry and small objects. Techniques in three-dimensional forming and constructions in nonferrous metals. Not open to students with credit in Art 231.

**334. Advanced Weaving (3) I, II**

Six hours.  
Prerequisite: Art 220.  
Total credit in Art 234, 334 and 534 limited to nine units.  
Advanced problems in fabric design and weave construction including tapestry and rug weaving techniques. Maximum credit six units.

**340. Graphic Imagery (3) I, II**

Six hours.  
Prerequisites: Art 102 and 103.  
Experimental photographic and technical reproductive media. Not open to students with credit in Art 240.

**341. Graphic Design (3) I, II**

Six hours.  
Prerequisite: Art 243. **Proof of completion of prerequisite required:** Grade report or copy of transcript.  
Investigation of design concepts relating to advertising.

**347. The House and Its Environment (3) I, II, S**

Architecture, interior design, landscape, and city planning for forming the physical and aesthetic environment, its simplicities and complexities. Not open to students with credit in Art 247.

**348. Environmental Media (3) II**

Six hours.  
Prerequisite: Art 249.  
Design communication and documentation techniques using photography, exhibition, portfolio, and publication orientations as they relate to environmental design.

**352. Methods and Materials of Interior Design (3) I, II**

Prerequisites: Art 250 and 251.  
Topics in successful professional practice including codes, legal liabilities, contractual agreements, project management. Lectures in field settings illustrate methods and materials of installation and explore environmental systems.

**365. The Art of Persia and the Islamic World (3) I**

Prerequisite: Upper division standing.  
Painting, architecture and sculpture and minor arts of Persia and the Islamic world which manifest cultural history and heritage. Field/museum trips.

**366. The Art of India and Southeast Asia (3) II**

Prerequisite: Upper division standing.  
Painting, architecture and sculpture of India and Southeast Asia viewed through their cultural history and aesthetic values. Field/museum trips.

**371. Medieval Art (3) II**

Prerequisites: Art 258 and 259.  
Development of painting, sculpture and architecture from the time of Constantine through the Gothic period.

**381. History and Theory of Environmental Design (3) S**

Prerequisites: Art 258 and 259.  
Environmental arts. From earliest times to the fifteenth century.

**387. Design for Teachers (3) I, II, S**

Six hours.  
Prerequisite: Art 101.  
A design-crafts course that explores in depth materials and processes that could be used with young people. Not open to students with credit in Art 220.

**403. Advanced Life Drawing (3) I, II**

Six hours.  
Prerequisite: Art 203.  
Drawing the nude model. Maximum credit six units.

**404. Intermediate Painting (3) I, II**

Six hours.  
Prerequisite: Art 204.  
Concepts that enhance basic painting principles and a broad range of painting issues. Maximum credit six units.

**405. Intermediate Waterbase Media (3) I, II**

Six hours.  
Prerequisites: Art 101 and 102. Art 204 or 205 recommended.  
Painting issues in transparent and opaque. Maximum credit six units.

**406. Design and Composition (3)**

Six hours.  
Prerequisites: Art 103 and 204.  
Structure in picture making.

**407. Black and White Photography as a Fine Art Medium (3) I, II**

One lecture and four hours of activity.  
Prerequisite: Art 207.  
Intermediate black and white photography and darkroom techniques combined with independent research in contemporary art and photography. Criticism in contemporary context. Maximum credit six units.

**408. Color Photography as a Fine Art Medium (3) I**

One lecture and four hours of activity.  
Prerequisite: Art 407.  
Color photography as a fine art medium, including color theory, transparency and negative film exposure controls, darkroom techniques, and electronic flash and lighting techniques for color photography. Maximum credit six units.

**410. Intaglio Printmaking (3) I, II**

Six hours.  
Prerequisites: Art 203 and 210.  
Creative intaglio—etching, drypoint, aquatint, engraving and variations. Emphasis on fine print quality and technical development. Maximum credit six units.

**411. Lithography Printmaking (3) I, II**

Six hours.  
Prerequisites: Art 101 and 203.  
Creative lithography—stone and plate planographic process. Emphasis on fine print quality and technical development. Maximum credit six units.

**416. Intermediate Sculpture (3) I, II**

Six hours.  
Prerequisite: Art 216.  
Individual investigations into sculpture ideas, methods and materials. Individual development in sculpture. Maximum credit six units for Art 416.

- |                            |                             |
|----------------------------|-----------------------------|
| A. Ceramic sculpture       | D. Handmade paper sculpture |
| B. Plastic sculpture       | E. Wood sculpture           |
| C. Foundry/metal sculpture |                             |

**423. Advanced Furniture Design (3) I, II**

Six hours.  
Prerequisite: Art 323.  
Advanced individual design: Exploration of materials, process and function. Maximum credit nine units.

**425. Intermediate Ceramics (3) I, II**

Six hours.  
Prerequisite: Art 325.  
Continuation of Art 325. Further development of knowledge, skills and philosophy of ceramics through individual creative projects.

**429. Design in Enamels (3) I, II**

Six hours.  
Prerequisite: Art 220.  
Design and production of vitreous enamels. Maximum credit six units.

**431. Jewelry and Metalwork (3) I, II**

Six hours.  
Prerequisite: Art 231 or 331.  
Creative design and techniques in metalsmithing.

**435. Nonwoven Textile Construction (3) I, II**

Six hours.  
Prerequisite: Art 220.  
Textile structures with an emphasis on nonloom techniques.

**436. Textile Design (3) I, II**

Six hours.  
Prerequisite: Art 220.  
Application of design for the textile surface, using a broad variety of media and processes appropriate for both the individual designer and commercial reproduction. Media include stencil, block, silk-screen, batik, and tie-dye. Maximum credit six units.

**440. Advanced Graphic Design - Environmental Graphics (3)**

Six hours.  
Prerequisite: Art 241.  
Study of visual design for contemporary architectural, motivational, display traffic and guidance graphics.

**441. Advanced Graphic Design - Media (3) I, II**

Six hours.  
Prerequisite: Art 341. **Proof of completion of prerequisite required:** Grade report or copy of transcript.  
Application of visual design concepts to graphic design, advertising media and technical reproductive processes.

**443. Drawing and Illustration for Graphic Design (3) I, II**

Six hours.  
Prerequisites: Art 103 and 203.  
Disciplines of realistic, descriptive illustration. Methods, materials and tools of the professional graphic designer and illustrator.

**444. Visual Communication Media (3)**

Six hours.  
Prerequisite: Art 341.  
Experimental, creative and practical exploration of contemporary communication as related to sequential visual imagery.

**445. Internship in Graphic Design (3) I, II Cr/NC**

Prerequisites: Art 441 and consent of instructor.  
Field experience in design, business procedures, management, client relationships, and supervision of subcontractual work with local practicing professionals. Maximum credit six units.

**450. Synergetic Environments (3) I**

Six hours.  
Prerequisites: Art 249 and 454.  
Synthesis of materials, space, sound and light using exploratory methods in full scale projects.

**451. Interior Design II (3) I, II**

Six hours.  
Prerequisites: Art 249, 250, 251, and completion of portfolio requirement. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Survey, analysis and conceptual design methods of residential interiors stressing materials, equipment, components and structural detailing. Maximum credit six units.

**452. Interior Design Practicum (3) I, II Cr/NC**

Nine hours of laboratory.  
Prerequisite: Art 453. **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Field experience with local professional interior designers in client relationships, business procedures, supervision of subcontracted work and installation, and execution of contracts. Maximum credit six units.

**453. Interior Design III (3) I, II**

One lecture, two hours of activity, and three hours of laboratory.  
Prerequisites: Art 249, 250, 251, and completion of portfolio requirement. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Materials and techniques of nonresidential space planning. Estimating, specification writing, contractual agreements, record keeping, budgets, and project supervision. Required field trips to professional offices, studios and showrooms. (Formerly numbered Art 552.)

**454. Environmental Design (3) I, II**

Six hours.  
Prerequisites: Art 247 and 250.  
Survey, analysis and design synthesis of problems of more complexity, through interiors, to landscape, to architectural planning and, finally, concern for city design.

**481. History and Theory of Environmental Design (3) I**

Prerequisites: Art 258 and 259.  
Environmental arts. From the fifteenth to the nineteenth century.

**483. Museum Internship (1-6) Cr/NC**

Prerequisites: Upper division standing in art and consent of instructor.  
Internship in assigned local museums and galleries under the direction of an art historian. Maximum credit six units.

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**497. Senior Investigation and Report (3) I, II**

Nine hours for 497A; three hours for 497B.  
Prerequisites: Six upper division units in art, and consent of instructor.  
Individual research into areas of studio and art history not covered by regular courses.

- A. Studio Investigations
- B. History Investigations

**498. Senior Project (3) I, II**

Nine hours for 498A; three hours for 498B.  
Prerequisite: Consent of instructor.  
Investigation in art. Formal presentation of project.

- A. Studio project
- B. History project

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**500. Advanced Drawing (3)**

Six hours.  
Prerequisites: Art 203 and 204.  
Drawing emphasizing the qualitative aspect of visual subject matter. Maximum credit six units.

**501. Professional Orientation in the Arts (3) I, II**

Prerequisite: Twelve units of upper division art or graduate standing in art.

Conditions met in professional art world as well as opportunities available: Exhibitions, marketing system, legal and tax responsibilities, public and private collections, grants, fellowships and professional positions investigated.

**502. Inter-Media (1-3) I, II**

Two hours for each unit of credit.  
Prerequisites: Art 102 and 103.  
Process and materials in plane and space. Maximum credit six units.

**503. Life Drawing and Painting (3) I, II**

Six hours.  
Prerequisites: Art 204 and 403.  
Drawing and painting from nude and costumed models. Maximum credit six units.

**504. Advanced Painting (3) I, II**

Six hours.  
Prerequisite: Art 404.  
Approaches to contemporary concepts in painting. Maximum credit six units.

**505. Advanced Waterbase Media (3) I, II**

Six hours.  
Prerequisite: Art 405.  
Approaches to contemporary concepts in waterbase painting. Maximum credit six units.

**506. Contemporary Issues for Studio Artists (3) I**

Prerequisites: Upper division or graduate standing in art and consent of instructor.  
Theory, practice, and philosophy of being an artist. Independent research on current art concepts and issues. Material will encompass the past five years. Field trips.

**509. Relief Printmaking (3) I, II**

Six hours.  
Prerequisites: Art 203 and 210.  
Woodcut, wood engraving, gessocut, linoleum, collograph, and relief printmaking processes. Emphasis on fine print quality and technical development using mixed media. Maximum credit six units.

**510. Intaglio Printmaking in Color (3) I, II**

Six hours.  
Prerequisite: Art 410.  
Advanced creative intaglio printmaking in color, including zinc and copper plate; etching, drypoint, aquatint, engraving, embossing and color variations. Emphasis on fine print quality and technical development in the color process unique to this medium. Maximum credit six units.

**511. Lithography Printmaking in Color (3) I, II**

Six hours.  
Prerequisite: Art 411.  
Advanced creative lithography printmaking in color. Emphasis on fine print quality in color process and color technology unique to this medium. Maximum credit six units.

**516. Advanced Sculpture (3) I, II**

Six hours.  
Prerequisite: Art 416.  
Individual investigations into sculpture ideas, methods and materials. Individual development in sculpture. Maximum credit six units for Art 516.

- A. Ceramic sculpture
- B. Plastic sculpture
- C. Foundry/metal sculpture
- D. Handmade paper sculpture
- E. Wood sculpture

**517. Advanced Figurative Sculpture (3) I, II**

Six hours.  
Prerequisites: Art 216 and 217.  
Figurative study with emphasis on individual exploration. Maximum credit six units.

**523. Advanced Furniture Design (3) I, II**

Six hours.  
Prerequisite: Art 423.  
Advanced individual design; exploration of materials, process and function. Maximum credit six units. Maximum combined credit of nine units in Art 323, 423, and 523.

**525. Advanced Ceramics (3) I, II**

Six hours.  
Prerequisite: Art 425.  
Study of ceramic design through creative projects of clay forms. Maximum credit six units.

**526. Clay and Glaze Technology in Ceramic Design (3)**

Six hours.  
Prerequisite: Art 425.  
Experimentation and application of research concerning the use of ceramic materials and techniques as an integral part of the design process. Maximum credit six units.

**529. Design in Enamels (3) I, II**

Six hours.  
Prerequisite: Art 429.  
Design and production of vitreous enamels. Maximum credit nine units; six units applicable to a master's degree.

**531. Advanced Jewelry and Metalwork (3) I, II**

Six hours.  
Prerequisite: Art 431.  
Problems involving fabrication processes already studied in order to increase technical competence while exploring personal design statements; specialized techniques such as photoetching and electroforming. Maximum credit six units.

**532. Advanced Metalsmithing (3) I, II**

Six hours.  
Prerequisite: Art 431.  
Advanced problems involving metalsmithing processes already studied in order to increase technical competence while exploring personal design statements. Maximum credit six units.

**533. Textile Techniques in Metal (3)**

Six hours.  
Prerequisite: Art 331 or 435.  
Textile structures as applied to precious and nonprecious metals. Individually designed projects utilizing information acquired through samples and documentation. For students of fiber, metal and sculpture.

**534. Advanced Weaving (3) I, II**

Six hours.  
Prerequisite: Art 334.  
Advanced individual problems in weaving. Maximum credit six units. Maximum combined credit of nine units in Art 234, 334, and 534.

**535. Advanced Nonwoven Textile Construction (3) I, II**

Six hours.  
Prerequisite: Art 435.  
Advanced study in nonloom techniques. Techniques to include: looping, braiding, plaiting, and special fabricating techniques. Experimentation with new man-made fibers and with synthetic commercial dyes. Maximum credit six units.

**536. Advanced Textile Design (3) I, II**

Six hours.  
Prerequisite: Art 436.  
Application of design for the textile surface, appropriate for both the individual designer and commercial reproduction. Maximum credit six units.

**540. Advanced Graphic Imagery (3) I, II, S**

Six hours.  
Prerequisite: Art 240 or 340.  
Investigation of experimental photographic and technical reproductive media.

**541. Advanced Graphic Design - Communication Systems (3) I, II**

Six hours.  
Prerequisite: Art 341. **Proof of completion of prerequisite required:** Grade report or copy of transcript.  
Symbolic processes, materials and structures, visual communications systems relating to corporate and visual identification programs. Maximum credit six units.

**542. Advanced Professional Problems in Graphic Design (3) I, II**

Six hours.  
Prerequisite: Art 441 or 541; or consent of instructor by portfolio review.  
Refinement of personal visual imagery and the application of design concepts to production situations. Study of professional responsibilities, conduct and business procedures. Development of a professional level portfolio.

**543. Advanced Drawing and Illustration for Graphic Design (3) II**

Six hours.  
Prerequisite: Art 443.  
Refinement of visual imagery and advanced illustration problems.

**544. Advanced Visual Communication Media (3)**

Six hours.  
Prerequisite: Art 444.  
Experimental, creative and practical exploration of contemporary communication as related to advanced sequential visual imagery in multimedia formats.

**547. Environmental Theory (3) I, II**

Prerequisite: Art 247 or 347.  
Survey of alternative solutions to the problem of design of the physical environment.

**550. Environmental Prototypes (3) I**

Six hours.  
Prerequisites: Art 247, 250, 450.  
Research and development of creative architectural concepts with emphasis in space enclosure systems and cybernetics.

**552. Interior Design IV (3) I, II**

Six hours.  
Prerequisites: Art 451, 453, and completion of portfolio requirement. **Proof of completion of prerequisites required:** Grade report or copy of transcript.  
Projects in architectural interiors involving the use and perception of enclosed spaces. Space planning systems analysis. Maximum credit six units.

**553. Interior Design V (3) I, II**

Six hours.  
Prerequisite: Art 552. **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Projects in interiors involving space planning analysis, specification writing, materials selection and furnishing design appropriate to commercial needs. Maximum credit six units.

**557. Art of the Nineteenth Century (3) I, II**

Prerequisites: Art 258 and 259.  
Development of painting, sculpture, and architecture from the French Revolution to 1900.

**558. Twentieth Century European Art to 1945 (3) I, II**

Prerequisite: Art 259.  
Major developments in the visual arts and art criticism from 1880 to 1945 (Post-Impressionism through Surrealism).

**559. Twentieth Century European and American Art Since 1945 (3) I, II**

Prerequisite: Art 558.  
Major developments in the visual arts and art criticism since 1945.

**560. History of American Art (3)**

Prerequisites: Art 258 and 259.  
Development of painting, sculpture, and architecture from the Native American Art and Colonial Period to the present.

**561. Art of Pre-Hispanic America (3)**

Prerequisite: Upper division standing.  
Art of ancient Meso-America, Central America, Caribbean, and South America from earliest times until contact with Europe.

**562. Art of Latin America (3)**

Prerequisite: Upper division standing.  
Art and architecture of Latin America from the colonial period to the present. Field trips included.

**564. Art of China (3) II**

Prerequisite: Art 263.  
History of Chinese art from prehistoric times through the Ching Dynasty.

**565. Art of Japan (3) II**

Prerequisite: Art 263.  
History of Japanese art from prehistoric times to the Meiji Restoration.

**567. Art of the Ancient Near East (3)**

Prerequisite: Art 258.  
Development of painting, sculpture, architecture and crafts from prehistoric times to the fourth century B.C.

**568. Art of Crete, Mycenae, Greece, and Rome (3)**

Prerequisite: Art 258.  
Development of painting, sculpture, architecture, and crafts from prehistoric times to the fifth century A.D.

**569. Art of Sub-Saharan Africa (3)**

Prerequisite: Upper division standing.  
Form and content of the art of Sub-Saharan Africa viewed within its cultural context.

**572. Coptic and Byzantine Art (3)**

Prerequisites: Art 258 and 259.  
The art of the Eastern Church from the reign of Justinian to the Russian Revolution.

**573A. Early Renaissance Art in Italy (3)**

Prerequisites: Art 258 and 259.  
Italian arts, architecture, artists, and patrons from fourteenth century Proto-Renaissance period through fifteenth century revival of classical humanism in city states of Florence, Siena, Bologna, Mantua, and Padua.

**573B. Late Renaissance Art in Italy (3)**

Prerequisites: Art 258 and 259.  
High Renaissance in Florence and Rome, followed by disintegration of classical principles and domination of Mannerism in Central and Northern Italy and history of arts of Venice in sixteenth century.

**574. Northern Renaissance Art (3)**

Prerequisites: Art 258 and 259.  
Architecture, sculpture, and painting north of the Alps during the Renaissance period.

**575. Baroque and Rococo Art (3)**

Prerequisites: Art 258 and 259.  
Architecture, sculpture, and painting of the Baroque and Rococo periods.

**576. Arts of Native North America (3)**

Prerequisite: Upper division standing.  
Form and content of the arts of North American Indians viewed within a cultural context. Field trips.

**577. History of Architecture (3)**

Prerequisites: Art 258 and 259.  
Architecture from primitive times to the present.

**581. History and Theory of Environmental Design (3) II**

Prerequisites: Art 258 and 259.  
Environmental arts in the nineteenth and twentieth centuries.

**582. The Decorative Arts (3)**

Investigations into the arts of ceramics, enamelling, furniture, glass, jewelry, metalwork and textiles. Analyzing the aesthetic basis which determines their forms in various times and places. Field trips to museums and ateliers.

**586. Art Practicum Seminar (3) I**

Prerequisites: Twenty upper division units in art and concurrent assignment to student teaching.  
Discussion, readings, and research study related to art presentation strategies.

**590. Principles and Elements of Visual Aesthetic Organization (3)**

Three hours.  
Prerequisites: Art 157; or Art 258 and 259.  
Visual aesthetic materials and the psychological principles involved in aesthetic organization.

**591. Gallery Exhibition Design (3) I, II**

Six hours.  
Prerequisite: Fifteen units of art.  
Fundamental art elements and principles applied to the theories and techniques of gallery exhibition design.

**592. Gallery Exhibition Design (3) I, II**

Six hours.  
Prerequisite: Art 591.  
Advanced problems in the theories and techniques of gallery exhibition design.

**593. History and Methodology of Art History (3)**

Prerequisites: Upper division standing; art history major or minor.  
Readings and discussions on the historiography of art and on modern methodologies for art historical research.

**596. Advanced Studies in Art and Art History (1-4)**

Prerequisites: Twelve units of art and art history and consent of instructor.  
Advanced topics in art and art history. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum credit of three units of 596 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

# Asian Studies

In the College of Arts and Letters

OFFICE: Adams Humanities 4210

TELEPHONE: (619) 594-5262

**Faculty**

Asian studies is administered through the Center for Asian Studies. Faculty assigned to teach courses in Asian Studies are drawn from the Departments of Anthropology, Art, Classics and Humanities, Economics, English and Comparative Literature, Geography, History, Linguistics and Oriental Languages, Philosophy, Political Science, Religious Studies, and Sociology; the Colleges of Business Administration, Education, Engineering, and Sciences; and the Library.

**Director and Undergraduate Adviser:** Rogers (English and Comparative Literature)

**Graduate Adviser:** Smith, R. (History)

**Offered by Asian Studies**

Master of Arts degree in Asian studies.  
Major in Asian studies with the B.A. degree in liberal arts and sciences.  
Minor in Asian studies.

**The Major**

Two and one-half billion people live in East, Southeast, and South Asia - half of the world's population. The importance of this immense and varied region cannot be overstated. More and more Americans are discovering the rich culture and history of the Asian people. Asians have made a major contribution to the world's literature and art, religion and philosophy, and are becoming increasingly important in international relations, business, and economics.

Nonmajors who wish to increase their knowledge about Asian peoples will find courses available in the Asian studies undergraduate and graduate programs.

The Asian studies program seeks to provide a background for students planning to enter business, the academic environment, government, or community service - wherever the knowledge of Asia and Asians is needed. Students in the major develop an understanding of cultural heritage, societies, language and special forces. Areas of special interest may be pursued in depth.

**Advising**

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

**Asian Studies Major**

**With the B.A. Degree in Liberal Arts and Sciences (Major Code: 03011)**

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." Each student must file an individual master plan with the Asian Studies Undergraduate Adviser and with the Evaluations Office.

**Preparation for the Major.** Six units selected from Asian Studies 105, 106, 107; History 120, 121; Philosophy 101, 102; or Religious Studies 101; and six units selected from Anthropology 101, 102; Economics 101, 102; Geography 101, 102; or Political Science 101, 103. (12 units)

Art 258 and 259 (unless waived by the instructor) are needed if Art 366 is selected in the major. Art 263 is recommended.

**Foreign Language Requirement.** Competency (equivalent to that normally attained through two consecutive years of college study) in one major Asian language, such as Chinese or Japanese, unless specifically waived by the Undergraduate Adviser.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing Anthropology 396W, English 305W, 500W, 503W, 508W, Linguistics 396W, Religious Studies 396W, or Sociology 396W with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units to include six units selected from Asian Studies 458, 459, 499 (maximum three units), 560, and 596. No fewer than 12 units must be chosen from at least two humanities departments, and no fewer than 12 units must be chosen from at least two social science departments. A student may choose courses focusing on East Asia, South Asia, or Southeast Asia.

Appropriate humanities courses are Art 308, 366; Comparative Literature 455, 460, 470\*, 490\*, 495\*, 571\*, 577\*, 580\*, 581\*; History 496\*, 561A, 561B, 562, 563, 564A, 564B, 565, 566, 567, 568, 569, 570, 596\*; Linguistics 496\*; Music 351F, 561\*; Philosophy 351, 575\*, 596\*; Religious Studies 401, 403, 499\*, 506, 580\*, 581\*.

Appropriate social science courses are Anthropology 448, 450, 452, 481\*, 496\*, 582\*, 583\*; Economics 330, 336\*, 360, 365\*, 465, 489, 496\*, 499\*; Geography 331, 350, 540\*; Management 466\*; Political Science 361, 362, 499; Women's Studies 580\*.

\* When deemed relevant by the Undergraduate Adviser.

**Asian Studies Minor**

The minor in Asian studies consists of a minimum of 21 units, six units of which must be selected from Asian Studies 105, 106, 107, or History 120, 121. Other lower division courses acceptable for the minor are Art 263 and four units of an appropriate Asian language, e.g., Chinese or Japanese. Twelve units must be in upper division and divided equally between humanities and social science courses.

Appropriate humanities courses are Asian Studies 458, 499, 596; History 561A, 561B, 562, 563, 564A, 564B, 565, 566, 567, 568, 569, 570; Philosophy 351, 575 (when relevant)\*, 596 (when relevant)\*; Religious Studies 401, 403, 506.

Appropriate social science courses are Asian Studies 459, 499, 560, 596; Anthropology 450, 452; Economics 330, 465; Geography 331, 540\*; Marketing 376\*; Political Science 362, 499 (when relevant)\*.

To achieve a desired geographical spread of courses in the minor, no more than six units may be selected from History 566, 567, 568, and Philosophy 351; no more than six units may be selected from History 569, 570, and Anthropology 452; and no more than six units from Anthropology 450, History 562, 563, and Religious Studies 401, 506.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of twelve upper division units must be completed at San Diego State University.

\* Additional upper division prerequisites are required for these courses.

**Courses****LOWER DIVISION COURSES****105. Intellectual Foundations of Asia (3) I**

An interdisciplinary survey of the philosophical and religious thought of South, Southeast and East Asia and its application in theory and practice in traditional Asian societies.

**106. Cultural Heritage of Asia (3) II**

Social and cultural heritages of South, Southeast, and East Asian societies as revealed in art, drama, classical literatures, and folk traditions.

**107. Social Foundations of Modern Asia (3) I, II**

Social, economic, and political systems of South, Southeast, and East Asia in modern times.

**UPPER DIVISION COURSES  
(Intended for Undergraduates)**

**458. Asian Traditions (3) I, II**

Prerequisite: Six units of Asian-content courses or upper division standing.

Social, cultural, economic, and political traditions of South, Southeast, and East Asia; how they functioned in theory and practice prior to twentieth century.

**459. Contemporary Asian Cultures (3) I, II**

Prerequisite: Six units of Asian-content courses or upper division standing.

Continuity and change in traditions and values of Asian societies in face of urbanization, modernization, and Westernization since mid-nineteenth century.

**499. Special Study (1-3)**

Prerequisites: At least six units of upper division work completed toward the major or minor in Asian studies and consent of the instructor.

Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**560. History of Japanese Business and Trade (3) I, II**

Prerequisites: Upper division standing and consent of instructor. Japanese business and trade from 1600 to present. Emphasis on Japan's rapid economic development since 1868, interplay of social and economic forces, structure of Japanese business system, and problems of international trade.

**596. Selected Studies in Asian Cultures (3)**

Topics on various aspects of Asian studies. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Astronomy

In the College of Sciences

OFFICE: Physics/Astronomy 210  
TELEPHONE: (619) 594-6182

## Faculty

Emeritus: Nelson, Smith  
Chair: Angione  
Professors: Angione (Director of Mt. Laguna Observatory), Daub, Young, A.  
Associate Professor: Talbert  
Assistant Professors: Etzel, Shafter  
Adjunct: Beale, Kovach, Olson, Yoss, Young, A.T.

## Offered by the Department

Master of Science degree in astronomy.  
Major in astronomy with the B.A. degree in liberal arts and sciences.  
Major in astronomy with the B.S. degree in applied arts and sciences.  
Minor in astronomy.

## The Major

Will the universe expand forever? Is there life on other planets? How are stars formed? These are the types of questions being addressed by students majoring in astronomy. Some areas of study in astronomy include the sun, the solar system, the stars, the Milky Way, the galaxies, and cosmology.

SDSU is the only institution in The California State University system which offers a complete academic program in astronomy. Students actively participate in all phases of observational astronomical research.

Joint faculty and student research activities are principally in the area of observational astrophysics. These include ongoing investigations in the moons of Jupiter, eclipsing binary stars, low mass stars, planetary nebulae, galactic clusters, exterior galaxies, and atmospheric physics.

Much of this work is done at the Mount Laguna Observatory operated by the University. The department also has excellent computer facilities.

Graduates with a bachelor's degree may find some positions in observatories and large astronomy departments. These jobs support continuing research and include telescope operators, instrument makers, opticians, electronic technicians, programmers, photographers, and laboratory technicians.

Employment opportunities for astronomers who have advanced degrees include positions in colleges and universities, in national observatories and government laboratories, in planetariums, and in industry and private companies.

## Astronomy Major

**With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 9111)**

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major.** Astronomy 101, 109; Mathematics 150, 151, 252; Physics 195, 195L, 196, 196L, 197, 197L. (29 units)  
Recommended: Chemistry 200, Engineering 120.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive semesters of college study) is required for one foreign language as part of the preparation for the major. Refer to the section of this catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 27 upper division units in astronomy and physics to include Astronomy 340, 350, 440, 450; Mathematics 342A; Physics 350A, 354A; and six units selected with the approval of the astronomy undergraduate adviser. Recommended: Astronomy 320, 510; Physics 354B, 400A, 406, 460.

## Astronomy Major

**With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 19111)**

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major.** Astronomy 101, 109; Physics 195, 195L, 196, 196L, 197, 197L. (16 units)  
Recommended: Chemistry 200, Engineering 120.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in astronomy and physics to include Astronomy 340, 350, 440, 450, 498A, 498B; Physics 350A, 354A, 400A, 460; and nine units selected from Astronomy 320, 510; Physics 311, 350B, 354B, 400B, 406, 510.

**Minor in Mathematics.** All candidates for the B.S. degree in astronomy must complete a minor in mathematics, to include Mathematics 150, 151, 252, 342A, and six additional upper division units of electives in mathematics. Recommended: Mathematics 342B, 342C, 541, 551A.

## Astronomy Minor

The minor in astronomy consists of a minimum of 15 units to include Astronomy 101 and 12 upper division units selected from Astronomy 301, 305, 320\*, 340\*, 350\*, 440\*, 450\*, 510\*.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* Additional prerequisites required.

## Courses

### LOWER DIVISION COURSES

**101. Principles of Astronomy (3) I, II**

Nature of the universe: the solar system, stars, galaxies, and remote universe.

**109. Astronomy Laboratory (1) I, II**

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Astronomy 101.  
Demonstration of astronomical principles through observations with astronomical instruments and analysis of astronomical data.

**112. Elementary Navigation (3)**

Compass corrections, time, line of position, use of celestial coordinates, tables such as H.O. 229 for the solution of the navigational triangle.

### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### UPPER DIVISION COURSES (Intended for Undergraduates)

### 301. Cosmology and Gravitational Collapse (3)

Prerequisites: Three units of lower division physical science.  
Einstein's theory of general relativity applied to problems of gravitational collapse (stellar evolution, neutron stars, black holes) and cosmology (origin and evolution of the universe).

### 305. Historic Development of Astronomy (3) I

Prerequisite: Astronomy 101.  
Theories and advancements which have shaped our concepts of the universe. Contributions of major astronomers.

### 320. Solar System Astronomy (3)

Prerequisites: Astronomy 101 and Physics 197, 197L.  
Structures of the planets, their atmospheres and satellite systems, asteroids, comets, and meteoroids, and the interplanetary medium, including the sun's influence in the system. (Formerly numbered Astronomy 520.)

### 340. Spherical Astronomy (3) I

Prerequisites: Credit or concurrent registration in Mathematics 252 and Physics 197.  
Problems in spherical astronomy, astronomical coordinate systems, time, general precession, and introduction to astronomy. (Formerly numbered Astronomy 304A.)

### 350. Astronomical Techniques (3) II

Prerequisite: Astronomy 340.  
Data acquisition and data reduction for current instrumentation including photoelectric photometry, photographic photometry, and spectroscopy. Techniques for obtaining precise measurements. (Formerly numbered Astronomy 304B.)

### 440. Astrophysics of Stars (3) I

Prerequisites: Credit or concurrent registration in Mathematics 342A and Physics 354A.  
Radiative transfer theory, atmospheres of stars and the emergent spectrum, interior structure and evolution of stars, stellar pulsations. (Formerly numbered Astronomy 312A.)

### 450. Astrophysics of Star Systems (3) II

Prerequisites: Credit or concurrent registration in Mathematics 342A and Physics 354A.  
Applications of physics in study of binary stars, star clusters, the interstellar medium and galactic structure, galaxies, and cosmology. (Formerly numbered Astronomy 312B.)

### 498A. Senior Project (1) I, II

Prerequisite: An acceptable master plan for graduation within one year.  
Selection and design of individual projects.

### 498B. Senior Project (2) I, II

Six hours of laboratory.  
Prerequisite: Astronomy 498A.  
Individual research project culminating in a final written report.

### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

#### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

### 510. Astronomy Research Literature (1) I, II Cr/NC

Prerequisite: Credit or concurrent registration in Astronomy 440.  
Reading and discussion of recent research papers from major astronomical and astrophysical journals. Topic(s) to be specified by instructor. Maximum credit three units.

### 530. Celestial Mechanics (3)

Prerequisite: Physics 350A.  
Fundamental dynamics of celestial bodies, the central force motion, 2-body motion, restricted 3-body and n-body problems. Orbit calculations. First-order perturbations of orbital elements and the motion and dynamics of earth satellites.

### 596. Advanced Topics in Astronomy (2 or 3) I, II

Prerequisite: Consent of instructor.  
Selected topics in theoretical astronomy or astrophysics. May be repeated with new content upon approval of instructor. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

#### GRADUATE COURSES Refer to the Graduate Bulletin.

# Biology

## In the College of Sciences

OFFICE: Life Sciences 104  
TELEPHONE: (619) 594-6767

### Faculty

Emeritus: Alexander, Bohnsack, Clark, Cooper, Crouch, Hazen, Huffman, Kelly, McBlair, Norland, Olson, Ratty, Taylor, Walch, Wedberg

Chair: Paolini

Professors: Archibald, Atkins, Awbrey, Barnett, Baxter, Bernstein, Brandt, Carpenter, Chen, Cohn, Collier, B., Collier, G., Cox, Dexter, Ebert, Estes, Etheridge, Farris, Ford, Frey, Gliembotski, Hemmingsen, Hunsaker, Hurlbert, Johnson, A., Johnson, G., Johnson, K., Krekorian, Krisans, Kummerow, McClenaghan, McLean, Monroe, Moore, Neel, Oechel, Paolini, Parsons, Perrault, Rayle, Reynolds, Rinehart, Sabbadini, Schapiro, Shepard, Sloan, Steenberg, Tsoukas, Virginia, Weiss Bizzoco, Wilson, Zedler, J., Zedler, P., Zyskind

Associate Professors: Allen, Avila, Breindl, Daugherty, Diehl, Futch, Hanscom, Phelps, Plymale, Simpson, Thwaites, Williams, S.  
Assistant Professors: Carmichael, Clouse, Davis, Harris, Williams, K.

Lecturers: Berta, Lewis, Mathewson

### Offered by the Department

- Doctor of Philosophy degree in biology and ecology.
- Master of Arts degree in biology.
- Master of Science degree in biology.
- Master of Science degree in microbiology.
- Major in biology with the B.A. degree in liberal arts and sciences.
- Major in biology with the B.S. degree in applied arts and sciences.
- Emphasis in entomology.
- Major in environmental health with the B.S. degree in applied arts and sciences.
- Major in microbiology with the B.A. degree in liberal arts and sciences.
- Major in microbiology with the B.S. degree in applied arts and sciences.
- Curriculum in medical technology and public health.
- Single subject teaching credential in life sciences in the area of biology.
- Minor in biology.
- Certificate in Recombinant DNA Technology.

### The Majors

**Biology.** The Department of Biology offers a dynamic and modern program in biology which prepares students both academically and practically for vocations in science and science-related fields or for entry into graduate studies. The major is designed to present a basic background in modern biology and in the supportive disciplines of chemistry, mathematics and physics, and to provide specialized training selected by the student from a variety of areas. The wide range of faculty expertise and research interest allows the department to offer a curriculum which includes general and advanced courses in plant and animal sciences, marine sciences, genetics and physiology, ecology, molecular biology, microbiology, immunology, endocrinology, entomology, and evolution and systematics. Special studies opportunities with SDSU faculty and scientists at cooperating institutions allow qualified students to gain research experience on an individual basis.

The department offers a specific program of courses to fulfill the state of California's science requirements for the Single Subject

Teaching Credential in the life sciences. Students successfully completing this program may be granted waivers from the National Teacher Examination and in their senior year enter the Department of Teacher Education's credential program.

The department also offers a program leading to the Recombinant DNA Technology Certificate. The purpose of this program is to prepare undergraduate and graduate students for employment in public and private organizations utilizing recombinant DNA technology.

The department's formal Emphasis in Entomology is designed to prepare students for vocations or further academic training in this field. Subspecialties within the emphasis allow students to focus on agricultural entomology or human and animal health entomology.

The rapid advances in theoretical and applied biology, the growing demands in health care and the expansion of general interest in and concern for the environment are just a few of the factors which continue to increase society's need for biologists. Some examples: a biology degree is the common precursor for the medical, dental, veterinarian and allied health professions; government agencies involved in environment protection, public health and conservation need ecologists, inspectors, laboratory technicians and wildlife, forest, coast and park managers; government and private agriculture agencies need entomologists and botanists; private companies, government laboratories and universities involved in biotechnology need microbiologists and molecular biologists; zoos, wild animal parks and aquaria need zoologists; the secondary school system needs biology teachers; textbook and scientific supply companies need science majors. Whether your goal is to work in a laboratory or a forest, there is opportunity for fulfillment and growth in the field of biology.

**Environmental Health.** Those who are interested in such problems as solid waste disposal, air pollution, hazardous materials and similar environmental concerns, may want to choose a major in environmental health.

The major includes preparatory coursework in biology, chemistry, mathematics, and physics. Upper division students are exposed to a variety of areas concerned with environmental health such as epidemiology, which studies the transmission, distribution and control of diseases; pathogenic bacteriology, which studies agents of disease; and a civil engineering course which examines the treatment of water and wastewater.

Employment opportunities for graduates are keeping pace with the growth of public and legislative interest in environmental health and are plentiful in both the public and private sectors. Graduates may find positions in housing and land development, housing inspection, vector control, safety inspection, environmental impact, industrial hygiene, and occupational health.

The Environmental Health program is approved by the California Department of Health Services to satisfy the academic requirements for registration as a sanitarian. After six months of experience as an assistant sanitarian in a local public health department, an environmental health graduate will be able to take the State of California examination to become a Registered Sanitarian. Registered Sanitarians, also known as public health inspectors, are involved in restaurant inspection, communicable disease investigation, and water and wastewater disposal and management. These individuals, who normally belong to state and national environmental health associations, may also be involved in the areas of food safety, radiation, vector control, and environmental impact.

**Microbiology.** Microbiology is the study of bacteria, viruses, yeasts, molds, algae and protozoa. These microorganisms are found associated with plants and animals, in soil, and in fresh and marine waters. Many of the free-living species participate in maintaining the

quality of our environment. Certain species affect the health and well-being of plants and animals, including humans, by causing infectious diseases. Microorganisms are often used in the molecular biology laboratory as research tools, for experiments in genetic engineering, and in the manufacture of food and chemicals.

The microbiology major is designed to provide the student with a background in basic biology, microbiology, and the disciplines of chemistry, mathematics and physics. The curriculum includes introductory and advanced courses (most with laboratories) in general and pathogenic microbiology, immunology, virology, physiology, and genetics as well as courses in food and industrial microbiology, marine microbiology, and molecular biology.

Microbiologists find positions with governmental agencies, in university and private research laboratories, in biotechnology, medical and industrial laboratories, in schools as teachers, with scientific supply companies, or with textbook companies. Depending on the situation, a microbiologist may conduct fundamental and applied research, identify disease-causing microorganisms in medical or veterinary specimens, participate in studies of the environment (e.g., soil, ocean, lakes), aid in the manufacture of pharmaceuticals, food, or beverages, or provide quality and safety control. The microbiology major is excellent preparation for entrance into medical, dental, veterinarian, and graduate schools. The degree also prepares students to become, after a postgraduate internship, licensed medical technologists or certified public health microbiologists.

## Biology Major

**With the B.A. Degree in Liberal Arts and Sciences**  
(Major Code: 04011)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." A total of 45 upper division units must be taken, of which 24 must be selected from the General Biology Degree Requirements and the list of courses acceptable for electives.

A minor is not required with this major.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

## Biology Major

**With the B.S. Degree in Applied Arts and Sciences**  
(Major Code: 04011)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." A total of 36 upper division units must be selected from the General Biology Degree Requirements and the list of courses acceptable for electives.

A minor is not required with this major.

### General Biology Degree Requirements

**Preparation for the Major.** Biology 200A-200B, 215; Chemistry 200, 201, and 230 or 231; Mathematics 121 and 122, or 150; Physics 180A-180B and 182A-182B. (38-39 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units for the B.A. degree or 36 upper division units for the B.S. degree to include Biology 352, 354, and 356; Chemistry 361A or 560A; and two additional biology laboratory courses. Additional elective courses must be selected from

Biology 350-362, 452-499, and all 500-level courses; at least one of the laboratory or elective courses must be an organism-level course which include Biology 350, 462, 469, 470, 515, 524, 525, and 533; Chemistry 361B; and 400- or 500-level chemistry courses. All courses not included above must have prior approval by the Biology Department Chair, and the approved substitution must be filed with the Evaluations Office.

### Emphasis in Entomology

**Preparation for the Major.** Biology 200A-200B, 215; Chemistry 200, 201, and 230 or 231; Mathematics 121 and 122, or 150; Physics 180A-180B and 182A-182B. (38-39 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Biology 352, 354, 356, 462, 462L, and Chemistry 361A or 560A. The remaining 19 units must be selected from Biology 460, 506, 530, 533, 548, 563, 586, 588, 597A and 597B; Chemistry 361B or 560B, 431, and 567; and Geography 505.

## Environmental Health Major

**With the B.S. Degree in Applied Arts and Sciences**  
(Major Code: 12142)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Biology 200A-200B; Biology 215 or Mathematics 250; Chemistry 200, 201, and 230 or 231, and 250 or 251; Mathematics 121 and 122, or 150; Physics 180A-180B and 182A-182B; Psychology 101 or Sociology 101. (46-47 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 37 upper division units to include Biology 350, 464A-464B, 466, 468A-468B, 561, 586, and 589; Civil Engineering 555 (prerequisites are waived for students in this major); Sociology 410 or Psychology 340; and three units selected from Health Science 345, 351 or 355, Public Administration and Urban Studies 320.

## Microbiology Major

**With the B.A. Degree in Liberal Arts and Sciences**  
(Major Code: 04111)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Biology 200A-200B; Biology 215 or Mathematics 250; Chemistry 200, 201, and 230 or 231, and 250 or 251; Mathematics 121 and 122, or 150; Physics 180A-180B and 182A-182B. (43-44 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. It is recommended that students select French, German or Russian to satisfy this requirement. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 28 upper division units to include Biology 350, 352, 354, 356, 585, and Chemistry 361A; at least one laboratory course selected from Biology 521 and 521L, 528, 552 and 552L, or 589; and at least four additional units selected from Biology 513, 513L, 514, 549, 549L, 551, 551L, 553, 584, 591, and Chemistry 361B.

## Microbiology Major

**With the B.S. Degree in Applied Arts and Sciences**  
(Major Code: 04111)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Biology 200A-200B; Biology 215 or Mathematics 250; Chemistry 200, 201, 230 or 231, 250 or 251; Mathematics 121 and 122, or 150; Physics 180A-180B and 182A-182B. (43-44 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 40 upper division units to include Biology 350, 352, 354, 356, 549, 550 or 582, 585, and Chemistry 361A-361B; at least one laboratory course selected from Biology 521 and 521L, 528, 552 and 552L, and 589; and at least seven additional units selected from Biology 499 (maximum of three units), 513, 513L, 521, 521L, 528, 549L, 551, 551L, 552, 552L, 553, 578, 584, 585L, 586, 587, 588, 589, 591, 593, 594, and Chemistry 467 or 567.

**NOTE:** Biology 578, 582, 586, 588, and Chemistry 467 are specifically included in the major for students in the Medical Technology and Public Health curriculum described below. Students not following this curriculum should check with a microbiology adviser before selecting these courses.

## Medical Technology and Public Health Curriculum

**In Applied Arts and Sciences**

The curriculum in medical technology and public health is a program of required and elective courses within the microbiology major for the B.S. degree which prepares students for the Public Health Microbiologist and Clinical Laboratory Technologist academic certification and licensing examinations.

Courses in this curriculum are the required Biology 350, 352, 354, 356, 549, 582, 585, and Chemistry 361A-361B, and the electives 585L and 589 (the latter satisfies the laboratory elective requirement of the major). The remaining minimum of five elective units should be chosen in consultation with the medical technology adviser from Biology 549L, 550, 552, 552L, 553, 578, 586, 587, 588, 594, and Chemistry 467 or 567. After completion of the degree requirements, a one-year internship at an approved laboratory must precede the examination for licensing or certification for medical technologists.

## Biology Major

**For the Single Subject Teaching Credential in Life Sciences**  
**With the B.S. Degree in Applied Arts and Sciences**  
(Major Code: 04011)

This major may be used as an undergraduate major for the B.S. degree in applied arts and sciences.

Completion of the major and approval by the department's credential adviser waives the National Teacher Examination requirement of the postgraduate credential program. Other requirements of that program are described in the Single Subject Credential section of Teacher Education in this catalog. It is recommended students enroll in Teacher Education 453 in the second semester of their senior year.

**Preparation for the Major.** Biology 200A-200B, 215; Chemistry 200, 201, and 230 or 231; Mathematics 121 and 122 or 150; Physics 180A-180B and 182A-182B. (38-39 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Biology 350, 352, 354, 356, and 452; Biology 515 or 517; Biology 470 or 522 or 527 or 577; Biology 358 or 460 or 533 or 563; Biology 590 and Chemistry 361A. Chemistry 361B is strongly recommended to attain the 20 chemistry units necessary for the supplementary credential in chemistry.

## Biology Minor

The minor in biology consists of a minimum of 20 units in biology and other fields to include Biology 100 and 100L or 200A, and at least 12 upper division units selected from one of the areas listed below.

### Animal Behavior

Biology 339 or 527; and at least two courses selected from Biology 307, 324, 330, 336, 362, 454, 462, 524, 527, and Anthropology 500 or Psychology 417.

### Cell Biology and Genetics

Biology 200B and 215; Chemistry 200, 201, 230 or 231, and 361A or 560A; and at least two courses selected from Biology 350, 352, 356, 532, 549, 550, 563, 576, and 590.

### Ecology

Biology 354 or 454; and at least two courses selected from Biology 140, 324, 330, 339, 350, 358, 359, 361, 462, 513, and 544.

### Evolutionary Biology

Biology 319 or 354 or 532; and at least two courses selected from Biology 321, 352, 358, 359, 471, 522, and Natural Science 431.

### Human Biology

Biology 261 or 336 or 410; and at least two courses selected from Biology 150, 307, 321, 327, 350, 362, 474, 480, 577, 580, and 590.

### Marine Biology

Biology 324 or 515; and at least two courses selected from Biology 339, 454, 513, 514, 515, 517, 518, 519, 520, and 524.

### Plant Biology

Biology 358 or 533; and at least two courses selected from Biology 324, 330, 359, 362, 460, 514, 528, 530, 533, and 563.

### Secondary Education Biology

Biology 452 and at least one course from each group: Biology 336, 522, 580, or 590; Biology 319 or 354; Biology 358, 362, or 533; Biology 462, 469, 470, 520, 523, 524, 525, or 527; Biology 324 or 515. Basic courses in genetics, microbiology, and organic chemistry are recommended.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Recombinant DNA Technology Certificate

Matriculated students must apply for admission to the program before completion of 15 certificate units and must complete all prerequisite and required courses with a GPA of 2.5 or better and required courses Biology 550, 551, and 551L with grades of B or better.

The certificate requires 16 prerequisite units—Biology 350, 352, 356; Chemistry 250 or 251; and 28 certificate units—Biology 498 (5 units), 550, 551, 551L; Biology 594; Chemistry 560A-560B or 361A-361B, and 567; and Biology 549, Biology 550, 551, and 551L must be taken at San Diego State University, either in residence or through Open University. Upper division prerequisite and certificate units which may be applied to the major for B.S. degrees in biology, chemistry (biochemistry emphasis), and microbiology are 30, 21, and 20 units, respectively.

Courses in the certificate may not be counted toward the minor.

## Courses

### LOWER DIVISION COURSES

#### 100. General Biology (3) I, II

Prerequisite recommended: Concurrent registration in Biology 100L.

A beginning course in biology stressing processes common to living organisms. Not open to biological sciences majors.

#### 100L. General Biology Laboratory (1) I, II

Three hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 100.

A laboratory course in biology stressing processes common to living organisms.

#### 110. Evolution and Diversity of Animals (3)

Animal adaptation and diversity and their relationship to the development of evolutionary theory. Not open to biological sciences majors.

#### 110L. Evolution and Diversity of Animals Laboratory (1)

Three hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 110.

Laboratory course on evolution and diversity of animals involving field trips and laboratory investigations.

#### 120. Microbiology and Man (3) I, II

The biology of microorganisms and their significance in disease, agriculture, sanitation and industry. Not open to nursing, foods and nutrition, and biological sciences majors.

#### 120L. Microbiology and Man Laboratory (1) I, II

Three hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 120.

Laboratory exercises designed to complement material presented in Biology 120.

#### 130. Plants and Man (3) I, II

Basic structure and function of plants with emphasis on the interrelationships of plants and man. Not open to biological sciences majors.

#### 130L. Plants and Man Laboratory (1) I, II

Prerequisite: Credit or concurrent registration in Biology 130.

Observation, experimentation and demonstration of plants and their activities, emphasizing practical applications. Topics include plant cell structure and division, photosynthesis, mineral nutrition, morphology, anatomy, asexual and sexual reproduction, growth and development, and diversity.

#### 140. Ecosystems and Man (3)

Prerequisite: A high school or college general biology course.

Man's ecosystem interrelationships: past, present and future. Examination of how human activities disturb stable ecosystem relationships and how they may be modified to reestablish steady-state patterns of ecosystem function. Not open to biological sciences majors.

#### 150. Human Anatomy (4) I, II

Two lectures and six hours of laboratory.

Prerequisite: An introductory course in high school biology or zoology.

Gross and microscopic anatomy of the organ system of the human body.

#### 160. Introduction to Heredity (3) I, II

Hereditary mechanisms and consideration of the social implications of recent and expected developments in the field of heredity. Not open to biological sciences majors.

#### 200A-200B. Principles of Biology (4-4) I, II

Three lectures and three hours of laboratory.

Prerequisites: A college course in chemistry is prerequisite to Biology 200A; Biology 200A is prerequisite to 200B.

Principles of biology governing all living organisms; includes diversity and evolution of plants and animals, concepts of genetics, ecology, physiology, reproduction and development.

#### 210. Fundamentals of Microbiology (4) I, II

Two lectures and six hours of laboratory.

Prerequisites: Chemistry 100 and 130, or 200 and 201. Students with credit in Biology 120 may enroll but will receive only one additional unit of credit.

A course for nursing and foods and nutrition majors. Study of the microorganisms of the environment, including the disease-producing organisms, their actions and reactions.

#### 215. Introduction to Quantitative Biology (3) I, II

Two lectures and three hours of laboratory.

Prerequisites: Mathematics 121 or 140; credit or concurrent registration in Biology 200B.

Methods and experience in defining and solving quantitative problems in biology, including the design of experiments, and parametric and nonparametric statistical techniques. Students with credit or concurrent registration in the following lower division courses will be awarded a total of four units for the two (or more) courses: Biology 215, Economics 201, Engineering 140, Mathematics 119, 250, Political Science 201, Psychology 270, and Sociology 201.

#### 248. Careers in Biological Sciences (1) I Cr/NC

Career opportunities in biological sciences. Specialists in major biological areas will present information about their fields and how best to prepare for careers.

#### 250. Preprofessional Topics (1) Cr/NC

A. Topics in Medicine.

B. Topics in Dentistry.

C. Topics in Veterinary Medicine.

Designed to expose the preprofessional student to the profession of his/her choice through speakers and selected readings. Emphasis on alternatives and meeting stresses as a preprofessional student.

Maximum combined credit three units for 250A, 250B and 250C.

#### 261. Human Physiology (4) I, II

Three lectures and three hours of laboratory.

Prerequisites: Chemistry 100; Biology 150; credit or concurrent registration in Chemistry 130.

Human function viewed from cellular through organ system levels of organization. Intended primarily for prenursing students. Not open to biological sciences majors. (See Biology 590).

#### 277. Medical Terminology (2) I

Prerequisite: Biology 200B.

Words and word components used in medical and allied medical practice translated, investigated, and applied.

#### 291. Biology Laboratory (1) I, II

Prerequisites: Recommendation by department and consent of instructor.

Special course to allow makeup of program laboratory deficiencies. Student will be assigned to the laboratory portion of appropriate course.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES

#### (Intended for Undergraduates)

#### 301. Agricultural Botany of the Imperial Valley with Laboratory (4) (Offered at IVC only)

Three lectures and three hours of laboratory.

Basic botany of economically important plants using farming techniques and crops from the Imperial Valley as examples. Emphasis on relationships between human society and development of systematic agriculture. Plants examined in laboratory and on local field trips. Not applicable to the biological sciences majors.

#### 307. Biology of Sex (3) I, II, S

Prerequisite: Completion of the General Education requirement in Foundations, II.A. Life Sciences.

Reproductive adaptations in humans, and comparatively in other species. Topics include sex differences, mate choice and mating behavior, fertility regulation, fertilization and embryonic development, sex ratios, parental investment, effects of aging, and life history strategies. Not applicable to the biological sciences majors.

#### 319. Evolution (3)

Prerequisite: A college course in biological sciences.

Modern theory of organic evolution with emphasis on processes involved as they relate to past, present, and future evolution of mankind. Not open to biological sciences majors.

#### 321. Human Heredity (3) I, II

Prerequisite: A college course in biological sciences.

Selected principles of human inheritance with emphasis on relationships to other fields of human studies. Not open to students with credit in Biology 160 or to biology majors.

#### 324. Life in the Sea (3)

Prerequisite: A college course in biological sciences.

Overview of complexity of marine life. Diverse interactions of organisms in the intertidal zone, over the continental shelves and in the open oceans. Current controversies concerning the marine biosphere. Not applicable to the biological sciences majors.

#### 327. Microbes: The Key to the Future (3)

Prerequisite: Completion of the General Education requirement in Foundations, II.A. Life Sciences.

Use of microbes in developing alternate energy sources, treatments for infectious diseases and cancers, methods for recycling of wastes, and application of recombinant DNA. Not open to biological sciences majors.

#### 330. Natural History of Animals and Plants (3)

Prerequisite: A college course in biological sciences.

Ecology, behavior, and diversity of animals and plants and their interactions; the evolution of natural history characteristics. Emphasis on local species. Not applicable to the biological sciences majors.

#### 330L. Natural History of Animals and Plants Laboratory (1)

Three hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 330.

Laboratory in natural history of animals and plants, with emphasis on field observations of the local species. Not applicable to the biological sciences majors.

#### 336. Principles of Human Physiology (3) I, II

Prerequisite: A college course in biological sciences.

Systems of the human body, their interrelationships and control systems which regulate them. Not open to students with credit in Biology 261, 410 or 590. Not applicable to the biological sciences majors.

#### 336L. Human Physiology Laboratory (1) I, II

Three hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 336.

Laboratory work in human physiology. Not open to students with credit in Biology 261. Not applicable to the biological sciences majors.

#### 339. Sociobiology (3)

Prerequisite: Biology 100 or 110 or Anthropology 102 or Psychology 101.

Biological bases of social behavior with emphasis on evolution, cooperation, and adaptive significance of social behavior. Not applicable to the biological sciences majors.

#### 341. The Human Body (3) I, II

Survey of the human body with emphasis on intricacy of the design and integration of the various organ systems. Not open to nursing, physical education, or biological sciences majors, or to students with credit in Biology 150.

#### 341L. The Human Body Laboratory (1)

Three hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 341. Examination of the organ systems of the human body.

#### 350. General Microbiology (4) I, II

Two lectures and six hours of laboratory.

Prerequisites: Chemistry 230 or 231; Biology 200B.

The actions and reactions of microorganisms in response to their environment, both natural and as changed by other organisms, including man. Also includes an introduction to the pathogens.

#### 352. General Genetics (3) I, II

Prerequisites: Biology 200A-200B; 215; credit or concurrent registration in Chemistry 361A.

Principles of transmission genetics, population genetics and evolution, and molecular genetics. Not open to students with credit in Biology 351, 357 or 546.

#### 354. Ecology and Evolution (3) I, II

Prerequisites: Biology 200A-200B; 215.

Fundamental concepts in population and community ecology and evolutionary biology. Not open to students with credit in Biology 353.

#### 354L. Experimental Ecology and Evolution (2) I, II

One hour of discussion and three hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 354.

Methods of research in ecology and evolutionary biology; approaches to analysis of populations and communities.

#### 356. Cell Biology (5) I, II

Three lectures and six hours of laboratory.

Prerequisites: Biology 200A-200B; 215; Chemistry 361A; Physics 180A-180B, 182A-182B.

Structure and function of prokaryotic and eukaryotic cells and cell organelles.

#### 358. California Flora (3)

Two lectures and three hours of laboratory (Field).

Prerequisite: Biology 200B.

Local native and naturalized plants in San Diego County and selected areas of California. Identification of plants and plant communities.

#### 359. Endangered and Extinct Species (3)

Prerequisite: A college course in biological sciences.

Examination of reasons that some plants and animals become rare, endangered and extinct. Emphasis on man's activities as pressure that often leads to extinction.

#### 361. Energy and Environment (3)

Prerequisites: A college course in biological sciences and a college course in physical sciences (chemistry preferred).

Ecological implications of energy extraction, use, and development. Emphasis on policy issues.

#### 362. Plants, Medicines, and Drugs (3)

Prerequisite: A college course in biological sciences.

Medicinal plants, toxic-poisonous plants, herbal medicines, psychoactive plants, preparation of medicines and mechanisms of action; current research results on medicinal plants and drugs used in diseases such as diabetes, cancer, and heart diseases.

#### 410. Integrated Human Physiology (4)

Three lectures and three hours of laboratory.

Prerequisites: Biology 100 and 100L; Chemistry 100 and 130.

Human physiological systems and their regulation; emphasis on nutritional influences. Not open to students with credit in Biology 261, 336, or 590. Not applicable to the biological sciences majors.

**452. Biology Concept Development and Integration (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Senior standing, or student in a life sciences single subject credential program.

Development and integration of biological science content knowledge, introduction to learning theory, and transformation of knowledge. Designed for students preparing for the single subject teaching credential in life sciences.

**454. Conservation of Wildlife (3) I, II**

Prerequisite: A college course in biological sciences.  
Plant and animal resources with emphasis on their conservation and intelligent use.

**460. Agricultural and Economic Botany (4)**

Three lectures and three hours of laboratory.  
Prerequisite: Biology 200B.

Plants of agricultural, economic, and historical importance. Topics include plant genetics, agricultural breeding and propagation techniques, vegetables and fruits, spices and herbs, beverage plants, wood, and plant fibers. Plant morphology, anatomy, and taxonomy.

**462. Introductory Entomology (3)**

Prerequisite: Biology 200B.  
Morphological and behavior adaptations, natural history, and overall importance of insects.

**462L. Introductory Entomology Laboratory (1)**

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Biology 462.  
External and internal structure of insects; insect classification.

**464A-464B. Principles of Environmental Health (3-3)**

Two lectures and three hours of laboratory.  
Prerequisites: Biology 215 or Mathematics 250; and Biology 350.  
General principles of environmental sanitation, including the relationship of the various aspects of physical environment to preventive medicine; the provision of clean air and water, proper waste disposal, safe food supply, and adequate habitation.

**466. Environmental Health Administration (3)**

Prerequisite: Biology 464A.  
Concepts of organization and administration applied to environmental health; factors affecting these at the local, national and international levels.

**468A-468B. Epidemiology (2-2)**

Prerequisite: Biology 589; Biology 215 or Mathematics 250.  
Study of the transmission, distribution, and control of infectious and noninfectious diseases in the community.

**469. Biology of Invertebrates (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Biology 200B.  
Form, function and ecological roles of major terrestrial, fresh water, marine, and parasite invertebrate groups. Evolution of their adaptations and methods for their study.

**470. Biology of Vertebrates (4)**

Three lectures and three hours of laboratory.  
Prerequisite: Biology 200B.  
An introductory course in the biology of the vertebrates with emphasis on the vertebrate organism as a whole; anatomy, physiology, development, and evolution.

**471. Analysis of Evolutionary Criticism (3)**

Prerequisite: Upper division standing in physical or life sciences.  
Evolutionary theory examined through study of criticisms against it. Fringe science ideas examined for value as object lessons.

**474. Histology (4)**

Two lectures and six hours of laboratory.  
Prerequisite: Biology 200B. Recommended: Biology 150.  
Descriptive microscopic anatomy of cells, tissues and organs of mammals with special emphasis on humans.

**480. Biology of Aging (3)**

Prerequisite: Biology 100 or 200B.  
Concepts and theories of aging in biological systems from the population to the molecular level.

**495. Methods of Investigation (2)**

One discussion and three additional hours to be arranged.  
Prerequisites: Consent of instructor and senior standing.  
Selection and design of individual research in biology or microbiology; oral and written reports. See Class Schedule for specific content. Maximum credit four units.

**496. Experimental Topics (1-4)**

Selected topics. May be repeated once with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**498. Laboratory Experience in Modern Industrial Technology (1-5) I, II Cr/NC**

Up to 20 hours per week in academic year, 40 hours per week in summer or winter sessions.  
Prerequisites: Fifteen upper division units in biological sciences with grades of A or B and consent of instructor.  
Practical laboratory experience in local industrial laboratories or in SDSU campus laboratories emphasizing current technology. Maximum credit five units.

**499. Special Study (1-3) I, II**

Prerequisites: Upper division status in good standing and consent of instructor.  
Individual study. Maximum credit six units for any combination of Biology or Chemistry 499.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**506. Special Topics in Entomology (3-4)**

Two lectures and three hours of laboratory.  
Prerequisite: Biology 356 or 462.  
Treatment of some aspect of entomology, such as biological control, microbial control or forest entomology, not covered in regularly scheduled courses. See Class Schedule for specific content. Maximum credit nine units. Maximum credit six units applicable to a master's degree.  
Format of course to vary according to the nature of the selected topics.  
A. Lecture course.  
B. Lecture and laboratory course. See Class Schedule for lecture/lab format.

**513. Marine Microbiology (2)**

Prerequisites: Biology 350 or an introductory course in microbiology and consent of instructor.  
Microbiological population of estuary and ocean waters; interrelationships with other organisms and the physical and chemical environment.

**513L. Marine Microbiology Laboratory (2)**

Six hours of laboratory.  
Prerequisite: Credit or concurrent registration in Biology 513.

**514. Phycology (4)**

Three lectures and three hours of laboratory.  
Prerequisite: Biology 200B.  
Morphology and phylogenetic relationships of the algae.

**515. Marine Invertebrate Zoology (4)**

Two lectures and six hours of laboratory.  
Prerequisite: Biology 200B.  
Structure and function, ecology, behavior, physiology and phyletic relationships of marine invertebrate animals.

**517. Biological Oceanography (4)**

Two lectures and six hours of laboratory.  
Prerequisite: Biology 354 or 515.  
Ecological concepts as applied to pelagic and benthic marine organisms and their environment. Field and laboratory experience in oceanographic techniques, particularly the coastal environment.

**518. Fisheries Biology (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Biology 354.  
Fisheries of commercial importance. The dynamics of exploited populations.

**519. Aquaculture (3)**

Prerequisite: Biology 200B.  
Principles and practices of the farming of aquatic organisms.

**520. Ichthyology (4)**

Two lectures and six hours of laboratory.  
Prerequisite: Biology 200B.  
Identification, systematics, evolution, structure, physiology, behavior and ecology of fishes.

**521. Advanced General Microbiology (2)**

Prerequisites: Biology 350 or an introductory course in microbiology and consent of instructor.  
Taxonomy, comparative physiology and ecology of representative microorganisms found in various natural environments.

**521L. Advanced General Microbiology Laboratory (2)**

Six hours of laboratory.  
Prerequisite: Credit or concurrent registration in Biology 521.  
Methods and procedures for the selective isolation and characterization of important groups of soil and water bacteria.

**522. Evolution of Vertebrate Structure (4)**

Two lectures and six hours of laboratory.  
Prerequisite: Biology 200B.  
Structural changes that have occurred in organ systems of vertebrates during the course of evolution.

**523. Herpetology (4)**

Three lectures and three hours of laboratory.  
Prerequisites: Biology 200B and consent of instructor.  
The origin, evolution, distribution and systematics of amphibians and reptiles of the world.

**524. Ornithology (4)**

Two lectures, six hours of laboratory or field excursions, and a field project.  
Prerequisites: Biology 200B and consent of instructor.  
The study and identification of birds, especially those of the Pacific Coast and the San Diego region.

**525. Mammalogy (4)**

Two lectures and six hours of laboratory.  
Prerequisites: Biology 215 and consent of instructor.  
The evolution, systematics, distribution and ecology of mammals of the world.

**527. Animal Behavior (4)**

Two lectures and six hours of laboratory.  
Prerequisites: Biology 215; Biology 200B or Psychology 211 and 260 for psychology majors.  
Biological bases of animal behavior with emphasis on the ethological approach, including the evolution and adaptive significance of behavior.

**528. Mycology (4)**

Two lectures and six hours of laboratory.  
Prerequisite: Biology 200B.  
The structure, food relations, and classification of fungi.

**530. Plant Systematics (4)**

Two lectures and six hours of laboratory, field trips.  
Prerequisite: Biology 200B.  
Plant description, identification, classification, and nomenclature with emphasis on evolutionary patterns, interdisciplinary data acquisition, and phylogenetic analysis.

**532. Genetics and Evolution (3)**

Prerequisites: Biology 352 and 354.  
Contributions of genetics to theory of evolution. Processes of microevolution and speciation. Topics include cytogenetics, and population, quantitative, molecular, and behavior genetics.

**533. Plant Structure and Function (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Biology 200B.  
Relationships between plant structure and function. Morphology and anatomy of vascular plants considering specific function of plant organs. Approaches to solve plant morphological problems. Techniques of plant anatomy.

**534. Plant-Soil Ecology (3)**

Prerequisite: Biology 200B. Recommended: Geography 505.  
Plant-soil relationships from an ecological perspective. Biotic interactions controlling soil fertility and plant growth.

**536. Plant-Microbe Interactions: From Molecules to Ecosystems (3)**

Prerequisites: Biology 352, 354; Chemistry 361A.  
Current theories of plant-microbe interactions including recognition, specificity, and regulation of ecosystem structure and function. Emphasis on modern molecular and population theories.

**539. Restoration Ecology (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Biology 354.  
Ecological concepts pertaining to the restoration of disturbed ecosystems, including plant establishment, stability of man-made ecosystems, below-ground biota, mineral cycling, succession, and other organisms and processes on disturbed lands.

**540. Conservation Ecology (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Biology 354.  
Human impacts on ecosystems, the resultant endangerment and extinction of plant and animal species, and strategies for the protection and recovery of threatened forms.

**542. Ecology of Genetically Engineered Organisms (3)**

Two lectures and one hour of colloquium.  
Prerequisites: Biology 200A-200B. Recommended: Biology 350 and 354.  
Engineered organisms in agriculture and pollution abatement, basic procedures used to develop engineered organisms, and ecological and sociological implications of their use.

**543. Ecological Methods (1-3)**

Three hours of laboratory per unit.  
Prerequisites: Biology 215 and 354 or 454.  
Modular course in vegetation sampling, ecophysiological methods, plankton sampling, benthic community/population analysis, and ecological data analysis. See Class Schedule for specific content. Maximum credit three units.

**544. Ecology of Renewable Resources (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Biology 354 or 454.  
Ecological principles in exploitation and management of forest, range, watershed, and recreation lands for sustained human benefit.

**545. Limnology (4)**

Three lectures and three hours of laboratory.  
Prerequisite: Biology 354.  
Biological, chemical, and physical considerations of inland waters.

**547. Regional Field Studies in Biology (1-3)**

One- to three-week periods during vacations and summer sessions; may be combined with class meetings during academic year.

Prerequisites: At least twelve units in the biological sciences, including Biology 200B, and consent of instructor.

Extended field studies of the flora, fauna, and biotic communities of major natural regions of western North America. May be repeated with new content. Maximum credit six units.

**548. Systems Ecology (4)**

Three lectures and three hours of laboratory.

Prerequisites: Biology 354 and 354L, Mathematics 122 or 150, and consent of instructor.

Theory and techniques of systems analysis and mathematical modeling as applied to ecological problems.

**549. Microbial Genetics and Physiology (2)**

Prerequisites: Biology 350, 352; Chemistry 361A.

Physiology of microbial growth, bacterial structure and function, genetics of bacteriophages and bacteria.

**549L. Microbial Genetics and Physiology Laboratory (2)**

Six hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 549.

Experimental techniques in microbial genetics and physiology.

**550. Prokaryotic and Eukaryotic Molecular Biology (4) I, II**

Prerequisites: Biology 352 and 356; Chemistry 361A, 361B.

Gene structure, organization and regulation in prokaryotes and eukaryotes. Mechanisms of RNA and protein synthesis. Dynamic aspects of the genome.

**551. Recombinant DNA (3) I, II**

Prerequisites: Chemistry 361A; Biology 350, 352, 356, 550.

Theory and practice of recombinant DNA techniques.

**551L. Recombinant DNA Laboratory (2) I, II**

Six hours of laboratory.

Prerequisites: Biology 350 and 550.

A laboratory course in recombinant DNA techniques.

**552. General Virology (2)**

Prerequisite: Biology 350. Recommended: Biology 585 and 589.

Viruses, their structure, function, culture, and methods of study.

**552L. General Virology Laboratory (2)**

Six hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 552.

The culture, isolation, and characterization of viruses.

**553. Molecular Approaches in the Medical Laboratory (3) I**

One lecture and six hours of laboratory.

Prerequisites: Biology 350 and 356; Chemistry 361A, 361B.

Application of recombinant DNA and molecular cell biology techniques in modern medical laboratory: theory and practice.

**561. Radiation Biology (3)**

Prerequisites: Physics 180B and 182B; Biology 100 or 200B. Recommended: Biology 356.

Principles underlying radiological reactions of ionizing radiations. Effects of ionizing radiations at the biochemical, cell, organ, and organism levels.

**561L. Radiation Biology Laboratory (2)**

Six hours of laboratory.

Prerequisite: Credit or concurrent registration in Biology 561.

The laboratory determination of the effects of ionizing radiation on biological systems.

**563. Plant Physiology (3)**

Prerequisites: Biology 200B; Chemistry 230 or 231.

Activities of plants, including photosynthesis, ion transport, translocation, water relations, growth and development.

**564. Topics in Cellular Biology (3)**

Prerequisite: Biology 356 or Chemistry 361A-361B or Chemistry 560A-560B.

Topics selected from chromatin structure function and regulation; cell cycle analysis and regulation; cellular membrane formation, structure and function. Other topics irregularly scheduled. Maximum credit six units.

**567. Molecular Endocrinology (3)**

Prerequisite: Biology 356.

Molecular mechanisms of endocrine hormone biosynthesis, secretion, and actions.

**569. Molecular Pharmacology (3)**

Prerequisite: Biology 356. Recommended: Biology 567.

Molecular mechanisms of pharmaceutical agents. Emphasis on drugs that interact with nervous and endocrine systems.

**576. Developmental Biology (3)**

Prerequisite: Biology 352.

Analysis of development with emphasis on embryonic differentiation.

**577. Embryology (4)**

Two lectures and six hours of laboratory.

Prerequisite: Biology 200B.

Studies in comparative gametogenesis, morphogenesis, and reproductive physiology.

**578. Immunohematology (2) II**

Prerequisite: Biology 350. Recommended: Biology 585.

Theory of blood grouping and typing with emphasis on recent advances. Procedures for identification of immune disorders and tests to determine compatibility.

**580. Advanced Human Anatomy (4)**

Two lectures and six hours of laboratory.

Prerequisite: Biology 150 or 522.

Comprehensive dissection and study of human cadavers with major emphasis on the regional approach.

**582. Hematology (4) I, II**

Two lectures and six hours of laboratory.

Prerequisite: Biology 350.

The study of normal and pathological blood with chemical, physical and microscopic methods.

**584. Immunochemistry (3)**

Prerequisite: Chemistry 361A.

Structure and function of the immunoglobulins and the chemical and physical nature of the antigen-antibody reaction.

**585. Immunology (2) I, II**

Prerequisites: Chemistry 361A and one upper division biological science course.

Immunochemistry of antigens and antibodies; their interactions *in vitro* and *in vivo*. Cellular immune mechanisms. Immunopathologies.

**585L. Immunology Laboratory (2) I, II**

Six hours of laboratory.

Prerequisites: Biology 350 and credit or concurrent registration in Biology 585.

Cellular immunological techniques.

**586. Medical Entomology (4)**

Three lectures and three hours of laboratory. See Class Schedule for lecture/lab format.

Prerequisite: Biology 200B.

The role of insects and other arthropods in the transmission and causation of human diseases and the important diseases of domesticated animals.

**587. Medical Mycology (4) II**

Two lectures and six hours of laboratory.

Prerequisite: Biology 350.

Mycotic agents of disease in human and other animals. Consideration of the biology of fungi; concepts of host-parasite relationships, including factors affecting virulence and immunity. Experience in systematic identification.

**588. Parasitology (4)**

Two lectures and six hours of laboratory.

Prerequisite: Biology 200B.

Study of animal parasites with special reference to those of humans. Laboratory including identification of important human parasites, and collection and preservation of local forms.

**589. Pathogenic Bacteriology (4) I, II**

Two lectures and six hours of laboratory.

Prerequisites: Biology 350 with a minimum grade of C; Chemistry 250 or 251. Recommended: Chemistry 361A.

Bacterial and rickettsial agents of disease in man and other animals. Consideration of host-parasite relationships, the biology of the inciting agents and mechanisms of host resistance. Laboratory experience in isolation and identification of bacterial pathogens.

**590. Physiology of Human Systems (4)**

Three lectures and one hour of discussion.

Prerequisites: Physics 180B and 182B; Biology 200B. Recommended: Chemistry 361A and 361B or Biology 356.

Human physiology presented at cellular and organ system levels: membrane transport, nerve excitation, muscle contraction, cardiovascular physiology, kidney function, hormone function, reproduction and digestion. For students majoring in a natural science or engineering.

**591. Advanced Immunology (3) I**

Prerequisites: Biology 356 and 585; Chemistry 361B.

Cellular and molecular aspects of the immune response. Genetics of immunoglobulins, major histocompatibility complex, lymphocyte activation and its manifestations on the immune response, and contemporary immunological research techniques.

**593. Introduction to Scanning Electron Microscopy (2)**

One lecture and three hours of laboratory.

Prerequisite: Biology 200B.

Theory and use of a scanning electron microscope for biological research. Laboratory is project oriented.

**594. Radioisotope Techniques in Biology (4)**

Two lectures and six hours of laboratory.

Prerequisites: Physics 180B and 182B; Biology 100 or 200B. Recommended: Biology 356 and Chemistry 250 or 251.

The principles and application of radioisotopes in biology. Radioisotope measurement, safe handling, tracer and radioautography techniques.

**595. Computers in Biomedical Research (3)**

Prerequisite: Biology 356 or 590. Recommended: Computer Science 107.

Application of micro- and minicomputers to tasks encountered by biomedical scientists in research laboratories (data acquisition and reduction, experiment control) and by physicians in medical care delivery (noninvasive imaging, clinical laboratory automation, patient file processing).

**596. Special Topics in Biology (1-3)**

Prerequisite: Consent of instructor.

Advanced selected topics in modern biology. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 with three units applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**597A. Univariate Statistical Methods in Biology (3)**

Two lectures and three hours of laboratory.

Prerequisites: Biology 215, and 350 or 352 or 354 or 356.

Application of univariate statistical techniques in biological sciences. (Formerly numbered Biology 597.)

**597B. Multivariate Statistical Methods in Biology (3)**

(Same course as Mathematics 555.)

Two lectures and three hours of laboratory.

Prerequisites: Biology 215, and 350 or 352 or 354 or 356.

Application of multivariate statistical methods in biological sciences.

**598. Cardiovascular Physiology (3)**

Two lectures and three hours of laboratory.

Prerequisite: Biology 356. Recommended: Biology 590.

Physiology of human heart and circulatory system in health and disease; processes are considered at molecular, cellular, and systemic levels. Topics include cardiac cell ultrastructure, cell energetics, vascular and cardiac dynamics, electrophysiology, pathology, diagnosis and treatment of disease.

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

# Chemistry

In the College of Sciences

The Department of Chemistry is on the approved list of the American Chemical Society.

## Faculty

Emeritus: Harrington, Isensee, Joseph, Rowe, Spangler, Walba, Wick

Chair: Ring

Professors: Abbott, Bennett, Cobble, Coffey, Dahms, Grubbs, Hellberg, Jensen, Jones, Landis, Laub, Lebherz, Malik, Malley, Mathewson, O'Neal, Richardson, Ring, Roeder, Sharts, Stewart, Stumph, Tong, Wadsworth, Woodson

Associate Professors: Chatfield, Cole

## Offered by the Department

Doctor of Philosophy degree in chemistry.

Master of Arts degree in chemistry.

Master of Science degree in chemistry.

Major in chemical physics with the B.S. degree in applied arts and sciences.

Major in chemistry with the B.S. degree in applied arts and sciences with the Certificate of the American Chemical Society.

Emphasis in biochemistry.

Major in chemistry with the B.A. degree in applied arts and sciences, with or without the Certificate of the American Chemical Society.

Single subject teaching credential in physical sciences in the area of chemistry.

Minor in chemistry.

## The Major

Through the study of chemistry students can better understand their environment and develop new materials that provide for a higher quality of life. Chemists are involved in a wide range of careers in research, development and the production of new substances and the means to predict their chemical and physical properties. In developmental chemistry, professionals find ways to put them to use. There are careers in methods of production to provide these materials to society in a cost-effective way. In each of these areas, there are specialties in analytical, biochemical, inorganic, organic, and physical chemistry.

The Department of Chemistry offers five degree programs leading to the Bachelor of Arts degree, the Bachelor of Science degree, the Master of Arts degree, the Master of Science degree, and the Doctor of Philosophy degree (with the University of California, San Diego).

There are several options available in the undergraduate program for those wishing either a major or a minor in chemistry. A chemistry major with the Bachelor of Science degree and certificate of the American Chemical Society is designed to qualify students for many types of positions as chemists and for admission to graduate study.

The chemistry major with the Bachelor of Arts degree and certificate of the American Chemical Society is specifically designed to prepare students for careers and graduate work requiring a strong chemistry background. This program requires preparatory courses in botany and zoology, in addition to chemistry, physics, and mathematics classes. With an appropriate choice of electives, graduates can meet the requirements for admission to medical, dental and pharmaceutical schools. A minor in biology is recommended.

The use of chemistry electives allows a student to focus on a particular area in chemistry such as analytical chemistry, biochemistry, bioinorganic chemistry, chemical physics, inorganic chemistry, organic chemistry, or physical chemistry.

OFFICE: Chemistry/Geology 305  
TELEPHONE: (619) 594-5595

## Chemical Physics Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 19081)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." Individual master plans for each student are filed with the chemistry and physics undergraduate advisers and the Evaluations Office.

A minor is not required with this major.

**Preparation for the Major.** Chemistry 200, 201, 231, 251; Mathematics 150, 151, 252; Physics 195, 195L, 196, 196L, 197, 197L (44 units)

Recommended: A course in computer programming.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 45 upper division units to include Chemistry 410A-410B, 431, 457, 520A, 550; Mathematics 342A-342B; Physics 311, 350A, 354A-354B, 357, 400A-400B. Recommended: Mathematics 342C.

## Chemistry Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 19051)  
and Certificate of the American Chemical Society

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Chemistry 200, 201, 231, 237, and 251; Mathematics 150, 151, and 252; and Physics 195, 195L, 196, 196L, 197, 197L (45 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Chemistry 410A-410B, 417, 431, 437, 457, 520A-520B, 550, 560A, one unit of 497, and eight units of upper division electives in chemistry. Six of the eight units may be in related subjects with the approval of the department.

**NOTE:** See following page for recommended sequence of courses for the B.S. DEGREE AND CERTIFICATE.

### Emphasis in Biochemistry

**Preparation for the Major.** Chemistry 200, 201, 231, 237, 251; Mathematics 150, 151, 252; Physics 195, 195L, 196, 196L, 197, 197L; Biology 200A, 200B. (53 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Chemistry 410A-410B, 431, 457, 550, 560A-560B, 567; Biology 352\*; one unit of Chemistry 497 or 498; and nine units selected from Chemistry 520A, 537; Biology 350, 550, 551, 551L, 552, 552L, 561, 561L, 563, 564, 576, 582, 590, 592, 593, 594.

\* Chemistry 560A replaces Chemistry 361A as a prerequisite; Chemistry 410A replaces Biology 215 as a prerequisite.

## OUTLINE FOR THE B.S. DEGREE AND CERTIFICATE

First year	Units		Second year	Units	
	1st Sem.	2nd Sem.		1st Sem.	2nd Sem.
Chemistry 200 .....	5	—	Chemistry 231, 237 .....	5	—
Chemistry 201 .....	—	5	Chemistry 251 .....	—	5
† Mathematics 150, 151 ..	5	4	Chemistry 431, 437 .....	—	5
Physics 195, 195L .....	—	4	Mathematics 252 .....	4	—
# General Education .....	6	3	Physics 196, 196L .....	4	—
			Physics 197, 197L .....	—	4
			# General Education .....	3	3
	16	16		16	17

Third year	Units		Fourth year	Units	
	1st Sem.	2nd Sem.		1st Sem.	2nd Sem.
Chemistry 410A-410B ....	4	3	Chemistry 417 .....	—	2
Chemistry 560A .....	3	—	Chemistry 457 .....	2	—

			Chemistry Electives .....	3	2
			General Electives .....	—	5
			# General Education .....	6	3
	16	15		17	15

# Refer to catalog section on General Education requirements. The department strongly recommends that students take German 100A-100B for seven units of credit under the Humanities section of General Education.

† Some students will be required to take Mathematics 104 or 140 or both in their first semester because of failure to qualify on the mathematics placement examination. The appropriate number of units should then be subtracted from General Electives.

© Students are advised to choose the appropriate course in the Humanities or Social Science sections of General Education to meet half of this six-unit requirement. If this requirement is met entirely by examination, add three units to General Education and three units to General Electives.

## OUTLINE FOR THE B.A. DEGREE AND CERTIFICATE

First year	Units		Second year	Units	
	1st Sem.	2nd Sem.		1st Sem.	2nd Sem.
Chemistry 200 .....	5	—	Chemistry 231, 237 .....	—	5

# Refer to catalog section on General Education requirements. The department strongly recommends that students take German 100A-100B for seven units of credit under the Humanities section of General Education.

† Students eligible to take Mathematics 150 in their first semester should do so and substitute for Mathematics 104 and/or 140 two to five units of general electives.

© Students are advised to choose the appropriate course in the Humanities or Social Science sections of General Education to meet half of this six-unit requirement. If this requirement is met entirely by examination, add three units to General Education and three units to General Electives.

## Chemistry Major

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 19051)  
and Certificate of the American Chemical Society

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major:** Chemistry 200, 201, 231, 237, 251; Mathematics 150, 151, 252; and Physics 195, 195L, 196, 196L, 197, 197L. (45 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 25 upper division units in chemistry to include Chemistry 410A-410B, 417, 431, 437, 457, 520A-520B, 550; one unit of 497.

**NOTE:** See preceding page for recommended sequence of courses for the B.A. DEGREE AND CERTIFICATE.

## Chemistry Major

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 19051)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major:** Chemistry 200, 201, 231, 237, 250; Physics 195, 195L, 196, 196L, 197, 197L; Mathematics 104, 140, 150, 151, 252; Biology 200A, 200B. (53 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in chemistry to include Chemistry 410A-410B, 417, 431, 457, 550, and seven units of electives in chemistry. Chemistry 361A-361B or 560A-560B is recommended for all premedical students.

**Minor.** A minor in biology is expected for preprofessional students.

## Chemistry Major

For the Single Subject Teaching Credential in Physical Sciences  
With the B.A. or B.S. Degree in Applied Arts and Sciences  
(Major Code: 19051)

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

All candidates for a teaching credential must complete all requirements for a chemistry major for either the B.A. or the B.S. degree in Applied Arts and Sciences and must satisfy the requirements for a Physical Science Major for the Single Subject Teaching Credential in Physical Science as listed under the Natural Science Department.

## Chemistry Minor

The following courses are prerequisite to the chemistry minor and do not count toward the 15 units required for the minor: Chemistry 200, 201. (10 units.)

The minor in chemistry consists of 15 units in chemistry to include Chemistry 230 or 231, and 250; and six units of upper division electives. Chemistry 410A-410B\*\* are strongly recommended.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\*\* Additional prerequisites in mathematics and physics required for these courses.

## Graduation with Distinction

A student desiring to graduate with Distinction in Chemistry must meet the university requirements listed in the section of this catalog on "Graduation Requirements" and in addition have completed four units of Chemistry 498 by the time of graduation and be recommended by the faculty member directing the Chemistry 498 project.

## Courses

### LOWER DIVISION COURSES

#### 100. Introduction to General Chemistry with Laboratory (4) I, II

Three lectures and three hours of laboratory.  
Prerequisite: Two years of high school algebra or equivalent.  
Elementary principles of chemistry used to illustrate nature and development of modern scientific thought. Not open to students with credit in Chemistry 200.

#### 110. Chemistry and Life (3)

Chemistry of biological processes for the nonscience major. Basic concepts in chemistry that provide the chemical basis for understanding the nature of life.

#### 130. Elementary Organic Chemistry (3) I, II

Two lectures and three hours of laboratory.  
Prerequisite: Chemistry 100 or 200.  
Introduction to the compounds of carbon including both aliphatic and aromatic substances. Not open to students with credit in Chemistry 201 or 202.

#### 160. Introductory Biochemistry (3) I, II

Prerequisite: Chemistry 130.  
Fundamental principles of the chemistry of living processes. This course intended primarily for majors in home economics, nursing, and related fields.

#### 200. General Chemistry (5) I, II

Three lectures and six hours of laboratory.  
Prerequisites: High school chemistry or a grade of "C" or better in Chemistry 100, and two years of high school algebra or equivalent.  
General principles of chemistry with emphasis on inorganic materials. Students with credit for both Chemistry 100 and 200 will receive a total of five units of credit toward graduation.

#### 201. General Chemistry (5) I, II

Three lectures and six hours of laboratory.  
Prerequisite: Chemistry 200.  
Continuation of Chemistry 200. General principles of chemistry with emphasis on inorganic materials and qualitative analysis. Duplicate credit will not be allowed for the corresponding course in Chemistry 202.

#### 202. General Chemistry for Engineers (3) I, II

Two lectures and three hours of laboratory.  
Prerequisite: Chemistry 200.  
A continuation of the study of the principles of chemistry with emphasis on the relationships to the field of engineering. Open only to engineering majors. Not open to students with credit in Chemistry 201.

#### 230. Introductory Organic Chemistry (4) I, II

Three lectures and three hours of laboratory.  
Prerequisite: Chemistry 201.  
Aliphatic and aromatic compounds including reaction mechanisms. For students needing only one semester of organic chemistry. Not open to students with credit in Chemistry 231.

#### 231. Organic Chemistry (4) I, II

Three lectures and three hours of laboratory.  
Prerequisite: Chemistry 201.  
Properties and synthesis of organic compounds including reaction mechanisms. First half of a year course. Not open to students with credit in Chemistry 230, 232, 232L.

#### 232. Organic Chemistry (3) (Summer only)

Prerequisite: Chemistry 201.  
Properties and synthesis of organic compounds including reaction mechanisms. First half of a one-year course. Not open to students with credit in Chemistry 230 or 231.

#### 232L. Organic Chemistry Laboratory (1) (Summer only)

Three hours of laboratory.  
Prerequisite: Chemistry 201.  
Properties and synthesis of organic compounds including methods of separation and purification techniques. Not open to students with credit in Chemistry 230 or 231.

#### 237. Organic Chemistry Laboratory (1) I, II

Three hours of laboratory.  
Prerequisite: Open only to students enrolled concurrently in Chemistry 231.  
The theory and practice of laboratory operations.

#### 250. Techniques of Analytical Chemistry (5) I, II

Three lectures and six hours of laboratory.  
Prerequisite: Chemistry 201 or 202. Enrollment in this course should immediately follow completion of the prerequisite.  
Theory and practice of chemical analysis for life science majors. Not open to students with credit in Chemistry 251.

#### 251. Analytical Chemistry (5) I, II

Three lectures and six hours of laboratory.  
Prerequisites: Chemistry 201 and credit or concurrent registration in Mathematics 122 or 150. It is recommended that students who plan to enroll in this course do so the semester following completion of the prerequisites.

Theory and practice of gravimetric and volumetric methods of chemical analysis and introduction to instrumental methods of analysis. Not open to students with credit in Chemistry 250.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 361A-361B. Fundamentals of Biochemistry (3-3) I, II

Prerequisites: Chemistry 230 or 231. Chemistry 361A is prerequisite to Chemistry 361B.  
The chemistry of intermediary metabolism and its regulation. Not open to students with credit in Chemistry 560A-560B.

#### 402. Chemical Literature (2)

Prerequisite: Upper division standing in chemistry.  
Availability, type, scope, and use of chemical literature with emphasis on chemical abstracts, Beilstein, Gremlin, science citation indexes, patent literature, and secondary review literature. Description of computerized chemistry data bases and use of remote terminals to access data bases.

#### 410A-410B. Physical Chemistry (4-3) I, II

410A: Three lectures and three hours of laboratory.  
410B: Three lectures.  
Prerequisites: Chemistry 251; either Chemistry 231 or Geological Sciences 530; Mathematics 252; and credit or concurrent registration in Physics 197 and 197L. Chemistry 410A is prerequisite to 410B.  
Theoretical principles of chemistry with emphasis on mathematical relations. Theory and practice in acquisition and statistical analysis of physical measurements on chemical systems. (Students with credit in Chemistry 407 will receive only three units credit for 410A.)

#### 417. Advanced Physical Chemistry Laboratory (2) II

Six hours of laboratory.  
Prerequisites: Chemistry 410B, 457, and 550.  
Experimental physical chemistry. Emphasis on use of instruments, record keeping, report writing, and individual initiative in observing results. (Formerly numbered Chemistry 457B.)

#### 431. Organic Chemistry (4) I, II

Three lectures and three hours of laboratory.  
Prerequisite: Chemistry 231.  
Continuation of Chemistry 231.

#### 437. Organic Chemistry Laboratory (1) I, II

Three hours of laboratory.  
Prerequisite: Open only to students enrolled concurrently in Chemistry 431.  
Theory and practice of laboratory operations.

#### 457. Instrumental Methods of Chemical Analysis Laboratory (2) I

Six hours of laboratory.  
Prerequisites: Chemistry 431 and credit or concurrent registration in Chemistry 410B; concurrent registration in Chemistry 550.  
Application of instrumental methods of chemical separations and analysis frequently used in all subdisciplines of chemistry. (Formerly numbered Chemistry 457A.)

#### 467. Clinical Biochemistry Laboratory (2)

Six hours of laboratory.  
Prerequisite: Credit or concurrent registration in Chemistry 361A.  
Biochemical laboratory techniques. Methods used in clinical laboratories.

#### 496. Selected Topics in Chemistry (1-4)

Prerequisite: Consent of instructor.  
Selected topics in modern chemistry. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 497. Senior Laboratory Project (1-3) I, II, S Cr/NC

Three hours of laboratory per unit.  
Prerequisite: Three one-year chemistry courses which have an associated laboratory.  
Individual laboratory investigation in analytical, inorganic, organic, or physical chemistry or in biochemistry using advanced laboratory techniques with a final written report of the investigation.

#### 498. Senior Project (1-3) I, II Cr/NC

Prerequisite: Three one-year courses in chemistry.  
An individual investigation and report on a problem. Maximum credit six units.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor. Open only to students who have shown ability to do A or B work in Chemistry.  
Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 500A-500B. Principles of Chemical Engineering (3-3)

(Same course as Mechanical Engineering 584A-584B.)  
Prerequisite: Credit or concurrent registration in Mechanical Engineering 350 or Chemistry 410A.  
Industrial stoichiometry; fluid flow and heat transfer as applied to unit operations such as evaporation, distillation, extraction, filtration, gas-phase mass transfer, drying, and others. Problems, reports, and field trips.

#### 501. Chemical Oceanography (3)

Three lectures and occasional field trips.  
Prerequisites: Chemistry 201 and 231. Strongly recommended: Chemistry 250 or 251. Recommended: Chemistry 410B and Oceanography 320 or 541.  
The application of the fundamentals of chemistry to the study of oceans.

#### 510. Advanced Physical Chemistry (3)

Prerequisite: Chemistry 410B.  
Mathematical tools essential to solving problems in chemical thermodynamics, statistical mechanics, chemical kinetics, quantum chemistry and molecular structure and spectroscopy, with applications.

**520A. Inorganic Chemistry (3) I**

Prerequisite: Credit or concurrent registration in Chemistry 410B. The physical basis of the periodic system, complex inorganic compounds, and the nature of the chemical bond.

**520B. Inorganic Chemistry (3) II**

Prerequisite: Chemistry 520A. An advanced systematic study of representative and transition elements and their compounds.

**530. Theoretical Organic Chemistry (3)**

Prerequisites: Chemistry 410A and 431. Recommended: Credit or concurrent registration in Chemistry 410B.

Electronic and physical properties of organic molecules; structure-reactivity correlations: Electronic structure of molecules (qualitative molecular orbital theory); stereochemistry; and linear free energy relationships.

**537. Organic Qualitative Analysis (4)**

Two lectures and six hours of laboratory. Prerequisites: Chemistry 431 and credit or concurrent registration in Chemistry 410A. Recommended: Chemistry 417 and 457.

Chemical, physical, and spectral methods discussed and employed to determine structure of organic compounds. Purification and separation techniques stressed.

**550. Instrumental Methods of Chemical Analysis (2) I**

Prerequisites: Chemistry 431 and credit or concurrent registration in Chemistry 410B; concurrent registration in Chemistry 457 for undergraduate students only.

Theory and application of those instrumental methods of chemical separation and analysis most frequently used in all subdisciplines of chemistry.

**551. Advanced Analytical Chemistry (3) II**

Prerequisite: Chemistry 550. Expanded treatment of instrumental methods for separation and quantification not covered in Chemistry 550. Non-instrumental separa-

tions, quantitative organic microanalysis, sampling theory and techniques, reaction rate applications and interpretation of experimental data.

**560A-560B. General Biochemistry (3-3)**

Prerequisites: Chemistry 431 and credit or concurrent registration in Chemistry 410A.

The structure, function, metabolism, and thermodynamic relationships of chemical entities in living systems. Not open to students with credit in Chemistry 361A-361B.

**561. Physical Biochemistry (3)**

Prerequisites: Chemistry 201, 431, 361B or 560B; Physics 182B. Fundamental principles of physical chemistry, including thermodynamics and kinetics as applied to the field of biochemistry. Not open to students with credit in Chemistry 410A-410B.

**567. Biochemistry Laboratory (2)**

Six hours of laboratory. Prerequisite: Credit or concurrent registration in Chemistry 361A or 560A.

Theory and practice of procedures used in study of life at molecular level. Includes purification and characterization of enzymes, isolation of cell components, and use of radioactive tracer techniques.

**596. Advanced Special Topics in Chemistry (1-3)**

Prerequisite: Consent of instructor. Advanced selected topics in modern chemistry. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Chinese

In the College of Arts and Letters

OFFICE: Campanile Drive 174A  
TELEPHONE: (619) 594-5268

**Faculty**

Chair: Webb  
Professor: Woo

**Offered by the Department of Linguistics and Oriental Languages**

Courses in Chinese.  
Major or minor work in Chinese is not offered.

**Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences**

Students electing the study of Chinese to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete Chinese 303 or the equivalent level of achievement. The usual sequence of coursework is Chinese 101, 202, and 303. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

**High School Equivalents**

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:

1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.

2. The first **three years** of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five years separate the last high school course and the first college course.

3. **Four years** of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

**Courses****LOWER DIVISION COURSES**

Native speakers of Mandarin Chinese will not receive credit for taking lower division courses except with advance approval from the department.

**All lower division courses in Chinese are taught in Chinese.**

No credit will be given for Chinese 101, 202, 303, 304 taken out of sequence.

**101. Elementary (4) I**

Four lectures and one hour of laboratory. Pronunciation, oral practice, readings on Chinese culture and civilization, minimum essentials of grammar. Not open to students who have completed three years of high school Chinese unless the third course was completed five or more years ago.

“If you are planning for a year, sow rice. If you are planning for a decade, plant trees. If you are planning for a lifetime, educate a person.”

—Chinese Proverb

**202. Elementary (4) II**

Four lectures and one hour of laboratory.

Prerequisite: Chinese 101. Continuation of Chinese 101. Not open to students who have completed four years of high school Chinese unless the fourth course was completed five or more years ago.

**296. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**All upper division courses in Chinese are taught in Chinese unless otherwise stated.**

**303. Readings in Contemporary Chinese (4) I**

Prerequisite: Chinese 202. Readings in contemporary authors: poetry, short stories, essays.

**304. Readings in Chinese (4) II**

Prerequisite: Chinese 303. Readings ranging from classical to contemporary sources.

**496. Topics in Chinese Studies (1-4)**

Topics in Chinese language, literature, culture, and linguistics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit eight units.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor. Individual study. Maximum credit six units.

# Civil Engineering

In the College of Engineering

OFFICE: Engineering 424  
TELEPHONE: (619) 594-6071

The undergraduate degree in Civil Engineering is accredited by the Accreditation Board for Engineering and Technology, Inc.

## Faculty

Emeritus: Capp, Johnson, Quiett, Stone  
Chair: Ponce  
Professors: Banks, Chang, Chou, Noorany, Ponce, Stratton, Supernak, Westermo  
Associate Professor: Sharabi  
Assistant Professor: Stark

## Offered by the Department

Master of Science degree in civil engineering.  
Major in civil engineering with the B.S. degree.

## Transfer Credit

No credit will be given for upper division engineering coursework taken at an institution having an engineering program which has not been accredited by the Accreditation Board for Engineering and Technology, Inc., unless the student successfully completes the first 12 units of engineering work attempted at this university. At that time, and upon recommendation of the student's major department, credit will be given for the unaccredited work.

## General Education

Students will complete a minimum of 50 units in General Education, to include a minimum of nine upper division units taken after attaining junior class standing. At least three of the nine upper division units must be taken from Explorations; the remaining six units may be taken from Explorations or from specifically approved upper division course substitutions for Foundations areas B and C (Social and Behavioral Sciences and Humanities). No more than twelve units may be used for General Education credit from any one department or academic unit.

### I. Communication and Analytical Reasoning: 15 units

- A. Written Communication (6 units to include):  
1. Composition (3 units)  
2. Intermediate Composition (3 units)  
B. Oral Communication (3 units)  
C. Mathematics (6 units) applicable to General Education  
Mathematics 150  
Mathematics 151

### II. Foundations: 29 units

- A. Natural Science (17 units to include):  
1. Life Science (3 units)  
2. Physical Science (14 units)  
Chemistry 200  
Physics 195  
Physics 196  
Physics 197  
B. Social and Behavioral Sciences (3 units)  
C. Humanities (9 units to include three of the four areas 1., 2., 3., 4.)

### III. Explorations: 6 units

- A. Three units of upper division cross-cultural Explorations coursework from the area in Humanities not selected in Foundations.  
B. Three units of upper division social sciences coursework. Three units of a six-unit upper division American Institutions sequence from any department but History may be counted toward the Explorations requirement.

## The Major

Civil engineering is the application of engineering principles to the improvement of the human environment. The civil engineering major prepares students to design and supervise the construction of buildings, dams, roads, harbors, airports, tunnels, and bridges. It also provides training in the planning and construction of the complex systems that supply clean water to cities, remove sewage, control floods, and perform other functions which ensure continued health and safety.

Civil engineers are needed in both the private and public sectors. They are employed in the aerospace industry, usually as structural engineers; design and construction of roads, buildings, bridges, airports, dams and other structures; research and teaching at colleges and universities (with an advanced degree); public utilities and transportation; manufacturing; and offshore drilling, environmental pollution, and energy self-sufficiency. New job opportunities in civil engineering will result from growing demands in housing, industrial buildings, power generating plants, and transportation systems.

## Civil Engineering Major

### With the B.S. Degree (Major Code: 09081)

All students in Civil Engineering pursue a common program of study in basic engineering and civil engineering fundamentals. In addition, students are provided with the opportunity to select a pattern of study to satisfy their areas of interest. This pattern of study is indicated in the sequence below as "professional electives" and may be selected from available courses in foundation, structural, environmental, transportation, or water resources engineering; computer programming; advanced surveying; engineering economics; and other areas. *The students' choice of elective courses must be made in consultation with their adviser and documented by the filing of an approved master plan during the first semester of their junior year.*

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**NOTE:** See following page for the recommended sequence of courses for the major in civil engineering.

## Courses

### LOWER DIVISION COURSE

#### 218. Surveying for Civil Engineers (3) I, II

Two lectures and three hours of laboratory.  
Prerequisites: Engineering 140 and Mathematics 151.  
Principles of plane surveying. Measurement of horizontal distance, difference in elevation, and angles. Traverse surveys and computations. Horizontal and vertical curves. Principles of stadia. Topographic surveys. Earthwork.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 301. Introduction to Solid Mechanics (3) I, II

Prerequisites: Engineering Mechanics 200 and credit or concurrent registration in Engineering 310 and Engineering Mechanics 220.  
Mechanics of solid deformable bodies involving analytical methods for determining strength, stiffness, and stability of load-carrying members. (Formerly numbered Engineering Mechanics 301.)

#### 302. Solid Mechanics Laboratory (1) I, II

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Civil Engineering 301.

Laboratory studies in solid mechanics. Experimental stress analysis. Experimental confirmation of theory. (Formerly numbered Engineering Mechanics 302.)

#### 321. Structural Analysis I (4) I, II

Prerequisite: Civil Engineering 301 with minimum grade of C.  
Principles of mechanics applied to analysis of beams, frames, trusses, and three-dimensional frameworks. Graphical methods, influence lines; deflections; introduction to statically indeterminate structures and moment distribution.

#### 355. Civil Engineering Environmental Studies (2) I, II

Prerequisites: Chemistry 200 and credit or concurrent registration in Engineering Mechanics 340.

The application of civil engineering methodology to the solution of environmental problems.

**421. Reinforced Concrete Design (3) I, II**

Prerequisite: Civil Engineering 321 with minimum grade of C. Properties and characteristics of reinforced concrete; design of structural components. Introduction to plastic theory and limit design.

**423. Timber Design (2) I**

Prerequisite: Civil Engineering 321 with a minimum grade of C. Physical and mechanical properties of wood. Sawn lumber, glulam, plywood. Design of various types of wood structures. Connection design.

**444. Applied Hydraulics (3) I, II**

Prerequisite: Engineering Mechanics 340. Open channel and pressure conduit flow, pumps and turbines, hydroelectric power, and water law.

**445. Applied Hydrology (3) II**

Prerequisite: Civil Engineering 444 with a minimum grade of C. Basic hydrologic principles, hydrologic measurements, small and mid-size catchment hydrology, frequency analysis, regional analysis, reservoir, stream channel and catchment routing, hydrologic design.

**462. Soil Mechanics (3) I, II**

Prerequisites: Geological Sciences 253, Civil Engineering 301 with a minimum grade of C, credit or concurrent registration in Engineering Mechanics 340, and concurrent registration in Civil Engineering 463. Mechanics of soils as they apply to engineering problems, soil classification, compaction, swelling, consolidation, strength and permeability. Applications to geotechnical engineering problems.

**463. Soil Mechanics Laboratory (1) I, II**

Three hours of laboratory. Prerequisite: Concurrent registration in Civil Engineering 462. Laboratory procedures of soil testing for engineering problems.

**465. Foundation Engineering (3) II**

Prerequisites: Civil Engineering 462 and 463 with minimum grades of C. Soil mechanics theories applied to the design of shallow and deep foundations; lateral pressure of soils, design of retaining walls.

**479. Construction Materials (3) I, II**

Two lectures and three hours of laboratory. Prerequisites: Civil Engineering 462 and 481. Selection, design and control of mixes of portland cement and asphalt concrete. Properties of these and other materials used in construction.

**481. Transportation Engineering (3) I, II**

Prerequisite: Civil Engineering 218 with minimum grade of C. Function and design of different modes of transportation for moving people and goods; and corresponding terminal facilities.

**482. Highway Engineering (3) I, II**

Two lectures and three hours of laboratory. Prerequisite: Civil Engineering 481 with minimum grade of C. Highway design, facility sizing, geometric design, drainage, earthwork, pavement design, traffic control devices, safety and environmental considerations.

**491. Construction Methods (3) I**

Prerequisite: Civil Engineering 321. Components and methods of construction including earthwork; foundations; wood, steel, and concrete construction; roofing and cladding; interior construction.

**492. Construction Engineering (3) II**

Prerequisites: Civil Engineering 491 and Engineering 430. Project oriented. Cost estimating; alternative cost-saving changes; critical path scheduling.

**495. Civil Engineering Design (3) I, II**

One lecture and six hours of laboratory. Prerequisites: Civil Engineering 321, 355, 444, 462, 481, and credit or concurrent registration in Civil Engineering 421. Application of engineering principles and design techniques to the design of civil engineering projects.

**496. Advanced Civil Engineering Topics (1-3) I, II**

Prerequisites: Minimum grade point average of 3.0 and consent of instructor. Modern developments in civil engineering. See Class Schedule for specific content. Maximum credit six units for any combination of Civil Engineering 496, 499 and 596.

**499. Special Study (1-3) I, II Cr/NC**

Prerequisites: Minimum grade point average of 3.0 and consent of instructor. Individual study. Maximum credit six units for any combination of Civil Engineering 496, 499 and 596.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**521. Structural Analysis II (3) I**

Prerequisite: Civil Engineering 321 with minimum grade of C. Analysis of statically indeterminate structures by virtual work. Advanced treatment of slope deflection, moment distribution. Arch analysis; secondary stresses in trusses. Advanced treatment of influence lines. Introduction to matrix analysis of structures.

**525. Design of Steel Structures (3) II**

Prerequisite: Civil Engineering 321 with a minimum grade of C. Mechanical behavior of structural steel. Design of steel beams, girders, columns and members subjected to combined stresses. Design of various types of connections of steel structures; plate girders, continuous beams and rigid frames.

**530. Open Channel Hydraulics (3) I, II**

Prerequisite: Civil Engineering 444 with minimum grade of C. Open channel flow theory, analysis and problems, including studies of critical flow, uniform flow, gradually varied and rapidly varied flow—all as applied to the design of channels, spillways, energy dissipators, and gravity pipelines.

**555. Water and Wastewater Engineering (3) I**

Prerequisite: Civil Engineering 355 with minimum grade of C. Water and wastewater. Physical, chemical and biological methods of treatment. Advanced waste treatment processes. Water reclamation.

**596. Advanced Civil Engineering Topics (1-3) I, II**

Prerequisites: Minimum grade point average of 3.0 and consent of instructor. Modern developments in civil engineering. See Class Schedule for specific content. Maximum credit of six units for any combination of Civil Engineering 496, 499 and 596 applicable to a bachelor's degree. Maximum combined credit of six units of Civil Engineering 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Classics

In the College of Arts and Letters

OFFICE: Adams Humanities 4231  
TELEPHONE: (619) 594-5186

## Faculty

Emerita: Burnett  
Chair: Genovese  
Professors: Eisner, Genovese, Hamilton, Schaber  
Assistant Professor: Gingras

## Offered by the Department of Classics and Humanities

Major in classics with the B.A. degree in liberal arts and sciences.

- Concentration in classical humanities.
- Concentration in Greek.
- Concentration in Latin.
- Concentration in Greek and Latin.

Teaching major in classics (concentration in Latin) for the single subject teaching credential in foreign languages.  
Minor in classics.

## The Major

Classics literally means works of the first class or rank. As a university discipline, classics is the study of the languages, literatures, and civilizations of ancient Greece and Rome.

Classics is the oldest formal academic curriculum and was the basic curriculum for students at Harvard College when it was founded as America's first institution of higher learning. Just as the Romans had drawn inspiration from the poets, philosophers, artists, and heroes of Greece, so too medieval Europeans studied the Romans. Then, after ancient Greek was reintroduced in the Renaissance, the classical model was established as the standard for modern Western civilization. We see the living results today in republican democracy, in drama and literature, in traditional art and architecture, and even in religion and customs. The languages of most of the Western world are descendants of Latin, and English itself derives most of its vocabulary from Latin and Greek.

Because of the basic truths and disciplined proportions cultivated by classical authors and artists, their simple yet powerful themes have assured their works lasting relevance through the centuries. Classics students share with the greatest hearts and minds of Europe and America the oldest traditions of the humanities and the liberal arts, that is, the study of uniquely human accomplishments and the skills of free citizens able to choose their futures as truly educated persons, not merely as trained graduates.

Although the prime purpose of a major in classics is to satisfy the quest for values according to the intellectual and spiritual legacy of Western civilization, classics graduates enjoy a wide range of professional career choices. Aside from preparation for graduate degrees in history, language, literature, and philosophy, as well as classics, majors in this field may look forward to renewed demands for teaching Latin and the classical world in the high schools.

Many classics majors find themselves incomparably prepared for law school, and with supplementary coursework in business, economics, or information systems, a classics graduate is very competitive in the business world. In fact, the best firms now seek out broadly educated graduates from challenging programs for their greater executive potential. Classics graduates also have a distinct advantage in the world of the printed word as editors, librarians, journalists, and technical writers. Opportunities are also available in public relations, mass communications, government, and other fields where general knowledge, insight, perspective, and a facility with language serve not only the public good but one's own success.

## High School Equivalents

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:

1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.
2. The first **three years** of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five years separate the last high school course and the first college course.
3. **Four years** of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Classics Major

**With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 15041)**

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

*All seniors in classics shall submit to the department during the last semester a portfolio of scholarly work as determined by the department.*

A minor is not required with this major.

### Concentration in Classical Humanities

**Preparation for the Major.** Choice of Classics 101G-202G, Classics 250G, Classics 101L-202L, or Classics 250L. (8-10 units)

Students should note that a number of the upper division required and recommended courses listed below have lower division prerequisites, but these prerequisites do not constitute requirements per se for the completion of the major.

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major plus one language course in the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or one of the following courses with a grade of C (2.0) or better: English 503W, History 430W.

**Major.** A minimum of 30 upper division units to include Classics 320, 330, History 500A-500B, and Philosophy 411 (prerequisites are waived for students in this major); six units from classics, Anthropology 478, Art 568, Religious Studies 310, or Speech Communication 450; six units of Greek or Latin; and three units of Classics 599 as a directed senior project.

**Minor.** A minor in art history, comparative literature, English, foreign language, history, philosophy, or religious studies is recommended with this major.

### Concentration in Greek

**Preparation for the Major.** Classics 101G-202G or Classics 250G. (8-10 units)

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major plus one language course in the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or one of the following courses with a grade of C (2.0) or better: English 503W, History 430W.

**Major.** A minimum of 30 upper division units to include Classics 320 and History 500A; 9-12 additional units selected from classics, History 500B, or Philosophy 411; and 12-15 units of Greek.

**Minor.** A minor in art history, comparative literature, English, foreign language, history, philosophy, or religious studies is recommended with this major.

### Concentration in Latin

**Preparation for the Major.** Classics 101L-202L or Classics 250L. (8-10 units)

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major plus one language course in the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or one of the following courses with a grade of C (2.0) or better: English 503W, History 430W.

**Major.** A minimum of 30 upper division units to include Classics 320 and History 500B; 9-12 additional units selected from classics, History 500A, or Philosophy 411; and 12-15 units of Latin.

**Minor.** A minor in art history, comparative literature, English, foreign language, history, philosophy, or religious studies is recommended with this major.

### Concentration in Greek and Latin

**Preparation for the Major.** Classics 101G-202G, or Classics 250G; Classics 101L-202L, or Classics 250L. (16-20 units)

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major plus one language course in the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or one of the following courses with a grade of C (2.0) or better: English 503W, History 430W.

**Major.** A minimum of 30 upper division units to include Classics 320; nine additional units selected from classics, History 500A, 500B, or Philosophy 411; nine units of Greek; and nine units of Latin.

**Minor.** A minor in art history, comparative literature, English, foreign language, history, philosophy, or religious studies is recommended with this major.

### Classics Major

**For the Single Subject Teaching Credential in Foreign Languages With the B.A. Degree in Liberal Arts and Sciences (Major Code: 15041)**

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in liberal arts and sciences.

### Concentration in Latin

**Preparation for the Major.** Classics 101L-202L or 250L. (8-10 units)

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major plus one language course in the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or one of the following courses with a grade of C (2.0) or better: English 503W, History 430W.

**Major.** A minimum of 30 upper division units to include Classics 303L, 304L, 320, 450L, 496L (3 units), 599L (Special Study in Latin: Teaching Methods, 3 units), History 500B; nine units selected from Classics 310, 330, 340, 496C (maximum of 9 units for 496C and 496L), History 500A, or Philosophy 411.

**Minor.** A minor in art history, comparative literature, English, foreign language, history, philosophy, or religious studies is recommended with this major.

### Classics Minor

The classics minor consists of a minimum of 18 units, nine of which must be upper division, including 6-12 units from Classics 310, 320, 330, or 340; the remaining 6-12 units must be selected from courses in classics (Greek, Latin, or nonlanguage), Art 568\*, History 500A, 500B, Philosophy 411\*, or Religious Studies 310\*.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* Additional prerequisites required.

### Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences

Students electing the study of Greek or Latin to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete Classics 303G or 303L or the equivalent level of achievement. The usual sequence of course work is either Classics 101G, 202G, and 303G, OR Classics 101L, 202L, and 303L. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

### Courses

Classics includes courses in Greek and Latin as well as nonlanguage courses. Greek course numbers have a G suffix; Latin courses have an L suffix.

No credit will be given for Classics 101G, 202G, 303G, 304G taken out of sequence.

No credit will be given for Classics 101L, 202L, 303L, 304L taken out of sequence.

### LOWER DIVISION COURSES

#### 101G. Elementary Greek I (5) I

Introduction to ancient Greek, emphasizing grammatical foundations of Attic and New Testament prose. Aimed toward rapid comprehension. Not open to students who have completed three years of high school ancient Greek unless the third course was completed five or more years ago. Not open to students with credit in Classics 250G.

#### 101L. Elementary Latin I (5) I

Introduction to Latin, emphasizing grammatical foundations of classical prose. Aimed toward rapid comprehension. Not open to students who have completed three years of high school Latin unless the third course was completed five or more years ago. Not open to students with credit in Classics 250L.

#### 120. English from Latin and Greek (3)

General philology, emphasizing Latin and Greek bases and their English derivatives. Etymology, word analysis and construction, language history and structure. (Formerly titled "Latin and Greek Word Derivation.")

#### 140. Our Classical Heritage (3) I, II

Greek and Roman art, literature, and institutions as reflected in the Western tradition.

#### 202G. Elementary Greek II (5) II

Prerequisite: Classics 101G.

Continuation of Greek grammar with selections illustrating syntax and style. Not open to students who have completed four years of high school ancient Greek unless the fourth course was completed five or more years ago. Not open to students with credit in Classics 250G.

#### 202L. Elementary Latin II (5) II

Prerequisite: Classics 101L.

Continuation of Latin grammar with selections illustrating syntax and style. Not open to students who have completed four years of high school Latin unless the fourth course was completed five or more years ago. Not open to students with credit in Classics 250L.

#### 250G. Accelerated Elementary Greek (8) Extension S Offered only in Extension.

Intensive one-semester introduction to ancient Greek, emphasizing basic grammar, vocabulary, syntax. Preparation for Classics 303G. Not open to students who have completed three years of high school ancient Greek unless the third course was completed five or more years ago. Not open to students with credit in Classics 101G and 202G.

#### 250L. Accelerated Elementary Latin (8) Extension S Offered only in Extension.

Intensive one-semester introduction to Latin, emphasizing basic grammar, vocabulary, syntax. Preparation for Classics 303L. Not open to students who have completed four years of high school Latin unless the fourth course was completed five or more years ago. Not open to students with credit in Classics 101L and 202L.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

C. Experimental Topics in Classics.

G. Experimental Topics in Greek.

L. Experimental Topics in Latin.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 303G. Readings in Greek Prose (3) I

Prerequisite: Classics 202G or 250G.

Readings selected from Greek history, philosophy, oratory, and New Testament. Authors such as Xenophon, Plato, Lysias, the Evangelists. Emphasis on rapid reading.

#### 303L. Readings in Latin Prose (3) I

Prerequisite: Classics 202L or 250L.

Readings selected from classical Latin history, philosophy, oratory, letters. Authors such as Sallust, Cicero, Pliny the Younger. Emphasis on rapid reading.

#### 304G. Readings in Greek Poetry (3) II

Prerequisite: Classics 303G.

Readings selected from Greek epic, elegy, tragedy. Authors such as Homer, Sophocles, Euripides.

#### 304L. Readings in Latin Poetry (3) II

Prerequisite: Classics 303L.

Readings selected from classical Latin epic, lyric, elegy, comedy. Authors such as Vergil, Catullus, Ovid, Plautus.

#### 310. Classical Mythology (3) I, II

Prerequisites: English 200 and nine units from General Education courses in Foundations, IIC, Humanities.

Mythological elements in Greek and Roman art, literature, and religion.

#### 320. Classical Literature (3) I

Prerequisites: English 200 and nine units from General Education courses in Foundations, IIC, Humanities.

Reading in translation of Greek and Latin masterpieces. Emphasis on epic and prose genres. Authors such as Homer, Herodotus, Plato, Vergil, Apuleius. Literary and historical criticism.

#### 330. Classical Drama (3) II

Prerequisites: English 200 and nine units from General Education courses in Foundations, IIC, Humanities.

Reading in translation of Greek and Roman tragedies and comedies. Playwrights such as Aeschylus, Sophocles, Euripides, Aristophanes, Plautus, Seneca. Literary, dramatic, historical criticism.

#### 340. Classical Civilization (3)

Prerequisites: English 200 and nine units from General Education courses in Foundations, IIC, Humanities.

Greek and Roman civilization from Bronze Age to Late Empire. Integration of history, philosophy, literature, the arts, and society.

#### 450L. Advanced Latin (3)

Prerequisite: Classics 304L.

Advanced reading in authors such as Vergil, Cicero, Ovid, Tacitus, Lucretius; or Latin prose composition. May be repeated with new title and content. Maximum credit six units.

#### 496. Topics in Classical Studies (1-4)

Topics in classical languages, literatures, cultures, and linguistics. May be repeated with new content. See Class Schedule for specific content. Maximum credit nine units. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

C. Topics in Classics.

G. Topics in Greek. Advanced reading in an author, genre, or period, or work in linguistics.

L. Topics in Latin. Advanced reading in an author, genre, or period, or work in linguistics.

### UPPER DIVISION COURSE (Also Acceptable for Advanced Degrees)

#### 599. Special Study (1-3) I, II

Prerequisites: Consent of major or graduate adviser; to be arranged by department chair and instructor. For 599C: Classics 304G or 304L. For 599G: 304G. For 599L: 304L.

Individual study. Maximum credit six units.

C. Special Study in Classics.

G. Special Study in Greek.

L. Special Study in Latin.

# Communicative Disorders

In the College of Health and Human Services

OFFICE: Communications Clinic 118  
TELEPHONE: (619) 594-6774

The clinical services area is accredited by the American Speech-Language-Hearing Association.

## Faculty

Emeritus: Earnest, Kopp, Pfaff  
Chair: Jones  
Professors: Allen, Muller, Nichols, Riedman, Seitz, Thile  
Associate Professors: Cheng, Christensen, Jones, Kramer, Novak, Thal  
Assistant Professors: Davies, Gutierrez-Ciellen, Hamilton, Williams  
Lecturers: Fischer, Frank, Launer  
Adjunct: Bartell, Sandlin, Schiff, Singh

## Offered by the Department.

Master of Arts degree in communicative disorders.  
Major in communicative disorders with the B.A. degree in applied arts and sciences.  
Minor in communicative disorders.  
Certificate in professional services bilingual/bicultural.  
Special education specialist credential for the communication handicapped.  
Clinical-rehabilitative services credential.

## The Major

Speech and language pathology, audiology, and education of the hearing impaired are professions which identify, help, and study persons with communicative disorders. Those entering these professions should possess a strong motivation to help individuals with genetically, physically, or psychologically caused communication problems. Preparation involves acquiring the knowledge and skills necessary to assume responsibility for assessment, education and rehabilitation of the speech, language, and hearing handicapped.

The bachelor's degree serves as the basis for graduate and professional study in communicative disorders. There are no employment opportunities for holders of the bachelor's degree. A school credential or a master's degree, national certification and state licensure are needed for professional practice.

The undergraduate curriculum is broad, intensive, and rigorous, involving coursework on normal and disordered speech, language, and hearing, as well as clinical procedures. All communicative disorders majors cover a set of general studies in early coursework (16 units) before specialization (24 upper division units). Students interested in the communicative disorders program are advised to take college level courses in anatomy, biology, psychology, English, physiology, linguistics, physics, and mathematics. Studies leading to private practice, hospital work, industrial work, work in school settings, or preparation for the master's degree are similar in many ways; it is the area of specialization that serves to differentiate courses of study.

The communicative disorders minor is open to all majors but is strongly recommended for those in special education or the social and behavioral sciences who wish to broaden their competencies in a related applied discipline.

The master's degree is an advanced degree for those wishing to work professionally as a speech-language pathologist, speech and hearing scientist, audiologist and/or deaf educator.

The Bilingual Certificate Program provides the theoretical background and practical experience that will enable qualified speech-language pathologists to work effectively with children from bilingual and multicultural communities.

Positions in communicative disorders are available in many public and private settings working with the speech, language, and hearing impaired and the deaf-blind. Graduates with certification or licensure work in rehabilitation centers, schools, hospitals, private agencies, private practice, industry, research, and university teaching and research centers. Career opportunities are particularly good for minority, bilingual or bicultural persons.

## Communicative Disorders Major

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 12201)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with the major.

**Preparation for the Major.** Passing the SDSU Mathematics Departmental Placement Examination, Part I; Communicative Disorders 106, 110, and 205; Physics 201; Psychology 101 and 260 (18 units)

Psychology 270 is recommended for students planning to apply for the graduate program in communicative disorders.

**Upper Division Writing Requirement.** Communicative Disorders 396W with a grade of C (2.0) or better, or passing the University Writing Examination.

**Major.** A minimum of 24 upper division units in communicative disorders to include Communicative Disorders 320, 321, 322, 340, 340L, 500, and eight units of electives selected from Communicative Disorders 358, 358L, 422, 423, 458, 458L, 459, 501, 511, 512, 513, 517, 524, 530, 539, 543, 547, 550, 554, 555.

## Communicative Disorders Minor

The minor in communicative disorders consists of 20 units in communicative disorders to include Communicative Disorders 104, 106, 205, 320, 321, 340\*, and one of the following: Communicative Disorders 322, 500, or 550. Communicative Disorders 341 is not required for the minor.

Prerequisites for the minor include Communicative Disorders 110, Physics 201, Psychology 101 and 260. (12 units.)

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* Prerequisites for this course waived for students in this minor.

## Professional Services Bilingual/Bicultural Certificate

The Professional Services Bilingual/Bicultural Certificate in Communicative Disorders is designed primarily for persons who plan to work with bilingual populations with communicative disorders. The certificate program is awarded at the undergraduate level but both undergraduate and graduate students may enroll.

To be a candidate for the certificate, the student must be actively seeking or have completed a credential or degree program in communicative disorders since the certificate is coordinated with these endeavors. Candidates seeking admission to the certificate program must schedule an interview with the department certificate coordinator to ascertain specific requirements and units. They must demonstrate a proficiency in two languages (English is one) and satisfy

admission requirements of the University and the department as listed in the General Catalog or Graduate Bulletin. The certificate is limited to those languages for which there is an available clinical population. Consult the certificate coordinator for approved languages.

The certificate program requires completion of a minimum of 24 units of substantive coursework and 100 supervised contact hours of practicum. The certificate is competency based and specific requirements may be waived upon demonstration of competency. Course requirements include Communicative Disorders 571, 572; Linguistics 553; Policy Studies in Language and Cross-Cultural Education 451; six units in cultural awareness and differences; three units in cultural aspects of language; and three units in multicultural education or the bilingual exceptional child. Specific courses are to be selected in conjunction with the certificate coordinator.

With the approval of the department, a student may apply no more than three units of coursework from the certificate program toward a major. Courses in the certificate may not be counted toward the minor.

## Credentials

The Department of Communicative Disorders offers academic and practica coursework applicable to two credentials in the Ryan Credential Program. Students desiring to work in the public schools with speech, language, or hearing-impaired pupils may choose the Special Education Specialist Credential for the Communication Handicapped (CH) or the Clinical-Rehabilitative Services Credential (C-RS). Each credential is competency-based, that is, specified competencies have been identified as requirements for areas of specialization by the Commission for Teacher Credentialing. Candidates may satisfy institution requirements, therefore, by either satisfactory completion of required courses or their equivalency, or by demonstrating equivalent competencies by experience or examination. Candidates may enter the CH or C-RS credential programs at undergraduate or graduate levels.

Each credential has designated areas of specialization. Students wishing to prepare to be Teachers of the Deaf or Deaf-Blind are obliged to meet the requirements of the CH credential. Students preparing to serve as School Audiologists must follow the C-RS credential program. Students desiring preparation as itinerant Language, Speech and Hearing Specialists or as Classroom Teachers of Severe Language Handicapped (or Aphasic) (Special Class Authorization) (SCA) pupils may pursue either the CH or C-RS Credential Program.

## Special Education Specialist Credential for the Communication Handicapped (Credential Code: 00461)

The Special Education Specialist Credential for the Communication Handicapped prepares students for an emphasis in one or more of the following areas of handicap:

Deaf and Severely Hard of Hearing  
Deaf-Blind  
Severe Oral Language (including aphasia)  
(Special Class Authorization) (SCA)  
Speech and Hearing

The Special Education Specialist Credential for the Communication Handicapped specifies a sequence of communicative disorders courses plus a sequence of education courses.

### Admission Requirements

1. Formal application to the Department of Communicative Disorders.
2. Interview with a faculty member in the Department of Communicative Disorders.
3. Admission to the program for the Single Subject Credential (Secondary) or Multiple Subject Credential (Elementary) — or — a basic teaching credential. Students should consult with appropriate advisers in the College of Education for specific requirements.
4. Students applying to the program at the postbaccalaureate level

must satisfy the admission requirements of the department for classified graduate standing.

5. Completion of Special Education 500 and 501.

### Program

Persons interested in the Special Education Specialist Credential shall:

1. Concurrently or prior to completion of the specialist credential, complete the single subject credential (preliminary or clear) or the multiple subject credential (preliminary or clear). Students may choose to pursue either a. or b.:
  - a. Major in Liberal Studies (offered by the College of Education) in conjunction with specified communicative disorders courses.
  - b. Pursue a departmental major; complete specified prerequisites for the College of Education; pass the National Teacher Examination prior to entering the College of Education professional education sequence.
2. Complete a minimum of one year of study, including:
  - a. Courses outside of the Department of Communicative Disorders including Psychology 101, 260, Physics 201
  - b. Advanced work in the area of specialization in the Department of Communicative Disorders including:
    - (1) Communication Handicapped Specialization generic coursework: Communicative Disorders 106, 205, 320, 321, 322, 340, 340L, 358, 453\*, 500, 511, 512, 513.
    - (2) Additional coursework required for the specific area of emphasis within the credential (Severe Oral Language, Deaf, Deaf-Blind, Speech and Hearing), selected by the student in conjunction with an adviser.
3. A postbaccalaureate year (minimum of 30 semester units which may include courses applicable toward the master's degree if approved by the candidate's adviser) is required of all candidates.

\* Additional prerequisites required for this course.

## Clinical-Rehabilitative Services Credential (Credential Code: 00900)

Clinical-Rehabilitative Services (C-RS) Credentials are available in the following areas:

Language, Speech and Hearing (LSH)  
Audiology  
Severe Language Handicapped/Aphasic (SLH)  
(Special Class Authorization) (SCA)

A postbaccalaureate year (minimum of 30 semester units which may include courses applicable toward the master's degree if approved by the candidate's adviser) is required of all candidates. The following generic courses in Communicative Disorders are required: Communicative Disorders 106, 110, 205, 320, 321, 322, 340, 340L, 341, 423, 500, 511, 517, 524, 526, 530, and 546. Courses from other departments include Psychology 101 or Sociology 101; Psychology 260 or Biology 150; Family Studies and Consumer Sciences 271 or 697; Physics 201; and Special Education 500 and 596\*.

The Advanced Specialization Program in Language, Speech and Hearing (LSH) requires the following additional courses: Communicative Disorders 422, 433, 501, 512, 513, 518, 519, 529, 546, 554, and 626. Courses from other departments include Linguistics 553.

The Severe Language Handicapped (SLH) credential requires the following courses within the department in addition to those required for the LSH credential: Communicative Disorders 529, 555, and 433 (SLH class placement). Courses in other departments include Teacher Education 410A, 430A, 637, 638A; Special Education 501.

In addition to the generic program, the Advanced Specialization Program in Audiology requires the following courses within the Department of Communicative Disorders: Communicative Disorders 358, 433 (Audiology class placement), 512, 513, 529, 542, 542L, 543, 545, 547, 550, 600\*, 644, 647, 648 (Pediatrics), 656\* and 657.

\* Consent of instructor.

+ See Department Credential Coordinator for options.

## Certificates and Licensure

### Preparation Leading to the Certificate of Clinical Competence from the American Speech-Language-Hearing Association

Students may complete the academic and clinical practice requirements leading to the Certificate of Clinical Competence in Speech-Language Pathology (CCC-Sp) or to the Certificate of Clinical Competence in Audiology (CCC-A) given by the American Speech-Language-Hearing Association (ASHA). The certificate requires 60 units of coursework, 30 units of which must be completed at the graduate level; 300 clock hours of supervised clinical experience, 150 hours of which must be completed at the graduate level; a clinical fellowship year; and a national examination. The academic and practice requirements must meet certain specifications. Consult an adviser in the area in which certification is desired for specific information.

### Preparation Leading to the Professional Certificate from the Council on Education of the Deaf

Students may complete the academic and practice requirements leading to the Professional Certificate given by the Council on Education of the Deaf. The Professional Certificate requires a specific pattern of courses and teaching experiences. Consult an adviser in the Program for Education of Hearing Impaired for more information.

### Preparation Leading to State Licensure in Speech Pathology or Audiology

Students may complete the academic and clinical practicum requirements leading to California State Licensure in Speech Pathology or in Audiology, a legal requirement for all individuals professionally employed in nonpublic school settings. The Speech Pathology and Audiology Examining Committee which operates within the California State Board of Medical Quality Assurance requires evidence of completion of 24 semester hours of coursework in the area (Speech Pathology or Audiology) in which the license is to be granted, 275 clock hours of clinical experience, nine months of full-time experience (Required Professional Experience), and a national examination. Most Licensure and ASHA Certification requirements may be fulfilled concurrently. Consult an adviser in the area in which licensure is desired for specific information.

## Liability Insurance

Students enrolled in Communicative Disorders 340L, 341, 433, 526, 545, 546, 556, 626, 645, 646, 656 are required to purchase professional liability insurance.

## Courses

### LOWER DIVISION COURSES

- 104. Voice and Articulation (3) I, II**  
Vocal and articulatory dynamics as bases of standard and non-standard oral language patterns. Practice in recognition and self-analysis of such patterns. Introduction to use of the International Phonetic Alphabet in broad transcription.
- 106. Communicative Disorders (3) I, II**  
Orientation to field of speech pathology and audiology. Survey of communicative disorders, covering all areas of exceptionality, normal growth and development as it relates to speech and language. Waiver of this course is permitted only upon satisfactory passage of a competency examination.
- 107. Management of Clinical Activities (1) I, II Cr/NC**  
Assisting in the operations of the speech and hearing clinic. Maximum credit two units.

### 108. Oral Communication Laboratory (1) I, II Cr/NC

Two hours of laboratory.  
Prerequisite: Consent of instructor.  
Individual laboratory training on specific speech problems. Student chosen through testing by Department of Communicative Disorders.

### 110. Observation: Communicative Disorders (2) I, II Cr/NC

One lecture and two hours of observation per week.  
Prerequisites: Credit or concurrent registration in Communicative Disorders 106; affidavit for Certificate of Clearance.

Observation and discussion of diagnosis and remediation with speech-disordered and hearing-impaired children in varied clinical settings. Observation in the public schools. Satisfies credential and certification requirements.

### 205. Introduction to Audiology (3) I, II

Prerequisites: Communicative Disorders 110 and credit or concurrent registration in Physics 201.

Audiology in diagnosis and rehabilitation of hearing impairment, medical practice, hearing conservation and research. Includes physics of sound, decibel, and ear anatomy as applied to fundamentals of audiologic assessment and tuning fork tests.

### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

### 305. Speech and Language Development and Communication Disorders (3) I, II

Normal development and processes of speech, language and hearing. Identification, prevention and remediation of speech, hearing and language disorders. Five hours of observation required. Not open to communicative disorders majors.

### 320. Phonetics (3) I, II

Two lectures and three hours of laboratory.  
Prerequisite recommended: Communicative Disorders 104.  
Auditory, kinesthetic and visual analysis of the sounds of the English language, including regional and foreign dialect and disordered speech. Competency in I.P.A. broad transcription and introduction to narrow transcription.

### 321. Anatomy and Physiology of Speech (3) I, II

Two lectures and three hours of laboratory.  
Prerequisite: Biology 150 or Psychology 260. Recommended: Credit or concurrent registration in Communicative Disorders 106.  
Anatomy and physiology of the speech-related structures of the head, neck and thorax. Laboratory exercises and demonstrations using charts, models, histological materials and cadavers.

### 322. Psychological Foundations of Communicative Disorders (3) I

Prerequisites: Communicative Disorders 106; Psychology 101.  
Recommended: Credit or concurrent registration in Psychology 330.  
Conceptual and theoretical bases for understanding communication as a psychological process determined by principles of learning within social contexts. Application of theories of personality, behavior and cognitive social learning to speech and language development, pathology, assessment and remediation. For students in all areas of communicative disorders.

### 340. Audiometry: Principles (3)

Prerequisites: Communicative Disorders 205, Physics 201, Psychology 260 and concurrent registration in Communicative Disorders 340L.

Anatomy and physiology of the human ear; theories of hearing, transmission, measurement of sound, medical aspects, pathology and surgery of the ear, survey of current audiometric techniques and diagnostic implications of basic test battery.

### 340L. Techniques of Audiometry (1) I, II

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Communicative Disorders 340.

Laboratory experience with pure tone, speech, and impedance audiometric tests. Audiological competencies needed by nurses for the California School Audiometrist Certificate. (Formerly offered as a part of Communicative Disorders 341.)

### 341. Hearing Screening of Children (1) I, II

Three hours of laboratory.  
Prerequisite: Communicative Disorders 340L.  
Field experiences in audiometric and impedance screening of children to obtain contact hours in screening required by American Speech-Language-Hearing Association, California License, and Clinical-Rehabilitative Services Credential.

### 357. Fieldwork with the Deaf (1-2) I, II Cr/NC

Two hours of activity per unit of credit and one hour of staffing.  
Prerequisite: Credit or concurrent registration in Communicative Disorders 106. Recommended: Communicative Disorders 205.

Field observation and participation under supervision in school settings with small groups of hearing impaired youngsters. Maximum credit three units.

### 358. Beginning Sign Language (3) I, II

Prerequisites: Demonstrated professional need and consent of instructor. Recommended: Communicative Disorders 106 or 205; concurrent registration in Communicative Disorders 357 and 358L.

Receptive and expressive sign language skills. American Sign Language (ASL) and Sign Language Systems.

### 358L. Beginning Sign Language Laboratory (1) I, II

Prerequisite: Concurrent registration in Communicative Disorders 358.

Practice and review of basic sign language skills, including community site projects.

### 396W. Writing in Health and Human Services (3) II

Prerequisites: An introductory level course from one department or school within the College of Health and Human Services. Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

Theory and practice of clinical writing, including reports, individual educational and therapeutic plans, communication samples, and educational ethnography.

### 422. Remediation for Fluency Disorders in School-Aged Children (2)

Prerequisite: Communicative Disorders 322.  
Theoretical and phenomenological understanding of stuttering as a communicative disorder; explanations for learning of dysfluent behaviors; and applied techniques involved in rehabilitation of school-aged children with dysfluent speech.

### 423. Organic Communicative Disorders (3)

Prerequisites: Communicative Disorders 320, 321, 340, 340L, and 500.

Survey of cleft palate, cerebral palsy and neuromotor disorders, adult aphasia, autism, and neurologically based language disorders in children. Includes etiological factors, speech, language and related symptomatology, as well as speech and language evaluation and therapy procedures.

### 433. Clinical Practice in Public Schools (4 or 5) I, II Cr/NC

Prerequisites: Credit or concurrent registration in Communicative Disorders 529; four units of practica; postbaccalaureate standing; California Basic Education Skills Test; Certificate of Clearance; depart-

mental approval prior to admission.

Clinical practice in elementary or secondary schools or community colleges in speech-language pathology or audiology. Applies only toward the Clinical-Rehabilitative Services Credential (C-RS) or for the Certificate of Clinical Competency in Speech-Language Pathology (ASHA). Enroll in section A for the Language, Speech and Hearing Credential (LSH). Candidates seeking the Special Class Authorization or Severe Language Handicap (SLH) Credential must enroll in both sections A and B, sequentially or concurrently.

- A. Clinical Practice in the Public Schools: Language, Speech and Hearing, 4 units (120 clock hours).
- B. Clinical Practice in the Public Schools: Severe Language Handicaps, 5 units (150 clock hours).

### 453. Directed Internship: Communication Handicapped (1-4) I, II Cr/NC

Prerequisites: Two units of Communicative Disorders 556 and one unit of Communicative Disorders 656 or Communicative Disorders 529 and four units of Communicative Disorders 526, 546, 626, 646. Basic teaching credential. Prior to admission applicants must receive departmental approval. Application to take course should be made during preceding semester.

Teaching in public school with exceptional individuals. Applies toward the Special Education Specialist Credential for the Communication Handicapped (Deaf, Deaf-Blind, Speech and Hearing or Severe Oral Language) and Certificate of Clinical Competence in Speech-Language Pathology or Professional Certificate from the Council on Education of the Deaf. Applicants should consult with coordinator of Speech-Language Pathology or coordinator of Education of Hearing Impaired for specific hour requirements.

### 458. Total Communication for Teachers of the Hearing Impaired (2)

Prerequisites: Communicative Disorders 358 and 358L. Concurrent registration in 458L recommended.

Intermediate level course in the use of total communication with emphasis on developing formal and informal nonverbal communication skills.

### 458L. Total Communication Laboratory (1)

Three hours of laboratory.  
Prerequisites: Communicative Disorders 358 and 358L; credit or concurrent registration in Communicative Disorders 458.

Laboratory experience to develop receptive and expressive total communication skills. Maximum credit two units.

### 459. Fingerspelling (1) I

Prerequisite: Communicative Disorders 358.  
Instruction and practice in proper formation, positioning, rhythm, and pace associated with fingerspelling.

### 496. Topics in Communicative Disorders (1-3) I, II

Study of some problem in communicative disorders. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

### 500. Language Structure (3)

Prerequisites: Communicative Disorders 106 and 320.  
Systematic study of the design features of language as they relate to communication behavior. The primary focus is the role of language structure in disordered communication. (Formerly numbered Communicative Disorders 531.)

- 501. Voice Disorders: Children (3)**  
Two lectures and three hours of laboratory.  
Prerequisite: Communicative Disorders 321.  
Theory and practice in the remediation of voice disorders. Laboratory involves measurements of vocal dimensions and perceptual training for diagnosis and remediation of voice disorders. (Formerly numbered Communicative Disorders 401.)
- 511. Speech Reading and Auditory Training (3)**  
Prerequisites: Communicative Disorders 320 and 340; competency examination. Recommended: Communicative Disorders 357, 500 and 513.  
Theory and methods of speech reading; auditory rehabilitation methods including survey of amplification systems. (Formerly numbered Communicative Disorders 551.)
- 512. Articulation Disorders and Methods (3)**  
Prerequisites: Communicative Disorders 320, 321, 340, 500.  
Significant theories and research in prevention and remediation of articulatory disorders. Includes emphases on speech habilitation of hearing impaired, cognitive and motor processing. (Formerly numbered Communicative Disorders 552.)
- 513. Language Disorders and Methods (3) I, II**  
Prerequisites: Communicative Disorders 320, 321, 340, 500.  
Theories and research in language acquisition and language disorders. Assessment of, and intervention with, language impaired children, including hearing impaired individuals. (Formerly numbered Communicative Disorders 553.)
- 517. Diagnostic Methods in Speech-Language Pathology (3)**  
Prerequisites: Grade of C or better in Communicative Disorders 423, 512, 513; credit or concurrent registration in Communicative Disorders 524.  
Principles and procedures in assessing communication disorders in children and adults. Includes case histories, testing, materials, interviewing, clinical reporting and practice with selected assessment tools. Twelve hours of observation of diagnostic practicum required. (Formerly numbered Communicative Disorders 527.)
- 518. Diagnostic Practicum in Speech-Language Pathology (1)**  
Six hours of supervision.  
Prerequisites: Grade of C or better in Communicative Disorders 517 and 526.  
Supervised clinical practice in diagnostic methods. (Formerly numbered Communicative Disorders 528.)
- 519. Diagnostic Practicum in Communicative Disorders: Multidisciplinary Assessment (1)**  
Prerequisites: Grade of C or better in Communicative Disorders 517; credit or concurrent registration in Communicative Disorders 526.  
Participation in central intake process of SDSU Interdisciplinary Center for Health and Human Services, including diagnostic team assessments and staffings. (Formerly numbered Communicative Disorders 528L.)
- 524. Clinical Procedures in Communicative Disorders (2) I, II**  
Prerequisites: Grade of C or better in Communicative Disorders 322, 423, 512, 513; credit or concurrent registration in Communicative Disorders 517.  
Remediation models and clinical approaches, procedures, and techniques. Integration of theoretical information and clinical applications.
- 526. Clinical Practice in Speech-Language Pathology (1) I, II, S**  
Three hours of laboratory.  
Prerequisites: Consent of department; Communicative Disorders 110; and grade of C or better in Communicative Disorders 512, 513, 517, and 524.  
Supervised practice with representative speech and language problems. Up to three units may be taken concurrently; maximum credit three units. One unit represents 26 hours of direct clinical practice. Qualified transfer students must enroll in at least one unit of 526 prior to 626.
- 529. Orientation to Public School Practicum (1)**  
Prerequisites: Communicative Disorders 517 and 524. Minimum of 100 hours of supervised clinical practicum and departmental approval. Concurrent registration in Communicative Disorders 433 or 453.  
Goals, materials and procedures for organizing and administering speech, language and hearing programs in the schools.
- 530. Family Communication Dynamics (3)**  
Prerequisites: Communicative Disorders 322 and 526.  
The communication environment in the home. Parent-child interaction in relation to the origin and alleviation of functional and organic speech disorders.
- 539. Neuropathologies of Speech, Hearing and Language (3)**  
Prerequisites: Communicative Disorders 321 and 340. Recommended: Communicative Disorders 423.  
Research and theory concerning the nature, etiologies and principles of treatment of disorders of speech, hearing and language resulting from pathologies of the nervous system.
- 540. Hearing Conservation and Audiometry for School Nurses (3)**  
Prerequisite: Registered nurse.  
Builds on registered nurse's knowledge of anatomy, physiology, and medical-surgical treatment of disease as it relates to auditory mechanism. Designed to give background in hearing screening (pure tone and impedance) and awareness of ramifications of hearing loss in children necessary for referral and follow-up. Fulfills three-unit requirement for the School Nurse Credential and may be used toward the six-unit State Audiometric Certificate requirement. Not open to students with credit in Communicative Disorders 205, 340, 341.
- 542. Audiometry: Application (3)**  
Prerequisites: Communicative Disorders 340L and concurrent registration in 542L.  
Pure tone and speech audiometry; masking; impedance audiometry; tests for nonorganic and for sensorineural hearing loss; reporting test results; audiometer calibration.
- 542L. Audiometry: Laboratory (1)**  
Prerequisites: Communicative Disorders 340L and concurrent registration in 542.  
Laboratory experience in administering audiometric test batteries and in calibrating audiometric equipment.
- 543. Hearing Amplification (3) II**  
Prerequisites: Communicative Disorders 340, 542.  
Hearing aid components, functions, trouble shooting, and client orientation. Hearing aid evaluations, fittings, and electroacoustical hearing aid analysis.
- 545. Clinical Practice in Audiologic Assessment (1-3) I, II, S**  
Three hours of laboratory.  
Prerequisites: Grade of C or better in Communicative Disorders 542 and 542L.  
Supervised practicum with pure tone, speech, and special audiologic testing and with hearing aid evaluation. One unit represents two hours of clinical contact and one hour of staffing per week. Up to three units may be taken concurrently; maximum credit three units.
- 546. Clinical Practice with Hard of Hearing (1) I, II, S**  
Three hours of laboratory.  
Prerequisites: Grade of C or better in Communicative Disorders 511, 512, 513.  
Supervised practicum in aural habilitation with hard of hearing clients. One unit represents two hours of clinical contact and one hour of staffing per week. Up to three units may be taken concurrently; maximum credit three units.
- 547. Hearing Conservation (2-3) II**  
Prerequisite: Communicative Disorders 340L.  
Module I: Core information (noise measurement, analysis, reduction; its effect on hearing conservation); application to school hearing conservation programs. (2 units.)  
Module II: Damage risk criteria and methods of hearing protection; application of core information to industrial settings. (1 unit.)  
Students may elect Module I (2 units) or Modules I and II (3 units).
- 550. Education of the Hearing Impaired (3) II**  
Prerequisite: Communicative Disorders 106.  
Educational programs, services and resources for hearing impaired; historical background, philosophy, sociological and psychological problems.
- 554. School Age Language: Development and Disorders (3)**  
Prerequisite: Communicative Disorders 526.  
Contrastive study of normal and disordered language development in children five years through adolescence, including syntax, semantics, pragmatics, figurative language, and metalinguistics. Integration of assessment and intervention for language disorders and associated speech- and language-based reading and writing disorders. Not open to students with credit in Communicative Disorders 554A-554B-554C.
- 555. Curriculum for the Communicatively Handicapped (3)**  
Prerequisites: Communicative Disorders 512 and 513; 526 or 556.  
Application of cognitive processing theory to the development and evaluation of curriculum, materials, and procedures; selection of learning modalities and appropriate modification of curriculum. (Formerly numbered Special Education 575.)
- 556. Clinical Practice with the Deaf (1) I, II, S**  
Three hours of laboratory.  
Prerequisites: Communicative Disorders 357, 358; credit in two of the following and concurrent registration in the third: Communicative Disorders 511, 512, 513. Admission to clinical practicum includes successful completion of competency examination.  
Supervised therapy with representative problems found in the hearing impaired population. Maximum one unit first semester; maximum credit two units.
- 558. Advanced Sign Language (2) I, II**  
Prerequisite: Communicative Disorders 458.  
Theory of sign language for the classroom interpreter. Emphasis on conceptual sign, signed idioms and appropriate usage for the academic setting.
- 560. Motor Speech Disorders (3)**  
Prerequisite: Communicative Disorders 539.  
Dysarthrias and apraxia of speech. Techniques of differential diagnosis and treatment of these motor speech disorders.
- 562. Oral Communication for the Hearing Impaired (3)**  
Prerequisites: Communicative Disorders 512 and 550.  
Current methods for developing oral/aural communication skills with hearing-impaired children and youth. Differential problems of acquisition of communicative competence. Assessment and intervention procedures for classroom and clinical settings.
- 565. Augmentative Communication (3)**  
Prerequisites: Communicative Disorders 500 and 526 or 556, or 12 units of upper division coursework in major and approval of instructor.  
Communication needs of severely physically impaired. Nonvocal communication approaches and assistive devices. Criteria for assessing communication needs and competencies, selecting and evaluating appropriate systems. Project required.
- 566. Assistive Device Assessment Program for Communicatively Handicapped (2) I, II**  
One lecture and two hours of activity.  
Prerequisite: Communicative Disorders 518.  
Assessment of communication skills of disabled individuals, environmental needs and appropriateness of augmentative communication aids. Remediation recommendations. Maximum credit four units.
- 568. Multicultural Perspectives in Communication with Deaf Individuals (2)**  
Prerequisite: Demonstrate intermediate competence in American sign language, spoken Spanish or spoken Mandarin.  
Review and analysis of research in multicultural lifespan communication processes in deaf individuals. Emphasis on communication needs in health care, public school, and informal social settings.
- 571. Assessing the Bilingual Child with Communicative Disorders (3)**  
Prerequisites: Communicative Disorders 500 and Linguistics 553.  
Assessment procedures applicable for bilingual child with communicative disorders. Consideration of available instruments, appropriateness for target populations and validity of adaptations.
- 572. Remediation of Communicative Disorders in the Bilingual Population (3)**  
Prerequisite: Communicative Disorders 571.  
Intervention strategies and procedures for bilingual individual with communicative disorders. Selection criteria, factors influencing planning, program models and specific procedures for different ethnic groups and types of communicative disorders.
- 580. Communication Problems of the Aging (3)**  
Prerequisites: Twelve upper division units in an appropriate major.  
Normal communication processes and aging, including memory and cognition for speech and language, and physiological changes; speech and language pathologies; hearing problems and rehabilitation, including hearing aids, psychosocial aspects of communication, including family dynamics; and resources available within the community. Open to majors and nonmajors.
- 596. Selected Topics in Communicative Disorders and Science (1-4) I, II, S**  
Prerequisite: Twelve units in communicative disorders and science courses.  
Specialized study of selected topics from the area of speech-language pathology, audiology, education of the hearing impaired, and speech and hearing science. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596. Maximum credit of three units of 596 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Comparative Literature

In the College of Arts and Letters

OFFICE: Adams Humanities 4158  
TELEPHONE: (619) 594-5237

## Faculty

Faculty assigned to teach courses in comparative literature are drawn from departments in the College of Arts and Letters.

## Offered by the Department of English and Comparative Literature

Major in comparative literature with the B.A. degree in liberal arts and sciences.

Teaching major in comparative literature for single subject teaching credential in English.

Minor in comparative literature.

## The Major

Comparative literature is the study of literature from around the world, transcending the restrictions of national and linguistic boundaries. Traditionally, comparative study has been based on literary movements, periods and lines of influence, as well as on genres, themes, myths, and legends. In recent years comparative literature has come to include the comparison of literature with other areas of human experience.

Comparative literature offers students the opportunity to study an extremely broad range of literary subjects from various cultures throughout the world. Courses are offered in European literature from ancient to contemporary times; in the literature of Asia, Africa, and Latin America; in folk literature, legend, fantasy, and science fiction; in literary theory; and in special topics such as travel literature, literature and existentialism, Japanese literature and film, and rock poetry. All reading is done in English translation (majors choosing Plan II, however, are also required to take courses in foreign language literature).

Because the field covers so wide a range, the comparative literature student does not acquire a comprehensive knowledge of any basic list of "great works." Such a list, for all of world literature, would be far too long. Instead, students learn various approaches to literature, along with specialized knowledge of areas which particularly interest them.

Comparative literature is an excellent major for anyone desiring a broadening and enriching liberal arts education. Its application to foreign cultures is particularly useful for careers in foreign service and international trade. Translating, editing and publishing, journalism, broadcasting, and film are other possibilities, as well as advertising and public relations, politics, writing, library work, and criticism. Comparative literature is also, like English, an excellent foundation for careers in the professions, especially law.

The comparative literature major may also be used as preparation for the single subject (high school) teaching credential in English. Graduate study in comparative literature may lead to teaching at more advanced levels. The Plan II major has been specifically designed for students who plan to do graduate work in this area.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Comparative Literature Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 15031)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." No more than 48 units in comparative literature and English courses can apply to the degree.

A minor is not required with this major.

**Preparation for the Major.** Fifteen units to include Comparative Literature 210, 270A, 270B, and six units selected from English 220, 250A, 250B, 260A, 260B, 280; Classics 140; Humanities 102A, 102B, 130, 131, 140; Philosophy 103; Religious Studies 101; and Women's Studies 205.

**Foreign Language Requirement. Plan I:** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Plan II:** See below.

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 500W, 508W, 581W, 584W with a grade of C (2.0) or better.

**Major. Plan I:** General literature. For students who do not intend to enter a graduate program in comparative literature. This program is suitable as a teaching major for students pursuing the single subject teaching credential in English.

**Required:** A minimum of 33 upper division units to include 18 units in one of the three areas (A, B, and C) below; nine units in American literature, British literature, or creative writing; and an additional six units in comparative literature.

**Plan II:** For students who intend to enter a graduate program in comparative literature.

**Required:** A minimum of 33 upper division units to include 18 units in one of the three areas (A, B, and C) below; Comparative Literature 582; six units in a foreign language literature (read in the original language); and six units in another literature (which may be English or American) read in the original language. It is strongly recommended that even those students choosing English or American as their second literature attain competency in a second foreign language.

**A. European Literature.** Eighteen units selected from the following:

1. Comparative Literature 510, 511, 512, 513, 514, 526.
2. Up to six units in other, variable-content comparative literature courses with appropriate content approved by the departmental adviser.
3. Up to six units from Anthropology 440; Art 371, 557, 558, 559, 573A, 573B, 574, 575; Classics 310, 320, 330; History 407A, 407B, 440, 503A, 503B, 506, 507, 509, 510A, 510B, 511A, 511B, 512A, 512B, 526, 528; Humanities 401, 402, 403, 404; Music 351A, 351B, 351C; Philosophy 412, 413, 414, 506, 508; Political Science 301A, 301B, 302; and Religious Studies 314, 316, 318.

**B. Asian, African, and Latin American Literature.** Eighteen units selected from the following:

1. Comparative Literature 440, 445, 455, 460, 530.
2. Up to six units in other, variable-content comparative literature courses with appropriate content approved by the departmental adviser.
3. Up to six units from Anthropology 442, 449; Art 365, 366, 562, 569; Asian Studies 458, 459, 596 (with appropriate content

approved by the departmental adviser); History 415A, 415B, 420, 421, 473A, 473B, 475A, 475B, 555, 556, 557, 558, 561A, 561B, 565; Humanities 457, 458; Music 351E, 351F; and Religious Studies 340, 401, 403, 506.

**C. Comparative Literary Theory (Theory of literature, genre study, literature in relation to other arts and disciplines).**

Eighteen units selected from the following:

1. Comparative Literature 495, 560, 561, 562, 563, 580, 581, 582, 594, 595. **Note:** Students following Plan I must include Comparative Literature 582 under area C. For Plan II students, this course is required separately and will not be counted among the 18 units under area C.
2. Up to six units in other, variable-content comparative literature courses with appropriate content approved by the departmental adviser.
3. Up to six units from Drama 460A, 460B; English 493, 507 (strongly recommended), 570, 571, 573, 578; Music 580; Philosophy 334, 541, 542; Religious Studies 360; and Women's Studies 352, 553.

## Comparative Literature Major

For the Single Subject Teaching Credential in English  
With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 15031)

For a description of the single subject teaching credential in English with a major in comparative literature, refer to this section of the catalog under English.

## Comparative Literature Minor

The minor in comparative literature consists of a minimum of 15 units in comparative literature, 12 units of which must be in upper division courses. The 12 units of upper division work must be selected, with adviser's approval, from within one of the following interest areas:

**European Literature:** Comparative Literature 510, 511, 512, 513, 514, 526.

**Asian, African, and Latin American Literature:** Comparative Literature 440, 445, 455, 460, 530.

**Comparative Literary Theory (Theory of literature, genre study, literature in relation to other arts and disciplines):** Comparative Literature 495, 560, 561, 562, 563, 580, 581, 582, 594, 595.

In addition the following variable content courses may be used in any of the above categories when they are appropriate: Comparative Literature 490, 495, 571, 577, 596.

The comparative literature minor is not available to students majoring in English.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 210. Introduction to Comparative Literature (3) Cr/NC

Introductory study of comparative literature, its current status, its historical development, range of comparative approaches. Generally includes guest presentations by various members of the comparative literature faculty.

#### 270A-270B. World Literature (3-3) I, II

Comparative study of selected major works from various continents and cultures, with emphasis on the way literature deals with enduring human problems and values. Semester I: prior to 1500; Semester II: since 1500. 270A is not a prerequisite to 270B, and either may be taken separately.

#### 296. Topics in Comparative Literature (3) I, II

An introduction to the subject matter of comparative studies in literature. Focus on a specific movement, theme, figure, genre, etc. May be repeated with new title and content. See Class Schedule for specific content. Maximum credit six units.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 405. The Bible as Literature (3) I, II

Same course as English 405.  
Prose and poetry of the King James version.

#### 440. African Literature (3)

Comparative study of African literature as well as Black literature of North and South America and the Caribbean; intercontinental influences and the theme of Black identity.

#### 445. Modern Latin American Literature (3) I, II

Reading selections from major Latin American authors.

#### 455. Classical Asian Literature (3) I

Prerequisite: Comparative Literature 270A or 270B or English 220.  
Survey of one or more Asian literatures from the classical period of China, Japan, India, Korea, and others. Not open to students with six units of credit in Comparative Literature 430.

#### 460. Modern Asian Literature (3) II

Prerequisite: Comparative Literature 270A or 270B or English 220.  
Survey of one or more Asian literatures from the modern period of China, Japan, India, Korea, the Philippines, Vietnam, and others. Not open to students with six units of credit in Comparative Literature 430.

#### 470. Folk Literature (3)

Studies in the ballad, bardic poetry, oral and popular literature and folklore.

#### 490. Literary Movements (3)

A movement or theme in world literature—such as symbolism, existentialism, revolution, or romantic love. See Class Schedule for specific content.

#### 495. Literature and Other Disciplines (3) Cr/NC

Comparative study of relationship between literature and another field, such as philosophy, psychology, political science, or sociology. See Class Schedule for specific content.

#### 499. Special Study (1-3) I, II Cr/NC

Prerequisites: Consent of instructor and approval of department chair.  
Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

Prerequisite for all 500-level courses: Six units in literature or three units in literature and three units in a related area appropriate to the course in question.

#### 510. Medieval Literature (3)

Representative selections from authors of the Middle Ages.

#### 511. Continental Renaissance (3)

Representative selections from authors of the Renaissance period in continental Europe.

#### 512. Seventeenth and Eighteenth Century European Literature (3)

Selected works by European writers prior to 1800.

#### 513. Nineteenth Century European Literature (3)

Selected works by European writers between 1800 and 1900.

#### 514. Modern European Literature (3)

Selected works by European writers of the twentieth century.

**526. Modern Jewish Literature (3)**

Prerequisite: Upper division standing.  
Selected works by Jewish authors from the last half of the nineteenth century to the present, with emphasis on the Jewish literary tradition in Europe.

**530. Topics in Asian Literature (3) I**

Specialized study of a selected topic in Asian literature. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

**560. The Epic (3)**

Selected epic poems from world literature; emphasizes the Western epic tradition from Homer to the present.

**561. Fiction (3)**

A comparative approach to themes and forms in fiction (novel and short story). Focus of course to be set by instructor. May be repeated with new title and content. See Class Schedule for specific content. Maximum credit six units.

**562. Drama (3)**

Forms and themes in drama. Focus of course to be set by instructor. May be repeated with new title and content. See Class Schedule for specific content. Maximum credit six units.

**563. Poetry (3)**

A comparative approach to themes and forms in poetry. Focus of course to be set by instructor. May be repeated with new title and content. See Class Schedule for specific content. Maximum credit six units.

**571. Literary Use of Legend (3)**

Literary treatment of such legendary figures as Don Juan, Faust, and Ulysses, in a wide range of literature and genres. See Class Schedule for specific content.

**577. Major Individual Authors (3)**

In-depth study of the works of a major author, such as Sophocles, Dante, Cervantes, Goethe, Dostoyevsky or Proust. May be repeated

with new title and content. See Class Schedule for specific content. Maximum credit six units.

**580. Concepts in Comparative Studies (3)**

Basic concepts in comparative studies in literature (e.g., influence, movement, figure, genre, etc.); their validity, usefulness and limitations. May be repeated with new title and content. See Class Schedule for specific content. Maximum credit six units.

**581. Literary Uses of Languages (3)**

Function of languages in literary writing. May take the form of translation workshop, stylistic studies, semiotic analysis, etc. See Class Schedule for specific content.

**582. Contemporary Literary Theory (3)**

Prerequisite: Six upper division units in literature.  
Comparative study of literary theory since Russian formalism and Anglo-American "New Criticism." Emphasis on current developments in Europe and North America.

**594. Topics in Literature and the Arts (3) I, II**

Prerequisite: Six upper division units in literature or any of the other arts.

Comparative study of literature and other arts such as painting, sculpture, architecture, music, dance, and film. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units applicable to the M.F.A. degree in creative writing.

**595. Literature and Aesthetics (3)**

Prerequisite: Six upper division units in literature or any of the other arts.

Theoretical and experiential investigation of relationships between literature and the other arts; literary works in context of an inquiry into aesthetics.

**596. Topics in Comparative Literature (3)**

An intensive study of a topic to be selected by the instructor. May be repeated with new title and content. See Class Schedule for specific content. Maximum credit six units.

# Computer Science

In the Department of Mathematical Sciences  
In the College of Sciences

OFFICE: Business Administration/Mathematics 203  
TELEPHONE: (619) 594-6191

## Faculty

Chair: Elwin  
Coordinator for Computer Science: Beck  
Professors: Anantha, Baase, Beck, Carroll, Deaton, Donald, Marovac, Swiniarski, Vuskovic  
Associate Professors: Eckberg, Vinge, Whitney  
Assistant Professor: Stewart  
Lecturer: Root

## Offered by the Department of Mathematical Sciences

Master of Science degree in computer science.  
Major in computer science with the B.S. degree in applied arts and sciences.  
Minor in computer science.

## Computer Science Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 07011)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required for this major.

**Preparation for the Major.** Computer Science 107, 108, 237; Mathematics 150, 151, 245, 254; and Physics 195, 195L, 196, 196L, or Chemistry 200, 201, or Biology 200A-200B. (32-34 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Computer Science 310, 320 or 520, 370, 530, 560, 570; at least one course selected from Mathematics 541, 550, 551A, or 579; and 15 units of electives selected with the approval of a computer science major adviser. The student must complete an outline for the major and file a copy signed by a major adviser with the Evaluations Office.

## Computer Science Minor

The minor in computer science consists of a minimum of 18-24 units in computer science and mathematics to include Computer Science 107, 108; and at least 12 upper division units, or at least nine upper division units if the student completes a full calculus sequence, i.e., Mathematics 121, 122, or 150, 151. The courses selected are subject to the approval of the minor adviser.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

**101. Computers and Computing (3) I, II**

Two lectures and three hours of laboratory.  
Prerequisite: Satisfactory completion of the Mathematics Departmental Placement Examination, Part I.

History and ethics of computing. Use of word processors, spreadsheets, and database management systems. Programming in a procedural language. Use of widely available personal computers and timesharing computers. Not open to students with credit in Computer Science 107.

**106. Introduction to Computer Programming with FORTRAN (3)**

Prerequisite: Satisfaction of the Entry-Level Mathematics requirement. **Proof of completion of prerequisite required:** Copy of ELM score or verification of exemption; copy of Placement Examination score; grade report or copy of transcript.

Introduction to problem solving on a computer, design of algorithms, and use of FORTRAN language. Extensive programming. (Formerly numbered Mathematics 106.)

**107. Introduction to Computer Programming (3) I, II, S**

Prerequisite: Satisfaction of the Entry-Level Mathematics requirement. **Proof of completion of prerequisite required:** Copy of ELM score or verification of exemption; copy of Placement Examination score; grade report or copy of transcript.

Programming methodology and problem solving. Basic concepts of computer systems, algorithm design and development, data types, program structures. Extensive programming in Pascal. (Formerly numbered Mathematics 107.)

**108. Intermediate Computer Programming (3) I, II, S**

Prerequisites: Qualification on the Mathematics Departmental Placement Examination, Part I or Part IA; and Computer Science 107. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score; grade report or copy of transcript.

Further training in program design and development. Introduction to data structures: stacks, queues, linear lists, trees, sets. Pointers and recursion. Implementation and analysis of sorting and searching algorithms. Extensive programming in Pascal. (Formerly numbered Mathematics 108.)

**220. UNIX and the C Programming Language (3)**

Prerequisite: Computer Science 108.  
Introduction to the UNIX operating system; shell programming, major system services and utilities. The C language: its features and their significance in the UNIX programming environment.

**237. Machine Organization and Assembly Language (3) I, II, S**

Prerequisite: Computer Science 108. **Proof of completion of prerequisite required:** Copy of ELM or verification of exemption; copy of Placement Examination score; grade report or copy of transcript.

General concept of machine and assembly language, including data representation, looping and addressing techniques, subroutine linkage, macros, interrupts, and traps. (Formerly numbered Mathematics 137.)

**238. Higher Level Languages (1-2)**

Prerequisites: Computer Science 107 and qualification on the Mathematics Departmental Placement Examination, Part I or Part IA. **Proof of completion of prerequisites required:** Copy of ELM or verification of exemption; copy of Placement Examination score; grade report or copy of transcript.

Syntax and semantics of a given high level language. Units will depend on language. Programs will be run on computer. Possible languages include FORTRAN, COBOL, ALGOL, PL/1, LISP, SNOBOL, APL, simulation languages. See Class Schedule for current offering. Maximum credit six units. (Formerly numbered Mathematics 138.)

**296. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**299. Special Study (1-3)**

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Intended for Undergraduates)**

**310. Data Structures (3) I, II, S**

Prerequisites: Computer Science 108 and Mathematics 245.  
Representation of and operations on basic data structures. Arrays, linked lists, stacks, queues, orthogonal lists, trees; recursion; hash tables; dynamic storage management and garbage collection. (Formerly numbered Mathematics 370 and 570.)

**320. Programming Languages: Procedural Languages (3) I, II**

Prerequisite: Computer Science 108.  
Formal definition of programming languages including specification of syntax and semantics. Languages include Pascal, FORTRAN, COBOL, PL/1, C. Programming assignments in each language. (Formerly numbered Mathematics 372.)

**370. Computer Architecture (3) I, II**

Prerequisite: Computer Science 237.  
Communication between the components of a computer. Microprogramming. Programming with coroutines, traps, and interrupts. Characteristics of I/O devices and media. I/O programming.

**420. Ada and Programming Methodologies (3) I, II**

Prerequisite: Computer Science 310.  
Introduction to programming in Ada. Advanced concepts and features present in a variety of modern programming languages and programming methodologies as applied in Ada. (Formerly numbered Mathematics 480.)

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**498. Directed Readings in Computer Science Literature (1)**

Prerequisite: Credit or concurrent registration in the upper division computer science course in which readings are to be undertaken.  
Individually directed readings in computer science literature. May be repeated for a maximum of three units, taken each time from a different instructor.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**514. Database Theory and Implementation (3)**

Prerequisites: Computer Science 310 and Mathematics 245.  
Database systems architecture. Storage structures and access techniques. Relational model, relational algebra and calculus, normalization of relations, hierarchical and network models. Current database systems. (Formerly numbered Mathematics 582.)

**520. Programming Languages: Alternative Designs (3)**

Prerequisites: Computer Science 237 and 310.  
Formal definition of programming languages including specification of syntax and semantics. A selection of languages from general purpose, functional, object oriented, logic and vector oriented languages. Programming assignments in several languages.

**524. Compiler Construction (3)**

Prerequisites: Computer Science 237, 310, and either 320 or 520.  
Syntactical specification of languages. Scanners and parsers. Precedence grammars. Run-time storage organization. Code generation and optimization. (Formerly numbered Mathematics 575.)

**530. Systems Programming (3) I, II**

Prerequisites: Computer Science 237 and 310.  
Design and implementation of systems software. Relationship between software design and machine architecture. Topics from assemblers, loaders and linkers, macro processors, compilers, debuggers, editors. Introduction to software engineering. Large project required. (Formerly numbered Mathematics 580.)

**532. Software Engineering (3)**

Prerequisites: Computer Science 310 and either 320 or 520.  
Theory and methodology of programming complex computer software. Analysis, design, and implementation of programs. Team projects required. (Formerly numbered Mathematics 586.)

**550. Artificial Intelligence (3)**

Prerequisites: Computer Science 108 and either Mathematics 245 or 523.  
Heuristic approaches to problem solving. Systematic methods of search of the problem state space. Theorem proving by machine. Resolution principle and its applications. (Formerly numbered Mathematics 576.)

**552. Advanced Artificial Intelligence (3)**

Prerequisites: Computer Science 310, 550, and either 320 or 520.  
Presentation of logic based programming languages and their usefulness in artificial intelligence, including areas such as expert systems and natural language translation. Implementation and use of chaining, recursion, lists. Substantial programming practice. (Formerly numbered Mathematics 577.)

**554. Aspects of Interactive Computer Graphics (3)**

Prerequisites: Computer Science 310 and Mathematics 254.  
Theoretical and practical concepts and software requirements related to use of interactive computer graphics. Mathematical functions used in 3D graphics; data structures and languages both for programming graphical systems and for communication between a user and a graphical system. (Formerly numbered Mathematics 584.)

**556. Robotics: Mathematics, Programming, and Control (3)**

Prerequisites: Computer Science 320 or 520; Mathematics 254; knowledge of the C programming language.  
Robotic systems including manipulators, actuators, sensors, and controllers. Algebraic methods for spatial description of solid objects, manipulator kinematics and control. Robot programming languages and robot programming systems.

**558. Computer Simulation (3)**

Prerequisites: Computer Science 310 and Mathematics 550.  
Methodology of simulation for discrete and continuous dynamic systems. State-of-the-art programming techniques and languages. Statistical aspects of simulation. Students will design, program, execute, and document a simulation of their choice. (Formerly numbered Mathematics 583.)

**560. Algorithms and Their Analysis (3) I, II**

Prerequisites: Computer Science 310 and Mathematics 245.  
Algorithms for solving frequently occurring problems. Analysis techniques, lower bounds. Sorting, merging, graph problems (shortest paths, depth-first and breadth-first search), and others. NP-complete problems. (Formerly numbered Mathematics 578.)

**562. Automata Theory (3)**

Prerequisite: Mathematics 245 or 521A.  
Definition of finite automata. Classification of finite automaton definable languages. Minimization of finite automata. Nondeterministic finite automata. Sequential machines with output. Regular sets and expressions. Introduction to grammars. (Formerly numbered Mathematics 573.)

**564. Introduction to Computability (3)**

Prerequisite: Mathematics 245 or 523.  
Definition of algorithm by abstract (Turing) machines. Universal Turing machines. Primitive recursive and recursive functions. The equivalence of the computational power of Turing machines and recursive functions. Limitations and capabilities of computing machines; the halting problem. (Formerly numbered Mathematics 574.)

**566. Queuing Theory (3)**

Prerequisites: Computer Science 108 and Mathematics 550.  
Performance prediction of computer networks and other systems (e.g., inventory control, customer service lines) via queuing theory techniques. Operational analysis. (Formerly numbered Mathematics 571.)

**570. Operating Systems (3) I, II**

Prerequisites: Computer Science 310, 370, and knowledge of the C programming language.  
File systems, processes, CPU scheduling, concurrent programming, memory management, protection. Relationship between the operating system and underlying architecture. (Formerly numbered Mathematics 585.)

**572. Microprocessor Architecture (3)**

Prerequisites: Computer Science 370 and knowledge of the C programming language.  
Organization and applications of microcomputers. Software aspects and detailed descriptions of several popular microcomputers. Hands-on experience with microcomputers. (Formerly numbered Mathematics 581.)

**574. Computer Security (3)**

Prerequisites: Computer Science 310; Mathematics 245, 550; and credit or concurrent registration in Computer Science 570.  
Principles of computer security and application of principles to operating systems, database systems, and computer networks. Topics include encryption techniques, access controls, and information flow controls.

**576. Computer Networks and Distributed Systems (3)**

Prerequisite: Credit or concurrent registration in Computer Science 570.  
Local area networks and wide area networks; mechanisms for interprocess communication; rules for distribution of data and program functions. (Formerly numbered Mathematics 588 and 682.)

**596. Advanced Topics in Computer Science (1-4) I, II**

Prerequisite: Consent of instructor.  
Selected topics in computer science. May be repeated with the approval of the instructor. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

**For additional courses useful to computer scientists, see:**

Mathematics 541. Introduction to Numerical Analysis and Computing

Mathematics 542. Introduction to Numerical Solutions of Differential Equations

Mathematics 561. Applied Graph Theory

Mathematics 579. Combinatorics

# Counselor Education

In the College of Education

OFFICE: North Education 179  
TELEPHONE: (619) 594-6109

## Faculty

Emeritus: Bruce, Cochran, Hawley, Howard, Malcolm, Manjos, Ramage

Chair: Thompson

Professors: Carnevale, Chamley, Cook, Cummins, Feinberg, Miller, Senour

Associate Professors: Ingraham, Robinson, Thompson

Assistant Professors: Grant-Henry, Velasquez

Lecturers: Ishikuma, Leung, Nachison, Rowell

## Offered by the Department

Master of Arts degree in education with a concentration in counseling.

Master of Science degree in counseling.

Pupil personnel services credential.

School psychology credential.

## Courses

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 310. Group Leadership in Educational Settings (3)

Two lectures and two hours of activity.

Prerequisites: Anthropology 102 or Psychology 101 or Sociology 101; and completion of 60 units.

Identifying, classifying, and analyzing the components essential to the development of leadership in educational settings. Simulation activities assist students in acquisition of group leadership skills. Not applicable to a B.S. degree in Business Administration.

#### 397. Issues in Counseling (Credit to be arranged) I, II Offered only in Extension.

Prerequisite: Consent of instructor.

Class study of specially selected issues in counseling. Does not apply to pattern requirements for credentials. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Education 397.)

#### 400. Counseling and the Helping Professions (3) I, II

Serves as an introduction to the field of counseling and introduces the student to those professions considered to be helping professions.

#### 401. Theories and Processes of Personal Integration (3) I, II

Perspectives of and strategies for developing and maintaining a functional balance among intellectual, physical, emotional, and interpersonal aspects of daily living.

#### 496. Experimental Topics (1-3)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor. Open only to senior and graduate students in education who have shown ability to work independently.

Individual study. Maximum credit six units.

“I have come to feel that the only learning which significantly influences behavior is self-discovered, self-appropriated learning.”

—Carl R. Rogers, *On Becoming a Person*, 1961

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 585A. Human Sexuality for Counselors (3)

Prerequisite: Upper division course in human sexuality.

Dimensions of human sexuality that bear directly on role and function of helping professions. Human sexual development, sexual variations, sexual dysfunctions, intimate lifestyles, treatment modalities and sexual ethics. Fulfills MFCC licensure requirements.

#### 585B. Dynamics of Adjustment Behavior (3)

Prerequisite: Upper division course in abnormal psychology.

Philosophies and dynamics of adjustment behavior, patterns and types of abnormal behavior, and treatment modalities. Fulfills MFCC licensure requirement.

#### 596. Selected Studies (1-3)

Prerequisite: Consent of instructor.

A series of lecture and discussion sessions centering on current problems in counseling and guidance. Designed to serve the needs of any person desiring to keep informed of developments in this area. May be repeated with new content. See Class Schedule for specific content. Maximum credit of six units of 596 and 696 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree. (Formerly numbered and entitled Counselor Education 506, Guidance Conference.)

### GRADUATE COURSES Refer to the Graduate Bulletin.

## Faculty

Professors: Boostrom, Gitchoff, Henderson, Sutton

## Offered by the School of Public Administration and Urban Studies

Major in criminal justice administration with the B.S. degree in applied arts and sciences.

## The Major

The purpose of the criminal justice administration program is to provide current and future decision-makers in criminal justice with the foundation for critical and balanced as well as responsible and effective administrative responses. As the systems designed to deliver justice services are continually asked to accomplish more with fewer resources, the need for able and professional administrators becomes more and more pressing. The mission of the department is to provide graduates with the background and ability to meet this challenge.

Criminal justice administration majors with the B.S. degree have typically found employment at entry-level positions in local, state, and federal criminal justice agencies or in private business or security positions (e.g., loss prevention officer). At the local level, graduates can begin service in various capacities with police, sheriffs and marshal's offices, probation, county supervisors, city administration, and criminal justice planning agencies. At the state level, graduates may enter the Highway Patrol, Alcohol Beverage Control, Attorney General's Office, Department of Corrections, California Youth Authority, or related agencies. At the federal level, graduates are employed in agencies such as the FBI, Customs Service, Border Patrol, Secret Service, Drug Enforcement Agency, Naval Intelligence Service, Defense Investigative Services, CIA, and Department of Agriculture.

A significant number of graduates of this degree program also enter law school after graduation.

## Criminal Justice Administration Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 21051)

Applications will be accepted only during the months of August for the following spring semester and November for the fall semester. Change of major and declaration of major will be accepted only during specific filing periods. Please contact the School for deadlines.

All candidates for a degree in applied arts and sciences must complete the graduation requirements in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Criminal Justice Administration 200, Political Science 102, Sociology 101 and 150, and a three-unit course in elementary statistics (e.g., Sociology 201, Mathematics 250, Psychology 270), (15 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Public Administration 301; Criminal Justice Administration 301, 497 or 498, 540; six units (in addition to Public Administration 301) selected from all upper division Public Administration courses; and 18 additional

upper division units selected with the approval of a department adviser. Within this program students may focus their study in areas such as law, law enforcement administration, court administration, correctional administration, juvenile justice administration, and deviance and social control. Interested students must seek guidance from a faculty adviser (may be any of the full-time faculty listed above) in selecting appropriate courses. A master plan for courses in the major must be approved by a faculty adviser and filed with the Evaluations Office at least one semester before graduation. It is recommended that the student complete a preliminary master plan of courses as soon as possible after declaring the major.

**IMPACTED PROGRAM.** The criminal justice administration major is designated as an impacted program and specific regulations related to admissions are imposed. Consult the department for regulations and admissions criteria.

## Courses

### LOWER DIVISION COURSE

#### 200. Introduction to Criminal Justice Administration (3) I, II

Survey of the structure, functions and problems of controlling criminal activity while preserving individual freedoms in a democratic society.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 301. Social Control, Social Policy and Administration of Justice (3) I, II

Prerequisites: Criminal Justice Administration 200 with a grade of C or better and completion of all other lower division preparation for the major courses.

Interrelationship of social control, social policy and administration of criminal justice in contemporary American society.

#### 305. Professions, Practices and Ethics in Criminal Justice Administration (3) I

Prerequisite: Criminal Justice Administration 301.  
Professional roles and responsibilities of practitioners and administrators in criminal justice agencies, including consideration of the ethical responsibilities of criminal justice practitioners.

#### 310. Law Enforcement Administration (3)

Administrative relationships within the criminal justice process with special reference to problems of courts and police and probation agencies.

#### 320. The Administration of Criminal Law (3)

Prerequisite: Criminal Justice Administration 301.  
Constitutional law principles as implemented in criminal courts with emphasis on critical analysis of factual situations and the argument of legal issues in criminal cases from both defense and prosecution perspectives.

#### 321. Juvenile Justice Administration (3)

Prerequisite: Criminal Justice Administration 301.  
Assessment of the structure and functions of agencies and institutions which comprise the juvenile justice system in America; evolution of policies and programs for prevention of delinquency and treatment of the juvenile offender.

**330. Contemporary Correctional Administration (3)**

Prerequisite: Criminal Justice Administration 301.  
Contemporary policies and practices of local, state and federal correctional agencies, the influence of reform movements, and the interrelationship of corrections with other criminal justice system components.

**333. Judicial Administration (3)**

Prerequisites: Criminal Justice Administration 301 and Public Administration 301.

Review of significant developments at the state and federal levels, including court unification and financing, leadership, congestion, training, selection, tenure, discipline, removal and retirement of court-related personnel, and technological applications.

**420. Constitutional Issues in the Administration of Justice (3)**

Prerequisites: Criminal Justice Administration 200 and 301.  
Constitutional legal theories and principles, especially the Fourth, Fifth, Sixth, and Eighth Amendments to the Constitution, as they affect criminal justice procedures and practices.

**430. Prisons in Theory and Practice (3) Cr/NC  
Offered only in Extension.**

Two lectures and three hours of supervised activity.  
Prerequisites: Criminal Justice Administration 200 and consent of instructor.

Design and operation of state and federal prisons in California from the perspective of staff and inmates. Onsite study and critique of facilities.

**496. Selected Topics in Criminal Justice Administration (1-3)**

Selected current topics in criminal justice administration. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units. (Formerly numbered Criminal Justice Administration 495.)

**497. Investigation and Report (3) I, II Cr/NC**

Prerequisites: Consent of instructor and senior standing.  
Analysis of special topics.

**498. Internship in Criminal Justice Administration (2-6)  
I, II Cr/NC**

Prerequisites: Consent of instructor and senior standing.  
Students are assigned to various government agencies and work under joint supervision of agency heads and the course instructor. Participation in staff and internship conferences.

**499. Special Study (1-3) I, II Cr/NC**

Prerequisites: Twelve units of upper division criminal justice administration and consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)****502. Juvenile Deviance and the Administration Process (3)**

Prerequisite: Criminal Justice Administration 321.  
Problems of implementing and evaluating policies and programs for prevention of juvenile delinquency and treatment of juvenile offenders; an assessment of the proposed standards and goals for juvenile justice administration.

**510. Contemporary Issues in Law Enforcement Administration (3)**

Prerequisite: Criminal Justice Administration 310.  
Assessment of problems confronting administrators of law enforcement agencies and of recent efforts to enhance the capability of agencies to control criminal activity while guarding individual liberties.

**520. Prosecutorial Function in Administration of Justice (3)**

Prerequisite: Criminal Justice Administration 301.  
Analysis of prosecutor's function at local, state and federal levels and in selected foreign nations, including appraisal of proposed national standards and goals for prosecutors.

**531. Probation and Parole (3)**

Prerequisite: Criminal Justice Administration 330.  
Basic concepts, history, legislation, and practices used in work with juveniles and adults who have been placed on probation or parole; criteria of selection, methods of supervision, and elements of case reporting.

**540. Applied Planning, Research and Program Evaluation in Criminal Justice Administration (3) I, II**

Prerequisite: Criminal Justice Administration 301.  
Application of planning, research and program development and evaluation principles to the field of criminal justice.

**543. Community Resources in Criminal Justice Administration (3)**

Prerequisite: Criminal Justice Administration 301.  
Exploration of present and probable roles of public and private agencies and volunteers in criminal justice administration.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Dance

In the Department of Physical Education  
In the College of Professional Studies and Fine Arts

OFFICE: Physical Education 351  
TELEPHONE: (619) 594-5541

**Faculty**

Emerita: Lockman  
Professor: Carlson  
Associate Professors: Nunn, Sandback, Willis

**Offered by the Department of Physical Education**

Major in dance with the B.A. degree in applied arts and sciences.  
Minor in dance.

**The Major**

The Dance Program of the Department of Physical Education provides professional preparation for dance majors in choreography, performance, scholarship, and teaching; more specifically, as choreographers and dancers with professional companies, teachers in community and recreation programs, schools and colleges, movement educators, and candidates for graduate work in dance scholarship.

Philosophically, the program promotes dance as a communicative and expressive medium uniquely effective in the conveyance of meaning, emotion, and cultural values. Dance is a rigorous and specialized area of the performing arts, demanding a high level of physical preparation as well as a thorough understanding of aesthetics.

As members of the University Dance Company, students perform in faculty choreography and repertory works set by distinguished guest artists in periodic workshops and residencies. Each student also stages original work in a senior recital. Dance activity courses provided in the department offer experiences for the general student population in modern, jazz, ballet, folk, and social forms.

**Dance Major**

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 10081)

All candidates for a degree in applied arts and sciences must complete the requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major.** Dance 101, 111, 121, 141, 171, 181, 183, 221, 231, 241, 253, 255, 256, 261, 271, 281, 285; Anthropology 102; Biology 150, 336; Psychology 101. (48 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 503W with a grade of C (2.0) or better.

**Major.** A minimum of 32 upper division units to include Dance 321, 341, 353, 354, 365, 371, 381, 441, 453, 481, 483, 486, 487; and Physical Education 560.

**Dance Minor**

Prerequisite to the minor is Physical Education 134A.  
The minor in dance consists of a minimum of 24 units in physical education, of which six units must be upper division, to include Biology 150; Dance 141, 181, 183, 253, 255, 353, 361; Physical Education 134B, 136A, 136B, and one upper division unit elective selected with the approval of the adviser.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

**Courses****LOWER DIVISION COURSES****101. Historical and Contemporary Social Dance Forms (2) I**

Four hours of activity.  
Court and country dances of Renaissance and Baroque periods. Social dances of the nineteenth and twentieth centuries.

**111. Ethnic Dance Forms (2) II**

Four hours of activity.  
Techniques, styles, and rhythms of traditional dance in selected cultures.

**121. Ballet I (2) I**

Four hours of activity.  
Prerequisite: Dance majors only.  
Ballet skills for dance majors emphasizing placement, coordination, ballet terminology, and technical principles. Not open to students with credit in Physical Education 350.

**141. Modern Dance I (3) I**

Six hours of activity.  
Basic modern dance skills with emphasis on alignment. (Formerly numbered Physical Education 450.)

**171. Dance Production I (1) I Cr/NC**

Three hours of laboratory.  
Technical experience in dance production. Not open to students with credit in Physical Education 352.

**181. Introduction to Dance (3) I**

Foundations of dance as an art form and a social manifestation in western society. Types of dance and their aesthetic differences. Sociological importance of dance in modern America. Overview of career options. (Formerly numbered Physical Education 153.)

**183. Rhythmic Analysis (2) II**

One lecture and two hours of activity.  
Music as related to movement; notation and simple music forms applied to all movement activities; percussion accompaniment; writing of percussion scores, music repertoire for dance. (Formerly numbered Physical Education 154.)

**221. Ballet II (2) II**

Four hours of activity.  
Prerequisite: Dance 121.  
Ballet skills for dance majors emphasizing increased complexity, strength, and endurance.

**231. Jazz Dance I (2) I**

Four hours of activity.  
Prerequisite: Dance majors only.  
Jazz dance technique and fundamentals. Not open to students with credit in Physical Education 351.

**241. Modern Dance II (3) II**

Six hours of activity.  
Prerequisite: Dance 141.  
Continuation of development of modern dance skill with emphasis on function of alignment and articulation of the extremities in motion. (Formerly numbered Physical Education 451.)

**253. Choreography I (2) I**

Four hours of activity.  
Using concepts of space, time, and energy to investigate and explore basic elements of choreography. Studies and compositions emphasizing solo and small group works. (Formerly numbered Physical Education 550.)

**255. Dance Improvisation I (1) II**

Two hours of activity.  
Exploring improvisation through specific stimulus leading to the acquisition of basic improvisational skills. (Formerly numbered Physical Education 454.)

**256. Dance Improvisation II (1) I**

Two hours of activity.  
Prerequisite: Dance 255.  
Practice in more complex arrangements of improvisation. (Formerly numbered Physical Education 455.)

**261. Dance Rehearsal and Performance (1) II Cr/NC**

Three hours of laboratory.  
Prerequisite: Entrance by audition.  
Practical experience in departmental public performance. Maximum credit four units.

**271. Dance Production II (1) II Cr/NC**

Three hours of laboratory.  
Prerequisite: Dance 171.  
Technical experience in dance production.

**281. Dance in World Cultures (2) I**

Prerequisites: Dance III and Anthropology 102.  
Dance in selected cultures; geographic, historical, social, and aesthetic factors which have shaped development and function.

**285. Dance Pedagogy (2) I**

Four hours of activity.  
Teaching theory as applied to ballet, modern, jazz, and social dance for adult populations. (Formerly numbered Physical Education 456.)

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**321. Ballet III (2) II**

Four hours of activity.  
Prerequisite: Dance 221.  
Ballet skills for dance majors emphasizing turns, jumps, batterie, extended sequences, and movement quality.

**341. Modern Dance III (3) I**

Six hours of activity.  
Prerequisite: Dance 241.  
Progressively difficult movement patterns based on previously developed skills with emphasis on elevation, rhythm, body design, and dynamic flow of movement. (Formerly numbered Physical Education 452.)

**353. Choreography II (2) II**

Four hours of activity.  
Prerequisite: Dance 253.  
Introducing large group works, solo and small group work in organizing more complex arrangements of the basic elements of dance composition. Utilizing music and sound as aural contributions to choreography. (Formerly numbered Physical Education 551.)

**354. Choreography III (2) I**

Four hours of activity.  
Prerequisite: Dance 353.  
Approaching dance as a fundamental means of communication. Recognizing the relationship between form and content. (Formerly numbered Physical Education 552.)

**365. University Dance Company: Major Performance (1) I Cr/NC**

More than three hours of activity per week.  
Prerequisites: Open only to dance majors. Audition and approval by dance faculty.

Practical experience in University dance company including concert performances of dance repertory, production of choreographic works, presentation of master classes and workshops, and participation in major production. Maximum credit four units.

**371. Dance Production III (1) I Cr/NC**

Three hours of laboratory.  
Prerequisite: Dance 271.  
Technical experience in dance production.

**381. Dance History (3)**

Prerequisite: Dance 181.  
Integrated approach to understanding of historical forces shaping the development of dance. (Formerly numbered Physical Education 376B and 556.)

**441. Modern Dance IV (3) II**

Six hours of activity.  
Prerequisite: Dance 341.  
Advanced modern dance techniques based on skills developed in Dance 141 through Dance 341 with emphasis on performance qualities in projection, vitality, and executing. (Formerly numbered Physical Education 453.)

**453. Choreography IV (2) II**

Four hours of activity.  
Prerequisite: Dance 354.  
Choreography of solo and group works utilizing symbiotic relationship of movement, sound, lighting, costuming, and other interdisciplinary media. Presentation of a recital. (Formerly numbered Physical Education 553.)

**481. Dance Philosophy and Criticism (2) I**

Prerequisite: Dance 381.  
Philosophy and aesthetics of dance. Historical foundations of dance criticism. Major contemporary schools of thought. Professional preparation and function of the dance critic. (Formerly numbered Physical Education 557.)

**483. Dance Notation (3) I**

Prerequisite: Completion of preparation for the major in dance.  
Theories and application of dance notation systems and other methods of recording dance. Basic skills in writing dance in Labanotation; reading notated dance scores; experiences in recording ethnic, ballet, jazz, and modern dance.

**486. Dance Practicum: Folk, Square, Ballroom (2) II**

Four hours of activity.  
Prerequisite: Dance 285.  
Teaching techniques in folk, square, and ballroom dance and practice in the use of these techniques.

**487. Dance Practicum: Modern, Ballet, Jazz (2) II**

Four hours of activity.  
Prerequisite: Dance 285.  
Teaching techniques in modern dance, jazz dance, and ballet and practice in the use of these techniques.

# Drama

In the College of Professional Studies and Fine Arts

OFFICE: Dramatic Arts 204  
TELEPHONE: (619) 594-6363

The Department of Drama is a Member of the National Association of Schools of Theatre.

**Faculty**

Emeritus: Howard, Povenmire, Sellman  
Chair: Annas  
Professors: Annas, Harvey, A.C., Harvey, M., McKerrow, O'Donnell, Owen, Salzer, Stephenson  
Associate Professors: Larham, Reid, Wolf  
Assistant Professors: Bellinghiere, Kalustian  
Lecturer: Holly

**Offered by the Department**

Master of Arts degree in drama.  
Master of Fine Arts degree in drama.  
Major in drama with the B.A. degree in applied arts and sciences.

Emphasis in acting.  
Emphasis in children's drama.  
Emphasis in design for drama.  
Emphasis in design for television and film.  
Emphasis in directing.  
Teaching major in drama for the single subject teaching credential in English.  
Minor in drama.

**The Major**

The bachelor's degree in drama prepares students for excellence as professional actors, directors, costume, lighting, and scenic designers. To achieve that goal, the department offers not only a rich diversity of course offerings, but also an eight-play season open to the San Diego public with many performance and design opportunities for the student. In addition, lectures and professional growth opportunities are provided through interaction with guest artists and professionals from many different areas of the industry: theatre management and marketing, directors, scenic designers, lighting designers, costume designers, playwrights, and actors. The program is structured in a way that ensures that each student, prior to graduation, will have been exposed to all the backstage areas that support a theatre performance.

The drama major serves as preparation for professional work in various fields of theatre arts (acting, directing, children's theatre, design, technical theatre), teaching positions in various levels of educational theatre, and participation in civic and community theatre work.

The Department of Drama offers students a wide variety of courses and several degree programs in theatre. The mission of the department is twofold. First of all, we wish to provide quality education on the undergraduate and graduate levels for students who desire to pursue a career in theatre, whether that career be in acting, directing, design, technical theatre, or teaching. Our second, and equally important mission, is a strong commitment to the philosophy of the University as a liberal arts institution. We want to provide undergraduate students with an opportunity to enrich their present and future lives by learning to understand and enjoy the art of theatre.

The faculty of the Department of Drama believe that theatre is a rewarding undergraduate major, even for those who do not plan a career in the field. The study of theatre enriches the lives of men and women because it helps them to know themselves and to interact effectively with one another. Theatre is the fine art which is often considered to be a combination of all the arts. Through it, we experience the work of some of the greatest writers and thinkers and

artists our civilization has ever known. As we learn about theatre, we understand more about ourselves and develop a remarkable respect for the human spirit.

The Department of Drama's training is specifically geared toward assisting students in their efforts to seek professional work in various fields of theatre arts, to seek teaching positions in various levels of educational theatre, to contribute to the cultural life of the community by participating in civic and community theatre work, and to further their awareness of drama as a significant art form in order to become informed and discriminating members of the theatre public.

In addition, the Department of Drama offers a wide variety of courses which provide excellent enrichment opportunities for the nondrama major. Students pursuing study in "people/service related" disciplines such as education, business administration, telecommunications and film, counseling, advertising, journalism, and prelaw are encouraged to explore the many courses available in the department's curriculum which will prove rewarding and beneficial to their career objectives.

**Drama Major**

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 10071)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**General Drama Program**

**Preparation for the Major.** Drama 105, 110, 120, 130, 231, 240, 245, 249, and 250. (27 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 500W with a grade of C (2.0) or better.

**Major.** A minimum of 44 upper division units in drama to include Drama 420, 440, 442 (eight units of Drama 442 must be taken prior to graduation), 457, 458 or 459, 460A, 460B, and 18 upper division units in drama selected with the approval of the adviser.

**Emphasis in Acting**

**Preparation for the Major.** Drama 105, 110, 120, 130, 231, 232, 240, 245, 249, and 250. (30 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 500W with a grade of C (2.0) or better.

**Major.** A minimum of 44 upper division units in drama to include Drama 420, 434, 440, 442 (eight units of Drama 442 must be taken prior to graduation), 457, 458 or 459, 460A, 460B, 532, 533A, 533B, 551, and either 310, 320, 330, 350, 351, 431, or 555A and 555B.

**Emphasis in Children's Drama**

**Preparation for the Major.** Drama 105, 110, 120, 130, 231, 240, 245, 249, and 250. (27 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 500W with a grade of C (2.0) or better.

**Major.** A minimum of 46 upper division units to include Drama 310, 315, 329A or 329B, 420, 440, 442 (eight units of Drama 442 must be taken prior to graduation), 457, 460A, 460B, 480, 511, 515; Teacher Education 530; and three units selected from Drama 431, 434, 458, 532.

### Emphasis in Design for Drama

**Preparation for the Major.** Art 101, Drama 105, 110, 120, 130, 231, 240, 245, 249, and 250. (30 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 503W with a grade of C (2.0) or better.

**Major.** A minimum of 47 upper division units in drama to include Drama 420, 440, 442 (eight units of Drama 442 must be taken prior to graduation), 452, 457, 460A, 460B, 540, 545A, 552, 560 (one unit taken each semester up to maximum of three units), and either 448, 545B, 546, 551, or 554; and six upper division units outside the drama department selected from Art 381, 403, 405, 481, 581, 582; English 533, 541A, 541B, 578; Industrial Technology 320, 416, 422, 432; Telecommunications and Film 325, 550, 551; or other courses selected in consultation with area adviser.

### Emphasis in Design for Television and Film

**Preparation for the Major.** Art 101, Drama 105, 120, 240, 245, 249, 250; Telecommunications and Film 120. (24 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 503W with a grade of C (2.0) or better.

**Major.** A minimum of 41 upper division units to include Drama 420, 440, 442 (eight units of Drama 442 must be taken prior to graduation), 448, 452, 540, 545A; Telecommunications and Film 315, 325, 401, 550; and three units selected from Drama 475, 545B, 546, or Telecommunications and Film 551.

### Emphasis in Directing

**Preparation for the Major.** Drama 105, 110, 120, 130, 231, 240, 245, 249, and 250. (27 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 500W with a grade of C (2.0) or better.

**Major.** A minimum of 47 upper division units in drama to include Drama 420, 440, 442 (eight units of Drama 442 must be taken prior to graduation), 452, 457, 459, 460A, 460B, 532, 533A, 533B, 551, 552, and three units selected from Drama 320, 350, 351, 515, or 559.

### Drama Major

**For the Single Subject Teaching Credential in English With the B.A. Degree in Applied Arts and Sciences (Major Code: 10071)**

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in applied arts and sciences.

**Preparation for the Major.** Drama 105, 110, 120, 130, 231, 240, 245, 249, 250; English 100, 200, 250A or 250B; and English 260A\* or 260B\*. (36-39 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 500W with a grade of C (2.0) or better.

**Major.** A minimum of 37-40 upper division units to include Drama 310, 420, 440, 442 (eight units of Drama 442 must be taken prior to graduation), 457, 460A, 460B, 480; English 560A\* or 560B\*; English 500W or 508W; three units selected from English 527, 533, 541A, 541B, 544, 547, 548; and three units from Linguistics 410, 520, 524.

\* Only three units from English 260A, 260B, 560A, or 560B are required.

### Drama Minor

The following courses are prerequisite to the drama minor and do not count toward the 24 units required for the minor: Drama 105, 110, and 120. (9 units)

The minor in drama consists of a minimum of 24 units in drama to include Drama 130, 231, 240, 250, 420, 457, 458 or 459, and 460A or 460B.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 100. Theatre and Western Civilization (3) I, II

Theatre as a reflection of society and as a contributor to the development of Western civilization. Emphasis on theatre's continuing relevance to contemporary society. Attendance at selected theatre events required.

#### 105. Introduction to the Theatre (3) I, II

Theory and practice in the theatre, including its literary, critical, technical and artistic aspects viewed against historical backgrounds. Students required to participate in a minimum of five hours of related theatre experience.

#### 110. Voice and Diction for the Theatre (3) I, II (CAN DRAM 6)

Exercises and drills to improve the quality, flexibility and effectiveness of the speaking voice leading to good usage in standard American speech. Preparatory to further courses in drama.

#### 115. Acting for Nonmajors (3) I, II

Improvisational exercises (verbal and nonverbal) in sensory awareness, observation, concentration, listening, and response skills with application to other fields. Individual presentation techniques for the preprofessional in other disciplines. Not open to drama majors.

#### 120. Heritage of Dramatic Literature (3) I, II

Three lectures and attendance at selected performances. Survey of dramatic literature from classical to the modern period, including classical, medieval, Renaissance, Restoration, neoclassical, romantic, realistic and modern plays.

#### 130. Elementary Acting (3) I, II (CAN DRAM 8)

Prerequisite: Drama 110.  
Development of individual's ability to express thought and emotion through effective use of the voice and body. These fundamental concepts may be applied to stage, film, and television acting.

#### 231. Intermediate Acting (3) I, II

Prerequisite: Drama 130.  
Continuation of Drama 130, emphasizing application of fundamental skills to problems of emotion, timing, characterization, and ensemble acting.

#### 232. Movement and Mime for the Theatre (3) I

Two lectures and three hours of laboratory.  
Prerequisite: Drama 105.  
Basic disciplines of locomotor and axial body movement for the stage director and actor; introduction to mime. The relationship between body expression and character portrayal.

#### 240. Dramatic Production and Stagecraft (3) I, II (CAN DRAM 12)

Two lectures and three hours of laboratory.  
Prerequisite: Drama 105.  
Technical practices and organization of production for theatre and television. Practice in drafting and construction of scenery for the University productions.

#### 245. Elementary Stage Lighting (3) I, II

Two lectures and two hours of activity.  
Prerequisite: Drama 105.  
Concepts and technologies in stage lighting; emphasis on mechanics of stage lighting, color, instrumentation, control. Production crew assignment in lighting required.

#### 249. Theatrical Makeup (3) I, II (CAN DRAM 14)

Two lectures and two hours of activity.  
Prerequisite: Drama 105.  
Planning and application of makeup for stage, film, and television. Classroom exercises and production-related activities.

#### 250. Elementary Stage Costume (3) I, II

Two lectures and three hours of laboratory.  
Prerequisite: Drama 105.  
Concepts, materials and technologies of costume production and design. Classroom projects and production-related activities.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 310. Creative Drama (3) I, II, S

Principles and techniques of creative drama with children, young adults, adults and senior citizens, in classroom, theatre work, in conjunction with therapeutic programs, or as a recreation activity. Development of individual mentally, emotionally and socially through use of dramatic play, imaging, improvisation, theatre games.

#### 315. Theatre for Young Audiences (3) I, II

Prerequisite: Drama 105.  
Current philosophies and practices in theatre for young people. Techniques of selecting and producing plays for youth. Understanding of theatrical forms, and functions of production team members.

#### 320. Speaking the Classic Theatre (3) II

Prerequisites: Drama 110, 231.  
Techniques of vocal expression in the theatre, primarily in Shakespeare and classical drama. Emphasis on individualized instruction and vocal problem solving.

#### 328A-328B. Musical Theatre Touring Company (3-3) I, II Cr/NC

More than six hours of activity.  
Production of musical theatre performances in a touring group. Practical experience through performances to community organizations; schools in Southern California area.

#### 329A-329B. Children's Theatre Workshop (3-3) Cr/NC

Six hours of activity.  
Prerequisites: Drama 315 and consent of instructor.  
Production of plays for child audiences, with emphasis on elementary and junior high levels. Practical experience through participation in university-sponsored productions.

#### 330. Accents and Dialects for the Stage (3)

Prerequisite: Drama 130.  
Various accents and dialects most frequently occurring in stage productions.

#### 350. Acting Studies in the Musical Theatre Repertoire (3) I

Two lectures and two hours of activity.  
Prerequisite: Admission by audition only.  
Basic performance techniques for actor-singer-dancer in musical theatre production. Application of acting theory to musical literature: soliloquy, recitative, duet.

#### 351. Musical Theatre Song and Scene Analysis (3) II

Vocal selections and scenes in musical theatre. Emphasis on characterization requirements, appropriate performance styles.

#### 420. Play Analysis (3) I, II

Prerequisites: Drama 105 and 120.  
Representative dramas for the stage are read, discussed and analyzed in writing in terms of environment, structure, action, character and style.

#### 431. Workshop in Improvisational Acting (3) I

Prerequisite: Drama 231.  
Theories and principles of improvisational acting.

#### 434. Audition Techniques for the Actor (3) II

Two lectures and two hours of activity.  
Prerequisite: Drama 231.  
Techniques of auditioning and interviewing in the theatre: selecting audition piece, rehearsing, and performing auditions. Instruction in preparing resumes and photographs for profession.

#### 440. Scenic Design (3) I, II

Two lectures and two hours of activity.  
Prerequisite: Drama 240.  
Techniques and procedures in the application of principles of design, color and perspective in the designing and painting of scenery for various types of productions for stage, television and cinema.

#### 442. Theatre Workshop (1-6) I, II Cr/NC (3-6) S Cr/NC

Two hours of activity per unit.  
Practical theatre production experiences to include set crew and construction; costume crew and construction; make-up; lighting; sound management; stage, house, and box office; or other faculty approved areas. Must be repeated for a total of eight units.

#### 445. Rehearsal and Performance (1-6) Cr/NC

Two hours per unit.  
Practical experience in departmental public performance. Maximum credit six units.

#### 448. Advanced Dramatic Production and Stagecraft (3) I

Two lectures and three hours of laboratory.  
Prerequisite: Drama 240.  
Scenery drafting and construction, with attention to the multiple-set play. Planning of scenery construction and rigging for stage and television productions.

#### 452. Costume History and Design for the Theatre (3) I

Two lectures and three hours of laboratory.  
Prerequisites: Drama 250 and 420.  
Chronological study of clothing and theatrical dress from earliest times to the present, with practical applications in terms of contemporary costume design for the theatre. Egyptian through Cavalier periods. Elements and principles of costume design.

#### 457. Fundamentals of Stage Direction (3) I, II

Prerequisites: Drama 231, 420, and consent of instructor.  
Planned for prospective directors of plays in schools, colleges, and community theatres. A comprehensive study of the various problems confronting a stage director.

#### 458. Stage Direction: Scenes (3) I, II

Two lectures and two hours of activity; attendance of one-act plays and selected performances.  
Prerequisites: Drama 457 and consent of instructor.  
Experience and group evaluation in directing scenes in acting classes.

#### 459. Stage Direction: One-act Plays (3) I, II

One lecture and four hours of activity; attendance of one-act plays and selected performances.  
Prerequisites: Drama 457 and consent of instructor. (May be substituted for Drama 458 as requirement in directing.)  
Experience and group evaluation in directing one-act plays before departmental or public audiences.

#### 460A-460B. History of the Theatre (3-3) I, II

The theatre from primitive times to the present. Special attention will be given to the theatre as a mirror of the social and cultural background of the various countries and periods in which it is studied. Drama 460A is not prerequisite to 460B.

#### 475. Theatre Management: Production Applications (3) I

Prerequisite: Drama 105.  
Human resource management for theatre production with emphasis on role of technical director, production manager, stage manager, house manager, box office personnel, theatrical unions.

**476. Theatre Management: Audience Development (3) II**

Prerequisite: Drama 105.  
Development of an audience for theatrical productions with emphasis on subscription campaigns, publicity, brochures, budgeting, public relations, ticket sales.

**480. Methods and Materials of Instruction (2) I**

Professional preparation emphasizing organization and practices in the teaching of dramatic arts.

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Accepted for Advanced Degrees)**

**511. Styles in Creative Drama (3)**

Prerequisite: Drama 310.  
Advanced techniques and procedures in the teaching of creative drama. Lectures and reading on the application of creative drama with emphasis on the different styles of creative drama available to the practitioner. Practical experience through work with children.

**515. Directing for Children's Theatre (3) II**

Prerequisite: Drama 315.  
Staging and technical problems relative to the production of plays for children; casting procedures, blocking and characterization principles, rehearsal and scenic techniques.

**520. History of Musical Theatre (3) I**

Prerequisite: Drama 460A.  
Musical theatre from early Viennese operettas to musicals of modern times; representative works.

**523. Stage Combat (2) II**

Four hours of activity.  
Prerequisite: Drama 232 for undergraduates. Admission to M.F.A. acting program for graduate students.  
Skills and choreography of armed and unarmed stage combat. Performance application to selected scenes from world drama.

**532. Advanced Acting and Directing (3) I**

Prerequisite: Drama 231.  
Acting students admitted by audition only; directing students by interview.  
Problems in characterization in contemporary drama, and in plays of Ibsen, Strindberg, Chekhov, and Shaw.

**533A-533B. Theory and Styles in Acting and Directing (3-3)**

Prerequisite: Drama 231.  
Acting and directing problems in theory and style related to the production of plays from great periods in theatre history, with attention to characterization, dramatic values, creative directing and production approaches. Semester I: Shakespearean tragedy and history, melo-drama, and farce. Semester II: Greek tragedy, Shakespearean comedy.

**540. Styles in Scenic Design (3) II**

Prerequisites: Drama 420 and 440.  
History of scenic design and the application of contemporary styles to various types of dramatic production for stage, television and cinema.

**545A-545B. Stage Lighting (3-3) I, II**

Two lectures and three hours of laboratory.  
Prerequisites: Drama 245. Drama 545A is prerequisite to 545B.  
Light, color, lighting instruments, and control equipment, including the design and planning of lighting for plays.

**546. Computer Systems and Special Effects Techniques in Stage and Television Lighting (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Drama 545B.  
Functional study of computer systems in stage and television lighting with emphasis on realizing effective methods of using such systems in production.

**551. Costume, Movement, and Manners (3) I**

Prerequisite: Drama 130 or 250.  
Interrelationship of period costumes and the movement and manners of the time; and their application on the stage.

**552. Costume History and Design for the Theatre (3) II**

Two lectures and three hours of laboratory.  
Prerequisite: Drama 452.  
A continuation of Drama 452 to include chronological study of clothing and theatrical dress from the Restoration period to 1930, with practical applications in terms of contemporary costume design for the theatre.

**554. Costume Construction Techniques (3)**

Two lecture-demonstrations and three hours of laboratory.  
Prerequisite: Drama 250.  
Period pattern drafting, draping, cutting, construction. Wig, millinery, armor, mask, accessory construction. Costume paint and dye techniques.

**555. Musical Theatre Dance (2) I, II**

Four hours of activity.  
Prerequisite: By audition only prior to beginning of semester.  
Musical theatre dance styles and forms for actor, singer, dancer, and director as they pertain to arranged composition of a musical theatre production. (Formerly numbered Drama 555.)

- A. Musical Theatre: Ballet
- B. Musical Theatre: Jazz and Tap

**559. Musical Theatre Stage Direction (3) II**

One lecture and four hours of activity.  
Prerequisite: Drama 459.  
Experience and group evaluation in performance and direction of musical theatre scenes; attendance at musical theatre performances and other selected musical presentations. Problems confronting a musical theatre stage director.

**560. Rendering for Theatrical Designer (1)**

Prerequisites: Drama 250, 440.  
Development of skills necessary for theatrical designer to complete successful set and costume renderings. Techniques, media, and portfolio presentation. Maximum credit three units.

**589. Playwriting: The Full-Length Play (3)**

Two lectures and two hours of activity.  
Prerequisite: Drama 420 or English 578. Recommended: English 588.  
Format and techniques of writing the full-length play. Problems in characterization, plot, and dialogue. Reading and analysis of full-length plays written by students.

**596. Selected Topics in Drama (1-3) I, II**

Prerequisite: Twelve units in drama.  
A specialized study of selected topics from the areas of drama. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Economics

In the College of Arts and Letters

OFFICE: Nasatir Hall 304  
TELEPHONE: (619) 594-1675

## Faculty

Emeritus: Anderson, Barckley, Flagg, Gifford, Jencks, Neuner, Poroy, Sebold, Turner  
Chair: Thayer  
Professors: Babilot, Boddy, Clement, Frantz, Green, Hageman, Kartman, Leasure, Madhavan, Nam, Popp, Thayer, Venieris  
Associate Professors: Grossbard-Shechtman, Hambleton, Naughton, Singh, Stewart  
Assistant Professors: Gerber, Steinberg, Vogt

## Offered by the Department

Master of Arts degree in economics.  
Major in economics with the B.A. degree in liberal arts and sciences.  
Minor in economics.

## The Major

Economics is the science which studies the production, distribution, and consumption of goods and services. Economics majors explore how producers, distributors, and consumers make their decisions. Majors also analyze the events that shape and result from these decisions. Inflation, unemployment, taxation, money and banking, efficiency, international exchange, and growth are some of the many parts of this complex system studied through the economics major at SDSU.

The curriculum in economics satisfies a wide range of career goals and student interests. Majors may find employment in government positions, financial institutions, business firms, and international agencies. The combination of an economics major with a business minor provides a foundation for a variety of careers. And, students interested in studying the third world, the environment, government policies, or population will find that economics is a useful approach.

Many beginning positions in business and government are available to students with a bachelor's degree in economics. A graduate may find employment as a research, statistical, data, or pricing analyst. There are management trainee positions with banks, savings and loan associations, or other lending institutions. Economics majors may also be employed as sales representatives for firms which produce both "high tech" and consumer-related goods. A student contemplating graduate study in the field of economics should consider a career as an economics consultant, or as an economist for banks, investments, or industry.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Economics Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22041)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Economics 101, 102, 201; one course from Mathematics 120, 121, 141 or 150; and Computer Science 106 or three units of Social Science 201. (15-17 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in economics to include Economics 320, 321, and 341, plus 15 units of electives. Students are encouraged to complete the required courses during their junior year.

Although there are no formal emphases within this major and any upper division course is recommended to any student majoring in the discipline, the department strongly recommends that all majors consult an undergraduate adviser. The following program areas have been devised to aid students in selecting their upper division courses.

**Theoretical Economics:** Students interested in building a theoretical background in economics are advised to take courses in alternative economic theories, history of thought and quantitative economics to include Economics 307, 311, 313, 330, 332, 338, 360, 365, 380, 420, 421, 422, 441, 453, 464, 474, 502, 505, 520, 555, 561, and 592.

**Economics of Business and Government:** Students interested in preparing for operational positions in business or government are advised to take courses from among Economics 360, 370 or 476, 380, 401, 422, 452, 453, 454, 458, 474, 477, 484, 490, 502, 555, and 592.

**Pre-Law:** Students interested in preparing for law school are strongly recommended to take courses from among Economics 370 or 476, 380, 401, 490 and 505. Also recommended are Economics 330, 332, 453, 454, 474, 477, and 555.

**General Economics:** Students seeking a general background in the discipline are encouraged to take at least one course from each of the following: Economic History and Systems: Economics 311, 313, 330, 332, 336, 338, 562; Human Resources: Economics 365, 380, 483, 484, 489; International Economics: Economics 336, 360, 365, 464, 465, 483, 561, 562, 565, 592; Public Issues: Economics 370 or 476, 401, 420, 422, 452, 453, 454, 458, 474, 477, 484, 489, 490, 502, 555.

Students considering graduate school should consult an adviser.

## Economics Minor

Prerequisites to the minor include Economics 100 or 101.

The minor in economics consists of a minimum of 15 units in economics, 12 units of which must be in upper division courses. Students must select their 12 upper division units from the economics courses in one of the four areas described in the major. In addition, students may include Economics 320, 321, or 341, in their chosen area.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

- 100. Contemporary Economic Problems (3) I, II**  
Investigates economic bases for such current problems as inflation, unemployment, economic power, consumer protection, poverty, discrimination, urban and environmental deterioration, and international domination. Examines such policies as fiscal-monetary policy, tax reform and government controls and provision of services.
- 101. Principles of Economics (3) I, II, S (CAN ECON 2)**  
Prerequisites: Satisfactory completion of the English Placement Test, Writing Competency, Entry-Level Mathematics Examination, and Mathematics Competency requirements. **Proof of completion of prerequisites required:** Copy of EPT and ELM or placement scores or verification of exemption; proof of Cr in Academic Skills 90A or 90B and/or 97A or 97B, or notification from Academic Skills.  
An introduction to principles of economic analysis, economic institutions, and issues of public policy. In this semester the emphasis is upon macroanalysis including national income analysis, money and banking, business cycles, and economic stabilization.
- 102. Principles of Economics (3) I, II, S (CAN ECON 4)**  
Prerequisites: Satisfactory completion of the English Placement Test, Writing Competency, Entry-Level Mathematics Examination, and Mathematics Competency requirements. **Proof of completion of prerequisites required:** Copy of EPT and ELM or placement scores or

verification of exemption; proof of Cr in Academic Skills 90A or 90B and/or 97A or 97B, or notification from Academic Skills.

An introduction to principles of economic analysis, economic institutions, and issues of public policy. In this semester the emphasis is upon the direction of production, the allocation of resources, and the distribution of income, through the price system (microanalysis); and international economics.

**201. Statistical Methods (3) I, II**

Prerequisites: Course in intermediate algebra. Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Placement Examination, Part I or Part IA. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score.

Introduction to descriptive statistics, statistical inference, regression and correlation. Students with credit or concurrent registration in the following lower division statistics courses will be awarded a total of four units for the two (or more) courses: Biology 215; Economics 201; Engineering 140; Mathematics 119, 250, Political Science 201; Psychology 270; and Sociology 201.

**296. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

**307. Mathematical Economics (3)**

Prerequisites: Economics 101, 102, and Mathematics 121 or 141 or 150.

Mathematical concepts as tools in understanding, developing and illustrating economic theories. Applications of calculus and linear equations to constrained optimization, macro models, elasticity, general equilibrium, and input-output analysis.

**311. History of Economic Thought (3)**

Prerequisites: Economics 101 and 102.

The development of economics. Contributions of schools of thought and individual writers are examined with regard to their influence on economic theory and policy.

**313. Marxian Economic Theory (3)**

Prerequisite: Six units in economics.

Analysis of the theories of Marx, Engels, Lenin, Mao Tse-tung, Baran, Sweezy and others as they pertain to the periods in which they were conceived and to modern times.

**320. Intermediate Economic Theory (3) I, II, S**

Prerequisite: Economics 101 or Economics 100 with approval of department. Mathematics 120 or 121 or 141 or 150 recommended.

Economic theory with special reference to national income analysis and the theory of investment.

**321. Intermediate Economic Theory (3) I, II, S**

Prerequisite: Economics 102 or Economics 100 with approval of department. Mathematics 120 or 121 or 141 or 150 recommended.

Economic theory with special reference to the theory of the firm and the industry; value and distribution.

**330. Comparative Economic Systems (3)**

Prerequisite: Six units of economics to include Economics 102.

The economic aspects of laissez-faire and regulated capitalism, cooperatives, socialism, communism, nazism, fascism. Criteria for evaluating economic systems. The individual and government in each system. Planning in a liberal capitalistic society.

**332. Capitalist Economy (3)**

Prerequisite: Economics 100 or 101 or 102.

The relationship between the dominant economic and political institutions of capitalist organization and the major social problems of modern capitalism.

**336. Economic History of Emerging Nations (3)**

Prerequisite: Six units of economics to include Economics 101.

Evolution of economic organization, institutions, and policies of Africa, Asia, and Latin America. Regional emphasis will vary. Maximum credit six units.

**338. Economic History of the United States (3)**

Prerequisite: Six units of economics to include Economics 101.

American economic development and national legislation. Studies of agriculture, industry, the labor force, and national output.

**341. Introduction to Econometrics (3) I, II**

Prerequisites: Economics 101, 102, 201; Mathematics 120 or 121 or 141 or 150; Social Science 201 or Computer Science 106. Recommended: Economics 320 or 321.

Econometric techniques with emphasis on single-equation models. Applied skills learned through computer assignments. Not open to students with credit for Economics 541.

**360. International Economic Problems (3)**

Prerequisites: Economics 101 and 102. Not open to students with credit in Economics 561.

International problems, economic communities, organizations, and other selected topics.

**365. Economics of Underdeveloped Areas (3)**

Prerequisite: Six units of economics to include Economics 101.

The nature and causes of economic underdevelopment. Problems of and policies for the economic development of underdeveloped areas of the world.

**370. Government and Business (3)**

Prerequisite: Six units of economics to include Economics 102.

Governmental activities affecting business; the state as an entrepreneur and manager; governmental assistance to business; governmental regulation of business in its historical, legal and economic aspects, including recent developments in the United States and abroad; proposed policies.

**380. Labor Problems (3)**

Prerequisite: Six units of economics to include Economics 102.

Labor force and mobility, human capital, labor demand, discrimination, determination of compensation and employment, productivity, impact of labor organizations, labor disputes, and social legislation.

**401. Public Finance (3)**

Prerequisites: Economics 101 and 102.

Principles and practices of taxation and public expenditures. Economic effects of public spending, debts and taxation. Financing social security and other services. Fiscal policy and prosperity. Relation to inflation and deflation. Special emphasis on social problems involved.

**420. Topics in Macroeconomics (3)**

Prerequisites: Economics 320, 321, and Mathematics 120 or 121 or 141 or 150.

Microfoundations of macroeconomic analysis: Walras' law, macrotheory when markets do not clear, alternative theories of expectations, macrodynamic and growth theory. Implications for inflation, unemployment and the effectiveness of fiscal and monetary policy.

**421. Applied Microeconomics (3)**

Prerequisites: Economics 321 and Mathematics 120 or 121 or 141 or 150.

Consumer and producer behavior using mathematical optimization techniques. Mathematical approaches to oligopoly, bargaining theory and to policy issues.

**422. Business Cycles (3)**

Prerequisites: Economics 101 and 102.

Fundamental factors in economic fluctuations. Examination of business cycle theories, and various policy proposals for economic stabilization. A consideration of current economic conditions and an examination of methods employed in preparing national economic forecasts.

**441. Research Design and Method (1-3)**

Prerequisites: Economics 341; 320 or 321.

Modular course. The first module (1 unit) covers time series and forecasting. The second (2 units) covers simultaneous equations or other econometric techniques which will then be applied in an independent research project.

**452. Economics of Energy Resources (3)**

Prerequisite: Six units of economics.

Economic structure of energy supply in the United States; electric power, fossil fuels, nuclear energy. Economic potential of alternative energy sources. Public policy issues: oil imports and self-sufficiency; energy costs, conservation, and curtailment; energy growth and its environmental impact.

**453. Economics and Ecology (3)**

Prerequisites: Economics 101 and 102.

Relation of ecological problems to basic economic institutions. Examination of the apparent conflict between economic needs and ecological requirements. Economics of air, fresh water, ocean and land pollution, overpopulation and natural resource utilization. Investigation of possible solutions.

**454. Economics of the Ocean (3)**

Prerequisites: Economics 101 and 102.  
Economic analysis of fisheries, seabed resources, shipping lanes, allocation of the coastal zone, and ocean pollution. Economic implications of alternative legal arrangements concerning the ocean.

**458. Urban and Regional Economics (3)**

Prerequisites: Economics 101 and 102.  
Major influences on the economic conditions of urban and nonurban areas; specific urban problems including housing, land use, and growth. Discussion of San Diego problems.

**464. Economic Problems of Latin America (3)**

Prerequisite: Six units of economics to include Economics 101.  
Economic development, institutions, and problems of Latin America in the context of a global economy.

**465. Economic Problems of South and East Asia (3)**

Prerequisite: Six units of economics to include Economics 101.  
Economic development, institutions, and problems of China, India, and other developing countries in the region.

**474. Industrial Organization (3)**

Prerequisites: Economics 101 and 102.  
Causes and implications of economic concentration and monopoly power. Evaluation of industry structure, conduct, and performance in terms of social and economic goals.

**476. Economics of Antitrust and Regulation (3)**

Prerequisites: Economics 101, 102, and 474 or 321.  
Attempts to control monopoly power through antitrust laws and government regulation.

**477. Public Utilities (3)**

Prerequisites: Economics 101 and 102.  
Economics and regulation of utility enterprises. Growth, pricing, demand and cost behavior, financing, regulatory principles and techniques. Public power and other current policy issues.

**483. Comparative Labor Problems (3)**

Prerequisites: Economics 101 and 102.  
Comparative study of labor relations systems and labor movements in both advanced and developing nations. Individual study of a particular country of the student's choice.

**484. Economics of Health and Education (3)**

Prerequisite: Six units of economics to include Economics 102.  
Production and distribution of health, education, and training. Issues of equity and financing. Benefits and losses from schooling and illness. Health and educational investments related to aging.

**489. Economics and Population (3)**

Prerequisite: Six units of economics to include Economics 102.  
Relation of fertility, marriage, migration, and other dimensions of population to various economic factors affecting household behavior. Demographic measures and projections, application to product markets and to policies of developed and less developed countries.

**490. Money and Banking (3) I, II, S**

Prerequisites: Economics 101 and 102.  
The elements of monetary theory. History and principles of banking with special reference to the banking system of the United States.

**495. Economics Internship (3) I, II Cr/NC**

Prerequisite: Consent of instructor.  
Internship with business firms, nonprofit organizations and government agencies. Work done under joint direction of activity supervisor and instructor. Project report and internship conferences required. Maximum credit six units.

**496. Experimental Topics (1-3)**

Prerequisite: Consent of instructor.  
Selected topics in economics. May be repeated with approval of the instructor. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.  
Individual study. May be repeated for a maximum of six units; maximum credit in 499 limited to six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**502. Public Economics (3)**

Prerequisite: Economics 321.  
General equilibrium. Externalities of consumption and production, their impact on allocative efficiency. Theory of social wants and public goods supply. Theoretical treatment of individual and community preference ordering and decision making. Proposals for improving the allocation of resources.

**505. Welfare Economics (3)**

Prerequisite: Economics 321.  
Theories of individual and social well-being; economic and ethical bases of optimum welfare arrangements; individual values and social decision making; tests of improvement; interdependence and externalities; public and private sectors; properties of social welfare functions.

**520. Advanced Economic Theory (3)**

Prerequisite: Economics 320.  
Recent contributions to the advanced theory of the firm, consumer demand, employment and growth.

**555. Economic Analysis of Environmental Quality (3)**

Prerequisites: Economics 321 and Mathematics 121 or 141 or 150.  
Examination of materials balance, interface between economic and ecological systems, and comprehensive waste residuals management. Economic analysis of population growth and environmental degradation, preservation vs. development issues, global environmental problems and international law.

**561. International Trade Theory (3)**

Prerequisites: Economics 320 and 321.  
The pure theory of international trade and commercial policy.

**562. International Economic Expansion and Dependence (3)**

Prerequisite: Economics 313 or 365 or 464.  
Explores various theories of imperialism and dependence, the behavior of multinational corporations, and role of state from Marxian and other perspectives. Theories examined in terms of experience of specific countries (e.g., Mexico).

**565. U.S.-Mexico Economic Relations (3)**

Prerequisite: One course in economics.  
Mexico's socioeconomic development since World War II. Problem areas affecting the U.S. including foreign trade, multinational corporations, energy, migration patterns and border relations.

**592. International Monetary Theory and Policy (3)**

Prerequisite: Economics 320 or 490.  
Balance of payments, international capital movements and foreign exchange in relation to current theories and policies.

**596. Experimental Topics (3)**

Prerequisite: Consent of instructor.  
Intensive study in specific areas of economics. Topics to be announced in the Class Schedule. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Education

In the College of Education

**Faculty**

Faculty assigned to teach in education are drawn from departments in the College of Education.

**Course**

**UPPER DIVISION COURSE  
(Intended for Undergraduates)**

**350. Education in American Society (3) I, II, S**

Philosophical, historical and psychological roots of education in America; current models, instructional designs and strategies of education. Contemporary concerns in education.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

“Perhaps the most valuable result of all education is the ability to make yourself do the thing you have to do, when it ought to be done, whether you like it or not; it is the first lesson that ought to be learned. . . .”

—T. H. Huxley, *Technical Education*, 1877

# Educational Technology

In the College of Education

OFFICE: North Education 280  
TELEPHONE: (619) 594-6718

## Faculty

Emeritus: Anthony, McAllister, Weir  
Chair: Harrison  
Professors: Harrison, Rossett  
Associate Professors: Allen, Dodge, Saba  
Assistant Professor: Williams  
Lecturer: Eckols

## Offered by the Department

Master of Arts degree in education.  
Concentration in educational technology.  
Specialization in educational computing.  
Minor in educational technology.  
Certificate in instructional microcomputer software design.  
Certificate in instructional technology.

## Educational Technology Minor

The minor in educational technology consists of a minimum of 15 units, 12 of which must be upper division selected from Educational Technology 471, 540, 541, 544, 553, 572, and 596 (when applicable). Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Instructional Technology Certificate

To receive a certificate in instructional technology, candidates must meet departmental admission requirements which include relevant work experience or academic preparation, letters of recommendation, and a writing sample, and must complete the following 15 units of coursework: Educational Technology 540, 541, 544, and six units selected from Educational Technology 553, 572, or 596.

With the approval of the department, a student may apply no more than three units of coursework from the certificate program toward a major or minor.

## Courses

### LOWER DIVISION COURSE

#### 97. Introduction to Educational Computing (1) I, II, S

One and one-half hours of lecture and three hours of activity for five weeks.

Prerequisite: Teaching experience.

Educational uses of microcomputers, instructional software and uses of applications software in an educational context. Credit earned in this course not applicable to a bachelor's degree or General Education. Fulfills portion of State computer literacy requirement (AB 1681) and may be waived through examination available in the Test Office, LE-406. (Formerly numbered Development, Administration and Technology 271 and Educational Technology 271.)

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 397. Problems in Education (Credit to be arranged) I, II Offered only in Extension.

Prerequisite: Consent of instructor.

Class study of specially selected problems in education. Does not apply to pattern requirements for credentials. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Education 397.)

#### 404. Instructional Media, Equipment and Production (1) I, II Cr/NC

Seven and one-half hours of lecture and fifteen hours of laboratory per semester.

Basic audiovisual equipment operation, production of inexpensive instructional materials, and application of learning theory to the utilization of instructional materials. (Formerly numbered Development, Administration and Technology 404.)

#### 471. Educational Computing (2) I, II, S

One and one-half hours of lecture and three hours of laboratory for ten weeks.

Prerequisite: Educational Technology 97.

Applications of word processing, data base management, telecommunications, and spreadsheet software to education. Prompted writing templates, educational electronic bulletin boards, information utilities, problem solving, and inquiry techniques. Fulfills portion of State computer literacy requirement (AB 1686) and may be waived by examination. (Formerly numbered Educational Technology 471A-471B.)

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. (Formerly numbered Development, Administration and Technology 496.)

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor. Open only to senior and graduate students in education who have shown ability to work independently.

Individual study. Maximum credit six units. (Formerly numbered Development, Administration and Technology 499.)

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 532. Production of Instructional Materials (3) I, II

Six hours of activity.

Instructional media production for professionals in organizational settings such as hospitals, law offices, accounting firms, publishing companies. Use of videotape, laser disc, multi-image and digital telecommunications for training. Not open to students in educational technology degree and certificate programs or to students with credit in Educational Technology 541. (Formerly numbered Development, Administration and Technology 532.)

#### 540. Instructional Technology (3) I, II, S

Six hours of activity.

Role of instructional systems development in education and training. Issues in instructional technology, self-instructional programs, competency-based instruction, new technologies of instruction and training. (Formerly numbered Development, Administration and Technology 540.)

#### 541. Media Production (3) I, II

Nine hours of laboratory.

Prerequisite recommended: Educational Technology 404.

Design and production of instructional materials. Use of computers for graphics, scriptwriting, production management, and control systems for media presentations. Audio recording techniques with digital control. Not open to students with credit in Educational Technology 532. (Formerly numbered Development, Administration and Technology 541.)

#### 544. Instructional Design (3) I, II

Six hours of activity.

Prerequisite recommended: Educational Technology 540.

Systematic approach to instructional design. Review of research and theory in instructional strategy development. Analysis, design and development of instructional and training products and programs. (Formerly numbered Development, Administration and Technology 544.)

#### 553. Workshop in Educational Television (3) I, S

Nine hours of laboratory.

Prerequisite: Educational Technology 541.

The procedures and theories of television production as it pertains to closed circuit and instructional use of television. The selection and utilization of program content and the method of presenting material through the television medium will be discussed and demonstrated. Not open to students with credit in Telecommunications and Film 320. (Formerly numbered Development, Administration and Technology 553.)

#### 572. Computer Solutions to Instructional Problems (3) I, II

One lecture and six hours of laboratory.

Prerequisites: Educational Technology 541; admission to a credential program or a teaching credential or experience in teaching.

Using the computer, especially the microcomputer, as an instructional tool.

#### 596. Topics in Educational Technology (1-3)

Selected problems in educational technology. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree. (Formerly numbered Development, Administration and Technology 596.)

GRADUATE COURSES  
Refer to the Graduate Bulletin.

# Electrical Engineering

In the College of Engineering

OFFICE: Engineering 409  
TELEPHONE: (619) 594-5718

The undergraduate degree in Electrical Engineering is accredited by the Accreditation Board for Engineering and Technology, Inc.

## Faculty

Emeritus: Brown, Chan, Learned, Lodge, Mann, Skaar, Stuart, Walling

Chair: Marino

Professors: Abut, Chang, Harris, f., Harris, J., Iosupovici, Lee, Lin, Marino, Massey, Panos, Suto, Szeto, Tuszynski

Associate Professors: Betancourt, Kolen, Thyagarajan

Lecturers: Wilson, Wright

## Offered by the Department of Electrical and Computer Engineering

Master of Science degree in electrical engineering.

Major in electrical engineering with the B.S. degree.

## Transfer Credit

No credit will be given for upper division engineering coursework taken at an institution having an engineering program which has not been accredited by the Accreditation Board for Engineering and Technology, Inc., unless the student successfully completes the first 12 units of engineering work attempted at this university. At that time, and upon recommendation of the student's major department, credit will be given for the unaccredited work.

## General Education

Students will complete a minimum of 50 units in General Education, to include a minimum of nine upper division units taken after attaining junior class standing. At least three of the nine upper division units must be taken from Explorations; the remaining six units may be taken from Explorations or from specifically approved upper division course substitutions for Foundations areas B and C (Social and Behavioral Sciences and Humanities). No more than twelve units may be used for General Education credit from any one department or academic unit.

### I. Communication and Analytical Reasoning: 15 units

- A. Written Communication (6 units to include):
1. Composition (3 units)
  2. Intermediate Composition (3 units)
- B. Oral Communication (3 units)
- C. Mathematics (6 units) applicable to General Education
- Mathematics 150
  - Mathematics 151

### II. Foundations: 29 units

- A. Natural Science (17 units to include):
1. Life Science (3 units)
  2. Physical Science (14 units)
    - Chemistry 200
    - Physics 195
    - Physics 196
    - Physics 197
- B. Social and Behavioral Sciences (3 units)
- C. Humanities (9 units to include three of the four areas 1., 2., 3., 4.)

### III. Explorations: 6 units

- A. Three units of upper division cross-cultural Explorations coursework from the area in Humanities not selected in Foundations.

- B. Three units of upper division social sciences coursework. Three units of a six-unit upper division American Institutions sequence from any department but History may be counted toward the Explorations requirement.

## The Major

The technologically oriented world of today is filled with products and services based on electrical engineering, and those with the interest and ability to enter the engineering profession will enjoy the status and rewards befitting the creators of these new technological advances. The demand for new engineering graduates has remained strong during the last decade, and projections indicate that it will stay that way far into the future.

Electrical and computer engineering is involved in all areas of science and technology and has an impact on nearly every human activity. These engineers work in such diverse areas as biomedical instrumentation; electronics for communications, vehicle guidance, consumer products, signal processing, and robotics; speech synthesis; microprocessor controlled systems; computer design; information theory; electron device design; power systems; sonics and ultrasonics; systems studies; lasers and electro-optics; and microwave/millimeter wave technology.

Graduates of this program are prepared to enter industry at the junior engineer level, take the engineer-in-training examination as a first step toward professional registration, or continue formal education at the graduate level in preparation for more advanced technical or leadership positions. The engineer's work is predominantly intellectual and constantly varying; it is not of a routine character. The program emphasizes mastery of a basic core of mathematics, physical sciences, and the engineering sciences, so that the graduate will be able to continue his/her education as required to keep up with rapid technological change. Woven through this pattern is a study of the social sciences and humanities, because success in the profession requires a high level of skill in working and communicating with other people, and because engineering graduates should be well educated citizens, conscious of the social and economic implications of their decisions.

Career opportunities in the electrical and computer engineering fields are numerous, and due to the rapid expansion of applications of this technology, the competition for a limited number of graduates has resulted in high starting salaries. Positions for electrical engineers exist in many agencies of the federal government, in a wide variety of large and small corporations, and (for engineers with graduate degrees) at many universities. The work environment can be quite diverse, including, for example, instrument development in a small corporation, project management in a large defense contracting firm, applied research in a federal government, or corporate laboratory, or systems studies in a utility company.

## Electrical Engineering Major

With the B.S. Degree (Major Code: 09091)

The program below describes the requirements for the degree. Each course specifically listed in the program is required. In addition, the total number of units specified in each of the elective categories represents a minimum requirement. These are: General Education, 24 units; American Institutions, 6 units; Professional Electives, 28 units. The semester in which each course or elective is listed in the program below is typical, but not required. Any variation that satisfies course prerequisites is acceptable.

The General Education and American Institutions electives must satisfy University requirements described elsewhere in this catalog. Professional Electives include all upper division EE courses and approved upper division courses in other departments. The 28 Professional Elective units must include at least ten units of EE design (see department office for a list of design courses and credits); at least three units of basic engineering (CE 301, EM 340, and ME 352); and at

least one unit of EE laboratory. *The student's choice of electives is subject to the approval of the faculty adviser and the department chair. The student must file an approved Master Plan during the first semester of the junior year.*

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

FRESHMAN YEAR

## Courses

### LOWER DIVISION COURSES

#### 203. Principles of Electrical Engineering (3) I, II

Prerequisites: Physics 196 and Mathematics 151.

Direct current circuit analysis, d-c meters, alternating current analysis, phasor diagrams, single-phase and three-phase power, diodes and semiconductors, transistors and integrated circuits. Not acceptable for electrical engineering major.

#### 210. Electrical Network Analysis I (3) I, II

Prerequisites: Physics 196 and Mathematics 151.

Circuit analysis by reduction methods, source transformations, loop and nodal analyses, OPAMP model for networks, transient analysis, alternating current circuits, impedance, power and phasor diagrams.

#### 270. Digital Systems (3) I, II

Prerequisite: Mathematics 151.

Modelling, analysis and design of digital systems, primarily at the Logic Design level, Combinational and sequential networks. Not open to students with credit in Electrical Engineering 370.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 303. Electronics, Instrumentation, and Electrical Energy Conversion (3) I, II

Prerequisite: Electrical Engineering 203.

Theory and application of electron tubes, diodes, and transistors in typical electronic circuits. Instrumentation and electronic measuring devices. Fundamentals of electro-mechanical energy conversion including motors and transformers. Not open to students in electrical engineering major.

#### 310. Electrical Network Analysis II (3) I, II

Prerequisites: Electrical Engineering 210, Engineering 120, and Mathematics 252.

Mesh and nodal analysis using network equations, frequency and time response of networks, two-port parameters, transient analysis of circuits, state-space, and computer-aided network analysis and applications.

**330. Fundamentals of Engineering Electronics (3) I, II**

Prerequisite: Electrical Engineering 210.  
Application of diodes—JFETs, MOSFETs, and BJTs—in typical electronic circuits. Analysis and design of rectifiers, filters, and simple amplifiers using transistors and operational amplifiers.

**330L. Engineering Electronics Laboratory (1) I, II**

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Electrical Engineering 330.

Experimental study of laboratory instruments, diodes, rectifier circuits, filters, transistors; and operational amplifiers.

**340. Electric and Magnetic Fields (3) I, II**

Prerequisite: Engineering 310.  
Electrostatic and magnetostatic field theory using vector notation; Coulomb's Law, Gauss' Law and potential theory. Solutions to Poisson's and Laplace's equations; capacitance and inductance. Time-varying fields; Maxwell's equations.

**371. Computer Organization (3) I, II**

Prerequisites: Engineering 120 and Electrical Engineering 270.  
Computer organization and assembly language programming. Programming and operation of one or more small computers, including input/output programming.

**373. Computer Design (3) I, II**

Prerequisite: Electrical Engineering 371.  
Systematic techniques for designing digital computers and other complex digital systems. Machine arithmetic, Register Transfer Level design, hardwired and microprogrammed control units. Not open to students with credit in Electrical Engineering 573.

**380. Electrical Energy Conversion (3) I, II**

Prerequisites: Electrical Engineering 210 and Engineering 120.  
Magnetic circuits, transformers and polyphase AC networks. Fundamentals of electro-mechanical energy conversion; induction motors, synchronous machines and DC machines.

**380L. Electrical Energy Conversion Laboratory (1) I, II**

Three hours of laboratory.  
Prerequisite: Electrical Engineering 380.  
Experimental study of DC, single and polyphase AC circuits, transformers, and machines.

**403. Biomedical Instrumentation (3)**

Prerequisite: Electrical Engineering 303 or 330.  
Instrumentation systems to monitor, control and record physiological functions.

**410. Signals and Systems (3) I, II**

Prerequisite: Electrical Engineering 310.  
Linear time-invariant systems. Fourier analysis, continuous and discrete signals and systems, filtering, sampling, and z-transform techniques.

**420. Control Systems Components (3) II**

Prerequisites: Electrical Engineering 310, 330 and 380.  
Position transducers, phase-sensitive demodulators, static magnetic and rotating amplifiers, and servomotors. Derivation of component transfer functions.

**420L. Control Systems Components Laboratory (1) II**

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Electrical Engineering 420.  
Experimental determination of transfer functions for control system components.

**430. Analysis and Design of Electronic Circuits (3) I, II**

Prerequisites: Electrical Engineering 310, 330, and Engineering 310.  
Single and multiple transistor amplifiers, power stages. Frequency response, feedback, stability, and operational amplifier circuits.

**430L. Electronic Circuits Laboratory (1) I, II**

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Electrical Engineering 430.

Transistor dynamic characteristics; single stage and multistage amplifier circuits including feedback, tuned amplifiers, voltage regulators, active filters, and A/D-D/A converters.

**434. Electronic Materials and Devices (3)**

Prerequisites: Electrical Engineering 330 and 340.  
Crystal properties and growth of semiconductors, quantum mechanics of solids, shot noise and thermal noise, energy band and charge carriers, excess carrier in semiconductors, p-n junctions, solar cells, tunnel diodes, photodetectors.

**450. Communication Networks (3)**

Prerequisites: Electrical Engineering 310, 340, and Engineering 310.

Theory and application of transmission lines, including analysis by matrix notation; use of Smith chart and other transmission line charts; impedance-matching with transmission line stubs and lumped constants; theory and design of constant-k, m-derived, and other types of filter networks.

**470. Digital Circuits (3) I**

Prerequisites: Electrical Engineering 270 and 330.  
Operating characteristics, specifications, and applications of standard commercially available high-speed digital integrated circuit devices.

**470L. Digital Logic Laboratory (1) I**

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Electrical Engineering 470.

Hands-on experience in characterization and application of standard digital integrated circuit devices.

**473L. Microprocessor Laboratory (1) II**

Three hours of laboratory.  
Prerequisites: Electrical Engineering 373 and 470.  
Design, documentation, assembly, circuit checkout, programming, and software validation of a microprocessor-based system. (Formerly numbered Electrical Engineering 475L.)

**475. Microprocessors (3) I, II**

Prerequisite: Electrical Engineering 371.  
Program development, circuit design, interrupt structure, input/output, and memory management for a 16-bit microprocessor. Not open to students with credit in Electrical Engineering 575.

**483. Power Distribution Systems (3) II**

Prerequisite: Electrical Engineering 380.  
Design and operation of electric power distribution systems. Design of primary and secondary systems, application of one phase and three phase transformer banks, and metering principles and practices.

**496. Advanced Electrical Engineering Topics (1-3) I, II**

Prerequisite: Consent of instructor.  
Modern developments in electrical engineering. See Class Schedule for specific content. Maximum credit six units for any combination of Electrical Engineering 496, 499 and 596.

**499. Special Study (1-3) I, II**

Prerequisite: Approval of project adviser and department chair.  
Individual study. Maximum credit six units for any combination of Electrical Engineering 496, 499 and 596.

**UPPER DIVISION COURSES**  
**(Also Acceptable for Advanced Degrees)**

**502. Electronic Devices for Rehabilitation (3) II**

Two lectures and three hours of laboratory.  
Prerequisite: Electrical Engineering 303 or 330.  
Recent developments in electronic assistive devices and microcomputers for persons with various disabilities; assessment of disabled persons for suitable technological assistive devices.

**503. Computer Hardware (3) II**

Prerequisites: Computer Science 237 and Mathematics 245.  
Digital electronics, sequential networks, digital arithmetic, integrated circuit components, microprocessor-based systems. Not open to electrical engineering majors.

**520. Feedback Control Systems (3) I**

Prerequisite: Electrical Engineering 410; 420 recommended.  
Analysis of regulatory systems including servomechanisms by the Laplace transform method. System performance and stability; Nyquist, Bode, and root-locus diagrams; elementary synthesis techniques. Practical components and examples of typical designs.

**521. Advanced Feedback Control Systems (3) II**

Prerequisite: Electrical Engineering 520.  
A continuation of Electrical Engineering 520 to include feedback compensation, advanced compensation techniques, signal flow theory, state-variable techniques, introduction to nonlinear and sampled-data control systems.

**530. Analog Integrated Circuit Design (3) I, II**

Prerequisite: Electrical Engineering 430.  
Advanced treatment of transistor pairs, device mismatches, differential amplifiers, current mirrors, active loads, level shifting, and output stages. Parasitic and distributed device parameters. Economics of IC fabrication and impact on design.

**534. Solid-State Devices (3)**

Prerequisite: Electrical Engineering 430.  
Conduction theory of solids. Characteristics of tunnel, backward, breakdown, multilayer and varactor diodes; silicon controlled rectifiers and switches, unijunction transistors, hot electron devices. Lasers and laser applications.

**540. Microwave Communications (3) II**

Prerequisite: Electrical Engineering 340; Engineering 510 recommended.  
Applications of Maxwell's equations to wave propagation; skin effect, circuit impedance elements; vector potential, and other time-varying electrical phenomena; waveguides and resonators, strip line circuits, electromagnetic radiation.

**540L. Microwave Measurements Laboratory (1) II**

Three hours of laboratory.  
Prerequisites: Credit or concurrent registration in Electrical Engineering 430L and 540.

Experimental study of microwave generation including klystrons, Gunn and IMPATT oscillators. TWT and microwave transistor amplifiers. Microwave modulation and detection. Microwave transmission and antennas.

**541. Electro-Optics (3) II**

Prerequisite: Electrical Engineering 340.  
Optical/electronic devices and systems; wave beams; light-matter quantum interactions; incoherent and laser light sources; modulators and detectors. Applications in data transmission, measurement, and materials processing.

**546. Optical Fiber Communications Systems (3)**

Prerequisite: Electrical Engineering 434.  
Optical fiber attenuation and dispersion, light-emitting diodes and laser diodes, pin diodes and avalanche photodiodes, receiver designs, optical power budgets and rise time budgets, applications in digital and analog communication systems.

**553. Stochastic Signals (3) I**

Prerequisite: Engineering 310.  
Random signals, correlation functions, power spectral densities, the Gaussian process, narrow band processes. Applications to communication systems.

**554. Communication Principles and Circuits (3) II**

Prerequisite: Electrical Engineering 430.  
Signal transmission in linear networks; modulators and detectors; wide-band and narrow-band amplifiers; oscillators; AM, FM, and phase modulation; transient response of amplifiers.

**554L. Communication Circuits Laboratory (1)**

Three hours of laboratory.  
Prerequisite: Electrical Engineering 430L.  
Regulated power supply systems; oscillator, modulator, detector, and switching circuits; superheterodyne receivers and television circuitry.

**555. Modulation Theory (3) I**

Prerequisite: Electrical Engineering 410.  
Theory and performance characteristics of modulation and demodulation; spectral characteristics and noise performance of carrier systems: amplitude, frequency and phase, pulse coded, and compound modulation.

**556. Digital Signal Processing (3)**

Prerequisite: Electrical Engineering 410 or Physics 516A.  
Digital signal processing. Discrete-time signals, transform techniques, and digital filters. Design of FIR and IIR filters, FFTs, and finite length effects on digital systems.

**557. Two-Dimensional Digital Signal Processing (3) II**

Prerequisite: Electrical Engineering 410 or Physics 516A.  
Two-dimensional analysis of signals and systems in areas of signal representation, enhancement and restoration, processing of images, radar signals and other two-dimensional information. Experiments in image processing.

**558. Digital Communication Systems (3) II**

Prerequisite: Engineering 310.  
Foundations and interrelationships of subsystems in modern digital communication systems. Regulatory considerations, channel descriptions, modems, error rates, digital coding of speech, line coding, intersymbol interference, networking, error control and cryptography.

**570. Advanced Digital Circuits (3)**

Prerequisite: Electrical Engineering 470.  
Digital applications of linear devices, the digital/analog interface, and ultra high speed logic devices.

**571. Bit-Slice Digital Systems (3)**

Prerequisites: Electrical Engineering 373 and 470.  
Design of high-speed microprogrammable bit-slice digital systems. Case studies of CPU and controller designs.

**576. Microprocessor Systems Development (3) I**

Prerequisite: Electrical Engineering 373.  
Design of microprocessor-based systems using modern development systems. Hardware and software development. Assembly language and PASCAL. Testing by emulation and real-time analysis.

**578. Design of Very Large Scale Integrated Circuits I (3) I**

Prerequisites: Electrical Engineering 330 and 371.  
Digital integrated circuit design based on NMOS and CMOS technologies; characterization of field effect transistors, design and circuit level simulation (using SPICE) of logic gates and subsystems, wafer processing, design rules and chip layout, bit-slice chip architecture.

**579. Design of Very Large Scale Integrated Circuits II (3) II**

Prerequisite: Electrical Engineering 578.  
VLSI system design; chip design methodology and architecture; computer-aided design of custom and semicustom chips; circuit, gate and behavioral level simulation; testing wafers and chips; design for special applications.

**580. Modern Power Systems I (3) I**

Prerequisites: Engineering 310, Electrical Engineering 310 and 380.  
Modern power system elements; calculation of load flow, fault currents, and system stability.

**581. Modern Power Systems II (3) II**

Prerequisite: Electrical Engineering 580.  
Transient response of modern power system elements; positive, negative and zero sequence impedance; subharmonic effects.

### 582. Power Relay Systems (3) I

Prerequisite: Electrical Engineering 380.  
Power relays including metering and control as used in modern power systems. Characteristics of operations and applications of equipment. Demonstrations on individual component relays. Basic relay calculations.

### 596. Advanced Electrical Engineering Topics (1-3) I, II

Prerequisite: Consent of instructor.  
Modern developments in electrical engineering. See Class Schedule for specific content. Maximum credit of six units for any combination of 496, 499 and 596 applicable to a bachelor's degree. Maximum combined credit of six units of Electrical Engineering 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Engineering

In the College of Engineering

OFFICE: Engineering 426B  
TELEPHONE: (619) 594-6061

## Faculty

Faculty assigned to teach courses in engineering are drawn from departments in the College of Engineering.

## Minor in Engineering

The minor in engineering, intended for students in other academic areas of the university, consists of 15 units in engineering, 12 units of which must be in upper division courses. The courses must be approved by the Dean of the College of Engineering.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 120. Engineering Problem Analysis (2) I, II

One lecture and three hours of laboratory.  
Prerequisite: Concurrent registration in Mathematics 150.  
Analysis of engineering problems and solutions using the digital computer. Fundamentals of programming and programming language commands.

#### 140. Engineering Measurement Analysis (2) I, II

Prerequisite: Mathematics 140.  
Methods of data presentation. Analysis and treatment of engineering data. Design of engineering experiments. Correlation and regression analysis. Practical applications are stressed. Students with credit or concurrent registration in the following lower division statistics courses will be awarded a total of four units for the two (or more) courses: Biology 215; Economics 201; Engineering 140; Mathematics 119, 250; Political Science 201; Psychology 270; and Sociology 201.

#### 150. Control of the Human Environment (3) I, II

Man's interaction with the land, water and air environment; environmental pollution; role of engineering in controlling man's environment.

#### 210. Elements of Interactive Computer Graphics (3) I, II

Prerequisite: Credit or concurrent registration in Mathematics 150.  
Computer graphics. Familiarization with computer systems and graphics packages. Engineering applications program development for two-dimensional and three-dimensional data representation. Basic concepts in geometrical representation and approximations. Figures, graphs and other engineering graphics applications. Color graphics.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of six units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 310. Methods of Analysis (3) I, II

Prerequisite: Mathematics 252 with minimum grade of C.  
Selected topics from ordinary differential equations, the Laplace transform, Fourier series, and linear algebra, with engineering applications.

“What sculpture is to a block of marble, education is to a human soul.”

—Joseph Addison, *The Spectator*, No. 215,  
November 6, 1711

#### 410. Computer-Aided Design (3) II

Prerequisites: Engineering 120, 210, 310, and junior standing in engineering major.

Computer-aided design and drafting. Theory of computer graphics, approaches to graphing to develop complex figures. Animation techniques. Hidden line removal, interactive design, introduction to contemporary programs for automated design, drafting and numerical control programming.

#### 430. Principles of Engineering Economy (3) I, II

Prerequisite: Mathematics 252.  
Application of the mathematics of finance to engineering and managerial decision making.

#### 496. Advanced Engineering Topics (1-3) I, II

Prerequisite: Minimum grade point average of 2.0 in engineering.  
Modern developments in engineering. See Class Schedule for specific content. Maximum credit six units for any combination of 496, 499, and 596 applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 510. Methods of Analysis (3) I, II

Prerequisite: Engineering 310 with minimum grade of C.  
Selected topics from vector calculus, partial differential equations, and complex analysis, with engineering applications.

#### 511. Digital Solutions of Engineering Problems (3)

Prerequisites: Engineering 120 or Computer Science 107, and Engineering 310.

Digital solution of classes of engineering problems. Application of numerical methods with consideration of limitations imposed by computer and programming language characteristics.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# English

In the College of Arts and Letters

## Faculty

**Emeritus:** Adams, J., Baker, Brown, Burnett, Chater, Gross, Haskell, Ingham, Kohler, Monteverde, O'Reilly, Perkins, Redding, M., Redding, R., Sanderlin, Sandstrom, Shouse, Sullivan, Tozer, Tunberg, Vanderbilt

**Chair:** Wall

**Associate Chair:** McLeod

**Professors:** Adams, E., Benson, Borkat, Brashers, Bumpus, Butler, Davis, Dickinson, Farber, Gellens, Gervais, Griswold, Henig, Hinkle, Jaffe, Kehler, Kuznets, McCaffery, McLeod, Moramarco, Nelson, Neumeyer, Rogers, Rother, Santangelo, Savvas, Sheres, Shojai, Stiehl, Wall, Widmer

**Associate Professors:** Alcosser, Boe, Coleman, Gregory, Little, Luria-Sukenick, Rose, Wheeler

**Assistant Professors:** Anginer, Chin, Colquitt, Hicks, Koolish, Wyche-Smith, Zeiger

## Offered by the Department of English and Comparative Literature

Master of Arts degree in English.

Master of Fine Arts degree in creative writing.

Major in English with the B.A. degree in liberal arts and sciences.

Teaching major in English for the single subject teaching credential.

Minor in English.

Certificate in children's literature.

Certificate in technical and scientific writing.

Courses in comparative literature. (Refer to this section of the catalog under Comparative Literature.)

## The Major

The study of English today encompasses a wide range of materials and approaches to ways in which both students and established writers – past and present – may use language to express feelings, convey ideas, and give aesthetic pleasure. As the largest English Department in California, SDSU can offer not only historical, analytical, sociopolitical and other approaches to literature and literary theory, but a variety of creative and expository writing classes as well.

English majors take fifteen units of lower division preparatory work designed to develop writing potential and analytical reading skills. More specialized upper-division study focuses on particular areas: British literature before 1800; British literature after 1800; American literature; modern literature; literary types, theory, and criticism; or creative writing.

Students going on to the single subject credential program in English can complete most of the credential requirements through courses taken in the major.

The English minor requires twelve units of upper division study that can be tailored to individual requirements. In addition the department offers certificates in Children's Literature and in Technical and Scientific Writing.

Teaching is one of the many career opportunities available to English graduates. English studies are also good preparation for radio and television broadcasting, editing, writing, politics, film and library work, journalism, criticism, advertising, public information, public relations, and technical writing.

A recent study by the Modern Language Association, "English: the Pre-Professional Major," shows that training in English and

**OFFICE: Adams Humanities 4158**  
**TELEPHONE: (619) 594-5237**

literature is valuable preparation for futures in law, medicine, business and federal service.

The SDSU Placement Office has found that liberal arts graduates in general have profited both in terms of job availability and compensation in a recent shift from manufacturing to service in the United States economy. Moreover, after a number of years of decline, the demand for teachers of English in the high schools is now on the rise.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## English Major

**With the B.A. Degree in Liberal Arts and Sciences**  
**(Major Code: 15011)**

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." No more than 48 units in English and comparative literature courses can apply to the degree. A minor is not required with this major.

**Preparation for the Major.** English 100, 200 (also acceptable for General Education) or 280 (not acceptable for General Education), 260A, 260B (unless replaced by 560A-560B), and three units selected from English 220, 250A, 250B, 280, 281, 296, Comparative Literature 210, 270A, 270B, 296. (15 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** English 500W, 508W, 581W, or 584W\*, with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units in English selected with the approval of the adviser, to include (a) English 533; (b) at least nine units in one of the areas of study listed below; and (c) at least three units in British Literature before 1800, three units in British Literature after 1800, six units in American literature including at least one period course (period courses: English 522, 523, 524, 525; other American literature courses: English 519, 520, 526, 527, 528), three units in writing (English 500W, 508W, 580\*, 581W, 584W\*, 589\*), and electives in English and Comparative Literature as needed to complete the 30 upper division units.

Students who have not taken English 260A as part of the preparation for the major must take English 560A. Students who have not taken 260B must take 560B. The same course may be used to satisfy requirements under both (b) and (c), except that 560A or 560B may not be used to satisfy requirement (c) without special permission from the Department Chair. No more than six units of courses in comparative literature may be included as part of the major in English.

### Areas of Study:

**British Literature before 1800:** English 530, 531, 534\*, 536, 537, 538A, 538B, 540A, 541A, 541B, and Comparative Literature 510

\* Additional prerequisites required.

**British Literature after 1800:** English 540B, 542, 543, 544, 547, 548.

**American Literature:** English 522, 523, 524 and 525.

**Modern Literature:** English 524, 525, 544, 547, 548, and Comparative Literature 445, 460, 514, and 526.

**Literary Types, Theory, and Criticism:** English 501, 507, 508W, 527, 570, 571, 573, 574, 577, 578, and Comparative Literature 560, 561, 562, 563, 580, 581, and 582.

**Creative Writing:** English 570, 571, 573, 574, 576, 577, 578, 579, 580\*, 581W, 583\*, 584W\*, 587\*, 588\*, and 589\*.

**Expository Writing:** English 306W, 500W, 503W, 504\*, 508W, 509, 584W\*.

\* Additional prerequisites required.

**NOTE:** In addition to the courses listed above, appropriate sections of English 496, 499, 526, 527, 528, 549, American Studies 580, and selected comparative literature courses may be used to satisfy the requirements for the major if approved by the departmental adviser.

## Selection of Courses

Prospective majors of sophomore standing may, with the consent of the course instructor and subject to general university regulations (see "Credit for Upper Division Courses" in the section of this catalog on General Regulations), substitute six units of upper division electives for six units of lower division work. These courses must be in the same field as those which they replace, and must be approved by the departmental adviser.

Students of junior or senior standing may substitute for any deficiencies in lower division requirements in English (except English 100) an equivalent number of units of upper division courses selected with the approval of the departmental adviser.

## English Major

**For the Single Subject Teaching Credential**  
**With the B.A. Degree in Liberal Arts and Sciences**  
**(Major Code: 15011)**

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

The requirements for the Secondary Credential in English are as follows:

I. A major in English, comparative literature, or linguistics for the B.A. degree. Students whose B.A. degree was awarded more than seven years before evaluation of transcripts for entrance into the credential program must take at least nine units of new coursework approved by the department adviser (including at least three units in literature and three units in composition) to ensure currency in the field. To be recommended for entrance into the credential program, such students must have a GPA of at least 3.0 in the new coursework.

II. Foreign Language Requirement. Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

III. Upper Division Writing Requirement. English 500W, 508W, 581W, or 584W\*, with a grade of C (2.0) or better.

IV. Satisfactory completion of 39 units selected from courses in the following categories: (Many of these courses may also be used to satisfy requirements for the major.)

A. Courses in Literature (total 18 units)

**NOTE:** Must include at least one course in British literature and one course in American literature.

1. **Lower division survey:** 6 units.

(American, British, or World)

a. Particularly appropriate: English 250A, 250B, 260A, Comparative Literature 270A.

b. Appropriate: English 260B, Comparative Literature 270B. (English 560A-560B may be substituted for 260A-260B.)

2. **Shakespeare:** 3 units.

a. English 533.

3. **Modern Literature:** 3 units.

a. Particularly appropriate: English 524, 525, 547, 548, Comparative Literature 514.

b. Appropriate: English 544, Comparative Literature 440, 445, 460, 526.

c. The following courses are also applicable when the topic deals with the twentieth century. English 496, 526, 528, 549, Comparative Literature 490, 577, 596.

4. **A Course in Ethnic Literature:** 3 units.

English 510, 519, Afro-American Studies 460, 461, 462, 463, 464, American Indian Studies 430, Mexican American Studies 335, 464.

5. **A Course in Genre, Myth, or Literature and Other Disciplines:** 3 units.

a. Particularly appropriate: English 306A, 501, 527, 570, 571, 573, 579, Comparative Literature 470, 495, 561, 594, 595.

b. Appropriate: English 578, Comparative Literature 560, 562, 563, 571.

c. The following courses are also applicable when the topic deals with a genre or literature and other disciplines: English 496, 549, Comparative Literature 490, 596.

B. Courses in Writing (total 9 units)

a. English 509.

b. At least one upper division expository writing course: English 306W, 500W, 508W, or 584W.

c. One course in creative writing: English 280, 281, 580\*, 581W, 583\*, 587\*, 588\*.

C. Courses in Linguistics (total 9 units)

a. Particularly appropriate: Linguistics 410 (History of English), 420 (Linguistics and English) or 520 (Fundamentals of Linguistics), 524 (American Dialectology), 550 (Theory and Practice of English as a Second Language).

b. Appropriate: Linguistics 101 (Introduction to Language), 551 (Sociolinguistics), 552 (Psycholinguistics), Comparative Literature 581 (Literary Uses of Languages).

D. Speech (total 3 units)

Speech Communication 103 (Oral Communication), 105 (Introduction to Speech Communication), 491 (Group Communication).

\* Additional prerequisites required.

## Course Sequences

All year courses in English may be taken in either semester, and either semester may be taken singly for credit.

## Student Initiated Courses

Students may petition for a course which falls within the competency of the English Department but which is not among the regular course offerings for the present or following semester. Petition forms may be obtained from the department secretary.

## Undergraduate Seminars

Each semester, if adequate staffing permits, the department may offer several of its courses as special, limited-enrollment seminars. These seminars are designed to give English majors (or anyone who has the consent of the instructor) the opportunity as juniors and seniors to engage in advanced work in small discussion groups.

## English Minor

The minor in English consists of a minimum of 15 units, 12 units of which must be in upper division courses. The department offers minors specifically tailored to complement students' majors. All minors will include English 220 (unless a substitution is approved by the departmental adviser) and 12 upper division units selected from one of the following areas, dependent upon the student's major:

### Social Science disciplines, one course from each group:

1. A course in Shakespeare: English 302 or 533.
2. A course in expository writing: English 305W, 306W, 500W, or 503W.
3. A course in folk or popular literature: English 301, 306A, 405, 491, 492, 501, Comparative Literature 470, or approved sections of other special topics courses.
4. A course in contemporary literature: English 525, 548, or approved sections of special topics courses.

### Fine Arts disciplines, one course from each group:

1. A course in Shakespeare: English 302 or 533.
2. A course in genre study or criticism: English 306A, 405, 501, 507, 508W, 527, 570, 571, 573, 574, 577, 578, 579, Comparative Literature 560, 561, 562, 563.
3. A course in literature and other arts: English 493, Comparative Literature 495, 594, 595, or approved sections of special topics courses.
4. A course in creative writing: English 580\*, 581W, 583, 584W\*, 587\*, 588\*, or approved sections of special topics courses.

### Business disciplines, one course from each group:

1. A course in expository writing: English 305W, 500W, or 503W.
2. A course in Shakespeare, literature and psychology, or popular literature: English 301, 302, 491, 492, 493, 494, 533.
3. A course in American literature: English 522, 523, 524, 525, or approved sections of 526 or 528.
4. A course in British literature: English 540A, 540B, 544, 547, 548, or approved sections of 549.

### Humanities disciplines, one course from each group:

1. A course in Shakespeare: English 302 or 533.
2. A course in genre study or criticism: English 306A, 405, 501, 507, 508W, 527, 570, 571, 573, 574, 577, 578, 579, Comparative Literature 560, 561, 562, 563.
3. A course in literary history: English 560A, 560B, any course in the 520, 530, and 540 series, Comparative Literature 510, 511, 512, 513, 514.
4. A second course in literary history or a course in literature and other disciplines, English 493, Comparative Literature 495, 594, 595, or approved sections of special topics courses.

### Science disciplines, one course from each group:

1. A course in technical writing: English 503W\*.
2. A course in Shakespeare or Bible as Literature: English 302, 405, 533.
3. A course in literature and psychology or popular literature or science fiction: English 301, 491, 492, 493, 494, 501, or approved sections of other special topics courses.
4. A course in literary history: English 560A, 560B, any course in the 520, 530, or 540 series, Comparative Literature 510, 511, 512, 513, 514.

\* Additional prerequisites required.

### For students whose needs are not accommodated by any of the above patterns:

Students whose majors are not represented by the patterns above, students who wish to design a minor more directly tailored to their specific major, or students who otherwise feel they have special

needs are encouraged to consult with their advisers in both major and minor departments to design individualized minors in English. All such minors must have the written approval of both departmental advisers.

The English minor is not available to students majoring in comparative literature. Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Children's Literature Certificate

This certificate attests that the student has successfully completed 18 units (minimum GPA 3.0) of planned, advised, coherent, and articulated study in the field of literature for children. Prerequisites include admission to the University and to upper division or graduate standing. The Certificate in Children's Literature may be earned with a specialization either in Education or in English and Comparative Literature. Nine units in the certificate program may be counted toward the major in English, and six units may be counted toward the minor in English.

**Specialization in Education.** Nine units from courses in group A, six units from group B, and three units of an appropriate elective chosen with the approval of a faculty adviser.

**Specialization in English and Comparative Literature.** Nine units from courses in group B, six units from group A, and three units of an appropriate elective chosen with the approval of a faculty adviser.

**Group A, Education:** Educational Technology 596; Teacher Education 496\*\*, 530, 531.

**Group B, English and Comparative Literature:** Comparative Literature 561 (when offered as European Children's Literature); English 496\*\*, 501, 526\*\*, 527\*\*, 528\*\*, 549\*\*.

\*\* With adviser's permission when the subject is closely related to children's literature.

## Technical and Scientific Writing Certificate

The purpose of this certificate program is to prepare students for careers in technical and scientific writing. The program is designed for people who are working on degrees in nontechnical, technical, and scientific fields. It also provides a self-improvement opportunity for people seeking employment, promotion, or upward mobility on the job who are not enrolled in degree programs. Students will complete a total of 21 units that must be approved by the Director of the program in the Department of English and Comparative Literature. Applicants for entrance into the program must complete a writing assessment examination, administered by the Director of the program, and may be required to take additional coursework to improve writing proficiency. Nine units in the certificate program may be counted toward the major in English, and three units may be counted toward the minor in English.

### Required Courses: (9 units)

- English 500W, Advanced Composition
- English 503W\*, Technical Writing
- English 504\*, Problems in Technical Communication

**Recommended Courses:** Students should consult with the Director of the program before selecting any courses so that an individualized program can be developed. Students with technical or scientific backgrounds should concentrate their coursework in writing. Those with nontechnical or nonscientific backgrounds should concentrate on either a technical or scientific specialty. English 496, Internship in Technical Writing, is recommended for all students. A maximum of six units of transfer credit may be applied to the program. (12 units.)

\* Additional prerequisites required.

## Courses

### LOWER DIVISION COURSES

#### 90. Developmental Writing Workshop (1) Cr/NC

Two hours of lecture and activity (writing), one hour of preparation (homework).

Prerequisite: Satisfaction of Writing Competency requirement.

A workshop in clear, effective writing. Intensive in-class writing with individual assistance from instructors and tutors. Includes review of grammar, punctuation, and mechanics. Open to students of all levels who wish to improve their writing skills. Credit earned in this course not applicable to a bachelor's degree or General Education. (Formerly numbered English 125.)

#### 100. College Composition (3)

*International students are advised to take Linguistics 100.*

Prerequisites: Satisfaction of the English Placement Test and Writing Competency requirements. (See Graduation Requirements section of catalog.) **Proof of completion of prerequisites required:** Copy of EPT or competency scores or verification of exemption; proof of Cr in Academic Skills 97A or 97B, or notification from Academic Skills.

Principles of effective composition, rhetorical techniques for achieving clarity, interest, and effective organization and development of ideas, based on the reading and analysis of selected texts. Not open to students with credit in Afro-American Studies 120 or higher numbered composition or creative writing course or Linguistics 100 or Mexican American Studies 111B.

#### 200. Intermediate Composition (3) I, II

*International students are advised to take Linguistics 200.*

Prerequisites: Satisfaction of the English Placement Test and Writing Competency requirements and English 100 or Afro-American Studies 120 or Linguistics 100 or Mexican American Studies 111B.

**Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

Further practice in expository writing, with emphasis on mastery of style and organization, and problems of research. Not open to students with credit in Afro-American Studies 200 or Linguistics 200.

#### 205. English for Journalists (3)

Prerequisite: English 100.

Intensive review of grammar, vocabulary, spelling, and other technical aspects of English, with frequent writing. Designed for students seeking mastery of standard English, particularly journalism majors preparing for the GSP Test.

#### 220. Introduction to Literature (3) I, II

An inquiry into the basic nature of literature. What prompts humankind to the creation of imaginative literature? What purposes does literature serve in the cultural life of humanity? What are its social, philosophical, spiritual, and esthetic values? Some consideration may be given to techniques and major critical theories, but the focus will be on practical criticism for the nonspecialist. Specific works studied will be representative of several genres, cultures, and periods of literature.

#### 250A-250B. American Literature (3-3) (250A: CAN ENGL 14)

American literature from the colonial period to the present. Semester I: from the beginning to the Civil War. Semester II: Civil War to the present. Recommended for English majors.

#### 260A-260B. English Literature (3-3) I, II (260A: CAN ENGL 8) (260B: CAN ENGL 10)

English literature from the Anglo-Saxon period to the present, with emphasis on the major works in the literary tradition. Semester I: Ends with the neoclassical period. Semester II: Begins with the Romantic writers.

#### 280. Introduction to Creative Writing (3)

Prerequisites: Satisfaction of the English Placement Test and Writing Competency requirements and English 100 or Afro-American

Studies 120 or Linguistics 100 or Mexican American Studies 111B. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

Theory and practice of poetry and fiction, with emphasis on basic concepts and techniques. A research paper on a writer, a technique, a period, or a genre required.

#### 281. Creative Writing: Selected Genres (3)

Prerequisite: English 100.

Guidance and extensive practice in writing in one or more of the major genres: poetry, drama, fiction, or the essay. See Class Schedule for specific content.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

## Comparative Literature

(See this section of catalog under Comparative Literature.)

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 301. The Psychological Novel (3)

Psychological novel from its inception to present, including major works from a variety of cultures. Readings designed to aid students in discovering insights which great novelists have unearthed in their explorations of the human psyche.

#### 302. Introducing Shakespeare (3)

Representative tragedies, comedies, and histories. Primarily for the general student not specializing in English or comparative literature. This course does not count toward the English or comparative literature majors. Majors are required to take English 533.

#### 305W. Academic Writing (3)

*International students are advised to take Linguistics 305W.*

Prerequisites: Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. It is strongly recommended that the course be taken at the beginning of the junior year, so that students have an opportunity to demonstrate their writing proficiency in upper division courses taken after they pass English 305W. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

To develop proficiency in composing, under time constraints, substantial essays which analyze or explicate subjects previously investigated and discussed. Intended for students not majoring in English or Comparative Literature who have not fulfilled the Upper Division Writing requirement by examination.

#### 306A-306W. Children's Literature and Advanced Composition (3-3) I, II

Prerequisites: English 200. English 306A and 306W must be taken concurrently. Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

**306A:** Reading, analysis, and discussion of classic works of children's literature.

**306W:** Advanced composition; improvement of student skills through writing assignments based upon reading and work in the lecture part. Primarily designed to meet Upper Division Writing and Literature requirements for Liberal Studies Options 2 and 3, but also open to students with other majors.

**405. The Bible as Literature (3) I, II**  
(Same course as Comparative Literature 405.)  
Prose and poetry of the King James version.

**491. Contemporary Topics in Literature (3)**  
Exploration of writers, works and topics in fiction, poetry, drama, and film, emphasizing the relationship between literature and current concerns. Topics include *The City in Fiction and Film*, *Literature and Identity*, *Literature of Death*, *Literature of Contemporary Myth and Folklore*, *Women in Literature*. Primarily for the general student not specializing in English or comparative literature. May count only as an elective course toward the English major. May be repeated with new title and content. Maximum credit six units. See Class Schedule for specific content.

**492. Studies in Popular Literature (3)**  
Study of individual works or types of literature outside of traditional academic areas of interest that have demonstrated popular appeal, with emphasis on how such literature should be critically appreciated and what such literature reveals about the culture that consumes it. Topics include *Detective Fiction*, *Science Fiction and Fantasy*, *Rogue Literature*. Primarily for the general student not specializing in English or comparative literature. May count only as an elective course toward the English major. May be repeated with new title and content. Maximum credit six units. See Class Schedule for specific content.

**493. Literature and Film (3)**  
Relationships between film and genres of literature, focusing on a critical comparison of the techniques of rhetoric, fiction, and drama and those of film. Topics include *Literature and Film*, *Novel into Film*, *Drama and Film*, *Reading Film*. Primarily for the general student not specializing in English or comparative literature. May count only as an elective course toward the English major. May be repeated with new title and content. Maximum credit six units.

**494. Modern American Fiction (3)**  
Representative works by twentieth-century American authors such as Hemingway, Steinbeck, Faulkner, Fitzgerald, Bellows, Vonnegut, Heller, others. Primarily for the general student not specializing in English or comparative literature. May count toward the English major only as an elective.

**496. Selected Topics in English (1-4) I, II**  
Specialized study of a selected topic in literature. May be repeated with new title and content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

**499. Special Study (1-3) I, II**  
Prerequisites: Consent of instructor and approval of department chair.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

Prerequisite for all 500-level courses: Six lower division units in courses in literature and/or creative writing.

**500W. Advanced Composition (3) I, II**  
Prerequisites: Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.  
The theory and practice of expository writing, including the contributions of semantics, rhetoric, and logic.

**501. Literature for Children (3)**  
Critical analysis of literature intended for children. Study of texts and illustrations.

**502. Adolescence in Literature (3)**  
Prerequisite: Six units in literature.  
Works centrally concerned with an adolescent protagonist. Includes both traditional novels of development (*Bildungsroman*) or education and contemporary young adult novels.

**503W. Technical Writing (3)**  
Prerequisites: English 200. Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.  
Principles and practices of writing required in technical and scientific fields of professions, including technical writing style and rhetorical strategies of designing technical documents. (Formerly numbered English 304W.)

**504. Problems in Technical Communication (3) I, II**  
Prerequisite: English 503W. Recommended: Graphics or drawing course.  
Problems in technical writing, including graphics, printing, and reproduction of technical documents; types of technical communication, including reports, manuals, and proposals; manuscript editing and proofreading; audience analysis and readability; writing and recognition of clear technical prose.

**506. Writing Internship (3) I, II, S Cr/NC**  
Prerequisites: Consent of instructor and successful completion of a 500-level writing course with a grade of B or better.  
Intensive experience in writing and editing documents while student is under the joint supervision of an academic instructor and a professional coordinator.

**507. The History of Literary Criticism (3)**  
Principles and practices of literary criticism from Greek times to the twentieth century.

**508W. The Writing of Criticism (3)**  
Prerequisites: Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.  
Theory and practice of literary criticism. Emphasis on the work of important critics and on development of student's own critical writing.

**509. Introduction to the Teaching of Composition (3) I, II**  
Prerequisite: Consent of instructor based on writing sample and/or test.  
Techniques for teaching and evaluation of written composition. Provides a theoretical base for these techniques.

**519. American Ethnic Literatures (3)**  
Prerequisite: Six units in literature.  
Works from American ethnic literatures, with emphasis on formerly excluded traditions as African-American, Hispanic and Chicano, Asian-American, and American Indian.

**520. African-American Literary Tradition (3)**  
Prerequisite: Six units in literature.  
African-American literature from its eighteenth-century beginnings to the present. Early political and social concerns and concomitant utilitarian forms; aesthetic concerns and forms in nineteenth and twentieth centuries.

**522. American Literature, 1800-1860 (3)**  
Representative works by American writers from 1800 to 1860, likely to include works by Emerson, Hawthorne, Melville, Poe, H. B. Stowe, Thoreau, Whitman, others.

**523. American Literature, 1860-1920 (3)**  
Representative works by American writers from 1860 to 1920; likely to include works by Kate Chopin, Stephen Crane, Emily Dickinson, Henry James, Carl Sandburg, Mark Twain, Edith Wharton, others.

**524. American Literature, 1920-1950 (3)**  
Representative works by American writers from 1920 to 1950; likely to include works by Willa Cather, T. S. Eliot, William Faulkner, F. Scott Fitzgerald, Ernest Hemingway, Eugene O'Neill, K. A. Porter, Ezra Pound, John Steinbeck, others.

**525. American Literature, 1950 to Present (3)**  
American writers from 1950 to the present; likely to include works by Edward Albee, Saul Bellow, Allen Ginsberg, Joseph Heller, Norman Mailer, Toni Morrison, Sylvia Plath, Adrienne Rich, Kurt Vonnegut, Eudora Welty, others.

**526. Topics in American Literature (3)**  
Topics in American literature to include *The Literature of the South*; *Black Writers in America*; *The Frontier and American Literature*; *The History of American Literature*; *The Outcast in American Literature*. May be repeated with new title and content. See Class Schedule for specific content. Maximum credit six units.

**527. Genre Studies in American Literature (3)**  
Study of a specific literary genre: overview of the genre's development in American literature (*The American Novel*, *The American Short Story*, *American Poetry*) or focus on a narrower period (*The Modern American Novel*, *The Contemporary American Novel*, *American Autobiographies*, others). May be repeated with new title and content. See Class Schedule for specific content. Maximum credit six units.

**528. Individual American Authors (3)**  
Works of a major American author or, if useful comparisons and juxtapositions warrant it, the works of two or three authors: Melville, Twain, James, Faulkner, Steinbeck, Nabokov, or Pound and Eliot, Emerson and Thoreau, Vonnegut and Barth, others. See Class Schedule for specific content. May be repeated with new title and content. Maximum credit six units.

**530. Chaucer (3)**  
Chaucer's works, with emphasis on *The Canterbury Tales* and *Troilus and Criseyde*.

**531. Renaissance Literature (3)**  
English poetry and prose from 1485 to 1603.

**533. Shakespeare (3) I, II**  
An introduction to the writings of Shakespeare. This course cannot be used in place of English 302 to satisfy General Education requirements.

**534. Study of Shakespeare (3)**  
Prerequisite: English 533.  
Advanced study of Shakespeare's achievement as a poet and playwright.

**536. Seventeenth Century Literature (3)**  
English poetry and prose from 1603 to 1660.

**537. Milton (3)**  
Milton's writings, with emphasis on *Paradise Lost*.

**538A-538B. Restoration and Eighteenth Century Literature (3-3) I, II**

English literature in the neoclassical era. Semester I: Dryden, Swift, Pope, and their contemporaries. Semester II: Writers of the middle and late eighteenth century.

**540A-540B. English Fiction (3-3)**  
The development of English fiction from its beginnings to the end of the nineteenth century. Semester I: The eighteenth century. Semester II: The nineteenth century.

**541A-541B. English Drama (3-3)**  
English dramatic literature from its beginnings to the nineteenth century. Semester I: The period from the beginning to 1642. Semester II: The period following reopening of the theatres in 1660.

**542. Romantic Literature (3)**  
Representative British works from the 1790s to the 1830s by such writers as Wollstonecraft, Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, Austen, and Scott.

**543. Victorian Literature (3)**  
Representative British works from 1837 to 1890 by such writers as Carlyle, Tennyson, Ruskin, Browning, Dickens, Arnold, Eliot, and Pater. (Formerly numbered English 542B.)

**544. British Literature, 1890-1918 (3)**  
Representative British works from 1890 to 1918 by such writers as Hardy, Gissing, Shaw, Conrad, Yeats, Wells, Forster, and the World War I poets.

**547. British Literature, 1918-1950 (3)**  
Representative British works from 1918 to 1950 by such writers as Joyce, Woolf, Lawrence, T. S. Eliot, Mansfield, Huxley, Bowen, Greene, Auden, Orwell, and Thomas.

**548. British Literature, 1950 to Present (3)**  
Representative British works from 1950 to the present by such writers as Golding, Amis, Murdoch, Lessing, Pinter, Hughes, Fowles, Stoppard, and Drabble.

**549. Topics in English Literature (3) I, II**  
The Works of Spenser, The Metaphysical School of Poetry, The English Satirists, Major Movements in Contemporary English Fiction, and the like. May be repeated with new title and content. See Class Schedule for specific content. Maximum credit six units.

**560A. British Literature, Beginnings Through the Eighteenth Century (3)**  
Survey of major British writers, with emphasis on reading of complete works. From the beginnings to the neoclassical period. Especially appropriate for those students who have not satisfied the lower division survey requirements, for those who will teach British literature, and for those proceeding on to graduate study.

**560B. British Literature, Romanticism to the Present (3)**  
Survey of major British writers, with emphasis on reading of complete works. Begins with the Romantic writers. Especially appropriate for those students who have not satisfied the lower division survey requirements, for those who will teach British literature, and for those proceeding on to graduate study.

**570. Techniques of Poetry (3) I, II**  
Prerequisite: English 280.  
Techniques of poetry from the creative writer's point of view. Introduction to critical and theoretical literature on poetry. Includes a creative writing workshop.

**571. Techniques of the Short Story (3) I, II**  
Prerequisite: English 280.  
Techniques of the short story from the writer's point of view. Introduction to critical and theoretical literature on the short story. Includes a creative writing workshop.

**573. Techniques of the Novel (3) I, II**  
Prerequisite: English 280.  
Techniques of the novel from the writer's point of view. Introduction to critical and theoretical literature on the novel. Includes a creative writing workshop.

**574. Techniques of Informal Essays (3)**  
Prerequisite: English 280.  
Techniques of the essay as an art form. Introduction to critical and theoretical literature on the essay. Includes a creative writing workshop.

**576. Literary Editing and Publishing (3) I, II**

Prerequisite: English 280.  
Principles and practices of editing and literary publishing. Workshop on small press publishing. Includes editing and publishing workshop.

**577. Techniques of Screenwriting (3)**

Prerequisite: English 280 or Telecommunications and Film 110 or 510 for telecommunications and film majors.

Techniques of screenwriting. Introduction to critical and theoretical literature on screenwriting. Includes a creative writing workshop.

**578. Techniques of Drama (3)**

Prerequisite: English 280.  
Techniques of drama written for the stage from the writer's point of view. Introduction to critical and theoretical literature on drama. Includes a creative writing workshop. (Formerly numbered English 572.)

**579. Topics in Creative Writing (3)**

Prerequisite: English 280.  
Techniques of creative writing focusing on a specialized genre such as comedy, science fiction, and biography. Study of the critical and theoretical literature on the genre. Includes a creative writing workshop. See Class Schedule for specific content. Maximum credit six units.

**580. Writing of Poetry (3) I, II**

Prerequisite: English 570.  
A creative writing workshop in poetry. Continuation of English 570. Maximum credit six units.

**581W. Writing of Fiction (3) I, II**

Prerequisites: English 280. Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

A creative writing workshop in fiction. Continuation of English 571. Maximum credit six units.

**583. Writing Long Narrative (3)**

Prerequisite: English 573.  
A creative writing workshop in long narrative, especially the novella or novel. Continuation of English 573. Maximum credit six units.

**584W. Writing Informal Essays (3)**

Prerequisites: English 574. Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

A creative writing workshop in nonfiction, especially the essay as an art form. Maximum credit six units. (Formerly numbered English 582W.)

**587. Writing the Screenplay (3)**

Prerequisite: English 577 or Telecommunications and Film 110 or 510 for telecommunications and film majors.

A creative writing workshop in screenwriting with emphasis on the feature film. Continuation of English 577. Includes playwriting and revising a television script or short film. Maximum credit six units.

**588. Playwriting: The One-Act Play (3) II**

Prerequisite: English 578 or Drama 420.  
A creative writing workshop in planning, writing, and revising a oneact play. Selected plays will be submitted to the Department of Drama for production in the One-Act Program. May be repeated with new content. Maximum credit six units.

**589. Senior Workshop in Creative Writing (3)**

Prerequisites: Three units from English 570, 571, 573, 578, or 579; six units from English 580, 581W, 583, 584W, 587, or 588. Not applicable to a master's degree.

Advanced workshop for students who have extensive background in creative writing and who wish to prepare a senior project in poetry writing, fiction writing, or other special topics. See Class Schedule for specific content. Maximum credit six units.

**Comparative Literature**

(See this section of catalog under Comparative Literature.)

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

**European Studies**

Refer to "Humanities" in this section of the catalog.

# Family Studies and Consumer Sciences

In the College of Professional Studies and Fine Arts

OFFICE: Family Studies and Consumer Sciences 102  
TELEPHONE: (619) 594-5380

## Faculty

Emeritus: Boggs, Cannon, Dickerson, Dorris, Fulcomer, Gunning, Martin, Milne, Price, Somerville, Stout, Warmer

Director: Deutsch

Professors: Balkwell, Cooke, Deutsch, Hewes, Josephson, Martin, Ross, Spindler

Associate Professors: Hoover-Plow, Mikitka

Assistant Professors: Chadwick, Ellis, Kelley, Matheny, Murray

Lecturer: Robasciotti

## Offered by the School of Family Studies and Consumer Sciences

Master of Science degree in child development.

Master of Science degree in nutritional sciences.

Major in child development with the B.S. degree in applied arts and sciences.

Major in foods and nutrition with the B.S. degree in applied arts and sciences.

Major in home economics with the B.A. degree in applied arts and sciences.

Emphasis in fashion merchandising.

Minor in child development.

Minor in home economics.

Certificate in family life education.

## The Majors

The School of Family Studies and Consumer Sciences offers curricula which deal with domains vital to the health and functioning of individuals and families: foods, nutrition, and dietetics; child and family development; and clothing, textiles, and merchandising. As a multidisciplinary entity, the School is a unique and important contributor to the research base of the academic community as well.

**Child Development.** The interdisciplinary major in child development draws from many fields of study, including anthropology, biology, home economics, psychology, and sociology, and prepares students for a variety of professional specialties. Graduates with competencies in this major find positions in preschools, day care centers, schools, hospitals, clinics, residential institutions, counseling centers, mental health centers, public welfare agencies, family service agencies, family planning clinics, community programs, business and industry, and government agencies.

Field experience programs offer students supervised work in community agencies, children's programs, the SDSU Child Study Center, and the Associated Students' Campus Children's Center.

The child development degree also provides a flexible curriculum base for continuation into graduate programs in child development or family relations; in child, family, and marriage counseling; in social work; in psychology, law, or sociology. Also available are programs leading to the multiple subject and single subject teaching credentials, the community college teaching credential, and a specialist credential in either special education or early childhood education.

The child development minor is an important adjunct for students in areas such as anthropology, education, psychology, recreation, social work, and sociology.

**Foods and Nutrition.** This major offers a comprehensive multidisciplinary study of the nature and quality of the food supply and the nutritional requirements for health in people. Students take core

sequences of coursework in the areas of nutrition, food science, and food management founded on prerequisite courses in chemistry, biology, biochemistry, physiology, accounting, management, and the behavioral and social sciences. Course emphasis in the major is placed upon the composition, properties, quality, and safety of foods and food ingredients; the relationships of metabolism and utilization of nutrients in food by the human body to health and disease states; the physiological basis for diet therapy; nutrition problems in the community; and organization, management and operation of food service facilities.

This major is planned for students interested in qualifying professionally for diverse careers in the fields of dietetics, food service management, and food industries. Students can fulfill academic eligibility requirements for admission to dietetic internships and graduate schools which further qualify them for membership in the American Dietetic Association and for registration as dietitians.

Professional careers in dietetics include administrative, therapeutic, teaching, research, and public service positions in hospitals, schools, clinics, and other public and private organizations and institutions. Graduates may also qualify as food science technical specialists within food companies, governmental agencies, and laboratories; as food service managers; and as specialists in advertising, sales, or marketing of foods and nutritional products and services.

**Home Economics.** A major in home economics with an emphasis in fashion merchandising deals with the management and marketing of consumer products at the wholesale and retail levels. Students learn managerial strategies for the merchandising industry which is characterized by rapid change in consumer demand.

A major strength of the merchandising program lies in its interdisciplinary nature. Students take courses in the biological, physical and social sciences as well as in the humanities. In addition, they are introduced to basic courses covering all areas within the School of Family Studies and Consumer Sciences. Courses required from the College of Business Administration include accounting, management and marketing. Upon completion of course requirements, students receive a baccalaureate degree with a merchandising emphasis.

The internship is a major strength of the SDSU merchandising program. Students gain firsthand experience and knowledge about the merchandising field under the supervision of both industry and academic advisers.

The current job market is excellent, particularly in retail store management. Exciting positions in buying, personnel, promotion, and management exist as well in fashion marts, wholesale firms, and manufacturing throughout the country.

Currently, no new students are being admitted to the home economics major for the Single Subject Teaching Credential.

## Child Development Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 08231)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Family Studies and Consumer Sciences 107, 135, 151 or 240, 201 (one unit), 270, 271; Anthropology 102 or Economics 101; Biology 100, 100L; Psychology 101; Sociology 101, 201, or Psychology 270, or Economics 201. (32 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 43 upper division units to include Family Studies and Consumer Sciences 335, 370, 375, 376A (one unit), 383, 436, 478 or 578, 580 or 590, 597, 597L; six units selected from Family Studies and Consumer Sciences 371, or 376B (one unit) and 377, or 381; and 12 units selected to form a core of courses that reflects in-depth study in an agreed to area of specialization. A master plan must be filed with approval of the program adviser prior to course enrollment and with the Evaluations Office prior to filing an Application for Graduation. Course selections may be within Family Studies and Consumer Sciences, another department, or a combination of departmental offerings. No more than six of the 12 units may be in experiential independent study courses (Family Studies and Consumer Sciences 376A, 376B, 499, or similar courses from other departments).

## Foods and Nutrition Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 13061)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Family Studies and Consumer Sciences 204, 205, 206, 207, 208, 221, 240; Accountancy 201; Biology 100, 100L, 210 (or 350); Chemistry 100 (or 200 and 201), 130 (or 230), 160 (except with 200 series); Economics 201 (or Mathematics 250); Psychology 101; Sociology 101. (49-53 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 40 upper division units to include Family Studies and Consumer Sciences 301, 302, 302L, 303, 404, 405, 406; Biology 410; the remaining 15 units selected with the approval of adviser from Family Studies and Consumer Sciences 309, 482, 491, 508, 510; Biology 321; Chemistry 361A, 361B, 467 or 567; Health Science 470; and Management 350 and 352 or Psychology 321.

## Home Economics Major

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 13011)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

### Emphasis in Fashion Merchandising

**Preparation for the Major.** Family Studies and Consumer Sciences 135, 151, 217, 219, 222, 240, 260, 265; Accountancy 201; Art 157; Psychology 101; Sociology 101; three units selected from Economics 100 or 101 or 102; and three units selected from Economics 201, Psychology 270, or Sociology 201. (42 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 41 upper division units to include Family Studies and Consumer Sciences 319, 361, 361L, 362, 383, 462, 520, 541; Management 350; Marketing 370, 372; three units selected from Marketing 373 or Journalism 460; and three units selected from Management 356, Marketing 376, 377, or 473.

## Child Development Minor

The minor in child development consists of a minimum of 18 units to include Family Studies and Consumer Sciences 270\*, 271; and 12 units selected from Family Studies and Consumer Sciences 370, 371, 375, 376A (one unit) or 376B (one unit), 436, 437, 476, 477, 478, 537, 570\*, 577, 579, 580 or 590, 597, 597L; Psychology 432\*. No more than six of the 18 units may be in experiential courses.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* Indicates course with prerequisites not included in list of courses acceptable for minor

## Home Economics Minor

The minor in home economics consists of a minimum of 18 to 23 units in family studies and consumer sciences. 12 units of which must be in upper division courses. The 18 to 21 units must be selected from one of the following areas:

**Foods and Nutrition:** Family Studies and Consumer Sciences 204, 205, 207, and 12 units selected from 301, 302, 302L, 303, 404, 405, 406, 508, 510 (and/or 596 if appropriate).

**Child Development:** Family Studies and Consumer Sciences 135, 270, 271, and 12 units selected from Family Studies and Consumer Sciences 335, 370, 371, 375, 376A (one unit), 436, 437, 440, 478, 536, 537, 570 (and/or 596 if appropriate).

**Clothing, Textiles and Fashion Merchandising:** Family Studies and Consumer Sciences 217, 219, 260, 362, 383, 462, 520 (and/or 596 if appropriate).

Students should note that some of these courses have prerequisites not included in requirements listed above, but these prerequisites do not constitute requirements per se for completion of the minor.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Family Life Education Certificate

The purpose of this certificate program is to prepare students for careers in family life education. The program is designed for individuals working on degrees in child development, health science, and home economics. It also provides a self-improvement opportunity for people seeking employment, promotion, or upward mobility on the job who are not enrolled in degree programs.

Awarding of the certificate requires completion of an approved pattern of five courses (15 units) with a grade of "C" or better in each of the courses to include Family Studies and Consumer Sciences 135, 270+ or 371+ or Psychology 330\*; Health Science 475, 575; and Biology 307. The course offerings under this program meet the criteria for training and standards of the American Association of Sex Educators and Counselors.

Family Studies and Consumer Sciences 135, 270 or 371 (six units) are applicable to the child development or home economics majors. Health Science 475 and 575 (six units) are applicable to the health science major. Courses in the certificate may not be counted toward the minor.

For further information regarding the Family Life Education Certificate program, consult Lois P. Kessler, Department of Health Science, or Francine Deutsch, School of Family Studies and Consumer Sciences.

\* Indicates course with prerequisites not included in requirements listed above.

## Courses

### LOWER DIVISION COURSES

- 107. Nutrition Today (3) I, II**  
Obtaining nutritional needs from a varied food supply. Not open to foods and nutrition majors or students with credit in Family Studies and Consumer Sciences 204.
- 135. Marriage and Family (3) I, II**  
Love, maturity, dating, compatibility, conflict as they relate to preparation for successful marriage and family living.
- 151. Dynamics of Family Management (3) I, II**  
Value systems and application of principles of decision making to individual, professional and family management in changing socio-economic environments.
- 201. Professional Issues: Child Development and Family Studies (1) I, II**  
Prerequisite: Family Studies and Consumer Sciences 135. Philosophical base of child development and family studies and its relation to fields of inquiry. Not open to students with credit in Family Studies and Consumer Sciences 221. (Formerly numbered Family Studies and Consumer Sciences 422.)
- 202. Nutrition for Athletes (3) I**  
Prerequisite recommended: Family Studies and Consumer Sciences 107.  
Review of basic diet which will provide nutritional adequacy. Analysis of current theories and practices related to nutrition and athletic performance.
- 204. Fundamentals of Nutrition (3) I, II**  
Prerequisites: Biology 100, 100L; Chemistry 100 and 130, or 200 and 201. **Proof of completion of prerequisites required:** Grade report or copy of transcript.  
Nutrition as applied to the stages of the normal life cycle.
- 205. Food Preparation (5) I, II**  
Three lectures and six hours of laboratory.  
Prerequisites: Chemistry 100 and 130 or 200, 201 and concurrent registration in Chemistry 230. **Proof of completion of prerequisites required:** Grade report or copy of transcript.  
Composition, preparation, preservation, sensory and consumer evaluation of foods. (Formerly numbered Family Studies and Consumer Sciences 205A-250B.)
- 206. Cultural Aspects of Foods and Nutrition (2) II**  
Social, psychological, technological, religious, and health value systems that determine food habits. Food habits of ethnic and regional groups and associated nutritional problems.
- 207. Data Processing in Foods and Nutrition (3) I, II**  
Two lectures and three hours of activity.  
Computer application in food service management, diet planning, and analysis. (Formerly numbered Family Studies and Consumer Sciences 507.)
- 208. Nutrition Throughout the Life Cycle (2) I**  
Prerequisite: Family Studies and Consumer Sciences 204.  
Nutritive needs of humans at the fetal, infant, child, adolescent, adult, and older adult stages of life. Factors which alter nutritive needs or intake at each stage. Strategies to enable nutritive needs to be met.
- 217. Fundamentals of Clothing and Human Behavior (3) I, II**  
Cultural, social, psychological, physical, and aesthetic factors which affect clothing behavior. (Formerly numbered Family Studies and Consumer Sciences 317.)
- 219. Consumer Issues in Clothing and Textiles (3) I, II**  
Consumer decision-making processes and behavior patterns in the consumption of clothing and textiles. Social, political, economic, and technological factors affecting consumption patterns.
- 221. Professional Issues: Foods and Nutrition (1) I, II**  
Philosophical basis of family studies and relations of its specialties to the field as a whole. Not open to students with credit in Family Studies and Consumer Sciences 201. (Formerly numbered Family Studies and Consumer Sciences 421.)
- 222. Clothing and Textiles: Historical Influences (3) I, II**  
Historical overview of clothing and textiles with emphasis on important socioeconomic and cultural influences. (Formerly numbered Family Studies and Consumer Sciences 522.)
- 240. Family Income Management (3) I, II**  
Financial problems involved in the effective management of the family resources.
- 260. Fashion Merchandise Analysis (3) I, II**  
Prerequisite: Family Studies and Consumer Sciences 217.  
Introduction to the fashion industry: manufacturing, wholesaling, and retailing of apparel products and household textiles.
- 265. Visual Merchandising (3) I, II**  
Effective display of retail merchandise based on aesthetic considerations, profitability, and store image.
- 270. Principles of Child Development (3) I, II**  
Prerequisites: Psychology 101 and Sociology 101.  
Study of the child from conception through adolescence, with emphasis on principles of growth and development. Directed observations of children.
- 271. Human Development: Early Childhood (3) I, II**  
Two lectures and three hours of laboratory.  
Prerequisite: Family Studies and Consumer Sciences 270.  
Physical, social, emotional, and intellectual development of the young child with applications for guidance. Observing, recording individual and group behavior of children.
- 278. Child Care Parent Participation (2) Cr/NC**  
One lecture and two hours of activity.  
Child care practices and group management in a child care facility. Not open to students with credit in Family Studies and Consumer Sciences 279.
- 279. Child Care Observation/Participation (1) Cr/NC I, II**  
Two hours of fieldwork per week as arranged, plus orientation and evaluation.  
Prerequisites: Family Studies and Consumer Sciences 270 and permission of manager of Campus Children's Center.  
Observation and participation in Campus Children's Center. Experiences related to cognitive, physical, and social development of young children in group setting. Not open to students with credit in Family Studies and Consumer Sciences 278.
- 296. Experimental Topics (1-4)**  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

- 301. Science of Foods (3) I, II**  
Prerequisites: Family Studies and Consumer Sciences 205 and Biology 210. **Proof of completion of prerequisites required:** Grade report or copy of transcript.  
Physical, chemical, nutritional, and functional properties and quality attributes of foods and food additives; food handling, changes and interactions of food components induced by processing and storage; food laws, regulations, legislation, and food safety issues.
- 302. Advanced Nutrition (3) I, II**  
Prerequisites: Family Studies and Consumer Sciences 204, Biology 410, and one course in biochemistry. Concurrent registration in Family Studies and Consumer Sciences 302L. **Proof of completion of prerequisites required:** Grade report or copy of transcript.  
Integration of cellular, physiological, and biochemical relationships with human nutrient requirements.
- 302L. Advanced Nutrition Laboratory (2) I, II**  
Six hours of laboratory.  
Prerequisites: Family Studies and Consumer Sciences 204, Biology 410, one course in biochemistry. Concurrent registration in Family Studies and Consumer Sciences 302. **Proof of completion of prerequisites required:** Grade report or copy of transcript.  
Application and evaluation of techniques used to assess nutritional status, including basic methods, experimental animal and human studies.
- 303. Quantity Food Production (3) I, II**  
Two lectures and three hours of laboratory.  
Prerequisite: Family Studies and Consumer Sciences 205.  
Application and evaluation of techniques and equipment utilized in food service operations for quality and financial control, production, distribution and service of food.
- 309. Eating Disorders and Weight Control (2) I Cr/NC**  
Prerequisite: Upper division standing in foods and nutrition or other majors with consent of instructor.  
Obesity and other eating disorders. Reviewing of etiology, incidence, socioeconomic influences, pathogenesis and treatments. Treatment techniques practiced include modification of diet, activity and behavior. Of interest to those wishing to do weight control counseling.
- 319. Textiles (4) I**  
Two lectures and six hours of laboratory.  
Prerequisite: Family Studies and Consumer Sciences 219. **Proof of completion of prerequisite required:** Grade report or copy of transcript.  
Fiber, yarn, and fabric construction and finishes as they relate to selection, care, and fashion merchandising decisions. Analysis based on physical tests.
- 335. Interaction in Families (3) I, II**  
Prerequisite: Family Studies and Consumer Sciences 135.  
Marriage adjustment and family interaction throughout the life cycle.
- 361. Fashion Merchandising Field Experience (1) I, II**  
Prerequisites: Family Studies and Consumer Sciences 260; consent of program adviser and concurrent registration in Family Studies and Consumer Sciences 361L.  
Practical application of classroom theory and executive development techniques.
- 361L. Fashion Merchandising Field Experience Laboratory (5) I, II**  
Fifteen hours per week.  
Prerequisites: Family Studies and Consumer Sciences 260; consent of program adviser and concurrent registration in Family Studies and Consumer Sciences 361.  
Directed experiences in practical application of classroom theory and executive development techniques.
- 362. Fashion Merchandise Budget and Planning (3) I**  
Two lectures and two hours of laboratory.  
Prerequisites: Family Studies and Consumer Sciences 361 and 383.  
Current merchandising calculations and techniques necessary for planning stocks by price point, sales and classification. Principles of gross margin, stock turnover and financial statements as they are unique to fashion merchandising. Computer applications.
- 370. Research, Assessment, and Evaluation of Children and Families (3)**  
Prerequisites: Family Studies and Consumer Sciences 270 and 271.  
Methods for measuring child, caregiver, and family behavior. Evaluation of reliability and validity. Includes research design, sampling techniques, data collection strategies, and values/ethics.

### 371. Human Development: Middle Childhood and Adolescence (3)

Prerequisite: Family Studies and Consumer Sciences 270.  
Physical, social, emotional, and intellectual development of children during middle childhood and adolescence. Emphasis on parent, sibling, and peer relationships. Prevention and correction of developmental difficulties.

### 375. Child Development Programs (3) I, II

Prerequisites: Family Studies and Consumer Sciences 271; concurrent registration in Family Studies and Consumer Sciences 376A for one unit only.

Program models in early childhood education. Communication techniques, basic skills and strategies in working with young children. Development, implementation and evaluation of an appropriate curriculum and environment.

### 376A. Laboratory Experiences in the Child Study Center: Preschool (1-3) I, II

Three hours of laboratory for each unit of credit.  
Prerequisite: First unit requires concurrent registration in Family Studies and Consumer Sciences 375. Application to take additional units requires prior consent of instructor.

Directed experiences with children, ages 3 to 5 years, in a mainstreamed setting. Designing and implementing developmentally appropriate activities in all areas of preschool program. May be repeated, at advanced level, with consent of instructor. Maximum credit three units.

### 376B. Laboratory Experiences in the Child Study Center: Infants and Toddlers (1-3) I, II

Three hours of laboratory for each unit of credit.  
Prerequisite: Family Studies and Consumer Sciences 376A. Application to take additional units requires prior consent of instructor.

Directed experiences with infants and toddlers, ages 6 to 30 months, in a mainstreamed setting. Planning developmentally appropriate activities and administering a program for young children and their families. Maximum credit three units.

### 377. Infant/Toddler Programs (2) I, II

Prerequisites: Family Studies and Consumer Sciences 376A and concurrent registration in 376B.  
Program models for children from birth to three years of age.

### 381. Human Development: Adult Development and Aging (3)

Prerequisites: Psychology 101 and Sociology 101.  
Biological, psychological, and social processes of adult development and aging. Emphasis on a life-span developmental perspective, the family context, intervention, and social policy.

### 383. Consumer Information Systems (3) I, II

Two lectures and two hours of laboratory.  
Prerequisite: Completion of lower division major or minor requirements in family studies and consumer sciences.

Electronic data processing systems and capabilities relative to family studies. Computer application in household management including family resources, problem solving, and decision-making processes. Professional uses of computer-based information systems which interface with households, agencies, and institutions.

### 404. Food Systems Management (3) I, II

Prerequisite: Family Studies and Consumer Sciences 303.  
Managerial functions in food service systems.

### 405. Experimental Food Science (3) I, II

One lecture and six hours of laboratory.  
Prerequisite: Family Studies and Consumer Sciences 301. **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Application of principles and methods of physical and sensory evaluation and food component analysis to conventional and fabricated foods; effects of additives and ingredient variations; project studies; data interpretation and report writing.

**406. Diet Therapy (4) I, II**

Prerequisites: Family Studies and Consumer Sciences 302 and 302L. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Dietary management of pathological and debilitating diseases.

**430. Parent-Child Interaction (3)**

Prerequisite: Completion of Foundations section B (Social and Behavioral Sciences) of General Education.

Theories and philosophies of child rearing and development; contemporary strategies for successful parenting. Not open to child development majors or students with credit in Family Studies and Consumer Sciences 335, 478, or 536.

**436. The Individual, Family, and Society (3) I, II**

Prerequisites: Psychology 101 and Sociology 101.

Individual and family needs and the social institutions and agencies attempting to meet these needs. Social issues, service programs, program analyses, and program effectiveness are emphasized.

**437. Violence in Families (3)**

Prerequisite: Family Studies and Consumer Sciences 335. Abusive interaction in families, physical and emotional. Present conditions, trends, preventive measures and treatment techniques, and organizations analyzed. Theoretical and applied aspects will be studied.

**440. Family Financial Strategies (3) I, II**

Prerequisite: Family Studies and Consumer Sciences 240. Financial problems and practices of families with regard to various socioeconomic levels. Family financial counseling techniques. Relationship of the family to economic and political systems.

**451. Family Management Theory and Analysis (4)**

Three lectures and two hours of laboratory. Prerequisites: Family Studies and Consumer Sciences 151 and 240.

Home management related to cultural and socioeconomic needs of families. Systems management theory as it relates to family life cycle, changing roles, and varied family forms. Practical application and field experience.

**462. Fashion Merchandising Seminar (3) II**

Prerequisite: Family Studies and Consumer Sciences 260. Innovative practices in the apparel industry. Individual investigation and report on a research project.

**476. Development of Creative Behavior in Young Children (3) I, II**

Prerequisite: Family Studies and Consumer Sciences 375. Examination of creative behavior; philosophical and empirical approaches to experiences designed for use with young children.

**477. Administration of Child Development Programs (3) I**

Prerequisite: Family Studies and Consumer Sciences 375. Historical and philosophical background of programs for young children; current research; laws and regulations; planning, operating, evaluating child care centers and nursery schools.

**478. Working with Parents (3) I, II**

Prerequisite: Family Studies and Consumer Sciences 270. An investigation of philosophy, issues, and current trends in working with parents.

**482. Educational Practices and Instructional Resources (3) I, II**

Prerequisite: Fifteen units in family studies and consumer sciences. Principles of learning as they relate to teaching home economics to adults. Organization of material; selection, use and evaluation of teaching techniques.

**491. Research Literature in Foods and Nutrition (1) I, II**

Prerequisites: Family Studies and Consumer Sciences 301, 302, 302L, and consent of instructor. Current research topics in food science and nutrition.

**496. Experimental Topics (1-4) I, II**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor. Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**508. Advanced Food Systems Management (3)**

Prerequisite: Family Studies and Consumer Sciences 404. Analysis of current topics in food systems management. Application of management principles in individual special projects.

**510. Nutrition and Community Health (3)**

Two lectures and three hours of activity. Prerequisites: Family Studies and Consumer Sciences 302 and 302L. Nutritional problems in the community with consideration of their resolution. Field placement experience required.

**520. Clothing and Human Behavior (3) II**

Prerequisites: Family Studies and Consumer Sciences 217; Psychology 101; Sociology 101; Economics 201 or Psychology 270 or Sociology 201. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Concepts and theories of human behavior as they apply to clothing usage. Significance of impressions of individuals that result from their attire in the dynamics of social interaction of contemporary Western societies.

**536. Family Study (3)**

Prerequisites: Family Studies and Consumer Sciences 335 and Sociology 101.

Dynamics of family living; attitudes, practices, social and psychological interaction and family life patterns in different cultures, social classes and ethnic groups.

**537. Child Abuse (3)**

Prerequisite: Family Studies and Consumer Sciences 437 for majors; completion of the General Education requirement in Explorations for non-majors; consent of instructor for graduate students.

A multidisciplinary approach to child abuse including study of child maltreatment and mistreatment, child neglect, and sexual abuse.

**541. Consumer Interest (3) II**

Prerequisite: Family Studies and Consumer Sciences 240 or 440. Analysis of consumer legislation, consumer information and consumer protection programs.

**570. Infant/Toddler Development (3) I, II**

Prerequisites: Family Studies and Consumer Sciences 270 or Psychology 330; Psychology 260. Biology 350 recommended.

Physiological, psychological, social and cultural development of the human organism from birth through three years of age.

**577. Advanced Administration of Child Development Programs (3) II**

Prerequisite: Family Studies and Consumer Sciences 477. Problems of organization in conducting programs for young children; interrelationships of staff; personnel practices; communication with teaching staff, parents, and community; records and reports.

**578. Parent-Child Relationships Across the Life Span (3)**

Prerequisites: Family Studies and Consumer Sciences 335 and 370. Multidisciplinary approach to the parent-child relationship as it continues and changes throughout the life of the dyad, including study of normative and nonnormative life events.

**579. Advanced Child Study (3)**

Prerequisite: Nine units in child development courses. Physical, social, and psychological factors that determine the direction of child behavior. Readings and interpretations of scientific literature that contribute to an understanding of theories of human development.

**580. Program Evaluation for Human Development Services (3) I**

Prerequisite: Twelve units in the child development major. Principles of human development services program evaluation to enhance management and the quality of services to children and their families.

**590. Developmental Dysfunctions (3) II**

Prerequisites: Family Studies and Consumer Sciences 270 or Psychology 330, and twelve upper division units in family studies and consumer sciences.

Adaptive and maladaptive processes throughout the life span with emphasis on emotional, psychological, and physical childhood disorders. Etiology, development, and adjustment to these disorders.

**596. Advanced Studies in Family Studies and Consumer Sciences (1-6)**

Prerequisite: Nine upper division units in family studies and consumer sciences.

Advanced study of selected topics. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of nine units of 596. No more than six units of 596 may be applied to either the bachelor's or master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**597. Child Development and Family Studies Field Experiences (1) I, II**

Prerequisites: Twelve units in the child development major and concurrent registration in Family Studies and Consumer Sciences 597L.

Developmental theories and techniques in child development. (Formerly numbered Family Studies and Consumer Sciences 439.)

**597L. Child Development and Family Studies Field Experiences Laboratory (2) I, II**

Prerequisites: Twelve units in the child development major and concurrent registration in Family Studies and Consumer Sciences 597.

Directed experiences in the practical application of developmental theories and techniques in various community agencies. (Formerly numbered Family Studies and Consumer Sciences 439.)

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Finance

In the College of Business Administration

A Member of the American Assembly of Collegiate Schools of Business.

## Faculty

Emeritus: Fisher, H., Hungate, Schmier, Wijnholds  
Chair: Sterk  
Professors: Gitman, Hippaka, Hutchins, Nye, Reints, Salehizadeh, Short, Sterk, Vandenberg, Warschauer (Associate Dean, Academic Affairs)  
Associate Professors: Block, Bost, Cherin, Haddad, Omberg, Sachdeva, Varaiya, Wilbur  
Assistant Professors: Ely, Hanson, Hittle, Houston, Kim, Song, Weaver

## Offered by the Department

Master of Science degree in business administration.  
Master of Business Administration.  
Major in finance with the B.S. degree in business administration.  
Major in financial services with the B.S. degree in business administration.  
Major in real estate with the B.S. degree in business administration.  
Teaching major in business for the single subject teaching credential.  
Minor in finance.  
Minor in real estate.  
Certificate in personal financial planning.

## Admission to the Major

The undergraduate business administration program at San Diego State University is structured such that students desiring a business administration major are first admitted to the prebusiness administration major for their first two years of university work. During these first two years students should complete general education courses and a common core of nine lower division preparation for the business major courses — Accountancy 201, Financial Accounting Fundamentals; 202, Managerial Accounting Fundamentals; Finance 140, Business Law; Economics 101, Principles of Economics (Macro); Economics 102, Principles of Economics (Micro); Information and Decision Systems 180, Principles of Information Systems; Information and Decision Systems 290, Business Communication (not required for accounting majors); Mathematics 119, Elementary Statistics for Business; and Mathematics 120, Calculus for Business Analysis. These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. All students must achieve a passing score on a quantitative competency examination. Students must have completed 56 college units.

**Supplemental admissions criteria must be met before students may declare an upper division major and be eligible for upper division courses.** For current information concerning admissions criteria and procedures, contact the Undergraduate Business Advising Office in the College of Business Administration.

Also, before enrolling in upper division courses offered by the College of Business Administration, students must be competent in the operation of personal computers, including word processing and spreadsheets. These skills are required in upper division business courses.

Business administration majors may not complete a minor in the College of Business Administration.

OFFICE: Business Administration/Mathematics 445L  
TELEPHONE: (619) 594-5323

## Transfer Credit

**Lower Division:** Courses clearly equivalent in scope and content to San Diego State University courses required for minors or as preparation for all business majors will be accepted from regionally accredited United States institutions and from foreign institutions recognized by San Diego State University and the College of Business Administration.

**Upper Division:** It is the policy of the San Diego State University College of Business Administration to accept *upper division transfer credits* where (a) the course content, requirements, and level are equivalent to San Diego State University courses and (b) where the course was taught in an American Assembly of Collegiate Schools of Business accredited program. Exceptions require thorough documentation evidencing the above standards.

## The Major

All forms of human endeavor involve finance to some degree. Within our economic system, finance is concerned with capital, which is money or property owned or used in business. Finance majors study both the sources and the uses of capital. The finance curriculum revolves around the valuation process in a free market system. Once an individual or company can value various alternatives, the allocation of resources and the decision process in business becomes much simpler.

Students who are interested in business should have a thorough understanding of the financial process. Upon graduation, students accept a wide variety of positions with business in general. The curriculum of the finance major is designed to give the student breadth in a variety of fields in addition to finance and business.

Employment prospects for graduates with finance majors are very good and forecasts remain encouraging. Graduates are typically found in six types of employment: large and small industrial firms (manufacturers of automobiles, steel, household appliances, and electronic equipment); service oriented firms (electric power, real estate and retail firms); financial institutions (banks, state and federally chartered savings and loan associations, and insurance companies); nonprofit enterprises (universities, labor unions, and foundations); and private businesses.

The diversity of entry level positions obtained by finance majors makes it difficult to describe a typical position. A major in finance does not limit career potential to banking or to any single area of business. A large number of individuals go to work for industrial companies in a variety of entry level positions that allow them to develop into top decision-making positions with those companies. A significant number of chief executive officers and other top officers of corporations have followed the "finance path" to the top.

## Finance Major

With the B.S. Degree in Business Administration  
(Major Code: 05041)

**Preparation for the Major.** Finance 140; Accountancy 201, 202; Economics 101, 102; Information and Decision Systems 180, 290; Mathematics 120 or 150; and Economics 201 or Mathematics 119. (27-29 units)

These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** Forty-two upper division units consisting of Finance 321, 323, 325, 327, 423; three units selected from Finance 326, 329, 421, 425; Accountancy 310; Economics 490; Information and Decision Systems 302; Management 350; Management 405 or Information and Decision Systems 404; Marketing 370; and three units of electives selected from finance. A minimum of 52 units of coursework applicable to the bachelor's degree must be completed outside the areas of business administration and economics. A maximum of six lower division units of accountancy courses may be used to satisfy degree requirements. Of the 128 units required for the degree, at least 60 units must be at the upper division level. A "C" average is required in the courses stipulated here for the major.

## Financial Services Major

With the B.S. Degree in Business Administration  
(Major Code: 05043)

**Preparation for the Major.** Accountancy 201 and 202; Economics 101 and 102; Economics 201 or Mathematics 119; Finance 140; Information and Decision Systems 180 and 290; Mathematics 120 or 150. (27-29 units)

These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** Forty-six upper division units consisting of Finance 323, 326, 327, 331, 342, 589; Accountancy 410\*; Information and Decision Systems 302; Management 350; Management 405 or Information and Decision Systems 404; Marketing 370; twelve units selected from Finance 421, 425, 431, 433, 435, 445, 521, 525; Accountancy 310, 511; and Economics 490. A minimum of 52 units of coursework applicable to the bachelor's degree must be completed outside the areas of business administration and economics. A maximum of six lower division units of accountancy courses may be used to satisfy degree requirements. Of the 128 units required for the degree, at least 60 units must be at the upper division level. A "C" average is required in the courses stipulated here for the major.

\* Prerequisite waived for this course.

## Real Estate Major

With the B.S. Degree in Business Administration  
(Major Code: 05111)

**Preparation for the Major.** Accountancy 201 and 202; Finance 140; Information and Decision Systems 180, 290; Economics 101 and 102; Economics 201 or Mathematics 119; and Mathematics 120 or 150. (27-29 units)

These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** Thirty-nine to forty upper division units consisting of Finance 323, 331, 335, 433, 435; Information and Decision Systems 302; Management 350; Management 405 or Information and Decision Systems 404; Marketing 370; Public Administration 320; and 9-10 units selected from Accountancy 410; Finance 333, 340, 342, 431; Marketing 373; Economics 422, 490; Geography 354, 559. A minimum of 52 units of coursework applicable to the bachelor's degree must be completed outside the areas of business administration and economics. A maximum of six lower division units of accountancy courses

may be used to satisfy degree requirements. A "C" average is required in the courses stipulated here for the major.

## Business Major

For the Single Subject Teaching Credential  
With the B.S. Degree in Business Administration

All candidates for the single subject teaching credential in business must complete all requirements for the applicable specialization as outlined in this section of the catalog under the College of Education. Students must complete the requirements of a major in one of the five departments within the College of Business Administration. In consultation with the single subject credential adviser in the College of Business Administration, undergraduate students must develop programs which fulfill the State credential requirements. All undergraduate majors must demonstrate office skills proficiency Finance 589, Personal Financial Planning, is required of all teaching credential majors.

Student program must be approved in advance by the College of Business Administration single subject credential adviser.

## Finance Minor

The minor in finance consists of a minimum of 21 units to include Accountancy 201; Finance 321, 323, 326, 327, and 329; Mathematics 119.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. Students with a major in the College of Business Administration may not complete a minor in the College of Business Administration. Permission to take business minors must be obtained from the business minor adviser in the college of the student's major.

## Real Estate Minor

The minor in real estate consists of a minimum of 18 units to include Economics 102; Finance 140, 331, 335, 433; and three units selected from Finance 333, 431, and 435.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. Students with a major in the College of Business Administration may not complete a minor in the College of Business Administration. Permission to take business minors must be obtained from the business minor adviser in the college of the student's major.

## Personal Financial Planning Certificate

The purpose of this program is to provide a strong educational basis for persons desiring careers in the field of personal financial planning. Two categories of students are admitted: Matriculated students who have been admitted to an upper division College of Business Administration major and nonmatriculated students who work in the financial services industry may take the courses on a space-available basis.

Prerequisites to the program include Finance 140; Accountancy 201, 202; Economics 101, 102; Family Studies and Consumer Sciences 240; and Mathematics 119. (21 units.)

The certificate requires 25 units to include Accountancy 410\*, Finance 323, 327, 342, 445, 521, 525, and 589.

Advising is provided by the Assistant Dean for Undergraduate Affairs for the College of Business Administration. All course units may be used for business majors where programmatically specified. Courses in the certificate may not be counted toward the minor.

\* Prerequisite waived for students in this program.

## Courses

### LOWER DIVISION COURSE

#### 140. Business Law (3) I, II

Legal institutions, nature and sources of law, product liability, contracts, sales, agency, partnership and corporation law. Ethical considerations with social and economic influences on domestic and foreign law in business torts.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 317. Individual Investing (3) I, II

Prerequisite: Upper division standing.  
Investment alternatives. Financial institutions related to individual investing. Consumer protection and investing. Tax considerations. Building portfolios. Not open to business majors.

#### 321. Managerial Economics (3) I, II

Prerequisite: Completion of lower division course requirements in major or minor.  
Role of economic analysis in management decisions. Study of demand, cost, supply theories from a business viewpoint. Emphasis on managerial decision making.

#### 323. Fundamentals of Finance (3) I, II

Prerequisite: Approved upper division business major, business minor, or another major approved by the College of Business Administration. **Proof of completion of prerequisite required:** Change of major form or other evidence of acceptable major code.

Objectives of financial management. Financing the business enterprise. Internal financial management. Introduction to the cost of capital, valuation, dividend policy, leverage, international finance, and the techniques of present value and its applications. Sources of capital.

#### 325. Intermediate Finance (4) I, II

Prerequisites: Finance 323 with minimum grade of C and Information and Decision Systems 302.

The capital expenditure decision process. Measuring and evaluating benefits and costs. The cost of capital and the evaluation process. Capital rationing problems. Risk and uncertainty in the decision process. Agency theory, option pricing, and arbitrage pricing in the decision process.

#### 326. Financial Institutions Management (3)

Prerequisite: Finance 323 with minimum grade of C.  
Management of financial institutions including savings and loan associations, mutual savings banks, credit unions, private pension plans, brokerage houses, investment companies, consumer credit institutions, federal credit agencies, and commercial banks. Emphasis on internal financial management of these institutions.

#### 327. Investments (3) I, II

Prerequisite: Finance 323 with minimum grade of C.  
Measures of risk and return. Methods of security analysis, valuation, and capital asset pricing model. Portfolio theory and management; stocks, bonds, options, and futures; hedging; mutual funds and partnerships; and investment taxation.

#### 329. International Business Finance (3) I, II

Prerequisite: Finance 323 with minimum grade of C.  
The financing of international business transactions; international payments and their environment; international financial institutions.

#### 331. Real Estate Essentials (3) I, II

Prerequisite: Completion of lower division course requirements in business major or minor.  
Fundamental operations of the real estate market; principles of real property valuation, financing, law, investment, brokerage, management, and development.

#### 333. Law of Real Property (3) I, II

Prerequisite: Finance 331.  
Legal theory and practice of estates in land; landlord and tenant relationships; land transactions; mortgages and trust deeds; easements; land use; ownership rights in land; environmental law.

#### 335. Land Markets and Real Estate Analysis (3) I, II

Prerequisite: Finance 331.  
Theory and analysis of land utilization. Location analysis and determinants of land use patterns. Real estate market behavior and economic growth. Basic real estate investment analysis. Public controls and policies affecting land markets.

#### 340. Advanced Business Law (3) I, II

Prerequisites: Finance 140, 323, and 335.  
Legal concepts and cases involving business ethics, professional liability, sales, negotiable instruments, property, security devices, federal and state securities regulation, creditors' rights, bankruptcy, insurance, wills, trusts, estates, and suretyship. Problem-solving techniques.

#### 342. Insurance and Corporate Risk Management (3) I, II

Prerequisite: Completion of lower division requirements for the major.  
Nature and extent of business and social risk. Risk-handling techniques; insurance principles and practices; basic contracts analysis; insurance underwriting and rating; insurance problems and trends; business risk management. Not open to students with credit in Finance 542.

#### 421. Portfolio Management and Security Analysis (3) I, II

Prerequisite: Finance 327.  
Market efficiency. Risk and utility analysis. Portfolio theory. Security analysis under modern investment theory. Advanced debt management and options techniques. Financial options and futures. Asset allocation and performance evaluation. Limited partnership investment analysis.

#### 423. Financial Analysis and Management (4) I, II

Prerequisite: Finance 325. Strongly recommended: Economics 490.  
Integration of various aspects of finance, application of financial theory. Financial decision making in the firm. Case study.

#### 425. Business Forecasting (3) I, II

Prerequisites: Finance 323 with minimum grade of C and Information and Decision Systems 302.  
Business fluctuations; forecasting, and related problems confronting the business firm; forecasting techniques; specific forecasts. The use of forecasts in the firm.

#### 431. Real Estate Finance (3) I, II, S

Prerequisite: Finance 331.  
Methods of financing real estate; sources of funds; governmental financial agencies; feasibility analysis for various types of properties.

#### 433. Theory of Real Property Value (3) I, II

Prerequisite: Finance 335.  
Introduction to theories of real property value. Techniques of value determination. Data analysis techniques.

#### 435. Real Estate Investment Analysis (3) II

Prerequisites: Finance 323 with minimum grade of C and 433.  
Theories and methods of investment analysis applied to real estate. Integration of various aspects of real estate from the investor's perspective. Use of computer models for investment decision making.

#### 445. Estate Planning (3) I, II

Prerequisite: Finance 323.  
Fundamentals of estate planning, social and family implications of federal/state taxation of transfers of wealth by gift or at death. Study of trusts, conservatorships, guardianship and postmortem planning. How planning is affected by business assets, employee benefits, and insurance.

#### 496. Selected Topics in Finance (1-4) I, II

Prerequisite: Consent of department chair.  
Selected areas of concern in finance. See Class Schedule for specific content. May be repeated with new content with consent of department chair. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 498. Investigation and Report (1-3) I, II

Prerequisites: Senior standing and consent of instructor.  
A comprehensive and original study of a problem connected with finance under the direction of one or more members of the finance staff. May be repeated with new content. Maximum credit six units.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 521. Individual Insurance Management (3) I

Prerequisites: Undergraduate: Completion of lower division requirements for the major. Graduate: Completion of prerequisite core.  
Economic and social aspects of individual insurance and nature of life and health insurance and annuities. Theory of probabilities, premiums, reserve and nonforfeiture values. Company and agency operations and management, including legal aspects and relationship to personal financial planning.

#### 525. Employee Benefits and Retirement Planning (3) II

Prerequisite: Finance 323 with minimum grade of C.  
Nature, construction, administration, and evaluation of employee benefit plans. Disability plans. Use of retirement plans. Social security and its integration with employee plans. Tax treatment of retirement plans.

#### 589. Personal Financial Planning (3)

Prerequisites: Finance 327 and credit or concurrent registration in Accountancy 410.  
Financial planning process. Relationships with clients and other professionals. Plan formulation and implementation. Cash flow and debt considerations. Integration of investments, insurance, estate, tax, and retirement planning. Practice management, ethics, and regulation. (Formerly numbered Finance 389.)

### GRADUATE COURSES Refer to the Graduate Bulletin.

# French

In the College of Arts and Letters

OFFICE: Library East 326  
TELEPHONE: (619) 594-6491

## Faculty

Emeritus: Ghilbert, Jackson, Max, Messier, Nelson  
Chair: Benkov  
Professors: Branan, Cox, Glasgow  
Associate Professors: Benkov, Edson, Palmer, Schorr  
Assistant Professor: Cornwell-Giles  
Lecturer: Baker

## Offered by the Department of French and Italian Languages and Literatures

Master of Arts degree in French.  
Major in French with the B.A. degree in liberal arts and sciences.  
Teaching major in French for the single subject teaching credential in foreign languages.  
Minor in French.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## French Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 11021)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Students majoring in French must complete a minor in another field to be approved by the departmental adviser in French.

**Preparation for the Major.** French 100A, 100B, 200A, either 200B or 200E, 200C, and 200D. (22 units)  
Recommended: History 105, 106; Humanities 102A, 102B.

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in French to include French 301, 302, 305A-305B, 401 or 411 or 560, and nine additional units of upper division courses in the language.

## French Major

For the Single Subject Teaching Credential in Foreign Languages With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 11021)

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in liberal arts and sciences. A minor in another field approved by the departmental adviser in French is required for the degree.

To be recommended for student teaching, students must demonstrate proficiency in French by passing the departmental written and oral tests.

**Preparation for the Major.** French 100A, 100B, 200A, either 200B or 200E, 200C, 200D. (22 units)

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units in French to include French 301, 302, 305A-305B, 401, 421, 422, 560, 561, and 501 or 543 or 551.

## French Minor

The minor in French consists of a minimum of 15 units in French, six units of which must be in upper division courses completed at San Diego State University.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable.

## Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences

Students electing the study of French to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete French 200A or 200B or 200C or 200D or 200E or the equivalent level of achievement. The usual sequence of course work is French 100A, 100B and 200A or 200B or 200C or 200D or 200E. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

## High School Equivalents

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:

1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.

2. The first **three years** of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five

years separate the last high school course and the first college course.

3. **Four years** of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

## Courses

### LOWER DIVISION COURSES

Native speakers of French will not receive credit for taking lower division courses except with advance approval from the department. All lower division courses in French are taught in French. No credit will be given when French 100A, 100B, 200, 301, or 302 are taken concurrently or out of sequence. However, French 200A-200B-200C-200D-200E may be taken in any order.

#### 100A. Elementary (5) I, II

Pronunciation, speaking and writing, readings on French culture and civilization, essentials of grammar. Not open to students who have completed three years of high school French unless the third course was completed five or more years ago.

#### 100B. Elementary (5) I, II

Prerequisite: French 100A or two years of high school French. Continuation of French 100A. Not open to students who have completed four years of high school French unless the fourth course was completed five or more years ago.

#### 200A. French Grammar (3) I, II

Prerequisite: French 100B or three years of high school French. Majors and minors should enroll concurrently in either French 200B or 200E, 200C, or 200D. Not open to students with credit in French 202.

Comprehensive survey of French grammar at the intermediate level. Analysis and use of typical French structures.

#### 200B. Reading French (3) I, II

Prerequisite: French 100B or three years of high school French. Majors and minors should enroll concurrently in either French 200A, 200C, or 200D. Not open to students with credit for more than 10 units of 200-level French. Emphasis on reading: short stories, plays, cultural material, etc.

#### 200C. Writing French (3) I, II

Prerequisite: French 100B or three years of high school French. Majors and minors should enroll concurrently in either French 200A, 200B or 200E, or 200D. Not open to students with credit for more than 10 units of 200-level French. Emphasis on written composition: study of a variety of prose models and practice in writing.

#### 200D. The Grammar of Spoken French (3) I, II

Prerequisite: French 100B or three years of high school French. Majors and minors should enroll concurrently in either French 200A, 200B or 200E, or 200C. Not open to students with credit in French 212.

Analysis of grammar and use of modern French through study of cultural materials, for proficiency in oral communication.

#### 200E. Readings in Commercial French (3)

Prerequisite: French 100B or three years of high school French. Not open to students with credit for more than 10 units of 200-level French. Introduction to commercial institutions and socioeconomic aspects of contemporary France; development of a useful vocabulary in commercial French. Majors and minors should enroll concurrently in French 200A, 200C, or 200D.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

All upper division courses in French are taught in French unless otherwise stated.

French 301 and French 302 are not open to students who hold a French *baccalauréat*.

#### 301. Advanced Grammar and Composition (3) I, II

Prerequisite: Twelve units of 200-level French. Advanced grammar and stylistics, intensive writing practice.

#### 302. Advanced Grammar and Composition (3) I, II

Prerequisite: French 301. Advanced grammar and stylistics, intensive writing practice.

#### 305A. Survey of French Literature (3) I

Prerequisite: Twelve units of 200-level French. Important movements, authors, and works in French literature from the Middle Ages to the Enlightenment.

#### 305B. Survey of French Literature (3) II

Prerequisite: Twelve units of 200-level French. Continuation of French 305A from the Enlightenment to the present.

#### 401. French Phonetics and Diction (3)

Prerequisite: Twelve units of 200-level French. Study of the sound system of French as a means of improving pronunciation and diction. Phonetic transcription, classroom exercises and laboratory work.

#### 411. Explication de Textes (3)

Prerequisite: Twelve units of 200-level French. An introduction to the analytical approach to the detailed study of literature. Demonstrations by instructor and students.

#### 421. French Civilization (3) I

Prerequisite: Twelve units of 200-level French. French culture from the earliest times to the Enlightenment, with emphasis on the people, their social and political institutions, their arts and letters. Not open to students with credit in Humanities 310.

#### 422. French Civilization (3) II

Prerequisite: Twelve units of 200-level French. French culture from the Enlightenment to the present. Continuation of French 421. Not open to students with credit in Humanities 311.

#### 423. Commercial French (3)

Prerequisite: Twelve units of 200-level French. French commercial practices and language, the enterprise, correspondence, advertising, telecommunications, banking, transportation, import-export, insurance, accounting, stock market, preparation for the *Certificat Pratique de Français Commercial et Economique* offered by the Paris Chamber of Commerce.

#### 496. Topics in French Studies (1-4)

Topics in French literature, culture and linguistics. May be repeated with new content. Maximum credit nine units. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. May be taught in English. See Class Schedule for specific content.

#### 499. Special Study (1-3) I, II

Prerequisites: French 302, 305A, 305B. Individual study. Maximum credit six units. This course is intended only for students who are currently enrolled in or who already have credit for all upper division courses in French available in any given semester.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 501. Translation (3)

Prerequisite: French 302. Stylistic comparison of French and English through translation of a variety of prose styles from English to French and from French to English.

**521. Seventeenth Century French Literature (3)**

Prerequisites: French 302 and either 305A or 305B.  
Major authors of the seventeenth century.

**531. Eighteenth Century French Literature (3)**

Prerequisites: French 302 and either 305A or 305B.  
Major eighteenth-century writers of fiction, with emphasis on Voltaire, Diderot and Rousseau.

**541. Nineteenth Century French Novel (3)**

Prerequisites: French 302 and either 305A or 305B.  
Major novelists of the nineteenth century.

**543. Modern French Theatre (3)**

Prerequisites: French 302 and either 305A or 305B.  
Major dramatists of modern France.

**545. Modern French Poetry (3)**

Prerequisites: French 302 and either 305A or 305B.  
Representative French poets of the modern era.

**551. Twentieth Century French Novel (3)**

Prerequisites: French 302 and either 305A or 305B.  
Major novelists of twentieth-century France.

**560. Applied French Linguistics (3)**

Prerequisites: French 302 and 401.  
Phonemics, morphemics, syntax and semantics of present day French. Taught in English. (Formerly numbered French 431.)

**561. Methods in Teaching French as a Second Language (3)**

Prerequisite: French 560.  
Teaching of French as a second language; contemporary theory and methods. Not open to students with credit or concurrent enrollment in Spanish 561. Taught in English.

**596. Topics in French Studies (1-4)**

Prerequisite: French 302.  
Topics in French language, literature and linguistics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of nine units of 596. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

# General Studies

The University offers a number of courses which are not part of a regular departmental curriculum. They provide students with opportunities for achieving academic credit through interdisciplinary and nontraditional coursework.

## General Courses

### LOWER DIVISION COURSES

**200. Professional Experience and Community Service (1-3) Cr/NC**

Prerequisites: Twelve units of college credit, minimum grade point average of 2.0, concurrent participation in professional or community service activity, and approval of course contract.

Academic work designed with faculty approval to complement concurrent paid or unpaid professional or community service experience. Information and course contract forms available in Division of Undergraduate Studies. Applications must be submitted to the Division prior to the end of the first week of classes. May be used to satisfy major or minor requirements only upon written approval of department chair. No combination of General Studies 200 and 400 in excess of six units may be counted for credit toward a bachelor's degree.

**275. Honors Special Study (1)**

For further information contact the Division of Undergraduate Studies.

Prerequisite: Admission to the University Honors Program.  
Special study associated with a lower division course offered as an honors section, and serving as an extension of the course.

### UPPER DIVISION COURSES (Intended for Undergraduates)

**310. Our Global Future: Values for Survival (3)**

For further information contact Dr. Eugene A. Troxell in the Department of Philosophy or Dr. Linda Holler in the Department of Religious Studies.

Prerequisite: One course from each of the three areas of Foundations in General Education.

Identifies resource and social crises toward which contemporary American values are leading; examines the nature of human action; contrasts other value systems with ours; considers origins of our values and the individual's potential for changing them. Interdisciplinary; team taught. (Formerly numbered General Studies 210.)

**320. Nuclear Arms Dilemma (3) I, II**

Prerequisites: Upper division standing; nine units in Foundations section of General Education to include a course from each of the three areas in order to receive General Education credit.

Nuclear arms race from scientific, historical, economic, ethical, and sociopsychological perspectives. Effects of nuclear weapons, current strategies for their use, and proposals for reducing the possibility of nuclear war. (Formerly numbered General Studies 350.)

“You must not trust the multitude who say, ‘Only the free may be educated,’ but rather the philosophers who say, ‘Only the educated are free.’”

—Epictetus, *Discourses*, II.i, c. A.D. 100

**400. Professional Experience and Community Service (1-3) Cr/NC**

Prerequisites: Upper division standing, minimum grade point average of 2.0, concurrent participation in professional or community service activity and approval of course contract. Completion of prerequisites required.

Academic work designed with faculty approval to complement concurrent paid or unpaid professional or community service experience. Information and course forms available in Division of Undergraduate Studies. Applications must be submitted to the Division prior to the end of the first week of classes. May be used to satisfy major or minor requirements only upon written approval of department chair. No combination of General Studies 200 and 400 in excess of six units may be counted for credit toward a bachelor's degree.

**420. Handicapped Individuals in Society (3) I, II**

Prerequisite: Psychology 101, Sociology 101, or Anthropology 101.  
Range of human experience of handicapped individuals; attitudes toward handicapped individuals; interrelationship between societal institutions and needs of disabled people; historical response to these needs and contemporary issues with particular emphasis on normalization, integration, and community living. (Formerly numbered Special Education 475.)

## Interdisciplinary Courses

General Studies courses (250, 350, 550) are interdisciplinary selected topics courses.

Students interested in enrolling in General Studies 250, 350 or 550 should contact the faculty adviser of the department(s) offering the course for further details.

**250. Interdisciplinary Topics (1-4)**

**350. Interdisciplinary Topics (1-4)**

**550. Interdisciplinary Topics (1-4)**

# Geography

In the College of Arts and Letters

## Faculty

Emeritus: Blick, Colombo, Eidemiller, Keen, Kiewiet de Jonge, Richardson, Storm, Taylor, Yahr  
Chair: Griffin  
Professors: Ford, Greenwood, Griffin, Johnson, McArthur, O'Brien, Pryde, Quastler, Stutz, Wright  
Associate Professors: Aguado, Fredrich, Hope, O'Leary, Stow  
Assistant Professors: Aitken, Franklin

## Offered by the Department

Master of Arts degree in geography.  
Major in geography with the B.A. degree in liberal arts and sciences.  
Minor in geography.  
Certificate in geographic information systems.

## The Major

Geography is the study of spatial aspects of the physical environment, human activities and landscapes, and the nature of their interactions. Geographers draw upon theories from both the physical and social sciences. As physical scientists, they study the processes and resulting features of the earth's surface, such as vegetation, climate, soils, landforms, and resources. As social scientists, geographers explore such topics as the arrangement of societies on the earth's surface, land use patterns, urbanization, resource and energy usage, and environmental conservation.

The Department of Geography offers a broad range of fields from which to select a specialization. These include general geography – the study of both physical and cultural aspects of geography; physical geography – focusing on scientific explanations of the earth's physical features and processes; resource and environmental geography – concerned with human impacts on the earth; transportation and urban geography – dealing with the form of cities and the impacts of transportation systems; applied geography – providing a background in cartography, geographic information systems and remote sensing. The department also offers a Certificate in Geographic Information Systems. This program is for students interested in the use of satellite technology to study earth resources, mapping, computer graphics, surveying, and aerial photography.

A variety of career opportunities exist for geography majors. In recent years many graduates with bachelor degrees have entered the fields of urban and environmental planning, both in the public and private sectors. Employment is also available as geographic information systems specialists, cartographers, park naturalists, and remote sensing specialists. The following represent some of the jobs held by recent graduates: environmental impact analyst, urban planner, cartographer, park ranger, transportation planner, travel agent, teacher, zoning investigator, terrain analyst. Some graduates have chosen to pursue opportunities in business where firms are interested in hiring college graduates with broad academic backgrounds.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

OFFICE: Nasatir Hall 233  
TELEPHONE: (619) 594-5437

## Geography Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22061)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

**Graduation with Distinction.** A student desiring to graduate with Distinction in Geography must meet the University requirements listed in the section of this catalog on "Graduation Requirements" and, in addition, must have completed Geography 498 by the time of graduation and be recommended by the geography faculty.

### Specialization in General Geography

Students selecting this specialization must complete a minor in another department.

**Preparation for the Major.** Geography 101, 101L, 102, 103. (10 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W, 500W, 503W, 508W, 581W, or 584W, with a grade of C (2.0) or better.

**Major.** A minimum of 27 upper division units in geography to include three units selected from each of the following groups: (a) Geography 320-339, 540; (b) 350-360, 554-559; (c) 370, 569-577; (d) 378, 401, 504-505; (e) 507-511; (f) 380-381; (g) 382, 385, 488, 585-589; and six units of electives.

### Specialization in Physical Geography

Students selecting this specialization are not required to complete a minor in another department.

**Preparation for the Major.** Geography 101, 101L, 102; Mathematics 121 or 150; Chemistry 200; Physics 180A, 182A. (19-21 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W, 500W, 503W, 508W, 581W, or 584W, with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in geography to include Geography 385; fifteen units selected from Geography 378, 401, 498, 504-511; six units selected from 382, 488, 581-589; and three units selected from each of the following groups: (a) 380-381; (b) 320-339, 540; (c) 350-370, 554-577; and three units of electives.

\* Geography 595 may be used to satisfy three units in this group where appropriate and approved by the department.

### Specialization in Resource and Environmental Geography

Students selecting this specialization are not required to complete a minor in another department.

**Preparation for the Major.** Geography 101, 101L, 102, 103; Biology 100, 100L. (14 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W, 500W, 503W, 508W, 581W, or 584W, with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in geography to include Geography 370, 385; three units selected from each of the following groups: (a) 320-339, 540; (b) 350-360, 554-559; (c) 380-381; (d) 382, 488, 581-589. Nine units from 569-574, 576, either 575 or 577; six units from 378, 401, 498, 504-511; and three units of electives.

\* Geography 595 may be used to satisfy three units in this group where appropriate and approved by the department.

### Specialization in Transportation and Urban Geography

Students selecting this specialization are not required to complete a minor in another department.

**Preparation for the Major.** Geography 101, 101L, 102; Computer Science 107; Economics 102. (13 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W, 500W, 503W, 508W, 581W, or 584W, with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in geography to include Geography 381, 385; fifteen units selected from 353-354, 358-359, 498, 554-560; six units selected from 378, 401, 504-511; three units from each of the following groups: (a) 320-339, 540; (b) 370, 569-577; and three units of electives.

\* Geography 595 may be used to satisfy three units in this group where appropriate and approved by the department.

### Specialization in Applied Geography

Students selecting this specialization are not required to complete a minor in another department.

**Preparation for the Major.** Geography 101, 101L, 102; Computer Science 107; and a three-unit course in introductory statistics. (13 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W, 500W, 503W, 508W, 581W, or 584W, with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in geography to include Geography 385; eighteen units selected from Geography 380-382, 488, 498, 581-589, 595; three units selected from each of the following groups: (a) 320-339, 540; (b) 350-370, 554-577; (c) 378-401, 504-505; (d) 507-511; and three units of upper division geography electives.

\* Geography 595 may be used to satisfy three units in this group where appropriate and approved by the department.

## Geography Minor

The minor in geography consists of a minimum of 18-19 units of geography to include Geography 101, 102 and one of the following areas:

**Physical:** nine units selected from Geography 378, 401 or 504-510, and three or four units selected from techniques courses Geography 380-385, 488, 581-589.

**Cultural:** six units from Geography 312, 350, 354, 357, 360, 554, 555, and six units selected from regional courses Geography 320-339.

**Urban/Transportation:** nine units selected from Geography 353-359, 554-559, and three or four units selected from either technique or regional courses Geography 320-339, 380-385, 488, 581-589.

**Conservation:** nine units selected from Geography 370, 378, 569-577, and three or four units selected from technique courses Geography 380-385, 488, 581-589.

**Techniques:** nine units selected from Geography 380-385, 488, 581-589, and three units selected from any other upper division course.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Geographic Information Systems Certificate\*

The purpose of the program is to prepare students to carry out mapping activities and cartographic analyses in public and private organizations.

Students must apply for admission to the program before the completion of 15 certificate units and must complete the required units with a 2.5 grade point average.

The certificate requires 24 units to include six units selected from Civil Engineering 218, Computer Science 106, 107, 108; and eighteen units selected from Geography 380, 381, 382, 488, 581, 582, 583, 588, 589, 595. Courses with relevant content may be substituted for the courses listed above with the approval of the certificate adviser. Courses in the certificate may be counted toward the major in geography but may not be counted toward the minor.

\* Additional prerequisites required for this certificate.

## Courses

### LOWER DIVISION COURSES

**101. Principles of Physical Geography (3) I, II (CAN GEOG 2)**  
Principles underlying the fundamental nature and dynamics of the physical world: the atmosphere, hydrosphere, biosphere, lithosphere, and their systematic spatial relationships.

**101L. Physical Geography Laboratory (1) I, II**  
Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Geography 101.  
Practical exercise and observation in map analysis, weather elements, climatic regions, and the earth's landform features. Designed to supplement Geography 101.

**102. Principles of Cultural Geography (3) I, II (CAN GEOG 4)**  
Introduction to cultural geography, covering the elements of culture, such as technology, language, religion, political organization, methods of livelihood, settlement patterns and population, and the regional distribution of these elements over the earth. Field trips may be arranged.

**103. Principles of Meteorology (3) I, II**  
The composition, structure, and circulation of the atmosphere, including elementary theory of storms and other weather disturbances. May be followed by, or taken with, Geography 103L.

**103L. Meteorology Laboratory (1) I, II**

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Geography 103.  
Theory of meteorological instruments and observations. Practical exercise in surface and upper air observations, weather codes, and elementary weather map analysis.

**UPPER DIVISION COURSES**  
**(Intended for Undergraduates)**

**312. Culture Worlds (3) I, II**

Prerequisites: Geography 101 and 102.  
The evolution, distinguishing cultural characteristics, and physical features of major cultural regions of the world. Role humans have played in the alteration of natural landscapes.

**320. California (3)**

Prerequisite recommended: Geography 101 or 102.  
Systematic and regional analysis of topography, climate, and natural vegetation as related to past and present activities of humans and their use of the land. Field trips may be arranged.

**321. United States (3) I, II**

Prerequisite recommended: Geography 101 or 102.  
Systematic and regional analysis of physical and cultural landscapes of the United States.

**322. Canada and Alaska (3)**

Prerequisite recommended: Geography 101 or 102.  
The physical and historical bases of Canadian and Alaskan regionalism; the economic and strategic importance of these two areas.

**323. Middle America (3) I, II**

Prerequisite recommended: Geography 101 or 102.  
The land and peoples of Mexico, Central America, and the islands of the Caribbean; a survey of the resources, economies, and trade of the region. Field trips may be arranged.

**324. South America (3) I, II**

Prerequisite recommended: Geography 101 or 102.  
The physical regions and human geography of South America, including the history of colonization and the exploitation of resources.

**325. San Diego County (3)**

Prerequisite recommended: Geography 101 or 102.  
Landforms, climate, population, industry, transportation, and the effects of human activities on the natural environment. Field trips may be arranged.

**331. Monsoon Asia (3)**

Prerequisite recommended: Geography 101 or 102.  
The lands and peoples of Southern, Southeastern, and Eastern Asia.

**335. The Middle East and North Africa (3)**

Prerequisite recommended: Geography 101 or 102.  
The geographic base for the political heritage, economies, religious institutions, and peoples of North Africa and the Middle East.

**336. Europe (3) I, II**

Prerequisite recommended: Geography 101 or 102.  
Systematic analysis of the geographic bases of modern European life. Regional investigation of countries of Europe except the Soviet Union.

**337. Soviet Union (3)**

Prerequisite recommended: Geography 101 or 102.  
Ethnic composition, industrial and agricultural resources, demographics, and environmental management in the USSR, with an emphasis on the various cultural regions.

**339. Australia, New Zealand, and the Pacific Islands (3) I**

Prerequisite recommended: Geography 101 or 102.  
Regional geography of Australia, New Zealand, and the Pacific Islands. Distribution of cultural groups, economic activities, and evolution of current land use patterns.

**350. Political Geography (3)**

Spatial aspects of political phenomena. Nature and consequences of political and administrative division of earth space at the local, national, and international levels.

**353. Location of Economic Activity (3)**

Prerequisite recommended: Geography 101 or 102.  
Spatial arrangement and interrelationship of resources, production, exchange and consumption; principles and theory in industrial location; selecting favorable locations for capital investments, determining growth potential of service and market areas, meeting environmental impact requirements.

**354. Geography of Cities (3) I, II**

Prerequisite recommended: Geography 101 or 102.  
Survey of the location, function and spread of cities; the spatial[CR]and functional arrangement of activities in cities, leading to an analysis of current urban problems: sprawl, city decline, metropolitan transportation. Field trips may be arranged.

**357. Historical Geography (3)**

Prerequisite: Geography 101 or 102.  
Transformation of the natural and cultural landscape with emphasis on the utilization and significance of resources. Exploration, migration, and settlement in relation to geographic phenomena.

**358. Transportation Geography (3) I**

Prerequisite recommended: Geography 101 or 102.  
The spatial distribution of transportation networks and commodity movement and their relationship to the distribution of economic activity.

**359. Geography of Air Transportation (3) II**

Prerequisite recommended: Geography 101 or 102.  
Evolution, current status, with emphasis on the U.S. and future of commercial air transportation as influenced by government regulations, economic conditions, corporate strategies, and technological change.

**360. Geography of Tourism (3)**

Distribution and patterns of domestic and international tourism. Background, physical, cultural, and social characteristics, modes of travel, destinations, environmental and cultural impact, problems and future. Field trips.

**370. Environmental and Natural Resource Conservation (3) I, II**

Prerequisite: Geography 101 or 102.  
Quality of environmental and natural resources within changing human and natural systems: pollution problems; preservation of open space, habitats, and wilderness; and conservation of natural resources. Not open to students with credit in Geography 371.

**378. Environmental Physiography (3)**

Prerequisite: Geography 101.  
Introduction to environmental physiographic dynamics. Assessment of man's role in these dynamics and their effect on urban and rural land use, including such topics as induced erosion, landslides, and flooding.

**380. Map Investigation (3) I, II**

Two lectures and three hours of laboratory.  
Prerequisite: Geography 101 or 102.  
Use of the map as an analytical tool in geography. History of developments in cartography.

**381. Maps and Graphic Methods (3) I, II**

Two lectures and three hours of laboratory.  
Prerequisite: Geography 101 or 102.  
The art and science of creating graphs and maps as media for describing and analyzing geographic phenomena. Laboratory instruction and practice in cartographic techniques with emphasis on presenting quantitative data.

**382. Use and Interpretation of Aerial Photographs (3) I, II**

Two lectures and three hours of laboratory.  
Prerequisites: Geography 101 and consent of instructor.  
Stereoscopic interpretation and cartographic representation of landforms, vegetation, and land use. Emphasis on practical exercises.

**385. Spatial Data Analysis (3) I, II**

Prerequisites: Geography 101 or 102; Mathematics 250 or comparable course in statistics.  
Analysis of spatially distributed data including computer applications. Spatial sampling, descriptive statistics for areal data, inferential statistics, use of maps in data analysis.

**401. Physiography (3)**

Prerequisite: Geography 101.  
Morphology and genetic interpretation of the relief features of the earth's surface.

**488. Remote Sensing of Environment (4)**

Three lectures and three hours of laboratory.  
Prerequisites: Geography 101. Recommended: Physics 180A-180B.  
Techniques for acquiring and interpreting remotely sensed data of environment. Electromagnetic radiation processes, aerial photographic systems, and human interpretation of aerial and satellite imagery. Geographic analysis of selected terrestrial, oceanographic, and atmospheric processes and resources.

**496. Selected Studies in Geography (3)**

Prerequisite: Six units in geography.  
Critical analysis of problems within a specific field of the discipline. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units. Field trips may be arranged.

**498. Senior Thesis (3)**

Prerequisite: An overall grade point average of 3.0 and consent of department.  
A written thesis based on an individual research project. (Formerly numbered Geography 498B.)

**499. Special Study (1-3) I, II**

Individual study. Maximum credit six units.

**UPPER DIVISION COURSES**  
**(Also Acceptable for Advanced Degrees)**

**504. Coastal and Submarine Physiography (3)**

Prerequisite: Geography 378 or 401.  
Analysis of marine waves, of their modification in shallow waters, of coastal currents and tides. Interpretation of coastal and submarine relief in relation to environmental processes and their modification by man. Field trips may be arranged.

**505. Geography of Soils (3) II**

Prerequisite: Geography 101.  
The nature, properties and distribution of soils and their relationships to the influence of climates, landforms, and human activity. Field trips may be arranged.

**507. Geography of Natural Vegetation (3) I, II**

Prerequisite: Geography 101.  
The natural vegetation associations of the world, their distribution, classification and development, including relationship to human activities. Field trips may be arranged.

**508. Physical Climatology (3) I**

Prerequisites: Geography 103; Mathematics 121 or 150.  
Physical processes of energy transfer to and from the atmosphere. Solar and thermal radiation, turbulent heat transfer, soil heat transfer, global distributions of energy balance components, and bioclimatology.

**509. Regional Climatology (3) II**

Prerequisite: Geography 103.  
The causes of climatic types as they occur throughout the world. Principles of several climatic classifications.

**510. Advanced Meteorology (3) II**

Prerequisites: Geography 103; Mathematics 121 or 150.  
Physical characteristics of the atmosphere including thermodynamics, moisture and condensation, atmospheric aerosol, and cloud processes.

**511. Hydroclimatology (3)**

Prerequisites: Geography 101 or 103; Mathematics 121 or 150; Physics 180A or 195.  
Hydrologic cycle, energy and mass fluxes from the earth to the atmosphere and land-atmosphere interactions. Agricultural and hydrologic significance of spatial variability of energy and mass fluxes.

**540. Regional Geography (3)**

Prerequisite: At least one upper division course in the subject region.  
Intensive study of a major country or subregion. May be repeated with different course content for a maximum of six units. See Class Schedule for specific content.

**545. Arid Lands (3)**

Prerequisites: Geography 101 and 370; Biology 100 or 200B.  
Physical geography and human use of arid lands. Traditional and modern land use systems in context of technological and economic development. Environmental and social impacts of development including desertification.

**554. World Cities: Comparative Approaches to Urbanization (3) II**

Prerequisite: Geography 354.  
Worldwide trends in urbanization. Case studies of selected cities from various culture areas with focus on international variations in city structure and urban problems.

**555. Historic Preservation and Urban Design (3)**

Prerequisite: Geography 102.  
Processes of growth and change in cities. Techniques of preserving, renovating, rehabilitating, and recycling valued buildings and neighborhoods. International comparisons of preservation policies and practices and analyses of urban patterns resulting from them.

**556. Location and Spatial Structure of Cities (3)**

Prerequisite: Geography 354 or three units of upper division coursework in a related field.  
Principles and characteristics of urban growth and settlement; the internal structure and functioning of urban centers; spatial models of urban land use; growth management, transportation problems, and sociopolitical urban problems. Field trips may be arranged.

**558. Intermediate Transportation Geography (3)**

Prerequisite: Geography 358 or 559.  
Topics in the spatial analysis of transportation, e.g., spatial interaction patterns, diffusion process, models in spatial analysis. Field trips may be arranged.

**559. Urban Transportation Geography (3)**

Prerequisite: Three units of upper division urban or transportation coursework in geography or related field.  
Urban transportation networks and their effects, past, present and future, on the economy and physical structure of the urban region. Field trips may be arranged.

**560. Behavioral Geography (3)**

Prerequisites: Geography 102, Psychology 101, and Geography 385 or Psychology 270.  
Contemporary behavioral theories and methods in human geography. Environmental perception and spatial behavior. Problems of empirical research.

**569. Environmental Resource Conservation (3)**

Prerequisite: Geography 370.  
Management of environmental and natural resources. Effective programs and the institutional frameworks in which they occur.

**571. Energy Resources and the Environment (3)**

Prerequisite: Geography 370. Recommended: Physics 107 or 301.  
Location and distribution of conventional and renewable energy resources, their environmental effects, and policy questions regarding future development and use of energy resources.

**572. Land Use Analysis (3) II**

Prerequisite: Geography 370.  
Problems of maintaining environmental quality in the process of land conversion from rural to urban uses with emphasis on land capability and suitability studies. Field trips may be arranged. (Formerly numbered Geography 570.)

**573. Geography as Human Ecology (3)**

Prerequisite: Geography 370.  
Human ecology related to resource geography. Field trips may be arranged.

**574. Water Resources (3) I**

Prerequisite: Geography 370.  
Occurrence and utilization of water resources and the problems of water resource development. Field trips may be arranged.

**575. Geography of Recreational Land Use (3) I, II**

Prerequisite: Geography 101 or 102.  
Importance of location and environment in the use, management, and quality of recreation areas. Field trips may be arranged.

**576. Geography of Marine Resources (3)**

Prerequisite: Geography 101 or 102.  
Spatial distribution, use, and management of marine resources. Field trips may be arranged.

**577. Geography of the National Parks (3)**

Prerequisite: Geography 370.  
Human and land relationships in the national parks of the United States. Emphasis on problems arising from the preservation and use mandate under which parks are managed.

**581. Intermediate Cartography (3)**

Two lectures and three hours of laboratory.  
Prerequisite: A three-unit course on mapping.  
Advanced laboratory instruction and practice in cartographic techniques, including computer-mapping applications.

**582. Automated Cartography (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Three units from Geography 380, 381, 382, 385, 488, 585, or in computer programming.  
Computerized methods of graphically presenting and analyzing spatial data; examination of existing automated mapping systems.

**583. Geographic Information Systems (3) I, II**

Two lectures and three hours of laboratory.  
Prerequisite: Three units from Geography 380, 381, 382, 488, 585, or 589, or from computer programming.  
Procedures for encoding, storage, management, and display of spatial data; theory of computer-assisted map analysis; examination of important geographic information systems.

**585. Quantitative Methods in Geographic Research (3)**

Prerequisite: Geography 385.  
Application of statistical techniques to geographic research including simple regression and correlation, multiple regression, classification, factor analysis, and computer applications.

**588. Intermediate Remote Sensing of Environment (4) II**

Three lectures and three hours of laboratory.  
Prerequisites: Geography 488 and 585.  
Multispectral remote sensor systems and interpretation of imagery from nonphotographic systems. Computer-assisted image processing. Geographic analysis of selected terrestrial, oceanographic, and atmospheric processes.

**589. Field Geography (3) II**

Two lectures and three hours of laboratory.  
Prerequisites: Senior or graduate standing and the completion of at least 12 units in geography, including Geography 101 and 102, and consent of instructor.

Field techniques for data acquisition: interviewing, landscape interpretation, environmental analysis, use of topographic maps, land use mapping, surveying, climatological instrumentation, landform analysis, soil and vegetation sampling.

**595. Geographic Internship (3) I, II**

Prerequisites: Six upper division units in geography and consent of instructor.

Students will be assigned to various government agencies and industry and will work under the joint supervision of agency heads and the course instructor. Maximum credit six units; maximum credit three units applicable to a master's degree. (Formerly numbered Geography 795.)

**596. Advanced Topics in Geography (1-3)**

Prerequisite: Six upper division units in geography.  
Advanced special topics in geography. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

# Geological Sciences

In the College of Sciences

OFFICE: Chemistry/Geology 205  
TELEPHONE: (619) 594-5586

**Faculty**

Emeritus: Brooks, Krummenacher, McEuen, Roberts, Thomas.  
Threet  
Chair: Walawender  
The Eckis Endowed Chair in Seismology: Day  
Professors: Abbott, Berry, Bertine, Dorman, Gastil, Huntley, Jiracek, Kern, Marshall, Miller, Peterson, Rockwell, Walawender  
Associate Professors: Frost, Girty, Ptacek  
Assistant Professor: Kimbrough  
Lecturers: Dubois, Johnston, Lampe, Magistrale, Terry

**Offered by the Department**

Master of Science degree in geological sciences.  
Major in geological sciences with the B.S. degree in applied arts and sciences.

- Option in engineering geology.
- Option in geochemistry.
- Option in geology.
- Option in geophysics.
- Option in hydrogeology.
- Option in marine geology.
- Option in paleontology.
- Minor in geological sciences.
- Minor in oceanography.

**The Major**

Geology is the study of the earth, its composition, its history, and its constantly changing character.

Geologists study the origin and evolution of our planet; the chemical and physical properties of minerals, rocks, and fuels; the structure of our mobile crust — its newly forming ocean floors and its ancient, drifting continents; the history of life; and the human adaptation to earthquakes, volcanic eruptions, landslides, and floods. The subject matter of geology ranges from dinosaurs to the prediction of earthquakes.

Students who are curious about the planet on which we live, challenged by problems which involve the earth, and intrigued by the potential of a subject which combines the best of both the arts and sciences, should consider geological sciences as a major.

The employment outlook is favorable, particularly with engineering and toxic waste disposal firms and energy companies, and as public school teachers.

A geology graduate may be employed as one of the following professionals: hydrologist, geophysicist, geochemist, environmental scientist, oceanographer, teacher, research technician, geological surveyor, paleontologist, energy and resource explorer, and resource planner.

Geologists are primarily employed by private corporations, including petroleum, mining, construction, and quarry companies; and government agencies, such as the U.S. Geological Survey, the U.S. Bureau of Mines, the U.S. Bureau of Reclamation, the California Department of Conservation, and regional planning offices. Students with graduate degrees are sought for teaching positions in secondary schools, community colleges and universities.

**Geological Sciences Major**

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 19141)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." All required upper division courses must be taken for letter grades only, not credit/no credit.

Courses to satisfy the requirement of 36 upper division units in the major may be selected from upper division geological sciences courses not explicitly excluded. Students may petition the department to include courses from other disciplines to complete the upper division major requirement.

**Option in Geology**

**Preparation for the Major.** Geological Sciences 100, 101, 105, 221, 224, 230; Biology 100, 100L, or 110, 110L; Chemistry 200, 201; Mathematics 150, 250; Physics 180A-180B and 182A-182B, or Physics 195, 195L, 196, 196L, 197, 197L. (48-52 units)

Recommended: Chemistry 410A-410B; Computer Science 107; Mathematics 151, 252; Physics 195, 195L, 196, 196L, 197, 197L; a foreign language; and a course in mechanical drawing if not completed in high school.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in approved courses to include Geological Sciences 305, 308, 498A-498B or 498A-498C, 506, 507, 508, 524, and either 525 or 530; at least one of the following: Geological Sciences 314, 502, 505, 520, 521, 526, 540, 550, 551; plus additional departmentally approved courses to complete a minimum of 36 upper division units for the major.

**Option in Engineering Geology**

**Preparation for the Major.** Geological Sciences 100, 101, 105, 221, 224; Biology 100 or 110; Chemistry 200, 201; Engineering Mechanics 200; Engineering 140; Mathematics 150, 151, 252; Physics 195, 196, 197. (55 units)

Recommended: Civil Engineering 218; Physics 195L, 196L, 197L; a foreign language; and a course in mechanical drawing if not completed in high school.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 39 upper division units in approved courses to include Geological Sciences 305, 308, 314, 330, 498A-498B or 498A-498C, 508, 526, 550, 551; Civil Engineering 301, 462, 463; and one of the following: Geological Sciences 505, 510, 512, 530, 530L, 548, or Civil Engineering 465.

Because of the preparation in mathematics, physics, and geology called for in this emphasis, the College of Engineering will not require majors in this option to take the prerequisites specified for Civil Engineering 301, 462, and 463.

**Option in Geochemistry**

**Preparation for the Major.** Geological Sciences 100, 101, 105, 221, 224; Biology 100 or 110; Chemistry 200, 201, and 251; Mathematics 150, 151, 252; Physics 195, 196, 197, 197L. (56 units)

Recommended: Computer Science 107; Physics 195L, 196L; a foreign language; and a course in mechanical drawing if not completed in high school.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 37 upper division units in approved courses to include Geological Sciences 305, 308, 498A-498B or 498A-498C, 508, 530, 530L; Chemistry 410A-410B; either Geological Sciences 506 and 526, or Geological Sciences 524 and 525; seven units of electives approved by the departmental adviser.

### Option in Geophysics

**Preparation for the Major.** Geological Sciences 100, 101, 105, 221, 224; Biology 100 or 110; Chemistry 200, 201; Computer Science 107; Mathematics 150, 151, 252; Physics 195, 196, 196L, 197. (54 units)  
Recommended: Physics 195L, 197L; a foreign language; and a course in mechanical drawing if not completed in high school.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 43-47 upper division units in approved courses to include Geological Sciences 305, 308, 330, 498A-498B or 498A-498C, 508 (optional), 510, 512; nine units selected from 507, 520, 521, 526, 530, 530L, 540, 551; Mathematics 342A and 342B, or Engineering 310 and 510; Physics 311, 350A; and three units selected from Physics 400A, 542, Electrical Engineering 340.

### Option in Marine Geology

**Preparation for the Major.** Geological Sciences 100, 101, 105, 221, 224; Biology 100 or 110; Chemistry 200, 201; Mathematics 150, 151, 252; Physics 195, 195L, 196, 196L, 197, 197L. (53 units)  
Recommended: Computer Science 107; a foreign language; and a course in mechanical drawing if not completed in high school.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in approved courses to include Geological Sciences 305, 308, 498A-498B or 498A-498C, 508 (optional), 530, 530L, 540, 545, and four of the following courses: Geological Sciences 506, 524, 525, 526, 548, Biology 517, Chemistry 501; plus additional departmentally approved courses to complete a minimum of 36 upper division units for the major. Recommended: Chemistry 410A410B for students anticipating postgraduate studies.

### Option in Paleontology

**Preparation for the Major.** Geological Sciences 100, 101, 105, 221, 224; Biology 200A-200B, 215; Chemistry 200, 201; Mathematics 150, or 121 and 122 (alternative of 121 and 122 should not be selected by students planning academic work beyond the B.S. degree); Physics 180A-180B and 182A-182B. (49-50 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in approved courses to include Geological Sciences 305, 308, 498A-498B or 498A-498C, 506, 507, 508, 516, 526; two courses from the following: Biology 515, 517, 522; plus additional departmentally approved courses to complete a minimum of 36 upper division units for the major.

### Option in Hydrogeology

**Preparation for the Major.** Geological Sciences 100, 101, 105, 221, 224; Biology 100 or 110; Chemistry 200, 201; Computer Science 106; Mathematics 150, 151, 252; Physics 195, 196, 197. (53 units)  
Recommended: Engineering 140; Civil Engineering 218; Physics 195L, 196L, 197L; a foreign language; and a course in mechanical drawing if not completed in high school.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 38 upper division units in approved courses to include Geological Sciences 305, 308, 314, 330, 498A-498B or 498A-498C, 505, 508, 526, 530, 530L, 551; Mathematics 342A and 342B, or 531 and 537, or Engineering 310 and 510; plus additional departmentally approved courses when needed to complete a minimum of 38 upper division units for the major.

## Geological Sciences Minor

The minor in geological sciences consists of a minimum of 20 units in geological sciences, twelve of which must be in upper division courses, to include Geological Sciences 100, 101, 105; and twelve units selected from Geological Sciences 301, 303, 305, 314, 502, 506. In addition, Geological Sciences 221, 224 and 230 are appropriate for geology minors.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Oceanography Minor

The minor in oceanography consists of a minimum of 19 upper division units to include Biology 515 or 517; Chemistry 501; Geological Sciences 540, 545, 548; Oceanography 541.

The oceanography minor is intended for students with extensive background in the sciences. Oceanography 320 is not applicable toward the oceanography minor.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 100. General Geology (3) I, II

Pursuit of understanding the earth as a whole and its past, present and future evolutionary processes. Unifying concepts such as plate tectonics and its implications, the magnitude of geologic time, uniformitarianism, and the ramifications of the fossil record will be explored. Open to all students except those with previous credit in geology.

#### 101. General Geology Laboratory (1) I, II

Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Geological Sciences 100.

Recognition of common earth features and materials with experience in both field and map relationships. Designed to accompany and augment Geological Sciences 100. Not open to students with previous laboratory credit in geology.

#### 105. Historical Geology (4) I, II

Three lectures and three hours of laboratory. Arrangement for field study during the semester.  
Prerequisites: Geological Sciences 100 and 101.  
Theories of earth origin, and the evolutionary history of the earth as traced through rock and fossil records. Consideration of the Paleontologic Sequence.

#### 221. Mineralogy (4) I, II

Three lectures and three hours of laboratory.  
Prerequisites: Credit or concurrent registration in Geological Sciences 100 and 101; high school chemistry and trigonometry, or credit or concurrent registration in college chemistry and trigonometry.  
Practice in the determination of the common minerals; their geologic environment, utilization and economic significance.

#### 224. Petrology (3) I, II

Two lectures and three hours of laboratory.  
Prerequisites: Geological Sciences 100, 101, and 221.  
The origin, occurrence, identification, and classification of rocks in hand specimen.

#### 230. Introduction to Geophysics (3) I, II

Prerequisites: Geological Sciences 100 and 101; a course in college physics.  
Application of classical physics to gravitational, magnetic, seismic, earthquake, and thermal characteristics in defining the structure and dynamics of the earth. Not open to students with credit in Geological Sciences 510 or 512.

#### 253. Geology for Engineers (2) I, II

One lecture and three hours of laboratory.  
Prerequisite: Civil Engineering 218.  
Earth materials, geologic processes, and methods of geologic interpretation of concern to engineers. Open only to students majoring in engineering.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 300. Computer Applications to Geology (3)

Two lectures and two hours of laboratory.  
Prerequisites: Geological Sciences 221 and 230; Mathematics 150 and 250.

Instruction in DOS personal computers and data manipulation using word processing, spreadsheets, and plotting. Supporting geological sciences theory presented with the solution of quantitative problems in geophysics, hydrology, sedimentology, and geomorphology.

#### 301. Geology of National Parks and Monuments (3) I, II

Prerequisite: Geological Sciences 100.  
Geology of a group of national parks and monuments, selected for their geological significance, scenic beauty, and visitor popularity. (Not acceptable for a major in geology but acceptable for a minor in geology.)

#### 302. Fossils: Life Through Time (3) I, II

Prerequisite: Completion of the General Education requirement in Foundations, II.A. Natural Sciences.  
Traditional and recently discovered aspects of history of life on earth. Topics from the origin of life to extinctions.

#### 303. Natural Disasters (3) I, II

Prerequisite: Geological Sciences 100 or completion of the General Education requirement in Foundations, II.A. Natural Sciences.  
Geologic processes that have dramatically affected the human race: earthquakes, volcanoes, landslides, and floods. Not acceptable for a major in geological sciences but acceptable for a minor in geological sciences.

#### 305. Structural Geology (3) I, II

Two lectures and three hours of laboratory per week with occasional field trips.  
Prerequisites: Geological Sciences 105 and trigonometry.  
Structural features of the earth, both deformational and primary. Mechanical principles, causes of folding and faulting, graphic solutions and analyses.

#### 308. Field Geology (4) I, W

One lecture and three hours of laboratory, and twelve Saturday field sessions in the local area. Winter: Three weeks intensive fieldwork in an area some distance from campus.  
Prerequisites: Geological Sciences 224 and 305.  
Techniques and methods of geologic observation, interpretation, and field mapping with preparation of individual maps, sections, and geologic report.

#### 314. Geomorphology (3) I

Two lectures and three hours of laboratory.  
Prerequisite: Geological Sciences 105.  
Development and classification of landforms with emphasis on processes involved.

#### 330. Geophysical Prospecting (3) I

Two lectures and three hours of laboratory. Occasional field trips.  
Prerequisites: Geological Sciences 100 and 101, or 253; Mathematics 150; Physics 196.  
Elementary theory and basic field practices, data reduction, and interpretation of gravity, magnetic, seismic, resistivity, and electromagnetic surveys in economic applications.

#### 496. Selected Topics in Geology (1-4) I, II

Prerequisite: Consent of instructor.  
Selected topics in geology and related earth sciences. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 498A. Senior Seminar (1) I, II Cr/NC

Prerequisite: Senior standing in geological sciences.  
Preparation of written and oral scientific reports and attendance at departmental seminars.

#### 498B. Senior Thesis (2) I, II

Prerequisites: Geological Sciences 498A and consent of instructor.  
Individual research project, written thesis, and oral presentation. Must be completed by students desiring to graduate with distinction in the major.

#### 498C. Senior Presentation (2) I, II

Prerequisite: Geological Sciences 498A.  
Oral and written critiques of geological literature and seminar presentations.

#### 499. Special Study (1-3) I, II

Prerequisites: Acceptable grade average in at least 12 upper division units within the major and consent of staff.  
Individual study in field, library, laboratory, or museum work. Maximum credit four units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 502. Geology of North America (3) I

Prerequisite: Geological Sciences 105.  
A regional analysis of North American geology, its structural, stratigraphic, and tectonic patterns and hypotheses concerning their origin and evolution.

#### 505. Photogeology (3) II

Two lectures and three hours of laboratory.  
Prerequisites: Geological Sciences 305 and 314.  
Geologic interpretation of aerial photographs, elementary stereoscopy and stereometry applied to structural and stratigraphic problems, and compilation of geologic maps from annotated aerial photographs.

#### 506. Paleontology (3) I, II

Two lectures and three hours of laboratory.  
Prerequisites: Geological Sciences 105 and either Biology 100-100L or 110-110L.  
Principles and methods, exemplified by a study of the morphology, classification, habit, and geologic significance of fossil invertebrates.

Vertebrate Paleontology, see Biology 526.

#### 507. Stratigraphy (3) II

Two lectures and three hours of laboratory.  
Prerequisites: Geological Sciences 105 and 224.  
Stratigraphic principles and practices. Consideration of the North American stratigraphic record.

#### 508. Field Geology (4) II (4 or 6) S

One lecture and three hours of laboratory and seven weekend field sessions.  
Summer: Twenty-four days in the field (4 units); ten additional days of field and laboratory work (6 units).  
Prerequisites: Geological Sciences 308. Summer: Geological Sciences 308 and 524.  
Geologic investigation of an assigned area with preparation of an individual report and a geologic map.  
Summer: Geological investigation of an assigned area with preparation of an individual report and a geologic map. Students enrolling for six units will undertake additional petrographic and geochemical studies as part of their report. A fee covers transportation and meals.

**510. Petroleum Geophysics (3) I**

Two lectures and three hours of laboratory. Occasional field trips.  
Prerequisites: Geological Sciences 305, Mathematics 252, Physics 195, 196, 197. Recommended: Physics 195L, 196L, 197L.  
Airborne, surface, and bore-hole geophysical techniques as presently used in oil exploration.

**512. Mining Geophysics (3) II**

Two lectures and three hours of laboratory or occasional field trips.  
Prerequisites: Geological Sciences 305, Mathematics 252, Physics 195, 196, 197. Recommended: 195L, 196L, 197L.  
Airborne, surface, and bore-hole geophysical techniques used for delineation of ore bodies.

**516. Micropaleontology (3) II**

Two lectures and three hours of laboratory.  
Prerequisite: Geological Sciences 506.  
The morphology, classification and geologic significance of the various microfossils.

**520. Ore Deposits (3) I**

Prerequisites: Credit or concurrent registration in Geological Sciences 224 and 305.  
Geologic relations, origin, distribution, and economics of metallic and nonmetallic mineral deposits.

**521. Petroleum Geology (3) II**

Prerequisites: Geological Sciences 224 and 305.  
Geologic occurrence of petroleum and the application of geologic principles in exploration and production.

**524. Optical Mineralogy (3) I**

Two lectures and three hours of laboratory.  
Prerequisite: Geological Sciences 221.  
Theory and use of the polarizing microscope for determining optical properties of minerals as an aid to their identification.

**525. Petrography (3) II**

Two lectures and three hours of laboratory.  
Prerequisite: Geological Sciences 524.  
A study of rocks with the polarizing microscope; identification of mineral constituents; interpretation of textures; classification of rocks; problems of genesis.

**526. Sedimentology (3) I**

Two lectures and three hours of laboratory.  
Prerequisites: Geological Sciences 105 and 224.  
Origin, description, and interpretation of sedimentary rocks and structures.

**528. Seismic Stratigraphy (3) I**

Two lectures and three hours of laboratory.  
Prerequisites: Geological Sciences 230, 305, and 507.  
Principles involved in shooting, processing, and interpreting seismic reflection profiles. Laboratory exercises with stratigraphic interpretations from reflection data.

**530. Geochemistry (2) I, II**

Prerequisites: Geological Sciences 224; Chemistry 201; Mathematics 121 and 122, or 150.  
The relationship of basic chemical principles to geologic phenomena and environments, including applications to geologic exploration problems.

**530L. Geochemistry Laboratory (1) I, II**

Prerequisite: Credit or concurrent registration in Geological Sciences 530.  
Laboratory methods of analysis for determination of elemental concentrations in waters, sediments, and rocks, as well as x-ray diffraction methods for mineralogy.

**540. Marine Geology (3) I**

Prerequisites: Geological Sciences 105, and either Geological Sciences 224, 314, 502, or 506.  
Plate tectonic origin and history of the ocean basins. Formation and distribution of sediments in response to biological, chemical, and geological processes.

**545. Descriptive Physical Oceanography (3) I**

Prerequisites: Mathematics 121 and 122 or 150; Physics 180A or 195.  
Physical environment of oceans including heat, water, and salt budgets, physical properties of sea water, sea ice, air-sea relationships, effects of light and sound, distribution of temperature, salinity, density, surface current, deep circulation, water mass formation, instruments and methods of study.

**548. Coastal and Estuarine Physical Oceanography (3) II**

Prerequisites: Mathematics 121 and 122 or 150; Physics 180A or 195.  
Physical processes of marine coastal areas and estuaries. Includes longshore currents, rip currents, real waves in shallow water, wave refraction and diffraction, mechanics of sediment transport, forces and dynamics of estuarine circulations and tides.

**550. Engineering Geology (3) II**

Two lectures and three hours of laboratory.  
Prerequisite: Geological Sciences 305.  
Relationships between geologic processes and works of humans. Topics include rock and soil mechanics, ground water flow, slope stability, seismicity, land subsidence, and evaluation of geologic materials with respect to dam sites, tunnel alignments, and building foundations.

**551. Hydrogeology (3) I**

Two lectures and three hours of laboratory.  
Prerequisites: Geological Sciences 305 and Mathematics 150.  
Theory of ground water flow. Exploration for and development of the ground water resource. Aquifer tests, water quality, and water resource management. Occurrence of water in alluvial, sedimentary, volcanic, plutonic, and metamorphic terrains.

**596. Advanced Topics in Geology (1-4)**

Prerequisite: Consent of instructor.  
Advanced special topics in the geological sciences. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

# German

In the College of Arts and Letters

**Faculty**

Emeritus: Boney, Dunkle, Lawson, Wolf  
Chair: Wulbern  
Professors: Paulin, Schaber, Wulbern  
Associate Professor: Skwara  
Assistant Professor: Wauchope  
Lecturer: Segelcke

**Offered by the Department of German and Russian Languages and Literatures**

Master of Arts degree in German.  
Major in German with the B.A. degree in liberal arts and sciences.  
Teaching major in German for the single subject teaching credential in foreign languages.  
Minor in German.

**The Major**

The German language is widely spoken in many countries today. It is also a primary language of scholarship in such diverse fields as chemistry, medicine, military science, history, linguistics, art, physics, electronics, photography, and the natural sciences.

Students who major in German will gain proficiency in German language skills, and the department offers a broad variety of courses designed to prepare majors for a number of careers after graduation. A major in German is also a good preparatory curriculum for graduate programs in such areas as international trade, international law, librarianship, public administration, and journalism.

A knowledge of German is a valuable asset in finding positions as interpreters and translators employed by the federal government, the United Nations, international conferences, trade councils, and publishers, as well as with internationally oriented companies, government agencies, the press corps, and the tourism industry.

**Advising**

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

**German Major**

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 11031)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Students majoring in German must complete a minor in another field to be approved by the departmental adviser in German.

**Preparation for the Major.** German 100A, 100B, 200A; 200B or 200C; and 211. (18 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major.

**Major.** A minimum of 24 upper division units to include German 301, 302, 310, 420, and 12 units in upper division German which may include Comparative Literature 571 (content: *Faust*).

OFFICE: Library East 468B  
TELEPHONE: (619) 594-6313

**German Major**

For the Single Subject Teaching Credential in Foreign Languages With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 11031)

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in liberal arts and sciences. A minor in another field approved by the departmental adviser in German is required for the degree.

**Preparation for the Major.** German 100A, 100B, 200A; 200B or 200C; and 211. (18 units)

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units in German to include 301, 302, 310, 403, 420, 505, 510, and nine upper division units in German which may include Comparative Literature 571 (content: *Faust*).

**Proficiency Examination:** Before taking a student teaching assignment in German, the candidate for the credential may be required to pass an oral and written proficiency examination in the language, administered by the Department of German and Russian Languages and Literatures. The candidate should consult the chair of the department.

**German Minor**

The minor in German consists of a minimum of 15 units in German, six units of which must be in upper division courses.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

**Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences**

Students electing the study of German to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete German 200A or 200B or 200C or the equivalent level of achievement. The usual sequence of coursework is German 100A, 100B, and 200A or 200B or 200C. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

**High School Equivalents**

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:  
1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.

2. The first *three years* of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five years separate the last high school course and the first college course.

3. *Four years* of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

## Courses

### LOWER DIVISION COURSES

Native speakers of German will not receive credit for taking lower division courses in German except with advance approval from the department.

All lower division courses in German are taught in German.

No credit will be given for German 100A, 100B, and 200A or 200B or 200C, and 301 taken out of sequence. German 302 may be taken before 301.

#### 100A. First Course in German (5) I, II

Pronunciation, oral practice, readings on German culture and civilization, minimum essentials of grammar. Not open to students who have completed three years of high school German unless the third course was completed five or more years ago. (Formerly numbered German 101.)

#### 100B. Second Course in German (5) I, II

Prerequisite: German 100A or two years of high school German. Continuation of German 100A. Not open to students who have completed four years of high school German unless the fourth course was completed five or more years ago. (Formerly numbered German 102.)

#### 200A. Grammar of Written German (3) I, II

Prerequisite: German 100B or three years of high school German. German grammar at the intermediate level with emphasis on writing. Not open to students with credit in German 201.

#### 200B. Expository German for Reading Comprehension (3) I, II

Prerequisite: German 100B or three years of high school German. Reading in German with emphasis on comprehension. Works to include readings in history, science, philosophy, culture, and journalism. Not open to students with credit in German 202.

#### 200C. Literary German for Reading Comprehension (3) I, II

Prerequisite: German 100B or three years of high school German. Reading in German with emphasis on comprehension including one complete major work. Majors and minors urged to take 200A and/or 211 concurrently. Not open to students with credit in German 202.

#### 211. Conversation (2) I, II Cr/NC

Prerequisite: German 100B or three years of high school German. Practice in the spoken language with emphasis on the articulation of German sounds; practical vocabulary; conversation on everyday cultural topics.

### UPPER DIVISION COURSES (Intended for Undergraduates)

All upper division courses in German are taught in German unless otherwise stated.

#### 301. Grammar and Composition (3)

Prerequisites: German 200A; 200B or 200C; 211. **Proof of completion of prerequisites required:** Grade report or copy of transcript. Grammar and stylistics; intensive writing practice; reports based on outside reading.

#### 302. Grammar and Composition (3)

Prerequisites: German 200A; 200B or 200C; 211. Grammar and stylistics; intensive writing practice; reports based on outside reading.

#### 310. Introduction to German Literature (3)

Prerequisites: German 200A; 200B or 200C. **Proof of completion of prerequisites required:** Grade report or copy of transcript. Introduction to literary study in German, with selected readings representative of different periods and genres.

#### 403. Advanced Oral and Written German (3)

Prerequisites: German 301 and 302. **Proof of completion of prerequisites required:** Grade report or copy of transcript. Advanced forms of oral and written German.

#### 420. German Civilization (3) I, II

Prerequisite: Twelve units of German language at the 200-level or higher. **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Culture of past and present with emphasis on creative achievements of German people in visual arts, music, philosophy, and letters. Taught in German.

#### 496. Experimental Topics (1-4)

Prerequisites: German 310 (for literary topics) or 301 and 302 (for linguistics topics).

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 499. Special Study (1-3) I, II

Prerequisites: Fifteen upper division units in the major with an average of B (3.0) or better and consent of instructor. **Proof of completion of prerequisites required:** Grade report or copy of transcript. Individual study. Maximum credit six units.

### UPPER DIVISION COURSES

(Also Acceptable for Advanced Degrees)

#### 505. Applied German Linguistics (3)

Prerequisites: German 301 and 302. Linguistic study of modern German; integration of modern linguistic theory with the language classroom.

#### 510. German Phonetics (3)

Prerequisites: German 200A; 200B or 200C; 211. Sounds and intonation of German.

#### 540. German Literature from Its Beginning to the Baroque Period (3)

Prerequisite: German 310. Literature from the eighth century to about 1700.

#### 545. German Literature of the Eighteenth Century (3)

Prerequisite: German 310. Reading and discussion of representative works of significant authors and movements of the eighteenth century.

#### 555. German Literature of the Nineteenth Century (3)

Prerequisite: German 310. Reading and discussion of representative works of significant authors and movements of the nineteenth century.

#### 561. German Literature of the Twentieth Century (3)

Prerequisite: German 310. Reading and discussion of representative works of significant authors and movements of the twentieth century.

#### 596. Topics in German Studies (3)

Prerequisite: German 310 (for literary topics) or 505 (for linguistic topics). **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Topics in German language, literature, or linguistics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

### GRADUATE COURSES

Refer to the Graduate Bulletin.

# Gerontology

## In the College of Health and Human Services

### Faculty

Gerontology is a multidisciplinary program administered through the University Center on Aging. Faculty assigned to teach courses in gerontology are drawn from the Departments of Anthropology, Psychology, Recreation, and Sociology; the School of Social Work; and the Colleges of Arts and Letters, Education, Health and Human Services, and Professional Studies and Fine Arts.

Director: Stanford  
Professor: Stanford  
Assistant Professor: Lockery

### Offered by Gerontology

Major in gerontology with the B.A. degree in liberal arts and sciences.

Minor in gerontology.

Certificate in applied gerontology (offered only in Extension).

### The Major

Gerontology concerns itself with the study and application of knowledge about the physical, social, and economic conditions of older people. Since the process of aging touches all aspects of human activity, gerontology is multidisciplinary in nature. Gerontology is becoming a major area of research in the biological, behavioral, and social sciences.

Every day there is a net increase of 1,000 Americans 65 years of age and over. This is an increase of more than 3,500,000 elderly persons per year. With this striking increase has come a growing need for more trained professionals to apply new knowledge about the elderly. Such knowledge is needed for planning and developing programs and services which improve the quality of life for older Americans.

Gerontological training and research is an important link in meeting the social, physical, and psychological needs of the elderly. Students of gerontology benefit through the personal understanding of their own aging process. Those wishing to pursue careers in aging will find many exciting opportunities for serving the elderly in a variety of settings.

One of the primary goals of the gerontology program is to provide students with a broad base for comprehensive understanding of the impact of society's changing demographics on every aspect of their social and work lives. It is through research, teaching, and community involvement that faculty members from numerous disciplines provide for the intellectual development of students, the enhancement of community programs, and the assurance of a better quality of life for older people in the community, the state, and the nation.

### Advising

All College of Health and Human Services majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

### Gerontology Major

With the B.A. Degree in Liberal Arts and Sciences

Major Code: 21043

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

OFFICE: Hepner Hall 203  
TELEPHONE: (619) 594-6765

**Preparation for the Major.** Gerontology 101; Biology 100; Family Studies and Consumer Sciences 135; Health Science 101; Psychology 101; Social Work 110; and Sociology 101. (21 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to the section of the catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Gerontology 350, 360, 370, 400A, 400B; Health Science 573; Psychology 335; Recreation 580; Social Work 420\*; Sociology 527; and six units selected with approval of the adviser from Anthropology 509; Biology 480; Communicative Disorders 580; Family Studies and Consumer Sciences 335, 496 (when appropriate); and Physical Education 569.

\* Prerequisites waived.

### Gerontology Minor

The minor in gerontology consists of a minimum of 18 units to include Health Science 573, Psychology 335, Sociology 527; and nine units selected from Gerontology 101, 350, 360, 370, 400A, 400B; Anthropology 509; Biology 480; Communicative Disorders 580; Family Studies and Consumer Sciences 496\*; Physical Education 569; Recreation 580; Social Work 120, 420; Sociology 528, 496\*; and Women's Studies 521.

Additional prerequisites may be required for the courses in the minor.

Courses in the minor may not be counted toward the major or the certificate, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* When relevant.

## Courses

### LOWER DIVISION COURSES

#### 101. Introduction to Human Aging (3) I, II

Overview of the field of gerontology, including demographic trends, basic theories, concepts and philosophic ideas, social policies, planning issues, and services available to meet the needs and problems of the aged. (Formerly numbered General Studies 101.)

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 350. Social Policy and Aging (3) II

Prerequisite: Gerontology 101. Philosophical and practical gerontological knowledge for the operation of health and human service organizations. Multiprofessional perspective of policies, services, and administrative techniques.

### 360. Minority and Ethnic Aging (3) I

Prerequisite: Gerontology 101.

Attitudes and cultural values related to aging members of ethnic minorities. Major social and psychological theories on aging as they relate to ethnic minority elderly. Impact of class, economic resources, and health in aging process. Not open to students with credit in General Studies 502, "Minority and Ethnic Aging."

### 370. Images of Aging in Contemporary Society (3) II

Prerequisite: Gerontology 101.

Images of older persons in our society. Influence of films, newspapers, radio, television, books and magazines, and a wide range of advertising mechanisms. Not open to students with credit in General Studies 502, "Media and Aging."

### 400A-400B. Practicum in Gerontology (3-3) I, II Cr/NC

Twelve hours of laboratory.

Prerequisites: Gerontology 350, 360, 370, Psychology 335 with a minimum GPA of 2.0.

Integration of theoretical background and practical experience in providing services to elderly. Fieldwork and observation in settings providing services to the elderly. Direct experience in aging projects relevant to their field of interest.

### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### 499. Special Study (1-3)

Prerequisite: Consent of department chair.  
Individual study. Maximum credit six units.

## Health Science

In the College of Health and Human Services

OFFICE: Hepner Hall 136  
TELEPHONE: (619) 594-5528

### Emphasis in Community Health Education

**Preparation for the Major.** Health Science 101, 190, 290, 292; Biology 120, 120L, 150; Chemistry 100 (or Chemistry 130 for students with previous work in chemistry); Family Studies and Consumer Sciences 107; Psychology 101, 270; Sociology 101; Speech Communication 103. (39 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 503W with a grade of C (2.0) or better.

**Major.** A minimum of 39 upper division units to include Health Science 401, 402, 406, 490, 497 (six units), 560; Biology 336; Educational Technology 532; and twelve units of electives in health science (Social Work 350 may be substituted for one of the electives).

### Health Science Major

**For the Single Subject Teaching Credential  
With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 12011)**

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.S. degree in applied arts and sciences.

**Preparation for the Major.** Health Science 290, 292; Biology 150; Chemistry 100; Family Studies and Consumer Sciences 107; Psychology 101, 270; Sociology 101; Speech Communication 103. (29 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 503W with a grade of C (2.0) or better.

**Major.** A minimum of 38 upper division units to include Health Science 301, 321, 331, 345, 350, 355, 470, 475, 574, 575; Biology 336; and six units of electives in health science.

### Health Science Minor

The minor in health science consists of a minimum of 15 to 18 units in health science selected from one of two areas:

**Community Health Education:** Health Science 101, 290, 401\*, 470, 561.

**School Health:** Health Science 101, 320 or 321, 331, 475, 574, 575.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* Additional prerequisites required.

### Family Life Education Certificate

The purpose of this certificate program is to prepare students for careers in family life education. The program is designed for individuals working on degrees in child development, health science, and home economics. It also provides a self-improvement opportunity for people seeking employment, promotion, or upward mobility on the job who are not enrolled in degree programs.

Awarding of the certificate requires completion of an approved pattern of five courses (15 units) with a grade of "C" or better in each of the courses to include Family Studies and Consumer Sciences 135.

### Faculty

Emeritus: Barnes, Fellers, Harper, Kitzinger

Chair: Senn

Professors: Bender, Burgess, McTaggart, Sleet, Sorochan

Associate Professors: Boskin, Kessler, Noto, Senn

Assistant Professor: Atkins-Kaplan

Lecturers: Graf, Kreisworth

### Offered by the Department

Major in health science with the B.S. degree in applied arts and sciences.

Emphasis in community health education.

Teaching major in health science for the single subject teaching credential in health science.

Minor in health science.

Certificate in family life education.

### The Major

Health education is becoming increasingly accepted as the most humane and economical means to good health. Despite the vast array of preventive, therapeutic, and rehabilitative facilities developed by medical science, human health continues to depend largely on translating knowledge into individual behaviors and lifestyles. Education designed to encourage appropriate health behaviors can effectively prevent much suffering and disability. The major purpose of the health science profession is to initiate educational programs which will develop health-positive behaviors in individuals and families.

The health science major is designed to contribute to the personal health and growth of students and to prepare them for entry level positions in health agencies. An emphasis in community health education is available. Preparatory coursework for this interdisciplinary major includes courses in health science, family studies and consumer sciences, psychology, sociology, speech communication, zoology, chemistry, microbiology, and mathematics. The upper division curriculum requires 48 units from health science, biology, educational technology, and social work.

Although career opportunities in health science are variable from year to year and place to place, the long-range predictions of demand for health education professionals are favorable. Types of positions available to health science graduates include positions in governmental agencies, voluntary health agencies, hospitals, and schools.

Health professionals in any of these settings might be involved in such projects as educating the community about current health issues and the latest advances in the medical field.

International health work opportunities are available in the Peace Corps, Project Concern, and other humanitarian organizations.

Positions might also be available with various health related organizations as public information officers.

Career opportunities in the health science profession are particularly good for minority, bilingual, and bicultural persons.

### Health Science Major

**With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 12011)**

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

270+ or 371+, or Psychology 330+, Health Science 475, 575; and Biology 307. The course offerings under this program meet the criteria for training and standards of the American Association of Sex Educators and Counselors.

Family Studies and Consumer Sciences 135, 270 or 371 (six units) are applicable to the child development or home economics majors. Health Science 475 and 575 (six units) are applicable to the health science major. Courses in the certificate may not be counted toward the minor.

For further information regarding the Family Life Education Certificate program, consult Lois P. Kessler, Department of Health Science, or Francine Deutsch, School of Family Studies and Consumer Sciences.

\* Indicates course with prerequisites not included in requirements listed above.

## Courses

### LOWER DIVISION COURSES

- 101. Health and Life-style (3) I, II**  
Major variables in human health experience with attention to personal health assessment and application of health knowledge to health behavior.
- 190. Computer Assisted Health Education (3) I, II**  
Two lectures and three hours of laboratory.  
Prerequisite: Health Science 101.  
Health-related applications of the microcomputer. Educational strategies, behavioral changes and administrative applications for the field of health education.
- 290. Health Education as a Profession (3) I, II**  
Prerequisite: Health Science 101 or 301.  
Health education and its role in the health system. For students with professional interests in health education. (Formerly numbered Health Science 400.)
- 292. Community Health (3) I, II**  
Community health problems; role of the citizen, the public, and community health agencies in promoting and protecting the health of the community. (Formerly numbered Health Science 102.)
- 296. Experimental Topics (1-4)**  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

- 301. Concepts of Health Science (3)**  
Development and application of concepts in individual, family, and community health. Involvement in health project work. Not open to students with credit in Health Science 101.
- 320. Health Education for Elementary Teachers (3) I, II, S**  
The teacher's function in the different aspects of the elementary school health program, with emphasis on the planning and presentation of instructional materials and community resources and relationships.
- 321. Health Education for Secondary Teachers (2) I, II, S**  
The teacher's function in the secondary school health program.
- 331. Crisis Management (3) I, II**  
Physical and psychological crisis situations, various procedures and techniques in immediate management and follow-up referrals.
- 345. Safety and Accident Prevention (3) II**  
Prerequisites: Health Science 292; First Aid and CPR certification required for school health majors and those seeking a single subject teaching credential.  
Causes and incidence of accidents with emphasis on role of education, prevention, and injury control.
- 350. Environmental Health Education (3) II**  
Environmental hazards of living and working in this modern technological world, including air, noise, land, food, and water pollution.
- 351. Occupational and Environmental Hazards (3) I**  
Recognition and prevention of morbidity and mortality in occupational and environmental settings.
- 355. Consumer Health (3) I**  
Hazards of consumer products from the viewpoint of design and use.
- 362. International Health (3) I, II**  
Population dynamics, vital statistics, global disease patterns, and analysis of variations among nations and cultures with respect to health problems and health care services.
- 401. Change Process in the Community (3) I, II**  
Prerequisites: Health Science 290, Psychology 101, Sociology 101, and declared health science majors or minors.  
Attitude formation, behavior change, decision making, perception, motivation, group behavior, etc., and their relationship to the practice of health and human services.
- 402. Communications in Health Education (3) I, II**  
Prerequisites: Health Science 290, Speech Communication 103.  
Development and production of health presentations for group and individual levels; including written, oral, and graphic methods.
- 406. Health Education Methodology (3) I, II**  
Prerequisite: Health Science 401.  
Strategies, techniques, and materials for planning and conducting health education. Applications of learning theory in the development and use of educational methodologies in health education.
- 470. Communicable and Noncommunicable Diseases (3) I, II**  
Causes, prevention and control of communicable, degenerative and chronic health disorders.
- 471. Death Education (3)**  
Cultural, psychological, physical and personal aspects of death with emphasis on educational approaches.
- 475. Human Sexuality (3) I, II**  
Examination of the development of sexual values, attitudes, and behavior from infancy to old age.
- 490. Measurement and Evaluation in Health Science (3) I, II**  
Prerequisites: Health Science 190; Psychology 270; satisfaction of the Entry-Level Mathematics requirement and the SDSU Mathematics Competency requirement. **Proof of completion of prerequisites required:** Copy of ELM or placement scores or verification of exemption; proof of Cr in Academic Skills 90A or 90B or notification from Academic Skills; grade report or copy of transcript.  
Measurement in health science; data gathering techniques; organization; presentation and interpretation of data; computer utilization; basic principles of evaluation of student achievement.
- 496. Experimental Topics (1-4)**  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.
- 497. Supervised Field Experience (1-6) I, II Cr/NC**  
Prerequisites: Senior standing in Community Health Education emphasis; Health Science 401, 402, and 406.  
Supervised practical experience in local health agencies and/or schools. Maximum credit six units.
- 499. Special Study (1-3) I, II, S**  
Prerequisite: Consent of special study adviser.  
Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

- 521. Health Education for School Nurses (3)**  
Prerequisite: Nursing 504.  
School nurse's function in different aspects of school health program; emphasis on planning and presentation of health instruction material, community resources and relationships, and disease prevention and health promotion.
- 560. Introduction to Public Health (3)**  
Prerequisite: Health Science 290.  
Philosophy, development, organization, administration, and legal aspects of public health in the United States. Disease prevention and control, health education, and the other functions and activities of official health departments, voluntary agencies, private physicians and others engaged in professional health work.
- 561. Health and Medical Care (3) I, II**  
Prerequisite: Senior or graduate standing with a major or minor in health education or a closely related area.  
Health values, concepts, and attitudes; health products and facilities; hospital care and hospitalization plans; governmental health controls; economic and cultural influences on health and medical care; professional contributions, relationships, and careers; national and international health programs.

### 573. Health in Later Maturity (3) I

An approach to the conservation of human resources, with emphasis on understandings, attitudes, and practices related to health in later maturity. Designed for those with a personal or professional interest in the field.

### 574. Habit-Forming Substances (3) I, II

Tobacco, alcohol, and other drugs; their use, misuse and abuse.

### 575. Sex Education (3) II

Prerequisite: Health Science 475.

Philosophy, current procedures, and materials needed for development of healthy attitudes and scientific knowledge appropriate for the understanding of human sexuality.

### 596. Workshop in Health Science (1-3)

Selected problems in health science are used as a basis for workshop experiences. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596; maximum credit of three units of 596 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

### GRADUATE COURSES

Refer to the Graduate Bulletin.

# Hebrew

In the College of Arts and Letters

OFFICE: Campanile Drive 174A  
TELEPHONE: (619) 594-5268

## Faculty

Chair: Webb  
Professor: Bar-Lev

## Offered by the Department of Linguistics and Oriental Languages

Courses in Hebrew.  
Major or minor work in Hebrew is not offered.

## Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences

Students electing the study of Hebrew to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete Hebrew 201 or the equivalent level of achievement. The usual sequence of coursework is Hebrew 101, 102, and 201. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

## High School Equivalents

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:

1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.

2. The first **three years** of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five years separate the last high school course and the first college course.

3. **Four years** of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

## Courses

### LOWER DIVISION COURSES

All lower division courses in Hebrew are taught in Hebrew.

No credit will be given for Hebrew 101, 102, 201 taken out of sequence.

#### 101. Elementary (4) I

Four lectures and one hour of laboratory.  
Beginning reading, writing, and conversational skills. Essentials of grammar. Not open to students who have completed three years of high school Hebrew unless the third course was completed five or more years ago.

“Learning is a name superior to beauty; learning is better than hidden treasure. Learning is a companion on a journey to a strange country; learning is strength inexhaustible.”

—Hitopadésa, introd., c. 500

#### 102. Elementary (4) II

Four lectures and one hour of laboratory.  
Prerequisite: Hebrew 101.

Continuation of Hebrew 101. Not open to students who have completed four years of high school Hebrew unless the fourth course was completed five or more years ago.

#### 201. Intermediate (4) I

Four lectures and one hour of laboratory.  
Prerequisite: Hebrew 102.

Continuation of Hebrew 102. Applications of grammar and reading skills. Additional practice in conversation.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

All upper division courses in Hebrew are taught in Hebrew unless otherwise stated.

#### 496. Topics in Hebraic Studies (1-4)

Topics in Hebraic language, literature, culture, and linguistics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit eight units.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

# History

In the College of Arts and Letters

OFFICE: Adams Humanities 4210  
TELEPHONE: (619) 594-5262

## Faculty

Emeritus: Hanchett, Nasatir, Norman, Pincetti, Rader, Rohlfleisch, Webb

Chair: DuFault

Professors: Baron, Berge, Cheek, Chu, Coox, Cox, Cunniff, Davies, Dunn, Flemion, J., Hamilton, Heyman, Hoidal, Kushner, McDean, Munter, O'Brien, Peterson, Ruetten, Schatz, Smith, C., Smith, R., Starr, Steele, Stites, Strong, Vanderwood, Vartanian

Associate Professors: Bartholomew, Colston, DuFault, Ferraro, Filner, Flemion, P., Oades

Assistant Professors: Colwill, Kittell, Kornfeld, Roberts

## Offered by the Department

Master of Arts degrees in history; and a Master of Arts degree for teaching service with a concentration in history.

Major in history with the B.A. degree in liberal arts and sciences.  
Teaching major in history for the single subject teaching credential.

Minor in history.

Certificate in public history.

## The Major

History is the study of humanity's recorded past. It encompasses almost all aspects of human activity and behavior. The arts and sciences, technology and economics, ideology and social attitudes are all as much a part of history as politics and war.

History is the most universal of the humanities. It is not merely a body of facts to be learned, but is a series of arguments and points of view to be debated. Study of the ideas, attitudes, and actions of peoples in the past helps to sharpen a person's own sense of values, offering moral lessons in the search for a global future of creative achievement and international peace. It also helps to cultivate a more tolerant and compassionate spirit toward peoples whose way of life may be different from one's own.

The excellent training in basic skills and the broad range of information students receive in history courses prepare history majors for a wide variety of careers in law, government, politics, journalism, publishing, and public history. Teaching at the high school, community college, or university level offers increasing opportunities for history majors in the future.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## History Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22051)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Twelve units selected from two of the following sequences: History 100-101; 105-106; 110A-110B; 115A-115B; or 120-121.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** History 430W with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units in history to include History 430W and a minimum of six units in each of three of the following fields: (a) Ancient, Medieval and Early Modern Europe; (b) Modern Europe; (c) United States; (d) Latin America; (e) South, South-east, and East Asia; (f) Africa and the Middle East; (g) Topical Subjects; plus nine units of electives. It is the student's obligation to determine which courses fulfill his/her field requirements.

## History Major

For the Single Subject Teaching Credential  
With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22051)

All candidates for a teaching credential must complete all requirements outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in liberal arts and sciences.

**Preparation for the Major.** History 100 and 101, or 105 and 106. (6 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** History 430W with a grade of C (2.0) or better.

**Major.** A minimum of 39 upper division units in history to include History 430W with the remaining units distributed in the following pattern:

**United States:** Twelve units to include History 410A-410B and six units (preferably in sequence) selected from History 537A-537B, 541A-541B (unless used to fulfill California requirement below), 544A-544B, 545A-545B, 546A-546B, 547A-547B, 548A-548B;

**California:** Three units selected from History 541A or 541B;

**Europe:** Twelve units to include History 407A-407B and six units selected from History 500A-500B, 503A-503B, 506, 507, 509, 510A-510B, 511A, 511B, 512A, 512B, 514A, 514B, 517A-517B, 518A-518B, 523A-523B;

**Africa, Asia, Latin America and the Middle East:** Six units selected from History 415A-415B, 420, 421, 473A-473B, 475A-475B, 574;

**Elective:** Three units.

History 490 may be substituted for any one of the courses listed above except History 407A-407B, 410A-410B, 430W, and 541A-541B. Consent of the undergraduate adviser in the History Department is required.

## History Minor

The minor in history consists of a minimum of 18 units in history to include six sequential units in the lower division. Twelve units must be in upper division history, distributed in no more than two of the fields listed under the history major.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## History Honors Thesis

The department offers undergraduates of superior achievement the opportunity to write a history honors thesis leading to special recognition upon graduation. History 490, Senior Honors Thesis, is open to students who rank in the top twenty percent of senior history majors and who have successfully completed History 430W. Interested students should consult the undergraduate adviser in the History Department.

## Courses

### LOWER DIVISION COURSES

**100. World History (3)**  
The growth of civilizations and the interrelationships of peoples of Europe, Asia, Africa, and America to 1650.

**101. World History (3)**  
Modern history from a global perspective, 1650 to the present.

**105. Western Civilization (3)**  
Development of European culture, thought and institutions from ancient times through the seventeenth century. Not open to students with credit in History 305A.

**106. Western Civilization (3)**  
Development of modern societies and states to the present day. Not open to students with credit in History 305B.

**110A-110B. American Civilization (3-3) (110A: CAN HIST 8; 110B: CAN HIST 10)**

The political and social development of the United States, with emphasis on the rise of American Civilization and ideals. This course is primarily for lower division students.

The year course meets the graduation requirements in American Institutions, U.S. Constitution and California state and local government.

**115A-115B. Comparative History of the Americas (3-3)**  
The western hemisphere from ancient times to the present, with focus on the interactions between the European, American Indian and Afro-American cultures, institutions and traditions. Semester I: Ancient American civilizations, European colonial systems, creation of new nations. Semester II: Nations and cultures of the Americas since independence.

The year course meets the graduation requirements in American Institutions, U.S. Constitution and California state and local government.

**120. Introduction to Asian Civilizations (3)**  
Development of distinctive cultures, thought, and institutions in Asia.

**121. Asian Civilizations in Modern Times (3)**  
The rise of Asian nations and nationalism with emphasis on the nineteenth and twentieth centuries.

**296. Experimental Topics (1-4)**  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

**305A-305B. The Sources of Civilization in the West (3-3)**

Prerequisite: Open only to upper division students.  
A survey of the most important ideas and attitudes which have shaped Western Civilization since ancient times. Emphasis on cultural themes rather than a political continuum. Not open to students with credit in History 105 and 106. The course cannot be used to satisfy requirement for the major.

**308. History of Britain (3) II**

Prerequisite: Upper division standing.  
Survey of British history from its origins to the contemporary age. Emphasis on political institutions, religion, society, economy, the arts. Not open to students with credit in History 408A or 408B; cannot satisfy requirements for the major or minor; offered only in London Semester program.

**310A-310B. United States History (3-3)**

Survey of American history. Semester I: to 1877. Semester II: 1877 to the present.

Designed primarily for students seeking upper division elective or graduation requirements in American institutions. 310A-310B together meet all graduation requirements in American history and institutions, U.S. Constitution, and California government. Not open to students with History 110A-110B or the equivalent; it may not be counted toward requirements for the history major.

**430W. The Writing of History (3) I, II**

Prerequisites: Satisfies University upper division writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

Historical method and research in some aspect of history. (Formerly numbered History 430.)

**441. Environmental Problems in Historical Perspective (3)**

Prerequisite: Upper division standing.  
A comparative study of the role of religious beliefs, social values, economic practices, and political systems in shaping past attitudes, policies, and behavior toward the environment. International in scope. (Formerly numbered History 340.)

**490. Senior Honors Thesis (3) I, II**

Prerequisite: History 430W; open to history majors with senior standing and permission of the honors thesis adviser.

Directed research on a historical topic chosen in consultation with the honors adviser, and completion of a senior honors thesis. Required of students wishing to graduate with a certificate of recognition in history.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of department chair and instructor.  
Individual study. Maximum credit six units.

### Field (a). Ancient, Medieval, and Early Modern Europe

#### UPPER DIVISION COURSE (Intended for Undergraduates)

**496. Issues in History (1-4)**  
Refer to Field (g). Topical Subjects.

#### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

**500A-500B. Ancient History (3-3)**  
Semester I: Greece to the Roman Conquest. Semester II: Rome to the fifth century A.D.

**501. History of Ancient Near Eastern Civilizations (3)**  
Major civilizations of Near East from the origin of civilization to Roman Conquest, including Egyptians, Babylonians, Hebrews and Persians. Social, political, and religious problems.

**503A-503B. Europe in the Middle Ages (3-3)**  
European social, cultural, and political developments from the fall of Rome to the Renaissance.

**504. Medieval Spain (3)**  
Survey of the Spanish regions to the early sixteenth century. Social and economic developments.

**506. The Renaissance (3)**

The intellectual, artistic, and social transformation of Europe from the fourteenth through the early sixteenth century.

**507. The Reformation (3)**

Continental Europe in the sixteenth century; split of Christendom, the religious wars, national rivalries, the expansion of Europe and the beginnings of the scientific revolution.

**513A. Early Scandinavia (3)**

The formation and development of the Scandinavian kingdoms from the Viking Age to the end of the Napoleonic Wars.

### Field (b). Modern Europe

#### UPPER DIVISION COURSES (Intended for Undergraduates)

**407A-407B. Modern Europe (3-3) I, II**

History of Europe from the Renaissance to the present. Social, economic, and intellectual trends, the development of the nation-state, and the reasons for continental conflict. Semester I: The Renaissance to 1789. Semester II: The French Revolution to contemporary times. Required for the teaching credential in history.

**408A-408B. England (3-3)**

Political and social history of England from the earliest times to the present day, stressing the origins of American institutions and social patterns. Recommended for majors in English.

**496. Issues in History (1-4)**

Refer to Field (g). Topical Subjects.

#### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

**509. Europe in the Seventeenth Century (3)**

Continental Europe from 1600 to the death of Louis XIV. Shift of power from southern and central Europe to northern Atlantic countries; the growth of the state, and the expansion of commerce.

**510A-510B. Europe's Age of Enlightenment (3-3)**

Semester I: Monarchies and monarchs at peace and war; economic and social transformations; the Baroque and the growth of the Enlightenment from 1690 to 1760. Semester II: Despots, dreamers and enlightened reformers in the last generations of Europe's "Old Regime," 1760-1789.

**511A. The Age of European Revolution (3)**

Major economic, social, intellectual, and political changes in Europe from 1789 to 1848. Effects of French Revolution, Industrial Revolution, and Romanticism on European history.

**511B. The Age of Nationalism in Europe (3)**

Economic, social, and intellectual developments in Europe from 1848 to 1890 that contributed to the age of nation building.

**512A. The Great War: A Turning Point in European History (3)**

Forces and events that shaped Europe in period prior to and during World War I, 1890-1919.

**512B. The Age of Dictators and Contemporary Europe (3)**

Europe in the age of dictatorship, world war, decline, and recovery.

**513B. Modern Scandinavia (3)**

Major political, social and economic developments in Scandinavia from 1814 to the present, with emphasis on contemporary society.

**514A. The French Revolution and Napoleonic Era (3) I**

Prerequisites: History 105 and 106.  
France on the eve of the Revolution; the Great Revolution, 1789-1799, the Napoleonic Era.

**514B. Modern France (3)**

Prerequisites: History 105 and 106.  
The development of France since 1815.

**515. Modern Spain (3)**

Social, economic and political developments from the sixteenth century to the present. Overseas expansion.

**517A-517B. Modern Germany (3-3)**

Political, social, and economic history of Germany. Semester I: From the Reformation to the outbreak of World War I. Semester II: 1914 to the present.

**518A-518B. Russia and the Soviet Union (3-3)**

Semester I: Political, social and economic development of Russia in Europe and Asia from the earliest times to the close of the nineteenth century. Semester II: Emphasis on the twentieth century.

**519. Modern Italy (3)**

The development of Italy from 1815 to the present.

**521. History of the British Constitution (3)**

Prerequisites: Upper division standing and six units in history.  
Historical development of British political institutions which are a reflection of the constitution from Anglo-Saxon period to present. (Formerly numbered History 521A-521B.)

**522A-522B. Tudor and Stuart England (3-3)**

Semester I: The Age of the Tudors. Semester II: England during the Stuart Dynasty, 1603-1714.

**523A-523B. Modern Britain (3-3)**

Semester I: The development of constitutional and social patterns from the Glorious Revolution to the French Revolution, emphasizing the immediate background to the American Revolution. Semester II: From the nineteenth century to the present, including the rise of Parliamentary democracy, imperialism and the Victorian age, and political thought from the Utilitarians to the Fabians.

**524. History of Ireland (3) I, II**

Social and cultural history of Ireland from earliest historical times to the present, including formation of a national character, literature from the Saga Cycles to the modern literary renaissance, and various movements to achieve independence from Cromwell through World War I.

**526. Ideas and Attitudes of Modern Europe (3)**

Selected problems in European intellectual history beginning with the seventeenth century, with attention to social and political thought. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

**527. Diplomatic History of Modern Europe (3)**

Diplomatic relations of the various European states with European and non-European powers. The diplomatic backgrounds and results of World Wars I and II. (Formerly numbered History 527B.)

**528. Social History of Modern Europe (3)**

Historical survey of European society emphasizing changes in the family, health, diet, the standard of living, urbanism, crime, migration, and literacy, from 1350 to the beginning of the Industrial Revolution. (Formerly numbered History 528A.)

### Field (c). United States

#### UPPER DIVISION COURSES (Intended for Undergraduates)

**410A-410B. United States History for Teachers (3-3)**

Prerequisite: History 410A is prerequisite to History 410B.  
Survey of United States history with emphasis on historiography, bibliography, and relationship between philosophy of history and teaching. Semester I: to 1877. Semester II: since 1877. Intended primarily for students in teacher training programs. History 410A-410B meets all graduation requirements in American history and institutions, U.S. Constitution, and California government. Not open to students with credit in History 310A-310B.

**442A-442B. People Out of Our Past (3-3)**

A biographical approach to American history. Semester I: Through 1865; John Winthrop, Benjamin Franklin, Thomas Jefferson, P.T. Barnum, Lucy Stone, Frederick Douglass, John Brown, Abraham Lincoln. Semester II: 1865 to present; Mark Twain, Jane Addams, Emma Goldman, Woodrow Wilson, Henry Ford, Eleanor Roosevelt, Martin Luther King, Jr., Bob Dylan, Richard Nixon.

- 496. Issues in History (1-4)**  
Refer to Field (g). Topical Subjects.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

- 530. Colonial America (3)**  
Settlement and development of the English colonies in North America through the mid-eighteenth century. Contact of cultures, social structure, labor systems, religion, popular values, problems of imperial control, and political culture.
- 531. The American Revolution (3)**  
Explores how "revolutionary" the American Revolution was. Causes, dynamics, and results of the American Revolution, from imperial reform and colonial resistance after 1760 through ratification of the Federal Constitution of 1787. Meets the requirements in United States Constitution.
- 532. The Early Republic (3)**  
Political, economic, and social development of United States from Washington through John Quincy Adams. This course meets the requirements in United States Constitution.
- 533A. The Jacksonian Era (3)**  
Territorial expansion, democratic politics, revivalism, and the slavery controversy.
- 533B. Civil War and Reconstruction (3)**  
The Civil War and Reconstruction, emphasizing political affairs and the role of Lincoln.
- 534. The Rise of Modern America, 1868-1900 (3)**  
Economic, social, political, and intellectual developments from the end of the Civil War to the close of the 19th century.
- 535A. The Age of Reform (3)**  
The United States from the 1890s to the Crash of 1929.
- 535B. The Age of Roosevelt (3)**  
The United States in Depression, War, and Cold War.
- 536. The United States Since World War II (3) I, II,**  
Major foreign and domestic issues confronting the United States, and the government policies and popular movements generated in response.
- 537A-537B. The Westward Movement (3-3)**  
The American frontier: Expansion, exploration, settlement and building of the new states, with emphasis on frontier problems of defense, communications, finance, etc.; the development of cultural institutions. The causes, effects and results of the frontier experiences of the American people. This year course meets the graduation requirement in American history, institutions and ideals.
- 538. The American Southwest (3)**  
Development of the Southwest from the Spanish colonial period to the present. Emphasis on social, economic, and cultural forces which have shaped the character of the border states. (Formerly numbered History 538A-538B.)
- 540. Environmental History of the United States (3)**  
The relationship of Americans to their environment from colonial times to the present with emphasis on how attitudes and values have affected personal behavior and public policy toward the land.
- 541A-541B. California (3-3)**  
Political institutions; social, cultural, economic and intellectual development; international background. Semester I: To 1850; Spanish and Mexican heritage. Semester II: 1850 to the present. History 541B will fulfill the requirement in California state and local government.
- 543. American Involvement in Vietnam 1941-75 (3)**  
Prerequisites: Upper division standing and six units in history. Causes and costs of America's longest war: the war's beginning, United States involvement, role of media and antiwar movement, United States withdrawal, impact of war on Southeast Asia and the United States.

**544A-544B. American Foreign Policy (3-3)**

Semester I: The development of American foreign policy from the Colonial Period to the First World War. Semester II: Developments from the First World War to the present. This year course meets the graduation requirements in American history, institutions, and ideals.

**545A-545B. Constitutional History of the United States (3-3)**

American constitutional history since the establishment of the federal government. This year course meets the graduation requirement in U.S. Constitution and in American history, institutions, and ideals.

**546A-546B. Development of American Capitalism (3-3)**

The changes in agriculture, industry, labor, banking, transportation and commerce in a capitalist society with emphasis on the prominent personalities who made the changes possible.

**547A-547B. Intellectual History of the American People (3-3)**

Survey of American thought from 1620 to the present, focusing on the ideas of individuals, groups and movements in religion, politics, society, the arts and reform. Emphasis on liberal and conservative impulses and their role in the making of the modern American mind. This year course meets the graduation requirements in American institutions, U.S. Constitution, and California state and local government.

**548A-548B. Social History of the United States (3-3)**

Historical survey of American society emphasizing demographic trends, the changing role of the family, social structure, immigration patterns, religious movements, developments in education, the economy, and entertainment.

**549. History of San Diego (3)**

Prerequisites: Upper division standing and six units in history. Development of San Diego from European contact to the present.

**Field (d). Latin America**

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**415A-415B. Latin America (3-3)**

Semester I: Colonial Period to approximately 1825. Semester II: Republican Latin America.

**496. Issues in History (1-4)**

Refer to Field (g). Topical Subjects.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

**551A-551B. Mexico (3-3)**

Prerequisite: History 115A-115B or 415A-415B. Semester I: Colonial and modern Mexico. Semester II: Emphasis on the twentieth century.

**552. Brazil (3)**

Survey of history of Brazil from Portuguese backgrounds to present. Brazil as a tropical society. Recommended for students minoring in Portuguese.

**553. Caribbean Island Nations (3)**

History of island nations of Caribbean with emphasis on Cuba, Haiti, and Dominican Republic in the nineteenth and twentieth centuries.

**554. The Andean Republics of South America (3)**

The historical development of Chile, Bolivia, Peru and Ecuador with emphasis on race relations and social revolutions in the twentieth century.

**555. Modernization and Urbanization in Latin America (3)**

Historical treatment of the phenomena of urbanization and modernization in Latin America with attention to pre-Columbian and Iberian traditions and influence of education, church, military, and foreign investment.

**556. Guerrilla Movements in Latin America (3)**

History of sociopolitical conditions which culminated in guerrilla movements in twentieth century Latin America. Use of guerrilla writings and accounts as well as recent Latin American films and U.S. Defense Department counterinsurgency training films.

**557. History of Latin American Popular Culture and Social Thought (3)**

Examination of the ways Latin Americans have historically viewed their cultures and societies from the dual perspective of elites and the masses.

Popular culture—the Latin American self-image reflected in family relations, folklore, myth, legend, popular music and art and mass expression.

**558. Latin America in World Affairs (3)**

History of Latin America's political and economic relations with Europe, the Soviet Union, the United States, and the Third World.

**559. Central America (3)**

Prerequisites: Upper division standing and six units in history. Historical development of the republics of Central America with emphasis on twentieth century. Contemporary revolutionary movements and role of United States in Central American affairs.

**Field (e). South, Southeast and East Asia**

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**420. Asia's Dynamic Traditions (3)**

Emergence and continuing vitality of historic traditions in India, China, and Japan. Topical, comparative survey emphasizing Confucian, Buddhist, and Hindu ideas and the interaction with institutions of family and village. Not open to students with credit in History 120.

**421. Asia's Emerging Nations (3)**

Historic changes which have contributed to the rise of modern Japan, India, and China. Topical, comparative approach emphasizing ways Asian societies have responded to challenges of imperialism, nationalism, revolution, war, and modernization. Not open to students with credit in History 121.

**422. Southeast Asian and Filipino Experience in America (3)**

Prerequisite recommended: Upper division standing. History of Filipinos and other Southeast Asians in America from 1898 to present. Topics include changing Southeast Asian-U.S. relations, cultural roots, immigration, comparative community institution and development, racism, discrimination, labor movements, politics, achievements, and contemporary issues.

**496. Issues in History (1-4)**

Refer to Field (g). Topical Subjects.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

**561A-561B. Asia and the West (3-3)**

History of Asian-Western relations with emphasis on China and Japan. Semester I: Through the nineteenth century. Semester II: The twentieth century.

**562. Civilization of India: The Great Traditions (3)**

From earliest times to the eighteenth century including Hindu, Buddhist, and Muslim contribution to Indian society, changing political ideas and institutions, and historic trends in art and literature.

**563. Modern India and Its Neighbors (3)**

British conquest and colonial policy, Hindu and Muslim nationalism, Gandhi's significance, and the emergence of independent India, Pakistan, and Bangladesh.

**564A-564B. Southeast Asia (3-3)**

Semester I: Cultural traditions of Southeast Asian peoples. Indigenous institutions and the influence of China, India, and Islam. Semester II: Southeast Asia in the modern world. Patterns of foreign stimulus and local response among the peoples of the area.

**565. Revolution and Social Change in Asia (3)**

Comparative study of contemporary problems in Asia emphasizing how indigenous peoples responded to the challenges of nationalism, reform, revolution, modernization, and neo-colonialism. Topics include social structure, education, peasant movements, urbanization, search for cultural identity, and national integration.

**566. Chinese Civilization: The Great Traditions (3)**

China's institutional and cultural development from ancient to pre-modern times. Emphasis on traditional philosophy, religions, literature, and the arts.

**567. China's Century of Modernization (3)**

China's modernization process from the early nineteenth century Opium War through the People's Republic of China.

**568. Communist Party and the Chinese Revolution (3)**

Maos and the evolution of Chinese Communist Party since 1920, including Red Army, rural soviets, socialist economic and cultural systems, and foreign policy.

**569. Japanese Civilization (3)**

Japanese internal history and institutions during the period of indigenous development and Chinese influence including religions, philosophy, literature, and the arts.

**570. Modern Japan (3)**

Japan's development as a modern state, particularly in the nineteenth and twentieth centuries.

**Field (f). Africa and Middle East**

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**473A-473B. Middle Eastern History from the Rise of Islam to the Present (3-3)**

Semester I: Islamic civilization in the imperial ages, A.D. 600 to A.D. 1600. Semester II: Colonialism and nationalism in the modern Middle East, A.D. 1600 to present.

**475A-475B. Africa (3-3)**

Semester I: Civilization of precolonial Africa both north and south of the Sahara from the advent of Islam to 1880. Semester II: Colonial and postcolonial Africa.

**496. Issues in History (1-4)**

Refer to Field (g). Topical Subjects.

**UPPER DIVISION COURSE**  
(Also Acceptable for Advanced Degrees)

**574. The Arab-Israeli Question, Past and Present (3)**

Arab-Israeli conflict over Palestine in perspective of Zionism, Arab nationalism, and Great Power relations from nineteenth century to present.

**Field (g). Topical Subjects**

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**435. History Through Film (3)**

Critical analysis of selected historical problems, eras, and events, using film as the principal historical document. Maximum credit six units.

**440. The Holocaust and Western Civilization (3) I**

Prerequisite: Upper division standing. German campaign to eliminate Jews during World War II. Anti-Semitic background, both Christian and racial; rise of Adolf Hitler and implementation of "the final solution"; responses by Jews and non-Jews in the Western world.

**480. History of Corporations in the Modern World (3) I, II**

Prerequisite: Upper division standing.  
Comparative study of the rise and success of the modern corporation in the United States, Japan, Europe, and developing nations. (Formerly offered as History 496.)

**482A-482B. War and Civilization (3-3)**

The political and social implications of warfare, of the development of military technologies, and of changing concepts of military organization. Semester I: Through the eighteenth century. Semester II: Napoleonic Wars to the present.

**483A-483B. The Quest for Peace (3-3)**

Prerequisite: Six units in history.  
Historical analysis of man's efforts to control violence from the Greeks to the present.

**484. The Rise of Modern Science (3)**

Historical development of scientific ideas from Ancient Greece to the Scientific Revolution of the seventeenth century, concentrating on interaction between science and other aspects of society such as politics, economics, religion, and technology.

**485. Science and the Modern World (3)**

From Newton to Einstein, from Darwin to DNA: modern development of interaction between science and other aspects of society such as politics, economics, philosophy, religion, and technology.

**486. World War II (3)**

Causes of World War II, its course, and its legacy for today's world.

**487. Early Jewish History (3) I**

Prerequisite: Upper division standing.  
From Babylonian exile through Golden Age in Medieval Spain. Social organization and attempts to achieve independent governance; development of ideological structures to enhance survival as a separate group; tensions with outside world and eruption of Messianic movements.

**488. Modern Jewish History (3) II**

Prerequisite: Upper division standing.  
Social, religious, and intellectual life of European Jewry from Middle Ages to present; political struggle for emancipation; anti-Semitism, the Holocaust, and establishment of state of Israel.

**496. Issues in History (1-4)**

Examination of selected problems and current issues in history. May be repeated with change of content. Maximum credit six units with change of content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Refer to Class Schedule for specific content.

Prerequisite: Consent of department chair and instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**580. Great Historians and Historical Literature (3) I, II**

Prerequisite: History 100, 105, or 120.  
History of historical writing and works of major historians. Recommended for history and social science majors.

**590. Archives (3)**

Prerequisite: Six upper division units in history.  
Archival methods for collection, preservation, management, and use of written, visual, and aural materials. (Formerly numbered History 720.)

**596. Selected Studies in History (1-4)**

Topics in the various fields of history, such as biography, war, science, technology, urbanization, minority groups, immigration, and capitalism. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Humanities

In the College of Arts and Letters

OFFICE: Adams Humanities 4231  
TELEPHONE: (619) 594-5186

**Faculty**

Chair: Genovese  
Professors: Genovese, Rosenstein, Schaber  
European Studies Chair: Rosenstein  
European Studies Committee: Bartel (Anthropology), Case (Spanish), Chaffin (Philosophy), Cox (French), Genovese (Classics and Humanities), Rosenstein (Philosophy and Humanities), Santangelo (English and Comparative Literature), Schaber (German, Classics, and Humanities)

**Offered by the Department of Classics and Humanities**

Major in European studies with the B.A. degree in liberal arts and sciences.  
Major in humanities with the B.A. degree in liberal arts and sciences.  
Minor in European studies.  
Minor in humanities.

**The Majors**

**European Studies.** The European studies major approaches the study of Europe as a unique cultural and historical entity, resulting from a common heritage, which shares common values, traditions, problems, and resources. It is an interdisciplinary curriculum which draws on faculty from a wide variety of fields, including history, foreign languages, philosophy, literature, political science, art, music, economics, and geography.

Every European studies major is required to take Humanities 401, 402, 403, and 404. Each course in the sequence concerns itself with several centuries of European cultural development and emphasizes creative achievements in the visual arts, music, literature, and philosophy. Students should develop careful analytical and critical abilities and arrive at informed and thoughtful value judgments regarding the works that they study in this sequence.

European studies is a broadening, humanizing discipline for the nonspecialist undergraduate who wishes to know more about the European world. Students may augment this broad basis with any particular focus they choose by selecting certain optional courses within the major or taking additional courses in other departments. Thus, for example, if a student contemplates a career in art sales in Europe, courses in art history, European economics, and international business would be appropriate. If the student is thinking of a career in the press corps, supplementary courses in expository writing and political science should be taken. Depending upon the focus chosen, the student may find a career as an international marketing representative; art, music, or theater critic; travel agent; museum curator; fashion designer; a member of the international press corps; librarian; international legal or financial consultant for government, for the military, or for private industry; writer, teacher, or researcher specializing in the study of Europe.

**Humanities.** "I am a human being: Nothing human is foreign to me."

Men and women of all civilizations, East and West, past and present, express themselves in acts and works. Some of these expressions may truly be called "achievements" and are sufficiently unique, impressive, and durable to become models for appreciation and study. Whether a symphony or a statue, a temple or a treatise, a work may be interpreted and evaluated according to the criteria and

methods of humanistic disciplines such as literature, history, philosophy, art history.

This, then, is the goal of the humanities major: a holistic and interdisciplinary understanding of the humanity of peoples and their times through their greatest accomplishments, since these portray and articulate best what human beings value most. In short, humanities shows us what being civilized amounts to. By exposing us to the wide range of human creation and interpretation and by making us aware of our shared nature, humanities directs us to the meaning and value of life and helps us create and enjoy a life of our own.

With a broad background in analysis and communication, with an appreciation of the fine arts, with an awareness of history, ideas, and letters, humanities majors feel at home in many contexts, are capable of diverse tasks, move easily between fields, and can bridge the gaps that separate art and society, intellectual speculation and practical affairs.

Graduates in humanities do best when left on their own to create solutions to diverse problems and to manage enterprises that require sure judgment. Particular career opportunities might be found in international press or diplomacy, trade or finance. Or one might become a cultural consultant in government or the private sector; an editor or writer; an art, music, or theater critic; a travel consultant, a museum curator, a teacher, or perhaps an academic administrator.

**Advising**

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

**European Studies Major**

**With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 03101)**

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major.** History 105, 106; Classics 140; six units from Art 258 or 259, Comparative Literature 210, Economics 101 or 102, English 220, Geography 102, Political Science 101 or 103. (15 units)

**Foreign Language Requirement.** Twelve units in any one of the following languages: French, German, Italian, Latin, Russian, Spanish.

**Upper Division Writing Requirement.** Passing the University Writing Examination or History 430W, English 500W, or English 508W with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Humanities 401, 402, 403, 404; six units in one of the foreign languages listed above; six units selected from Art 371\*, 557\*, 558\*, 573A\*, 573B\*, 574\*, 575\*, Music 351A, 351B, 351C; six units selected from Geography 336, Political Science 301A, 301B, 302; and six units from Anthropology 440, History 503A, 503B, 506, 509, 510A, 510B, 511A, 511B, 512A, 512B, Comparative Literature 510, 511, 512, 513, 514, Philosophy 412, 413, 414, 506. Majors in European Studies must have their program for each semester approved in advance by the adviser.

\* Indicates course with prerequisites not included in requirements listed above.

## Humanities Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 15991)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major.** History 105 and 106; six units selected from Humanities 101, 102A, 102B, 130, 140, Classics 140, Women's Studies 205; and six units selected from Comparative Literature 270A, 270B, Philosophy 101, 102, 103, Religious Studies 101. (18 units)

**Foreign Language Requirement.** Twelve units in any one of the following languages: Chinese, French, German, Greek, Hebrew, Italian, Japanese, Latin, Portuguese, Russian, Spanish.

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 500W or 508W with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include:

**Classical and European Civilization:** Humanities 401, 402, 403, 404, Classics 340.

**Non-Western Civilization:** Six units selected from Humanities 457, 458, Asian Studies 458.

**Genre and Systematic Studies:** Twelve units selected from at least three of the following areas: Art 365, 366, 371, 557, 558, 560, 561, 562, 567, 568, 569, 575, 576, 577; Comparative Literature 470, 490, 560, 561, 562, 563, 571; Drama 460A, 460B; English 493; Music 351A, 351B, 351C, 351D, 351E, 351F; Philosophy 305, 310, 329, 334, 508, 512, 523, 525, 528, 531, 532, 535, 542.

**Interdisciplinary Synthesis:** Three units selected from Humanities 400, 496, 596, 599, Comparative Literature 595, Music 580, Philosophy 541, Religious Studies 360.

## European Studies Minor

The minor in European studies consists of a minimum of 15 units to include Humanities 401, 402, 403, 404, and either Anthropology 440\*, Political Science 356, or Geography 336. Students are urged to take History 105 and 106 to meet their general education requirement.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* Indicates course with prerequisites not included in requirements listed above.

## Humanities Minor

The minor in humanities consists of a minimum of 21 units, 12 of which must be upper division, to include Humanities 404\*.

**History of Western Civilization:** Three units selected from Humanities 102A, 102B, 401, 402, 403, Classics 140, 340.

**Non-Western Civilization:** Three units selected from Humanities 457, 458, Asian Studies 458.

**Genre and Systematic Studies:** Twelve units selected from four of the following areas: Humanities 130, 131, 140, 310, 311, 320, 321, 330, 331, 350, 400, 496, 596, 599; Art 258, 259, 263, 365, 371, 557, 558, 559, 561, 562, 567, 568, 569, 572, 573A, 573B, 574, 575, 576, 577; Classics 310, 320, 330; Comparative Literature 470, 490, 560, 561, 562, 563, 596; Drama 105, 120, 460A, 460B; English 250A, 250B, 260A, 260B, 493, 507; History 105, 106, 305A, 305B, 407A, 407B, 415B, 420, 421, 473A, 473B, 500A, 500B, 503A, 503B, 506, 507; Music 151, 351A, 351B, 351C, 351D, 351E, 351F, 580; Philosophy 411, 412, 413, 414, 506, 507, 541; Religious Studies 201, 301, 305, 340, 360, 506; Spanish 441; Women's Studies 205.

\* Additional prerequisite required.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

All classes are conducted in English.

#### 101. Introduction to Humanities (3)

Preliminary investigation; How values and ideals are expressed in the literary, artistic and intellectual achievements of individuals and civilizations throughout the world.

#### 102A-102B. Introduction to European Heritage (3-3)

Integrated survey from an interdisciplinary perspective of the major achievements of European culture, especially those in art, literature, music, and philosophy, and emphasizing their relevance for contemporary civilization. Semester I: 476 to 1600. Semester II: 1600 to 1940.

#### 130. The Jewish Heritage I (3)

Influences on Western civilization of major Hebraic themes, beliefs, and practices of biblical and postbiblical periods: art, literature, philosophy, religion, music.

#### 131. The Jewish Heritage II (3)

Major Jewish concepts from medieval through modern times; their impact on Western civilization and their contemporary relevance.

#### 140. Mythology (3) I, II,

Comparative themes and figures from various mythologies of the world. Interpretation of myths; their influence on art, culture, and history.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES

(Intended for Undergraduates)

#### 310. French Civilization (3) I

French culture from the earliest times to the Enlightenment, with emphasis on the people, their social and political institutions, their arts and letters. Not open to students with credit in French 421.

#### 311. French Civilization (3) II

French culture from the Enlightenment to the present. Continuation of Humanities 310. Not open to students with credit in French 422.

#### 320. German Civilization (3) I

German civilization of the Medieval, Renaissance-Reformation, and Enlightenment periods. History of ideas through art, literature, and music; connections with social and political institutions.

#### 321. German Civilization (3) II

Investigation of the forces shaping German civilization since the Renaissance. Emphasis on history of ideas with reference to their manifestations in the arts and social institutions.

#### 330. Russian Civilization (3) I

The major currents and characteristics of Russian culture, as expressed through the centuries in literature, art, philosophy and music from the beginnings to early nineteenth century.

#### 331. Russian Civilization (3) II

Modern Russia's cultural development from early nineteenth century (The Golden Age) to the present.

#### 340. Italian Civilization (3)

Italian civilization of Medieval, Renaissance, and Baroque periods. History of ideas through art, literature, and music; connections with social and political institutions.

#### 350. Spanish Civilization (3)

The principal aspects of Spanish civilization with emphasis on literature, philosophy and the arts. Not open to students with credit in Spanish 440.

#### 370. The Humanities and the Modern World (1)

Irregular Cr/NC

Lectures open to the public.

Weekly lectures on literature, language, philosophy and cultural history. Reading and reports required of students enrolled for credit. Maximum credit three units.

#### 375. Moral Issues of War and Peace (3) II

Exposition and analysis in an interdisciplinary context of moral questions relevant to pursuing war and maintaining peace.

#### 400. Civilization Through Travel-Study (1-3)

Civilization through supervised foreign travel-study tour. Requires lecture attendance, examinations, and written reports. May be repeated with new content. Maximum credit six units.

#### 401. The Medieval Heritage (3)

Prerequisite: History 105 or 305A.

European civilization of the Middle Ages. Artistic and intellectual achievements and cultural movements of the Romanesque and Gothic periods. (Formerly numbered Humanities 401A.)

#### 402. The Renaissance (3)

Prerequisite: History 105 or 305A.

European civilization of the humanistic Renaissance. Artistic and intellectual achievements and cultural movements from the early Renaissance through the Reformation and Mannerism. (Formerly numbered Humanities 401B.)

#### 403. The Enlightenment and Baroque (3)

Prerequisite: History 106 or 305B.

European civilization of the seventeenth and eighteenth centuries. Artistic and intellectual achievements and cultural movements: Baroque and Rococo, Enlightenment and Neoclassicism. (Formerly numbered Humanities 402A.)

#### 404. Modern European Heritage (3)

Prerequisite: History 106 or 305B.

Modern European civilization. Artistic and intellectual achievements and cultural movements: Romanticism, Realism, Naturalism, Impressionism, Symbolism, Surrealism, Expressionism, Existentialism. (Formerly numbered Humanities 402B.)

#### 457. Arab-Islamic Culture and Civilization (3)

Prerequisite: Completion of the General Education requirement in Foundations, II.C. Humanities.

Interdisciplinary survey of Islamic culture and civilization, emphasizing religious beliefs, philosophy, and the arts, and their role in creating the world views of the Islamic Near East from the time of Muhammad to the present. (Formerly numbered Humanities 157.)

#### 458. African Culture and Civilization (3)

Prerequisite: Completion of the General Education requirement in Foundations, II.C. Humanities.

Interdisciplinary survey of ancient, precolonial, and contemporary sub-Saharan Africa, examining the artistic, literary, religious, and musical creations of its cultures in sociopolitical context. (Formerly numbered Humanities 158.)

#### 496. Topics in Humanities (3)

Selected topics in literature and the arts. Comparative themes and critical approaches. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

### UPPER DIVISION COURSES

(Also Acceptable for Advanced Degrees)

#### 580. Seminar: Topics (3)

Special topics appropriate to the interdisciplinary study of civilization. Reading, observation, and evaluation of scholarly literature of topic under consideration. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

#### 596. Topics in Humanities (1-3)

Prerequisite: Upper division standing and six units in courses listed in Humanities section of General Education.

Special topics focusing upon selected aspects of civilization and studied from an interdisciplinary perspective in the humanities. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. No more than six units of 596 may be applied to either the bachelor's or master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

#### 599. Special Study (1-3)

Prerequisites: Twelve upper division units in humanities or in humanities disciplines and consent of instructor and program chair. Directed individual study. Maximum credit six units.

# Industrial Technology

In the Department of Industrial Studies  
In the College of Professional Studies and Fine Arts

OFFICE: Engineering 208  
TELEPHONE: (619) 594-6813

## Faculty

Emeritus: Anderson, Irgang, McLoney, McMullen, Rasmussen, Thiel

Chair: Bailey, G.D.

Professors: Bailey, G.D., Dirksen, Guentzler, Hammer  
Associate Professors: Bailey, G.W., Marsters, McEowen

## Offered by the Department of Industrial Studies

Master of Arts degree in industrial and technical studies.  
Major in industrial technology with the B.S. degree in applied arts and sciences.

Teaching major in industrial technology for the single subject teaching credential in industrial and technology education.  
Minor in industrial technology.

## The Major

The primary objective of the industrial technology major is to offer a program designed to provide: 1) academic preparation in technical and theoretical foundations of technology, 2) an understanding of industrial systems, and 3) the technical skills required for potential careers in industrial supervision or management. A secondary objective of the program is to prepare students for the single subject teaching credential in industrial and technology education.

Students choosing professional careers in this major are typically involved with 1) the application of significant theories, concepts and principles found in the humanities, social and behavioral sciences (including communications), physical sciences, and mathematics; and 2) the application of concepts and skills derived from a variety of technical disciplines such as materials and production processes, industrial management and human relations, communications, electronics, graphics, computer assisted drafting, polymers, energy, and transportation.

The major offers professional preparation for challenging and self-fulfilling careers in a variety of settings and capacities. Opportunities for rewarding positions are available for women as well as men. Students can broaden their career possibilities by complementing their major with carefully selected electives and a minor in a discipline relevant to their specific interests. In addition, invaluable experience can be gained from internships, cooperative education programs and work experience.

Individuals seeking careers in industry may choose from a wide variety of technical and managerial positions in such areas as computer, electronic or polymer technology or manufacturing production and management. Upon completion of the program, students are prepared for positions as an operations analyst, associate engineer, product assurance engineer, quality control engineer, purchasing manager, director of facilities, planner/estimator, plant engineer, OSHA coordinator, project manager, manufacturing engineer, production design engineer, industrial sales, production supervisor, process engineer, applications engineer, inspection coordinator, operations planning coordinator, systems engineer, tool and production planner, and engineering supervisor.

## Industrial Technology Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 08394)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Industrial Technology 121, 161, 200, to be taken at the beginning of the major; six units selected from Industrial Technology 115, 131, 140, 151, 171, 181; Accountancy 201; Chemistry 100 or higher; Economics 101, 102; Information and Decision Systems 180; Mathematics 119, 120, 140; and Physics 107 or higher. (44 units)

**Upper Division Writing Requirement.** English 503W required. The University writing requirement is met by passing this course with a grade of C (2.0) or better.

**Major.** A minimum of 46 upper division units to include Industrial Technology 320, 361, 498A, 498B; Information and Decision Systems 302, 360; Management 350; and 18 upper division units in industrial technology selected from two of the following technical areas: plastics, drafting, metals, photography, woodworking, electronics, power, or graphic arts. Nine units of electives will be from the technical areas listed and may include up to six units of Industrial Technology 496 or 499. After approval by the major adviser, the student must file a curriculum plan with the Evaluations Office.

## Industrial Technology Major

For the Single Subject Teaching Credential  
With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 08394)

All candidates for a teaching credential in industrial and technology education must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.S. degree in industrial technology.

**Preparation for the Major.** Industrial Technology 121, 161, 200, to be taken at the beginning of the major; six units selected from Industrial Technology 115, 131, 140, 151, 171, 181; Accountancy 201; Chemistry 100 or higher; Economics 101, 102; Mathematics 119, 120, 140; and Physics 107 or higher. (41 units)

**Upper Division Writing Requirement.** English 503W required. The University writing requirement is met by passing this course with a grade of C (2.0) or better.

**Major.** A minimum of 46 upper division units to include Industrial Technology 320, 361, 492; 27 upper division units in industrial technology selected from three of the following technical areas: plastics, drafting, metals, photography, woodworking, electronics, power, or graphic arts; and ten additional units selected from Industrial Technology (may include 496, 498A, 498B, 499), Educational Technology 404, Health Science 321, Teacher Education 454. After approval by the major adviser, the student must file a curriculum plan with the Evaluations Office.

## Industrial Technology Minor

The minor in industrial technology consists of 24 units in industrial technology to include Industrial Technology 121, 200; six units selected from Industrial Technology 115, 131, 140, 151, 161, 171, 181; and 12 upper division units to include six units in each of two of the following fields: industrial drawing, metalworking, plastics, woodworking, electronics, power technology, graphic arts, and photography.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Certificate

### Vocational Rehabilitation Therapy

Students may complete the academic and clinical requirements leading to the Vocational Rehabilitation Therapy certificate issued by the Veterans Administration of the United States Government. This certification requires the completion of a bachelor's degree with an industrial technology major and 280 hours of clinical training in a veterans hospital. Consult an adviser in the Department of Industrial Studies for more detailed information.

## Courses

### LOWER DIVISION COURSES

#### 115. Industrial Plastics (3) I, II

Six hours of laboratory.  
Production methods, mechanical and physical properties, composition of plastics. The basic processes: molding, casting, thermoforming, reinforcing and foaming. (Formerly numbered Industrial Arts 115.)

#### 121. Industrial Drawing (3) I, II

Six hours of laboratory.  
Fundamental theories, procedures and techniques of modern industrial drafting; study and practice intended to develop skill and judgment in application to drafting as the universal language of industry. (Formerly numbered Industrial Arts 121.)

#### 131. Industrial Metalworking (3) I, II

Six hours of laboratory.  
Exploration of basic materials and methods employed by industry to produce metal products. The attainment of knowledge and skills involved in the primary fabrication techniques of sheet metal, bench metal, art metal, foundry, forging, machining, and welding. (Formerly numbered Industrial Arts 131.)

#### 140. Introduction to Photography (3) I, II

Six hours of laboratory.  
Photographic optics and chemistry; nature of light and image formation; photographic emulsions, exposure and development; composition and lighting. Provides fundamentals for advanced courses in technical, commercial, creative and other areas of photography. Not open to students with credit in Journalism 350. (Formerly numbered Industrial Arts 140.)

#### 151. Industrial Woodworking (3) I, II

Six hours of laboratory.  
Introduction to wood technology and ecology; safe practices; fasteners; adhesives; abrasives; science of working with wood, emphasizing hand tools. (Formerly numbered Industrial Arts 151.)

#### 161. DC and AC Circuit Analysis (3) I, II

Six hours of laboratory.  
Prerequisite: Mathematics 140 or two years of high school algebra.  
Planning, designing, constructing, and experimenting to develop skills and acquire knowledge in the electronics field. Basic principles, their application to modern electronic equipment, and correct use of test equipment. (Formerly numbered Industrial Arts 161.)

#### 171. Power Mechanics (3) I, II

Six hours of laboratory.  
Introduction to various forms of power transmission. Emphasis on small internal combustion engines, alternative fuel, consumer product research, and automotive preventive maintenance. (Formerly numbered Industrial Arts 171.)

#### 181. Introduction to Graphic Arts (3) I, II

Six hours of laboratory.  
Theory and practice in planning, designing, and processing various graphics production processes and materials. (Formerly numbered Industrial Arts 181.)

#### 200. Introduction to Contemporary Industry and Technology (3) I, II

Development of modern industry and technology with emphasis on historical and recent industrial changes, and the problems resulting from our technological society. (Formerly numbered Industrial Arts 100 and 200.)

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 315. Plastics Product Design and Development (3) I

Six hours of laboratory.  
Prerequisite: Industrial Technology 115.  
Production systems for plastics manufacturing based on properties of thermoplastics, thermosetting plastics, and composite materials; use of models, master models and prototypes in product design and development. (Formerly numbered Industrial Arts 315.)

#### 320. Computer Assisted Drafting (3) I, II

Six hours of laboratory.  
Prerequisite: Industrial Technology 121 or Mechanical Engineering 190.  
Capabilities of CAD software for the personal computer. Micro- and macroframe units compared. Emphasis on software systems such as VERSA CAD, AUTO CAD, CAD-PACK. (Formerly numbered Industrial Arts 320.)

#### 321. Intermediate Industrial Drawing (3) I, II

Six hours of laboratory.  
Prerequisite: Industrial Technology 121.  
Complex theories and techniques of graphic delineation. Activities selected to develop individual competence. (Formerly numbered Industrial Arts 321.)

#### 331. Machine Tool Processes (3) II

Six hours of laboratory.  
Prerequisite: Industrial Technology 131.  
Study of machine tools as a manufacturing medium emphasizing precision measurement, standards, tolerance and inspection methods. (Formerly numbered Industrial Arts 331.)

#### 341. Photographic Sensitometry (3) II

Six hours of laboratory.  
Prerequisite: Industrial Technology 140.  
Technical aspects of photography; sensitometry, the densitometer, advanced exposure and development theory, the zone system, specialized development and printing techniques, application of quality control in the photographic process. (Formerly numbered Industrial Arts 341.)

#### 351. Machine Woodworking (3) I

Six hours of laboratory.  
Prerequisite: Industrial Technology 151.  
Experience in the use of selected woodworking machines which offer opportunities for the development of construction activities in wood. Emphasis on creative design and sound safety practices. (Formerly numbered Industrial Arts 351.)

#### 361. Transistor Circuits and Applications (3) I, II

Six hours of laboratory.  
Prerequisite: Industrial Technology 161 or Physics 196.  
Solid state circuits through design and experimentation. Application of solid state principles for use in control, communication, and computing circuits. (Formerly numbered Industrial Arts 361.)

#### 371. Power Systems (3) I

Six hours of laboratory.  
Prerequisite: Industrial Technology 171.  
Sources of power, power transmission and utilization. Emphasis on internal combustion engine design to include theory of operation, system design, and mathematical principles. (Formerly numbered Industrial Arts 371.)

**381. Intermediate Graphic Arts (3) I**

Six hours of laboratory.  
Prerequisite: Industrial Technology 181.  
Activities in offset lithography with emphasis on new technology in the industry. (Formerly numbered Industrial Arts 381.)

**416. Thermoplastics (3) II**

Six hours of laboratory.  
Prerequisites: Industrial Technology 115 and Chemistry 100 or higher.

Composition and selection of materials; evaluation of physical and mechanical properties of various thermoplastics; special techniques for processing and production of thermoplastics. (Formerly numbered Industrial Arts 416.)

**422. Architectural Drafting (3) I**

Six hours of laboratory.  
Prerequisite: Industrial Technology 121.  
Architectural drafting, primarily in small home planning. Development of drafting skills and understanding of good contemporary home design. (Formerly numbered Industrial Arts 422.)

**432. Welding Processes and Procedures (3) II**

Six hours of laboratory.  
Prerequisite: Industrial Technology 131.  
A study of the basic welding processes with emphasis on physical principles and properties, inspection methods and equipment operations. (Formerly numbered Industrial Arts 432.)

**443. Problems in Photography (3) II**

Six hours of laboratory.  
Prerequisite: Industrial Technology 341.  
Research in technical and practical areas of photographic materials and processing as they relate to commercial, creative, and other areas of photography. (Formerly numbered Industrial Arts 443.)

**444. Color Photography (3) I**

Six hours of laboratory.  
Prerequisite: Industrial Technology 341.  
Theory and practical applications of color photographic materials and processes. Techniques of exposure, composition, and lighting of illustrative industrial and commercial subjects. (Formerly numbered Industrial Arts 444.)

**452. Wood Manufacturing Applications (3) II**

Six hours of laboratory.  
Prerequisite: Industrial Technology 351.  
Course designed to increase professional skills, craftsmanship, advanced technical skills in equipment maintenance, patternmaking, design analysis, and upholstery. (Formerly numbered Industrial Arts 452.)

**462. Electronic Circuit Applications (3) II**

Six hours of laboratory.  
Prerequisite: Industrial Technology 361.  
Production skills with application to industrial electronics. Techniques in use of test equipment for analysis of electronic products. (Formerly numbered Industrial Arts 462.)

**464. Basic Digital Computers (3) I**

Six hours of laboratory.  
Prerequisite: Industrial Technology 361.  
Functions of circuitry as applied to switching, timing and pulse circuits. Basics of computer digital logic. Machine programming. (Formerly numbered Industrial Arts 464.)

**472. Power System Diagnosis (3) II**

Six hours of laboratory.  
Prerequisite: Industrial Technology 371.  
Theory and application of various types of diagnostic testing equipment, emphasis on computer controlled engines, and power system analysis. (Formerly numbered Industrial Arts 472.)

**482. Advanced Graphic Arts (3) II**

Six hours of laboratory.  
Prerequisite recommended: Industrial Technology 381.  
Planning of prepress activities for printing and publication; operation of image development equipment. (Formerly numbered Industrial Arts 482.)

**491. Vocational Rehabilitation Therapy Clinical Training (6)**

Prerequisite: Consent of department chair.  
Supervised experiences in manual arts therapy at various Veterans Administration Hospitals and rehabilitation centers. Students will acquire, through observation and participation, clinical insight and experience in procedures and practices in the field. Two hundred forty hours of clinical training required. (Formerly numbered Industrial Arts 491.)

**492. Teaching Methods in Industrial and Technology Education (3) II**

Study of methodology needed to teach industrial subjects. It is recommended that this course be taken prior to student teaching. (Formerly numbered Industrial Arts 492.)

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. (Formerly numbered Industrial Arts 496.)

**498A-498B. Senior Project (2-2) I, II**

Prerequisite: Consent of instructor.  
A prearranged and supervised investigation of a research project selected from topics in the major. A single project will be completed in this two-course sequence. Results will be presented in an oral and written report. (Formerly numbered Industrial Arts 498 and 498A-498B.)

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units. (Formerly numbered Industrial Arts 499.)

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**517. Thermoset Plastics (3) II**

Six hours of laboratory.  
Prerequisites: Industrial Technology 115 and Chemistry 100 or higher.

Composition and selection of materials; evaluation of physical and mechanical properties of various thermoset plastics, special techniques for processing and production of thermoset plastics. (Formerly numbered Industrial Arts 517.)

**523. Industrial Arts Drawing (3) II**

Six hours of laboratory.  
Prerequisite: Industrial Technology 320.  
Practice in and analysis of modern industrial drafting techniques and theories. (Formerly numbered Industrial Arts 523.)

**533. Applied Metal Forming Operations (3) I**

Six hours of laboratory.  
Prerequisite: Industrial Technology 131.  
Theory of conventional and high energy industrial forming processes augmented with laboratory forming experiences. (Formerly numbered Industrial Arts 533.)

**542. Commercial/Industrial Photography (3) I**

Six hours of laboratory.  
Prerequisites: Industrial Technology 140 and upper division standing.  
Theory and laboratory techniques, composition and lighting with emphasis on large format photography. Industrial applications, architecture, illustrative, advertising, portraiture, and commercial photography. (Formerly numbered Industrial Arts 542.)

**553. Residential Building Construction (3) II**

Six hours of laboratory.  
Prerequisite: Industrial Technology 351.  
Residential building construction principles encompassing the study of state and national building codes, foundation systems, framing techniques, and waterproofing applications. Estimating labor and material costs. (Formerly numbered Industrial Arts 553.)

**563. Industrial Control Circuits (3) I**

Six hours of laboratory.  
Prerequisite: Industrial Technology 361.  
Advanced problems in industrial electronics circuit development, analysis, theory and application. (Formerly numbered Industrial Arts 563.)

**573. Power Systems Technology (3) II**

Six hours of laboratory.  
Prerequisite: Credit or concurrent registration in Industrial Technology 371.  
Power systems and technological innovations in education and power related industries. Emphasis on product development, testing, and reporting. (Formerly numbered Industrial Arts 573.)

**583. Industrial Arts Graphic Arts (3) II**

Six hours of laboratory.  
Prerequisite recommended: Industrial Technology 381.  
Advanced techniques involved in graphic arts. (Formerly numbered Industrial Arts 583.)

**596. Experimental Topics in Industrial Technology (1 or 2)**

Prerequisite: Consent of instructor.  
Individual laboratory work on complex projects on an experimental basis. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree. (Formerly numbered Industrial Arts 596.)

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

Professors: Beatty, Chen, Flatley, Galbraith, Hatch, Lackritz,  
Penrose, Sherrard, Sondak, Vik  
Associate Professors: Feeney, Koster, Norman, Raafat,  
Schlesinger, Smith  
Assistant Professors: Addo, Corbitt, Easton, A., Easton, G., Yang  
Lecturers: Dalbey, Fisher, Wendelmoot

## Offered by the Department

Master of Science degree in business administration.  
Master of Business Administration.  
Major in decision systems with the B.S. degree in business  
administration.  
Major in information systems with the B.S. degree in business  
administration.  
Major in production and operations management with the B.S.  
degree in business administration.  
Teaching major in business for the single subject teaching  
credential.  
Minor in decision systems.  
Minor in information systems.  
Minor in production and operations management.

## Admission to the Major

The undergraduate business administration program at San Diego State University is structured such that students desiring a business administration major are first admitted to the prebusiness administration major for their first two years of university work. During these first two years students should complete general education courses and a common core of nine lower division preparation for the business major courses — Accountancy 201, Financial Accounting Fundamentals; 202, Managerial Accounting Fundamentals; Finance 140, Business Law; Economics 101, Principles of Economics (Macro); Economics 102, Principles of Economics (Micro); Information and Decision Systems 180, Principles of Information Systems; Information and Decision Systems 290, Business Communication (not required for accounting majors); Mathematics 119, Elementary Statistics for Business; and Mathematics 120, Calculus for Business Analysis. These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. All students must achieve a passing score on a quantitative competency examination. Students must have completed 56 college units.

**Supplemental admissions criteria must be met before students may declare an upper division major and be eligible for upper division courses.** For current information concerning admissions criteria and procedures, contact the Undergraduate Business Advising Office in the College of Business Administration.

Also, before enrolling in upper division courses offered by the College of Business Administration, students must be competent in the operation of personal computers, including word processing and spreadsheets. These skills are required in upper division business courses.

Business administration majors may not complete a minor in the College of Business Administration.

## Transfer Credit

**Lower Division:** Courses clearly equivalent in scope and content to San Diego State University courses required for minors or as preparation for all business majors will be accepted from regionally accredited United States institutions and from foreign institutions recognized by San Diego State University and the College of Business Administration.

**Upper Division:** It is the policy of the San Diego State University College of Business Administration to accept *upper division transfer credits* where (a) the course content, requirements, and level are equivalent to San Diego State University courses and (b) where the course was taught in an American Assembly of Collegiate Schools of Business accredited program. Exceptions require thorough documentation evidencing the above standards.

## The Majors

Good business decisions require good information. The purpose of an information system is to provide management with the information that is essential to decision making and to assist in interpreting that information.

**Decision Systems.** Decision systems, which has often been referred to as management science, quantitative methods, or operations research, continues to occupy an important role in many types of organizations. Most large organizations employ specialists with analytic skills beneficial to the decision-making process, and well-trained decision scientists are increasingly in demand. Decision scientists have backgrounds in decision systems, quality and productivity, quantitative methods related to business research, research design, statistical modeling, regression analysis, and hypothesis testing.

Students graduating with a major in decision systems can be expected to occupy jobs in both the public and private sectors: in major industries such as aerospace, computers, electronics, and other highly technical fields; in government; and in research settings.

**Information Systems.** Students interested in using computers to solve business problems and in devising new and more efficient solutions, should consider a major in information systems. The major is intended to prepare students for their first job in information systems, which is normally as a systems analyst. The systems analyst studies problems, designs solutions, and implements those solutions using computer hardware and software. The major will also prepare students for continued growth as a manager in information systems.

The employment outlook for information systems specialists is currently very good. Positive projections continue into the future. Many graduates who major in information systems assume the following positions: systems analysts plan the activities necessary to solve a business problem by structuring the problem in logical form, identifying the data needed, and specifying the procedures to be followed in programming the data processing; information systems specialists represent various departments of a business in assuring that each department's information processing needs are provided for effectively and efficiently; programmers and analysts plan and write computer programs to process business information; computer center managers direct the work of information processing in a company; and technical marketing specialists sell and coordinate the installation of computer systems.

Typical places of employment for information systems graduates include large businesses, government agencies, computer manufacturers, universities, and independent computer service organizations.

**Production and Operations Management.** Production and operations management majors develop the technical knowledge and skills necessary for professionals in production, production management, and operations management. Most organizations of any significant size have a departmental unit which performs this specialized function. Demand for well-trained production managers has steadily increased due to the need for more technical expertise in our changing sociotechnical world. Production and operations management specialists must have a background in material requirements planning, forecasting, aggregate planning, facility layout, scheduling, inventory control, quality control, and computer operations and capabilities.

Students graduating with a major in production and operations management would typically find employment in positions such as production manager, production specialist, operations manager, distributions specialist, operations specialist, or other related positions. Work settings include major manufacturing, financial service, and service industries.

## Decision Systems Major

**With the B.S. Degree in Business Administration**  
(Major Code: 05072)

**Preparation for the Major.** Accountancy 201, 202; Economics 101, 102; Finance 140; Information and Decision Systems 180, 290; Mathematics 119 or Economics 201; Mathematics 120 or 150. (27-29 units)

These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Information and Decision Systems 396W with a grade of C (2.0) or better.

**Major.** Forty-five upper division units consisting of Information and Decision Systems 301, 302, 306, 366, 385, 396W, 407, 463, 464, 465; Finance 323; Management 350, 405; Marketing 370; and three units selected from Information and Decision Systems 360, 406, 408, 461, 462, 480; Economics 307; Finance 321, 425; Management 452, 458; Mathematics 362; and Psychology 470.

A minimum of 52 units of coursework applicable to the bachelor's degree must be completed outside the areas of economics and business administration. A maximum of six lower division units of accountancy courses may be used to satisfy degree requirements.

Students must complete all upper division courses in the major within five years prior to graduation. Students who will have completed any of those courses more than five years before the projected date of graduation must contact the department chair for information about ways to certify knowledge of current course content. A "C" average is required in the courses stipulated here for the major.

## Information Systems Major

**With the B.S. Degree in Business Administration**  
(Major Code: 07021)

**Preparation for the Major.** Accountancy 201, 202; Finance 140; Information and Decision Systems 180, 280, 290; Economics 101 and 102; Mathematics 120 or 150; and Economics 201 or Mathematics 119. (30-32 units)

These prerequisite courses, except for Information and Decision Systems 280, may not be taken Cr/NC; the minimum grade in each class is C, except for Information and Decision Systems 280. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Information and Decision Systems 396W with a grade of C (2.0) or better.

**Major.** Fifty-one upper division units consisting of Finance 323; Information and Decision Systems 301, 302, 306, 384, 385, 396W, 406, 407, 480, 483, 492; Management 350, 405; Marketing 370; and six units of electives selected from Information and Decision Systems 360, 383, 388, 391, 408, 463, 465, 482, 491.

A minimum of 52 units of coursework applicable to the bachelor's degree must be completed outside the areas of business administra-

tion and economics. A maximum of six lower division units of accountancy courses may be used to satisfy degree requirements.

Students must complete all upper division courses in the major within five years prior to graduation. Students who will have completed any of those courses more than five years before the projected date of graduation must contact the department chair for information about ways to certify knowledge of current course content. A "C" average is required in the courses stipulated here for the major.

## Production and Operations Management Major

**With the B.S. Degree in Business Administration**  
(Major Code: 05064)

**Preparation for the Major.** Information and Decision Systems 180, 290; Accountancy 201, 202; Economics 101, 102; Finance 140; Mathematics 119 or Economics 201; Mathematics 120. (27 units)

These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Information and Decision Systems 396W with a grade of C (2.0) or better.

**Major.** Thirty-six to thirty-seven upper division units consisting of Information and Decision Systems 301, 302, 360, 385, 461, 462, Finance 323; Management 350, 405; Marketing 370; and six to seven units selected from Information and Decision Systems 306, 366, 388, 407, 463, 464, 465, Accountancy 312, Management 452, 453, Mechanical Engineering 546\*.

A minimum of 52 units of coursework applicable to the bachelor's degree must be completed outside the areas of economics and business administration. A maximum of six lower division units of accountancy courses may be used to satisfy degree requirements.

Students must complete all upper division courses in the major within five years prior to graduation. Students who will have completed any of those courses more than five years before the projected date of graduation must contact the department chair for information about ways to certify knowledge of current course content. A "C" average is required in the courses stipulated here for the major.

\* Additional prerequisites required.

## Business Major

**For the Single Subject Teaching Credential**  
**With the B.S. Degree in Business Administration**

All candidates for the single subject teaching credential in business must complete all requirements for the applicable specialization as outlined in this section of the catalog under the College of Education. Students must complete the requirements of a major in one of the five departments within the College of Business Administration. In consultation with the single subject credential adviser in the College of Business Administration, undergraduate students must develop programs which fulfill the State credential requirements. All undergraduate majors must demonstrate office skills proficiency. Finance 589, Personal Financial Planning, is required of all teaching credential majors.

Student program must be approved in advance by the College of Business Administration single subject credential adviser.

## Decision Systems Minor

The minor in decision systems consists of a minimum of 21 units to include Information and Decision Systems 301, 302; Mathematics 119, 120; and nine units selected from Information and Decision Systems 180, 366, 463, 464, 465.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. Students with a major in the College of Business Administration may not complete a

minor in the College of Business Administration. Permission to take business minors must be obtained from the business minor adviser in the college of the student's major.

## Information Systems Minor

The minor in information systems consists of a minimum of 21 units to include Information and Decision Systems 180, 280, 306, 385, 480; and six units selected from Information and Decision Systems 383, 384, 388, 391, 396W, 406, 407, 463, 482, 483, 491, 492.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. Students with a major in the College of Business Administration may not complete a minor in the College of Business Administration. Permission to take business minors must be obtained from the business minor adviser in the college of the student's major.

## Production and Operations Management Minor

The minor in production and operations management consists of a minimum of 21 units to include Accountancy 201; Economics 101, 102; Information and Decision Systems 301 or 302, 360; Management 350; and three units selected from Information and Decision Systems 461, 462, 464. Prerequisites to the minor include Economics 201 or Mathematics 119, and Mathematics 120.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. Students with a major in the College of Business Administration may not complete a minor in the College of Business Administration. Permission to take business minors must be obtained from the business minor adviser in the college of the student's major.

## Courses

### LOWER DIVISION COURSES

(Information and Decision Systems courses previously listed under the rubric of Information Systems)

#### 180. Principles of Information Systems (3) I, II

Applications of computerized systems in business organizations. Basic concepts of computer organization, data processing systems, decision support systems, systems analysis, and computer programming. Programming in a computer language to solve business problems.

#### 280. COBOL Programming (3) I, II

Prerequisite: Information and Decision Systems 180.  
Introduction to COBOL programming. Emphasis on coding techniques, file organization, and report preparation.

#### 290. Business Communication (3) I, II

Principles of effective communication applied to business and industrial messages. Organization and presentation of written and oral reports.

### UPPER DIVISION COURSES (Intended for Undergraduates)

(Information and Decision Systems courses previously listed under the rubric of Information Systems)

#### 301. Statistical Analysis for Business (3) I, II

Prerequisites: Mathematics 120; Economics 201 or Mathematics 119. Approved upper division business major, business minor, or another major approved by the College of Business Administration. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Statistical methods applied to business decision making.

#### 302. Introduction to Production and Operations Management (3) I, II, S

Prerequisites: Mathematics 120; Economics 201 or Mathematics 119. Approved upper division business major, business minor, or another major approved by the College of Business Administration. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Production and operations management. Master scheduling, material requirements planning, inventory management, capacity planning, production activity control, location analysis, automation, computerized systems, layout planning, linear programming, decision making, queuing, simulation, quality control, project planning.

#### 306. Information Systems Analysis (3) I, II, S

Prerequisite: Credit or concurrent registration in Information and Decision Systems 385.

Systems development life cycle concept, with emphasis on analysis of requirements using structured methodology. Feasibility study, needs assessment, prototyping, application design alternatives. (Formerly numbered Information Systems 380.)

#### 360. Project Management (3)

Prerequisite: Credit or concurrent registration in Information and Decision Systems 302.

Management of small and large projects. Work breakdown structure milestones, project cost estimating and reporting, and single and multiple resource allocation/leveling. Computerized project management software.

#### 366. Statistical Methodology for Business Research (3)

Prerequisite: Information and Decision Systems 301.  
Design and application of quantitative methods related to business research, with an applied emphasis on factorial analysis of variance, covariance, experimental design, multiple regression, research reporting, and analysis of methodology appearing in business literature.

#### 383. Advanced COBOL Programming (3)

Prerequisite: Information and Decision Systems 280.  
Advanced application program development in COBOL emphasizing structured programming, table handling, and file access methods.

#### 384. Comparative Programming Languages (3) I, II

Prerequisite: Information and Decision Systems 280.  
Basic principles of programming language syntax and semantics. Background for learning new programming languages; understanding of specific environments into which programming languages fit.

#### 385. Information Systems Software and Hardware Organization (3) I, II

Prerequisite: Completion of lower division courses required for majors and minors in the Department of Information and Decision Systems.

Functional characteristics and organization of hardware components; assembly language programming concepts; principles and functions of operating systems; system software and control of applications program environment. Not open to students with credit in Information Systems 485.

#### 388. End-User Computing (3)

Prerequisite: Credit or concurrent registration in Information and Decision Systems 385.

End-user computing including systems and tools used for manipulating data and applications. Communication, training, behavioral theories ethics, microcomputer software selection and use, data capture and output, project implementation and management, security and disaster planning, and current computing issues.

#### 391. System Documentation (3)

Prerequisites: Information and Decision Systems 306 and 396W.  
Structured approach to system documentation, documentation standards and control, on-line and automatic documentation, user interfacing in software documentation, electronic and nontraditional documentation techniques.

#### 396W. Reporting Techniques for Business Professionals (3) I, II

Prerequisite: Information and Decision Systems 290. Satisfies University upper division writing requirement for students who have completed 60 units, fulfilled the Writing Competency Requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Advanced preparation of oral and written reports used in business and other organizations. Individualized study of reports in student's career field. (Formerly numbered Business Administration 390.)

#### 404. Small Business Administration (3)

Prerequisites: Finance 323; Information and Decision Systems 301 or 302; Management 350; Marketing 370; and consent of instructor.

Counseling of existing small businesses in conjunction with the Small Business Administration. Application of principles from all fields of business administration. Maximum credit six units. (Formerly numbered Business Administration 404.)

#### 406. Information Systems Design (3) I, II

Prerequisite: Information and Decision Systems 306.  
Business information systems design, installation, and implementation as part of the systems development life cycle, with emphasis on structured design methodology.

#### 407. Artificial Intelligence Applications in Business (3)

Prerequisite: Credit or concurrent registration in Information and Decision Systems 385.

Basic artificial intelligence concepts, knowledge acquisition and representation, automated problem-solving and goal-seeking techniques; applications of artificial intelligence in business, expert systems, differences between data processing and artificial intelligence methodologies.

#### 408. Computer Graphics in Business (3)

Prerequisite: Information and Decision Systems 302.  
Application of computer graphics to business, graphics in business reporting, graphics equipment and technology, graphics software, algorithmic manipulation of images, picture processing, principles of graphics interfaces. Case studies.

#### 461. Operations Management (3)

Prerequisite: Information and Decision Systems 302.  
Use of tools for effective utilization of resources in manufacturing and service activities. Includes industrial engineering, project management, linear programming, waiting line models, learning curves, inventory models, and logistics.

#### 462. Operation Scheduling and Control Systems (3)

Prerequisite: Information and Decision Systems 302.  
Materials management to include forecast error analysis, distribution requirements planning, capacity planning and control, cumulative charting, and shop floor control.

#### 463. Management Science and Decision Systems (3)

Prerequisite: Information and Decision Systems 301 or 302.  
Application of management science techniques in design of computerized decision support systems. Cases and examples from industry.

#### 464. Quality and Productivity (3)

Prerequisite: Information and Decision Systems 301 or 302.  
Applications of operations management techniques to improvement of quality and productivity. Total quality control and just-in-time systems. Cases from American and Japanese companies.

#### 465. Simulation and Stochastic Modeling in Business (3)

Prerequisite: Credit or concurrent registration in Information and Decision Systems 302.  
Applications of computer simulation and stochastic modeling techniques in business. Emphasis on queuing systems, inventory simulation, corporate planning, and other stochastic modeling techniques. Cases and examples from industrial applications.

#### 480. Data Management Systems (3) I, II

Prerequisite: Information and Decision Systems 385.  
Methodology for applying data base management systems in design of information systems. Analysis of data base applications from perspectives of system users and systems analysts.

#### 482. Information and Decision Systems Practicum (3)

Prerequisite: Completion of at least eighteen units of upper division information and decision systems courses.

Information system design or development project applying knowledge gained in previous coursework done under joint supervision of course instructor and an information systems manager.

#### 483. Data Communications (3) I, II

Prerequisite: Information and Decision Systems 385.  
Data communication system components; common carrier services and local area networks; economic, legal and technical issues in distributed information processing; analysis and design of data communication network applications; management and control of distributed data processing environment.

#### 490W. Reporting Techniques for Accountants (3) I, II

Prerequisite: Twelve upper division units in accounting. Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Advanced preparation of written and oral reports with application to professional needs of accountants.

#### 491. Advanced Data Management Systems (3)

Prerequisite: Information and Decision Systems 480.  
Database management concepts; logical database design and entity/relationship model. Relational databases: data normalization; user's view implementation; evolution of commercial DBMS products. CODASYL databases: efficiency and complexity. Issues in database administration, concurrency control, recovery from failure, functions of database administrator.

#### 492. Management of Information Systems (3) I, II

Prerequisites: Information and Decision Systems 306, credit or concurrent registration in Information and Decision Systems 480 and 483.

Role of information systems in organizations from management perspective; information systems administration, quality assurance, risk management, countermeasure components, security, and control.

#### 496. Selected Topics in Information Systems (1-4) I, II

Prerequisite: Consent of department chair.  
Selected areas of concern in information systems. See Class Schedule for specific content. May be repeated with new content with consent of department chair. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 498. Investigation and Report (1-3) I, II

Prerequisites: Senior standing and consent of instructor.  
May be repeated with new content. Maximum credit six units.  
A comprehensive and original study of a problem connected with information systems under the direction of one or more members of the information systems staff.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

### GRADUATE COURSES

Refer to the Graduate Bulletin.

# Interdisciplinary Programs

## Interdisciplinary Majors and Minors Offered

Major in international business with the B.A. degree in liberal arts and sciences.

Major in liberal studies with the B.A. degree in liberal arts and sciences and in applied arts and sciences.

Major in Russian and East European studies with the B.A. degree in liberal arts and sciences.

Major in urban studies with the B.A. degree in liberal arts and sciences.

Minor in African studies.

Minor in energy studies.

Minor in environment and society.

Minor in Middle East studies.

## International Business

### In the College of Arts and Letters and the College of Business Administration

Office: Business Administration 310A  
Telephone: (619) 594-3008

#### Faculty

International Business is administered by the International Business Program Committee. The program draws on courses offered by faculty in the following departments and programs: Asian Studies, Chinese, European Studies, Finance, French, German, Italian, Japanese, Latin American Studies, Management, Marketing, Portuguese, Russian, Spanish.

**Chair and Undergraduate Adviser:** Branan (French and Italian Languages and Literatures)

**Committee:** Davies (History), Doyle (Spanish and Portuguese Languages and Literatures), Hergert (Management), Higurashi (Linguistics and Oriental Languages), Teagarden (Management).

#### Advising

All students admitted to the University with a declared major in international business are required to meet with the undergraduate adviser during their first semester on campus.

#### The Major

International business is an interdisciplinary major which culminates in a Bachelor of Arts degree offered jointly by the College of Arts and Letters and the College of Business Administration, a member of the American Assembly of Collegiate Schools of Business. This program integrates coursework in area and culture studies, business administration, and foreign language.

Students complete the equivalent of a minor in one of four area studies: Asia, Europe, Latin America, and Russian and East European Studies, and the equivalent of more than a minor in one of eight foreign languages. Students also complete the necessary business courses to meet accreditation standards of the American Assembly of Collegiate Schools of Business (AACSB) for a major in business administration.

The governments of France and Spain have authorized SDSU to administer tests locally which, if completed successfully, result in

For information on additional interdisciplinary programs, refer to this section of the catalog under the headings of American Studies, Asian Studies, Family Studies and Consumer Sciences (Child Development), Gerontology, Humanities (European Studies), Judaic Studies, Latin American Studies, and Social Science.

certification by those governments of the student's business knowledge and linguistic capacity.

The International Business program is also the locus of several of the activities sponsored by the SDSU Center for International Business Education and Research (CIBER). This Center, one of a network of six such centers in the United States, is funded by the U.S. Department of Education and administered by SDSU's Colleges of Arts and Letters and Business Administration in order to promote international business education in the region.

High school students who are planning to select this major are strongly advised to complete the following courses prior to admission to the University: four years of one foreign language; four years of mathematics; and courses in accounting, computer programming, economics, and world history.

Depending on the focus chosen, an international business major may enhance a career in the following areas: airlines, banking and finance, consulting, customs brokerage, education and training, entrepreneur, freight forwarding, government and U.S. customs, hotel management, human resources, import and export administration, insurance, international sales and marketing, international law, interpretation and translation, manufacturing, purchasing, trade associations, travel agency.

## International Business Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 05131)

Applications will be accepted only during the months of August for the following spring semester and November for the following fall semester. Change of major and declaration of major will be accepted only during September for the spring semester and March for the fall semester.

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** (Complete I, II, and III: 47-60 units)

### I. Area Studies (choose one area):

**Asian Studies:** History 100, 101; and six units selected from Anthropology 102; Asian Studies 105, 106, 107; Geography 102; History 120, 121; and three units selected from Economics 100; Political Science 103. (15 units)

**European Studies:** History 105, 106; Classics 140; and six units selected from Anthropology 102; Art 258, 259; Comparative Literature 210 or English 220; Geography 102; Music 151; Philosophy 101, 102; Political Science 103. (15 units)

**Latin American Studies:** Latin American Studies 101; and 12 units selected from Anthropology 102; Geography 102; History 115A, 115B; Political Science 101, 103. (15 units)

**Russian and East European Studies:** Classics 140; History 105, 106; and six units selected from Anthropology 102; Art 258, 259; Comparative Literature 210; English 220; Geography 102; Music 151; Philosophy 101, 102; Political Science 103. (15 units)

**II. Business** (The foreign language graduation requirement and all preparation for the major in the Business portion of this major must be completed before enrolling in any upper division courses in Business Administration): Accountancy 201, 202; Economics 101, 102; Economics 201 or Mathematics 119; Finance 140; and Information and Decision Systems 180. (21 units)

### III. Foreign Language (choose one language):

Chinese 101, 202, 296. (12 units)\*\*

French 100A, 100B, 200A, 200C, 200D, 200E. (22 units)

German 100A, 100B, 200A, 200B, 211. (18 units)

Italian 100A, 100B, 200A, 200B. (16 units)

Japanese 101, 102, 201, 202. (16 units)

Portuguese 101, 212, 296. (11 units)

Russian 100A, 100B, 200A, 200B, 211, 212. (24 units)

Spanish 100A, 100B, 100C, 202, 211, 212. (22 units)

\*\* The Chinese curriculum is being revised. Contact Department of Linguistics and Oriental Languages for information on availability of course offerings.

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** (Complete I, II, and III below: 43 units)

### I. Area Studies (choose one area)

**Asian Studies:** A minimum of 12 units. Six units selected from Asian Studies 458, 459, 560; Comparative Literature 430; History 561A, 561B, 562, 563, 564A, 564B, 566, 567, 568, 569, 570; Philosophy 351, 575+; Religious Studies 401\*, 403\*, 506\*; and a minimum of six units selected from Anthropology 450, 452, 582+; Economics 330, 360+, 365, 465; Geography 331, 540+; Political Science 362.

**European Studies:** A minimum of 12 units to include six units selected from Humanities 401, 402, 403, 404; and no more than six units selected from Anthropology 440, 582+; Comparative Literature 511, 512, 513, 514; Economics 330, 360+, 483; Geography 336; History 407A, 407B; Humanities 310, 311, 320, 321, 330, 331, 340, 350, 400+; Philosophy 411, 412, 413, 414; Political Science 356.

**Latin American Studies:** A minimum of 12 units (with no more than six units from one department) selected from Anthropology 442, 443, 470, 476, 582+; Art 561, 562; Comparative Literature 445; Economics 360+, 365, 464, 562+, 565; Geography 323, 324; History 415A, 415B, 538, 551A, 551B, 552, 553, 554, 555, 556, 557, 558; Latin American Studies 498, 560, 580; Mexican American Studies 306, 310, 350A, 355, 375, 376; Political Science 382, 566, 567, 568; Portuguese 535\*; Public Administration 580\*+; Sociology 556\*+; Spanish 306A, 306B, 441, 442, 515A, 515B, 520, 522, 524, 570, 571, 572; Women's Studies 310\*.

**Russian and East European Studies:** A minimum of 12 units with six units selected from the following courses taught in English: Economics 330; Geography 337; History 518A-518B; Humanities 330, 331; Political Science 358, 359; Russian 305A-305B; and six units selected from Russian 430, 501\*, 555, 561, 563, 580\*, 581\*.

\* Indicates courses with prerequisites not included in requirements listed above.

+ These courses may be included in the major only with the written approval of the undergraduate adviser for international business.

\*% Indicates courses that may be used to satisfy the major requirement in area studies when not used to satisfy the major requirement in foreign language.

**II. Business** (The foreign language graduation requirement and all preparation for the major in the Business portion of this major must be completed before enrolling in any upper division courses in Business Administration): A minimum of 22 units to include Finance 323, 329; Information and Decision Systems 302; Management 350, 466; Marketing 370, 376.

### III. Foreign Language (choose one language):

Chinese 303, 304, 496. (9 units)

French 301, 302, or 422 and 423. (9 units)

German 301, 302, and 403 or 420. (9 units)

Italian 301, 305A, 305B. (9 units)

Japanese 301, 302, 401. (9 units)

Portuguese 301, 302, 535. (9 units)

Russian 301, 302, and 501 or 580 or 581. (9 units)

Spanish 301A, and two courses selected from

Spanish 301B, 307, 497. (9 units)

A maximum of six units of courses numbered 496 and 596 may be applied to the major with the approval of the International Business adviser.

## The Major

The liberal studies major provides three options for students wishing to follow degree programs involving more than one discipline or area of study. Option 1 offers an opportunity to combine three disciplines in a focused program of study; Option 2 permits a more general education with courses chosen from four broad groups and is designed mainly for students planning to enter elementary education; Option 3 is an alternative to Option 2 for students interested in bilingual/bicultural (Spanish) education.

**Liberal Studies Option 1** is a student-designed major incorporating coursework from three different departments. It is appropriate for students whose postgraduate goals are not well addressed by a traditional major or major/minor combination.

Students design and justify their own master plans to suit their individual career goals. Approval of the plans must be secured from each of the involved departmental advisers and from the Dean of Undergraduate Studies prior to completion of 90 semester units. Information regarding participating departments and procedures for application is available from the Division of Undergraduate Studies.

Some common master plans include *International Security and Global Cooperation*, with coursework in biology, economics, and history; and *Performing Arts*, with coursework in music, dance, and drama. Programs are also available in *Design and Development Technology*, and in *Japan Studies*.

**Liberal Studies Option 2** provides a broad and vigorous liberal education with coursework equally distributed between English language, literature and communication; mathematics and sciences; social science; and humanities and fine arts.

Some students choose this major because their educational goal is a liberal education or they seek breadth before a specialized postgraduate degree. Most students who select this major, however, are seeking a Multiple Subject Credential. Liberal Studies Option 2 meets all the requirements for the multiple subject/diversified major as specified in the Ryan Act and is an approved major for the Multiple Subject Credential leading to a career in teaching at the elementary level. Individuals seeking this credential who complete this major are exempt from the National Teachers Examination. Additional requirements for admission to the credential program are listed in this catalog under Teacher Education.

Advising for the major is available at the University Advising Center (CL-107). A booklet giving a more detailed description of the major is available at the campus bookstore.

**Liberal Studies Option 3** is a variation of Option 2 which offers students the opportunity to study in a broad spectrum of academic fields while also learning Spanish. Graduates of this program may choose to use their bilingual skills and liberal arts education in seeking employment with international corporations or government agencies which require such skills or to enter the field of elementary school teaching.

Liberal Studies Option 3 meets all the requirements for the multiple subject/diversified major as specified in the Ryan Act. Students select-

ing the Liberal Studies Option 3 major may enter either the Multiple Subject or the Multiple Subject with Bilingual Emphasis credential program. The bilingual emphasis authorizes teaching in either a regular or bilingual classroom.

Students should select those courses which will improve oral and written Spanish usage ability, English language proficiency, and cultural awareness and sensitivity; and are advised to take courses taught in Spanish - for example, history, mathematics, or science.

Advising for this major is available at the University Advising Center (CL-107) and from Dr. Richard Pacheco (CL-106C). A booklet giving a more detailed description of the major is available at the campus bookstore.

## Liberal Studies Major

### OPTION 1. Liberal Studies in Three Departments with the B.A. Degree in Liberal Arts and Sciences. (Major Code: 49011U)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

The student master plan must be approved (AD-223) before this major may be declared.

A minor is not required with this major.

**Preparation for the Major.** A minimum of two courses (normally defined as six units) in each of the three departments selected in the major must be completed in the lower division as foundation for upper division courses. In departments where lower division offerings are insufficient to meet this requirement, the total minimum upper division requirement may be extended.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units selected from three departments: (a) with no fewer than nine units from each of the three departments; and (b) with no fewer than six units from each of the three departments completed at San Diego State University; and (c) with minimum overall and San Diego State University grade point averages of 2.0 in each of the three departments.

### OPTION 2. Liberal Studies in the Multiple Subject Groups with the B.A. Degree in Applied Arts and Sciences. (Major Code: 49012U)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Completion of the Liberal Studies Option 2 major also fulfills General Education requirements.

A minor is not required with this major.

**Preparation for the Major.** Fifty-two units distributed as follows: (Courses listed under numbers 1, 2, 3, and 5 or 6 must be taken for a letter grade.)

#### Group A: English and Speech (12 units)

1. **Composition** - Three units selected from Afro-American Studies 120; English 100; Linguistics 100; Mexican American Studies 111B.
2. **Composition** - English 200.
3. **Speech** - Three units selected from Afro-American Studies 140; Mexican American Studies 111A; Speech Communication 103.
4. **Literature** - Three units selected from Comparative Literature 270A, 270B; English 220.

#### Group B: Mathematics and Science (16 units)

5. **Mathematics** - Mathematics 210.

#### 6. **Mathematics** - Mathematics 211.

With approval of the mathematics adviser, any of the following pairs of mathematics courses may be substituted for Mathematics 210, 211: Mathematics 121, 122; 150, 151; 312, 313.

#### 7. **+Biological Science** - Three units (or four including laboratory) selected from Biology 100, 100L (strongly recommended), 110, 110L, 120, 120L, 130, 130L; Natural Science 110B.

#### 8. **+Physical Science** - Three units (or four including laboratory) selected from Astronomy 101, 109; Geological Sciences 100, 101; Natural Science 100, 102, 110A; Physics 103.

+ Either item 7 or 8 must include a laboratory.

#### 9. **Mathematics/Science Elective** - Three units selected from any course approved in 7 or 8 above or from the following: Anthropology 101; Chemistry 100; Geography 101; Mathematics 104, 118, 140; Physics 107, 201.

#### Group C: Social Science (9 units)

#### 10. **Global Perspective** - Anthropology 102 or Geography 102.

#### 11. **Individual Perspective** - Psychology 101.

#### 12. **U.S. Organization** - Three units selected from Economics 100, 101, 102; Sociology 101; or any General Education American Institutions course.

#### Group D: Humanities and Fine Arts (15 units)

#### 13. **Values and Ethics** - Three units selected from Philosophy 101, 102, 103; Religious Studies 101.

#### 14. **Western Civilization** - Three units selected from Art 258, 259; Drama 120; History 105, 106; Humanities 102A, 102B.

#### 15. **Art or Drama** - Three units selected from Art 100, 101, 157; Drama 105.

#### 16. **Music** - Music 102.

#### 17. **Language or Elective** - Three units selected from items 13 through 16 above or from the following: Art 158; Classics 140; Drama 130; Humanities 101, 140; Music 151; or any foreign language course.

#### Additional Requirements (for entrance into Teacher Education)

1. Health Science 101 or 320.
2. Physical Education 241.
3. Teacher Education 290.

**Pattern Requirement.** One three-unit course in the major or preparation for the major must be selected from History 422 or Sociology 455, or from Afro-American, American Indian, Mexican American, or Women's Studies courses listed in the Liberal Studies curriculum. Afro-American Studies 120, 140, Mexican American Studies 111A, 111B do not meet this requirement.

**Upper Division Writing Requirement.** English 306W (very strongly recommended) or English 500W with a grade of C (2.0) or better.

**Major.** Thirty-seven upper division units distributed as follows (no more than six units each in Afro-American, American Indian, Mexican American, or Women's Studies):

#### Group A: English and Speech (9-12 units)

**Required** - Linguistics 420. (Communicative Disorders credential students ONLY may substitute Communicative Disorders 500.)

**Required** - Either English 306A and 306W (very strongly recommended) or English 500W and three units selected from AfroAmerican Studies 460; Comparative Literature 470; English 301, 302, 405, 494, 501; Mexican American Studies 335; Women's Studies 352.

**Electives** - Zero to three units of electives selected from required courses listed above or from the following: Afro-American Studies 362; Communicative Disorders 305; Linguistics 452 (recommended), 524, 550, 552, 553; Mexican American Studies 464; Speech Communication 475.

#### Group B: Mathematics and Science (7-10 units)

**Required** - Mathematics 309 or 312 (recommended).

**Required** - Natural Science 412A or 412B or 412C.

**Electives** - Zero to three units selected from required courses listed above or from the following: Astronomy 301; Biology 307, 319, 321, 324, 327, 330, 336, 339, 341, 341L, 454, 480; Geological Sciences 301, 303; Mathematics 313; Natural Science 305, 315, 316, 317, 333, 431; Oceanography 320; Physics 301.

#### Group C: Social Science (12-15 units)

**Required** - Six units in history/politics to be selected as follows:

If American Institutions has not been completed at lower division level, select from one of the following sequences: History 310A-310B, 410A-410B, 547A-547B; Political Science 305 and 320, 305 and 321, 320 and 321; Women's Studies 341A-341B.

If American Institutions has been completed at lower division level, select three units of history and three units of politics from the following courses:

**History:** Afro-American Studies 471A, 471B, American Indian Studies 440, History 407A, 407B, 422, 442A, 442B, 540, 545A, 545B, 546A, 546B, 548A, 548B, Mexican American Studies 350A, 350B;

**Politics:** American Indian Studies 400, Mexican American Studies 301, Political Science 334, 335, 346, 348, 356, 375, Women's Studies 375.

Students may also select three units of history and three units of politics (not complete sequences) from among the American Institutions courses listed above. Students with credit in History 110A may not take 310A; with credit in 110B may not take 310B; with credit in Political Science 102 may not take 320.

**Required** - Psychology 330 or 380.

**Required** - Three units in culture, society, or geography selected from the following: Afro-American Studies 331, 445; American Indian Studies 320; Anthropology 350, 432, 444; Geography 312, 321, 350, 357, 370; Mexican American Studies 320, 480, 481; Sociology 320, 355, 410, 421, 430, 444, 450, 455, 459, 522, 539; Women's Studies 310, 320.

**Electives:** - Zero to three units selected from required courses listed above or from the following: Afro-American Studies 330, 332, 363, 380, 448, 452, 470; American Indian Studies 303, 420, 533; Economics 330, 336, 338, 489; Education 350; General Studies 310; History 415A, 415B, 420, 421; Linguistics 551; Mexican American Studies 355; Psychology 340; Women's Studies 325, 340, 370, 390.

#### Group D: Humanities and Fine Arts (6-9 units)

**Required** - Three units in art, drama, or music selected from the following: Afro-American Studies 480; Art 387 (recommended), 558, 560, 562, 569, 576; Drama 310, 315, 329A, 329B (all four recommended), 460A, 460B; Mexican American Studies 310; Music 343 (recommended), 344, 351A, 351B, 351C, 351D, 351E, 351F.

**Required** - Three units selected from art, drama, or music courses listed above or from the following: American Indian Studies 430, 470; Classics 310, 340; History 305A-305B; Humanities 401, 402, 403, 404; Mexican American Studies 376, 380; Philosophy 310, 329, 334, 351, 411; Religious Studies 301, 305, 318, 340, 350, 353, 354, 363, 401, 403; Women's Studies 351, 356; or any upper division foreign language course.

**Electives** - Zero to three units selected from required courses listed above.

### OPTION 3. Liberal Studies with Bilingual/Bicultural Spanish Emphasis in the Multiple Subject Groups with the B.A. Degree in Liberal Arts and Sciences. (Major Code: 49014)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Completion of the Liberal Studies Option 3 major also fulfills General Education requirements.

A minor is not required with this major.

**Spanish Language Requirement.** Students need to have or be gaining proficiency in Spanish equivalent to four years of high school or Spanish 100A, 100B, 100C to follow this curriculum.

**Maximum Units in One Department.** Twenty-four units, upper division and lower division combined. Mexican American Studies and Multicultural Education are considered as one department.

**Preparation for the Major.** Fifty-one units distributed as follows: (Courses listed under numbers 1, 2, 3, and 5 or 6 must be taken for a letter grade.)

**Group A:** English and Speech (12 units)

1. **English Composition** – English 100 or Mexican American Studies 111B.
2. **Composition** – English 200.
3. **Speech** – Mexican American Studies 111A or Speech Communication 103.
4. **Literature** – Three units selected from Comparative Literature 270A, 270B; English 220.

**Group B:** Mathematics and Science (13 units)

5. **Mathematics** – Mathematics 210.
6. **Mathematics** – Mathematics 211. (Students may substitute calculus sequences approved by the Department of Mathematical Sciences or Mathematics 312 and 313 for items 5 and 6.)
7. **+ Biological Science** – Three units (or four including laboratory) selected from Biology 100, 100L (strongly recommended), 110, 110L, 120, 120L, 130, 130L; Natural Science 110B.
8. **+ Physical Science** – Three units (or four including laboratory) selected from Astronomy 101, 109; Geological Sciences 100, 101; Natural Science 100, 102, 110A; Physics 103.

+ Either item 7 or 8 must include a laboratory.

**Group C:** Social Science (9 units)

9. **Global Perspective** – Anthropology 102 or Geography 102.
10. **Individual Perspective** – Psychology 101.
11. **United States Organization** – Three units selected from Economics 100, 101, 102; History 110A, 110B; Mexican American Studies 120A, 120B, 141A, 141B; Political Science 101, 102; Sociology 101.

**Group D:** Humanities and Fine Arts (17 units)

12. **Values and Ethics** – Three units selected from Philosophy 101, 102, 103; Religious Studies 101.
13. **Western Civilization** – Three units selected from Art 258, 259; Classics 140; Drama 120; History 105, 106; Humanities 102A, 102B.
14. **Art or Drama or Music** – Three units selected from Art 100, 101, 157; Drama 105; Music 102.
15. **Spanish Language** – Spanish 202.
16. **Spanish Language** – Spanish 211 and 212.  
(Students with equivalent knowledge and proficiency may substitute, with written permission of the major adviser, alternative courses in place of items 15 and 16.)

**Additional Requirements** (for entrance into Teacher Education).

1. Health Science 101 or 320.
2. Physical Education 241.
3. Policy Studies in Language and Cross-Cultural Education 451.

**Upper Division Writing Requirement.** English 306W (very strongly recommended) or English 500W with a grade of C (2.0) or better.

**Major.** Thirty-seven upper division units distributed as follows:

**Group A:** English and Speech (12 units)

- Required** – English 306A-306W (very strongly recommended) or 500W and 501.  
**Required** – Linguistics 420 and 553.

**Group B:** Mathematics and Science (7 units)

- Required** – Mathematics 309 or 312.  
**Required** – Natural Science 412A or 412B or 412C.

**Group C:** Social Science (9 units)

- Required** – Mexican American Studies 350A or 350B.  
**Required** – Psychology 330 or 380.

**Required** – Three units selected from the following: Afro-American Studies 330, 331, 363, 471B; American Indian Studies 320, 420, 533; Anthropology 410, 432; History 310A, 310B, 410A, 410B, 415A, 415B, 551A, 551B, 557; Linguistics 551; Mexican American Studies 480, 481; Political Science 305, 320, 321, 335; Psychology 330, 351, 380; Social Work 350; Sociology 355, 522; Women's Studies 310, 341A, 341B, 390.

**Group D:** Humanities and Fine Arts (9 units)

- Required** – Spanish 301B\* (or equivalent knowledge and proficiency).\*\*  
**Required** – Spanish 302 (or equivalent knowledge and proficiency).\*\*  
**Required** – Spanish 450 (or equivalent knowledge and proficiency).\*\*

\* Spanish 301A waived for students in Liberal Studies, Option 3 major.  
\*\* Students with knowledge and proficiency equivalent to the required Spanish courses may substitute, with written permission of the major adviser, nine units selected from the elective upper division courses listed below as follows: maximum three units in Groups A and B; maximum six units in Group C; at least three units in Group D.

**Group A Electives** – Zero to three units selected from Afro-American Studies 362, 460; Linguistics 452, 524, 550 (strongly recommended), 552; Mexican American Studies 335, 396W, 464; Speech Communication 475; Communicative Disorders 305; Women's Studies 352.

**Group B Electives** – Zero to three units selected from required courses above or Astronomy 301; Biology 307, 319, 321, 324, 327, 330, 336, 339; 341, 341L, 454, 480; Geological Sciences 301, 303; Mathematics 313; Natural Science 305, 315, 316, 317, 333, 431; Oceanography 320; Physics 301.

**Group C Electives** – Zero to six units selected from courses included in the third paragraph of Group C listed above.

**Group D Electives** – Three to six units selected from Afro-American Studies 480; American Indian Studies 430, 470; Art 387, 558, 560, 562; 569, 576; Drama 310, 315, 329A, 329B; Foreign Language (any upper division class); Mexican American Studies 310, 324, 376, 380; Music 343, 344, 351A, 351B, 351C, 351D, 351E, 351F; Women's Studies 356.

## Elementary Mathematics and Science Minor for Liberal Studies Options 2 and 3

The minor in Elementary Mathematics and Science is designed to provide potential middle school teachers of mathematics and science with appropriate content background. The minor consists of a minimum of 20 units to include Mathematics 121, 313; six units selected from Mathematics 302, 309, and 357; eight units selected from Natural Science 412A, 412B, and 412C. It is expected that students declaring this minor will have a Liberal Studies Major\*, and complete Mathematics 210, 211, 312, three units of biology and three units of physical science as described under the Liberal Studies Major, and four units from Natural Science 412A, 412B, and 412C.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and General Education requirements. A minimum of six upper division units must be completed at San Diego State University.

\* Students not majoring in liberal studies need the approval of the advisers to enroll in the minor.

## Russian and East European Studies

In the College of Arts and Letters

Office: Campanile Drive 178C  
Telephone: (619) 594-4236

Faculty

Chair and Undergraduate Adviser: Fetzer (Russian)

Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

The Major.

The goals of the Russian and East European Studies major are to promote the study of the Soviet Union and Eastern Europe within an integrated framework, and to build better understanding of the societies and cultures of this part of the world through the exchange of students, faculty and publications.

Recent revolutionary advances in transportation and communications produced by science and technology are effectively "shrinking" the world. At the present time the United States and the Soviet Union are in the process of expanding their commercial and cultural ties, opening unprecedented opportunities in government service, journalism, library work, and international business.

For those who continue graduate work after completing the bachelor's degree, Russian and East European studies is a good preparatory curriculum for graduate professional programs in international trade, international law, librarianship, education, public administration, and journalism.

## Russian and East European Studies Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 03071)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Russian 100A, 100B, 200A, 200B. (20 units)

Lower division prerequisites for the upper division courses to be taken in the major. (3-9 units)

**Foreign Language Requirement.** The foreign language requirement is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units to include nine units from at least two departments in the humanities selected from History 518A-518B, Humanities 330, 331; nine units from at least two departments in the social sciences selected from Economics 330, Geography 337, Political Science 358, 359; six units in Russian selected from upper division courses in the Russian language and literature program; and six units of electives selected with the approval of the adviser.

## Urban Studies

In the College of Arts and Letters and the College of Professional Studies and Fine Arts

Office: Professional Studies and Fine Arts 105  
Telephone: (619) 594-6224

Faculty

Urban studies is administered by the Urban Studies Committee. The program draws upon courses offered by faculty in the Departments of Anthropology, Economics, Geography, Political Science, Public Administration and Urban Studies, and Sociology.

Chair and Undergraduate Adviser: Caves (Public Administration and Urban Studies)

Committee: Bloomberg (Sociology), Ford (Geography), Kartman (Economics), Pendleton (Anthropology), Schultze (Political Science)

Advising

All urban studies majors must meet at least once each semester with the urban studies program coordinator for advice on meeting general program requirements and for assignment to an urban studies adviser within the department of concentration.

The Major

The major in urban studies is designed to prepare students for career opportunities in the urban milieu by providing an interdisciplinary major focused on the urban community, its environment and problems. The major combines the study of broad issues and theoretical concerns with specialized training in urban analytical research methodologies.

## Urban Studies Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22141)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements in the section of this catalog on "Graduation Requirements." Students are cautioned that several of the required and elective courses have prerequisites.

A minor is not required with this major.

**Preparation for the Major.** Anthropology 102; Economics 101, 102; Geography 102; Political Science 101 or 102; Sociology 101; and Mathematics 250 or Economics 201 or Political Science 201 or Sociology 201. (Students who specialize in economics must take Economics 201 or Mathematics 250.) (21 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to the section of this catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 33 upper division units to include Anthropology 529; Economics 458; Geography 354; Political Science 522; Public Administration 310; Sociology 557; and 15 units in one of the following specializations:

**Anthropology.** Required: Anthropology 520 or 580; and 12 units selected from 430, 444, 520, 531, 580, 582, 583.

**Economics.** Required: Economics 341; and 12 units selected from 307, 320, 321, 341, 370, 401, 477, 489, 565.

**Geography.** Required: Geography 385 or 585; and 12 units selected from 353, 358, 381, 385, 488, 554, 555, 556, 558, 559, 560, 572, 582, 585, 588.

**Political Science.** Required: Political Science 515A; and 12 units selected from 321, 325, 334, 335, 523, 531, 537.

**Public Administration and Urban Studies.** Nine units selected from Public Administration 350, 420, 512, 520; and six units selected from one of the following groups: (a) 450, 460, 512, 520; (b) 320, 525.

**Sociology.** Required: Sociology 406 or 407; and 12 units selected from 350, 355, 406 or 407 (if not taken as a required course), 443, 444, 445, 456, 505, 517, 537.

## Interdisciplinary Minors

### African Studies Minor

Dr. Issa J. Khalil, Department of Religious Studies, is adviser for this minor.

The minor in African Studies consists of a minimum of 15 units, 12 of which must be upper division, to include History 475A and 475B, Humanities 458; and six units from the following courses in any two departments: Anthropology 449\*; Geography 335; Political Science 364; and Religious Studies 340\*.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

### Energy Studies Minor

Dr. Alan R. Sweedler, Department of Physics, and Dr. Philip R. Pryde, Department of Geography, are co-advisers for this minor.

The interdisciplinary minor in energy studies\* consists of a minimum of 18 units to include 12 units selected from Biology 361, Economics 452, Mechanical Engineering 352, Geography 571, Physics 301; plus six units selected from Art 247 or 347, Biology 544, Eco-

nomics 453, Electrical Engineering 380, 580, Mechanical Engineering 582, 586, Geography 370, Geological Sciences 521, Industrial Technology 171, Natural Science 351, Political Science 334, or three units of 499 with the approval of the adviser.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

Courses in the major department or required for the major may not be used to satisfy requirements for the minor.

### Environment and Society Minor

Dr. Philip R. Pryde, Department of Geography, is adviser for this minor.

The minor in environment and society\* consists of a minimum of 15 units to include nine units selected from Biology 454, Economics 452, 453 or 555, and Geography 370; and six units selected from Biology 454, 544, Economics 452, 453, 454, 458, 555, Geography 370, 572, 574, 575, 576, History 441, 540, Political Science 334, 335, Sociology 350. Recommended: Geological Sciences 303, Physics 301.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

### Middle East Studies Minor

Dr. Issa J. Khalil, Department of Religious Studies, is adviser for this minor.

The minor in Middle East studies consists of a minimum of 15 units, 12 of which must be upper division, to include Humanities 457, Religious Studies 340\*; six units from History 473A, 473B and 574; and three units from Anthropology 474\*, Art 365\*, Political Science 363.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* Additional prerequisites are required for these courses.

## Italian

In the College of Arts and Letters

OFFICE: Library East 326  
TELEPHONE: (619) 594-6491

### Faculty

Emerita: Vergani, L.  
Chair: Benkov  
Professor: Vergani, G.  
Lecturer: Kehrenberg

### Offered by the Department of French and Italian Languages and Literatures

Minor in Italian.

### Italian Minor

The minor in Italian consists of a minimum of 15 units in Italian, six units of which must be in upper division courses in the language completed at San Diego State University.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable.

### Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences

Students electing the study of Italian to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete Italian 200A or 200B or the equivalent level of achievement. The usual sequence of coursework is Italian 100A, 100B, and 200A or 200B. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

### High School Equivalents

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:

1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.
2. The first **three years** of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five years separate the last high school course and the first college course.
3. **Four years** of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

### Courses

#### LOWER DIVISION COURSES

Native speakers of Italian will not receive credit for taking lower division courses in Italian except with advance approval from the department.

**All lower division courses in Italian are taught in Italian.**

No credit will be given when Italian 100A, 100B, 200, or 301 are taken concurrently or out of sequence. However, Italian 200A and 200B may be taken in any order.

#### 100A. Elementary (5) I, II

Pronunciation, speaking and writing, readings on Italian culture and civilization, essentials of grammar. Not open to students who have completed three years of high school Italian unless the third course was completed five or more years ago.

#### 100B. Elementary (5) I, II

Prerequisite: Italian 100A or two years of high school Italian. Continuation of Italian 100A. Not open to students who have completed four years of high school Italian unless the fourth course was completed five or more years ago.

#### 200A. Intermediate Grammar and Composition (3) II

Prerequisite: Italian 100B or three years of high school Italian. Comprehensive survey of Italian grammar at the intermediate level. Study of a variety of prose models and practice in writing.

#### 200B. Reading and Speaking Italian (3) I

Prerequisite: Italian 100B or three years of high school Italian. Emphasis on the spoken language with readings of cultural material serving as a basis for discussion.

#### 296. Topics in Italian Studies (1-4)

Prerequisite: Italian 100B or three years of high school Italian. Topics in Italian language and culture. May be repeated with new content. Taught in Italian. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### UPPER DIVISION COURSES (Intended for Undergraduates)

**All upper division Italian courses are taught in Italian unless otherwise noted.**

#### 301. Advanced Oral and Written Composition (3)

Prerequisite: Six units of 200-level Italian. Grammar review. Reading of modern Italian prose, with written reports and oral discussions in Italian.

#### 305A. Italian Literature (3)

Prerequisite: Six units of 200-level Italian. Important movements, authors and works in Italian literature from Middle Ages to the Renaissance.

#### 305B. Italian Literature (3)

Prerequisite: Six units of 200-level Italian. Continuation of Italian 305A from the Renaissance to the present.

#### 496. Selected Topics (1-4)

Topics in Italian language, literature, culture and linguistics. Conducted in English or in Italian. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit eight units.

#### 499. Special Study (1-3) I, II

Prerequisites: Italian 301 and 305A or 305B. Individual study. Maximum credit six units. This course is intended only for students who are currently enrolled in or who already have credit for all upper division courses in Italian available in any given semester.

# Japanese

In the College of Arts and Letters

## Faculty

Chair: Webb  
Associate Professor: Higurashi  
Assistant Professor: Ono

## Offered by the Department of Linguistics and Oriental Languages

Minor in Japanese.

## Japanese Minor

The minor in Japanese consists of a minimum of 18 units, 15 of which must be in Japanese language, six in upper division. The three additional units must be selected from Japanese 496; Anthropology 452; Art 263 or 308; History 569, 570; Linguistics 420; Religious Studies 403.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences

Students electing the study of Japanese to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete Japanese 201 or the equivalent level of achievement. The usual sequence of coursework is Japanese 101, 102, and 201. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

## High School Equivalents

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:

1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.

2. The first **three years** of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five years separate the last high school course and the first college course.

3. **Four years** of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

OFFICE: Campanile Drive 174A  
TELEPHONE: (619) 594-5268

## Courses

### LOWER DIVISION COURSES

Native speakers of Japanese will not receive credit for taking lower division courses except with advance approval from the department.

**All lower division courses in Japanese are taught in Japanese.**

No credit will be given for Japanese 101, 102, 201, 202 taken out of sequence.

#### 101. Elementary Japanese I (4) I

Four lectures and one hour of laboratory.

Elementary language skills: fundamental grammar, idiomatic expressions, hiragana, katakana, and basic kanji characters. Reading, writing, speaking, oral-aural drills, and relationship between language and culture. Not open to students who have completed three years of high school Japanese unless the third course was completed five or more years ago.

#### 102. Elementary Japanese II (4) II

Four lectures and one hour of laboratory.

Prerequisite: Japanese 101.

Continuation of Japanese 101. Preparation for Japanese 201. Not open to students who have completed four years of high school Japanese unless the fourth course was completed five or more years ago. (Formerly numbered Japanese 202.)

#### 201. Intermediate Japanese I (4) I

Four lectures and one hour of laboratory.

Prerequisite: Japanese 102.

Continuation of Japanese 102. More kanji and grammar. Further development of language competence for advanced courses in Japanese. Preparation for Japanese 202. (Formerly numbered Japanese 303.)

#### 202. Intermediate Japanese II (4) II

Four lectures and one hour of laboratory.

Prerequisite: Japanese 201.

Continuation of Japanese 201. Preparation for advanced courses in Japanese. (Formerly numbered Japanese 304.)

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

**All upper division courses in Japanese are taught in Japanese unless otherwise stated.**

#### 301. Third Year Japanese I (3) I

Three lectures and one hour of laboratory.

Prerequisite: Japanese 202.

Strengthening communication skill in Japanese; various literary styles; additional kyoiku kanji. Cultural values shaping modern Japanese society; intercultural communication. Preparation for Japanese 302.

#### 302. Third Year Japanese II (3) II

Three lectures and one hour of laboratory.

Prerequisite: Japanese 301.

Continuation of Japanese 301. Strengthening communication skill in Japanese; various literary styles; all kyoiku kanji. Cultural values shaping modern Japanese society; intercultural communication. Preparation for Fourth Year Japanese I.

#### 401. Fourth Year Japanese I (3) I

Prerequisite: Japanese 302.

Japanese literature from Meiji period to present. Selected readings from modern Japanese fiction and essays.

#### 402. Fourth Year Japanese II (3) II

Prerequisite: Japanese 401.

Japanese literature from Nara period to Meiji period (eighth to nineteenth centuries). Selected readings from modern Japanese fiction, essays, and poetry.

#### 496. Topics in Japanese Studies (1-4)

Topics in Japanese language, literature, culture and linguistics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit eight units.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.

Individual study. Maximum credit six units.

# Journalism

In the College of Professional Studies and Fine Arts

OFFICE: Professional Studies and Fine Arts 325  
TELEPHONE: (619) 594-6635

The Department of Journalism is accredited by the American Council on Education for Journalism/Mass Communication.

## Faculty

Emeritus: Holowach, Sorensen, Whitney, Wimer  
Chair: Broom  
Professors: Broom, Brown, Buckalew, Dozier, Hartung, Odendahl, Sneed  
Associate Professor: Wulfemeyer  
Assistant Professors: Lauzen, Mueller, Severn, Spevak  
Lecturer: Center

## Offered by the Department

Master of Science degree in mass communication (in cooperation with other departments).  
Major in journalism with the B.A. degree in liberal arts and sciences.  
Emphasis in advertising.  
Emphasis in news-editorial.  
Emphasis in public relations.  
Emphasis in radio-TV news.  
Teaching major in journalism for the single subject teaching credential in English/journalism.  
Minor in journalism.

## The Major

Journalism education emphasizes the training of writers, reporters, and editors for mass media. It also seeks to prepare and guide students interested in pursuing careers in a wide range of informational, interpretative, and promotional mass communication fields.  
The courses offered by the Department of Journalism are designed to give students a working knowledge of the skills, concepts, and values needed to succeed as competent professional communicators. They focus on the basic elements of factual and persuasive writing, editing, communications law and theory, history, and responsibility of mass communication.  
Career opportunities for journalism graduates are diverse and in competitive fields, including advertising, book editing and publishing, freelance writing, industrial journalism, magazines, mass communication research, news agencies, newspapers, public relations, radio, television, and teaching.

## Journalism Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 06021)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."  
Journalism majors must complete 30 units in journalism, 24 of which must be upper division units. Majors may exceed 30 units only upon petition to the Department of Journalism, but the maximum number of journalism units that will be credited toward the degree for graduation is 33. A maximum of six lower division units in journalism may be applied to the total of 30 units.  
A minimum of 94 units of coursework applicable to the bachelor's degree must be completed outside the areas of journalism, film, broadcasting, television, photography, and mass communication.

A minor is required; however, to preserve an appropriate balance between journalism/mass communication courses and courses in liberal arts and sciences, journalism majors may not minor in telecommunications and film. Journalism students planning to minor in any College of Business Administration discipline should contact the department office for pre-minor requirements.

Students are required to achieve a passing score on the Department of Journalism grammar, spelling, and punctuation test before enrolling in most journalism courses.

Lower division activity/production courses in newspaper, magazine, or broadcasting may not be applied toward the B.A. in journalism.

**IMPACTED PROGRAM.** The journalism major is designated as an impacted program and specific regulations related to admissions are imposed. Consult the department for regulations and admissions criteria.

## Emphasis in Advertising

Preparation for the Major. Journalism 220. (3 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Departmental screening in Journalism 310 with a grade of C (2.0) or better, or passing the University Writing Examination, or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in journalism to include Journalism 310, 460, 463, 465, and 466; nine units of upper division electives.

## Emphasis in News-Editorial

Preparation for the Major. Journalism 220. (3 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Departmental screening in Journalism 310 with a grade of C (2.0) or better, or passing the University Writing Examination, or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in journalism to include Journalism 310, 326; either 320 and 529 or 441 and 443; 502; nine units of upper division electives.

## Emphasis in Public Relations

Preparation for the Major. Journalism 220. (3 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Departmental screening in Journalism 310 with a grade of C (2.0) or better, or passing the University Writing Examination, or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in journalism to include Journalism 310, 480, 481, 509, and 585; nine units of upper division electives.

## Emphasis in Radio-TV News

Preparation for the Major. Journalism 220. (3 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Departmental screening in Journalism 310 with a grade of C (2.0) or better, or passing the University Writing Examination, or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in journalism to include Journalism 310, 470, 474, 475, and 502; nine units of upper division electives.

## Journalism Major

For the Single Subject Teaching Credential in English/Journalism With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 06021)

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

A major in journalism selected from any one of the emphases in journalism may be used by students in teacher education as an undergraduate major for the B.A. degree in liberal arts and sciences.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Departmental screening in Journalism 310 with a grade of C (2.0) or better, or passing the University Writing Examination, or completing one of the approved writing courses with a grade of C (2.0) or better.

**Credential Requirements.** A minimum of 45 units selected from four content areas. Some courses are required.

**Literature:** Twelve units to include either English 250A or 250B; either English 260A or 260B; either English 533, Comparative Literature 561, 562, or 563; three units selected from English 525, 526, Comparative Literature 270A, 270B.

**Composition:** Fifteen units to include English 100 and 500W; either English 200 or 280; six units selected from English 200, 280, 584W, Journalism 220, 320, 441.

**Linguistics:** Three units selected from Linguistics 101, 410, 420.  
**Journalism:** Fifteen units selected from Journalism 200, 310, 326, 350, 443, 450, 451, 460, 463, 466, 470, 474, 475, 480, 481, 490, 502, 529, 585.

## Journalism Minor

The minor in journalism consists of 15-18 units in one of the following areas:

**Advertising:** Journalism 220, 310, 460, 463, 465 and 466. (18 units.)

**News-Editorial:** Journalism 220, 310, 320, 326, and one of the following: 441, 502 or 529. (15 units.)

**Public Relations:** Journalism 220, 310, 480, 481, and 585. (15 units.)

**Radio-TV News:** Journalism 220, 310, 470, 474 or 475, and 502. (15 units.)

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

**200. Introduction to Mass Communication (3) (CAN JOUR 4)**  
Mass media and their interrelationships. The media and the consumer. Value and function of the mass media, particularly news media, in contemporary society. Problems and responsibilities.

**220. Writing for the Media (3) (CAN JOUR 2)**  
One lecture and four hours of activity.  
Prerequisites: Sophomore standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test. **Proof of completion of prerequisites required:** GSP test score and/or grade report or copy of transcript.  
Introduction to writing techniques for the mass media. Laboratory practice in informational and persuasive writing, evaluation, judgment; emphasis on newspaper journalism.

### UPPER DIVISION COURSES (Intended for Undergraduates)

**NOTE:** PROOF OF COMPLETION of prerequisites required for all upper division courses.: GSP test score as applicable and grade report or copy of transcript.

**310. Information Gathering and Reporting (3)**  
Prerequisites: Journalism 220 with minimum grade of C; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test. Satisfies the University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication.  
Methods of interviewing and information gathering. Journalistic attitudes, ethics and skills. Questioning and listening. Press conferences. Nature of inference, supposition, skepticism and the adversary system. Quantification in reporting. Research resources. Field experience.

**320. Public Affairs News Reporting (3)**  
One lecture and four hours of activity.  
Prerequisites: Journalism 310 with minimum grade of C; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.  
Field and laboratory practice in news gathering and writing, covering news beats including courts; local governments and other news sources. Emphasis on accuracy, clarity, comprehensiveness and interpretation.

**326. News Editing (3)**  
One lecture and four hours of activity.  
Prerequisites: Journalism 310 with minimum grade of C; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.  
Copy editing, headline writing, photo cropping and sizing, page layout and editorial judgment. Practice with wire and other copy. Attention to electronic editing.

**350. News and Feature Photography (3)**  
One lecture and four hours of activity.  
Prerequisites: Journalism 220 with minimum grade of C; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.  
Principles and practice of photojournalism, including fundamentals of camera operation, composition, developing and printing of black and white photographs for publication. News values in photography. Not open for credit to students with credit in Industrial Arts 140.

**408. Mass Communication and Society (3)**  
Prerequisite: Upper division standing.  
Social factors underlying nature, functions of mass media. Theories, models, research in media as culture carriers, opinion shapers; other societal interrelationships.

**425. Editorial and Critical Writing (3)**

Prerequisites: Journalism 320; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

Principles and practices in editorial and critical writing. Editorials, columns and commentary. Analysis and interpretation.

**441. Magazine Article Writing (3)**

Prerequisites: Journalism 220 with minimum grade of C; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.

Planning, gathering material, writing and marketing articles for specialized and general publications. Production of expository articles and marketing of at least one.

**443. Magazine Editing and Production (3)**

Two lectures and three hours of activity.

Prerequisites: Journalism 310 with minimum grade of C; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.

Editing and mechanics in the production of magazines. Selection and preparation of editorial materials. Graphics and photo selection, cropping, captioning. Graphic production processes. Layout, preparation of dummies for magazines, booklets, brochures.

**450. Advanced News and Feature Photography (3)**

One lecture and four hours of activity.

Prerequisites: Journalism 310 and 350; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

Role of photography in mass communication. Emphasis on photographic essay and innovation in photojournalism. Field and laboratory practice in telling stories with photographs. Information gathering for captions; accuracy, completeness.

**451. Photojournalism (3)**

One lecture and four hours of activity.

Prerequisites: Journalism 310 and 350; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

Advanced techniques of photography and darkroom. Documentary journalism. Experimentation with photo derivation and color photography. Field and laboratory practice in covering news events with still cameras.

**460. Principles of Advertising (3)**

Prerequisite: Upper division standing.

Principles of advertising, including copywriting, layout, typography, production, social responsibility, consumer and market surveys, and advertising readership studies.

**463. Advertising Copy, Layout and Design (3)**

One lecture and four hours of activity.

Prerequisites: Journalism 310 with minimum grade of C and 460; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.

Preparation of copy, layout, planning and production. Graphics, typography, and visual literacy. Copy writing.

**465. Advertising Research and Analysis (3)**

Prerequisites: Journalism 310 with minimum grade of C and 460; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.

Evaluation and use of data collecting and measurement for advertising media. Cases, practices and problems. Quantitative and qualitative characteristics of advertising.

**466. Advertising Campaigns (3)**

Prerequisites: Journalism 463, and Journalism 465 or Telecommunications and Film 540; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

Cases, practices and problems with advertising campaigns,

including political campaigns. Decision making in copy themes, art work, media imagery. Advertising campaign targets. Evaluating results.

**470. Radio-Television News Writing (3)**

One lecture and four hours of activity.

Prerequisites: Journalism 220 with minimum grade of C or Telecommunications and Film 110; credit or concurrent registration in Journalism 310; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.

Application of radio and television newswriting principles and techniques. Emphasis on news scriptwriting using audio and video. (Not open to students with credit in Telecommunications and Film 310.)

**474. Broadcast News Reporting and Editing (3)**

One lecture and six hours of activity.

Prerequisites: Journalism 310 with minimum grade of C and 470 or Telecommunications and Film 310; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.

Advanced practices in radio and television newswriting and script editing. Field experience investigating, writing and reporting broadcast news and feature stories. Field and laboratory practice.

**475. Radio and Television News Production (3)**

One lecture and six hours of activity.

Prerequisites: Journalism 310 with minimum grade of C and 470 or Telecommunications and Film 310; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.

Radio and television news production principles and techniques. Audio recording and editing for radio news. Videography and editing for television news. Field and laboratory practice.

**480. Principles of Public Relations (3)**

Prerequisite: Upper division standing.

Principles, theories, methods and objectives in public relations. Survey of public relations problems and practices.

**481. Public Relations Techniques and Media Usage (3)**

One lecture and four hours of activity.

Prerequisites: Journalism 310 with minimum grade of C and 480; upper division standing; ability to type; and satisfactory score on departmental grammar, spelling, and punctuation test.

Practical applications of public relations techniques with emphasis on writing and media usage. News releases, publications and printed materials, audio-visual techniques, speeches and special events. Field and laboratory practice.

**490. Internship in Journalism (1-3) Cr/NC**

Prerequisites: Upper division standing; consent of instructor; satisfactory score on departmental grammar, spelling, and punctuation test; Advertising - Journalism 463; News-Editorial (Magazine) - Journalism 441 or 443; News-Editorial (Newspaper) - Journalism 320; News-Editorial (Photojournalism) - Journalism 450 or 451; Public Relations - Journalism 481; Radio-TV News - Journalism 470.

Supervised work with area media under the combined direction of practitioners and professors. Maximum credit three units.

**496. Experimental Topics (1-3)**

Prerequisites: Upper division standing and consent of instructor.

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Not more than three units in journalism to apply to the degree in journalism.

**499. Special Study (1-3)**

Prerequisites: Upper division standing; consent of instructor; and satisfactory score on departmental grammar, spelling, and punctuation test.

Individual study or project, normally in a research area selected by the student. Maximum credit three units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)****500. Current Problems in Mass Communication (3)**

Prerequisites: Journalism 220 or Telecommunications and Film 100 or Economics 100 or Political Science 101 or Sociology 101; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

Forces affecting American mass communication today: government restrictions, economics, pressure groups, censorship, mechanical developments, interrelationships of the media and society; professional ethics.

**502. Law of Mass Communication (3)**

Prerequisites: Journalism 220 or Political Science 102 or Telecommunications and Film 100; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

Libel, invasion of privacy, censorship, contempt of court, pornography. Constitutional guarantees affecting print and broadcast media. Government restrictions.

**503. History of Mass Communication (3)**

Prerequisites: Journalism 220 or History 110B; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

American journalism from colonial times to the present, with special attention to twentieth century trends and developments, including the emergent concept of social responsibility.

**509. Research Methods in Mass Communication (3)**

Prerequisites: Journalism 320 or 450 or 460 or 470 or 480 or graduate standing and concurrent enrollment in SPSS<sup>x</sup> workshop.

Exploratory and evaluation methods for mass media research programs; depth interviews, experimental designs, questionnaire construction, telephone surveys, computerized statistical analysis.

**526. Advanced Editing Techniques (3)**

One lecture and four hours of activity.

Prerequisites: Journalism 326; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

Principles of typography, page and publication design; use of graphics and other pictorial material. Selection, evaluation, editing and display of news. Attention to electronic editing.

**529. Investigative Reporting (3)**

One lecture and four hours of activity.

Prerequisites: Journalism 320; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

Development of articles of substance and depth in specialized areas. Research, analysis and interpretation of complex issues in the news. Special problems of the sustained, reportorial effort. Field and laboratory practice.

**530. Media Management (3)**

Prerequisites: Senior standing and twelve upper division units in journalism.

Role of manager in journalism and journalism-related organizations. Interaction of news, entertainment, advertising, circulation, production, and promotion functions as related to economic demands.

**585. Problems and Practices in Public Relations (3)**

Prerequisites: Journalism 481; upper division standing; and satisfactory score on departmental grammar, spelling, and punctuation test.

Current public relations practices and problems in a wide variety of commercial, industrial, financial, governmental, cultural and social organizations.

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

# Judaic Studies

In the College of Arts and Letters

OFFICE: Adams Humanities 4188  
TELEPHONE: (619) 594-5338

## Faculty

Faculty assigned to teach courses in Judaic studies are drawn from departments in the College of Arts and Letters.

**Chair:** Baron (History)

**Committee:** Bar-Lev (Linguistics), Chandler (Sociology), DuFault (History), Friedman (Religious Studies/Philosophy/Comparative Literature), Gefter (Religious Studies), Grossbard-Schechtman (Economics), Koster (Information Systems), Kushner (History), O'Brien (History), Ruja (Philosophy), Sheres (English and Comparative Literature), Sparks (Religious Studies), Stock (Public Administration and Urban Studies), Strom (Teacher Education).

## Offered by Judaic Studies

Minor in Judaic Studies.

## The Minor

The minor in Judaic studies provides a balanced interdisciplinary study of Jewish contributions to world culture and history. It serves the needs of students who plan to (1) specialize in disciplines in which an understanding of Jewish contributions is essential, or (2) follow careers in teaching, community service, foreign service, or the ministry. Students seeking a minor in Judaic studies may want to consider combining it with a major in Social Science with an emphasis on Africa and the Middle East. Many courses relevant to this major are available in anthropology, economics, geography, history, political science, and sociology.

## Judaic Studies Minor

Dr. Lawrence Baron, Department of History, is adviser for this minor.

The minor in Judaic studies consists of a minimum of 18 units to include six units selected from Humanities 130 and Hebrew 101, 102, or 201; and 12 upper division units selected from Comparative Literature 405, 526; History 440, 487, 488, 574; Religious Studies 301, 330; Judaic Studies 496, 580; Hebrew 496; and other relevant courses may be counted as part of the 12 upper division units taken with the approval of the adviser for Judaic Studies.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* Additional prerequisites required for these courses.

## Courses

### LOWER DIVISION COURSES

**100. New Perspectives in Judaic Studies (1) Cr/NC I, II**  
New interpretations of Jewish history, culture, and social issues. Presentations from perspective of various disciplines. Contemporary issues.

**296. Topics in Judaic Studies (1-3)**  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

“The justification for a university is that it preserves the connection between knowledge and the zest for life, by uniting the young and the old in the imaginative consideration of learning. . . . A university which fails in this respect has no reason for existence.”

—Alfred North Whitehead,  
*The Aims of Education*, ii, 1929

### UPPER DIVISION COURSE (Intended for Undergraduates)

**496. Topics in Judaic Studies (1-3)**  
Prerequisite: Upper division status.  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSE (Also Acceptable for Advanced Degrees)

**580. Special Topics in Judaic Studies (1-3)**  
Prerequisite: Upper division standing.  
Special topics appropriate to the interdisciplinary study of the modern Jewish experience. Credit will vary depending on the scope and nature of the topic. May be repeated with different content. Maximum credit six units.

# Latin American Studies

In the College of Arts and Letters

OFFICE: Storm Hall 148  
TELEPHONE: (619) 594-6686

## Faculty

Latin American Studies is administered by the Latin American Studies Committee. Faculty assigned to teach courses in Latin American Studies are drawn from the Departments of Anthropology, Art, Comparative Literature, Economics, Geography, History, Journalism, Mexican American Studies, Political Science, Public Administration and Urban Studies, Sociology, Spanish and Portuguese Languages and Literatures, and Women's Studies; and the College of Business Administration.

**Chair and Undergraduate Adviser:** Davies (History)

**Committee:** Ball (Anthropology), Barrera (Spanish), Case (Spanish), Castillo (Spanish), Christensen (Spanish), Clement (Economics), Colston (History), Cunniff (History), Doyle (Spanish), Esser (Art), Flemion, P. (History), Fredrich (Geography), Ganster (Institute for Regional Studies of the Californias), Griffin (Geography), Griswold del Castillo (Mexican American Studies), Hartung (Journalism), Head (Spanish), Herzog (Mexican American Studies), Hicks (English and Comparative Literature), Higgs (Spanish), Kelley (Social Work), Kennedy (Sociology), Lemus (Spanish), Loveman (Political Science), Padgett (Political Science), Rodriguez (Mexican American Studies), Rumbaut (Sociology), Segade (Spanish), Silverman (Portuguese), Sonntag (Latin American Studies Bibliographer), Stromberg (Foreign Language Laboratory), Vanderwood (History), Villarino (Mexican American Studies), Watson, L. (Anthropology), Watson, M. (Women's Studies), Weeks (Sociology), Weeter (Spanish), Young (Spanish).

## Offered by Latin American Studies

Master of Arts degree in Latin American studies.  
Major in Latin American studies with the B.A. degree in liberal arts and sciences.  
Minor in Latin American studies.

## The Major

The major in Latin American Studies is a multidisciplinary program designed to provide an effective understanding of the cultures and governments of Latin America, offering basic education and training for business or professional careers that require specialized knowledge of this exciting and diverse area of the world.

A major in Latin American studies provides a multitude of career opportunities. Employment possibilities exist not only in Latin America, but throughout the world. Graduates can apply their specialization to service in international organizations and government positions at the federal or state level. Numerous employment situations can be found in the private sector. Private agencies and corporations have significant interests in Latin America and are looking for area specialists. Those students who wish to continue in their studies will find opportunities in teaching at all levels. A major in Latin American studies opens many avenues in the choice of a career.

High school students preparing to enter this program should include in the high school course of study not less than three years of study in one foreign language, preferably Spanish or Portuguese. Proficiency in either of these languages is indispensable to a successful career in this area of study.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible. Students are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Latin American Studies Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 03081)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major.** Portuguese 101, 212, or Spanish 100A, 100B, 100C; 202, 211, 212, with a minimum grade point average of 2.0 for all work attempted (8-22 units); 12 units selected from Anthropology 101, Economics 101 and 102, Geography 101, History 115A-115B, Latin American Studies 101, Political Science 101 and 103.

**Foreign Language Requirement.** Portuguese 101 and 301 or Spanish 101, 102 and 201.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units selected from courses in anthropology, art, economics, geography, history, Latin American studies, Mexican American studies, political science, Portuguese, sociology, Spanish and Women's Studies, with not less than 12 units in one field and nine in each of two other fields. At least 33 units must be in courses having Latin American content. The student will file with the Evaluations Office a master plan approved by the adviser for the Latin American studies curriculum.

Courses acceptable for the Latin American studies major include Latin American Studies 495, 498, 560, 580; Anthropology 442\*, 470, 476, 529\*, 582\*; Art 561, 562; Comparative Literature 445; Economics 336, 365, 464, 483, 562, 565, 592\*; Geography 323, 324, 498 (when relevant); History 415A-415B, 541A, 551A-551B, 552, 553, 554, 555, 556, 557, 558, 559; Mexican American Studies 306, 310, 335, 350A, 355, 375, 376, 380, 498; Political Science 361, 382, 566, 567, 568, 577; Portuguese 535; Public Administration and Urban Studies 580 (when relevant); Sociology 450\*, 555\*, 556\*; Spanish 306A-306B\*, 441\*, 442\*, 515A-515B, 520, 522, 524, 570, 571, 572; Telecommunications and Film 363 (when relevant), 562\*, 590\*; Women's Studies 310 (when relevant), 580\* (when relevant).

Courses numbered 496, 499, and 596 of relevant content in the above departments may be used for the Latin American Studies major.

\* Indicates course with prerequisites not included in requirements listed above.

## Latin American Studies Major (Imperial Valley Campus)

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 03081)

At the Imperial Valley campus the major in Latin American studies is essentially the same as the Latin American studies major offered at the San Diego campus.

It is designed to provide (1) a foundation of understanding of the history, culture and governments of the countries of Latin America and the multiple interrelationships among those countries; and (2) a basic education and training for a business or professional career involving understanding of Latin America.

**Preparation for the Major.** The lower division preparation for the major can be fulfilled by taking the following courses at Imperial Valley College, or their equivalent: Elementary Spanish; Intermediate Spanish or Bilingual Spanish; Intermediate Conversational Spanish or

Bilingual Oral Spanish; Advanced Conversational Spanish; and 12 units selected from Physical Anthropology, Physical Geography, History of the Americas, Introduction to Political Science, Comparative Politics, and Civilization of Spanish America and Brazil.

A minimum grade point average of 2.0 is required for all work attempted.

**Foreign Language Requirement.** The foreign language requirement for graduation is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units selected from the courses listed below with not less than 12 units in one field and nine in two other fields. At least 33 units must be in courses having Latin American content: Latin American Studies 344; Anthropology 442; Art 496 (when relevant), 561, 562; Economics 365, 464, 496 (when relevant); Geography 323, 324, 496 (when relevant); History 415A-415B, 496 (when relevant), 538, 551A-551B, 552, 557, 558; Mexican American Studies 335, 350A, 376; Political Science 566, 567, 568; Sociology 350, 450, 556 (when relevant); Spanish 306A-306B, 515A-515B, 570, 571, 572; Women's Studies 310 (when relevant).

### Latin American Studies Minor\*

The minor in Latin American studies consists of a minimum of 15 units of Latin American content courses. At least 12 of these units must consist of upper division courses. In addition, students must complete Spanish 201 or the equivalent or Portuguese 212 or the equivalent. No more than six units may be drawn from any one department's or program's offerings. The student will file with the Evaluations Office a master plan approved by the adviser for the Latin American studies curriculum. Units may be selected from among the following:

Latin American Studies 101, 495, 498, 560, 580; Anthropology 442 (when relevant), 470, 476, 529, 582 (when relevant); Art 561, 562; Comparative Literature 445; Economics 336, 365, 464, 483, 562, 565, 592; Geography 323, 324; History 115A-115B; 415A-415B, 541A, 551A-551B, 552, 553, 554, 555, 556, 557, 558, 559; Mexican American Studies 306, 310, 335, 350A, 355, 375, 376, 380, 498; Music 596; Political Science 361, 382, 566, 567, 568, 577; Portuguese 535; Public Administration 580 (when relevant); Sociology 450 (when relevant), 555, 556 (when relevant); Spanish 306A-306B, 441, 442, 515A-515B, 520, 522, 524, 570, 571, 572; Telecommunications and Film 363 (when relevant), 562, 590; Women's Studies 310 (when relevant), 580 (when relevant).

Courses numbered 496, 499, and 596 of relevant content in the above departments may be used for the Latin American Studies minor.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. In designing their Latin American studies programs for a minor, students may not include courses drawn from their major department.

\* Additional prerequisites may be required for courses in the minor.

## Liberal Studies

Refer to "Interdisciplinary Programs" in this section of the catalog.

## Courses

### LOWER DIVISION COURSE

#### 101. Latin American Heritage (3)

Introduction to Latin American cultures and peoples from an interdisciplinary perspective.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 344. Cooperative Studies at the Universidad Autónoma de Baja California (3-9) (Offered at IVC only)

Prerequisites: Spanish 301A and 301B; declared major in Latin American Studies.

Latin American Studies majors will attend classes with a Latin American focus at the Universidad Autónoma de Baja California; SDSU/IVC faculty will cooperate in supervision and evaluation of students. May be repeated with new content. Maximum credit nine units.

#### 495. Latin American Studies Internship (3) I, II Cr/NC

Prerequisite: Six upper division units in Latin American content courses.

Opportunity for Latin American studies undergraduates to implement area specialist skills. Placement with a local organization with legal, commercial, or social service functions whose activities are primarily Latin American related.

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 498. Seminar on Latin America (3)

Exploration of the interdisciplinary approach to Latin America including evaluation of relevant resources and methods. Taught by a team of instructors representing two or more disciplines.

#### 499. Special Study (1-3)

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 560. Latin America After World War II (3) II

Prerequisites: Latin American Studies 101; History 115A, 115B; and either Political Science 566 or consent of instructor.

Major socioeconomic and political changes in Latin America since World War II and inter-American relations during the same period. Includes guest lecturers.

#### 580. Special Topics (1-4)

Prerequisite: Six upper division units in Latin American content courses.

Interdisciplinary study of selected Latin American topics. Credit will vary depending on the scope and nature of the topic. Whenever appropriate, the course will be taught by a team of instructors representing two or more disciplines. May be repeated with different content. See Class Schedule for specific content. Maximum credit eight units.

# Linguistics

In the College of Arts and Letters

OFFICE: Campanile Drive 174A  
TELEPHONE: (619) 594-5268

### Faculty

Emeritus: Elgin, Frey  
Chair: Webb  
Professors: Bar-Lev, Donahue, Johns, Underhill  
Associate Professors: Kaplan, Seright, Webb  
Assistant Professor: Choi

### Offered by the Department of Linguistics and Oriental Languages

Master of Arts degree in linguistics.  
Major in linguistics with the B.A. degree in liberal arts and sciences.  
Teaching major in linguistics for single subject teaching credential in English.  
Minor in linguistics.  
Certificate in applied linguistics and English as a second language (ESL).

### The Major

Linguistics is the scientific study of language. The structure of a wide variety of languages is looked at, not to learn these languages, but to learn about them in order to understand the universal properties of human language.

The linguistics program offers coursework in all areas of linguistic analysis: the core areas of phonology, syntax, semantics, and historical linguistics; and interdisciplinary areas such as applied linguistics, sociolinguistics, psycholinguistics, bilingualism, computational linguistics, and the linguistics of certain languages and language families.

Linguistics majors must complete a minor in another field approved by the adviser in linguistics. Recommended fields include anthropology, communicative disorders, ethnic studies, a foreign language, history, journalism, literature, philosophy, psychology, public administration and urban studies, sociology, and speech communication.

In addition to the major and minor programs, the Department of Linguistics and Oriental Languages offers a Certificate in Applied Linguistics and English as a Second Language (ESL). This certificate prepares students to teach English as a second language in adult and private schools and to teach English in foreign countries.

Employment opportunities for linguistics majors exist in the teaching of English as a second language to immigrant and refugee population groups in various locales throughout the southwestern United States. In addition, many students are interested in teaching English in Latin America, the Far East, or other areas outside the United States and continental Europe. Linguistics training can also be used as a valuable skill in conjunction with a California teaching credential in another field. Government work is another alternative, where such divisions as the state department and the foreign service hire trained linguists. Researchers are needed at institutes working in the fields of animal communication, computer science development, disorders of communication, or advanced research in linguistics theory. By combining a linguistics major with courses in accounting, business administration, or related fields, there are jobs available with multinational corporations, particularly those which emphasize trade among the Pacific rim nations. Linguists are also hired in such fields as computer science, advertising, communication media, public relations, and curriculum development.

With a master's or doctoral degree, linguistics majors may find teaching positions at community colleges or universities.

### Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

### Linguistics Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 15051)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Students majoring in linguistics must complete a minor in another field approved by the departmental adviser in linguistics. Recommended fields include anthropology, communicative disorders, ethnic studies, a foreign language, history, journalism, literature, philosophy, psychology, public administration and urban studies, sociology, and speech communication.

**Preparation for the Major.** Linguistics 101, (3 units)

Students should note that a number of the upper division required and recommended courses listed below have lower division prerequisites, but these prerequisites do not constitute requirements per se for the completion of the major.

**Foreign Language Requirement.** Competency equivalent to that which is normally attained through three college semesters of a foreign language with a B (3.0) average, or the equivalent. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or Linguistics 396W, English 305W or 500W with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units is required; at least 18 of these must be in Linguistics (and those 18 must include Linguistics 420 or 520 and 521 and 522); with the approval of the adviser, up to six units may be selected from related fields.

### Linguistics Major

For the Single Subject Teaching Credential in English  
With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 15051)

For a description of the single subject teaching credential in English which is available to linguistic majors, refer to this section of the catalog under English.

### Minor in Linguistics

The minor in linguistics consists of a minimum of 15 units, 12 of which must be upper division units and at least 12 of which must be from linguistics.

The student must select a specialization from one of the following subject areas. The following courses are appropriate for all subject areas: Linguistics 101, 420, 520, 521, 522, 524, 551, 552. Linguistics 496 and 499 may be appropriate for any area depending on content.

**Descriptive and Theoretical Linguistics:** Linguistics 523, 525, 550, 560; Philosophy 531.

**Applied Linguistics:** Linguistics 525, 550, 553; Anthropology 410.

**Historical Linguistics:** Linguistics 410, 560 (both required).

**Linguistics and English** (recommended for English majors): Linguistics 410, 525, 550, 560; Anthropology 410.

**Linguistics and Foreign Languages** (recommended for foreign language majors): Linguistics 410, 550, 553, 560; Anthropology 410.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

### Applied Linguistics and English as a Second Language (ESL) Certificate

The Department of Linguistics and Oriental Languages offers a basic and an advanced Certificate in Applied Linguistics and English as a Second Language (ESL). The basic certificate requires 12 units to include Linguistics 420 or 520, 452 or 552, 524 or 551, and 550. Under certain circumstances comparable courses taken at other institutions may count toward the certificate. Such courses must be evaluated and approved by the Certificate adviser. In addition, there is a 15-hour tutoring practicum requirement. In order to enroll, you must contact the certificate adviser in the Department of Linguistics and Oriental Languages. Courses in the certificate may be counted toward the major in linguistics but may not be counted toward the minor.

Refer to the Graduate Bulletin for information on the advanced certificate.

### Courses

#### LOWER DIVISION COURSES

##### General

#### 101. Introduction to Language (3) I, II

The nature of language. Sound, meaning, and grammar. Language history and change. Dialects and variation. Language acquisition. Animal communication. Language and the brain. Not open to students with credit in upper division linguistics courses.

#### 250. Directed Language Study (3) I, II

Prerequisite: Consent of instructor.  
Directed independent study of a foreign language not offered within the course structure at San Diego State University with the aim of acquiring a basic competency in reading, writing, and grammar. No instruction in speaking or understanding the spoken language is included in this course.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### English Composition for International Students

#### 100. English Composition for International Students (3)

Prerequisites: Satisfaction of the English Placement Test and Writing Competency requirements. (See Graduation Requirements section of catalog.) **Proof of completion of prerequisites required:** Copy of EPT or competency scores (including ISEPT) or verification of exemption; proof of Cr in Academic Skills 97A or 97B, or notification from Academic Skills.

Introduction to college-level written English; attention to English language/grammar needs of non-native speakers of English; grammatical and rhetorical techniques for effective writing, based in part on study of models of current American writing. Not open to students with credit in Afro-American Studies 120 or English 100 or higher-numbered composition or creative writing course or Mexican American Studies 111B.

#### 200. Advanced English for International Students (3)

Prerequisites: Satisfaction of the English Placement Test and Writing Competency requirements; and Linguistics 100. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

Continuation of Linguistics 100, developing standard written English from wider language experience. Practice and training in the formal and informal language, idioms and practical English phonetics. Exercises based on a variety of dialects, content, and styles. Not open to students with credit in English 200.

#### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 305W. Advanced Composition for International Students (3) I, II

Prerequisites: Satisfies University upper division writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

Advanced expository writing, with practice in the various associated skills (organization, research, presentation, rhetoric). The goal is to enable non-native English speakers to function competently with written English on advanced university levels.

#### 354. Language and Computers (3)

Computers, computer programming languages, and "Artificial Intelligence" viewed from perspective of human language. Not open to students with credit in Linguistics 554.

#### 396W. Writing Proficiency (1)

Prerequisite: Consent of instructor. Limited to linguistics majors. Satisfies University Upper Division Writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

Upper division writing course taken in conjunction with any 500-numbered linguistics course. Emphasizes composition skills in research methods, essay organization, paragraphing, sentence structure, and diction, all related to the particular 500-level linguistics course chosen.

#### 410. History of English (3) I, II

The history of English and its present day use.

#### 420. Linguistics and English (3) I, II

Introduction to sound and grammatical structure of language, with special attention to English. Language acquisition and variation. Of special interest to prospective teachers. Not open to students with credit in Linguistics 520.

#### 452. Child Language Acquisition (3) I, II

Prerequisite: Credit or concurrent registration in Linguistics 101, 420, or 520.  
Principles of child language development. Sounds and grammar in speech of young children. Acquisition of reading and vocabulary. Relationship between cognitive development and language. Development of language in bilinguals. Second language acquisition.

#### 496. Experimental Topics in Linguistics (1-4) I, II

Specialized study of a selected topic in linguistics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

#### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 520. Fundamentals of Linguistics (3) I, II, S

Prerequisite: Upper division standing.  
Principles of modern linguistics, with attention to English grammar (syntax, morphology, phonology). Language change, dialects, sociolinguistics, psycholinguistics, language acquisition.

#### 521. Phonology (3) I, II

Prerequisite: Linguistics 420 or 520.  
Introduction to the theoretical principles of transformational-generative phonology.

#### 522. Syntax (3) I, II

Prerequisite: Linguistics 420 or 520.  
Introduction to the theoretical principles of transformational-generative syntax.

#### 523. Phonemics and Morphemics (3)

The study of procedures for arriving at the phonetic inventory of languages and the structuring of sound units (both linear and intonational) into phonemic systems; the study of morphemic hierarchies and their arrangements in forming words.

#### 524. American Dialectology (3) I, II

Prerequisite: Upper division standing.  
Development of American English. Regional, social, and ethnic differences in pronunciation, grammar, and vocabulary. Differences in men's and women's language. Black English.

#### 525. Semantics and Pragmatics (3)

Prerequisite: Linguistics 420 or 520.  
Advanced semantic theory; systematic analysis of the interaction of sequences of language with real world context in which they are used.

#### 530. English Grammar (3) I

Prerequisite: Six upper division units in linguistics.  
English morphology, syntax, and discourse structure, including simple and complex sentence structure; lexical categories and sub-categories; discourse functions of selected constructions. Problems and solutions in teaching English grammar.

#### 550. Theory and Practice of English as a Second Language (3) I, II

Prerequisite: Linguistics 420 or 520.  
The nature of language learning; evaluation of techniques and materials for the teaching of English as a second language.

#### 551. Sociolinguistics (3) I, II

Prerequisite: A course in introductory linguistics.  
Investigation of the correlation of social structure and linguistic behavior.

#### 552. Psycholinguistics (3) I, II

Prerequisite: A course in introductory linguistics.  
Psychological aspects of linguistic behavior.

#### 553. Bilingualism (3)

Prerequisite: Linguistics 420 or 520 or Communicative Disorders 500.  
Bilingual societies; language choice by bilinguals; bilingual language acquisition; effects of bilingualism on language structure and use.

#### 560. Historical Linguistics (3)

Prerequisites: Linguistics 410 and 520 or 521.  
Methods and principles used in historical study of language; processes of language change in phonology, morphology, syntax, and semantics; linguistic reconstruction; origin of language; language families; development of writing; examples from various language families.

#### 596. Selected Topics in Linguistics (1-3)

Prerequisite: Upper division standing.  
Advanced study of selected topics. See Class Schedule for specific content. May be repeated with new content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

#### GRADUATE COURSES

Refer to the Graduate Bulletin.

# Management

In the College of Business Administration

A Member of the American Assembly of Collegiate Schools of Business.

## Faculty

Emeritus: Belcher, Pierson, Srbich  
Chair: Wright  
Professors: Atchison, Belasco, Brady, Ghorpade, Hampton, Hergert, Milton, Peters, Robbins  
Associate Professors: Butler, De Noble, Ehrlich, Hatch, Marino, Rhyne, Wright  
Assistant Professor: Teagarden  
Lecturer: Shaw

## Offered by the Department.

Master of Science degree in business administration.  
Master of Business Administration.  
Major in human resource management with the B.S. degree in business administration.  
Major in management with the B.S. degree in business administration.  
Teaching major in business for the single subject teaching credential.  
Minor in management.  
Minor in human resource management.  
Minor in small business management (available at Imperial Valley Campus only).  
Certificate in business administration (available at Imperial Valley Campus only).

## Admission to the Major

The undergraduate business administration program at San Diego State University is structured such that students desiring a business administration major are first admitted to the pre-business administration major for their first two years of university work. During these first two years students should complete general education courses and a common core of nine lower division preparation for the business major courses — Accountancy 201, Financial Accounting Fundamentals; 202, Managerial Accounting Fundamentals; Finance 140, Business Law; Economics 101, Principles of Economics (Macro); Economics 102, Principles of Economics (Micro); Information and Decision Systems 180, Principles of Information Systems; Information and Decision Systems 290, Business Communication (not required for accounting majors); Mathematics 119, Elementary Statistics for Business; and Mathematics 120, Calculus for Business Analysis. These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. All students must achieve a passing score on a quantitative competency examination. Students must have completed 56 college units.

**Supplemental admissions criteria must be met before students may declare an upper division major and be eligible for upper division courses.** For current information concerning admissions criteria and procedures, contact the Undergraduate Business Advising Office in the College of Business Administration.

Also, before enrolling in upper division courses offered by the College of Business Administration, students must be competent in the operation of personal computers, including word processing and spreadsheets. These skills are required in upper division business courses.

Business administration majors may not complete a minor in the College of Business Administration.

OFFICE: Business Administration/Mathematics 403A  
TELEPHONE: (619) 594-5306

## Transfer Credit

**Lower Division:** Courses clearly equivalent in scope and content to San Diego State University courses required for minors or as preparation for all business majors will be accepted from regionally accredited United States institutions and from foreign institutions recognized by San Diego State University and the College of Business Administration.

**Upper Division:** It is the policy of the San Diego State University College of Business Administration to accept *upper division transfer credits* where (a) the course content, requirements, and level are equivalent to San Diego State University courses and (b) where the course was taught in an American Assembly of Collegiate Schools of Business accredited program. Exceptions require thorough documentation evidencing the above standards.

## The Majors

Managers are responsible for achieving organizational objectives by coordinating money, materials, machines, and most important of all, the efforts of people. Managers set objectives, establish policies, plan, organize, direct, communicate, and make decisions. Since their principal concern is solving problems, managers are continually defining problems and seeking solutions.

To be an effective manager, an individual needs a broad knowledge of the practice of management, the workings of business and the economy, and the behavior of people. The knowledge obtained in the bachelor's degree should be sufficient to qualify the student for a broad range of beginning managerial positions in business organizations. The graduate in management is prepared not only for managerial functions, but for those functions set within the context of a particular type of operation.

Recent government and private manpower studies indicate that the demand for professional managers should continue to increase. While the types of employment secured by management graduates are varied, a recent study conducted by the management department showed that many graduates have gone into the following types of positions:

Production and operations managers supervise manufacturing and service operations, and are responsible for scheduling production and operations activities and controlling operational costs;

Sales managers, hire, train, and supervise sales personnel, evaluate the work of sales people, and develop incentive programs;

Financial managers supervise operations in banks, security exchanges, credit unions, and savings and loan associations;

Merchandising managers supervise operations in retail stores;

Organization and management analysts design and evaluate organizational structures and jobs.

International managers supervise foreign-based manufacturing and/or marketing operations for American companies; and

Corporate planners develop strategic plans for corporations.

Human resource management is a functionally oriented major which prepares graduates to work in personnel departments as employment specialists, recruiters, job evaluators, compensation specialists, benefits analysts, training officers, labor relations specialists, and industrial relations and human resource managers. Human resource managers are concerned with human problems in business and government organizations. They work on problems concerning employee selection, union relations, pay/benefit scales, leadership, motivation, affirmative action, and equal opportunity.

## Human Resource Management Major

With the B.S. Degree in Business Administration  
(Major Code: 05151)

**Preparation for the Major.** Accountancy 201, 202; Economics 101, 102; Finance 140; Information and Decision Systems 180, 290; Economics 201 or Mathematics 119 and 120 or 150. (27-29 units)

These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** Forty-five upper division units consisting of Management 350, 352, 356, 405, 451, 452, 453, 454, 460, 462; Finance 323; Information and Decision Systems 301, 302; Marketing 370; and three units from Management 456, 467; Economics 380, 483; Finance 525; Information and Decision Systems 360, 366, 461, 462; Psychology 326, 470; Sociology 531.

A minimum of 52 units of coursework applicable to the bachelor's degree must be completed outside the areas of business administration and economics. A maximum of six lower division units of accountancy courses may be used to satisfy degree requirements. A "C" average is required in the courses stipulated here for the major.

## Management Major

With the B.S. Degree in Business Administration  
(Major Code: 05061)

**Preparation for the Major.** Accountancy 201, 202; Finance 140; Information and Decision Systems 180, 290; Economics 101, 102; Economics 201 or Mathematics 119 and 120 or 150. (27-29 units)

These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** Forty-two upper division units consisting of Management 350, 351 or 454, 352, 356, 405, 451; Finance 323; Information and Decision Systems 301, 302; Marketing 370; and twelve units selected with the approval of an adviser from the management faculty. Within this area, students may specialize in entrepreneurship, international business, organization and management analysis, small business management, and strategic management.

A minimum of 52 units of coursework applicable to the bachelor's degree must be completed outside the areas of business administration and economics. A maximum of six lower division units of accountancy courses may be used to satisfy degree requirements. A "C" average is required in the courses stipulated here for the major.

## Business Major

For the Single Subject Teaching Credential  
With the B.S. Degree in Business Administration

All candidates for the single subject teaching credential in business must complete all requirements for the applicable specialization as outlined in this section of the catalog under the College of Education. Students must complete the requirements of a major in one of the five departments within the College of Business Administration. In consultation with the single subject credential adviser in the College of Business Administration, undergraduate students must develop programs which fulfill the State credential requirements. All undergraduate majors must demonstrate office skills proficiency. Finance 589, Personal Financial Planning, is required of all teaching credential majors.

Student program must be approved in advance by the College of Business Administration single subject credential adviser.

## Human Resource Management Minor

The minor in human resource management consists of a minimum of 21 units to include Accountancy 201; Economics 101, 102; Management 350, 352; and six units selected from Management 452, 453, and 460.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. Students with a major in the College of Business Administration may not complete a minor in the College of Business Administration. Permission to take business minors must be obtained from the business minor adviser in the college of the student's major.

## Management Minor

The minor in management consists of a minimum of 21 units to include Accountancy 201; Economics 101, 102; Management 350, 356, 451, 454.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. Students with a major in the College of Business Administration may not complete a minor in the College of Business Administration. Permission to take business minors must be obtained from the business minor adviser in the college of the student's major.

## Small Business Management Minor (Imperial Valley Campus)

The minor in small business management consists of a minimum of 24 units to include Economics 101, 102; Accountancy 201, 202; Management 350, 450; Marketing 370; and three units selected from Finance 323, Information and Decision Systems 360, Management 352.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Certificate in Business Administration (Imperial Valley Campus)

This certificate is designed primarily for persons who want to gain an increased understanding of essential principles through upper division business courses, and for students who decide to go on to pursue the B.S. degree with a major in either management, finance, accounting, marketing, information systems, insurance, or real estate at the San Diego campus. For those not seeking the B.S. degree it provides a program designed to give self-improvement opportunities for the purpose of securing employment, promotion or upward mobility on the job.

All students seeking admission to the program must have successfully completed 56 transferable lower division units with a grade point average of 2.0. This includes completion of the lower division preparation required for any business administration major, i.e., Accountancy 201, 202; Finance 140; Information and Decision Systems 180, 290; Economics 101 and 102; Mathematics 119 or Economics 201, and Mathematics 120.

The Certificate will be awarded upon successful completion of the following courses: Finance 323; Information and Decision Systems 301 or 302; Management 350; Marketing 370; and three units selected from Finance 321, 589; or Management 356. (15 units)

## Courses

### LOWER DIVISION COURSE

#### 150. The Business Enterprise (3) I, II

The business enterprise and its function in society; interrelations of ownership, entrepreneurship, and administration; interactions within the firm and within and among industries.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 350. Management and Organization (3) I, II

Prerequisite: Approved upper division business major, business minor, or another major approved by the College of Business Administration. **Proof of completion of prerequisite required:** Change of major form or other evidence of acceptable major code.

Managerial processes in domestic and international organizations including planning, organizing, leading, and controlling. Effects of environment, technology, and human behavior on organization design.

#### 351. Organizational Behavior (3) I, II

Prerequisite: Management 350.

Human behavior in organizations at the individual, interpersonal, and group levels including the effect of organization structure on behavior. Emphasis on managerial behavior as it relates to human motivation, influence, leadership, communication, group dynamics, and conflict resolution. Not open to students with credit in Public Administration 340 or Psychology 321.

#### 352. Human Resource Management (3) I, II

Prerequisite: Management 350. Recommended: Information and Decision Systems 301.

The employment relationship. Functions and techniques; role of government, unions, behavior, and environmental variables in human resource management.

#### 355. American Business History (3)

Prerequisite: Management 350.

Development of the American business system. Changes in the management and structure of business organizations and the role of business in American society. (Formerly numbered Management 455.)

#### 356. Social and Ethical Issues in Business (3) I, II

Prerequisite: Management 350.

Ethics of various issues in business, including social responsibility, environmental protection, privacy, individual rights, occupational safety and health, product liability, equality of opportunity, and the morality of capitalism.

#### 401. Business Internship (1-3) I, II Cr/NC

Prerequisite: Consent of faculty adviser.

Students to be assigned to business firms to work under the joint supervision of the business firm's supervisor and the course instructor. (Formerly numbered Business Administration 401.)

#### 402. Business Professions (3)

Prerequisites: Finance 323; Information and Decision Systems 301 or 302; Management 350; Marketing 370.

For seniors in College of Business Administration.

Enables students to evaluate their professional potentials through series of classroom panels of business executives representing wide range of business-industry areas and through personal interview with business executives. (Formerly numbered Business Administration 402.)

#### 405. Business Strategy and Integration (3) I, II

Prerequisites: Management 350, Finance 323, Information and Decision Systems 301 or 302, Marketing 370. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Integration of principles and concepts from all fields of business administration. Emphasis on interaction of disciplines for effective strategy and establishment of top management policy through a combination of case study and a business simulation game.

#### 450. Venture Management (3)

Prerequisites: Management 350 and senior standing.

Process of initiating, expanding, purchasing, and consolidating businesses. Concepts, theories, and techniques of managerial innovation and implementation.

#### 451. Organization Design and Change (3) I, II

Prerequisite: Management 350.

Management of organization design and development. Internal and external organizational factors such as environment, size, technology, power, politics, strategy, human resources, job design, and organization culture.

#### 452. Wage and Salary Administration (3) I, II

Prerequisite: Management 352.

Major problems in the determination and control of compensation from employment. Comparison of underlying theory to current practice.

#### 453. Issues in Regulation of Employment Relationship (3)

Prerequisite: Management 352.

Public policy and the employment relationship. Patterns and practices of conflict resolutions. Emerging labor sectors and selected issues in the employment relationship.

#### 454. Interpersonal Processes (3) I, II, S

Prerequisite: Management 350.

Conceptual study and experiential training in interpersonal skills of management; acquisition of personal, managerial, and entrepreneurial behavioral competencies.

#### 456. Conceptual Foundations of Business (3) I, II

Prerequisite: Completion of General Education requirement in Foundations.

Development and evolution of values and ideas characteristic of the business society: individualism, materialism, rationality, technology, and other major components of business ideology. Capitalism/socialism debate. Majors in the College of Business Administration may not use this course to satisfy requirements for General Education.

#### 457. Applications in Management (1-3) I, II

Prerequisites: Senior standing and consent of instructor.

Developing specific skills in areas of management.

#### 458. Management Decision Games (1-3) I, II

Prerequisite: Consent of instructor.

Integrated managerial decision making within a dynamic environment through the use of business games.

#### 460. Personnel Staffing and Development (3) I, II

Prerequisite: Management 352.

Design of personnel activities for matching people and jobs. Includes development of techniques for personnel planning, staffing, appraisal, and development. Environmental constraints including legal and market forces.

#### 462. Human Resource Management Strategy (3)

Prerequisite: Management 352.

Interaction between organizational and human resource strategy and practice. Influence of environmental factors on human resource management systems. Current issues changing nature of employment relationship.

#### 466. Multinational Business Strategy (3) I, II

Prerequisites: Management 350, Finance 323, Information and Decision Systems 302, Marketing 370.

Business activities across national borders with emphasis on interaction and integration of business disciplines for effective strategy making in multinational enterprises operating in developing, newly industrialized, and developed countries.

#### 467. Negotiation Management (3) II

Prerequisite: Management 350.

Negotiation related to management of a strategy. Exchange of ideas with intention of changing relationships, as in acquiring, divesting, purchasing, hiring, training, merging, and evaluating.

#### 496. Selected Topics in Management (1-4) I, II

Prerequisite: Consent of department chair.

Selected areas of concern in management; see Class Schedule for specific content. May be repeated with new content with consent of department chair. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 498. Investigation and Report (1-3) I, II

Prerequisites: Senior standing and consent of instructor.

A comprehensive and original study of a problem connected with management under the direction of one or more members of the management staff. May be repeated with new content. Maximum credit six units.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.

Individual study. Maximum credit six units.

### UPPER DIVISION COURSE

(Also Acceptable for Advanced Degrees)

#### 596. Advanced Topics in Management (3)

Prerequisite: Six upper division units in management.

Advanced special topics in management. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

### GRADUATE COURSES

Refer to the Graduate Bulletin.

# Marketing

In the College of Business Administration

A Member of the American Assembly of Collegiate Schools of Business.

## Faculty

Emeritus: Akers, Darley, Hale, McFall, Settle  
Chair: Belch, G.  
Professors: Barber (Director, Graduate Programs), Belch, G.,  
Belch, M., Haas, Krentler, Lindgren, Sciglimpaglia, Stampf, Tyagi,  
Vanier, Wotruba  
Assistant Professors: Apple, Kanwar, Rochford, Saghati

## Offered by the Department

Master of Science degree in business administration.  
Master of Business Administration.  
Major in marketing with the B.S. degree in business  
administration.  
Teaching major in business for the single subject teaching  
credential.  
Minor in marketing.

## Admission to the Major

The undergraduate business administration program at San Diego State University is structured such that students desiring a business administration major are first admitted to the prebusiness administration major for their first two years of university work. During these first two years students should complete general education courses and a common core of nine lower division preparation for the business major courses — Accountancy 201, Financial Accounting Fundamentals; 202, Managerial Accounting Fundamentals; Finance 140, Business Law; Economics 101, Principles of Economics (Macro); Economics 102, Principles of Economics (Micro); Information and Decision Systems 180, Principles of Information Systems; Information and Decision Systems 290, Business Communication (not required for accounting majors); Mathematics 119, Elementary Statistics for Business; and Mathematics 120, Calculus for Business Analysis. These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. All students must achieve a passing score on a quantitative competency examination. Students must have completed 56 college units.

**Supplemental admissions criteria must be met before students may declare an upper division major and be eligible for upper division courses.** For current information concerning admissions criteria and procedures, contact the Undergraduate Business Advising Office in the College of Business Administration.

Also, before enrolling in upper division courses offered by the College of Business Administration, students must be competent in the operation of personal computers, including word processing and spreadsheets. These skills are required in upper division business courses.

Business administration majors may not complete a minor in the College of Business Administration.

## Transfer Credit

**Lower Division:** Courses clearly equivalent in scope and content to San Diego State University courses required for minors or as preparation for all business majors will be accepted from regionally accredited United States institutions and from foreign institutions recognized by San Diego State University and the College of Business Administration.

OFFICE: Business Administration/Mathematics 445P  
TELEPHONE: (619) 594-5317

**Upper Division:** It is the policy of the San Diego State University College of Business Administration to accept *upper division transfer credits* where (a) the course content, requirements, and level are equivalent to San Diego State University courses and (b) where the course was taught in an American Assembly of Collegiate Schools of Business accredited program. Exceptions require thorough documentation evidencing the above standards.

## The Major

Marketing is defined as "the process of planning and executing the conception, pricing, promotion, and distribution of ideas, goods and services to create exchanges that satisfy individual and organizational objectives." (American Marketing Association, 1986)

The marketing major studies how products and services are developed, priced, promoted, distributed and sold. The process requires an understanding of buyer and seller behavior within the context of the overall market environment. Added emphasis is given to the important area of global markets with their own particular nuances.

Marketing is an essential part of every business. Not-for-profit organizations also have to market their products/services, and the marketing discipline addresses the special needs of such organizations.

The employment outlook for graduates in marketing continues to be very favorable in all areas, especially in sales for those who hold the bachelor's degree. Some of the more common career opportunities for marketing graduates include:

Sales, which is the most common source of employment for recent marketing graduates. Sales people supervise retailing operation in large department stores, serve as sales representatives for manufacturers and wholesalers, and sell a variety of services and equipment.

Advertising and promotion specialists such as copywriters assemble information on products and services, study the characteristics of potential consumers, and prepare written materials to attract attention and stimulate interest among customers; advertising managers supervise the promotional activities of retailers, wholesalers, or manufacturers; account executives represent advertising agencies in negotiating contracts with clients for advertising services, offer advice in problem areas, and serve as troubleshooters in disputes between clients and the agency; media directors coordinate the purchasing of space in newspapers and magazines and arrange for commercials on radio and television; and production managers supervise the work of copywriters, artists, and other members of an advertising team.

Market research specialists collect, analyze, and interpret data to determine potential sales of a product or a service. They organize and supervise surveys, study the results by using statistical tests, and prepare reports with recommendations for management.

Product specialist/managers plan and coordinate the marketing functions specific to particular product(s)/brands.

Physical distribution specialists are responsible for the warehousing of products, the packing of shipments, and the delivery of orders to retailers or consumers.

Purchasing specialists, commonly known as buyers, acquire the materials and the services that are essential to the operation of a business or organization.

## Marketing Major

With the B.S. Degree in Business Administration  
(Major Code: 05091)

**Preparation for the Major.** Accountancy 201, 202; Finance 140; Information and Decision Systems 180, 290; Economics 101, 102; Mathematics 120 or 150; and Economics 201 or Mathematics 119. (27-29 units)

These prerequisite courses may not be taken Cr/NC; the minimum grade in each class is C. **Additional progress requirements must be met before a student is admitted to an upper division major.**

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** Forty-six upper division units consisting of Marketing 370, 371, 470, 471, 479; Finance 323; Information and Decision Systems 301, 302; Management 350, 405; sixteen units selected from Marketing 372, 373, 376, 377, 472, 473, 474, 476, 477, 478. A minimum of 52 units of coursework applicable to the bachelor's degree must be completed outside the areas of business administration and economics. A maximum of six lower division units of accountancy courses may be used to satisfy degree requirements. A "C" average is required in the courses stipulated here for the major.

## Business Major

For the Single Subject Teaching Credential  
With the B.S. Degree in Business Administration

All candidates for the single subject teaching credential in business must complete all requirements for the applicable specialization as outlined in this section of the catalog under the College of Education. Students must complete the requirements of a major in one of the five departments within the College of Business Administration. In consultation with the single subject credential adviser in the College of Business Administration, undergraduate students must develop programs which fulfill the State credential requirements. All undergraduate majors must demonstrate office skills proficiency. Finance 389, Personal Financial Planning, is required of all teaching credential majors.

Student program must be approved in advance by the College of Business Administration single subject credential adviser.

## Marketing Minor

The minor in marketing consists of a minimum of 21 units to include Marketing 370; Accountancy 201; Economics 102; and 12 units selected from Information and Decision Systems 301, Marketing 371, 372, 373, 376, 377, 470, 471, 472, 473, 474, 477, 478.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University. Students with a major in the College of Business Administration may not complete a minor in the College of Business Administration. Permission to take business minors must be obtained from the business minor adviser in the college of the student's major.

## Courses

### LOWER DIVISION COURSE

#### 201. Fundamentals of Personal Selling (3) I, II

Personal selling process and skills needed for effective selling. Traditional steps in selling, communications skills, ethics, and time management for salespersons. May not be used to complete the major in business administration.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 370. Marketing (3) I, II

Prerequisite: Approved upper division business major, business minor, or another major approved by the College of Business Administration. **Proof of completion of prerequisite required:** Change of major form or other evidence of acceptable major code. Marketing majors must complete this course with a minimum grade of C (2.0).  
Function of marketing in the organization and in society. Topics include market analysis and consumer behavior, product planning, pricing, promotion, distribution, and international marketing.

#### 371. Consumer and Buyer Behavior (4) I, II

Prerequisite: Marketing 370 with a minimum grade of C (2.0). **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Personal, social, and cultural factors that distinguish identifiable market segments and influence buyers' and consumers' responses to marketing programs.

#### 372. Retail Marketing Methods (4) I, II

Prerequisite: Marketing 370 with a minimum grade of C (2.0) **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Retail store and direct retail marketing organization, site location, personnel, promotion, purchasing, merchandising, inventory, and control methods.

#### 373. Marketing Communication and Promotion (4)

Prerequisite: Marketing 370 with a minimum grade of C (2.0). **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Communication and promotion theory; advertising, personal and media selling, public relations, and publicity strategy, methods, measurement, and ethics.

#### 376. Global Marketing Strategy (4) I, II

Prerequisite: Marketing 370 with a minimum grade of C (2.0). **Proof of completion of prerequisite required:** Grade report or copy of transcript.

International marketing and trade principles; comparative economic and sociocultural systems; entry, counter-trading, transfer pricing, and promotion.

#### 377. Selling Strategy and Practices (4) I, II

Prerequisite: Marketing 370 with a minimum grade of C (2.0). **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Selling strategy and practices as an integral part of the total marketing system, including territory management, consultative selling, negotiation, and system selling.

#### 470. Marketing Research (3) I, II

Prerequisites: Completion of lower division courses in the major or minor. A minimum grade of C (2.0) in Information and Decision Systems 301 and Marketing 370. **Proof of completion of prerequisites required:** Grade report or copy of transcript. Concurrent registration in Marketing 471.

Methods of information generation and interpretation for marketing decisions; research design, data sources and collection, analysis and reporting techniques.

#### 471. Marketing Research Project (1) I, II

Two hours of activity.  
Prerequisite: Concurrent registration in Marketing 470 or 476. **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Marketing research methods, analysis and interpretation of data generated by research. Topics in survey methods and multivariate statistical analysis. Maximum credit two units.

#### 472. Advertising Management (3)

Prerequisites: Marketing 371 and 373; concurrent registration in Marketing 478.

Advertising and sales promotion functions and management; program design, integration, coordination, evaluation, and control.

#### 473. Sales Management (4) I, II

Prerequisite: Marketing 370 with a minimum grade of C (2.0). **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Sales force organization, recruitment, selection, training, compensation, evaluation, and control; sales analysis, costs, budgets, and quotas; coordination with personal selling.

**474. Industrial Marketing and Purchasing (4) I, II**

Prerequisites: Marketing 370 with a minimum grade of C (2.0) and Management 350. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Industrial product and service research, analysis, classification, planning, marketing, and purchasing; industrial distribution, promotion, and pricing methods.

**476. Advanced Marketing Research (3) I, II**

Prerequisites: Marketing 470; concurrent registration in Marketing 471.

Marketing research methods, analysis and interpretation of data generated by research. Topics in survey methods and multivariate statistical analysis.

**477. Social Sector Marketing Strategy (4) I, II**

Prerequisite: Marketing 370 with a minimum grade of C (2.0). **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Marketing strategy transfer and applications to social, political, and governmental issues, concepts, programs, organizations, and personalities.

**478. Advertising Management Project (1)**

Two hours of activity.

Prerequisite: Concurrent registration in Marketing 472.

An advertising or sales promotion program development project; initial design, pretesting, assessment, and preliminary program element evaluation.

**479. Strategic Marketing Management (4) I, II**

Prerequisites: Marketing 371 and 470. Completion of lower division courses required in the major or minor. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Strategic planning, integration, management, and control of the marketing functions and mix; applying decision techniques for marketing problem solution.

**496. Selected Topics in Marketing (1-4) I, II**

Prerequisite: Consent of department chair.

Selected areas of concern in marketing. See Class Schedule for specific content. May be repeated with new content with consent of department chair. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

**498. Investigation and Report (1-3) I, II**

Prerequisites: Senior standing and consent of instructor.

A comprehensive and original study of a problem connected with marketing under the direction of one or more members of the marketing staff. May be repeated with new content. Maximum credit six units.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.

Individual study. Maximum credit six units.

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

# Mathematics

In the College of Sciences

OFFICE: Business Administration/Mathematics 203  
TELEPHONE: (619) 594-6191

## Faculty

Emeritus: Becker, Branstetter, Bryant, Eagle, Fountain, Harris, Harvey, Marosz, Nower, Riggs, Romano, Smith, Warren, Willerding  
Chair: Elwin

Professors: Anantha, Baase, Beck, Bell, Branca, Bray, Carlson, Carroll, Davis, Deaton, Donald, Drobnies, Eisemann, Elwin, Garrison, Geveci, Gindler, Grone, Hager, Ho, Holmes, Howard, Lesley, Lutz, Marovac, McLeod, Moser, Park, Pierce, Reynolds, Ross, Salamon, Saltz, Short, Sowder, J., Sowder, L., Swiniarski, Van de Wetering, Villone, Vuskovic

Associate Professors: Burdick, Eckberg, Flores, Golbeck, Hintzman, Koehler, Lopez, Macky, Mahaffy, Marcus, Vinge, Whitman, Whitney

Assistant Professors: Castillo, Dunster, Hui, Kirschvink, Steffey, Stewart

Lecturers: Klausen, Mason, Meckstroth, Root

## Offered by the Department of Mathematical Sciences

Master of Arts degree in mathematics.

Master of Science degree in applied mathematics.

Master of Science degree in statistics.

Master of Arts for teaching service with a concentration in mathematics.

Major in mathematics with the B.A. degree in liberal arts and sciences.

Major in mathematics with the B.S. degree in applied arts and sciences.

Emphasis in applied mathematics.

Emphasis in computer science.

Emphasis in statistics.

Teaching major in mathematics for the single subject teaching credential.

Minor in mathematics.

Certificate in introductory mathematics.

Certificate in single subject mathematics.

## The Majors

Mathematics is considered a discipline in its own right as well as the language of the sciences. Because of the broad scope, the Department of Mathematical Sciences offers a variety of degrees and emphases designed to provide several blends of mathematics and specialties to the student.

The study of mathematics prepares students to solve problems. In recent years, the line between pure and applied mathematics has become blurred, and the applications of mathematics have grown enormously.

Mathematics graduates are employed as teachers; systems analysts, who develop and implement business and other systems for management; customer service and field engineers, who install and maintain equipment in satisfactory operating condition; marketing and sales persons, specializing in business systems; and statisticians.

## Mathematics Major

**With the B.A. Degree in Liberal Arts and Sciences**  
(Major Code: 17011)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Mathematics 150, 151, 245, 252, 254, (19 units.) Recommended: Physics 195, 195L, 196, 196L, 197, 197L.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 27 upper division units, selected with approval of the departmental adviser before starting upper division work, including Mathematics 337, 521A, 524, 534A and one two-semester sequence chosen from the following: Mathematics 521A-521B; 521A and Computer Science 562; Mathematics 337, and 531; 534A-534B; 534A and 535; 541 and 542; 550 and 553; 551A and 551B; Computer Science 310 and 320 or 520; and nine units of electives. The student must complete an outline for the major and file a copy signed by the adviser with the Evaluations Office.

## Mathematics Major

**With the B.S. Degree in Applied Arts and Sciences**  
(Major Code: 17031)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

The purpose of this major is to allow students with a strong interest in the mathematical aspects of a particular science to apply courses in that science to their major. This should provide a good background for employment or graduate work in applied mathematics or in that science.

Students must see the adviser and be accepted in the major prior to enrolling in Computer Science 310, 320, 514, 530, 550, 554, 558, 560, 562, 572, and certain sections of Mathematics 596.

**Preparation for the Major.** Mathematics 150, 151, 245, 252, 254, Computer Science 107. (22 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Mathematics 337, 524, 534A, 534B; at least six units selected from Mathematics 336, 362, 521A, 531, 532, 533, 537; twelve units from a science to which mathematics may be applied (these should be from a single science and must be approved by the B.S. adviser); and six units of electives in mathematics excluding Mathematics 302, 303, 309, 312, 313, 314, 357. Student must complete outline for major and file a copy signed by adviser with Evaluations Office.

**Emphasis in Applied Mathematics**  
(Major Code: 17031)

This emphasis is designed to train the student in those areas of mathematics which may be applied to formulate and solve problems in other disciplines. The program is designed to qualify the student for employment as an applied mathematician, but the graduate would be well prepared for graduate study in pure or applied mathematics.

**Preparation for the Major.** Mathematics 150, 151, 245, 250, 252, 254, Computer Science 107, 108. (28 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Mathematics 337, 524, 532, 534A, 534B, 541, 350A or 551A; and twelve units selected from Mathematics 336, 362, 521A, 531, 533, 537, 542, 550, 350B or 551B, 561, 596 (approved by the Applied Mathematics adviser), Computer Science 310, 320, 520; and three units of electives excluding Mathematics 302, 303, 312, 313, 314, 357. Student must complete outline for major and file a copy signed by adviser with Evaluations Office.

**Auxiliary Area.** A minimum of 12 units from an area to which mathematics may be applied. A typical program might be Physics 195, 195L, 196, 196L, 197, 197L; or Chemistry 200, 201, and a course for which these are prerequisite; or Biology 200A and 200B and courses for which these are prerequisite; or Economics 101, 102, 307. The intent is to train the student in an area in some depth. Some latitude may be allowed in the choice of department and mix of courses, but all programs must be approved by the Applied Mathematics adviser. The 12-unit requirement is minimal, and a minor in an approved field is highly recommended.

#### Emphasis in Computer Science (Major Code: 17031)

**Preparation for the Major.** Mathematics 150, 151, 245, 252, 254, Computer Science 107, 108, 237. (29 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in mathematics to include Mathematics 337, 524, 534A, Computer Science 310, and 320 or 520; at least three units from Mathematics 336, 362, 521A, 531, 532, 533, 534B, 537, 561; at least six units from Mathematics 541, 542, Computer Science 524, 530, 560, 562, 564; and twelve units of electives excluding Mathematics 302, 303, 309, 312, 313, 314, 357. Student must complete outline for major and file a copy signed by adviser with Evaluations Office.

#### Emphasis in Statistics (Major Code: 17021)

**Preparation for the Major.** Mathematics 150, 151, 245, 250, 252, 254, Computer Science 106 or 107. (25 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units in mathematics to include Mathematics 350A, 350B, 534A, 551A, 551B, 554A; at least twelve units from Mathematics 336, 337, 521A, 524, 531, 532, 533, 534B, 537, 550, 553; and six units of electives excluding Mathematics 302, 303, 309, 312, 313, 314, 357. Student must complete outline for major and file a copy signed by adviser with Evaluations Office.

### Mathematics Major

#### For the Single Subject Teaching Credential With the B.A. Degree in Liberal Arts and Sciences (Major Code: 17011)

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in liberal arts and sciences.

**Preparation for the Major.** Mathematics 150, 151, 245, 252, 254, Computer Science 107. (22 units)

Recommended: Physics 195, 195L, 196, 196L, 197, 197L. (12 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of

college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in mathematics to include Mathematics 302, 314, 357, 521A, 534A; an upper division course in geometry; and six units of electives in mathematics approved by the credential adviser. Student must complete outline for major and file a copy signed by adviser with Evaluations Office.

### Single Subject Waiver Program in Mathematics

Students who do not wish to complete a major in mathematics but want to satisfy the requirements for the single subject waiver program in mathematics must complete the following requirements.

To be admitted to the program, students must demonstrate competency in high school mathematics (algebra through trigonometry) by passing a mathematics placement test.

**Waiver Program.** A minimum of 45-46 units to include Mathematics 150, 151, 245, 252, 254, 302, 314, 357, 510, 521A; Computer Science 107; and nine units of electives selected with the approval of the adviser from physical and mathematical sciences. Students may substitute equivalent courses taken at this or other universities only with the approval of the single subject credential adviser. An approved calculus sequence of 12 units may be substituted for the 13-unit calculus sequence (Mathematics 150, 151, 252), thus reducing the total unit requirement from 46 to 45.

### Mathematics Minor

The minor in mathematics consists of a minimum of 20-22 units in mathematics to include 12 upper division units, at least six of which have as prerequisite Mathematics 151; or Mathematics 252 and nine upper division units in mathematics, at least six of which have as prerequisite Mathematics 151. The courses selected will be subject to the approval of the minor adviser.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

### Introductory Mathematics Certificate

The purpose of the Introductory Mathematics Certificate program is to provide individuals with appropriate mathematics coursework to qualify them to receive a supplementary authorization in introductory mathematics from the Commission on Teacher Credentialing. Admission is open to individuals who are majoring or have majored in an area other than mathematics and who have the equivalent of two years of high school mathematics and satisfy the Entry-Level Mathematics Examination. In order to enroll in the program, individuals should contact the supplementary mathematics credential adviser in the Department of Mathematical Sciences.

The program consists of 20 units to include Mathematics 140, 150, 302, 312 (with departmental credential adviser permission), 313, 357.

Individuals must complete at least six units at San Diego State University and have a cumulative grade point average of 2.5 in the required courses to qualify for the certificate.

With the approval of the department, a student may apply no more than three units of coursework from the certificate program toward a major. Courses in the certificate may not be counted toward the minor.

### Single Subject Mathematics Certificate

The purpose of the Single Subject Mathematics Certificate program is to provide individuals with appropriate mathematics coursework to qualify them to receive a credential in single subject

mathematics. Admission is open to individuals who are majoring or have majored in an area other than mathematics and who have the equivalent of two years of high school mathematics and satisfy the Entry-Level Mathematics Examination. In order to enroll in the program, individuals should contact the single subject mathematics credential adviser in the Department of Mathematical Sciences.

The program consists of 46 units to include Computer Science 107, Mathematics 150, 151, 245, 252, 254, 302, 314, 357, 510, 521A, and nine units of electives selected from mathematical or physical sciences.

Individuals must complete at least nine upper division units at San Diego State University and have a cumulative grade point average of 2.5 in the required courses to qualify for the certificate.

### Mathematics Departmental Placement Examination

All students who expect to enroll in Computer Science 106, 107, 108, Mathematics 104, 118, 119, 120, 121, 140, 141, 150, 210, 211, and 250 must satisfy the Entry-Level Mathematics Examination requirement and pass the required part of the Mathematics Departmental Placement Examination. For Mathematics 141 and 150, certain prerequisite courses taken at San Diego State University may be used to satisfy the Mathematics Departmental Placement Examination requirement.

### Computer Science

(See this section of catalog under Computer Science.)

### Courses

(Intermediate algebra is prerequisite to all mathematics courses.)

#### LOWER DIVISION COURSES

##### 104. Trigonometry (2) I, II

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Basic concepts of analytic trigonometry.

##### 118. Topics in Mathematics (3)

Prerequisites: Satisfaction of Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Topics selected from algebra, analysis, geometry, logic, probability, or statistics, designed to give student insight into structure of mathematical theories and their applications. Not open to students with credit in Mathematics 140 or higher numbered courses.

##### 119. Elementary Statistics for Business (3) I, II, S

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Measures of central tendency/variability, frequency distributions. Probability; Bayes theorem; probability distributions including binomial, hypergeometric, normal sampling and distributions. Significance testing. Regression and correlation. Not open to students with credit in Mathematics 250. Students with credit or concurrent registration in the following lower division statistics courses other than Mathematics 250 will be awarded a total of four units for the two (or more) courses: Biology 215, Economics 201, Engineering 140, Mathematics 119, Political Science 201, Psychology 270, and Sociology 201.

##### 120. Calculus for Business Analysis (3) I, II, S

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Matrix algebra. Calculus including differentiation and integration. Graphing and optimization. Exponential and logarithmic functions. Multivariable calculus.

##### 121. Calculus for the Life Sciences I (3) I, II, S

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Basic concepts of differential calculus with life science applications. Not intended for physical science or engineering majors. Not open to students with credit in Mathematics 141 or 150.

##### 122. Calculus for the Life Sciences II (3) I, II

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement; qualification on the Mathematics Departmental Placement Examination, Part I or IA; and Mathematics 121. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

A continuation of Mathematics 121 with topics from integral calculus and an introduction to elementary differential equations. Not open to students with credit in Mathematics 141 or 150.

##### 140. College Algebra (3) I, II, S

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Functional notation, mathematical induction, complex numbers, DeMoivre's theorem, inequalities, binomial theorem, determinants, etc. Not open to students with credit in Mathematics 150.

##### 141. Calculus for the Social Sciences (4) I, II

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement and either qualification on the Mathematics Departmental Placement Examination, Part I or IA and Part II or Part P, or Mathematics 140 taken at this university. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Types of functions and their graphs, especially those arising from social and behavioral models; trigonometry; single variable calculus, including techniques of integration, differentiation, and optimization. Not open to students with credit in Mathematics 121 or 150.

##### 150. Single Variable Calculus (5) I, II, S

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement. Qualification on the Mathematics Departmental Placement Examination, either Part I or IA, and Part II or Part P, or Mathematics 140. Qualification on the Mathematics Departmental Placement Examination Part III, or Mathematics 104, Mathematics 104 and 140 are required and must be taken at this university with minimum grades of C. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Concepts and techniques of one variable calculus. Differentiation and integration of algebraic, logarithmic, exponential, trigonometric and inverse trigonometric functions of one variable, with applications.

##### 151. Calculus and Analytic Geometry (4) I, II, S

Prerequisite: Mathematics 150 with minimum grade of C. Plane analytic geometry, polar coordinates, parametric equations in the plane, techniques of integration, indeterminate forms, improper integrals, Taylor's formula and infinite series.

**210. Structure and Concepts of Elementary Mathematics I (3) I, II**

This course or its equivalent is required for students working toward a multiple subject credential in elementary education.

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Pre-number concepts; development of whole numbers, integers, and their operations; number theory; geometric concepts of two and three dimensional spaces; problem-solving strategies. (Formerly numbered Mathematics 210A.)

**211. Structure and Concepts of Elementary Mathematics II (3) I, II**

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA; and Mathematics 210. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Systems of rational numbers and of real numbers, measurement, probability, statistics, and computer applications. (Formerly numbered Mathematics 210B.)

**245. Discrete Mathematics (3) I, II, S**

Prerequisite: Mathematics 122 or 151.

Logic, methods of proof, set theory, number theory, equivalence and order relations, counting (combinations and permutations), solving recurrence relations. (Formerly numbered Mathematics 371.)

**250. Basic Statistical Methods (3) I, II, S**

Prerequisites: Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score or grade report or copy of transcript.

Descriptive statistics: histogram, measures of central tendency and variability; sampling distributions. Estimation and hypothesis tests for means, proportions, variances. ANOVA models, linear regression and correlation, nonparametric methods. Not open to students with credit in Mathematics 119. Students with credit or concurrent registration in the following lower division statistics courses other than Mathematics 119 will be awarded a total of four units for the two (or more) courses: Biology 215, Economics 201, Engineering 140, Mathematics 250, Political Science 201, Psychology 270, and Sociology 201.

**252. Multivariable Calculus (4) I, II, S**

Prerequisite: Mathematics 151 with minimum grade of C. **Proof of completion of prerequisite required:** Grade report or copy of transcript.

Concepts and techniques of several variable calculus. Partial differentiation and multiple integration with applications. Analytic geometry and vectors in three dimensions. Line integrals and Green's Theorem, differential equations.

**254. Introduction to Linear Algebra (3) I, II, S**

Prerequisite: Mathematics 151.  
Matrix algebra, Gauss elimination, determinants, vector spaces, linear transformations, orthogonality, eigenvalues, and eigenvectors. Not open to students with credit in Mathematics 253.

**296. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**299. Special Study (1-3)**

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Intended for Undergraduates)**

**NOTE:** Proof of completion of prerequisites required for all upper division courses: Grade report or copy of transcript.

**302. Basic Mathematical Concepts (3) I, II**

Prerequisite: Mathematics 150.  
Concepts of secondary school mathematics from teacher's point of view to include mappings, relations, and operations topics from mathematical systems and number theory.

**303. History of Mathematics (3) I, II**

Prerequisites: Mathematics 104 and 140.  
Major currents in the development of mathematics from ancient Egypt and Babylon to late nineteenth century Europe.

**309. LOGO in Elementary Mathematics (3) I, II**

Two lectures and three hours of laboratory.  
Prerequisite: Mathematics 211.  
Programming in LOGO: graphics, recursion, list processing. Investigation of arithmetic and geometric techniques in elementary mathematics. May not be used as part of the major or minor in the Department of Mathematical Sciences.

**312. Modern Elementary Mathematics I (3)**

Prerequisites: Mathematics 211 and qualification on Mathematics Departmental Placement Examination, Part I or IA.  
Problem solving in mathematics, with attention to topics from the Mathematics Framework for California Public Schools. Enrollment limited to future teachers in elementary schools. (Formerly numbered Mathematics 310A.)

**313. Modern Elementary Mathematics II (3)**

Prerequisite: Mathematics 302 or 312.  
Continuation of Mathematics 312, focusing on geometric topics. (Formerly numbered Mathematics 310B.)

**314. Mathematics Curriculum and Instruction (3)**

Prerequisite: Mathematics 151.  
Historical development of mathematics and mathematics curriculum. Principles and procedures of mathematics instruction in secondary schools. For secondary and postsecondary teachers and teacher candidates. Course cannot be used as part of the major or minor in mathematical sciences with exception of major for the single subject teaching credential.

**336. Introduction to Mathematical Modeling (3) I**

Prerequisite: Mathematics 254.  
Models from the physical, natural and social sciences including population models and arms race models. Emphasis on classes of models such as equilibrium models and compartment models.

**337. Elementary Differential Equations (3) I, II**

Prerequisite: Mathematics 151.  
Integration of first-order differential equations, initial and boundary value problems for second-order equations, series solutions and transform methods, regular singularities, eigenvalue problems and separation of variables.

**342A. Methods of Applied Mathematics I (3) I, II**

Prerequisite: Mathematics 252.  
Vector analysis, the divergence and Stoke's theorem and related integral theorems. Matrix analysis, eigenvalues and eigenvectors, diagonalization. Introduction to linear ordinary differential equations. Not open to students with credit in Mathematics 253 or 341A.

**342B. Methods of Applied Mathematics II (3) I, II**

Prerequisite: Mathematics 342A.  
Laplace transform and power series techniques for ordinary differential equations, legendre polynomials, bessel functions; solution of second-order linear partial differential equations by means of separation of variables; Fourier Series, Sturm-Liouville theory, orthogonal expansions. Not open to students with credit in Mathematics 341A.

**342C. Methods of Applied Mathematics III (3) II**

Prerequisite: Mathematics 342B.  
Complex variables, residue theorem and application. Fourier transform and its application, relationship with the Laplace transform, Green's functions. Not open to students with credit in Mathematics 341B.

**350A. Statistical Methods (3) I**

Prerequisite: Mathematics 119 or 250 or equivalent statistics course.  
One- and two-sample hypothesis tests, paired difference tests, tests for variances, analysis of variance. Linear regression and correlation. Chi-square tests. Simple nonparametric tests. The power of hypothesis tests.

**350B. Statistical Methods (3) II**

Prerequisite: Mathematics 350A.  
Multiple regression, factorial models and nonparametric methods, all with emphasis on applications.

**357. Probability and Statistics (3) I, II**

Prerequisite: Mathematics 150.  
Probability, measures of central tendency and dispersion, characteristics of frequency functions of discrete and continuous variates; applications. Highly recommended for all prospective secondary school teachers of mathematics.

**362. Optimization Theory (3) II**

Prerequisite: Mathematics 254.  
Necessary and sufficient conditions for optimizations in one and several variables. Euler's equation. Lagrange multipliers, linear programming, the simplex method. Introduction to duality and linear programming.

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**498. Directed Readings in Mathematics Literature (1)**

Prerequisite: Credit or concurrent registration in the upper division mathematics course in which readings are to be undertaken.  
Individually directed readings in mathematics literature. May be repeated for a maximum of three units, taken each time from a different instructor.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**509. Computers in Teaching Mathematics (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Mathematics 252 or 312.  
Solving mathematical tasks using an appropriate computer language. Using software for teaching mathematical concepts. Developing problem-based curricula. Intended for those interested in middle or high school mathematics teaching.

**510. Introduction to the Foundations of Geometry (3) II**

Prerequisite: Mathematics 122 or 151.  
The foundations of Euclidean and hyperbolic geometries. Highly recommended for all prospective teachers of high school geometry.

**511. Projective Geometry (3) I**

Prerequisite: Mathematics 254.  
Concurrence of lines, collinearity of points and other properties of figures not altered by projections; homogenous coordinates and analytic properties of projective transformations.

**512. Non-Euclidean Geometry (3)**

Prerequisite: Mathematics 122 or 151.  
History of attempts to prove the fifth postulate; emphasis on plane synthetic hyperbolic geometry; brief treatment of other types of non-Euclidean geometry.

**521A. Abstract Algebra (3) I, II**

Prerequisites: Mathematics 245 and 252.  
Abstract algebra, including elementary number theory, groups, and rings.

**521B. Abstract Algebra (3) II**

Prerequisite: Mathematics 521A.  
Continuation of Mathematics 521A. Rings, ideals, quotient rings, unique factorization, noncommutative rings, fields, quotient fields, and algebraic extensions.

**522. Number Theory (3) I**

Prerequisites: Mathematics 245 and 252.  
Theory of numbers to include congruences, Diophantine equations, and a study of prime numbers.

**523. Mathematical Logic (3)**

Prerequisites: Mathematics 151 or Philosophy 120, and Mathematics 245.  
Propositional logic and predicate calculus. Rules of proof and models. Completeness and the undecidability of arithmetic. Not open to students with credit in Philosophy 521.

**524. Linear Algebra (3) I, II**

Prerequisites: Mathematics 245 and 254; or 342A.  
Vector spaces, linear transformations, orthogonality, eigenvalues and eigenvectors, normal forms for complex matrices, positive definite matrices and congruence. Not open to students with credit in Mathematics 520A-520B.

**531. Partial Differential Equations (3) I**

Prerequisite: Mathematics 337.  
Boundary value problems for heat and wave equations; eigenfunction expansions, Sturm-Liouville theory and Fourier series. D'Alembert's solution to wave equation; characteristics. Laplace's equation, maximum principles, Bessel functions. Not open to students with credit in Mathematics 340B.

**532. Functions of a Complex Variable (3)**

Prerequisite: Mathematics 252.  
Analytic functions, Cauchy-Riemann equations, theorem of Cauchy, Laurent series, calculus of residues.

**533. Vector Calculus (3)**

Prerequisite: Mathematics 254 or 342A.  
Scalar and vector fields; gradient, divergence curl, line and surface integrals: Green's, Stokes', and divergence theorems. Green's identities. Applications to potential theory or fluid mechanics or electromagnetism.

**534A. Advanced Calculus I (3) I, II, S**

Prerequisites: Mathematics 245 and 254; or 342A.  
Completeness of the real numbers and its consequences, sequences and series of real numbers, continuity, differentiability and integrability of functions of one real variable.

**534B. Advanced Calculus II (3) I, II**

Prerequisite: Mathematics 534A.  
Series and sequences of functions and their applications, functions of several variables and their continuity, differentiability and integrability properties.

**535. Introduction to Topology (3)**

Prerequisite: Mathematics 534A.  
Topological spaces. Functions, mappings, and homeomorphisms. Connectivity, compactness. Metric spaces.

**537. Ordinary Differential Equations (3)**

Prerequisite: Mathematics 337.  
Theory of ordinary differential equations; elementary existence and uniqueness, dependence on initial conditions and parameters; linear systems, stability and asymptotic behavior, plane autonomous systems, series solutions at regular singular points. Not open to students with credit in Mathematics 530.

**541. Introduction to Numerical Analysis and Computing (3) I, II, S**

Prerequisites: Mathematics 254 or 342A; and Computer Science 107 or Engineering 120.

Solution of equations of one variable, direct methods in numerical linear algebra, least squares approximation, interpolation and uniform approximation, quadrature. (Formerly numbered Mathematics 541A.)

**542. Introduction to Numerical Solutions of Differential Equations (3) II**

Prerequisites: Mathematics 337 and 541.  
Initial and boundary value problems for ordinary differential equations. Partial differential equations. Iterative methods, finite difference methods, and the method of lines. (Formerly numbered Mathematics 541B.)

**550. Probability (3) I, II, S**

Prerequisite: Mathematics 151.  
Computation of probability by enumeration of cases, discrete and continuous random variables, density functions, moments, limit theorems, selected distributions. Markov chains, random walks, selected topics.

**551A. Mathematical Statistics (3) I, II**

Prerequisite: Mathematics 252.  
Probability models in the theory of statistics, sampling distributions with applications in statistical inference.

**551B. Mathematical Statistics (3) II**

Prerequisite: Mathematics 551A.  
Point and interval estimation and hypothesis testing in statistical models with applications to problems in various fields.

**553. Stochastic Processes (3) I, II**

Prerequisite: Mathematics 550 or 551A.  
Introduction to stochastic processes with selected applications.

**554A. Computer Oriented Statistical Analysis (3) I, II**

Prerequisite: Mathematics 350A.  
Using statistical computer packages such as BMDP and SAS to analyze problems in univariate ANOVA, multiple regression, contingency tables, nonparametric methods and discriminate analysis. (Formerly numbered Mathematics 554.)

**554B. Advanced Computer Oriented Statistical Analysis (3) II**

Prerequisite: Mathematics 554A.  
Analyze problems in multivariate ANOVA, factor analysis, repeated measures, logistic regression, loglinear models, cluster analysis. Using statistical computer packages.

**555. Multivariate Statistical Methods in Biology (3)**

(Same course as Biology 597B.)  
Two lectures and three hours of laboratory.  
Prerequisite: Mathematics 350A.  
Application of multivariate statistical methods in the biological sciences.

**556. Computer Mathematics and Symbolic Programming (3)**

Prerequisites: Computer Science 107 and Mathematics 254.  
Use of mathematical and symbolic computer packages such as MACSYMA, SMP, MAPLE, REDUCE, and MUMATH to analyze problems in various branches of mathematics and computer science.

**561. Applied Graph Theory (3)**

Prerequisite: Mathematics 245 or 254.  
Undirected and directed graphs, trees, Hamiltonian circuits, classical problems of graph theory including applications to linear systems.

**579. Combinatorics (3)**

Prerequisite: Mathematics 245.  
Permutations, combinations, generating functions, recurrence relations, inclusion-exclusion counting, Polya's theory of counting, other topics and applications.

**596. Advanced Topics in Mathematics (1-4) I, II**

Prerequisite: Consent of instructor.  
Selected topics in classical and modern mathematical sciences. May be repeated with the approval of the instructor. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Mechanical Engineering

In the College of Engineering

OFFICE: Engineering 323M  
TELEPHONE: (619) 594-6067

The undergraduate degree in Mechanical Engineering is accredited by the Accreditation Board for Engineering and Technology, Inc.

**Faculty**

Emeritus: Bauer, Bilterman, Morgan, Rao, Stone  
Chair: Pinto  
Professors: Bedore, Craig, Fitz, Hoyt, Hussain, Mansfield, Murphy, Ohnysty, Pinto  
Associate Professors: Güven, Lybarger, Thompson  
Assistant Professor: Lowrey

**Offered by the Department**

Master of Science degree in mechanical engineering.  
Major in mechanical engineering with the B.S. degree.

**Transfer Credit**

No credit will be given for upper division engineering coursework taken at an institution having an engineering program which has not been accredited by the Accreditation Board for Engineering and Technology, Inc., unless the student successfully completes the first 12 units of engineering work attempted at this university. At that time, and upon recommendation of the student's major department, credit will be given for the unaccredited work.

**General Education**

Students will complete a minimum of 50 units in General Education, to include a minimum of nine upper division units taken after attaining junior class standing. At least three of the nine upper division units must be taken from Explorations; the remaining six units may be taken from Explorations or from specifically approved upper division course substitutions for Foundations areas B and C (Social and Behavioral Sciences and Humanities). No more than twelve units may be used for General Education credit from any one department or academic unit.

**I. Communication and Analytical Reasoning: 15 units**

- A. Written Communication (6 units to include):
  1. Composition (3 units)
  2. Intermediate Composition (3 units)
- B. Oral Communication (3 units)
- C. Mathematics (6 units) applicable to General Education
  - Mathematics 150
  - Mathematics 151

**II. Foundations: 29 units**

- A. Natural Science (17 units to include):
  1. Life Science (3 units)
  2. Physical Science (14 units)
    - Chemistry 200
    - Physics 195
    - Physics 196
    - Physics 197
- B. Social and Behavioral Sciences (3 units)
- C. Humanities (9 units to include three of the four areas 1., 2., 3., 4.)

**III. Explorations: 6 units**

- A. Three units of upper division cross-cultural Explorations coursework from the area in Humanities not selected in Foundations.
- B. Three units of upper division social sciences coursework. Three units of a six-unit upper division American Institutions sequence from any department but History may be counted toward the Explorations requirement.

**The Major**

Mechanical engineers invent solutions to material problems, questioning how things work, making things work better, and creating ideas for doing things in new and different ways. A newer focus for mechanical engineers is in the area of biomedical engineering, which is the application of quantitative engineering methods to the understanding and solution of biological and physiological problems. Another focus is the design of manufacturing systems. This involves improving quality and speed of manufacture through implementation of computer technology via robots and other automation equipment. Thus, Computer Aided Design (CAD), Computer Aided Manufacturing (CAM), and Computer Integrated Manufacturing (CIM) are all newer aspects of mechanical engineering education.

Jobs in mechanical engineering include developing products to improve air and water quality, inventing more efficient energy sources, designing farm equipment to improve crop yield throughout the world, and developing systems for biological research as well as life-saving medical equipment. A mechanical engineer, now more than ever, is someone who can translate scientific theories into the real products and processes to improve the quality of life.

A number of factors indicate that employment opportunities for mechanical engineering graduates will increase. Engineers now comprise nearly 40 percent of the top management of U.S. industrial firms. As in other fields, engineering job openings for women are increasing dramatically.

The future depends on solving the worldwide problems of energy shortages, environmental pollution, world health, and inadequate food production. Mechanical engineers are heavily involved in finding those solutions.

**Mechanical Engineering Major**

With the B.S. Degree (Major Code: 09101)

All students in Mechanical Engineering pursue a common program of basic sciences, engineering, and mechanical engineering fundamentals. In addition, students are provided with the opportunity to select a pattern of study to satisfy their areas of interest. This pattern of study is indicated in the sequence below as "professional electives" and may be selected from available courses in controls, energy conversion, gas dynamics, heat transfer, machine design, materials, thermodynamics, vibrations, and other areas. *The students' choice of elective courses must be made in consultation with their adviser and documented by the filing of an approved master plan during the second semester of their freshman year.*

All Mechanical Engineering students are required to file a master plan. The purpose of the plan is to facilitate proper academic advice. The plan is to be filed after consultation with a faculty member of the department. Once filed, the plan must be reviewed each semester with the assigned adviser before advanced registration. Filing the master plan will normally occur in Mechanical Engineering 195. Transfer students must comply with this requirement prior to enrollment in ME 310.

*Students must complete all upper division courses in the major within seven years prior to graduation. Students who will have completed any of those courses more than seven years before the projected date of graduation must contact the department chair for information about ways to certify knowledge of current course content.*

**Upper Division Writing Requirement.** Passing the departmental screening examination, a part of Mechanical Engineering 310, or passing the University Writing Examination or English 304W with a grade of C (2.0) or better.

**NOTE:** See following page for recommended sequence of courses for the major in mechanical engineering.

Freshman Year			
Fall Semester	Units	Spring Semester	Units
Chem. 200, General Chemistry .....	5	* Chem. 202, Gen. Chem. for Engrs.	3

## Courses

### LOWER DIVISION COURSES

- 190. Engineering Drawing (2) I, II**  
Six hours of laboratory.  
Development of drawing skills and techniques for engineers. Elementary orthographic and pictorial drawing, sections, dimensioning. Instrument and free-hand drawing. Drawing as an aid to visualization and design.
- 195. Engineering Design: Graphics and Processes (3) I, II**  
One lecture and six hours of laboratory.  
Prerequisite: One year of high school drafting or Mechanical Engineering 190.  
Graphic communication for engineers. Presentation and interpretation of engineering drawings using instruments and freehand sketches. Manufacturing processes and their influence on design decisions.
- 260. Engineering Materials (3) I, II (CAN ENGR 4)**  
Prerequisites: Chemistry 200 and credit or concurrent registration in Engineering Mechanics 200 or 202.  
Atomic and molecular structure of materials utilized in engineering. Analysis of the relationships between structure of materials and their mechanical, thermal, electrical, corrosion and radiation properties, together with examples of specific application to engineering problems.

### UPPER DIVISION COURSES (Intended for Undergraduates)

- 310. Engineering Design: Introduction (3) I, II**  
Two lectures and three hours of guided design activities.  
Prerequisites: Mechanical Engineering majors—English 200 or Linguistics 200 with a grade of C or better, Engineering 120, Mechanical Engineering 195, and Engineering Mechanics 220; non-Mechanical Engineering majors — English 200 with a grade of C or better. To be eligible for the departmental upper division writing test in this class, students must have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. Every mechanical engineering student must have a master plan on file before enrolling in Mechanical Engineering 310.  
Professional approach to engineering design problems. Problem definition, information gathering, feasibility studies, analysis, final design and communication. Several design studies are completed.
- 314. Engineering Design: Mechanical Components (3) I, II**  
Prerequisites: Mechanical Engineering 310 and Civil Engineering 301.  
Application of mechanics, physical properties of materials, and solid mechanics to the design of machine elements. Student design projects.

### 340. Metallic Materials (3) I, II

Prerequisite: Mechanical Engineering 260.  
Physical metallurgy and properties of metals. Influence of processing on the properties of metals. Design criteria for selection of materials.

### 350. Thermodynamics (3) I, II

Prerequisites: Mathematics 252 and Engineering Mechanics 200.  
Development of the basic laws of thermodynamics and their application to engineering systems.

### 352. Thermodynamics and Heat Transfer (3) I, II

Prerequisites: Mathematics 252 and Engineering Mechanics 202 or 220.

First and second laws of thermodynamics; heat conduction, convection and radiation. Not acceptable for mechanical engineering majors.

### 390. Engineering Systems Laboratory: Introduction (2) I, II

One lecture and three hours of laboratory.  
Prerequisites: English 200 or Linguistics 200, Electrical Engineering 203, Engineering 310, all with a grade of C or better; and credit or concurrent registration in Civil Engineering 301.

Engineering experimentation. Instrumentation theory, data analysis, technical communication and experiment design. Principles of experimentation taught in lecture and applied in experiments selected from subdisciplines in Mechanical Engineering.

### 395. Engineering Systems Laboratory: Applications (2) I, II

One lecture and three hours of laboratory.  
Prerequisites: Mechanical Engineering 350 and 390.  
Advanced experiment design, data acquisition theory and data analysis. Experience in designing, conducting and reporting on experiments to acquire knowledge about engineering systems.

### 410. Creativity in Design (3)

Methods to stimulate creativity in design. Investigation of hidden blocks to creative thought. Emphasis on placing students in a design situation requiring an inventive or creative solution.

### 450. Engineering Thermodynamics (3) I, II

Prerequisites: Mechanical Engineering 350 and credit or concurrent registration in Engineering Mechanics 340.  
Further development of the laws of classical thermodynamics. Applications to the analysis and design of energy conversion systems.

### 470. Principles of Heat Transfer (3) I, II

Prerequisites: Engineering 310 with a grade of C or better, Engineering Mechanics 340, and Mechanical Engineering 350.  
Heat transfer by conduction, convection, radiation, and combinations thereof.

### 490A-490B. Engineering Design: Senior Project (2-2) I, II

Six hours of guided design activities.  
Prerequisites for 490A: Mechanical Engineering 314, 395, and credit or concurrent registration in Mechanical Engineering 470, 512, and Electrical Engineering 303.  
Prerequisites for 490B: Mechanical Engineering 450, 490A.  
Applications of engineering principles and design techniques to the designing, building, and testing of an engineering system. A single project is completed in this two-course sequence and is judged completed upon presentation of an oral and a written report.

### 496. Advanced Mechanical Engineering Topics (1-3) I, II

Prerequisite: Consent of instructor.  
Modern developments in mechanical engineering. See Class Schedule for specific content. Maximum credit six units for any combination of Mechanical Engineering 496, 499 and 596.

### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units for any combination of Mechanical Engineering 496, 499 and 596.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 510. Advanced Machine Design (3) I, II

Prerequisites: Mechanical Engineering 314 and 340.  
Application of advanced topics in strength of materials to the design of mechanical elements: Energy methods, stress concentrations, curved beams, and thick-walled cylinders. Practical application of principles through case studies or design projects.

#### 512. Simulation of Engineering Systems (3) I, II

Two lectures and three hours of laboratory.  
Prerequisites: Mechanical Engineering 314 and 395.  
Analysis and design of engineering systems using modern analog and digital computers. Simulation of dynamic systems. Application to problems in mechanics, heat transfer, thermodynamics, and control systems.

#### 516. Engineering Design: Mechanisms (3)

Prerequisite: Mechanical Engineering 512.  
Design of linkages, cams, and gears wherein displacement, velocity and acceleration are paramount considerations.

#### 520. Introduction to Mechanical Vibrations (3)

Prerequisites: Mechanical Engineering 512 and Civil Engineering 301.  
Analysis of mechanical vibration; single- and multi-degree of freedom systems; free and forced vibrations; vibration isolation; vibration absorbers. Theory of vibration measuring instruments.

#### 521. Vibration, Shock and Noise Measurements (3)

Prerequisites: Mechanical Engineering 512 and Civil Engineering 301.  
Experimental problems utilizing vibration excitation equipment, recording systems, transducers, sound analysis systems and analog computers.

#### 530. Automatic Control Systems (3)

Prerequisites: Engineering 310 and credit or concurrent registration in Mechanical Engineering 512.  
Analysis of the dynamic characteristics of control components and systems. Stability and response of closed loop systems. Design of control systems.

#### 540. Nonmetallic Materials (3)

Prerequisite: Mechanical Engineering 340.  
Fundamentals of plastics, reinforced plastics, and ceramics. Analysis of effect of physical properties upon selection of a material for use in design.

#### 542. Production Engineering (3)

Prerequisites: Mechanical Engineering 340 and Engineering 310.  
Quantitative techniques including regression analysis, linear programming, network and simulation methods as applied to planning, forecasting, scheduling and maintaining of modern production and manufacturing systems.

#### 544. Advanced Manufacturing Processes (3)

Prerequisites: Mechanical Engineering 195, 314, 340, 350 and Engineering 310.  
Theory and techniques of metal cutting, forming, non-cutting metal removal, computer controlled machining.

#### 546. Computer Aided Manufacturing (3)

Prerequisites: Mechanical Engineering 195, 340 and Engineering 120, 310.  
Computer controlled manufacturing and assembly techniques and devices. Data bases and special languages.

#### 570. Thermal Systems Analysis and Design (3)

Prerequisite: Mechanical Engineering 470.  
Analysis, design, and optimization of thermal systems using micro-computers. Modeling of thermal systems and components. Thermal system component characteristics and their effect on overall system performance. Relationship among thermal sciences in design process. Introduction to thermoeconomic optimization.

**580. Elements of Energy Conversion (3)**

Prerequisite: Mechanical Engineering 350.  
Principles of physics and chemistry applied to the analysis of a broad spectrum of energy conversion devices from an engineering point of view.

**582. Thermal Environmental Engineering (3)**

Prerequisite: Mechanical Engineering 470.  
Psychrometrics. Mass transfer. Two-phase flow. Heat transfer. Thermoelectric refrigeration. Change of phase.

**584A-584B. Principles of Chemical Engineering (3-3)**

(Same course as Chemistry 500A-500B.)  
Prerequisite: Credit or concurrent registration in Mechanical Engineering 350 or Chemistry 410A.

Industrial stoichiometry; fluid flow and heat transfer as applied to unit operations such as evaporation, distillation, extraction, filtration, gas-phase mass transfer, drying, and others. Problems, reports, and field trips.

**586. Solar Energy Conversion (3)**

Prerequisites: Engineering Mechanics 340, Mechanical Engineering 450 and 470.

Application of thermodynamics, fluid mechanics and heat transfer to the thermal design of solar energy conversion systems. Computer simulations utilized.

**590. Biomechanics (3)**

Prerequisites: Civil Engineering 301 and Engineering Mechanics 340.

Application of engineering methodologies for quantitative understanding of biological/physiological phenomena. Continuum mechanics principles. The cardiovascular system and its components viewed from a mechanistic standpoint.

**596. Advanced Mechanical Engineering Topics (1-3) I, II**

Prerequisite: Consent of instructor.  
Modern developments in mechanical engineering. See Class Schedule for specific content. Maximum credit of six units for any combination of Mechanical Engineering 496, 499 and 596 applicable to a bachelor's degree. Maximum combined credit of six units of Mechanical Engineering 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Mexican American Studies

In the College of Arts and Letters

OFFICE: Adams Humanities 3160  
TELEPHONE: (619) 594-6452

**Faculty**

Chair: Griswold del Castillo  
Professors: Griswold del Castillo, Rodriguez  
Associate Professors: Herzog, Villarino  
Assistant Professor: Ortiz

**Offered by the Department**

Major in Mexican American studies with the B.A. degree in liberal arts and sciences.  
Minor in Mexican American studies.  
Certificate in United States-Mexico Border studies.

**The Major**

The Mexican American studies major emphasizes the unique cultural experience of the Mexican American. The program is open to all students who wish to study in an academic environment that recognizes the richness of the Mexican American past and present.

Mexican American studies majors may choose one of two areas: **Humanities**, which includes courses designed to increase the student's awareness of the Chicano culture, as well as intellectual, aesthetic, literary, historical, ethical, and human values; and **Social Science**, including courses which analyze social institutions and how they affect the individual and also emphasize contemporary Mexican American issues as they relate to the larger society. Areas of study include political science, anthropology, economics, sociology, and history.

Bilingual/bicultural graduates are sought after more than ever before. A student with a major or minor in Mexican American studies has a good possibility of securing a position and advancing. Although employment opportunities in regular classroom teaching and other careers have remained fairly constant, the number of positions for bilingual/bicultural graduates has continued to increase.

Mexican American studies is also an excellent major as preparation for postgraduate study in various professional schools. For example, students can continue their studies for advanced degrees in law, with positions specializing in minority or barrio problems; social work, as a medical or psychiatric social worker in a minority community; public administration; librarianship; and business administration, with careers in accounting, marketing, bank management, and insurance.

**Advising**

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

**Mexican American Studies Major**

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22131)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A double major is strongly recommended for students majoring in Mexican American studies.

Students majoring in Mexican American studies must complete a minor in another field approved by the adviser in Mexican American studies.

**Preparation for the Major.** Mexican American Studies 110A- 110B. (6 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of

college study) is required in one foreign language as part of the preparation for the major. Students are encouraged to satisfy this language requirement in Spanish. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units to include Mexican American Studies 301 and 21 units selected from one area of specialization: (social sciences) Mexican American Studies 303, 304, 306, 320, 324, 350A-350B, 355, 480, 481; or (humanities) Mexican American Studies 310, 314, 324, 335, 375, 376, 380, 396W, 464; or (border studies) Mexican American Studies 306, 355, 375, 380; 498, Economics 565, Geography 325, History 551B, Political Science 568. Up to nine units, with appropriate content, can be applied to each area of specialization from Mexican American Studies 496, 499, and 596.

**Mexican American Studies Minor**

The minor in Mexican American studies consists of a minimum of 18 units in Mexican American studies to include Mexican American Studies 110A-110B and 12 units of upper division courses selected from one area of specialization (social sciences) Mexican American Studies 301, 303, 304, 306, 320, 324, 350A-350B, 355, 481, 498; or (humanities) Mexican American Studies 310, 314, 335, 375, 376, 380, 396W, 464; or (border studies) Mexican American Studies 306, 355, 375, 380, 498, Economics 565, Geography 325, History 551B, Political Science 568. Up to six units, with appropriate content, can be applied to each area of specialization from Mexican American Studies 496, 499, and 596.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

**Mexican American Studies Minor (Imperial Valley Campus)**

The minor in Mexican American studies consists of a minimum of 18 units in Mexican American studies to include 12 units of upper division courses selected from one of the following areas: (humanities) Mexican American Studies 324, 335, 376, 380; (social sciences) Mexican American Studies 320, 350A-350B, 481.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

**United States-Mexico Border Studies Certificate**

The United States-Mexico Border Studies Certificate program is an interdisciplinary program integrating border studies courses from academic units throughout the campus. The objective of the program is to train students from diverse academic backgrounds within a multidisciplinary border studies curriculum that provides direct experience in border institutions and policy issues in both the public and private sectors. The program requires 21 units and a level of Spanish proficiency, 3 on a scale of 5, as indicated on the Foreign Service Language Examination. Students must apply for admission to the program before the completion of nine certificate units and are required to plan their program with an adviser. Contact the Department of Mexican American Studies.

Required courses: Mexican American Studies 355 and three units of an internship, either Mexican American Studies 498 or an internship from the student's major if it is carried out as a border-oriented internship.

Fifteen units selected from the following areas, at least three units from each area. In addition to the courses listed and with the approval of the adviser, students may take border-related courses from other areas, but no more than six units can be from a single department. Courses in the certificate may not be counted toward the minor.

**Evolution of Social and Environmental Regions:** Mexican American Studies 375; Geography 496; History 551B.

**Political and Economic Systems:** Mexican American Studies 306; Economics 458, 496, 565; Political Science 568.

**Cultural and Social Institutions:** Mexican American Studies 376; Geography 325; Policy Studies in Language and Cross-Cultural Education 451.

**Special Problems/Human Services:** Mexican American Studies 496, Border Research Topics; Journalism 496, Latin America and the Media; Political Science 390, Dynamics of Modern International Crises.

## Courses

### LOWER DIVISION COURSES

#### 110A-110B. Introduction to Mexican American Studies (3-3)

Introduction to the culture and the civilization of the Mexican American. Semester I: History; Mexican and US roots; the new identity. Semester II: Contemporary social conditions, public policy, and politics affecting Mexican Americans.

#### 111A. Oral Communication (3)

Training in the process of oral (speech) expression: addressing the barrio; formal delivery.

Mexican American Studies 111A is equivalent to Speech Communication 103. Not open to students with credit in Afro-American Studies 140 or Speech Communication 103 or 204.

#### 111B. Written Communication (3)

Prerequisites: Satisfaction of the English Placement Test and Writing Competency requirements. (See Graduation Requirements section of catalog.) **Proof of completion of prerequisites required:** Copy of EPT or competency scores or verification of exemption; or proof of Cr in Academic Skills 97A or 97B.

Training for students from Hispanic backgrounds in the process of written expression. English grammar and composition; the essay, the term paper. Mexican American Studies 111B is equivalent to English 100. Not open to students with credit in English 100 or higher-numbered composition or creative writing course or Afro-American Studies 120 or Linguistics 100.

#### 120A-120B. The Mexican American Role in the American Political System (3-3)

Semester I: Relationship between the Mexican American community and the American political system. Semester II: The Mexican American in relation to his city, county, and state institutions in California. This year course meets the graduation requirement in American Institutions.

#### 140. History and Sociology of Racism (3)

Survey and analysis of majority group racism and its effects upon minority ethnic groups and society.

#### 141A-141B. History of the United States (3-3)

Spanish, Mexican, and Chicano influences on US history. Semester I: Comparative development of US and Mexico to 1865. Semester II: Mexican Americans in US history; US and Mexican national histories compared from 1865 to the present. This year course meets the graduation requirement in American Institutions.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 301. Political Economy of the Chicano People (3)

Prerequisite recommended: Mexican American Studies 110A-110B. Political and economic roots of the oppression and exploitation of the Chicano from historical, institutional and theoretical points of view. Parallels between the experience of the Chicano and other Hispanic groups.

#### 303. Mexican American Community Studies (3) II

Prerequisite: Completion of the General Education requirement in Foundations, II.B. Social and Behavioral Sciences. Recommended: Mexican American Studies 110A or 110B.

Mexican American communities from a comparative perspective. Systematic inquiry into methods and issues in community studies. Contemporary social, institutional, and political affairs.

#### 304. Drug Abuse in the Mexican American Community (3) I

Substance abuse among segments of the Mexican American population. Theoretical and practical issues and solutions.

#### 306. Mexican Immigration (3) II

Immigration from Mexico in the context of US immigration history and policies. Comparative study of political, economic, and cultural factors. Undocumented immigration and current US law.

#### 310. Mexican and Chicano Music (3) I, II

Music of Mexico and the Southwest including folk dances appropriate for children and adults. Emphasis on the corrido, its history and development in Mexico and the US. Course will be taught bilingually.

#### 314. Rondalla (3)

Six hours of activity. Prerequisites: Upper division standing; Mexican American Studies 301 and consent of instructor.

Music of pre-Columbian and various Mexican romantic historical genres, i.e. corridos (ballads), musica Jarocho (music of Veracruz), boleros (romantic music), musica Nortena (music of Northern Mexico). Emphasis on cultural context, style, and techniques.

#### 320. Mexican American Life Styles (3)

Prerequisite: Completion of the General Education requirement in Foundations, II.B. Social and Behavioral Sciences.

Social relations and cultural evolution in the Mexican American community, female-male relationships, and family. Influence of Spanish-Mexican feudal cultural heritage and US industrial-capitalist society. Comparative cross-cultural social science methodology. Includes interview techniques.

#### 324. Gramatica Cantada (Pedagogia, Musica y Cultura) (3)

Methods and materials of Spanish instruction through music of Mexico and the Southwest.

#### 335. Mexican American Literature (3)

Ideas, forms, history of significant Mexican American prose, poetry and other literary genres.

#### 350A-350B. Chicano History (3-3) I, II

Semester I: Review of indigenous origins; Hispanic institutions and northward expansion; the Mexican Republic. Semester II: Early US encroachment and the Mexican American War; Chicano influences and contributions; the multilingual and multicultural Southwest.

#### 355. The United States-Mexico International Border (3) I

Prerequisite: Upper division standing. History, culture, economics, and politics of US/Mexico border region. Theories and policy issues surrounding development of region; local regional problems and major agencies, institutions, organizations addressing these problems.

#### 375. US/Mexico Border History (3) II

Prerequisite: Completion of the General Education requirement in Foundations, II.B. Social and Behavioral Sciences. Recommended: Mexican American Studies 110A.

Historical problems and movements in the US/Mexico border region, in particular those impacting Spanish-speaking populations on both sides of the border. Contemporary border issues from a historical perspective.

#### 376. Mexican American Culture and Thought (3)

Intellectual history of the Mexican American as a synthesis of different cultural traditions and perspectives. Philosophical concepts from pre-Cortesian times to the present.

#### 380. US-Mexico Borderlands Folklore (3) I

Prerequisite recommended: Mexican American Studies 110A or 110B.

Border folklore; myths, rituals, legends, sayings, and songs of Chicanos and Mexicanos in the U.S.

#### 396W. Chicano Prose: Creative Writing (3)

Prerequisite: Satisfies University upper division writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

A writing workshop. Mutual criticism. Exploration of new form and content in Mexican American prose. Maximum credit six units.

#### 464. Literature for the Chicano Bilingual Student (3)

Chicano literature for the preschool, elementary, and junior high bilingual Chicano student.

#### 480. The Mexican American and the Schools (3) I, II

Prerequisite recommended: Mexican American Studies 110A or 110B.

The Mexican American child's experience in the school system from preschool through high school with emphasis on social, intellectual and emotional growth and development.

#### 481. Contemporary Issues and the Chicano Child (3)

Housing and neighborhoods; family structure; Chicano culture; health and medical needs, problems in education, emotional, social and intellectual growth, meaningful school curriculum; measurement and evaluation of academic skills and relationship to the education of urban and rural Chicano child.

#### 496. Selected Topics in Mexican American Studies (1-3)

Intensive exploration of selected topics in the area of Mexican American studies. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 498. Internship in US-Mexico Border (3)

Nine to twelve hours per week plus four class meetings. Prerequisites: Upper division standing, Mexican American Studies 355, and consent of instructor.

Internship in public or private sector institution, agency, or organization engaged in US-Mexico binational relations or border-related issues. Meets requirements for United States-Mexico Border Studies Certificate program.

#### 499. Special Study (1-3)

Prerequisite: Consent of instructor. Individual study. Maximum credit six units.

### UPPER DIVISION COURSE (Also Acceptable for Advanced Degrees)

#### 596. Topics in Mexican American Studies (1-3)

Prerequisite: Consent of instructor. Advanced topics in Mexican American studies. See Class Schedule for specific content. May be repeated with new content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

# Military Science

In the College of Professional Studies and Fine Arts

OFFICE: Athletics 451  
TELEPHONE: (619) 594-4943

## Faculty

Chair: Williams  
Professor: Williams  
Assistant Professors: Ash, Guerry, Metzger, Vance  
Lecturer: Landry

## Offered by the Department

Army ROTC curriculum leading to a commission as a Second Lieutenant in the US Army.  
Minor in Military Science.

## Curriculum

The Department of Military Science offers both a four-year and a two-year Army Reserve Officers Training Corps (ROTC) program designed to develop future officers in the areas of leadership, management, foreign policy, national security, military history, and military skills. The Army ROTC program also offers a series of optional adventure outings and on-campus activities during the school year. These include orienteering, rappelling, mountaineering, sports programs and social activities. Enrollment in the Army ROTC program is not a requirement for taking military science courses. The Military Science Department offers a varied class schedule to meet students' requirements.

The Army ROTC program consists of one course per semester along with scheduled leadership laboratories. The four-year program is divided into two parts: the Basic Course and the Advanced Course. The Basic Course is usually taken in the freshman and sophomore years. No military commitment is incurred during this time, and students may withdraw at any time through the end of the second year. The first year consists of two-unit introductory courses each semester. The second year consists of two-unit courses with instruction on organizational leadership theories. Uniforms, necessary military science textbooks, and materials are furnished without cost.

After completing the Basic Course, students who have demonstrated officer potential, have met physical and scholastic standards and agree to contract are eligible to enroll in the Advanced Course. This course is normally taken in the final two years of college and consists of outlined military science and designated enrichment courses that include written communication skills, human behavior, computer literacy, and math reasoning. In addition, the Advanced Course consists of a paid six-week Advanced Camp held during the summer between the junior and senior years. This camp permits students to put into practice the principles and theories acquired in the classroom. All students in the Advanced Course receive uniforms, necessary military science textbooks, pay for the Advanced Camp, and a living allowance of up to \$1,000 each school year.

Upon completion of the Advanced Course, students are commissioned Second Lieutenants in the US Army. The available options after commissioning are active duty for a minimum of three years or three months active duty for training followed by part-time participation in the US Army Reserve or US Army National Guard.

Several special programs are available for students who have previous ROTC training or active military service. These programs allow for part- or full-placement credit for the Basic Course. In addition, a program is available for simultaneous participation in both Army ROTC and the Army Reserves or Army National Guard.

## Two-Year Commissioning Program

This program offers students the opportunity to be commissioned officers after two years of Army ROTC instead of four years. The two-year program is designed for community and junior college graduates and students who did not take Army ROTC during their first two years

or who have prior military experience. The six-week summer Basic Camp course of instruction (MS 221) provides the military skills and leadership training normally taught during the freshman and sophomore on-campus courses. The Basic Camp is conducted at Fort Knox, Kentucky, and a paid salary, transportation, meals, and lodging will be furnished. Basic Camp graduates enroll in MS 301 to enter the advanced course.

## Cross Enrollment

Students can participate in Army ROTC while attending any area college or university. For further information concerning cross enrollment, contact the Department of Military Science at (619) 594-4943.

## Applying for the Program

SDSU students enroll in military science courses by signing up during registration in the same manner as for other University classes. There is no advance application needed for the freshman or sophomore classes. Students need to contact the Department of Military Science to enroll in the Army ROTC program and to receive information on lab schedules and activities.

Students enrolling in other area colleges and universities need to contact the Department of Military Science at SDSU for curriculum requirements and application procedures. Telephone (619) 594-4943.

## Financial Assistance

All students have the opportunity to compete for three- and two-year scholarships. These scholarships cover all tuition, laboratory, and book fees, and a \$100 monthly subsistence allowance during the school year. Scholarship applications are processed by the Military Science department. In addition, two-year scholarships are available at the Basic Camp at Fort Knox, Kentucky, where you will be in competition only with the students attending the Basic Camp. Contact the department chair for details. Paid positions (part-time) are available through simultaneous membership in local reserve and National Guard units.

## Military Science Minor

The minor in military science consists of a minimum of 15 units to include Military Science 301, 302, 410, 411; and Military Science 351 or 352 or 499 (3 units) or Sociology 499 (3 units).

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 100A-100B. Introduction to the US Army (2-2) I, II

Semester I: Structure, organization, and missions of the US Army. Preparation and development for officer status. Semester II: Officer leadership, development, and functions. Emphasizing command responsibilities for a basic foundation of military fundamentals.

#### 201. Civil-Military Relations (2) I

Theories of civil-military relations as developed by Huntington and Perlmutter; analysis of governmental and military sector interrelationship, focus of power and manner of control.

#### 202. Psychological Theories of Military Leadership (2) II

Psychological theories, models and concepts as applied in the practice of military leadership. Style and role of small unit military leader in applying principles of motivation, organizational behavior, participative group management in solving military leadership problems. Simulations, case studies and diagnostic tests.

#### 221-S. Cadet Basic Field Training (3) Extension Offered only in Extension.

Prerequisite: Sophomore standing.

Six-week field training through Extension with training in structure, organization, and missions of the US Army; officer leadership, development, and responsibilities; basic military skills; personal conditioning; oral and written military communications. Not open to students with military experience.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 301. Skills of Military Leadership (3) I

Techniques and skills required of military leaders. Military methods of instruction, review of essential map reading skills and case studies of military leadership techniques.

#### 302. Theory and Dynamics of the Military Organization (3) II

Current tactical doctrine and military techniques of planning and coordination required to apply doctrine to small unit operations.

#### 351. Military Land Tactics: Before 1910 (3) I

Prerequisite: Consent of department chair.  
Military tactics prior to 1910. Emphasis on leadership, weapons, and strategy.

#### 352. Military Land Tactics: After 1910 (3) II

Prerequisite: Consent of department chair.  
Military tactics after 1910. Emphasis on leadership, weapons, and strategy.

#### 410. Senior Leadership Seminar (3) I

Prerequisites: Military Science 301 and 302.

Leadership and management problems encountered in a company-sized military unit. Role of the junior officer. Designed to prepare senior cadets for positions as leaders and managers of resources at the platoon/company level.

#### 411. Contemporary Military Policy (3) II

Prerequisites: Military Science 301 and 302.

The military justice system as it has evolved from international law principles and established national security policies. History of military law, the philosophy and structure of the system to include court-martial and alternatives to court-martial.

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of department chair.  
Individual study. Maximum credit six units.

# Music

In the College of Professional Studies and Fine Arts

OFFICE: Music 111  
TELEPHONE: (619) 594-6031

The Department of Music is a Member of the  
National Association of Schools of Music.

Flute: Lukas  
Oboe: Michel  
Clarinet: Liebowitz  
Saxophone: Rotter  
Early Instruments: Peterman  
Bassoon: Michel  
French Horn: Cable, Lorge  
Trumpet: Siebert, Williams  
Trombone: Friedrichs, Hogg, Yeager  
Baritone Horn: Dutton  
Tuba: Dutton  
Percussion: Carter, Mitchell  
Violin: Almond III, Brunson, Hill  
Viola: Elaine, Liu  
Cello: Stauffer  
Contrabass: G. Biggs  
Harp: Hays  
Classical Guitar: Estes, Kilmer, Romero  
Composition: Dutton, Hogg, Stauffer, Ward-Steinman, D.  
Non-Western Instruments: Specialists from specific cultures,  
as available each semester  
Jazz Studies: Helzer, Yeager  
Opera: Chambers, Eaton, O'Donnell

## Offered by the Department

Master of Arts degree in music.  
Master of Music degree.  
Major in music with the B.A. degree in applied arts and  
sciences.  
Bachelor of Music degree in applied arts and sciences.  
Teaching major in music for the single subject teaching  
credential.  
Minor in music.

## The Major

Music serves to enhance the lives of all peoples and provides a  
challenging avenue of creative expression for those who wish to pur-  
sue its serious study. The Department of Music offers an innovative  
and comprehensive musicianship program as part of the curriculum of  
all music majors. This program is designed to ensure that every

student learns to function as a conductor, performer, coach, editor or  
arranger. The student receives instruction in sight-reading, sight-  
singing, improvisation and music composition.

The Bachelor of Music program is for those students who have  
professional ambitions in music performance or seek a foundation for  
graduate study leading to college or university teaching. This program  
strongly emphasizes the performance aspects of music. The Bachelor  
of Arts degree is similar to a liberal arts degree. The coursework has a  
slightly lesser emphasis on the rigorous demands of performance and  
enables students to obtain a broad understanding of music.

For those students who are interested in teaching music, the  
department offers a major leading to the Single Subject Teaching  
Credential. A minor is available for students interested in music, yet  
whose primary interest is with another department.

The performance of music is the most obvious and frequent use of  
the musician's skill. However, graduates may also teach, compose,  
review, sell, and record music. In addition, inventing, constructing,  
tuning, and repairing instruments requires skills which are based on  
understanding the fundamentals of music. Some of the positions that a  
music graduate might hold include studio instructor, teacher in public  
or private schools; researcher for libraries, publishers, and museums;  
music therapist; recording artist, composer, arranger, or calligrapher;  
professional musician with an orchestra, band, or opera company.

## Music Curricula

The music curricula are designed to fulfill the needs of all students:  
(1) those who have professional ambitions in music performance, or  
seek a foundation for graduate study leading to college or university  
teaching; (2) those who are preparing for one of the several state  
teaching credentials; (3) those whose major professional interest is in  
another department, and are seeking musical study as a minor; and  
(4) those who are interested in music as an elective study area for the  
enrichment of their cultural background.

### General Basic Requirements

General basic requirements for the B.M. degree in applied arts and  
sciences, the B.A. degree with a major in music in applied arts and  
sciences or in teacher education are as follows:

1. All new students and transfer students who wish to enroll as  
music majors or minors are given placement examinations in music  
theory and auditions on their major instrument and piano. On the basis  
of these exams and auditions, recommendations of specific courses  
will be made by the department adviser. The specific courses are  
Music 158A-158B, 258A-258B, 358A-358B; Music 250 and 450 with  
the appropriate letter suffix; and Music 110A, 110B, 110C, 110D.

2. Each semester of private instruction concludes with a solo  
performance before a faculty jury. The jury grade accounts for one-  
third of the final semester grade; the teacher's grade accounts for the  
remaining two-thirds.

3. To qualify for upper division study, music majors must pass a  
Junior Level Examination. This is a more intensive solo performance  
before a faculty jury at the close of the fourth semester of study in  
Music 250. If it is not passed, a grade of "I" (Incomplete) is recorded.  
This must be resolved before enrollment in upper division study is  
permitted.

4. The Comprehensive Musicianship Aural Skills Examination is a  
requirement for graduation. It is given at the end of each semester and  
may be retaken until passed. The exam includes sight-singing,  
melodic and harmonic dictation, error detection, chromatic and mod-  
ern harmony. A final grade of C (minimum) is required in each semes-  
ter of the CM courses in order to advance to the next higher course

5. Students must participate in at least one ensemble each  
semester of enrollment and must register for credit up to a total of nine  
units for the B.A. degree, eight units for the B.A. degree with creden-  
tial, and twelve units for the B.M. degree. At least one-half of  
the requirement must be met by participation in a "large" ensemble  
in which the major instrument is used. See the Music Department  
Student Handbook for more details.

6. Attendance at and performance in recitals is a requirement of all  
music majors as set forth in the department recital regulations.

Refer to the Music Department Student Handbook for detailed  
information.

## Electives in Music – Non-Majors

The Music Department offers certain courses for students who are  
interested in music as an elective study area for the enrichment of their  
cultural background. Courses particularly suited for these needs are  
Music 151, 345, and 351 and the music courses numbered 170 to 189  
and from 369 to 389. Some students will be musically prepared to  
elect courses which may or may not be included in this group. Enroll-  
ment by qualified students who wish to elect these courses is  
encouraged.

Opportunities to participate in instrumental and vocal ensembles  
are also available to non-music majors. Music ensemble courses may  
be repeated. A maximum credit of eight units of ensemble courses  
(Music 170-189, 370-389, and 569-589) may be counted toward a  
bachelor's degree for non-majors.

## Music Major

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 10052)

All candidates for a degree in applied arts and sciences must  
complete the graduation requirements listed in the section of this  
catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Music 110A-110B, 110C-110D (may be  
waived in full or in part by examination); 115A; seven units to include  
Music 220A, 220B, 225A, 225B, 230, 235, and 240; 158A-158B; four  
units selected from courses numbered 170 through 189; 146, 246; four  
units of Music 250; 258A-258B. (32-36 units)

**Upper Division Writing Requirement.** Passing the University Writ-  
ing Examination or completing one of the approved writing courses  
with a grade of C (2.0) or better.

**Major.** A minimum of 28-29 upper division units to include Music  
358A-358B; five units selected from courses numbered 369 through  
389; one unit of 346, 446; four units of 450; six units selected from  
452A, 452B, or 452C; and one course selected from 310, 351E, 351F,  
or 554.

## Music Major

With the B.M. Degree in Applied Arts and Sciences  
(Major Code: 10041)

All candidates for a degree in applied arts and sciences must  
complete the graduation requirements listed in the section of this  
catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Music 110A, 110B, 110C, 110D (may be  
waived in full or in part by examination; not required of students  
specializing in jazz studies); 158A-158B, 258A-258B; six units  
selected from courses numbered 170 through 189; four to eight units of  
250. In addition, students specializing in composition must take two  
units of Music 207. Students specializing in jazz studies must take  
Music 166 and 266. (22-32 units)

**Foreign Language Requirement.** Equivalent knowledge demon-  
strated in a test of reading knowledge administered by the foreign  
language department concerned in consultation with the Department  
of Music, as follows:

1. Vocalists—one semester each of French, German, and Italian.
2. Music History and Literature students—three semesters of one  
foreign language chosen from French, German, or Italian.
3. Jazz Studies—no foreign language equivalency required.
4. All others—two semesters of one foreign language chosen from  
French, German, or Italian (except that classical guitar students may  
substitute Spanish).

**Upper Division Writing Requirement.** Passing the University Writ-  
ing Examination or completing one of the approved writing courses  
with a grade of C (2.0) or better.

**Major.** Thirty-six to forty-two upper division units to include two  
units selected from 448A, 448B, 449A, 449B (not required for jazz  
studies); 358A-358B (358B not required of students specializing in  
jazz studies); six units selected from 452A, 452B, or 452C; six units  
selected from courses numbered 370 through 389; four to eight units  
in Music 450. Students specializing in jazz studies must include Music  
366, 466, 566A-566B. All majors must fulfill the requirements in one of  
the following areas of specialization:

(a) **Performance.** Ten units to include Music 367 and 497 and the  
remaining seven units selected with the aid of the departmental  
adviser. (Pianists and string performers must include Music 541 and  
542. Vocalists must include Music 541 and 554.)

Students specializing in performance must appear in a joint recital  
during the junior year and must present a solo recital during the senior  
year. The student must pass an audition of the program to be per-  
formed before the music faculty no less than one month in advance of  
the recitals.

(b) **Music History and Literature.** Ten units to include three units of  
Music 452A, 452B, or 452C; 555; 558; and one unit of elective to be  
selected with the aid of the music history adviser.

During the senior year, the student specializing in music history  
and literature is required to organize, prepare program notes, and  
present two recitals consisting of recorded or "live" performances.  
Each will deal with representative works of a certain period, com-  
posers, or styles to be compared. Such students must pass an audi-  
tion of the lecture and the music to be performed no less than one  
month in advance of the recitals.

(c) **Composition.** Eight units to include two units of Music 497; two  
units of 507; 558; and the remaining unit selected with the aid of the  
departmental adviser.

The specialization may not be formalized until completion of Music  
158B, or waiver by examination.

The student specializing in composition is required to present a  
concert of his compositions during the senior year and present the  
scores of works to be performed to the music faculty no less than one  
month in advance of the performance.

(d) **Jazz Studies.** Nine units to include Music 364A-364B, 367, 497.  
The remaining two units to be selected with the approval of the director  
of jazz studies.

## Music Major

For the Single Subject Teaching Credential  
With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 10052)

All candidates for a teaching credential must complete all require-  
ments as outlined in this section of the catalog under the College of  
Education.

Students in teacher education may use this major for the B.A.  
degree in applied arts and sciences.

Admission to teacher education is required prior to graduation with  
this major.

**Preparation for the Major.** Music 110A-110B, 110C-110D (may be  
waived in full or in part by examination); 115A; seven units to include  
Music 220A, 220B, 225A, 225B, 230, 235, and 240; 158A-158B; four  
units selected from courses numbered 170 through 189; 146, 246; four  
units of Music 250; 258A-258B. (32-36 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 33 upper division units to include Music 351E or 351F; 358A-358B; four units selected from courses numbered 369 through 389; 346, 446; two units of beginning and advanced conducting selected from 448A, 448B, 449A, 449B; four units of 450; six units selected from 452A, 452B, or 452C.

### Performance Studies for Credit

Credit may be allowed for performance studies under the following conditions:

1. Properly enrolled music majors may enroll for performance studies with resident faculty without an additional fee.
2. Students may under no circumstances change teachers in the middle of a semester without first securing the permission of the chair of the Department of Music.
3. Prior to the start of performance studies at San Diego State University, students are required to take a preliminary audition conducted by Department of Music faculty which will indicate status at the beginning of their studies.
4. Students who have dropped out of school or have stopped taking performance studies for credit for one semester or more, upon resumption of that instruction for credit are required to present another preliminary audition.
5. At the end of each semester, the Department of Music will sponsor a jury examination to satisfy itself that its standards have been met.
6. Students enrolled in performance studies must be concurrently enrolled in the Comprehensive Musicianship program until such time as the CM requirements are fulfilled.

### Music Minor

To be admitted to the minor program, the student must audition to demonstrate vocal or instrumental performing ability.

The minor in music consists of 24 units in music selected from one of the following areas:

**Music (Classical).** To be admitted to this area students must take a placement examination in comprehensive musicianship. Requirements include Music 110A-110B, 158A-158B, 258A-258B; two units selected from Music 170-189 and 369-389; and eight units of upper division electives selected with the approval of the adviser.

**Jazz (Instrumental).** Requirements include four units of Music 170/370; four units of 189/389; Music 166, 266, 364A-364B, 366, 466, 566A\*, 566B\*.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* Additional prerequisites required.

### Courses

#### LOWER DIVISION COURSES

##### 101. Recitals (1) I, II Cr/NC

Preparation for individual solo performances and attendance at a minimum of 12 concerts or recitals in accordance with departmental requirements. Maximum credit four units.

##### 102. Basic Musicianship for Non-Music Majors (3) I, II

Two lectures and two hours of activity. Rudimentary music theory involving the elements of music: melody, rhythm, and harmony. Developing the understanding of these elements through instrumental and vocal experiences which include the use of unison and part-singing, the keyboard, and simple melodic and harmonic instruments. Not open to students with credit in Music 104.

##### 103A. Basic Aural Skills (1) I, II

Three hours of laboratory. Prerequisite: Ability to read music. Emphasis on ear-training and sight-singing. May be taken as preparation to enter Music 158A.

##### 103B. Aural Skills (1)

Three hours of laboratory. Prerequisite: Music 103A. Continued emphasis on ear-training and sight-singing. May be taken as review for the Junior Level Aural Skills Examination.

##### 104. Fundamentals of Music Theory (2)

One lecture and two hours of activity. Develop an understanding of notation, rhythm, pitch, keys, meters, scales, intervals, chords, and music terminology. Not open to students with credit in Music 102.

##### 110A-110B. Piano—Elementary Class Instruction (1) I, II

Two hours. Prerequisite: Music 110A is prerequisite to 110B. Basic keyboard experience through study of music reading, notation, scales, chords, and sight-reading covering a repertoire of beginning and intermediate songs and piano literature, with emphasis on keyboard harmony. Required of music majors and minors and credential candidates for teaching at the kindergarten-primary level.

##### 110C-110D. Piano—Elementary Class Instruction (1) I, II

Two hours. Prerequisite: Music 110B is prerequisite to 110C; and 110C to 110D. Continuation of Music 110A-110B.

##### 115A. Voice—Elementary Class Instruction (1) I, II

Two hours. Mastery of the fundamentals of voice. Not open to voice majors.

##### 115B. Voice—Elementary Class Instruction (1) I, II

Two hours. Prerequisite: Music 115A. Observation of individual or group lessons; critiques and discussion; performance in class.

##### 146. Practicum in Music I (2) I

One lecture and two hours of activity. Prerequisite: Music 158B. Introduction to music education. Exposure to music teaching profession at all grade levels before choosing an area of specialization.

##### 151. Introduction to Music (3) I, II

Practical approach to hearing music with understanding and pleasure, through study of representative compositions of various styles and performance media, great musicians and their art. Music correlated with other arts through lectures, recordings, concerts. No credit awarded to music majors and minors.

##### 153. Opera Theatre (2) I, II

Six or more hours per week. The interpretation and characterization of light and grand opera. Specific work in coordination of operatic ensemble. Maximum credit eight units.

##### 158A-158B. Comprehensive Musicianship (3-3) I, II

Two lectures and two hours of activity. Prerequisite: Music 104 or passing placement examination. Music 158A is prerequisite to 158B.

Direct analysis of musical styles and forms as they have evolved historically; composition, improvisation, performance, and instrumentation; sight-singing, dictation, harmony. Parallel developments in related arts; comparisons with non-Western musical systems.

##### 166. Elements of Jazz I (2)

Fundamental harmonic analysis of basic jazz progressions, common modes and blues scale variations, solo transcription analysis, and ear-training.

### Performance Organization Courses

(Music 170 through 189)

The performance organization courses are devoted to the study in detail and the public performance of a wide range of representative literature for each type of ensemble and designed to provide students with practical experience in rehearsal techniques.

##### 170. Chamber Music (1) I, II

Three hours. Four hours for opera. Prerequisite: Consent of instructor. Sections for string, woodwind, brass, piano, vocal, and mixed ensemble groups. May be repeated with new content. See Class Schedule for specific content. Maximum credit four units.

##### 175. Marching Band (2) I

More than six hours. Prerequisite: Consent of instructor. Study and public performance of literature for the ensemble. Practical experience in rehearsal techniques. Maximum combined credit for Music 175 and 375 eight units.

##### 176. Symphonic Band (1) I, II

Five hours. Prerequisite: Consent of instructor. Study and performance of representative literature for the ensemble. Practical experience in rehearsal techniques. Maximum credit four units.

##### 180. Symphony Orchestra (1) I, II

Five hours. Prerequisite: Consent of instructor. Maximum credit four units.

##### 185. Concert Choir (1) I, II

Five hours. Prerequisite: Consent of instructor. Maximum credit four units.

##### 189. Jazz Ensemble (1) I, II

More than three hours. Prerequisite: Consent of instructor. Study and public performance of representative literature for the ensemble. Practical experience in rehearsal techniques. Maximum credit four units.

##### 207. Composition Laboratory (1)

Three hours of laboratory. Prerequisite: Consent of instructor. Original writing in different homophonic and polyphonic forms for various media. Maximum credit two units.

##### 220A. Strings—Elementary Class Instruction (1)

Two hours. Fundamentals of violin and viola by lecture and acquisition of elementary skills for purpose of gaining teaching and conducting skills in working with strings. Primarily for music education majors.

##### 220B. Strings—Elementary Class Instruction (1)

Two hours. Prerequisite: Music 220A. Fundamentals of cello and bass by lecture and acquisition of elementary skills for purpose of gaining teaching and conducting skills for working with strings. Primarily for music education majors.

##### 225A. Clarinet and Flute—Elementary Class Instruction (1)

Two hours. Fundamentals of the clarinet and flute by lecture and acquisition of elementary skills. (Formerly numbered Music 325A.)

##### 225B. Oboe and Bassoon—Elementary Class Instruction (1)

Two hours. Fundamentals of oboe and bassoon by lecture and acquisition of elementary skills. (Formerly numbered Music 325B.)

##### 230. Brass—Elementary Class Instruction (1)

Two hours. Fundamentals of brass instruments by lecture and acquisition of elementary skills. (Formerly numbered Music 330.)

##### 235. Percussion—Elementary Class Instruction (1)

Two hours. Fundamentals of percussion through acquisition of elementary skill on the snare drum and by demonstration and lecture regarding all commonly used percussion instruments of definite and indefinite pitch. (Formerly numbered Music 335.)

##### 240. Guitar—Elementary Class Instruction (1) I, II

Two hours. Open to all students interested in fundamentals of guitar and elementary music skills. (Formerly numbered Music 140.)

##### 246. Practicum in Music II (2) II

One lecture and two hours of activity. Prerequisite: Music 146. Methods and materials. Development of lesson plans and selection of appropriate materials and methods. Rehearsal techniques for elementary, junior high, and high school. Observations of public school master teachers.

##### 250. Performance Studies (1-2) I, II

Prerequisite: Open only to music majors. Audition and approval by departmental faculty. Fifteen one-half hour private lessons or thirty one-hour group sessions for one unit; fifteen one-hour private lessons for two units.

Studies in technical, stylistic, and aesthetic elements of artistic performance. Candidates for the B.M. degree with Performance emphasis enroll for two units of credit per semester. Candidates for the B.A. degree and for the B.M. degree in composition and in music history and literature enroll for one unit of credit per semester. For conditions under which credit is given, see Performance Studies for Credit in the section of the music major. Maximum credit for Music 250 is eight units.

A. Piano	M. Trombone
B. Harpsichord	N. Baritone Horn
C. Organ	O. Tuba
D. Voice	P. Percussion
E. Flute	Q. Violin
F. Oboe	R. Viola
G. Clarinet	S. Cello
H. Saxophone	T. Contrabass
I. Medieval or Renaissance Instruments	U. Harp
J. Bassoon	V. Classical Guitar
K. French Horn	X. Classical Accordion
L. Trumpet	Y. Composition
	Z. Non-Western Instruments

##### 258A-258B. Comprehensive Musicianship (3-3) I, II

Two lectures and two hours of activity. Prerequisite: Music 158B. Music 258A is prerequisite to 258B. Continuation of Music 158A and 158B. Harmony in the eighteenth to twentieth centuries as exemplified in works from the classic, romantic, impressionist, and modern periods.

##### 266. Elements of Jazz II (2)

Prerequisite: Music 166. Harmonic analysis of standard and bebop repertoire, less common modes and dominant scales, solo transcription, analysis, and ear-training.

##### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES  
(Intended for Undergraduates)**

**301. Recitals (1) I, II Cr/NC**

Preparation for individual solo performances and attendance at a minimum of 12 concerts or recitals in accordance with department requirements. Maximum credit four units.

**310. Electronic Music (2)**

One lecture and three hours of laboratory.  
Prerequisite: Consent of instructor.  
Principles and techniques of electronic sound synthesis, musique concrete, and multimedia application in live performance.

**340. Guitar—Intermediate Class Instruction (1) I, II**

Two hours.  
Prerequisite: Music 240.  
Playing styles of folk, popular, and jazz with emphasis on classical music and technique. Theory, reading music, transcription and performance. Group instruction.

**343. Music Literature for Children (3) I, II**

Prerequisite: Music 102 or 158B.  
Analytical study of music suitable for children of all ages. Background information, musical structure and functions of this music in the lives of children are included.

**344. Folk Music (3)**

The origin and development of folk music; the social instruments and their use. Participation in singing and playing folk music.

**345. Music in Contemporary Life (3) I, II**

Functional music in society to include its psychological, physical and recreational uses; music as communication; the composer, the musician, and the audience.

**346. Practicum in Music III (2) I**

One lecture and two hours of activity.  
Prerequisite: Music 246.  
Practical teaching applications. Students will develop and teach model lessons evaluated by students, faculty, and master teachers. Students choose a primary area of specialization and a master teacher in preparation for the final semester of the practicum series. (Formerly numbered Music 446A.)

**351. Great Music (3) I, II**

Significant music literature of the various historical periods with emphasis on the stylistic characteristics through directed listening.

- A. Musical Masterpieces of the Eighteenth and Nineteenth Centuries
- B. Musical Masterpieces of the Twentieth Century
- C. Masterpieces of Grand Opera
- D. Jazz History and Appreciation
- E. Music of Africa and the Americas
- F. Music of Asia and the Pacific

**353. Opera Theatre (2) I, II**

Six or more hours per week.  
Interpretation and characterization of light and grand opera. Specific work in coordination of opera ensemble. Maximum credit eight units.

**358A-358B. Comprehensive Musicianship (5-5) I, II**

Four lectures and two hours of activity.  
Prerequisite: Music 258B. Music 358A is prerequisite to 358B.  
Continuation of Music 258A-258B. Counterpoint from eighteenth to twentieth centuries, serial techniques, jazz, electronic music. Individual projects in instrumentation, composition, analysis, non-Western musics.

**364A-364B. History of Jazz (2-2)**

Jazz style and forms as they have evolved historically. Classroom playing experience in jazz styles as a part of study. Designed for music majors.

**366. Elements of Jazz III (2)**

Prerequisite: Music 266.  
Post bop repertoire, altered modes and scales, solo transcription, analysis, and ear-training.

**367. Junior Recital (1) I, II**

Prerequisite: Junior standing in music.  
Selection of literature for recital program not to exceed 30 minutes in length; theoretical analysis and historical study of scores chosen; preparation and public performance; and examination before committee of music department faculty.

**Performance Organization Courses  
(Music 369 through 389)**

The performance group courses are devoted to the study in detail and the public performance of a wide range of representative literature for each type of ensemble, and designed to provide students with practical experience in rehearsal techniques.

**369. Collegium Musicum (1) I, II**

Prerequisite: Consent of instructor.  
Performance of medieval and renaissance music on reproductions of historical instruments. May be repeated with new content. See Class Schedule for specific content. Maximum credit four units.

**370. Chamber Music (1) I, II**

Three hours. Four hours for opera.  
Prerequisite: Consent of instructor.  
Section for string, woodwind, brass, piano, vocal, and mixed ensemble groups. May be repeated with new content. See Class Schedule for specific content. Maximum credit four units.

**375. Marching Band (2) I**

More than six hours.  
Prerequisite: Consent of instructor.  
Study and public performance of representative literature for the ensemble. Practical experience in rehearsal technique. Maximum combined credit for Music 175 and 375 eight units.

**376. Symphonic Band (1) I, II**

Five hours per week.  
Prerequisite: Consent of instructor.  
Study and public performance of representative literature for ensemble. Practical experience in rehearsal techniques. Maximum credit four units.

**380. Symphony Orchestra (1) I, II**

Five hours.  
Prerequisite: Consent of instructor.  
Maximum credit four units.

**385. Concert Choir (1) I, II**

Five hours.  
Prerequisite: Consent of instructor.  
Maximum credit four units.

**389. Jazz Ensemble (1) I, II**

More than three hours.  
Prerequisite: Consent of instructor.  
Study and public performance of representative literature for ensemble. Practical experience in rehearsal techniques. Maximum credit four units.

**446. Practicum in Music IV (2) II**

One lecture and two hours of activity.  
Prerequisite: Music 346.  
Early field experience. Students will complete 20 hours of public school teaching in their area of specialization. Master teachers will provide on-site guidance and evaluation. Field experience and increased effectiveness will be discussed. (Formerly numbered Music 446B.)

**448A-448B. Choral Conducting (1-1) I, II**

Three hours.  
Prerequisite: Music 258B. Music 448A or 449A is prerequisite to 448B.  
Elements of baton technique and development of basic skills common to choral conducting. Representative literature and techniques for choral organizations will be studied and performed. Practical experience in typical conducting situations will be emphasized in various grade levels. (Formerly numbered Music 448.)

**449A-449B. Instrumental Conducting (1-1) I, II**

Three hours.  
Prerequisite: Music 258B. Music 448A or 449A is prerequisite to 449B.  
Orchestra and band scores of graduated levels of advancement. The class will prepare and conduct instrumental works in public performance.

**450. Performance Studies (1-2) I, II**

Prerequisite: Open only to music majors. Audition and approval by departmental faculty.

Fifteen one-half hour private lessons or thirty one-hour group sessions for one unit; 15 one-hour private lessons for two units.  
Studies in technical, stylistic and aesthetic elements of artistic performance. Candidates for the B.M. degree with performance emphasis enroll for two units of credit per semester. Candidates for the B.A. degree and for the B.M. degree in composition and in music history and literature enroll for one unit of credit per semester. For conditions under which credit is given, see Performance Studies for Credit in the section on the music major. Maximum credit for Music 450 is eight units.

| K. French Horn                         | X. Classical Accordion     |
| L. Trumpet                             | Y. Composition             |
|  | Z. Non-Western Instruments |

**452A-452B-452C. History of Music (3-3-3) I, II**

Prerequisites: Music 158B is prerequisite to 452A and 452B. Music 258B is prerequisite to 452C.

Chronological development of musical art and forms from Middle Ages to present. Analytical score study and assigned recordings. Familiarity with musicological resources through individual assignments.

- A. Music from antiquity to 1600 (Formerly numbered Music 552A.)
- B. Music of the Baroque Era and Classical Period: 1600 to 1800 (Formerly numbered Music 552B.)
- C. Music of the Romantic Period and Twentieth Century: 1800 to present

**458. Comprehensive Musicianship Pedagogy (3)**

One lecture and four hours of activity.  
Personalized System of Instruction (PSI) or the Keller Plan as used in a music theory class. Experience as a tutor-proctor in Music 158A-158B, Comprehensive Musicianship, PSI section.

**461. Rhythmic Skills (1)**

Two hours of activity.  
Systematic refinement of rhythmic skills based mainly on exercises and techniques developed in teaching classical music of India. Multiple patterns, cross rhythms, and a variety of meters through spoken syllables and hand clapping.

**466. Elements of Jazz IV (2)**

Prerequisite: Music 366.  
Atonal and harmelodic theories and philosophy; research paper, solo transcription, analysis, and ear-training.

**468. Stylistic Interpretation (2)**

One lecture and two hours of activity.  
Prerequisite: Music 369.  
Individual and group projects in period musical styles. Application of original treatises and manuscripts to performance on historical and modern instruments. May be repeated with new content. Maximum credit six units.

**475. Band Pageantry (2)**

One lecture and two hours of activity.  
Prerequisite: At least one semester of college marching band.  
Marching band drill styles and techniques. Practical experience in marching band techniques.

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**497. Senior Recital (2) I, II**

Prerequisite: Senior standing in music.  
Selection of literature for recital program not to exceed one hour in length; theoretical analysis and historical study of scores chosen; preparation and public performance; and examination before committee of music department faculty.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of the department chair.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**507. Composition Laboratory (1)**

Three hours of laboratory.  
Prerequisites: Music 207 and consent of instructor.  
Continuation of Music 207. Maximum credit two units.

**510. Advanced Electronic Music (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Music 310.  
Complex waveform generation, remote voltage control generation, and historic aspects of electronic music.

**541. Performance Studies Pedagogy (3)**

Two lectures and three hours of laboratory.  
Prerequisite: Consent of instructor.  
Teaching beginning and intermediate applied music. Survey and evaluation of teaching materials. Observation of individual or group lessons.

- A. Piano
- B. Strings
- C. Voice

**542. Performance Studies Laboratory (2)**

One lecture and three hours of laboratory.  
Prerequisite: Music 541A is prerequisite to 542A and 541B is prerequisite to 542B.

Practical experience in the teaching of individual or group lessons.

- A. Piano
- B. Strings
- C. Voice

**543. Diction (1)**

Principles of pronunciation and enunciation. Application to song and opera in English, Italian, German, and French.

**554. Music Literature (2) I, II**

Prerequisite: Music 258B.  
A concentrated study of the literature in the several areas listed. Analysis of scores and recordings. See Class Schedule for specific content. Maximum credit six units applicable to a master's degree.

- A. Chamber Music Literature
- B. Symphonic Literature
- D. Song Literature
- E. Choral Literature (Cantata, Mass, Oratorio)
- F. Opera Literature
- G. Keyboard Literature (Seventeenth Century through Beethoven (Formerly numbered Music 554C.))
- H. Keyboard Literature (Schubert to the Present)

**555. Proseminar in Music History (3)**

Prerequisite: Six units from Music 452A-452B-452C.  
Research in music history. Problems presented in specific historical style periods.

**556. Proseminar in Ethnomusicology (3)**

Prerequisite: Music 258B.  
Ethnomusicological theory and methodology, including history of the field and its relation to such disciplines as anthropology and linguistics. (Formerly numbered Music 553.)

**558. Modal Counterpoint (3)**

Prerequisite: Music 258A.  
Modal counterpoint in the Renaissance. Composition in liturgical and secular forms. Origins and evolution traced with reference to contemporary uses of modal or pandiatonic counterpoint.

**561. Area Studies: Ethnomusicology (3)**

Prerequisites: Music 351E and 351F.  
Music of a specific culture. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

**562. World Music in Context (2)**

One lecture and two hours of activity.  
Prerequisites: Music 351E or 351F and consent of instructor.  
Practical experience in the performance of specialized traditional genres of world music, social and environmental context in which they exist. Relationship of music, dance, and theater. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

**566A-566B. Jazz Arranging and Composition (2-2)**

Prerequisite: Music 258B.  
Analysis of jazz compositions and arrangements; arranging and composing for large and small jazz ensembles.

**569. Advanced Collegium Musicum (1) I, II**

Prerequisite: Music 369.  
Preparation and performance of representative works by a specific medieval or renaissance composer on historical instruments. May be repeated with new content. See Class Schedule for specific content. Maximum credit four units.

**570. Advanced Chamber Music (1) I, II**

Three hours.  
Prerequisite: Consent of instructor.  
Study and public performance of established repertory as well as new compositions. Sections for string, woodwind, brass, piano and mixed ensemble groups. May be repeated with new course content. See Class Schedule for specific content. Maximum credit four units.

**576. Symphonic Band (1) I, II**

Five hours.  
Prerequisite: Consent of instructor.  
Study and public performance of representative literature for the ensemble. Practical experience in rehearsal techniques. Maximum credit four units.

**580. Analogs in Music, Art, and Literature (3)**

Prerequisite: At least one survey course in music history or appreciation, art history, or comparative literature.  
Cross-influences and correspondences in the arts from the standpoints of style, texture, rhythm, and form.

**581. Symphony Orchestra (1) I, II**

Five hours.  
Prerequisite: Consent of instructor.  
Study and public performance of representative literature for the ensemble. Practical experience in rehearsal techniques. Maximum credit four units.

**585. Concert Choir (1) I, II**

Five hours.  
Prerequisite: Consent of instructor.  
Study and public performance of representative literature for the ensemble. Practical experience in rehearsal techniques. Maximum credit four units.

**589. Jazz Ensemble (1) I, II**

Three hours.  
Prerequisite: Consent of instructor.  
Study and public performance of representative literature for the ensemble. Practical experience in rehearsal techniques. Maximum credit four units.

**591. Theory and Practice of Musical Expression and Interpretation (2)**

Prerequisite: Music 258B.  
Musical perception as it pertains to expressive aspects of performance. Theories of interpretation and ways in which performers can create the impulse to shape its inherent architectonic structure.

**596. Special Topics in Music (1-3)**

A specialized study of selected topics from the several areas of music. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Natural Science

In the College of Sciences

OFFICE: Campanile Drive 164  
TELEPHONE: (619) 594-5157

**Faculty**

Emeritus: Merzbacher, Shull  
Chair: Metzger  
Professors: Dessel, Dowler, Feher, Fisher, Goldberg, Ingmanson, Metzger, Phleger  
Associate Professors: May, Springer, Wallace  
Assistant Professor: Thompson  
Lecturer: Hood

**Offered by the Department**

Teaching major in the physical sciences for the single subject teaching credential.  
Minor in history of science and technology.

**The Major**

The Department of Natural Science specializes in teaching science to nonscience majors at all levels. The lower division classes have no mathematics or science prerequisites. The upper division classes, for the most part, are designed for nonscience majors. They emphasize conceptual understanding, historical developments, and philosophical implications of complex scientific topics such as quantum mechanics, relativity, the origin of life, and the ways in which the world is interpreted by scientists.

The physical science major is offered as an interdisciplinary approach to the study of science. It stresses the interrelationship of chemistry and physics, as well as geology, astronomy, and mathematics. The major is designed primarily for students who intend to become high school teachers of both physics and chemistry. The State of California does not offer separate credentials in either chemistry or physics.

Upon completing the physical science major and other requirements for a Single Subject Credential, graduates will be able to teach the following subjects in California high schools: chemistry, general science, physics, and physical science. Accreditation by the California State Commission of Teacher Preparation and Licensing allows students to waive the State examination for the teaching credential in physical science.

Jobs for physical science teachers are becoming more plentiful. An increasing need for physical science teachers in high schools during the next ten years is predicted. Minority students or those proficient in Spanish are particularly in demand.

**Physical Science Major**

**For the Single Subject Teaching Credential  
With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 19011)**

All candidates for a teaching credential must complete all requirements outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in applied arts and sciences; it prepares students for certification to teach chemistry and physics in secondary schools.

**Preparation for the Major.** Astronomy 101; Chemistry 200, 201, 230; Computer Science 107; Geological Sciences 100; Mathematics 150, 151, 252; Physics 195, 195L, 196, 196L, 197, 197L. (48 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 34 upper division units to include Chemistry 361A, 410A; Physics 311; Natural Science 315, 316, 430, 500; Oceanography 541; Teacher Education 453 and six units of upper division electives in mathematics or the sciences.

**Minor in History of Science and Technology**

The minor in the history of science and technology consists of a minimum of 18 units to include Natural Science 315 and 316 and 12 units selected from History 484, 485; Astronomy 305; Mathematics 303; Natural Science 314, 317; Philosophy 537.

Courses in the minor may not be counted toward the major, but may be used to satisfy requirements for preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

**Courses****LOWER DIVISION COURSES****100. Physical Science (3) I, II**

Introduction to concepts and processes in science intended to show why science is essential to a liberal education by recognizing relationship with other areas of knowledge such as philosophy, literature, fine arts, economics. Emphasis varies with instructor. Natural Science 100 not open to students with credit in Natural Science 102 or 210A.

**102. Physical Science with Laboratory (4) I, II**

Three hours of lecture and three hours of laboratory.  
Introduction to the physical sciences. Emphasis varies with instructor. Laboratory activity is fully integrated with lecture material. Experiments and observations are done when relevant to the subject discussed. Not open to students with credit in Natural Science 100.

**110A-110B. Energy in Nature with Laboratory (4-4)**

Three lectures and three hours of laboratory.  
An integrated introduction to the natural sciences covering selected topics from physics, chemistry and biology focused on the themes of energy and the relationships between processes and structures in nature. Weekly laboratory sessions include demonstrations, discussions, problem exercises and experiments.

**296. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES  
(Intended for Undergraduates)****301. Field Experiences in Secondary School Science (1)  
I, II Cr/NC**

Three hours per week of classroom experience under supervision of certified science teacher.

Prerequisites: Upper division standing; life or physical science major.

Supervised field experiences in secondary school science classrooms. May be biology, chemistry, physics, physical science, or earth science classes depending on major.

**305. Modern Physical Science (3) I, II**

Prerequisite: A college-level course in the physical sciences or life sciences.

Development of scientific models and allied technologies and their influence on the development of societal attitudes and public policy. Discussion of contemporary problems such as environmental degradation and energy utilization, climatic change, uses of computers, and armaments.

**311. Readings in Physical Science (3) I, II**

Prerequisites: Upper division standing and completion of lower division science requirement.

Reading of selected materials with informal class discussion of topics. Emphasis on the historical background, the philosophical implications and the impact of science on thought and culture.

**314. Personalities in Science (1) I, II**

Case study in the life and work of individual scientists from the history of science. See Class Schedule for specific content.

**315. History of Science I (3) I, II**

Prerequisites: Completion of the General Education requirement in Foundations, II.A. Natural Sciences and one of the following courses: Humanities 101, 102A, 102B, History 100, 101, 105, 106. Recommended: Astronomy 101.

The growth and development of science from antiquity to the fifteenth century. Emphasis on man's cognitive reactions to his environment through the coalescence of the occult arts, empirical practices and rational thought associated with early scientific theory.

**316. History of Science II (3) I, II**

Prerequisites: Completion of the General Education requirement in Foundations, II.A. Natural Sciences and one of the following courses: Humanities 101, 102A, 102B, History 100, 101, 105, 106. Recommended: Astronomy 101 and a course in chemistry.

The major developments during the sixteenth through nineteenth centuries of the scientific revolution, the rise of empiricism, the emerging role of scientific societies. Histories of particular theories in both the life sciences and physical sciences.

**317. Development of Scientific Thought (3) I, II**

Prerequisites: Six units from astronomy, chemistry, geological sciences, natural science, or physics. Recommended: Mathematics 121.

Basic scientific concepts and their historical development with emphasis on the problem of theory construction. The relationship between disciplined imagination and observational fact, as illustrated by selected case histories. Limitations of scientific inquiry.

**333. Technology and Human Values (3) I, II**

Prerequisite: Completion of the General Education requirement in Foundations, II.A. Natural Sciences. Recommended: Natural Science 100 or 102.

Technologies such as solar and fusion power, lasers, computer services, transport, synthetic food and their impact on values and lifestyles of developed countries. Characteristics of post-industrial society, future shock and biological revolution. Curve extrapolation and simulation by games and computer.

**351. Solar Energy (3) I, II**

Prerequisites: Completion of a lower division course in the physical sciences and the mathematics competency requirement or Academic Skills 90A or 90B.

Principles and practical aspects of solar energy including radiation transfer, optics, solar spectrum, heat transfer and storage, active solar and passive solar devices and systems, and design of passive solar buildings and shelters.

**400. Seminar (1-3) I, II**

A directed study of a topic to be chosen by instructor and announced in Class Schedule. Maximum credit six units.

**412A-412B-412C. Processes and Inquiry in the Natural Sciences (4-4-4) I, II**

Three lectures and two hours of activity.

Prerequisite: Completion of the General Education requirement in Foundations, II.A. Natural Sciences.

Investigation of processes of inquiry and rational thinking skills characteristic of the sciences.

- A. Physical Sciences
- B. Earth Sciences
- C. Life Sciences

**430. Interpretation of Quantum Mechanics (3) I, II**

Identity, causality, questions of reality; the uncertainty principle. Especially intended for upper division students in the humanities who are curious about modern science.

**431. The Origins of Life (3) II**

Prerequisite: Completion of the General Education requirement in Foundations, II.A. Natural Sciences. Recommended: A course in chemistry or Natural Science 102.

Theories of chemical evolution with emphasis on multidisciplinary aspects involving geology, geochemistry, cosmochemistry and molecular biology.

**496. Topics in Natural Science (1-4) I, II**

Prerequisite: Consent of instructor.

Selected topics in classical and modern natural science. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.

Individual study or laboratory work on a special problem in physical science selected by the student. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**500. Seminar in Curriculum and Instruction in Science (3)**

Prerequisite: Teacher Education 453.

Factors directing the changing science curriculum in secondary schools; recent trends and current research in the teaching of science in secondary schools and in science curriculum development; current practices in science teaching in secondary schools.

**596. Special Topics in Natural Science (1-4) I, II, S**

Prerequisite: Minimum ten units of natural science.

Selected topics in natural science for preservice and inservice elementary and secondary teachers and candidates for the M.A. in Education. May be repeated with consent of instructor. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Naval Science

In the College of Professional Studies and Fine Arts

OFFICE: Physical Education 141  
TELEPHONE: (619) 594-3730

**Faculty**

Chair: Martin  
Professor: Martin  
Assistant Professors: Cutts, Donovan, Ellis, Fitzgerald, Fox, Golden, Navarro

**Offered by the Department**

Minor in naval science.

**NROTC Curriculum**

The Department of Naval Science offers two programs, a scholarship and a nonscholarship program leading to a commission in the United States Navy or United States Marine Corps. Scholarship Program students receive tuition, fees, books and a stipend of \$100 per month while nonscholarship or College Program students receive a \$100 per month stipend during their final two years of college. All students receive instruction in essential naval science subjects which, in conjunction with a baccalaureate degree in the field of their major, qualifies them for commissions as Ensign, United States Navy or Second Lieutenant, United States Marine Corps.

Naval science courses are open to all students having an interest in history, national security, foreign policy, organizational leadership, management and the military services. Enrollment in the Naval Reserve Officer Training Corps (NROTC) is not a requirement for taking naval science courses.

**Naval Science Minor**

The minor in naval science consists of a minimum of fifteen units in naval science, nine of which must be upper division.

Courses in the minor may not be counted toward the major, but may be used to satisfy requirements for preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

**Courses****LOWER DIVISION COURSES****101. Introduction to Naval Science (2) I**

Structure, principles, and practices; lines of command and control; logistical organizations; functions and services of major components of the Navy and Marine Corps; shipboard organization.

**102. Naval Ships Systems I (3) II**

Types, structure, and purpose of naval ships; compartmentation, propulsion systems, auxiliary power systems, interior communications, ship control, ship design and stability.

**201. Naval Ships Systems II (3) I**

Theory and principles of operation of naval weapons systems including types of weapons and control systems, capabilities and limitations, theory of target acquisition, identification and tracking, trajectory principles, and the basics of naval ordnance.

**202. Sea Power and Maritime Affairs (3) II**

Prerequisite: Naval Science 201.  
Sea power and maritime affairs; general concept of sea power (including Merchant Marine); role of naval warfare components used to support the Navy's mission; sea power as an instrument of national policy; comparative study of US and Soviet strategies.

**UPPER DIVISION COURSES  
(Intended for Undergraduates)****301. Navigation and Naval Operations I (3) I**

Prerequisite: Advanced standing.

Theory, principles and procedures of ship navigation. Topics include mathematical analysis, spherical triangulation, practical work involving sight reduction, sextants, publications, required logs/reports, piloting, celestial and electronic navigation techniques.

**302. Navigation and Naval Operations II (3) II**

Prerequisite: Naval Science 301.

Principles and procedures of ship movement and employment including tactical formations and dispositions, relative motion, communications, sonar-radar search and screening theory, rules of the road, lights, signals and navigational aids.

**310. Evolution of Military Conflict (3) II**

Prerequisite: Advanced standing.

Forms of warfare through history to formulate the sense of historical continuity in the evolution of warfare, to develop a basic sense of strategy and alternative military actions, and to explore impact of historical precedent on military thought and actions.

**401. Naval Leadership I (3) I**

Prerequisite: Advanced standing.

Principles of leadership and management. Development of skills in the areas of communications, counseling, control, direction, management and leadership.

**402. Naval Leadership II (3) II**

Prerequisite: Naval Science 401.

Human resource management, naval personnel management, material management and the administration of discipline.

**410. Amphibious Operations (3) I**

Prerequisite: Advanced standing.

Concept of amphibious warfare, doctrinal origins, and its evolution as an element of naval policy during the twentieth century.

# Nursing

In the College of Health and Human Services

OFFICE: Hardy Tower 58  
TELEPHONE: (619) 594-5357

Agency Member of the National League for Nursing and the American Association of Colleges of Nursing. Accredited by the California Board of Registered Nursing and by the National League for Nursing.

## Faculty

Emeritus: Black, Coveny, Laiho, Leslie, Moses, Thomas  
 Director: Lantz  
 Associate Director: Heineken  
 Professors: Gulino, Heineken, Lantz, Salerno, Wozniak  
 Associate Professors: Blenner, Fitzsimmons, Flagg, Freitas, Hines, Loveridge, Reed, Shively, Verderber  
 Assistant Professors: Hadley, La Monica, Moffett, Saarmann, Walker  
 Lecturers: Amber, Bormann, Broom, Burt, Carson, Colwell, Gilbert, Goldberger, Handysides, Kracun, Lischke, Long, Rapps, Szafran

## Offered by the School of Nursing

Master of Science degree in nursing.  
 Major in nursing with the B.S. degree in applied arts and sciences.  
 Health services credential.

## The Major

The nursing profession is concerned with the total health care of the individual and the family. It is a profession which believes in the prevention of illness, caring for those who are acutely ill, and helping people with long-term rehabilitative problems to live in the healthiest way possible. Nursing is both a science and an art. It has its foundation in biophysical and behavioral humanistic sciences, as well as in specific practice skills and techniques.

Students in the nursing program are provided opportunities to acquire knowledge from the natural and social sciences; to develop critical thinking and professional decision-making abilities; to utilize current research in the application of the nursing process; to develop leadership potential and accountability in professional practice; to become aware of the emerging roles of the professional nurse and of the social forces and trends affecting health and health care systems; and to learn to balance professional and personal growth and values.

Nurses are in demand throughout the country and are needed in such settings as acute care hospitals, community health agencies, outreach programs, public schools, health maintenance organizations, and clinics which serve underprivileged, minority, and rural populations. Career opportunities are particularly good for minority, bilingual/bicultural persons.

## Standards for Admission

### Admission to the University

Applicants must be eligible for admission to the University. See "Regulations: Admission and Registration" section of this catalog. Students accepted as nursing majors are subject to further screening to determine their eligibility to be admitted into the professional coursework.

### Admission to the Professional Program in Nursing

1. **Declaration of Major.** Students who are declared nursing majors at SDSU will have first consideration of their application. Students desiring to change their major to Nursing will be considered on a space available basis.

2. **Prerequisite Courses.** The following courses, or their equivalents, and course grades are required for admission to the nursing program:

- Course grade requirement (C or better) in each of these required university courses: Biology 210, Chemistry 130, Psychology 101, Sociology 101
- Course grade requirement (B or better) in each of these required university courses: Biology 150, Biology 261

3. **Minimum Grade Point Average.** Applicants must complete the six prerequisite courses with a minimum overall grade point average of 2.5.

4. **Writing Competency Requirement.** All students must demonstrate their writing competence on one of the following tests.

- By a score of 470 on the verbal portion of the Scholastic Aptitude Test
- By a score of 22 on the American College Tests
- By a score of 150 on the English Placement Test with score of 7 on essay portion
- By a score of 8 on the SDSU Writing Competency Examination

Students who have not achieved the minimum score on the writing competency test must register in Academic Skills 97A and/or 97B prior to admission to the nursing program.

5. **Additional Point System.** Applicants requesting admission to the professional coursework will be ranked and evaluated on the basis of a point system. A maximum of 94 points can be earned in meeting the prerequisite courses, writing competency, recognition of outstanding achievement, health care experience and bilingual ability requirements, and applicants will be ranked in accordance with points earned. Letters of reference will be required to verify specific achievements, leadership, participation and work experience. For specific additional point system allocation, consult the School of Nursing office.

6. **Health Requirement.** To meet the specific health requirements, a medical examination and immunizations must be completed. The medical examination is in addition to the medical required for admission to the University. For specific information concerning medical examination and immunization series, consult the School of Nursing office.

7. **Academic Credit Through Examination.** Academic credit by examination may be obtained by those whose prior education and/or experience provides the knowledge and skills required to meet the objectives of one or more courses. Students who believe they may be eligible for credit by examination should contact the School of Nursing office for an appointment for special advising prior to submitting their application for admission. For University policy regarding credit-by-examination, consult "Academic Credit Through Examination" in the "General Regulations" section of this catalog.

8. **Associate Degree in Nursing-Bachelor of Science Degree in Nursing Option.** An Associate Degree in Nursing-Bachelor of Science Degree in Nursing option is available for registered nurses with Associate Degree in Nursing preparation. This program gives credit for previous coursework and is designed with flexible class scheduling and innovative teaching strategies for the working nurse. Students eligible for this option should contact the School of Nursing office for special advising and program planning.

9. **Formal Application.** Applicants must make an application to the University according to deadlines for impacted programs. In addition, application to the nursing program must be made during the

semester that the student is completing prerequisite non-nursing courses (22 units). Application forms may be obtained at the School of Nursing office. Consult the School of Nursing for the deadline date.

### Special Instructions

- Change of Major.** Requests for change of major will be granted only on a space available basis.
- Full-Time Study.** Students in the nursing program are required to enroll in all of the nursing courses scheduled in each semester. Students with extenuating circumstances may petition the Student Affairs Committee for special consideration.
- Liability Insurance and Transportation.** Students enrolled in the nursing program are required to provide their own professional liability insurance and transportation to off-campus clinical agencies and for home visits.
- Impacted Program.** The nursing major is designated as an impacted program and specific regulations related to admissions are imposed. Consult "Locally and Statewide Impacted Programs" in the "Admissions" section of this catalog for regulations.
- Honors Program.** The honors program is available to students in the senior level who meet the criteria. Four units of honors courses constitute the Honors Program and will be validated as such on the official transcript. Less than four units completed will not be validated as "honors," but may be credited as a special studies program.
- Health Insurance.** All students are advised to obtain health insurance coverage. Students are responsible for health care cost when services are rendered by a health care agency.
- CPR Certification.** Students are required to be certified prior to entrance into any clinical setting. American Heart Association (AHA) Certification is highly recommended.

## Nursing Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 12031)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

Nursing majors are eligible to take the State Board Registered Nurse license examination after completing six semesters of the prescribed curriculum. Graduates are eligible to apply for the California Certificate of Public Health Nursing.

Nursing majors are advised to consult with the School of Nursing office on a semester basis for program modification or policy revisions.

**Preparation for the Major.** Upon acceptance into the program, Nursing 202, 204, 250, 252; Chemistry 160; three units in statistics; and three units in growth and development must be successfully completed before continuation in the upper division courses required for the major. (26 units)

**NOTE:** A grade of C (2.0) or better is *required* in all nursing courses except Nursing 453 and 456 which, as electives, are exempt from this requirement. No nursing course may be repeated more than once. A grade of C (2.0) or better or Cr is required in corequisite courses.

Progress in the nursing program is dependent upon completion of corequisite and nursing courses in the prescribed sequence as outlined below. While corequisite courses may be completed prior to the specified semester, students will not be permitted to progress to the next semester until both corequisite and nursing courses are completed at each semester.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 46 upper division units in nursing to include Nursing 306, 308, 310, 350, 354, 356, 412, 414; and 452 or 454.

### Sequence of Courses in the Nursing Curriculum

First Year		Second Year		Third Year		Fourth Year	
First Semester	Units	Second Semester	Units	First Semester	Units	Second Semester	Units
Chemistry 130	3	Biology 210	4	Nursing 306	3	Nursing 350	3
Biology 150	4	Biology 261	4	Nursing 308	6	Nursing 354	6
Sociology 101	3	Psychology 101	3	Nursing 310	6	Nursing 356	6
G.E. (Written Communication)	3	G.E. (Written Communication)	3	Psychology 351	3		
G.E. (Oral Communication)	3	General Education	3				
	16		17		18		15
First Semester		Second Semester		First Semester		Second Semester	
Chemistry 160	3	Growth and Development	3	Nursing 412	5	Nursing 452 or 454	5
American Institutions	3	Nursing 250	4	Nursing 414	6	General Education	6
Nursing 202	5	Nursing 252	5	General Education	3	American Institutions	3
Nursing 204	3	General Education	3	Specified Elective	2		
G.E. (Statistics)	3				16		14
	17		15				

## General Education Requirements

Students will complete a minimum of 50 units in General Education to include a minimum of nine upper division units. No more than 12 units may be used for General Education credit from any one department or academic unit.

### I. Communication and Analytical Reasoning: 12 units

- A. Written Communication (6 units)
- B. Oral Communication (3 units)
- C. Statistics (3 units)

### II. Foundations: 26 units

- A. Natural Science (11 units)
  1. Life Sciences (8 units) to be satisfied by:
    - Biology 150 (4 units)
    - Biology 210 (4 units)
  2. Physical Sciences (3 units) to be satisfied by:
    - Chemistry 130 (3 units) *or*
    - Chemistry 160 (3 units)
- B. Social and Behavioral Sciences (6 units) to be satisfied by:
  - Psychology 101 (3 units)
  - Sociology 101 (3 units)
- C. Humanities (9 units)

At least three units must be taken from three of the four areas (1. Literature; 2. Art, Classics, Drama, Humanities, and Music; 3. History; 4. Philosophy and Religious Studies) in the Humanities section of the Foundations component of the regular General Education program. Refer to General Education requirements in the Graduation Requirements section of the catalog.

**III. Explorations:** Twelve units to include Psychology 351 and at least one course from the Humanities area of Explorations *not* selected in the Foundations component. At least nine of the twelve units must be upper division and three must be crosscultural. Refer to General Education requirements in the Graduation Requirements section of the catalog.

## Health Services Credential

(Credential Code: 00600)

San Diego State University offers curricula leading to the Health Services Credential. This authorizes the holder to serve as a School Nurse. For information concerning the credential, the student is referred to the School of Nursing Office, HT-58.

The Health Services Credential has been approved by the Commission on Teacher Credentialing.

All applicants seeking admission to the Health Services Credential program *must* be admitted to the University and accepted as a classified postbaccalaureate student.

### Standards for Admission

- Baccalaureate degree in nursing or related field (including community health nursing).
- Current California Registered Nurse License.
- Required admission and planning interview with program adviser.

### Program

The following program elements are required of all health services credential candidates: (31 units)

	Units
NURS 500 Client Assessment	4
NURS 502 School Nursing Management Practices	3
NURS 504 Primary Health Care of the School-Aged Child	3
NURS 504L Primary Health Care of School-Aged Child Practicum	3
NURS 506 Current Concepts in Community Health Nursing	3
HS 521 Health Education for School Nurses	3
*PH 601 Epidemiology	3

C DIS 540 Hearing Conservation and Audiometry for School Nurses	3
SPED 500 Exceptional Individuals	3
Electives: Three units selected from Nursing 610*, Health Science 574, 575*, Special Education 501	

\* Prerequisites waived for students in this program.

## Courses

### LOWER DIVISION COURSES

#### 202. Nursing Science I (5) I, II

Three lectures and six hours of laboratory.

Prerequisites: Admission to the nursing program. Satisfactory completion or concurrent registration in Chemistry 160 and concurrent registration in Nursing 204.

Analysis of the nursing process and the role of the professional nurse in utilization of this process. Emphasis on determining and measuring variables relevant to assessment.

#### 204. Nurse-Client Relationships (3) I, II

Study of nurse-client communication and its application to the clinical practice of nursing. Emphasis on development of each student's ability to communicate in collaborative health team efforts and in patient care situations.

#### 250. Nursing Science II (4) I, II

Two lectures and six hours of laboratory.

Prerequisites: Nursing 202, 204; course in growth and development; and concurrent registration in Nursing 252.

Differentiation of assessment variables and their impact on diagnosis, planning and implementation of care. Laboratory includes experiences with clients having a variety of nursing diagnoses requiring determination of differential priorities in planning and implementing care.

#### 252. Stress in the Health Continuum (5) I, II

Three lectures and six hours of laboratory.

Prerequisite: Concurrent registration in Nursing 250.

Focus on psychological, social and biological stressors affecting man's health status and the modalities of nursing intervention which promote health. Emphasis on developmental and situational stressors commonly experienced in modern society and man's adaptive and maladaptive behavioral and biological responses from birth through senescence.

### UPPER DIVISION COURSES

(Intended for Undergraduates)

#### 306. Nursing Science III (3) I, II

Prerequisites: Nursing 250, 252; concurrent registration in Nursing 308, 310 and Psychology 351.

Analysis of the implementation of quality client care and rights with emphasis on cultural variations. Exploration of professional, ethical, and legal aspects of nursing practice.

#### 308. Adult Health Nursing (6) I, II

Three lectures and nine hours of laboratory.

Prerequisites: Nursing 250, 252; concurrent registration in Nursing 306, 310 and Psychology 351.

Application of theories of stressors and/or biological responses specifically affecting the adult on the health-illness continuum. Laboratory focuses on the application of the nursing process in implementing preventive, supportive, and restorative therapeutic modalities which assist the adult client to reestablish, maintain, or develop new adaptive responses.

#### 310. Psychosocial Nursing (6) I, II

Three lectures and nine hours of laboratory.

Prerequisites: Concurrent registration in Nursing 306, 308 and Psychology 351.

Theory and clinical laboratory in the application of the nursing process to the care of clients evidencing maladaptive responses to psychosocial stressors. Presentation of theories describing and explaining maladaptive behaviors and application of nursing interventions in a variety of treatment modalities.

**312. Concepts in Professional Nursing (3) I, II**

Prerequisite: R.N., with Associate Degree in Nursing.  
 Concepts in professional nursing. Differentiation of professional practice with emphasis on stress theory, therapeutic communication, values clarification, and legal aspects. Not open to generic students.

**350. Nursing Science IV (3) I, II**

Prerequisites: Nursing 306, 308 and 310; concurrent registration in Nursing 354 and 356.

Analysis of evaluation phase of nursing process as a form of documentation of qualitative care. Emphasis on development of critical elements, criteria, and conclusions in effecting objective evaluation of client care.

**354. Maternal-Neonatal Nursing (6) I, II**

Three lectures and nine hours of laboratory.  
 Prerequisites: Concurrent registration in Nursing 350 and 356.  
 A family-centered focus encompassing adaptive and maladaptive responses to stressors in the maternity cycle and their effect on the neonate. Clinical laboratory focuses on the application of nursing theory and process in providing preventive, supportive and restorative care to mothers and neonates.

**356. Child Health Nursing (6) I, II**

Three lectures and nine hours of laboratory.  
 Prerequisites: Concurrent registration in Nursing 350 and 354.  
 Stressors affecting the child on health-illness continuum. Nursing theory and laboratory focuses on application of nursing process in providing preventive, supportive and restorative therapeutic modalities in a variety of settings. Emphasis on the child in the family and the necessary intervention to promote adaptation of the child to attain, maintain or regain an optimum level of health.

**412. Health Care Systems and Methods (5) I, II**

Three lectures and six hours of laboratory.  
 Prerequisites: Nursing 350, 354 and 356; concurrent registration in Nursing 414.  
 Theories and functions of nursing management within health care delivery systems. Role and function of nurse managers as they manage personnel and clients.

**414. Community Health Nursing (6) I, II**

Three lectures and nine hours of laboratory.  
 Prerequisite: Concurrent registration in Nursing 412.  
 Assessment and utilization of community health care concepts and delivery with emphasis on promotion of health, prevention of illness and individual and group teaching techniques. Consideration given to cultural aspects of health care.

**452. Clinical Nursing in Complex Situations (5) I, II**

Three lectures and six hours of laboratory.  
 Prerequisites: Nursing 412, 414; concurrent registration in Nursing 453.  
 Theory and selected laboratory experience in the care of clients with complex health problems requiring intensive nursing care. Consideration will be given to student's preference for specific clinical area of concentration.

**453. Basic EKG Monitoring (1) I, II Cr/NC**

Prerequisite recommended: Concurrent registration in Nursing 452.  
 Basic electrophysiological and interpretive concepts necessary for identification and management of supraventricular and ventricular rhythms.

**454. Ambulatory Nursing in Complex Situations (5) I, II**

Three lectures and six hours of laboratory.  
 Prerequisites: Nursing 412 and 414.  
 Theory and selected laboratory experience in the care of ambulatory clients requiring specific or complex nursing care. Consideration will be given to the student's clinical area of concentration.

**456. Clinical Pharmacology in Nursing Practice (3) I, II**

Prerequisites: Biology 150 and 261.  
 Major classifications of drugs; pharmacological and toxicological activity; clinical applications. Role of nurse in assessment, intervention, and patient education.

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor.  
 Individual study. Maximum credit six units.

**UPPER DIVISION COURSES**  
**(Also Acceptable for Advanced Degrees)**

**500. Client Assessment (4)**

Three lectures and three hours of laboratory.  
 Prerequisite: Consent of graduate adviser.  
 Physical diagnosis and psychosocial assessment of clients with health problems. Nursing process emphasis to include biopsychosocial health history and nursing diagnosis.

**502. School Nursing Management Practices (3) II**

Prerequisite: Nursing 412.  
 Professional and organizational systems and structures which influence health care practices of the school nurse. Health services administration; legal responsibility; role and function of the school nurse in the school, home, and community. Current practices in school health setting.

**504. Primary Health Care of the School-Aged Child (3) I**

Prerequisites: Baccalaureate degree in nursing or related field; current California Registered Nurse License.  
 Primary health care of the school-aged child and adolescent. Major health problems, chronic illnesses, communicable diseases, traumatic injuries, learning and behavior disorders.

**504L. Primary Health Care of School-Aged Child Practicum (3) II**

Twelve hours of practicum.  
 Prerequisites: Nursing 500 and 504.  
 Application of theory to a select population of school-aged children and adolescents. Provides direct experience in clinical nursing management of common health problems and developmental disabilities.

**506. Current Concepts in Community Health Nursing (3)**

Prerequisite: Consent of instructor.  
 Contemporary roles of community health nurse. Appropriate use of community resources for program development, strategies for inter-agency communication, networking, ethnic issues, family and systems theory, and major stressors affecting school community and families of the school-aged child and adolescent.

**596. Special Topics in Nursing (1-3)**

Prerequisites: Completion of 30 upper division units in nursing or graduate status; 3.0 grade point average.  
 Selected topics in the practice of nursing. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum credit of three units of 596 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
**Refer to the Graduate Bulletin.**

# Oceanography

Administered by the Dean of the College of Sciences

OFFICE: Life Sciences 105  
 TELEPHONE: (619) 594-5142

San Diego State University provides preparation for ocean-oriented careers by offering marine-related coursework and oceanographic experience within regular degree programs in the Departments of Biology, Chemistry, Economics, Civil and Mechanical Engineering, Geography, Geological Sciences, Natural Science, and Physics. Master's degrees with specialization in marine problems may also be earned in these departments. The Ph.D. degree is offered in biology, chemistry, and ecology, jointly with the University of California. Degrees in general oceanography or marine studies are not offered by the University. A minor in oceanography is offered for undergraduate science students by the Department of Geological Sciences. The Center for Marine Studies coordinates work in the area of marine studies and provides special supporting services to the faculty, staff and students, including student advising, assistance in research and publication, operation of the University's marine laboratory at Mission Bay, and a boat operations program.

Courses in general oceanography are offered by faculty from the Departments of Biology, Chemistry, Geological Sciences, and Natural Science. Advanced coursework and research in geological and physical oceanography are conducted in the Geological Sciences Department. An option in marine geology is offered as part of the undergraduate major in geological sciences, and the Chemistry Department offers work in chemical oceanography. Advanced courses and research in biological oceanography, marine biology, marine botany, and marine zoology are conducted in the Department of Biology. Similar marine-related coursework and research are offered in the Departments of Economics and Geography and in the College of Engineering. Students who require advising in these areas should inquire at the Center for Marine Studies. (See section of this catalog on Academic Organization, College of Sciences Research Centers.)

## Courses

**UPPER DIVISION COURSES**  
**(Intended for Undergraduates)**

**320. The Oceans (3) I, II**

Prerequisites: One introductory college course in a life science and one in a physical science.  
 Biological and physical aspects of the oceans and their significance to man; problems of modern oceanography.

**320L. Oceanography Laboratory (1) I, II**

Three hours of laboratory.  
 Prerequisite: Credit or concurrent registration in Oceanography 320.

Laboratory elective to accompany Oceanography 320. Laboratory and field methods of study in the major areas of oceanography.

**400. Practical Oceanography (6) I, II Cr/NC**

Laboratory, field work, or on-the-job training by arrangement.  
 Prerequisites: Chemistry 200, 201; Physics 180A-180B and 182A-182B; a course in intermediate college algebra and an elementary course in statistics. Recommended: a course in analytical chemistry (Chemistry 250 or 251).

Practical experience in oceanography at shore installations and at sea. An intensive full-time program in the laboratory and field aspects of the marine sciences. Offered only when ship scheduling permits. Enrollment only by application; students will be notified of selection by the tenth week of the semester preceding the desired interval because of ship berth limitations. Students will normally participate on extended cruises at sea and are advised not to enroll for other courses nor to make employment commitments during the semester.

“The sea drowns out humanity and time; it has no sympathy with either, for it belongs to eternity, and of that it sings its monotonous song for ever and ever.”

—Oliver Wendell Holmes

**UPPER DIVISION COURSES**  
**(Also Acceptable for Advanced Degrees)**

**541. Oceanography (3) I, II**

Prerequisites: Chemistry 200; Mathematics 121 and 122 or 150; Physics 180A or 195, 195L.  
 Multidisciplinary examination of the physical, chemical, biological and geological aspects of the marine environment and the relationship of man with the sea. Intended for science majors only.

**561. Deep Sea Oceanography (3) I, II**

Prerequisites: Biology 515 and Chemistry 361A.  
 Concepts of deep sea oceanography including abyssal biology, physics and chemistry, instruments and methods of deep sea research, biogeochemistry of oceanic ridges, and high-pressure biochemistry.

**For additional courses in Marine Studies see:**

- Biology 513. Marine Microbiology
- Biology 514. Phycology
- Biology 515. Marine Invertebrate Zoology
- Biology 517. Biological Oceanography
- Biology 518. Fisheries Biology
- Biology 519. Aquaculture
- Biology 520. Ichthyology
- Chemistry 501. Chemical Oceanography
- Economics 454. Economics of the Ocean
- Geography 504. Coastal and Submarine Physiography
- Geography 510. Advanced Meteorology
- Geography 576. Geography of Marine Resources
- Geography 588. Intermediate Remote Sensing of Environment
- Geological Sciences 540. Marine Geology
- Geological Sciences 545. Descriptive Physical Oceanography
- Geological Sciences 548. Coastal and Estuarine Physical Oceanography

# Philosophy

In the College of Arts and Letters

OFFICE: Adams Humanities 4142  
TELEPHONE: (619) 594-5263

## Faculty

Emeritus: Howard, Nelson, O'Reilly, Rujá, Shields, Snyder, Warren  
Chair: Weissman  
Professors: Carella, Feenberg, Friedman, Gregor, McClurg,  
Rosenstein, Weissman, Weston  
Associate Professors: Chaffin, Troxell  
Assistant Professor: Zupko

## Offered by the Department

Master of Arts degree in philosophy.  
Major in philosophy with the B.A. degree in liberal arts and sciences.  
Minor in philosophy.

## The Major

The philosophy major explores and seeks to understand values and the nature of reality. Through the study of philosophy, questions are asked about existence and experience: What is truth? What is morally right? What kind of life is best? What kind of society? Is there an ultimate reality? Philosophy studies the types of questions that most other subject areas are unable to address fully.

There are three different ways these questions are characteristically investigated in the philosophy major at San Diego State University. They are approached historically, by studying the history of philosophy from the ancient Greeks to the present; analytically, by carefully examining the meanings and interrelationships of ideas; and critically, by training students in the art of evaluating various claims and the arguments for and against them.

While the analytical and critical approach are part of every course in philosophy, the philosophy curriculum at San Diego State University emphasizes the historical approach. The aim is to provide the philosophy major with a thorough grounding in the development of philosophy so that the student is well prepared to participate in the discussion of contemporary issues.

The education of a philosophy major, along with providing the satisfaction of dealing with fundamental issues which have concerned serious thinkers for many centuries, also provides the student with skills that may be used in a variety of careers. Some students begin graduate work after their B.A., either in philosophy, with the expectation of teaching or writing in the field, or in law, education, or other professional programs. Some enter new fields of research, working on computer problems or artificial intelligence. Other students find that the special skills they have developed as philosophy majors – the ability to read complex material with comprehension, to analyze problems, to find relevant sources, to evaluate evidence, to propose solutions and to examine them self-critically, and to report the results of their inquiries with clarity and coherence – are valued by employers in many different fields. Such students may find career opportunities in government, industry, finance, and social services.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Philosophy Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 15091)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Six lower division units in philosophy including Philosophy 120.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 500W or 508W with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units in philosophy at the 400 and 500 level to include Philosophy 411, 412, 413, 414, and 521; completion of the requirements in any one of the four areas of specialization listed below and three to six units of electives in philosophy. Students intending to go on to graduate work in philosophy are strongly urged to select "Current Issues" as their area of specialization.

**A. Current Issues:** Twelve units to include three units from each of the following groups, with an additional three units from either Group I or Group II.

Group I: Philosophy 523, 525, 537

Group II: Philosophy 512, 528, 541

Group III: Philosophy 506, 507, 508

**B. Legal and Political Philosophy:** Philosophy 510, 512, and three units selected from 523, 527, 528, and 532.

**C. Aesthetics and Philosophy of Literature:** Nine units selected from Philosophy 508, 541, 542, and 543.

**D. Philosophy of Science:** Philosophy 537 and six units selected from Philosophy 522, 527, 531, and 536.

## Philosophy Minor

The minor in philosophy consists of a minimum of 15-18 units in philosophy of which 15 units must be upper division and at least 12 units must be numbered 400 or above. The student must complete the requirements in one of the following areas of specialization:

**A. Aesthetics and Philosophy of Literature:** Twelve units selected from Philosophy 334, 508, 541, 542, 543.

**B. History of Philosophy:** Philosophy 411 and nine units selected from Philosophy 412, 413, 414, 506, 507, and 575.

**C. Legal and Political Philosophy:** Philosophy 510, 512, and six units selected from Philosophy 527, 528, and 532.

**D. Philosophy and Cognitive Science:** Philosophy 521, 523, 531, and 536.

**E. Philosophy of Science:** Philosophy 537 and nine units selected from Philosophy 521, 522, 523, and 527.

## Courses

### LOWER DIVISION COURSES

#### 101. Introduction to Philosophy: Values (3) I, II

Introduction to philosophical inquiry, with emphasis on problems of value. Each student is encouraged to think independently and formulate his own tentative conclusions.

#### 102. Introduction to Philosophy: Knowledge and Reality (3) I, II

Introduction to philosophical inquiry with emphasis on problems of knowledge and reality. Each student is encouraged to think independently and formulate his own tentative conclusions.

#### 103. Historical Introduction to Philosophy (3) I, II

Introduction to philosophical inquiry through study of the works of major philosophers in their historical contexts.

#### 120. Logic (3) I, II (CAN PHIL 6)

Introduction to deductive and inductive logic. Logic and language. Analysis of fallacies. Uses of logic in science and in daily life.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 305. Classics of Western Philosophy (3)

Prerequisite: Upper division standing.  
Analysis of major texts selected from diverse historical periods in western philosophy. Texts will illustrate different world views (e.g., Platonism, Stoicism, Skepticism) and their relationship to other disciplines and to present world views.

#### 310. Philosophy and Human Nature (3)

Concept of human nature. Descriptive and normative aspects of major theories of human nature.

#### 329. Social Ethics (3)

Ethical issues of contemporary life. Individualism vs. collectivism; democracy vs. dictatorship; ethical problems arising in law, medicine, business, government and interpersonal relationships.

#### 330. Medical Ethics (3)

Value judgments upon which medicine is based and the ethical issues which medicine faces.

#### 333. Philosophy of Technology (3)

Prerequisite: Completion of General Education requirement in Foundations, II.C. Humanities.

Nature of technology. Ethical aspects of social, political, and environmental problems associated with rapid development of technology over the last century. Responses to these problems by contemporary philosophers.

#### 334. Philosophy of Literature (3)

Study of literature of philosophical significance, and of philosophical problems of literature.

#### 351. Chinese Philosophy (3)

Philosophical traditions which have shaped the intellectual life and culture of China. Emphasis on foundational texts surviving from pre-Han China.

#### 411. Ancient Western Philosophy (3) I

Prerequisite: Three units in philosophy.  
Ancient western philosophy through the third century A.D. (Formerly numbered Philosophy 301 and 401.)

#### 412. Medieval and Renaissance Philosophy (3) II

Prerequisite: Three units in philosophy.  
European philosophy from the fourth century through the sixteenth century. (Formerly numbered Philosophy 402 and 502.)

#### 413. Seventeenth and Eighteenth Century European Philosophy (3) I

Prerequisite: Three units in philosophy.  
European philosophy in the seventeenth and eighteenth centuries. (Formerly numbered Philosophy 303 and 404.)

#### 414. Nineteenth Century European Philosophy (3) II

Prerequisite: Three units in philosophy.  
European philosophy in the nineteenth century. (Formerly numbered Philosophy 405 and 504.)

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 499. Special Study (1-3) I, II

Prerequisites: Six upper division units in philosophy and prior arrangements with a supervising instructor.  
Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 506. Twentieth Century Continental Philosophy (3)

Prerequisite: Six upper division units in philosophy.  
Major figures and movements in European philosophy from Husserl to the present.

#### 507. Twentieth Century Anglo-American Philosophy (3)

Prerequisite: Six upper division units in philosophy.  
Major figures and movements in Anglo-American philosophy since World War I.

#### 508. Existentialism (3)

Prerequisite: Six units in philosophy.  
The philosophical aspects of Existentialism. Major emphasis is on the diversity of thought within a common approach as this is shown in individual thinkers.

#### 510. Philosophy of Law (3)

Prerequisites: Three units in philosophy and three units in political science.

The nature of law and the logic of legal reasoning. An exploration of certain key legal concepts such as causation, responsibility, personality and property.

#### 512. Political Philosophy (3)

Prerequisite: Philosophy 101, 102 or 103.  
Selected aspects of the political structures within which we live, such as law, power, sovereignty, justice, liberty, welfare.

#### 521. Deductive Logic (3)

Prerequisite: Philosophy 120.  
Principles of inference for symbolic deductive systems; connectives, quantifiers, relations and sets. Interpretations of deductive systems in mathematics, science and ordinary language. Not open to students with credit in Mathematics 523.

#### 522. Inductive Logic (3)

Prerequisite: Philosophy 120.  
Definition, classification and division. The logic of experimentation and statistics. Formation and validation of hypotheses. Probability theories.

#### 523. Theory of Knowledge (3)

Prerequisite: Six units in philosophy.  
The major theories of human knowledge: mysticism, rationalism, empiricism, pragmatism.

**525. Metaphysics (3)**

Prerequisite: Six units in philosophy.  
Prominent theories of reality, e.g., realism and nominalism, materialism and idealism, teleology and determinism.

**527. Values and Social Science (3)**

Prerequisite: Six units in philosophy.  
Analysis and discussion of the nature of values and value-judgment with particular reference to the social sciences. Among relevant issues: the naturalistic fallacy, facts and values; authoritarianism, emotivism, objective relativism; the individual and the community.

**528. Theory of Ethics (3)**

Prerequisite: Six units in philosophy.  
Significant and typical value theories and systems and the concrete problems such theories seek to explain. Emphasis will be on moral values.

**531. Philosophy of Language (3)**

Prerequisite: Six units in philosophy.  
An introduction to theories of meaning for natural languages and formal systems; concepts of truth, synonymy and analyticity; related epistemological and ontological problems.

**532. Philosophy of History (3)**

Prerequisite: Six units in philosophy.  
The nature of history and historical inquiry. As metaphysics: A study of theories of historical development. As methodology: History as science, truth and fact in history, historical objectivity, the purpose of history.

**535. Philosophy of Religion (3)**

Prerequisite: Six units in philosophy.  
Philosophical examination of issues raised by the religious impulse in man.

**536. Philosophy of Mind (3)**

Prerequisite: Three upper division units in philosophy.  
Analysis of the concept of mind, intention, behavior, etc. Developments generated by works of such philosophers as Wittgenstein, Wisdom, and Ryle.

**537. Philosophy of Science (3)**

Prerequisite: Six units in philosophy.  
The basic concepts and methods underlying contemporary scientific thought. Contributions of the special sciences to a view of the universe as a whole.

**541. History of Aesthetics (3)**

Prerequisite: Philosophy 101, 102 or 103.  
Major documents in the history of aesthetics.

**542. Philosophy of Art (3)**

Prerequisite: Six units in philosophy.  
The nature of aesthetic experience. Principal contemporary theories of art in relation to actual artistic production and to the function of art in society.

**543. Philosophy and Literary Theory (3)**

Prerequisites: Three upper division units in philosophy and three upper division units in literature.  
Relations between philosophy and literary discourse. Strategies of interpretation offered by major contemporary thinkers.

**575. A Major Philosopher (3)**

Prerequisite: Six upper division units in philosophy.  
The writings of one major philosopher. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units applicable to the major. Maximum credit six units applicable to a master's degree.

**596. Selected Topics (3)**

Prerequisite: Six upper division units in philosophy.  
A critical analysis of a major problem or movement in philosophy. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to the major in philosophy. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Physical Education

In the College of Professional Studies and Fine Arts

OFFICE: Physical Education 351  
TELEPHONE: (619) 594-5541

**Faculty**

Emeritus: Andrus, Benton, Broadbent, Cave, Cullen, Fox, Friedman, Kasch, Landis, Olsen, A., Olsen, L., Schutte, Schwob, Sportsman, Terry, Tollefsen, Wilhelm, Williamson, Ziegenfuss  
Chair: Carlson  
Professors: Aufesser, Carlson, Carter, Grawunder, King, McKenzie, T., Moore, Phillips, Rushall, Selder, Simmons, Sucec  
Associate Professors: Barone, Buono, Francis, P., Franz, Hempel, Mechikoff, Verity, Wells  
Assistant Professors: Faucette, Gutowski, Johnson, Lasko-McCarthy, Nichols-Bernhard, Patterson, Quinn, Smith, Whitby  
Lecturers: Francis, L., Griffin, Hammond, McGhie, McKenzie, R.,

**Offered by the Department**

Master of Arts degree in physical education.  
Major in physical education with the B.A. degree in liberal arts and sciences.  
Major in physical education with the B.A. degree in applied arts and sciences.  
Emphasis in athletic training.  
Teaching major in physical education for the single subject teaching credential.  
Adapted physical education credential.  
Minor in physical education.

**The Major**

Physical education is a study of the processes through which individuals obtain optimal health, physical skill, and fitness. The physical educator, whether in a laboratory, school, medical or business setting, is ultimately concerned with improving the health and well-being of people.

The major in physical education prepares students in such areas as exercise physiology, motor learning and control, human movement, injury prevention and rehabilitation, sport psychology, sport sociology, philosophy and history of sport and physical education, nutrition, sport pedagogy, and measurement and evaluation. Courses designed to develop skills in the analysis, organization, and performance of various sports and physical activities are also a part of the program.

While many high school students think of physical education only as preparation for coaching and teaching, today's physical educator is prepared for a wide range of exciting career opportunities beyond the traditional occupational paths. Some of the typical career fields open to physical education majors include:

**Athletic Training.** Students find employment in a broad range of medical, commercial, and educational environments. Sports medicine specialists work in such diverse areas as health and nutritional consulting, fitness testing, cardiac rehabilitation, the design of industrial health and safety programs, biomedical engineering, physiological research, and as athletic trainers for sports teams. Students majoring in physical education also find their preparation beneficial for graduate study leading to careers in physical therapy and medicine. There are also career opportunities for employment in the business sector. Physical education graduates work as fitness experts and managers in adult and corporate fitness programs of businesses, industry, public agencies, and schools.

**Teaching.** The college graduate in physical education may find employment in public and private schools, specializing at either the elementary or secondary level. Physical education majors teach activity and sports skills, health and fitness classes, and act as physical education resource specialists. Students also may prepare for careers in athletic coaching. The athletic coach works to improve individual and team sports skills, enhance opportunities for social and personal

development of team members, develop the health and fitness of participants, and promote public awareness concerning the benefits of sports participation. Opportunities for both men and women exist at the interscholastic level, as well as with community and commercial sports clubs.

**Physical Education Major**

**With the B.A. Degree in Liberal Arts and Sciences**  
(Major Code: 08351)

All candidates for a degree in liberal arts and sciences must complete the requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major.** Biology 150, 336; Physical Education 276; Psychology 101; four units of activity classes. (16 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 503W with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in physical education to include 12 units from Physical Education 371, 376, 385, 560, 561, 570, and 12 units selected with the approval of the adviser.

**Physical Education Major**

**With the B.A. Degree in Applied Arts and Sciences**

All candidates for a degree in applied arts and sciences must complete the requirements listed in the section of this catalog on "Graduation Requirements."

**Emphasis in Athletic Training**

(Major Code: 08351)

The purpose of the emphasis is to prepare students to meet the academic requirements necessary for a career in athletic training and to meet degree requirements for National Certification in athletic training. Students wishing to meet *all* requirements for National Certification by the National Trainers Association must also complete a minimum of two years' clinical internship under the direct supervision of a certified athletic trainer. Students interested in completing this requirement at San Diego State must make application for clinical internship to the athletic medical section of the San Diego State Physical Education Department. Selection is competitive and limited in number. Applications are accepted in spring for fall selections.

**Preparation for the Major.** Physical Education 265, 276; Biology 100, 100L, 150; Chemistry 100, 130; Family Studies and Consumer Sciences 204; Physics 107; Psychology 101. (29 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 503W with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Physical Education 361, 362, 368, (2 units), 371, 376, 385, 560, 561, 563, 564, 565, 567, 570; Biology 336. Recommended: Physical Education 574, 575; Health Science 301.

This emphasis does not meet the teaching credential requirements.

## Physical Education Major

For the Single Subject Teaching Credential  
With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 08351)

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students as an undergraduate major for the B.A. degree in applied arts and sciences.

### Elementary/Secondary

**Preparation for the Major.** Biology 150, 336; Physical Education 190, 265, 276; Psychology 101. (16 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W or 503W with a grade of C (2.0) or better.

**Major.** A minimum of 41 upper division units to include Physical Education 340, 347, 361, 371, 376, 380, 385, 560, 561, 568, 570; two units from team sports (345A, 345H); two units from individual sports (345B, 345F, 345G); and six units from Physical Education 322, 332, or 345.

## Adapted Physical Education Credential

(Credential Code: 00980)

### Admission Categories

**Level I:** Physical Education major with an interest in adapted physical education, completion of a minimum of 45 units with a GPA of 2.5 or better, and official application to the Coordinator of Adapted Physical Education.

**Level II:** Physical Education major with a minimum of 2.75 after 90 units including the completion of Physical Education 371, 560, 561, 567, 568 and at least two units of Physical Education 368, and official application to the Coordinator of Adapted Physical Education.

**Level III:** Certified. Completion of all courses required for physical education major in the single subject teaching credential major, all classes for the certification including completion of the entire student teaching experience. (Preliminary credential.) The student must have a 3.0 average and no grade lower than C in all the academic classes required to be certified. A required course in which a grade lower than C is earned may be repeated only with prior approval of the coordinator.

### Pre-Service Program

Candidates for this program in adapted physical education must complete the requirements for the single subject teaching credential in physical education, apply for the program, be accepted, and complete the following specialist coursework.

1. Adapted Program: Minimum 15 units: Physical Education 567, 568, 667, 672, 398\* (1 unit), and Special Education 501.
2. Practical Experience and Student Teaching: The candidate must complete four units of Physical Education 368 and a full-time student teaching experience in adapted physical education.

### In-Service Program

Candidates for this program in adapted physical education must complete the requirements for the single subject teaching credential in physical education, apply for the program, be accepted, and complete the following specialist coursework.

1. Adapted Program: Minimum of 15 units: Physical Education 567, 568, 667, 672, 683 and 398\* (1 unit).
2. Practical Experience and Student Teaching: The candidate must complete four units of Physical Education 368 and a full-time student teaching experience in adapted physical education or equivalent experience.

\* Approved by Coordinator, Adapted Physical Education.

## Physical Education Minor

**Sport Skills and Coaching Area:** A minimum of 24 units to include Biology 150; Psychology 101; Physical Education 265, 276, 345G, 570; four units selected from the Physical Education 332 series; two units of Physical Education 398; and two units selected from Physical Education 345A, 345B, or 361.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Types of Activity Courses

The department offers a wide variety of physical activity courses ranging from adapted physical education through intermediate level classes. The purpose of the physical activity program is to:

1. Provide quality physical activity skill instruction at the beginning and intermediate levels in a wide variety of sport and dance activities.
2. Provide a vehicle for vigorous physical activity in an instructional setting.
3. Provide knowledge about various sport and dance activities.
4. Provide knowledge about the value of physical activity as it relates to an improved quality of life.
5. Provide opportunity for physical activity instruction to all segments of the student population, including those with temporary or permanent disabilities.

## Courses

### LOWER DIVISION COURSES

Courses offered for one unit credit meet two hours per week or equivalent. "A" signifies a beginning class, "B" intermediate.

#### 100. Exercise and Health (3) I, II

Two lectures and two hours of activity.

Scientific bases of relationships between exercise and health and application of these principles to individual fitness appraisal and regimen.

#### 102. Conditioning (1) I, II

(Formerly numbered Physical Education 102A.)

#### 103A-103B. Jogging (1-1) I, II

#### 104A-104B. Weight Training (1-1) I, II, S

#### 105. Individual Adaptives (1) I, II

Prerequisite: Consent of instructor.

A health history record is required of each student. Individual exercise programs for those who are handicapped in some respect, or who have functional defects or deficiencies amenable to improvement through exercise. May be repeated for credit.

#### 108A-108B. Basketball (1-1) I, II

#### 109A-109B. Soccer (1-1) I, II

#### 110A-110B. Volleyball (1-1) I, II

#### 111A-111B. Softball (1-1) I, II

#### 115A. Track and Field (1) I, II

#### 116A-116B. Golf (1-1) I, II

#### 117A-117B. Archery (1-1) I, II

#### 118A-118B. Tennis (1-1) I, II, S

#### 119A-119B. Bowling (1-1) I, II

#### 120A-120B. Badminton (1-1) I, II

#### 122A-122B. Fencing (1-1) I, II

#### 123A-123B. Racquetball (1-1) I, II, S

#### 124. Sailing (1)

(Formerly numbered Physical Education 124A.)

#### 125. Men's Gymnastics Apparatus (1)

(Formerly numbered Physical Education 125A.)

#### 127A-127B. Women's Gymnastics Apparatus (1-1) I, II

#### 129A-129B. Swimming (1-1) I, II, S

#### 131. Water Exercise (1) I, II

Two hours of activity.

Individual and group participation in stretching; muscular endurance, and cardiovascular exercises in the water; swim fitness/endurance training; and fitness related water games and relays.

#### 132A-132B. Ballroom Dance (1-1) I, II

#### 134A-134B. Modern Dance (1-1) I, II

#### 135A-135B. Ballet (1-1) I, II

#### 136A-136B. Jazz (1-1) I, II

#### 137A. Aerobic Dance (1) I, II, S

#### 138. Selected Activities (1) I, II, S

May be repeated with new activity for additional credit. See Class Schedule for specific content.

#### 139. Competition Fitness (1) II Cr/NC

Two hours of activity.

Fitness program for student wishing to prepare for high-level competitive athletics. Theoretical aspects included. Maximum credit one unit applicable to a bachelor's degree and athletic eligibility.

#### 141A-141B. Martial Arts (1-1) I, II

Physical Education 141A is prerequisite to 141B.

#### 145. Waterskiing (1) I, II, S

#### 146. Surfing (1) I, II, S

#### 147. Windsurfing (1) I, II, S

#### 150A-150B. Horseback Riding (1-1) I, II

Physical Education 150A is prerequisite to 150B.

#### 171. Intercollegiate Practicum in Athletics (1) Cr/NC

Maximum combined credit for any combination of 171 series is four units. (Formerly numbered Physical Education 339.)

Offered in Fall

A. Basketball

B. Cross Country

C. Football

F. Soccer

G. Volleyball (women)

Offered in Spring

G. Volleyball (men)

H. Baseball

I. Golf

J. Softball

K. Tennis

L. Track

#### 190. Skill Competency in Physical Education (2) I, II Cr/NC

Four hours of activity.

Designed for potential physical education majors and minors as a prerequisite to all professional teaching method course offerings. Proficiency tests will be given in each area commonly taught in secondary physical education.

#### 241. Physical Education of Children (2) I, II, S

Four hours of activity.

Scientific principles, programs, activities, and instructional techniques for physical education in elementary schools. Practical field experience with elementary students. Not open to physical education majors.

#### 265. Techniques in Athletic Training (2) I, II

One lecture and three hours of laboratory.

Prerequisite: Biology 150.

Athletic training techniques and emergency field care of athletic injuries. Theory and techniques of basic athletic first aid, emergency procedures including CPR, bandaging and taping.

#### 276. Introduction to Sport and Physical Education (2) I, II

Overview of discipline of physical education. Development of a basic philosophy and background for entering profession.

#### 296. Experimental Topics (1-4) I, II

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**310. Skin and Scuba Diving (2) I, II**

Prerequisites: Medical examination, waiver for hazardous procedures, pass swimming competency test. Concurrent registration in Physical Education 310L.

Function and knowledge of underwater diving to include diving physiology, hyperbaric conditions, medical hazards, safety procedures associated with scuba diving, proper care and operation of equipment.

**310L. Skin and Scuba Diving Laboratory (1) I, II**

Three hours of laboratory.

Prerequisite: Concurrent registration in Physical Education 310.

**311. Intermediate Scuba Diving (2) II**

One lecture and three hours of laboratory.

Prerequisites: Physical Education 310 or Openwater Scuba Diving Certification, medical examination, and acceptable openwater diving equipment.

Development of practical openwater diving skills and techniques, for divers who have successfully completed an openwater diving course.

**312. Advanced Scuba Diving (3) I**

Two lectures and three hours of laboratory.

Prerequisites: Physical Education 311 or Openwater Scuba Certification, medical examination, and acceptable openwater diving equipment.

Theory, skills, and technique including underwater navigation, diving physics, diving physiology, diving medicine, diving safety. Qualifies for Advanced Diving Certificate from the National Association of Underwater Instructors.

**313. Assistant Scuba Instructor (3) I, II**

Two lectures and three hours of laboratory.

Prerequisites: Physical Education 312 or Advanced Openwater Certification, medical examination, and acceptable openwater diving equipment.

Qualifies for Assistant Scuba Instructor Certificate from the National Association of Underwater Instructors.

**322. Practicum: Life Saving and WSI (2) I, II**

Four hours of activity.

Prerequisite: Intermediate swimming class at SDSU or its equivalent. (Swimmers level of Red Cross.)

Content designed to qualify expert swimmers in both American Red Cross Life Saving and Water Safety Instructor's Certification. Includes methods and materials for teaching all levels of swimming.

**332. Practicum: Theory and Analysis of Coaching Competitive Sports (2)**

Four hours of activity.

Concentrated study to include mechanical analysis, tactics and strategy, scouting, officiating and rules, and daily-seasonal practice planning in one of the sports listed below.

- A. Basketball
- B. Football
- C. Baseball
- D. Track and Field (including Cross Country)
- E. Additional sports (offered on student demand).

May be repeated with new content. (Physical Education 332E formerly numbered Physical Education 331F.)

**340. Physical Education for Elementary Schools (3) I, II**

Two lectures and two hours of activity.

Prerequisite: Physical Education 371.

Objectives, curricula, activities, and application of basic scientific principles for the conduct of elementary school physical education. Includes a practicum experience. Not open to students with credit in Physical Education 241.

**345. Practicum: Physical Education Activities for Secondary Schools (2)**

Four hours of activity.

Prerequisite: Skill competencies for the specific activities of that section as determined by the instructor.

Selection and care of equipment and facilities; analysis of skills; progressions for skills, drills and the game; lead-up activities; safety; performance cues; resources; terminologies; skill evaluations, and prescriptions.

- A. Basketball, Volleyball
- B. Track and Field
- C. Racquetball, Softball
- E. Modern Dance
- F. Gymnastics
- G. Tennis, Badminton
- H. Flag Football, Soccer

(Physical Education 345F formerly numbered Physical Education 346H; Physical Education 345G formerly numbered Physical Education 346I; Physical Education 345H formerly numbered Physical Education 346K.)

**347. Leadership for Physical Education (3) I, II**

Two lectures and two hours of activity.

Prerequisite: Physical Education 385.

Theory and development of leadership behavior of physical educators, emphasizing leadership qualities unique to diverse physical activity settings.

**361. Weight Training and Physical Fitness (2) I, II**

One lecture and two hours of activity.

Circulorespiratory endurance, muscular strength and endurance, selection and care of equipment and facilities, and programs in the areas of flexibility, weight training and aerobics.

**362. Exercise Physiology Laboratory (1) I, II, S**

Three hours of laboratory.

Prerequisite: Credit or concurrent registration in Physical Education 561.

Laboratory experiences in the application of exercises and the analysis of the results.

**364. Kinesiology-Biomechanics Laboratory (1)**

Three hours of laboratory.

Prerequisites: Physical Education 560 and 563.

Experiments in application of kinesiology and biomechanics to human movement.

**368. Adapted and Special Physical Education Laboratory (1-4) I, II, S**

Three hours of laboratory per unit.

Prerequisite: Credit or concurrent registration in Physical Education 567 or 568.

Supervised laboratory of practicum experience in adapted or special physical education programs. Maximum credit four units.

**369. Practicum in Athletic Training (1-3) I, II**

Three hours of laboratory per unit.

Prerequisite: Physical Education 265.

Practical training and clinical applications of basic and advanced techniques of athletic training and sports medicine. Athletic first aid, emergency procedures, bandaging, taping, use of physical therapy modalities, and application of therapeutic exercises to be performed in actual athletic medicine clinics. Maximum credit six units.

**371. Physical Growth and Development (3) I, II**

Principles of human growth; performance as affected by developmental levels and individual differences in structure and function.

**376. History and Philosophy: Physical Education and Sport (3) I, II**

Prerequisite: Physical Education 276.

Integrated approach to understanding of historical, philosophical, and sociological forces shaping development of physical education and sport. (Formerly numbered Physical Education 376A.)

**380. Organization and Administration of Physical Education (3) I, II**

Organization of physical education programs in the public schools. Includes curriculum development, program content, legal bases, materials, facilities and constraints in the discipline of physical education.

**385. Measurement and Evaluation in Physical Education (3) I, II**

Use of testing and measurement to improve and evaluate instruction. Concepts of elementary statistics, computer use, objectives definition, test construction, test evaluation, and test program administration.

**397. Contemporary Topics in Physical Education (Credit to be arranged) Offered only in Extension**

Prerequisites: Consent of instructor; bachelor's degree.

Study of specially selected problems in physical education and sport. Does not apply to undergraduate degrees or credentials. (Formerly numbered Physical Education 497.)

**398. Supervised Field Experience (1-3) I, II, S Cr/NC**

Prerequisite: Consent of department chair.

Supervised practical experience in the area of physical education. Maximum credit six units.

**496. Experimental Topics (1-4) I, II**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**499. Special Study (1-3) I, II, S**

Prerequisite: Consent of department chair.

Individual study. Maximum credit six units.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

**560. Applied Anatomy and Kinesiology (3) I, II**

Prerequisites: Biology 150 and 336.

Arthrology, syndesmology and myology, with emphasis on movement analysis. Muscle groups and their functional relationships. Application of simple mechanical principles to movement analysis.

**561. Physiology of Exercise (3) I, II**

Prerequisites: Biology 150 and 336.

Effects of physical activities on the physiological functions of the body.

**562. Cardiopulmonary Laboratory (2) I, II**

One lecture and three hours of laboratory.

Prerequisites: Physical Education 362 and 561.

Cardiopulmonary evaluation of human subjects for rehabilitative and preventive cardiology including electrocardiography, blood chemistry, ergometry, central and peripheral vascular assessment, body composition, and lifestyle change.

**563. Biomechanics of Human Movement (3) I, II**

Prerequisites: Biology 150 and Physics 107.

Mechanical principles as applied to movement; analysis and application to selected motor skills.

**564. Mechanisms of Sports Injuries (3) I, II**

Prerequisites: Physical Education 265, 560, and 561.

Pathomechanics and pathophysiology of soft tissue and bone injury as it relates to the identification and management of sport related injuries.

**565. Clinical Evaluation of Sports Injuries (3) I, II**

Two lectures and three hours of laboratory.

Prerequisite: Physical Education 564.

Theoretical and practical experiences in the clinical evaluation of sports injuries with emphasis on techniques and procedures.

**567. Corrective and Orthopedic Physical Education (3) I, II, S**

Prerequisites: Physical Education 560 and 561.

Etiology, characteristics, and programs for children with corrective and/or physically handicapping conditions will be discussed. This will include evaluating and implementing prescribed activities for individuals with these types of conditions.

**568. Special Physical Education (2) I, II, S**

Prerequisites: Psychology 101 and Physical Education 371.

Etiologies, characteristics, and education programs for mentally retarded, emotionally disturbed, learning disabled, blind and hearing impaired individuals. Specific programs and activities are discussed relevant to each of disabled groups mentioned.

**569. Exercise, Sport and Aging (3) II**

Prerequisite: Physical Education 371 or 561.

Relationships between exercise, sport and human aging including physiological, psychological, sociological, health and program considerations. Aging is viewed developmentally with emphasis on the middle and later years.

**570. Psychological Bases of Physical Education (3) I, II**

Prerequisite: Psychology 101.

Psychological parameters related to physical performance and the acquisition of motor skills.

**571. Sport Psychology (3) I, II**

Prerequisite: Physical Education 570.

Psychological factors underlying behavior in sport and physical activity. Emphasis on personality and motivational factors.

**574. Therapeutic Modalities for Sports Injuries (3) I**

Prerequisite: Physical Education 564.

Theories and techniques for the design, implementation, evaluation, and application of rehabilitation modalities.

**575. Principles and Techniques in Therapeutic Exercise (3) II**

Two lectures and three hours of laboratory.

Prerequisite: Physical Education 565.

Design and application of therapeutic exercise programs for athletic injuries.

**596. Selected Topics in Physical Education (1-3) I, II**

Selected topics in physical education. May be repeated with new content and approval of instructor. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's or master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**Dance**

(See this section of catalog under Dance.)

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Physics

In the College of Sciences

OFFICE: Physics 132  
TELEPHONE: (619) 594-6240

## Faculty

Emeritus: Garrison, Kalbfell, Moe, Smith, Snodgrass, Teasdale, Wolter  
Chair: Lilly  
Professors: Burnett, Cottrell, Davis, Day, Lilly, Morris, Nichols, Oseroff, Piserchio, Rehlfuss, Roeder, Shore, Sweedler, Templin  
Associate Professors: Papin, Tonkachvili  
Lecturers: Ferguson, Pavis, Shackelford  
Adjunct: Kaufmann, Lange, Mueller

## Offered by the Department

Master of Arts degree in physics.  
Master of Science degree in physics.  
Master of Science degree in radiological health physics.  
Major in chemical physics with the B.S. degree in applied arts and sciences.  
Major in physics with the B.S. degree in applied arts and sciences.  
Minor in physics.

## The Major

The study of physics is considered the center of modern science. It has fascinated the finest minds of every age - from Newton to Maxwell, Einstein, Bohr, Schroedinger, Oppenheimer and Schwinger. The study of this diverse field encompasses such areas as optics, electricity, magnetism, the properties of the solid state, atomic structure, nuclear structure, motion, relativity, space and time. Physics also plays a significant role in chemistry, biology, astronomy, and geology, and in the applied sciences of engineering and technology.

Students who become physics majors will be selecting a rewarding and vital career. The great burst of activity during the last 20 years has instilled a new excitement in physics. For example, the invention of the laser in the late 1950s revolutionized the field of optics. These advances stimulated whole new areas in physics applications. Superconductivity has led to the search for a high-temperature superconductor so that electrical power might be transmitted without loss; quantum mechanical tunneling has led to the tunnel diode; and solid state physics brought about the transistor and its successors.

The career opportunities for physics graduates are as diverse as the field itself. They include research and development; management or administration in industrial laboratories or government agencies; technical sales; electronic design; laser instrument research; and secondary teaching.

Physics graduates may also enter a wide variety of graduate programs. For example, a radiological health physics master's degree qualifies students for employment with the Environmental Protection Agency, nuclear power stations, government laboratories, hospitals, Department of Energy, and the Nuclear Regulatory Commission.

## Chemical Physics Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 19081)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." Individual master plans for each student are filed with the physics and chemistry undergraduate advisers and the Evaluations Office.

A minor is not required with this major.

**Preparation for the Major.** Physics 195, 195L, 196, 196L, 197, 197L; Chemistry 200, 201, 231, 251; Mathematics 150, 151, 252. (44 units)

Recommended: A course in computer programming.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 45 upper division units to include Physics 311, 350A, 354A-354B, 357, 400A-400B; Chemistry 410A-410B, 431, 457, 520A, 550; Mathematics 342A-342B.

Recommended: Mathematics 342C.

## Physics Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 19021)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." Individual master plans for each student are filed with both the physics undergraduate adviser and the Evaluations Office.

A minor is not required with this major.

Preparation for the major and the major consist of basic requirements in the lower and upper division for all students plus additional upper division requirements in one of the following areas: (a) Foundations; (b) Scientific Instrumentation; (c) Modern Optics; (d) Radiological Health Physics; (e) Condensed Matter.

### Basic Requirements for all Students

**Preparation for the Major.** Physics 195, 195L, 196, 196L, 197, 197L; Chemistry 200, 201; Mathematics 150, 151, 252. (35 units)

Recommended: A course in computer programming.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 47-48 upper division units to include Physics 311, 313, 350A, 354A-354B, 357, 400A-400B, 460, 498A-498B; Mathematics 342A, 342B, 342C.

### Areas of Specialization

In addition to the basic requirements, the student must complete the requirements in one of the following areas:

#### (a) Foundations

**Required:** A minimum of nine units selected from Physics 350B, 406, 510, 532, 542, 552, 564, 570, or Mathematics 524, 532, 533, 541, 542.

#### (b) Scientific Instrumentation

**Required:** Physics 513, 516A, 520.  
**Recommended:** Physics 516B.

#### (c) Modern Optics

**Required:** Physics 406, 552, 553.  
**Recommended:** Physics 516A, 532, 554.

#### (d) Radiological Health Physics

This specialization is intended for students planning to pursue the M.S. degree in radiological health physics.  
**Required:** Physics 560, 561, Biology 561.  
**Recommended:** Biology 336 or 341.

#### (e) Condensed Matter

**Required:** Physics 510, 532, 533.  
**Recommended:** Physics 534.

## Physics Minor

The minor in physics consists of a minimum of 15 units in physics, 11 units of which must be in upper division courses. The department requires that the upper division units for the minor be selected from the courses in one of the areas listed below. Prerequisites: Physics 180A-180B or 195, 195L, 196, 196L, 197, 197L; Mathematics 252.

**Foundations of Physics** (appropriate for Mathematics, Chemistry, Astronomy, Engineering, Geology, Natural Science and all life sciences) Upper division courses selected from Physics 311, 313, 350A, 350B, 354A, 354B, 357, 400A, 400B, 406, 460, 510, 532, 542, 552, 564, 570.

**Scientific Instrumentation** (also appropriate for all science majors above). Physics 311, 313 and 513 must be taken. One or more additional courses to be selected from Physics 516A, 516B, 520.

**Modern Optics** (appropriate for all science and engineering majors). Physics 406, 552, and 553 must be taken. Additional courses may be selected from Physics 311, 313, 354A, 400A, 499.

**Radiological Health Physics** (appropriate for all science and engineering majors). Physics 311, 354A, 560, and 561.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

Maximum credit 15 units for any combination of Physics 107, 180A-180B, 182A-182B, 195, 195L, 196, 196L, 197, 197L.

#### 103. Physics for Poets (3)

Physics as natural philosophy. How physical theories grow and change through interaction with experiment. Holography, black holes, fusion, acoustics, lasers, and other topics form a framework through which the laws of physics and their philosophical and historical foundations are explored.

#### 107. Introductory Physics with Laboratory (4) I, II

Three lectures and three hours of laboratory.  
Some of the more important phenomena and concepts in physics with practical illustrations and applications. Not open to students with credit for Physics 180A-180B, 195, 195L, 196, 196L, 197, 197L.

#### 149. Special Study (1-2) I, II

Prerequisite: Consent of supervising instructor.  
Individual study and laboratory work in the area of the student's major interest. Each student will be assigned a member of the staff who will supervise his work. Maximum credit two units.

#### 180A-180B. Fundamentals of Physics (3-3) I, II

(180A + 182A: CAN PHYS 2)  
(180B + 182B: CAN PHYS 4)  
Prerequisite: Credit or concurrent registration in Mathematics 121 or 150. Physics 180A is prerequisite to 180B.

**Recommended:** For Physics 180A, concurrent registration in Physics 182A; for Physics 180B, concurrent registration in Physics 182B.

Course provides a thorough basis in mechanics, electricity, magnetism, optics, and modern physics in a two-semester calculus-based sequence. Intended mainly for life science majors. Physics 180A not open to students with credit in Physics 195. Physics 180B not open to students with credit in Physics 196.

#### 182A-182B. Physical Measurements (1-1) I, II

(180A + 182A: CAN PHYS 2)  
(180B + 182B: CAN PHYS 4)  
Three hours of laboratory.  
Prerequisite for 182A: Credit or concurrent registration in Physics 180A.  
Prerequisite for 182B: Credit or concurrent registration in Physics 180B.

A laboratory course to accompany Physics 180A-180B. Semester I: Properties of matter, mechanics, sound, and wave motion. Semester II: Electricity, DC circuits, oscilloscope measurement techniques, electric and magnetic fields, and optics. 182A: Not open to students with credit in Physics 195L. 182B: Not open to students with credit in Physics 196L.

#### 195. Principles of Physics (3) I, II

(195 + 195L: CAN PHYS 8)  
Prerequisite: Credit or concurrent registration in Mathematics 150.  
This course is designed to give a thorough understanding of the fundamental principles of physics in the areas of mechanics and wave motion.

#### 195L. Principles of Physics Laboratory (1) I, II

(195 + 195L: CAN PHYS 8)  
Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Physics 195.  
Experiments in mechanics, wave motion, resonance phenomena using precision air tracks. Not open to students with credit in Physics 182A.

#### 196. Principles of Physics (3) I, II

(196 + 196L: CAN PHYS 12)  
Prerequisites: Physics 195; credit or concurrent registration in Mathematics 151.  
This course is designed to give a thorough understanding of the fundamental principles of physics in the areas of electricity and electric and magnetic fields.

#### 196L. Principles of Physics Laboratory (1) I, II

(196 + 196L: CAN PHYS 12)  
Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Physics 196.  
Experiments in DC circuits, AC circuits, electrical resonance, oscilloscope measurement techniques, and electric and magnetic fields. Not open to students with credit in Physics 182B.

#### 197. Principles of Physics (3) I, II

(197 + 197L: CAN PHYS 10)  
Prerequisites: Physics 196; credit or concurrent registration in Mathematics 252.  
This course is designed to give a thorough understanding of the fundamental principles of physics in the areas of wave motion, electromagnetic waves, optics, special relativity and atomic and nuclear physics.

#### 197L. Principles of Physics Laboratory (1) I, II

(197 + 197L: CAN PHYS 10)  
Three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Physics 197.  
Experiments in optics, lasers, holography, and nuclear counting.

#### 201. Physics of Sound, Hearing and Speech (4)

Three lectures and three hours of laboratory.  
Prerequisite: Qualification on the Mathematics Departmental Placement Examination, Part I or IA.  
Fundamental nature of sound and applications to hearing and speech.

#### 204. Light, Vision, and Color (3) II

Phenomena involving light, color, and vision. Topics include mirrors, lenses, mirages, rainbows, process of vision, color specification and mixing and perception.

**296. Experimental Topics (1-4)**  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**301. Energy and Conservation (3)**  
Prerequisite: Completion of the General Education requirements in Communication and Analytical Reasoning and Foundations, II.A. Natural Sciences.

Course devoted to the fundamental physical concepts underlying energy, its conversion, utilization and conservation. Not open to physics majors.

**311. Electronics for Scientists (3) I, II**  
Two lectures and three hours of laboratory.  
Prerequisites: Physics 180B and 182B, or 196 and 196L.  
AC and DC circuits, diodes, transistors, conventional and operational amplifiers. Designed to introduce science majors to modern electronic devices and their utilization in scientific instrumentation.

**313. Advanced Electronics (3) I, II**  
Two lectures and three hours of laboratory.  
Prerequisite: Physics 311 with minimum grade of C.  
Conventional and operational amplifiers, oscillators, analog to digital conversion, pulse and digital electronics. Emphasis is on applications to modern scientific instrumentation.

**350A-350B. Classical Mechanics (3-3) I, II**  
Prerequisites: Physics 350A: Physics 197, 197L and credit or concurrent registration in Mathematics 342A. Physics 350B: Physics 350A and credit or concurrent registration in Mathematics 342B.  
Newtonian mechanics, wave motion, Lagrange's equations, Hamilton's equations, generalized coordinates, normal coordinates, small oscillations, special theory of relativity.

**354A-354B. Modern Physics (3-3) I, II**  
Prerequisites: Physics 354A: Physics 197, 197L and credit or concurrent registration in Mathematics 342A. Physics 354B: Physics 354A and credit or concurrent registration in Mathematics 342B.  
Semester I: Atomic theory of matter, introduction to quantum theory with applications to atomic structure. Semester II: Atomic theory, periodic table, techniques of quantum mechanics. Applications of quantum mechanics to solid state and nuclear physics.

**357. Advanced Physical Measurements (3) I, II**  
One lecture and six hours of laboratory.  
Prerequisites: Physics 197, 197L and Physics 311.  
A course which stresses both laboratory experiments and techniques of data and error analysis. The experiments are taken from several of the major areas of physics.

**400A-400B. Classical Electromagnetism (3-3)**  
Prerequisites: Physics 400A: Physics 197, 197L and credit or concurrent registration in Mathematics 342B. Physics 400B: Physics 400A.  
Electrostatics, magnetostatics, electromagnetic induction, Maxwell's equations, radiation and wave propagation.

**406. Optics (3)**  
Prerequisites: Physics 197, 197L; Mathematics 342A.  
Reflection, refraction, matrix methods, dispersion, polarization, double refraction, interference, diffraction, Fourier optics, coherence theory, lasers, and holography with applications to optical instruments, wave propagation, and the nature of light.

**460. Thermal Physics (3)**  
Prerequisite: Physics 354A.  
Classical thermodynamics and statistical mechanics. Applications of equilibrium thermodynamics. Introduction to statistical mechanics,

including concepts from probability and statistics, Maxwell-Boltzmann, Fermi-Dirac, and Bose-Einstein statistics. Applications of statistical mechanics in calculating macroscopic properties of simple systems.

**496. Selected Topics in Physics (1-4) I, II**  
Prerequisite: Consent of instructor.  
Selected topics in classical and modern physics. May be repeated with consent of instructor. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

**498A. Senior Research (1) I, II Cr/NC**  
One discussion period and two additional hours per week to be arranged.  
Prerequisite: Senior standing in physics and an acceptable plan for graduation within one year.  
Selection and design of individual research project. Oral and written progress reports.

**498B. Senior Research (2) I, II**  
Two discussion periods and four additional hours per week to be arranged.  
Prerequisite: Physics 498A.  
Laboratory work, progress reports, oral and written final reports.

**499. Special Study (1-3) I, II**  
Individual study or laboratory work on a special problem in physics selected by the student. Each student will be assigned a member of the staff who will supervise his work. Credit, hours and topics to be arranged in each case. Maximum credit six units.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

**510. Quantum Mechanics (3)**  
Prerequisites: Physics 350A, 354B; credit or concurrent registration in Mathematics 342C.  
The mathematical and physical foundations of the quantum theory in terms of Schrodinger's wave mechanics. Applications to the properties of atoms, quantum chemistry, and nuclei.

**513. Electronic Instrumentation (3) I**  
One lecture and six hours of laboratory.  
Prerequisite: Physics 313 with minimum grade of C.  
Transducer principles and applications; theory and design of active filters, modern signal detection and enhancement techniques instrumentation design.

**516A-516B. Theory of Scientific Instrumentation (3-3)**  
Prerequisites: Physics 313; Mathematics 342A. Physics 516A is prerequisite to 516B.  
Linear system analysis using Fourier techniques. Introduction to the stochastic treatment of signals and noise, using concepts from probability and statistics. Optimization of detection systems with respect to signal-to-noise ratio. Applications to spectroscopy.

**520. Microprocessor Instrumentation (3)**  
Two lectures and three hours of laboratory.  
Prerequisite: Credit or concurrent registration in Physics 513.  
The electronics of microprocessor-based computer and control systems. Assembly language programming. Interfacing of analog inputs and outputs. The microcomputer as a multipurpose signal processing instrument.

**524. Physical Principles of Remote Sensing (3) I**  
Prerequisites: Physics 197, 197L, and 311.  
Physical principles of electromagnetic techniques in remote sensing. Topics include electromagnetic scattering, optical and radar image acquisition problems.

**525. Colloquium in Nuclear Magnetic Resonance (1) Cr/NC**  
Prerequisites: Credit or concurrent registration in Physics 516A.  
Student and faculty research project presentations. Maximum credit three units.

**532. Solid State Physics (3) II**  
Prerequisites: Physics 350A, 354B; credit or concurrent registration in Mathematics 342C.  
Elastic, thermal, electric, magnetic and optical properties of solids. Introduction to the energy band theory of solids, with applications to semiconductors and metals.

**533. Experimental Techniques in Condensed Matter Physics (3)**  
One lecture and six hours of laboratory.  
Prerequisite: Credit or concurrent registration in Physics 532.  
Experiments in various fields of condensed matter such as x-ray diffraction, Hall effect, superconductivity, and electron paramagnetic resonance.

**534. Colloquium in Condensed Matter Physics (1) Cr/NC**  
Prerequisite: Credit or concurrent registration in Physics 532.  
Student and faculty research project presentations. Maximum credit three units.

**542. Acoustics (3)**  
Prerequisites: Physics 350A and Mathematics 342B.  
Wave motion, production, reception, transmission and analysis of sound. Special applications such as environmental noise, underwater and seismic waves.

**552. Modern Optics and Lasers (3)**  
Prerequisites: Physics 406 with minimum grade of C; credit or concurrent registration in Physics 400B; Mathematics 342C.  
Electromagnetic theory, matrix methods of optics, propagation of Gaussian beams, optical resonators, interaction of radiation and atomic systems, theory of laser oscillation, nonlinear optics, specific laser systems, optical detectors, applications of lasers in physics.

**553. Modern Optics Laboratory (3)**  
One lecture and six hours of laboratory.  
Prerequisites: Physics 357 with minimum grade of C; Physics 406 with minimum grade of C; credit or concurrent registration in Physics 552.  
Experiments in various fields of modern optics such as holography, physics of lasers, Fourier transform spectroscopy, Raman spectroscopy, light modulation techniques, fiber optics, spatial filtering, diffraction grating spectroscopy, radiometry, and nonlinear optics.

**554. Colloquium in Optics Research (1) Cr/NC I, II**  
Prerequisites: Concurrent registration in Physics 498A or 498B or 797 and consent of instructor.  
Student and faculty research project presentations. Maximum credit three units.

**560. Radiological Health Physics (3)**  
Prerequisites: Physics 180B or 197; senior standing in a physical or biological science, mathematics, or engineering major.  
Atomic and nuclear structure, radioactivity, interactions of radiation in matter, radiation dosimetry. (Formerly numbered Physics 660A.)

**561. Radiological Instrumentation (2)**  
Six hours of laboratory.  
Prerequisite: Credit or concurrent registration in Physics 560.  
Electronics of nuclear instrumentation. Radiation detection and measurement using ionization chambers, GM and proportional counters, and scintillation dosimetry. Practices of current use in the radiation protection field. (Formerly numbered Physics 661A.)

**564. Nuclear and Elementary Particle Physics (3)**  
Prerequisite: Physics 354B.  
Nuclear and elementary particle phenomena including nuclear structure of reactions, nuclear devices, elementary particle symmetry and structure, and experimental methods.

**570. Relativity (3)**  
Prerequisites: Physics 354A, 400B, and credit or concurrent registration in Mathematics 342C.  
Relative coordinates, Lorentz transformation, covariant formulation of the laws of physics, applications of special relativity, introduction to curved space time, cosmology.

**596. Special Topics in Physics (1-4) I, II**  
Prerequisite: Consent of instructor.  
Selected topics in classical and modern physics. May be repeated with the consent of the instructor. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Policy Studies in Language and Cross-Cultural Education

In the College of Education

OFFICE: Education 152  
TELEPHONE: (619) 594-5155

## Faculty

Chair: Kuhlman  
Professors: Espinosa, Ochoa, Pacheco  
Associate Professor: Kuhlman  
Assistant Professors: Bartolome, Caballero-Allen, Tran

## Offered by the Department

Master of Arts degree in education.  
Bilingual/cross-cultural specialist credential.  
Multiple subject with bilingual emphasis credential.  
Single subject with bilingual emphasis credential.  
Language development specialist certificate.

## The Major

Policy Studies offers programs leading toward the Multiple Subject with Bilingual Emphasis Credential (for elementary teachers) and Single Subject with Bilingual Emphasis (for secondary teachers), as well as the more advanced Bilingual/Cross-Cultural Specialist credential (for K-12).

For students who want to teach English as a Second Language (ESL), SDSU offers the Language Development Specialist Certificate, a 24-unit program. This is a California State Department of Education approved program. It is appropriate for anyone who wishes to teach English, literacy, or language development in a classroom to ethnolinguistic populations. This program is offered jointly by the Policy Studies and Linguistics departments. Students take courses in curriculum development, teaching methods, and linguistics — all applied to classroom teaching. Field experience is also included in the program. After completing the certification program, the prospective LDS teacher must pass an examination offered by the Commission for Teacher Credentialing. SDSU provides the only such certificate program in San Diego County.

The Bilingual/Cross-Cultural Specialist Credential program builds practicum into every course. Students conduct training workshops for teachers. The program offers instruction in how language is acquired and how learning is influenced by sociocultural background; language assessment; and methods of teaching where delivery is in the primary language of the pupils, including the content areas of mathematics, science, social studies, language arts, reading, and writing. Candidates must pass the Spanish Language Proficiency and Cultural Awareness Examination given by the department and a comprehensive examination.

## Multiple Subject with Bilingual Emphasis Credential

(Credential Code: 00200)

The Multiple Subject with Bilingual Emphasis Credential is available to students interested in teaching in a bilingual elementary school classroom. This credential authorizes the holder to teach in any self-contained bilingual or regular classroom in which one teacher is responsible for all the subjects commonly taught in the elementary schools. Because courses on methods of teaching subject areas are taught in Spanish as well as English, candidates must pass the Spanish Language Proficiency and Cultural Awareness Examination given by the department.

## Standards for Admission

**1. CBEST.** Students must pass the California Basic Educational Skills Test prior to admission to the Multiple Subject with Bilingual Emphasis Credential program. This examination is required by the Commission on Teacher Credentialing. Booklets containing registration forms and test information are available from the Test Office in LE-560 (594-5216).

**2. Major.** The Liberal Studies Major, Option 2 or 3, may be selected in preparation for the teaching credential. Students who have academic majors other than Liberal Studies are required to pass the commission-approved National Teacher Examination (NTE) Core Battery Section. Information may be obtained through the Test Office (LE-560) or through advisers in the Policy Studies in Language and Cross-Cultural Education Department, CL-106.

**3. Prerequisite Courses.** Courses are required for admission:

Policy Studies in Language and Cross-Cultural Education 451 .....	3 units
Health Science 101 or 320 .....	3 units
Mathematics 210* .....	3 units
Physical Education 241 .....	2 units
Art or Drama or Music — Art 100, 101, 157; Drama 105; Music 102 .....	3 units

\* With approval of the mathematics adviser, any of the following mathematics courses may be substituted for Mathematics 210: Mathematics 121, 150, 312.

**4. Grade Point Average.** Students must have a grade point average (GPA) within the top half of students having a similar major. For CSU graduates completing 30 units or more at the graduating campus, the GPA is calculated on units completed at that institution only. For CSU graduates with fewer than 30 units at the graduating campus, the GPA is calculated on the cumulative units completed at all schools attended. The GPA for non-CSU graduates is computed on overall college units completed. CSU graduates' minimum GPA must be at or above the median GPA as posted by major and by campus. Non-CSU graduates must meet or exceed the CSU system average as posted by major. A "B" (3.0) GPA must be maintained throughout the credential program once a student is admitted.

**5. Letters of Recommendation.** Three letters of recommendation must be submitted attesting to the applicants' following characteristics: (a) attitude, aptitude and ability to teach children; (b) personality and character; (c) academic ability. At least one letter should be from an elementary school teacher the student has worked with and the others may be from faculty and administrators.

**6. U.S. Constitution.** Knowledge of U.S. Constitution, as demonstrated by successful completion of an approved course. (See the section of this catalog on "Graduation Requirements.")

**7. Tuberculin Clearance.** Provided through SDSU Health Services or family physician.

**8. Early Field Experience.** A minimum of 60 hours in a typical elementary classroom with University supervision within the five years preceding admission.

**9. Oral English and Written Statement.** Have an interview with the Admissions Committee of the PLC Department and write, under supervision, a statement of professional goals and philosophy.

**10. Certificate of Clearance.** The State of California requires that credential candidates possess a valid Certificate of Clearance before admission to the program. Forms and fingerprint cards are available in the department's application package.

**11. Credential Advising Appointment.** Each applicant must meet with a faculty adviser to plan an appropriate program, which includes a minimum of 31 units as defined by the Commission on Teacher Credentialing. Make appointment in ED-152, telephone 594-5155.

**12. Language and Culture.** Passage of the Spanish Language Proficiency and Cultural Awareness Examination prior to entering the credential program. Please call 594-5155 for test date.

**13. Application.** Applicants should complete application procedures the semester prior to beginning the credential program.

## New Students Who Seek to Complete a Credential

Teachers with preliminary credentials who are working toward clear credentials may have programs designed to fit their individual backgrounds. Evaluations of college credit and arrangements for programming should be made through the University Credentials Office, CL-100; telephone 594-5964.

## Advanced Standing in Teacher Education

A student transferring into San Diego State University with advanced standing must complete a minimum of six units of professional education work in residence at this university in order to obtain a recommendation for a credential, regardless of the extent of education work completed elsewhere.

## Evaluation of Credits

After an interval of five years, prerequisites and courses in education are reevaluated and subject to reduction in credit, in light of new requirements and changes in educational procedures. All courses taken either at this university or elsewhere must be approved by an official adviser in order to be credited toward meeting credential requirements or pattern requirements for a degree.

Program	Units
<b>First Semester</b>	
PLC 323 Psychological Foundations of Education and Bilingual Students .....	3
PLC 360 Student Teaching Seminar for Bilingual Elementary Students .....	2
PLC 431 Skills in Teaching Reading to Bilingual Elementary Students .....	3
PLC 460 Student Teaching for Bilingual Elementary Students .....	6
EDTEC 404 Instructional Media, Equipment and Production .....	1
<b>Second Semester</b>	
PLC 360 Student Teaching Seminar for Bilingual Elementary Students .....	2
PLC 410 Teaching Mathematics to Bilingual Elementary Students .....	3
PLC 411 Teaching Social Studies to Bilingual Elementary Students .....	2
PLC 412 Teaching Science to Bilingual Elementary Students .....	2
PLC 432 Teaching Spanish Language Arts to Bilingual Elementary Students .....	3
PLC 460 Student Teaching for Bilingual Elementary Students .....	1-12

## Preliminary Credential Requirements

1. A bachelor's degree (or higher) with any major other than education.

2. Completion of an approved program of professional education. (See Department of Policy Studies in Language and Cross-Cultural Education for further information.)

3. Passage of National Teacher Examination, Core Battery, General Knowledge Section or approved waiver program (Liberal Studies major, Option 2 or 3).

4. Passage of the Spanish Language Proficiency and Cultural Awareness Examination.

5. Completion of a course in teaching reading.

6. Knowledge of U.S. Constitution, as demonstrated by successful completion of an approved course. (See the section of this catalog on "Graduation Requirements.")

7. Knowledge of health education in California, including substance abuse and nutrition.

8. Passage of California Basic Educational Skills Test (CBEST).

## Clear Credential Requirements

1. Completion of an approved fifth year program (a minimum of 30 upper division or graduate-level postbaccalaureate units).

2. Coursework/fieldwork to satisfy PL 94-142: Needs of, and methods of providing educational opportunities to individuals with exceptional needs (mainstreaming).

3. Coursework/training in computer literacy (effective July 1, 1988)

## Single Subject with Bilingual Emphasis Credential (Credential Code: 00100)

The Single Subject with Bilingual Emphasis Credential is available to students interested in teaching in a bilingual secondary school classroom. This credential authorizes the holder to teach in any self-contained bilingual or regular classroom in which one teacher is responsible for teaching the given subject area.

## Standards for Admission

**1. CBEST.** Students must pass the California Basic Educational Skills Test prior to admission to the Single Subject Bilingual Emphasis Credential program. This examination is required by the Commission on Teacher Credentialing. Booklets containing registration forms and test information are available from the Test Office in LE-560 (594-5216).

**2. Major.** Students who complete their approved teaching major from San Diego State University must obtain a recommendation from the adviser in their Single Subject Credential major. The recommendation is given on the basis of the evaluation of coursework. The requirements for the various Single Subject Teaching Credential majors are listed under the academic majors in this catalog. A PASS score in the specialty areas of the National Teacher Examination may also be used to meet this requirement. Students passing the NTE in the specialty area of English must also pass the CLEP examination. Sign up at Test Office, LE-406.

Students who complete a major at a California institution which has approved teaching majors may obtain a recommendation from the institution's credential analyst. Forms for this recommendation are available in ED-100. Students who have completed majors at institutions of higher education which do not have approved teaching majors must obtain a recommendation from the major adviser at San Diego State University.

## 3. Prerequisite Courses:

PLC 400 The Secondary School and Bilingual Education .....	3 units
PLC 451 Introduction to Multicultural Education .....	3 units
PLC 515 Bilingual Teaching Strategies .....	3 units

**4. Grade Point Average.** Students must have a grade point average (GPA) within the top half of students having a similar major. For CSU graduates completing 30 units or more at the graduating

campus, the GPA is calculated on units completed at that institution only. For CSU graduates with fewer than 30 units at the graduating campus, the GPA is calculated on the cumulative units completed at all schools attended. The GPA for non-CSU graduates is computed on overall college units completed. CSU graduates' minimum GPA must be at or above the median GPA as posted by major and by campus. Non-CSU graduates must meet or exceed the CSU system average as posted by major. A "B" (3.0) GPA must be maintained throughout the credential program once a student is admitted.

5. **Letters of Recommendation.** Three letters of recommendation must be submitted attesting to the applicant's following characteristics: (a) attitude, aptitude and ability to teach children; (b) personality and character; (c) academic ability. At least one of these letters should be from a school teacher with whom the student has worked and the others may be from faculty and administrators.
6. **U.S. Constitution.** Knowledge of U.S. Constitution, as demonstrated by successful completion of an approved course. (See the section of this catalog on "Graduation Requirement.")
7. **Tuberculin Clearance.** Provided through SDSU Health Services or family physician.
8. **Early Field Experience.** Applicants must provide evidence of a minimum of 45 hours of experience with students in typical classroom settings within the last five years. Such evidence consists of a description and evaluation of the experience by a supervisor. Education courses to satisfy this requirement are available.
9. **Oral English and Written Statement.** Interview with the Admissions Committee of the PLC Department and write, under supervision, a statement of professional goals and philosophy.
10. **Character and Identification Clearance.** The State of California requires that credential candidates possess a valid Certificate of Clearance before admission to the program. Forms and fingerprint cards are available in the department's application package.
11. **Credential Advising Appointment.** Each applicant must meet with a faculty adviser to plan an appropriate program, which includes a minimum of 31 units as defined by the Commission on Teacher Credentialing. Appointments can be made in ED-152, telephone 594-5155.
12. **Language and Culture Examination.** All candidates must pass the Spanish Language Proficiency and Cultural Awareness Examination.
13. **Application.** Applicants should complete application procedures the semester prior to beginning the credential program.

#### New Students Who Seek to Complete a Credential

Teachers with preliminary credentials who are working toward clear credentials may have programs designed to fit their individual backgrounds. Evaluations of college credit and arrangements for programming should be made through the University Credentials Office, CL-100, telephone 594-5964.

Prerequisite	Program	Units
PLC 400	The Secondary School and Bilingual Education	3
PLC 451	Introduction to Multicultural Education	3
PLC 515	Bilingual Teaching Strategies	3
First Semester		
PLC 414 (or TE 414 with consent of adviser)	Teaching and Learning in the Content Area: Major	2
PLC 423	Behavioral and Psychological Aspects of Teaching in the Bilingual Classroom	4
PLC 454	Humanistic and Social Aspects of Teaching in the Bilingual Classroom	4
PLC 463	Student Teaching for Bilingual Secondary Students I	3-4

#### Second Semester

PLC 403	Bilingual Student Teaching Seminar	2
PLC 433	Skills in Teaching Reading to Bilingual Secondary Students*	3
PLC 464	Student Teaching for Bilingual Secondary Students II	9-12
EDTEC 404	Instructional Media, Equipment, and Production	1

\* Except for majors in art, music, and physical education, reading requirement may also be satisfied by completion of reading section of NTE test.

#### Preliminary Credential Requirements

1. A bachelor's degree with one of the approved single subject majors listed in the School of Teacher Education Single Subject Teaching Credential catalog section. Credentials can be granted only in the designated single subject credential areas.
2. Completion of an approved program of professional education. (See Department of Policy Studies in Language and Cross-Cultural Education for further information about the approved programs.)
3. MAJOR ADVISER'S RECOMMENDATION. Passage of subject matter examination(s) (NTE Test) or waiver thereof through completion of one of the approved Single Subject credential majors listed below with a written recommendation from the Ryan major adviser. Students passing the NTE in the specialty area of English must also pass the CLEP examination. Sign up at the Test Office, LE-560.

Art: Art

Business: Accounting, Finance, Information Systems, Management, Marketing

English: Comparative Literature, Drama, English, Journalism, Linguistics, Speech Communication

Foreign Languages: Classics (Latin), French, German, Russian, Spanish

Health Science: Health Science

History: History

Industrial and Technology Education: Industrial Technology

Life Sciences: Biology

Mathematics: Mathematics

Music: Music

Physical Education: Physical Education

Physical Sciences: Chemistry, Physical Science

Social Science: Social Science

4. Passage of the Spanish Language Proficiency and Cultural Awareness Examination.
5. Knowledge of U.S. Constitution, as demonstrated by successful completion of an approved course. (See the section of this catalog on "Graduation Requirements.")

Persons whose programs allow them to meet these requirements would be eligible for a preliminary credential at the same time they finish a four-year college program.

**NOTE:** Undergraduate students in their final semester prior to obtaining a baccalaureate degree may sign up for concurrent post-baccalaureate credit as explained in the section of this catalog on "General Regulations."

#### Clear Credential Requirements

1. Completion of an approved fifth year program (a minimum of 30 upper division or graduate-level postbaccalaureate units).
2. Knowledge of health education in California, including substance abuse and nutrition (HS 321).
3. Coursework/fieldwork to satisfy PL 94-142: Needs of, and methods of providing educational opportunities to individuals with exceptional needs (mainstreaming) (TE 526).
4. Coursework/training in computer literacy (EDTEC 496, Technologies for Teaching).

## Language Development Specialist Certificate

The Language Development Specialist Certificate provides an interdisciplinary approach in linguistics and policy studies to train teachers in theory and application of English as a Second Language methodology for linguistically diverse students in grades K-12. Applicants need to contact the department to complete application requirements prior to beginning the certificate program.

Requirements to exit the program:

1. Valid California teaching credential.
2. Six units of an appropriate foreign language at the college level.

The certificate program includes Linguistics 520, 550, 551, 552, and Policy Studies in Language and Cross-Cultural Education 553, 602, 650\*, 651.

A grade point average of 3.0 must be obtained in the eight courses. Students who complete the certificate program are not eligible to receive the Basic Certificate in Applied Linguistics and English as a Second Language (ESL). This is a California State Department of Education approved program for preparation to take the California state examination.

\* Prerequisites waived for students in this program.

## Courses

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 323. Psychological Foundations of Education and Bilingual Students (3) I

Two lectures and two hours of activity.  
Prerequisite: Admission to Multiple Subject with Bilingual Emphasis credential program.

Major theories of learning and cognition as applied to bilingual students and their relation to child development, first and second language acquisition, and approaches to teaching in bilingual classroom. Taught in Spanish and English.

#### 360. Student Teaching Seminar for Bilingual Elementary Students (1-4) I, II Cr/NC

Prerequisites: Policy Studies in Language and Cross-Cultural Education 323 and admission to Multiple Subject with Bilingual Emphasis credential program.

Bilingual instructional practices, classroom management, curricula discipline, micro-teaching in Spanish and English, legal liability, and daily problems encountered in the bilingual classroom. Taught in English and Spanish. Maximum credit four units.

#### 397. Problems in Education (Credit to be arranged) I, II Offered only in Extension.

Prerequisite: Consent of instructor.  
Class study of specially selected problems in education. Does not apply to pattern requirements for credentials. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Education 397.)

#### 400. The Secondary School and Bilingual Education (3) II

Prerequisite: Upper division standing.  
Bilingual education at the secondary levels, including roles, curricular models, organization, and legal justification. Must demonstrate bilingual competencies before conclusion of course and admission to program. Taught in Spanish.

#### 403. Bilingual Student Teacher Seminar (1-3) I, II Cr/NC

Two lectures and two hours of activity for three units.  
Prerequisites: Policy Studies in Language and Cross-Cultural Education 423, 454, and concurrent registration in Policy Studies in Language and Cross-Cultural Education 464.

Planning and organizing instruction for Spanish/English bilingual and nonbilingual student teaching assignments. Focus on role of the

bilingual teacher and discipline specific methods in English, ESL, mathematics, science, social science, and foreign language. Course taught in Spanish and/or English.

#### 410. Teaching Mathematics to Bilingual Elementary Students (3) II

Two lectures and two hours of activity.  
Prerequisite: Admission to Multiple Subject with Bilingual Emphasis credential program.

Underlying learning theories for teaching mathematical concepts, computation, and problem-solving skills to bilingual students. Taught in Spanish.

#### 411. Teaching Social Studies to Bilingual Elementary Students (2) II

One lecture and two hours of activity.  
Prerequisite: Admission to Multiple Subject with Bilingual Emphasis credential program.

Conceptual approaches for teaching bilingual social studies curriculum, incorporating sociocultural characteristics of multicultural community, social concepts, and community social issues. Taught in Spanish.

#### 412. Teaching Science to Bilingual Elementary Students (2) II

One lecture and two hours of activity.  
Prerequisite: Natural Science 412A or 412B or 412C.

Strategies for development of process skills and concept acquisition. Methodology for teaching activity-oriented science class in English and Spanish. Taught in Spanish.

#### 414. Teaching and Learning in the Content Area: Major (2)

One lecture and two hours of activity.  
Prerequisites: Policy Studies in Language and Cross-Cultural Education 400, 451, 515.

Teaching strategies in content specific fields from second language acquisition perspective taken concurrently with student teaching. See Class Schedule for specific content.

#### 423. Behavioral and Psychological Aspects of Teaching in the Bilingual Classroom (4) I

Prerequisites: Policy Studies in Language and Cross-Cultural Education 400; concurrent registration in Policy Studies in Language and Cross-Cultural Education 454 and 463; admission to the Single Subject Bilingual Emphasis program.

Bilingual learning theory as it affects adolescent growth, individualized instruction, classroom management and discipline, and methods of measuring and evaluating achievement. Taught in Spanish and English.

#### 431. Skills in Teaching Reading to Bilingual Elementary Students (3) II

Two lectures and two hours of activity.  
Prerequisite: Admission to Multiple Subject with Bilingual Emphasis credential program.

Teaching reading in English, including methods, strategies, assessment, materials, and techniques of transition for implementing reading programs in the bilingual classroom.

#### 432. Teaching Spanish Language Arts to Bilingual Elementary Students (3)

Two lectures and two hours of activity.  
Prerequisite: Admission to elementary bilingual emphasis credential program.

Assessing language proficiency; selecting, designing, and evaluating learning experiences to develop Spanish and English language arts. Taught in Spanish.

#### 433. Skills in Teaching Reading to Bilingual Secondary Students (3) II

Prerequisite: Upper division standing.  
Methods of teaching and diagnosing reading skills in Spanish and English, including ESL methods and individualized instruction. Transition skills. Taught in Spanish.

**451. Introduction to Multicultural Education (3) I, II**

Overview of cultural pluralism in education, industry, business, other institutions, and society at large. (Formerly numbered Multicultural Education 551 and Policy Studies in Language and Cross-Cultural Education 551.)

**454. Humanistic and Social Aspects of Teaching in the Bilingual Classroom (4) I**

Prerequisites: Policy Studies in Language and Cross-Cultural Education 400; concurrent registration in Policy Studies in Language and Cross-Cultural Education 423 and 463; admission to the Single Subject Bilingual Emphasis program.

Interaction between school and society, including equity issues, values, sociocultural variables, achievement of Spanish/English bilingual students; models for appropriate curricula. Taught in Spanish and English.

**460. Student Teaching for Bilingual Elementary Students (1-12) I, II Cr/NC**

Prerequisite: Admission to Multiple Subject with Bilingual Emphasis credential program. Student must provide own transportation to student teaching site.

Field experience at two grade levels in a multicultural setting and a bilingual elementary classroom; student teacher assumes responsibility for planning and instruction for specified time to comply with State requirements. Maximum credit twelve units.

**463. Student Teaching for Bilingual Secondary Students I (3-4) I, II Cr/NC**

Prerequisites: Policy Studies in Language and Cross-Cultural Education 400; concurrent registration in Policy Studies in Language and Cross-Cultural Education 423 and 454; admission to the Single Subject Bilingual Emphasis program. Students must provide own transportation to student teaching site.

On-site, part-time experience to implement bilingual teacher competencies introduced in Policy Studies in Language and Cross-Cultural Education 423, 454, and 515.

**464. Student Teaching for Bilingual Secondary Students II (9-12) II Cr/NC**

Prerequisites: Policy Studies in Language and Cross-Cultural Education 423 and 463; concurrent registration in Policy Studies in Language and Cross-Cultural Education 403. Students must provide own transportation to student teaching site.

On-site, full-day experience in State approved bilingual and non-bilingual classes to implement teacher competencies as developed in the total professional sequence. Maximum credit twelve units.

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of instructor. Open only to senior and graduate students in education who have shown ability to work independently.

Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**515. Bilingual Teaching Strategies (3)**

Prerequisite: Teaching experience or enrollment in the bilingual emphasis credential program.

Legal and historical developments leading to bilingual teaching in the United States. Interactive and individualized techniques appropriate for bilingual students. Language assessment methods for grouping and evaluating bilingual students. Fieldwork required. Taught in Spanish.

**522. Teaching Writing in Multilingual Settings (3)**

Methodologies in teaching primarily expository writing to students from various language backgrounds, focusing on skills such as those needed to avoid syntactic, semantic and stylistic language interference.

**553. Oral Language Assessment Techniques (3)**

Theoretical and applied linguistics; language functions in the bilingual classroom; implications of sociolinguistics for diagnosis and classification of bilingual children; analysis and application of language assessment instruments; comparison of diverse linguistic systems associated with different cultures.

**575. Computer Applications in the Bilingual Classroom (3)**

Two lectures and three hours of laboratory.

Prerequisite: Educational Technology 471.

Computer applications for bilingual instructional setting including examination and evaluation of instructional software and authoring systems for developing curriculum for limited English proficient (LEP) students.

**596. Special Topics in Bilingual and Multicultural Education (1-3)**

Prerequisite: Consent of instructor.

Selected topics in bilingual, cross-cultural education and policy studies. See Class Schedule for specific content. Maximum credit of six units of 596 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Political Science

In the College of Arts and Letters

OFFICE: Nasatir Hall 127  
TELEPHONE: (619) 594-6244

## Faculty

Emeritus: Crain, Generales, Gripp, Janssen, Joy, Nesvold  
Chair: Terrell  
Professors: Anderson, Andrain, Conniff, Feierabend, Funston, Heck, Hofstetter, Johns, Jones, Kahng, Little, Loveman, Miles, Padgett, Schultze, Strand, Terrell  
Associate Professors: Cutter, Fairlie, Hobbs, Keiser, Lewin, Soule  
Assistant Professors: Callender, Johnson

## Offered by the Department

Master of Arts degree in political science.  
Major in political science with the B.A. degree in liberal arts and sciences.  
Minor in political science.

## The Major

Political science is the study of governments. Its concerns, however, are not limited to formal governmental institutions such as the executive and legislative branches or the justice systems. Political science is also interested in other organizations and activities which are part of the process of government, including political parties, interest groups, and the press.

Students who become political science majors will learn about who creates the rules by which people are governed, the attitude and behavior of leaders and members of the public which cause certain decisions to be made, and how these decisions affect such values as liberty, equality, welfare, and justice. Political science is concerned with contemporary public affairs, problems in other political systems and contemporary international politics, as well as with historical growth, evolution, and decline of various types of governments.

The many career opportunities which might be available to political science graduates include teaching at the secondary level; positions with the federal government in areas such as intelligence, foreign affairs, environmental protection, and budget and computer administration; positions with state and local governments, including administrative aide for a city manager, staff assistant for a county supervisor, and assistant to the registrar of voters; administrative positions on the staffs of national, state, and local legislators; claims adjuster or claims representative; statistical technician; marketing researcher; lobbyist for a business or trade organization; political reporter; and title office trainee.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Political Science Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22071)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Students majoring in political science must complete a minor in another field to be approved by the chair of the major department.

**Preparation for the Major.** Political Science 101, 102, 103 and three units of either statistics or logic, (12 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or Anthropology 396W, English 305W or 500W, History 396W or 430W, or Sociology 396W with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units to include (a) three units in Political Science 495, 497 or 498, and (b) 21 upper division units in political science distributed among at least four of the fields listed below, provided that at least three units shall be taken in Field I.

- Field I: Political Theory. Courses numbered 301A to 306.
- Field II: Research Methods. Courses numbered 515A-515B.
- Field III: American Government and Politics. Courses numbered 320 to 338 and 522 to 537.
- Field IV: Public Law. Courses numbered 345 to 354.
- Field V: Comparative Politics. Courses numbered 356 to 370 and 555 to 568.
- Field VI: International Politics. Courses numbered 375 to 393 and 577.

## Political Science Minor

The minor in political science consists of a minimum of 18 units in political science to include Political Science 101 and either 102 or 103; twelve of the 18 units must be in upper division courses and at least nine of these units must be selected from one of the following subject matter areas:

- Political Theory and Research Methods (Fields I and II)
- Politics and Public Law (Fields III and IV)
- Comparative Politics and International Politics (Fields V and VI)

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 101. Introduction to Politics and the American Political System (3)

Basic political concepts as applied to the American political system. The American political system as a constitutional democracy with reference to specific topics.

#### 102. Introduction to American and California Government and Politics (3)

Political processes and institutions in the United States and California. Considers a variety of public policy issues such as environmental quality, health, education, relation between government and business, taxation, and foreign affairs as reflected in the dynamics of national and state politics.

#### 103. Introduction to Comparative Government (3) I, II

Analytical models and techniques for examination of the problems of decision making and control in various political systems. Emphasis on patterns of political action in various cultural contexts.

#### 201. Elementary Statistics for Political Science (3)

Prerequisites: Course in intermediate algebra. Political Science 101 and 102, qualification on the Mathematics Placement Examination.

Quantitative methods in political science. Tabular and graphic presentation, measures of central tendency, simple correlation and sampling techniques. Students with credit or concurrent registration in the following lower division statistics courses will be awarded a total of four units for the two (or more) courses: Biology 215, Economics 201, Engineering 140, Mathematics 119, 250, Political Science 201, Psychology 270, and Sociology 201.

#### 227. Film and Politics (1) Cr/NC

Prerequisite recommended: Political Science 102.

Popular motion pictures analyzed from perspective of political content. Thematic implications concerning power, justice, social change, and revolution. Construction of alternative political realities present in popular media.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 310. Politics and the Arts (3)

Prerequisites: Political Science 101 and 102.

The contribution of the artistic media to the activity and understanding of politics.

#### 495. Internship in Local Politics (3)

Prerequisites: Limited to senior political science majors; three upper division units within Field III.

Senior majors choose internships within San Diego County in government agencies, offices of elected officials, or others approved by instructor. Requires 160 hours of fieldwork and extensive, analytical term paper.

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 497. Investigation and Report (3) I, II

Senior thesis. Analysis of special topics. Admission by permission of instructor.

#### 499. Special Study (1-3) I, II

Prerequisites: Twelve upper division units in political science and consent of the instructor.

Individual study. Maximum credit six units.

### Field I: Political Theory

#### 301A-301B. History of Western Political Thought (3-3)

Prerequisite: Political Science 301A is prerequisite to 301B.

Development of political ideas from the Golden Age of Greece until the French Revolution. Relevance of theory to a critical understanding of concrete political and social problems involving power, freedom, equality, justice and action. 301A emphasizes Plato, Aristotle, Augustine, Aquinas, and Marsilius of Padua. 301B stresses major political theorists such as Machiavelli, Hobbes, Locke, and Rousseau.

#### 302. Modern Political Thought (3)

Major writers of political thought in the last two centuries, including Burke, J.S. Mill, Freud, Marx, Weber and Sartre. The following topics may be covered: conservatism, liberalism, utilitarianism, socialism, fascism, positivism and existentialism.

#### 303. Socialist Political Thought (3)

Socialist thought from a historical perspective.

#### 304. Socialist Political Thought (3)

Prerequisites: Political Science 101 or 102, and 301B or 302.

Selected topics in socialist thought.

#### 305. American Political Thought (3)

The origin and development of American political ideas from colonial times to the present. Meets the graduation requirement in the United States Constitution. When taken with Political Science 320, 321 or 522, will also meet all requirements in American Institutions.

#### 306. Democracy and Mass Society (3)

Origin and development of theories of democracy and application of democratic ideas to contemporary political life.

### Field II: Research Methods

#### UPPER DIVISION COURSE (Also Acceptable for Advanced Degrees)

#### 515A-515B. Research Methods in Political Science (3-3)

Prerequisite: Political Science 201. Political Science 515A is prerequisite to 515B.

The research process, from research design through data processing, analysis and interpretation. Problems of application to election statistics, census data, roll call records, sample survey data and biographical information.

### Field III: American Government and Politics

#### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 320. American Institutions (3)

The principles of the Constitution of the United States of America, and a survey of the political and social institutions which have developed under the Constitution. Meets the graduation requirement in the United States Constitution and California state and local government. When taken with Political Science 305, 321 or 522, will also meet all requirements in American Institutions. Not open to students with credit in Political Science 102.

#### 321. State Politics (3)

Politics and policy making at the state and local levels, relations among national, state, and local governments. Emphasis on California problems and politics. Meets the graduation requirement in California government. When taken with Political Science 305 or 320, will also meet all requirements in American Institutions.

#### 325. Political Behavior (3)

Prerequisites: Political Science 102.  
Social and attitudinal variables in political behavior. Quantitative research data as used in electoral studies. May include a substantial amount of material about foreign political systems.

#### 326. Political Communication (3)

Communication as a political process; the effects of political communication on individuals and groups. May include a substantial amount of material about foreign political systems.

#### 330. Women and Electoral Politics (3) I, II, S

Prerequisite: Upper division standing.  
The gender gap in American politics. Major differences in attitudes and political behavior. Analysis of growing number of women holding elective office.

#### 334. Politics of the Environment (3)

Analysis of political process as it shapes environmental policy in a world characterized by finite resources. Emphasis on expanding national and international claims made upon these resources. May include a substantial amount of material about foreign political systems.

**335. Public Policy (3)**

Prerequisite: Political Science 101 and 102.

Theory and practice of process of formulating public policy; roles of administrators, legislators, courts, interest groups, and political parties; public agencies and public interest; case studies in formulating public policies. May include a substantial amount of material about foreign political systems.

**338. The Legislative Process (3)**

A detailed analysis of legislatures. Special attention will be devoted to the impact of dynamic factors on formal procedures. May include a substantial amount of material about foreign political systems.

**498. Internship in National Politics (9)**

Prerequisites: Three upper division units within Field III and consent of instructor.

Students will be assigned to political agencies in Washington, D.C., such as Congressional staffs, interest groups, executive agencies, legal/judicial offices and political party committees. Maximum credit three units applicable to the major or minor in political science.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

**522. Urban Politics (3)**

Prerequisite: Political Science 101 or 102.

The processes by which social conflicts in American urban areas are represented and regulated. Urban political culture; ecology; group development and activity; power structures; and reform movements are surveyed. The character of the urban political "problem" and proposed solutions are evaluated. Meets graduation requirement in California state and local government. When taken with Political Science 305 or 320, will also meet all requirements in American Institutions.

**523. Community Political Analysis (3)**

Prerequisite: Political Science 101 or 102.

Community power structures. Analysis of policy alternatives; strategies of community development and approach to social planning and organization. Examples are primarily from the American experience, but some comparative materials may be discussed.

**530. Political Parties (3)**

Prerequisite: Political Science 102 or 320.

The political party as a part of the process of government; party organization and activities; nominating and campaign methods; theories and functions of the party system; party responsibility. The functioning of political parties in the American political system. May include a substantial amount of material about foreign political systems.

**531. Interest Groups and Political Movements (3)**

Prerequisite: Political Science 101 or 102.

Pressure group activity, lobbies, mass movements; factors which explain origins and motivations of group behavior; votes, money, information, protest as political resources; theories of pluralism, power elite and mass society; class and ethnic politics. May include a substantial amount of material about foreign political systems.

**536. The American Presidency (3)**

Prerequisites: Political Science 101 and 102.

Analysis of principal institutions, functions and problems of the presidency and federal executive branch. Attention given to presidential leadership, staffing, executive-legislative relations and policy formation.

**537. The Politics of Bureaucracy (3)**

Prerequisites: Political Science 101 and 102.

An analysis of the bureaucracy as an actor in the political system. May include a substantial amount of material about foreign political systems.

**Field IV: Public Law**

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**345. Constitutional Government (3)**

Constitutionalism as a concept of legal and political philosophy; foundations of American constitutionalism; origin and framing of the American Constitution; development of constitutional principles through judicial interpretation.

**346. Law and the Political System (3)**

Forces influencing the making of law; relationship between social and legal change; nature and limits of the judicial function. (Formerly numbered Political Science 546.)

**347A-347B. American Constitutional Law (3-3)**

Substantive principles of American constitutional law. Rights and liberties protected by the Constitution against action of federal and state governments. May include problems of judicial review, federal system, separation of powers, nature of selected congressional-presidential powers. Meets graduation requirement in United States Constitution. (Formerly numbered Political Science 547A-547B.)

**348. The Supreme Court and Contemporary Issues (3)**

Recent decisions of the Supreme Court of the United States and their relationship to contemporary political and social issues. Not open to those students with credit for Political Science 347A-347B.

**354. Special Problems in Public Law (3)**

Prerequisites: Political Science 101 and 102, and three upper division units within Field IV.

Exploration of selected issues in the field of law.

**Field V: Comparative Politics**

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**356. Governments of Continental Europe (3)**

The political systems of countries of western continental Europe.

**357. Government of England (3)**

The structure and functioning of the English parliamentary system with emphasis on present-day political principles and parties.

**358. Comparative Communist Political Systems (3)**

The interrelations between the theory and practice of modern communism as found in representative communist systems.

**359. Government and Politics in the Soviet Union (3)**

Theory and practice of government and politics in the Soviet Union, with some attention to foreign affairs.

**361. Governments and Politics of the Developing Areas (3)**

Prerequisite: Political Science 101 or 103.

Internal political systems, governmental structures and the foreign policies of developing nations.

**362. Governments and Politics of East Asia (3)**

The internal political structure and foreign policies of China, Japan and Korea.

**363. Governments and Politics of the Middle East (3)**

The governmental and political structures of representative states in the Middle East including Turkey, Israel and the Arab states.

**364. Political Change in Modern Africa (3)**

Dynamics of social and political change in modern Africa.

**370. Political Violence (3)**

Prerequisite: Political Science 101, 102 or 103.

Underlying conditions, expressions and consequences of violence within political systems.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

**555. Comparative Political Systems (3)**

Prerequisite: Political Science 103.

An examination of selected political and governmental systems for purposes of comparative study and analysis to determine similarities, differences and general patterns and universals among political systems.

**560. Comparative Public Policy (3)**

Prerequisite: Political Science 103 or 335.

Ways that political and social factors shape policy choices, implementation strategies, and policy outcomes in selected countries, emphasis on industrialized nations. Policy areas chosen from: education, health, nutrition, crime, transportation, housing, energy, population control, poverty, unemployment, inflation.

**562. Government and Politics of Japan (3)**

Prerequisite: Political Science 103 or 362.

Governmental structures, political processes, and public policies of Japanese political system. Recent political history and cultural factors which shape Japanese politics. Japanese foreign policies, especially the Japan-United States relationship.

**566. Political Change in Latin America (3)**

Prerequisite: Political Science 101 or 103.

General pattern of politics and political development in Latin America with an emphasis on those features which condition domestic and foreign policy making.

**567. Political Systems of Latin America (3)**

Prerequisite: Political Science 566.

Domestic and international politics of selected Latin American states.

**568. The Mexican Political System (3)**

Prerequisite: Political Science 101 or 103.

Principal factors in Mexican governmental decision making. Ideology, political groups, tactics of leaders and governmental structure.

**Field VI: International Politics**

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

**375. International Relations (3)**

Dynamics of conflict and cooperation among national, international and transnational actors; contributing political, economic, and social factors.

**376. International Organization (3)**

Evolution, functions, achievements, and limitations of international organization in modern society. Primary focus on the United Nations.

**378. The Conduct of American Foreign Relations (3)**

Institutional arrangements by which American foreign policy decisions are formulated and implemented. Issues confronted by American foreign policy decision makers.

**379. National Security Policy (3)**

Objectives, instruments, and consequences of national security policy.

**381. International Relations of the Developing Nations (3)**

Prerequisite: Six units of political science.

Cooperation and conflict between the developing nations and relations of such nations with the developed countries.

**382. International Relations of the Latin American States (3)**

The foreign policies of the Latin American states; the Organization of American States; relationships with the United Nations and with the United States.

**390. Dynamics of Modern International Crises (3)**

Origins, development and control of selected international crises since World War II.

**393. Institute on World Affairs (3)**

Contemporary problems in international relations. May be repeated once for credit with permission of the instructor. See Class Schedule for specific content.

**UPPER DIVISION COURSE**  
(Also Acceptable for Advanced Degrees)

**577. Principles of International Law (3)**

The function of law in the international community. The historical development of the ideas and rules of international law and their place in the modern diplomatic and legal structure.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Portuguese

In the College of Arts and Letters

## Faculty

Chair: Case  
Professor: Silverman

## Offered by the Department of Spanish and Portuguese Languages and Literatures

Minor in Portuguese.  
Courses in Portuguese.  
Major work in Portuguese is not offered.

## Portuguese Minor

The minor in Portuguese consists of a minimum of 15 units in Portuguese, six units of which must be in upper division courses. Recommended: History 552.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences

Students electing the study of Portuguese to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete Portuguese 302 or the equivalent level of achievement. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

## High School Equivalents

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:

1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.

2. The first **three years** of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five years separate the last high school course and the first college course.

3. **Four years** of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

## Courses

### LOWER DIVISION COURSES

Native speakers of Portuguese will not receive credit for taking lower division courses in Portuguese except with advance approval from the department.

All lower division courses in Portuguese are taught in Portuguese.

OFFICE: Library East 469  
TELEPHONE: (619) 594-6588

### 101. Elementary/Intensive (5) I, II

Five lectures and one hour of laboratory. Pronunciation, oral practice, reading on Luso-Brazilian culture and civilization, essentials of grammar. Not open to students who have completed three years of high school Portuguese unless the third course was completed five or more years ago.

### 112. Conversation and Grammar Review (3)

Prerequisite: Credit or concurrent registration in Portuguese 101 with consent of instructor. Emphasis on spoken language and major grammatical points.

### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

All upper division courses in Portuguese are taught in Portuguese unless otherwise stated.

### 301. Advanced Oral and Written Composition (3)

Oral and written composition in Portuguese, based on models from modern Portuguese and Brazilian literature. Not open to students who have completed four years of high school Portuguese unless the fourth course was completed five or more years ago.

### 302. Advanced Oral and Written Composition (3)

Oral and written composition in Portuguese, based on models from modern Portuguese and Brazilian literature.

### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor. Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

### 534. Portuguese Literature (3)

A study of important movements, authors and works in the literature of Portugal from its beginnings to the present.

### 535. Brazilian Literature (3)

A study of the important movements, authors and works of the literature of Brazil from the colonial period to modern times.

# Psychology

Assistant Professors: Matt, Price (Joseph), Reilly, Roth  
Lecturers: Colby, Cronan, McDonald, B.

## Offered by the Department

Doctor of Philosophy degree in clinical psychology.  
Master of Arts degree in psychology.  
Master of Science degree in psychology.  
Major in psychology with the B.A. degree in liberal arts and sciences.  
Minor in psychology.

## The Major

Psychology is the scientific study of the behavior of humans and animals. Psychologists use scientific methods in an attempt to understand and predict behavior, to develop procedures for changing behavior, and to evaluate treatment strategies. Research might be conducted in the laboratory where the factors studied can be controlled; or it may take place in a real life setting where more natural behavior is studied.

There are many areas of psychology, each attempting to explain behavior from a slightly different perspective. Social psychology is concerned with the effects of social situations on human behavior. Personality theorists study individual behavior. Developmental psychologists study principles and processes responsible for change throughout life. Comparative psychologists study particular animal behaviors across the range of species, while physiological psychologists are concerned with the biological bases of behavior. Learning is an area of psychology exploring how new behaviors are learned and maintained. Cognitive psychology pursues the world of memory, thought, problem solving, and the psychological aspects of learning.

Clinical psychologists study ways to help individuals and groups of individuals change their behavior. Industrial/organizational psychologists are concerned with the physical and social aspects of people's work environments as they affect work output.

Some psychologists, particularly clinical psychologists and industrial/organizational psychologists, also work in applied settings.

Numerous and varied career opportunities are open to students who hold the bachelor's or master's degree in psychology. These include careers in business, such as management, public relations, personnel, and staff training; in agencies responsible for mental health service delivery in clinics, hospitals, and special schools; in teaching for child care facilities, preschools, and in conjunction with a teaching credential in elementary and secondary schools; in research, to conduct surveys, program evaluations, and basic study.

A bachelor's degree in psychology serves as preparation for graduate programs in psychology, social work, education, counseling, law, medicine, and business. A Ph.D. in psychology is required for teaching at the university level and for licensing as a psychologist (independent practice of psychotherapy).

## Psychology Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 20011)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.  
Two plans are provided for the major in psychology: **Plan A** for those students who wish to extend their liberal arts education in the field of psychology; and **Plan B** for those students expecting to pursue the study of psychology beyond the B.A. degree.

### Plan A

Plan A is for a nonprofessional major in psychology and is designed to provide students with a greater understanding of human behavior as the emphasis in their liberal arts education. The recommended pattern of courses for this program is not designed to facilitate graduate and professional study in psychology.

**Preparation for the Major.** Psychology 101, 211, 260, 270. (12 units.) Recommended courses in related fields: Six units in General Education courses in biology; three units in a General Education course in philosophy; and six units in General Education courses in anthropology and/or sociology.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in psychology to include twelve units selected from Psychology 330, 340, 350, 351, 375, 380, 388. It is expected that students under Plan A will select, with the assistance of their adviser, a pattern of courses in line with their particular objectives in pursuing Plan A.

### Plan B

The purpose of Plan B is to facilitate the specific preparation of those students who wish to pursue graduate and professional preparation in psychology, e.g., clinical, industrial and personnel, physiological, social, or theoretical-experimental psychology.

**Preparation for the Major.** Psychology 101, 211, 260, 270. (12 units.) Recommended courses in related fields: Six units in General Education courses in biology; three units in General Education courses in philosophy; and six units in General Education courses in anthropology and/or sociology.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 26 upper division units in psychology to include Psychology 410, 470; four units selected from 412, 413, 415, 416, 417, 418, 419; nine units selected from 330, 340, 350, 351, 375, 380, 388; and six units selected from courses in consultation with the departmental adviser.

## Psychology Minor

Qualification on the Mathematics Departmental Placement Examination is a required prerequisite to this minor (except for Personality and Social).

The minor in psychology consists of 18-23 units selected from one of the following areas:

**Experimental:** Psychology 101, 211, and 270 or equivalent; 14 units of upper division psychology to include Psychology 410 and three of the following: Psychology 316, 416, 417, 419, 587. (23 units.)

**Industrial/Organization:** Psychology 101 and 270 or equivalent; 12 units of upper division psychology to include Psychology 320, 470, and two of the following: Psychology 321, 322, 326, 342. (18-19 units.)

**Personality and Social:** Psychology 101 and 211 or 260; 12 units of upper division psychology of which nine must be selected from Psychology 330, 340, 350 and 351. (18 units.)

**Physiological:** Psychology 101, 211, 260, and 270 or equivalent; 11 units of upper division psychology to include Psychology 410, 413 and 460. (23 units.)

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 101. Introductory Psychology (3) I, II, S

Facts, principles, and concepts which are basic to understanding human behavior.

#### 201. Careers in Psychology (1) Cr/NC

Prerequisite: Psychology 101.  
Career opportunities in psychology. Professionals in the field will present information about their fields and how best to prepare for careers.

#### 211. Learning (3) I, II, S

Prerequisite: Psychology 101.  
Basic principles and research in animal and human learning. (Formerly numbered Psychology 210.)

#### 260. Introduction to Physiological Psychology (3) I, II

Prerequisite: Psychology 101.  
Elementary physiology of the nervous system. Physiological mechanisms underlying the psychological phenomena of sensation, perception, emotion, arousal, motivation, learning and memory, and cortical specialization.

#### 270. Statistical Methods in Psychology (3) I, II, S

Prerequisites: Course in intermediate algebra. Satisfaction of the Entry-Level Mathematics requirement and qualification on the Mathematics Departmental Placement Examination, Part I or IA. Recommended: Psychology 101. **Proof of completion of prerequisites required:** Copy of ELM score or verification of exemption; copy of Placement Examination score.

Quantitative methods in psychology. Measures of central tendency and variability, graphic methods and percentiles, linear correlation and regression, applications of the normal probability curve, and an introduction to statistical inference including analysis of variance and chi-square. Students with credit or concurrent registration in the following lower division statistics courses will be awarded a total of four units for the two (or more) courses: Biology 215, Economics 201, Engineering 140, Mathematics 119, 250, Political Science 201, Psychology 270, and Sociology 201.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 301-S. Contemporary Problems in Psychology (1)

Lectures open to the public.  
A series of six summer lectures by distinguished behavioral, biomedical, and social scientists on subjects related to current understanding of contemporary concerns. Reading and reports required of students enrolled for credit. See Class Schedule for specific content. Maximum credit three units.

#### 302. Human Sexuality (1) Cr/NC Offered only in Extension

Prerequisite: Psychology 101.  
New sex roles and their impact on male and female sexuality; coping with problems in love and sex. Topics include cohabitation, marriage, gay relationships, birth control, sexually transmitted diseases, lovemaking, sex and aging. Credit received in Psychology 302 not applicable to the psychology major.

#### 303. Drug Use, Abuse, and Treatment (1) Cr/NC Offered only in Extension

Prerequisite: Psychology 101.  
Motivational and personality factors involved in drug use and abuse; psychological, physiological, and neurological effects of commonly used drugs; and methods to treat drug-related problems. Credit received in Psychology 303 not applicable to the psychology major.

#### 304. Stress, Anxiety, and Coping (1) Cr/NC Offered only in Extension

Prerequisite: Psychology 101.  
Psychological and physiological effects of stress. Topics include body's response to normal stressors, development of psychosomatic problems, and reduction of stress-related problems through psychological coping techniques. Credit received in Psychology 304 not applicable to the psychology major.

#### 316. Operant Behavior (3)

Prerequisite: Psychology 101. Recommended: Psychology 211.  
Contingencies of reinforcement, stimulus control, response shaping, aversive control, and other basic principles of operant behavior applied to the understanding and modification of human behavior.

#### 317. Comparative Animal Psychology (3)

Prerequisite: Psychology 101 or other introductory course in a social or biological science.  
Behavior of both captive and wild animals. Psychological factors and behavioral differences across species and their evolutionary and developmental histories. (Formerly numbered Psychology 314.)

#### 320. Personnel and Industrial Psychology (3)

Prerequisites: Psychology 101, and 270 or statistics in another field.  
Psychological principles applied to industrial problems of selection, placement and training.

#### 321. Organizational Psychology (3)

Prerequisite: Psychology 101.  
Human behavior in the context of organizational life. Factors related to effectiveness of individuals and groups within organizations, including organization design, leadership and control, motivation, cooperation and conflict.

#### 322. Consumer Psychology (4)

Two lectures and six hours of laboratory.  
Prerequisites: Psychology 101, and a course in statistics.  
A review of the research literature and methods relevant to the individual as a consumer in our society. Emphasis on methods of measuring attitudes, values, and behavior of people when functioning as consumers.

#### 326. Principles of Personnel Interviewing (3)

Prerequisite: Psychology 101.  
Psychological factors in interviewing; interviewing techniques. Supervised practice in interviewing for purposes of personnel selection, appraisal and development.

#### 330. Developmental Psychology (3) I, II, S

Prerequisite: Psychology 101.  
Psychological development of the normal individual from conception through childhood, adolescence, and maturity. Emphasis on the interdependence of various periods of the individual's life.

#### 335. Psychology of Adult Development and Aging (3)

Prerequisite: Psychology 101.  
The psychological, physiological, and sociological factors influencing behavior in the later years of life.

#### 340. Social Psychology (3) I, II, S

Prerequisite: Psychology 101.  
The major problems and findings concerning group behavior and group membership, the socialization of the individual, and processes of social interaction.

#### 342. Public Opinion Measurement (3)

Two lectures and two hours of activity.  
History, methods, and problems of public opinion and attitude measurement. Emphasis on applications in politics, marketing, personnel work, journalism, and radio and television audience measurement. Field experience.

#### 347. Psychology of Contemporary Social Problems (3)

Prerequisite: Psychology 101.  
Discussion of social issues and problems of importance to the contemporary world, from the point of view of psychological theory, method and knowledge.

#### 350. Abnormal Psychology (3) I, II, S

Prerequisite: Psychology 101.  
Causes and treatment of abnormal behavior with emphasis on major behavior disorders.

#### 351. Psychology of Personality (3), I, II, S

Prerequisite: Psychology 101.  
Major theoretical approaches to individual differences and the study of the person. Techniques of personality assessment. Selected research findings.

#### 365. Drugs and Behavior (3)

Prerequisite: Psychology 101. Recommended: Psychology 260.  
Fundamentals of regulation, administration, tolerance, dependence, and physiological activity of drugs. Effects of stimulants, depressants, opiates, psychedelics, and psychotherapeutic drugs on the nervous system and on cognitive, personality, and behavioral functioning.

#### 375. Intermediate Statistics: Computer Methods (4) I, II

Two lectures and six hours of laboratory.  
Prerequisite: Psychology 270.  
Application of microcomputers to psychological research with primary emphasis on statistical and graphic analysis of data.

#### 380. Cognitive Psychology (3) I, II

Prerequisite: Psychology 101. Recommended: Psychology 211.  
Theory and research on attention, learning, memory, thinking, understanding, and language. (Formerly numbered Psychology 310.)

#### 388. Sensation and Perception (3)

Prerequisite: Psychology 101.  
Theory and research in sensory and perceptual processes.

#### 401. Philosophical Issues in Psychology (3)

Prerequisite: Six units of psychology.  
Modern empiricism and the philosophy of science as related to issues in contemporary psychology. (Formerly numbered Psychology 481.)

#### 410. Introduction to Experimental Psychology (4) I, II

Two lectures and six hours of laboratory.  
Prerequisites: Psychology 211 and 270.  
Understanding of experimental design, quantitative methods, and experimental reports as they are applied to all areas of psychology.

#### 412. Experimental Psychology: Social (4) I, II

Two lectures and six hours of laboratory.  
Prerequisite: Psychology 410.  
Experimental literature, assigned and original laboratory projects in the field of social psychology.

#### 413. Experimental Psychology: Physiological (4)

Two lectures and six hours of laboratory.  
Prerequisites: Psychology 260 or 460, and Psychology 410.  
Experimental literature, assigned and original laboratory projects in the field of physiological psychology. Histological and pharmacological techniques.

#### 415. Experimental Psychology: Personality and Clinical (4) I, II

Two lectures and six hours of laboratory.  
Prerequisite: Psychology 410. Recommended: Psychology 350 or 351.  
Experimental and theoretical literature, assigned and original laboratory projects in the field of personality and clinical psychology.

#### 416. Experimental Psychology: Learning (4)

Two lectures and six hours of laboratory.  
Prerequisite: Psychology 410.  
Experimental literature, assigned and original laboratory projects in the field of learning.

#### 417. Experimental Psychology: Primate Behavior (4)

Two lectures and six hours of laboratory.  
Prerequisites: Psychology 101, 260 or three units of biology or three units of anthropology, and Psychology 270. Recommended: Psychology 410.  
Experimental literature, assigned and original observational and experimental projects in the field of primate learning and behavior.

#### 418. Experimental Psychology: Child Development (4) I, II

Two lectures and six hours of laboratory.  
Prerequisite: Psychology 410. Recommended: Psychology 330.  
Methods, techniques and principles used in the scientific study of child behavior.

#### 419. Experimental Psychology: Memory and Cognition (4)

Two lectures and six hours of laboratory.  
Prerequisite: Psychology 410. Recommended: Psychology 380.  
Experimental literature, assigned and original laboratory projects in human memory and cognition. Examination of information-processing capacities and processes in perception, learning, memory, and other cognitive activities.

#### 432. Advanced Topics in Developmental Psychology (3)

Prerequisite: Psychology 330.  
Selected areas in developmental psychology. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

#### 446. Advanced Topics in Social Psychology (3)

Prerequisite: Psychology 340.  
Selected areas in social psychology. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

#### 452. Introduction to Counseling and Therapy (3) I, II

Two lectures and two hours of activity.  
Prerequisite: Psychology 350 or 351.  
A survey of theory, methods and research in psychological approaches to personality and behavior change. Practice in basic interviewing and critical analysis of interviews. Not open to students with credit in Psychology 650 or Counselor Education 660.

#### 453. Advanced Topics in Abnormal Psychology (3)

Prerequisite: Psychology 350.  
Selected areas in abnormal psychology. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

**454. Mental Deficiency (3)**

Prerequisite: Psychology 101. Recommended: Psychology 330.  
The nature and causes of mental retardation, including the psychological effects of brain injury. Characteristics of the mentally defective.

**455. Psychology of Human Sexual Behavior (3)**

Prerequisite: Psychology 101.  
Evaluation of behavioral and physiological data of normal, aberrant, and dysfunctional human sexual behavior, including description of available treatment methods.

**456. Psychology of Death and Bereavement (3)**

Latest psychological research and clinical practice in the area of death and dying, geared to assisting the student in appropriate ways of aiding both the dying and the bereaved in coming to terms with death.

**457. Psychological Factors in Alcoholism (3)**

Prerequisite: Six units of psychology, upper division standing.  
Theoretical and empirical approaches to alcoholism: causes and treatment.

**460. Advanced Topics in Physiological Psychology (3)**

Prerequisite: Psychology 260 or six units of biology.  
Selected areas within physiological psychology. See Class Schedule for specific content. May be repeated with new content. Maximum credit six units.

**462. Sleeping and Dreaming (3)**

Sleep and sleep disorders: electrophysical, neurophysiological, biochemical, psychopharmacological, and psychological aspects.

**470. Psychological Testing and Measurement (3) I, II**

Prerequisite: Psychology 270, or a semester of statistical methods in any other department.

Measurement theory and the basic principles of testing. The selection, construction and critical evaluation of group tests of intelligence, personality, aptitude, interest and achievement. (Formerly numbered Psychology 405.)

**491. Academic or Psychological Counseling Experiences (3) Cr/NC**

Prerequisites: Upper division psychology major with a 3.0 minimum grade point average and consent of the psychology undergraduate coordinator.

Individual supervision of academic or psychological counseling experiences, geared to the acquisition of counseling and communication skills. May be repeated with the approval of the psychology undergraduate coordinator. Maximum credit six units.

**495. Readings and Practice in Companionship Therapy (3) I, II**

Prerequisite: Six units from Psychology 330, 340, 350, or 351.  
Students are paired with troubled or potentially troubled clients from selected community agencies, supervised by both the instructor and the agency. Assigned readings, small group meetings, written reports required. May be repeated with new client and agency. Maximum credit six units.

**496. Selected Topics in Psychology (1-4)**

Prerequisite: Psychology 101.  
Intensive study in specific areas of psychology. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

**497. Senior Project (1-3) I, II**

Prerequisites: Twelve units of psychology and consent of instructor.  
An individual investigation and report on a research project. Maximum credit six units.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of department chair.  
Individual study, including library or laboratory research and a written report. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**501. History of Psychology (3)**

Limited to psychology majors with senior standing or graduate students.

The historical background of modern psychology. (Formerly numbered Psychology 580.)

**551. Clinical Psychology: Theory and Practice (4)**

Two lectures and six hours of laboratory.  
Prerequisite: Psychology 350.  
Clinical assessment, theory and practice of behavior change, and professional ethics.

**570. Advanced Statistics (3) I**

Two lectures and two hours of activity.  
Prerequisite: Psychology 270.  
Principles of experimental design. Comprehensive treatment of analysis of variance, including factorial designs, repeated measures, and trend analysis. Case studies from psychological research.

**571. Advanced Statistics (3)**

Two lectures and two hours of activity.  
Prerequisite: Psychology 270.  
Quantitative methods in psychology, with emphasis on methods of correlation and regression, including multiple regression and canonical regression. Case studies from psychological research.

**587. Advanced Principles of Learning and Cognition (3)**

Prerequisites: Psychology 211 and 270.  
Empirical data, basic principles and theoretical positions of major theorists in learning and cognitive psychology.

**596. Selected Topics in Psychology (3)**

Prerequisites: Psychology 101 and consent of instructor.  
Intensive study in specific areas of psychology. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Public Administration and Urban Studies

In the College of Professional Studies and Fine Arts

OFFICE: Professional Studies and Fine Arts 105  
TELEPHONE: (619) 594-6224

Public Administration and Urban Studies is a Member of the National Association of Schools of Public Affairs and Administration (NASPAA).

**Faculty**

Emeritus: Bigger, Kitchen, Kochanski, Leiffer, Love  
Director: Rea  
Professors: Boostrom, Clapp, Gazell, Gilbreath, Gitchoff, Gupta, Henderson, Pugh, Rea, Sparrow, Sutton  
Associate Professors: Calavita, Caves, Stock  
Assistant Professors: Edlund, Lee, Walshok

**Offered by the School of Public Administration and Urban Studies**

Master of City Planning degree.  
Master of Public Administration degree.  
Major in criminal justice administration with the B.S. degree in applied arts and sciences. (Refer to this section of the catalog on Criminal Justice Administration.)  
Major in public administration with the B.A. degree in applied arts and sciences.  
Emphasis in city planning.  
Minor in public administration.  
Certificate in public administration (available at Imperial Valley Campus only).

**The Major**

Today, more than ever before, the nation is in need of effective leadership and competence in the administration of public affairs. The growth of all levels of government and public service organizations and their increasing responsibilities in a complex society have led directly to the need for more capable public administrators. The primary purpose of the public administration major is to provide knowledge and skills for students who wish to prepare themselves for management careers in government, community agencies, private not-for-profit organizations, planning and consulting firms, and private sector organizations that work in partnership with the public sector.

The undergraduate public administration major is an interdisciplinary program. In addition to the courses taken within the department, provisions have been made for the student to select additional courses in areas as diverse as economics, sociology, social welfare, political science, and psychology. Required preparatory courses for the major include classes in accountancy, economics, information and decision systems, political science, and statistics.

Career opportunities in public administration can be found throughout the public and private sectors, and the future is represented by an expanding job market. The Public Administration Center within the School of Public Administration and Urban Studies provides a comprehensive file of current job openings locally, throughout California, and across the country.

Upon graduation, students have secured a wide variety of administrative positions within government, the private sector, and community agencies. For example, graduating students have recently been placed with city personnel and finance departments, county operating departments, special districts, hospitals, and consulting firms.

**Public Administration Major**

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 21021)

Applications will be accepted only during the months of August for the following spring semester and November for the fall semester. Change of major and declaration of major will be accepted only during specific filing periods. Please contact the School for deadlines.

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Accountancy 201, Information and Decision Systems 180, Economics 101 and 102, Political Science 102, Public Administration 200, and a three-unit course in statistics. (21 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Public Administration 301, 310 or 312 or 315, 330, 340, 450, 460, 497 or 498; and 15 units selected with the approval of an adviser from the public administration faculty. Within this program, students may specialize in such areas as personnel and labor relations, urban management, urban planning, public finance and budgeting, information systems, and environmental management. Interested students must seek guidance and environmental management. Interested students must seek guidance from a public administration program faculty adviser. A master plan of the courses taken to fulfill the major must be approved by a public administration program faculty adviser and filed with the Evaluations Office one semester before graduation.

**IMPACTED PROGRAM.** The public administration major is designated as an impacted program and specific regulations related to admissions are imposed. Consult the department for regulations and admissions criteria.

**Emphasis in City Planning (Major Code: 21021)**

**Preparation for the Major.** Accountancy 201, Economics 101 and 102, Information and Decision Systems 180, Political Science 102, Public Administration 200, and a three-unit course in statistics. (21 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include Public Administration 301, 310, 330, 340, 450, 460, 497 or 498; and Public Administration 320, 420, 525, and two courses selected from Public Administration 341, 350, 510, and 512. A master plan of courses taken to fulfill this emphasis must be approved by a city planning program faculty adviser and filed with the Evaluations Office one semester before graduation.

**Public Administration Minor**

The minor in public administration consists of 24 units to include Political Science 102 and a course in statistics or Information and Decision Systems 180, Public Administration 301, 310 or 312 or 315.

330, 450, and two additional courses with the consent of a public administration adviser. Prerequisites for the minor include Economics 101 and 102.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

### Public Administration Certificate (Imperial Valley Campus)

To receive the certificate a candidate must complete an approved program of 18 units with a minimum grade point average of 2.5. Up to two public administration courses taken at another institution may be included among the required courses with approval of the program adviser.

Requirements include Public Administration 301, 330; three units selected from Public Administration 340, 341, or 450; and nine units in an area of specialization selected with the approval of the adviser.

### Courses

#### LOWER DIVISION COURSE

##### 200. The Urban Scene (3) I, II

Key issues in public administration, criminal justice administration, and city planning. Emphasis on government structure and public decision-making process, organizational behavior, effectiveness of criminal justice policies, zoning, and land use considerations.

#### UPPER DIVISION COURSES (Intended for Undergraduates)

##### 301. Concepts and Issues in Public Administration (3) I, II

Theory and practice of governmental administration in differing environments, role of administrators in public policy, issues facing administrators, techniques of administration.

##### 310. Management of Urban Governments (3) I, II

Problems of local units of government in the urban environment. Organization and function of local agencies. Emphasis on California.

##### 312. Management of State Governments (3) I

Administrative and constitutional problems of state government in the American federal system. Emphasis on California.

##### 315. Management of the Federal Government (3) II

Prerequisite: Public Administration 301.  
Problems in the administration of the federal government. Leadership, specialization, unity of command, and oversight.

##### 320. Introduction to Urban Planning (3) I, II

An introduction to community planning: regional, county, and city. Consideration of the master plan including its purposes, contents, and method of adoption.

##### 330. Public Personnel Administration (3) I, II

Analysis of personnel problems. Supervision and management of public employees and public organizations in an age of change.

##### 340. Administrative Behavior (3) I, II

Social, psychological, and behavioral theories of organization; concepts of administrative leadership; organization and the individual; emphasis on governmental organizations. Not open to students with credit in Management 351 or Psychology 321.

##### 341. Administrative Management (3) I, II

Areas and problems of administrative research. Management and operations in public organizations including forecasting, resource allocation, planning and administration of programs, preparation of administrative reports. Quantitative models of managerial decision making.

##### 350. Contemporary Urban Issues (3)

Focus on urban areas and urbanism from a public policy perspective; course examines and critiques the physical, economic, social and political dimensions of contemporary American cities utilizing a multidisciplinary approach.

##### 420. Methods of Analysis in City Planning (3) II

Prerequisites: Public Administration 320 and basic statistics course.

Methods of primary data collection and analysis of secondary data sources for problem solving in city planning, techniques associated with urban design and urban development.

##### 450. Fiscal and Budgetary Policy (3) I, II

Prerequisites: Public Administration 301, Economics 101 and 102.

Policies of fiscal administration and budgeting; political implications of the governmental budget process; revenue, debt, and treasury management; the functions of accounting and financial reporting.

##### 460. Administration and Public Policy Development (3) I, II

Process of formulating public policy with emphasis on the role of public agencies.

##### 463. Science, Technology and Public Policy (3)

Scientific and technological innovations currently being introduced into public organizations and their impact on the public policy-making process, and effects of government regulations and policy on scientific and technological developments in society.

##### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

##### 497. Investigation and Report (3) I, II

Prerequisite: Consent of instructor.  
Analysis of special topics. Admission by permission of instructor.

##### 498. Internship in Public Administration (2-6) I, II Cr/NC

Prerequisites: Public Administration 301, 341 and all lower division required courses; credit or concurrent registration in Public Administration 330 or 340 and 450; senior standing and a "B" (3.0) average in the major.

Students will be assigned to various government agencies and will work under joint supervision of agency heads and the course instructor. Participation in staff and internship conferences.

##### 499. Special Study (1-3) I, II

Prerequisite: Twelve division units in public administration.  
Individual study. Maximum credit six units.

#### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

##### 510. Intergovernmental Relations in the United States (3) I

Prerequisite: Public Administration 310 or 312 or 315.  
Constitution, political and administrative characteristics of American federalism; including regionalism, interstate compacts, and grants-in-aid.

##### 512. The Metropolitan Area (3)

Prerequisite: Public Administration 310 or 312.  
Problems of government and administration arising from population patterns and physical and social structures of metropolitan areas.

##### 520. Decision Making in the Urban Community (3)

Prerequisite: Public Administration 310.  
Processes of decision making in the management of urban communities.

##### 525. The U.S. City Planning Process (3) I

Prerequisite: Public Administration 320 or graduate standing.  
Description and critique of traditional city planning process; styles and roles of city planner; city planning values and ethics.

##### 530. Negotiation and Bargaining in the Public Service (3)

Prerequisite: Public Administration 301.  
Specific issues such as strategies, the effects of threat, the physical setting, use of a third-party observer and theories of advocacy. Emphasis on analyzing simulations of the bargaining process and developing effective negotiation skills.

##### 531. Governmental Employer-Employee Relations (3)

Prerequisite: Public Administration 330.  
Historical development, legal basis, and organizational implications of governmental employer-employee relations; emphasis on California local government.

##### 540. Public Administrative Systems Analysis (3)

Prerequisites: Public Administration 301 and a statistics course.  
Systems and organization analysis; work standards and units; procedures analysis; administrative planning.

##### 550. Budgetary and Financial Administration in the Public Sector (3) II

Prerequisites: Public Administration 301 and 450.  
Management trends in public sector financial administration; budgetary procedures and techniques; control and monitoring systems. Cash management, capital projects management, debt administration, disbursement, funds management, and auditing.

##### 570. Administrative Law (3)

Prerequisite: Public Administration 301.  
The law of public office and public officers, powers of administrative authorities, scope and limits of administrative powers, remedies against administrative action.

##### 580. Comparative Public Administration (3)

Prerequisite: Public Administration 301.  
Administrative organization and process of selected foreign and American governments. Analysis of the cultural basis of administrative systems.

#### GRADUATE COURSES IN PUBLIC ADMINISTRATION AND URBAN STUDIES and CITY PLANNING Refer to the Graduate Bulletin.

# Recreation

In the College of Professional Studies and Fine Arts

OFFICE: Professional Studies and Fine Arts 431  
TELEPHONE: (619) 594-5110

## Faculty

Emeritus: Hanson  
Chair: Lamke  
Professors: Dixon, Duncan, Dustin, Gattas, Geba, Lamke  
Associate Professors: Hutchinson, Peterson, Rankin  
Assistant Professors: Beck, Namba  
Lecturer: Phillips

## Offered by the Department

Major in recreation administration with the B.A. degree in applied arts and sciences.

Emphasis in outdoor recreation.  
Emphasis in recreation systems management.  
Emphasis in recreation therapy.  
Minor in recreation.

## The Major

A commitment to working with people to enhance the quality of their lives is important to a study of recreation.

Increasingly diverse opportunities are available in the park and recreation profession. The major offers a sufficiently wide range of courses for students who may wish to enter diverse recreation, park, or human services fields.

Students in this major elect one of three areas of emphasis. The outdoor recreation emphasis stresses conservation, natural science, ecology, and recreation administration. Society's efforts to sustain a balance between the environment and recreational use are studied.

Recreation systems management stresses the effective organization, administration and supervision of recreation and park agencies, both public and private.

Recreation therapy prepares students to work with the disabled. It stresses elements of both psychology and social science, as well as recreation leadership skills.

Outdoor recreation graduates serve as naturalists, outdoor education specialists, outdoor recreation planners, park interpreters, and park rangers.

Recreation systems management graduates find employment as administrators and supervisors with public, private or commercial park and recreation agencies. They assume professional positions with youth and family serving agencies, private clubs and condominium associations, a variety of leisure related businesses including tourism agencies, and municipal, county, and state organizations.

Recreation therapy graduates may become therapeutic recreation specialists, registered and certified by the State Board of Personnel. They are employed typically by hospitals, convalescent and rehabilitation centers, and retirement communities.

## Recreation Administration Major

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 21031)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

The major in recreation administration may be planned with an emphasis in one of the following three areas: (1) Outdoor Recreation, (2) Recreation Systems Management, or (3) Recreation Therapy.  
A minor is not required with this major.

## Emphasis in Outdoor Recreation

**Preparation for the Major.** Recreation 101, 107, 204, 205, 264; Biology 100, 100L; Geography 101; Geological Sciences 100, 101; Psychology 101; Sociology 101. (32 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or Recreation 396W with a grade of C (2.0) or better.

**Major.** A minimum of 45 upper division units to include Recreation 351, 464, 482, 485, 486, 498 (6 units), 560, 575; Biology 330; Geography 370, 575; and nine units selected from Biology 358, 454, 520, 523, 524, 525, 544; Geography 572; Geological Sciences 301; History 340; Political Science 334; Psychology 340; Recreation 496, 548, 549, 565.

## Emphasis in Recreation Systems Management

**Preparation for the Major.** Recreation 101, 107, 204, 205, 264; Psychology 101; Sociology 101; nine units selected from Accountancy 201; Economics 101; Finance 140; Information and Decision Systems 180, 290; Marketing 201. (30 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or Recreation 396W with a grade of C (2.0) or better.

**Major.** A minimum of 42 upper division units to include Recreation 351, 464, 498 (12 units), 560, 565; nine units selected from Recreation 340, 460, 470, 475, 482, 485, 548, 549, 575, 580; and nine units from Counselor Education 400; Economics 370; Geography 360; Marketing 370, 371, 373; Psychology 321, 340, 342, 347; Public Administration 301, 340, 350, 460; Sociology 355, 444, 459, 557.

## Emphasis in Recreation Therapy

**Preparation for the Major.** Recreation 101, 107, 204, 205, 264; Biology 150; English 100; Information and Decision Systems 290; Psychology 101; Sociology 101. (31 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or Recreation 396W with a grade of C (2.0) or better.

**Major.** A minimum of 45 upper division units to include Recreation 351, 361, 371, 452, 464, 498 (12 units), 565; Biology 336; and twelve units selected from Counselor Education 400; Drama 310; Psychology 330, 335, 350, 351, 452, 454; Recreation 549, 575, 580; Sociology 436, 441, 443, 444, 527, 528, 543.

## Recreation Minor

The minor in recreation consists of a minimum of 21 units to include Recreation 101, 107, 204, 205, and nine upper division units selected from Recreation 340, 351, 361, 371, 452, 464, 475, 485, 486, 496, 548, 549, 565, 575, 580. Prerequisites to the minor include Psychology 101 and Sociology 101.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

- 101. Introduction to Recreation Systems (3) I, II**  
Basic role of recreation and park systems in today's society. Scope of recreation services, their history, philosophy, facilities, programs, personnel and evaluation.
- 107. Recreation Planning and Leadership (3) I, II**  
Two lectures and three hours of laboratory.  
Theories, principles and techniques of group leadership, group dynamics, communication, problem solving, creativity, program planning, and publicity as they relate to selected recreation systems.
- 204. Challenges of Leisure (3) I, II**  
Prerequisites: Psychology 101 and Sociology 101.  
Study of leisure and its impact on contemporary life; issues affecting recreation in today's urbanized society.
- 205. Wilderness and the Leisure Experience (3) I, II**  
Use and abuse of natural resources for recreational purposes. Firsthand study of the effects of increased leisure on wilderness areas. Field experiences required.
- 284. Supervised Field Work (3) I, II, S Cr/NC**  
Prerequisites: Consent of instructor or department chair; credit or concurrent registration in Recreation 107, and 125 hours experience in recreation leadership.  
Observation and participation in community recreation leadership. Practical experience in a variety of recreational settings. Minimum of one hour per week in class plus eight hours per week at an agency.
- 296. Experimental Topics (1-4)**  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a Bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

- 340. Conduct of Recreational Sports (3) I, II**  
Three lectures plus outside practical experience in the conduct of recreational sports programs.  
Organization of competition, community sports programs, administration of intramural athletics, and techniques of officiating.
- 351. Recreation for Special Populations (3) I, II**  
Analysis of the sociopsychological aspects of special populations and their implications for leisure time pursuits. Field trips may be included.
- 361. Scientific Foundations of Recreation Therapy (3) I, II**  
Prerequisite: Recreation 351 required for recreation majors; open to others with consent of instructor.  
Theoretical principles of therapy and prevention. Survey of medical and psychiatric pathology and terminology.
- 371. Professional Foundations of Recreation Therapy (3) I, II**  
Prerequisite: Recreation 351 required for recreation majors; open to others with consent of instructor.  
Analysis of present-day policies, programs, implementation and future aspects of professional principles of recreation therapy.
- 396W. Writing in Recreation Settings (3)**  
Prerequisites: Satisfies University upper division writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.  
Theory and practice of writing in the field of recreation and parks with application to various settings.

**404. Cross-Cultural Perspectives of Leisure (3) II**

Prerequisite: Recreation 204  
Cultural approach to philosophy and potential of leisure in a world of shifting social patterns. Emphasis on how culture influences leisure values.

**452. Clinical Methodology of Recreation Therapy (3) I, II**

Two lectures and three hours of laboratory.  
Prerequisites: Recreation 351, 361, 371.  
Integration and application of clinical principles and therapeutic procedures. Emphasis on methodological and theoretical constructs of recreation therapy.

**460. Industrial, Corporate, and Military Recreation (3) II**

Prerequisite: Junior standing. Recommended: Recreation 101 and 107.  
Industrial, corporate, and military recreation services with emphasis on organizational patterns including underlying and theoretical concepts, finances, types of programs, specialized administrative skills, and current trends and issues.

**464. Supervision of Recreation and Park Agencies (3) I, II**

Prerequisite: Recreation 107.  
Interagency relations, personnel policies and procedures, volunteer coordination, supervisory techniques, community organization, public relations in public, private and commercial settings.

**470. Recreational Travel and Tourism Management (3)**

Prerequisite recommended: Recreation 101 and 204.  
Tourism management, economics, marketing and development. Recognizing indicators of tourism's recreational, social and cultural impact. Organization of tourism industry and its components.

**475. Commercial Recreation Management (3)**

Analysis of commercial recreation field, including design, development, programming and marketing aspects of various commercial recreation enterprises.

**482. Principles of Outdoor Education (3) II**

Prerequisite: Recreation 101.  
Multisensory methods of incorporating ecological attitudes and concepts in outdoor recreation programs. Awareness of natural environment and application of instructional techniques in outdoor education.

**484. Directed Leadership (3) I, II, S Cr/NC**

One lecture and eight hours of supervised activity.  
Prerequisite: Recreation 284.  
Supervised leadership experience in public and private recreation agencies. Maximum credit six units.

**485. Outdoor Recreation Planning and Policy (3) I, II**

Nature and scope of recreation in nonurban areas. Public demand for recreation and its impact on natural resources. Management, planning, research and operation of regional and national park and recreation areas.

**486. Interpretative Techniques in Outdoor Recreation (3) I, II**

Concepts of interpretation. Role of the interpreter. Designing nature trails, exhibits and centers. Audiovisual aids to interpretation.

**496. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**498. Internship in Recreation Systems (6 or 12) Cr/NC**

Twenty off-campus hours required per week for 6-unit program, or 40 off-campus hours required per week for 12-unit programs.  
Prerequisites: Consent of instructor or department chair, completion of all required lower division recreation courses, and completion of both Standard or Multimedia First Aid certificate and CPR certificate by end of semester.

Students will be assigned to various governmental, commercial, private or medical agencies conducting recreation programs. Variety of experiences in supervision and administration. Maximum credit 12 units.

**499. Special Study (1-3) I, II**

Prerequisite: Consent of special study adviser.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

**548. Aquatic Administration (3)**

Management of swimming pools, beaches, lakes and marinas; safety factors; legal requirements; health standards; facilities and programming.

**549. Camp Administration (3)**

Prerequisite: Recreation 101.  
Operation of resident, day and travel camps. Staff management, health and safety, finances, food services, maintenance, planning and publicity.

**560. Legal and Fiscal Aspects of Parks and Recreation Management (3)**

Prerequisite: Recreation 464.  
Legal obligations and basic principles of fiscal management pertinent to delivery of leisure services. Budgeting, record keeping, liability, open space acquisition and preservation, constitutional guarantees, administrative regulations, contracts, criminal law, and legal research.

**565. Recreation Systems Administration and Research (3) I, II**

Prerequisite: Recreation 464.  
Organizational behavior, planning, policy development, and future trends of recreation systems. Methods of investigation, data analysis and reporting in relation to research needs in recreation, parks, and tourism.

**575. Designing Recreation and Park Areas and Facilities (3) I, II**

Prerequisite: Recreation 101.  
Design principles and concepts applied to planning and development of park and recreation areas and facilities.

**580. Leisure and the Aging Process (3) II**

Concepts of the relationship between leisure and gerontology are examined. Influence of leisure and recreation on work and life satisfaction of older adults.

**GRADUATE COURSES  
Refer to the Graduate Bulletin.**

# Religious Studies

In the College of Arts and Letters

OFFICE: Adams Humanities 4231  
TELEPHONE: (619) 594-5185

**Faculty**

Emeritus: Anderson, Jordan  
Chair: Downing  
Professors: Downing, Friedman, Sparks  
Associate Professors: Hermansen, Holler, Johnson, Khalil  
Assistant Professor: Geftner  
Lecturers: Gillman, Mueller, Nelson, Thomas

**Offered by the Department**

Major in religious studies with the B.A. degree in liberal arts and sciences.  
Minor in religious studies.

**The Major**

Religious studies seeks to explore the role of religion as an important part of human history. It is designed to improve understanding of religion, not to advocate religious belief or any particular religious tradition.

Religious studies students examine the major Eastern and Western religions, their founders and leaders, myths and rituals, theologies, creeds and scriptures, and institutional forms, as well as the relationship between religion and literature, the arts, ethics, science, and psychology.

Career opportunities available to religious studies graduates include positions such as university, college, community college, or secondary school teacher (graduate study and/or teaching credential required); counselor and social worker (graduate study required); religious education director, rabbi, priest, or minister in a church or synagogue setting (graduate training required); religion reporter or editor for a newspaper or magazine; textbook editor. The religious studies program is also a good background for graduate professional programs in such areas as law, business, and foreign service.

**Advising**

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major. Students seeking a minor in religious studies under the *Individualized Program* area must confer with the department adviser in the first semester of their study.

**Religious Studies Major**

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 15101)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."  
A minor is not required with this major.

**Preparation for the Major.** Religious Studies 101, 201; Philosophy 101 or 102. (9 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Religious Studies 396W or, with approval of the department, Anthropology 396W, English 305W, or Sociology 396W with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in religious studies to include either Religious Studies 301 or 305 and at least three units from courses included in each of the three areas listed below, and Religious Studies 498:

*Western Religious Traditions:* Religious Studies 310, 312, 314, 316, 318, 330, 340, 522, 580 (when appropriate), 581 (when appropriate), 596 (when appropriate)

*Eastern Religious Traditions:* Religious Studies 401, 403, 506

*Religion and Culture:* Three units from Religious Studies 350, 353, 354, 360, 363, 365

**Religious Studies Minor**

The minor in religious studies consists of a minimum of 15 units to include at least three lower division units in religious studies, and 12 units from one of the three areas listed below:

*Western Religions:* Religious Studies 301, 305, 310, 312, 314, 316, 318, 330, 340, 522, 580 (when appropriate), 581 (when appropriate), 596 (when appropriate)

*Eastern Religions:* Religious Studies 401, 403, 506, 580 (when appropriate), 581 (when appropriate), 596 (when appropriate)

*Religion and Culture:* Religious Studies 350, 353, 354, 360, 363, 365, 580 (when appropriate), 581 (when appropriate), 596 (when appropriate)

Or *AN INDIVIDUALIZED PROGRAM* of 12 upper division units approved in advance by the department adviser.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

**Courses**

**LOWER DIVISION COURSES**

**101. World Religions (3) I, II**

Major figures, attitudes, and teachings of world religions.

**102. Introduction to Religion (3) I, II**

Nature, meaning, and presuppositions of religious experience.

**201. Ways of Understanding Religion (3)**

Major approaches to study of religious phenomena, and central issues in methodology.

**296. Experimental Topics (1-4)**

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES  
(Intended for Undergraduates)**

**301. Hebrew Scriptures (3) I, II**

Prerequisite: Three units of religious studies.  
Problems of composition and historical significance in the context of religious meanings of the scriptures known to Jews as the Tanakh (the Pentateuch, the Prophets and the Writings) and to Christians as the Old Testament.

**305. The New Testament (3) I, II**

Prerequisite: Three units of religious studies. Prerequisite recommended: Religious Studies 301.  
The problems of composition and historical significance in the context of religious meanings.

**310. Greek and Latin Fathers (3)**

Prerequisite: Three units of religious studies.  
Readings in patristic thought from Ignatius of Antioch through Augustine.

- 312. Russian Orthodox Spirituality (3)**  
Prerequisite: Three units of religious studies.  
Major doctrines, practices and developments in Eastern Christianity with focus on Russian Orthodoxy.
- 314. Medieval Western Christianity (3)**  
Prerequisite: Three units of religious studies.  
Readings in source materials illustrative of the doctrinal and institutional development of the Western Church during the medieval period to early stages of the Reformation.
- 316. The Reformation and Beginnings of Modern Christianity (3)**  
Prerequisite: Three units of religious studies.  
Readings in source materials illustrative of the doctrinal and institutional development of the Western Church during the Reformation and the Enlightenment.
- 318. Modern Religious Thought in the West (3)**  
Prerequisite: Three units of religious studies.  
Selected issues in religious thought in Europe and America during the nineteenth and twentieth centuries.
- 330. Topics in Judaism (3)**  
Prerequisite: Three units of religious studies.  
Selected topics such as early Hebrew religion, the Talmudic period, medieval religious thought, mysticism, modern Judaism from the emancipation to the Holocaust, contemporary thought. May be repeated with different content. See Class Schedule for specific content. Maximum credit six units.
- 340. Islam (3)**  
Prerequisite: Three units of religious studies.  
Major doctrines, practices and developments from the time of Mohammed to the present.
- 350. Dynamics of Religious Experience (3)**  
Prerequisite: Three units of religious studies.  
Chief data and major approaches in the study of individuals' religious behavior and experiences. Special attention to relevant problems in world religions and philosophical views of man.
- 353. The Human Dimension of Religion and Psychology (3) II**  
Prerequisite: Three units of religious studies.  
The meeting of religion and psychology. Selected religious thinkers and selected psychologists and personality theorists from the psychoanalytic, behavioral and humanist traditions. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units of which three units may be applicable to General Education.
- 354. Religion and Society (3)**  
Prerequisite: Three units of religious studies.  
Theological and religious interpretations of the social dimension of human existence. Critique of social science inquiry into traditional and contemporary forms of religious life.
- 360. Religion, Literature, and the Arts (3)**  
Prerequisite: Three units of religious studies.  
The relations between religion, literature, and the arts in major cultural traditions.
- 363. Religion and the Sciences (3)**  
Prerequisite: Three units of religious studies.  
Relation of the natural sciences to religious questions of nature, humanity, and destiny.
- 365. Religion and Ethics (3) I**  
Prerequisite: Three units of religious studies.  
Values, morality, and responsibility, from religious perspectives. Application to contemporary moral issues.
- 396W. Writing/Research Methods (1) II Cr/NC**  
Prerequisites: Six upper division units in religious studies. Must be taken concurrently with an upper division course in religious studies. Satisfies University upper division writing requirement for students who have completed 60 units, fulfilled the Writing Competency require-

ment, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores of verification of exemption; grade report or copy of transcript.

- Research and writing in field of religious studies.
- 401. Religions of India (3)**  
Prerequisite: Three units of religious studies.  
Phenomenological studies in the major religious traditions of India, especially Hinduism and Buddhism.
- 403. Religions of the Far East (3)**  
Prerequisite: Three units of religious studies.  
Phenomenological studies in the major religious traditions of east Asia, especially China and Japan.
- 480. Ways of Spiritual Transformation (3)**  
Doctrines and practices of metaphysical self-transformation; studies in readings selected from various world religions.
- 496. Experimental Topics (1-4)**  
Prerequisite: Three units of religious studies.  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.
- 498. Senior Project (3) I**  
Prerequisites: Religious Studies 396W, twelve upper division units in religious studies, and consent of instructor.  
Seminar workshop and project in the comparative study of religious practices, doctrines, themes (such as religious ethics, mysticism), phenomenological studies in religions, etc.
- 499. Special Study (1-3) I, II**  
Prerequisite: Twelve upper division units in religious studies.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)**

- 506. Spiritual Traditions of India (3)**  
Prerequisite: Three units of religious studies.  
India's religious and philosophical modes of thought; reading and analysis of primary texts in translation.
- 522. Religion in America (3)**  
Prerequisite: Three units of religious studies.  
Selected topics in religion in America, such as Deism, transcendentalism, pragmatism, church-state relations, Jewish identity, etc. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.
- 580. A Major Figure (3) I, II**  
Prerequisite: Three units of religious studies.  
Life, works and significance of one major figure in a religious tradition. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.
- 581. A Metaphysical Doctrine (3) I, II**  
Prerequisite: Three units of religious studies.  
Systematic study of a selected theme or problem basic to the teachings of one of the major religious traditions. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.
- 596. Advanced Topics in Religious Studies (1-3)**  
Prerequisite: Consent of instructor.  
Advanced selected topics in religious studies. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES

# Russian

In the College of Arts and Letters

OFFICE: Library East 468B  
TELEPHONE: (619) 594-6313

## Faculty

Emeritus: Dukas  
Chair: Wulbern  
Professors: Fetzer, Kozlik  
Lecturer: Shapovalov

## Offered by the Department of German and Russian Languages and Literatures

Master of Arts degree in Russian.  
Major in Russian with the B.A. degree in liberal arts and sciences.  
Teaching major in Russian for the single subject teaching credential in foreign languages.  
Minor in Russian.

## The Major

Russian is one of the most widely used languages in the world today. About one-third of all scientific articles are published in Russian. Some of the world's great literature has been produced by Russian writers such as Tolstoy, Chekhov, and Solzhenitsyn. The political impact of the Soviet Union is felt internationally. Knowledge of Russian will provide students with a better understanding of one of the world's important and influential countries.

The Russian program offers a wide range of courses, including specialized courses in literature and linguistics. This major is useful preparation for graduate programs in international trade, international law, librarianship, public administration, and journalism. For students interested in pursuing further studies in the Russian language, a Master of Arts degree is offered. This program requires intensive scholarly investigation and may prepare students for careers in which fluency in Russian is essential.

Knowledge of Russian, particularly when combined with business-related courses, is becoming a valuable asset. Many American firms have opened offices in Moscow and Leningrad, and the volume of American trade with the Soviet Union has been growing at a rapid pace. As a result, there are indications of an expanding interest in Russian graduates by American business organizations with employment possibilities in the United States and the Soviet Union.

Other career possibilities include Russian specialists, generally employed by the federal government; high school teachers; librarians; translators; and interpreters.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Russian Major

**With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 11061)**

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Students majoring in Russian must complete a minor in another field to be approved by the departmental adviser in Russian.

**Preparation for the Major.** Russian 100A, 100B, 200A, 200B, 211, and 212. (24 units)

**Foreign Language Requirement.** The foreign language requirement for graduation is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in Russian to include Russian 301, 302, 305A-305B; and 12 units in 500-level courses in Russian.

## Russian Major

**For the Single Subject Teaching Credential in Foreign Languages  
With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 11061)**

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in liberal arts and sciences. A minor in another field approved by the departmental adviser in Russian is required for the degree.

**Preparation for the Major.** Russian 100A, 100B, 200A, 200B, 211, and 212. (24 units)

**Foreign Language Requirement.** The foreign language requirement for graduation is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units in Russian to include 301, 302, 305A-305B, 430, 580, 581; and nine upper division units in Russian.

**Proficiency Examination.** Before taking a student teaching assignment in Russian, the candidate for the credential may be required to pass an oral and written proficiency examination in the language, administered by the Department of German and Russian Languages and Literatures. The candidate must consult with the chair of the Department of German and Russian Languages and Literatures concerning this examination.

## Russian Minor

The minor in Russian consists of a minimum of 16 units in Russian to include Russian 200B and six units of upper division courses in Russian.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences

Students electing the study of Russian to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete Russian 200A or the equivalent level of achievement. The usual sequence of coursework is Russian 100A, 100B, and 200A. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

## High School Equivalents

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:

1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.

2. The first **three years** of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five years separate the last high school course and the first college course.

3. **Four years** of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

## Courses

### LOWER DIVISION COURSES

Native speakers of Russian will not receive credit for taking lower division courses in Russian except with advance approval from the department.

**All lower division courses in Russian are taught in Russian.**

No credit will be given for Russian 100A, 100B, 200A, 200B, 301, 302 taken out of sequence.

#### 100A. First Course in Russian (5) I

Pronunciation, oral practice, reading, essentials of grammar. Not open to students who have completed three years of high school Russian unless the third course was completed five or more years ago. (Formerly numbered Russian 101.)

#### 100B. Second Course in Russian (5) II

Prerequisite: Russian 100A or two years of high school Russian. Continuation of Russian 100A. Not open to students who have completed four years of high school Russian unless the fourth course was completed five or more years ago. (Formerly numbered Russian 102.)

#### 200A. Third Course in Russian (5) I

Prerequisite: Russian 100B or three years of high school Russian. Practical application and review of the basic principles of Russian. Oral practice, reading of cultural material in Russian. (Formerly numbered Russian 201.)

#### 200B. Fourth Course in Russian (5) II

Prerequisite: Russian 200A. Continuation of Russian 200A. (Formerly numbered Russian 202.)

#### 211. Conversation (2) I

Prerequisite: Russian 100B or three years of high school Russian. Practice in the spoken language with emphasis on the articulation of Russian sounds; practical vocabulary; conversation on everyday cultural topics.

#### 212. Conversation (2) II

Prerequisite: Russian 200A or 211, or four years of high school Russian. Continuation of Russian 211.

## UPPER DIVISION COURSES

(Intended for Undergraduates)

**All upper division courses in Russian are taught in Russian unless otherwise stated.**

#### 301. Advanced Grammar and Composition (3)

Prerequisites: Russian 200B and 212. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Advanced grammar and stylistics; intensive writing practice; reports based on outside reading.

#### 302. Advanced Grammar and Composition (3)

Prerequisites: Russian 200B and 212. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Advanced grammar and stylistics; intensive writing practice; reports based on outside reading.

#### 305A-305B. Survey of Russian Literature (3-3)

Russian literature from its beginnings, with emphasis on nineteenth and twentieth centuries. Taught in English with readings in English.

#### 430. Russian Civilization (3) I, II

Prerequisites: Russian 200B and 212. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Development of Russian culture; emphasis on painting, music, architecture, and literature within a social context.

#### 499. Special Study (1-3) I, II

Prerequisites: Fifteen upper division units in the major with an average of B (3.0) or better and consent of instructor. **Proof of completion of prerequisites required:** Grade report or copy of transcript. Individual study. Maximum credit six units.

## UPPER DIVISION COURSES

(Also Acceptable for Advanced Degrees)

#### 501. Translation (3)

Prerequisite: Russian 302. Comparison of Russian and English through translation of a variety of texts from Russian to English and from English to Russian.

#### 555. Russian Short Story, Drama and Poetry of the Nineteenth Century (3)

Prerequisites: Russian 200B and 212. Development of the Russian short story, drama and poetry of the nineteenth century.

#### 561. Russian Novel of the Nineteenth Century (3)

Prerequisites: Russian 200B and 212. Development of the Russian novel of the nineteenth century.

#### 563. Russian Literature of the Twentieth Century (3)

Prerequisites: Russian 200B and 212. Poetry, prose and drama of the twentieth century.

#### 580. Russian Syntax and Stylistics (3)

Prerequisites: Russian 301 and 302. **Proof of completion of prerequisites required:** Grade report or copy of transcript. The structure of contemporary Russian.

#### 581. Russian Phonetics and Morphology (3)

Prerequisites: Russian 200B and 212. **Proof of completion of prerequisites required:** Grade report or copy of transcript. The sounds and forms of contemporary Russian.

#### 596. Topics in Russian Studies (3) I, II

Prerequisite: Russian 302 (for linguistic topics) or Russian 305B (for literary topics). **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Topics in Russian language, literature, or linguistics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

## GRADUATE COURSES

Refer to the Graduate Bulletin.

# Social Science

In the College of Arts and Letters

OFFICE: Adams Humanities 4192  
TELEPHONE: (619) 594-6344

## Faculty

Social Science is administered through the Social Science Committee.

Coordinator: O'Brien (History)

## The Major

Social science is a multidisciplinary program, encompassing the faculties and courses of twelve departments—Anthropology, Economics, Geography, History, Political Science, Sociology, Afro-American Studies, American Indian Studies, Mexican American Studies, Psychology, Religious Studies, and Women's Studies. The major aims are to promote an appreciation for the interrelatedness of these disciplines by exposing students to their varied methodologies. This program, therefore, is especially appropriate for students who wish to be liberally educated in a broad spectrum of understandings, insights, and appreciations. Students may devise their own focus or select either the emphasis outlined in Africa and the Middle East or in Environment.

The social science major is appropriate for many beginning positions in government and, when supplemented with a business administration minor, for careers in business. For students who continue in graduate study after receiving their bachelor's degrees, it is an excellent preparation for graduate and professional programs in law, social work, public administration, librarianship, counseling, business, and the ministry. Students who complete the Single Subject Teaching Credential in Social Science are prepared to teach world history, United States history, geography, government, and economics in high school.

The social science major with an emphasis in environment provides an opportunity for the student to gain an interdisciplinary perspective on some of the major quality of life, public health, and natural resource conservation problems facing the world today. The course offerings available in the emphasis will provide a basic understanding of the nature of the problems, as well as give more specific insights into such practical aspects as the economics and politics associated with these environmental challenges. The large range of courses from which students may choose allows them latitude to pursue their individual interests.

Students selecting the emphasis in environment will be prepared to pursue careers in a wide variety of fields associated with natural resource management, such as county, state, or federal agencies that manage parks, recreation areas, or other public lands. Entry-level jobs with planning or consulting firms are other possibilities. The emphasis will also provide students with a broad background that will be useful in a variety of graduate programs dealing with the natural environment or with natural resource conservation.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Social Science Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22011)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

**Preparation for the Major.** Three units of statistics selected from Economics 201, Mathematics 250, Political Science 201, Psychology 270, or Sociology 201. A six-unit sequence in each of three of the following departments selected from: (1) Anthropology 101, 102; (2) Economics 100, 101, 102; (3) Geography 101, 102; (4) History 105, 106, 110A-110B, 115A-115B; (5) Mexican American Studies 110A-110B, 120A-120B; (6) Political Science 101, 102, 103; (7) Sociology 101, 150. Statistics courses taken in a social science department may not be used in fulfillment of that department's six-unit sequence. (21 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements." Spanish is recommended for those planning to work in this part of the United States.

**Upper Division Writing Requirement.** Passing the University Writing Examination or Anthropology 396W or Sociology 396W with a grade of C (2.0) or better.

**Major.** A minimum of 33 upper division units to include a 15-unit specialization in one department and the remaining 18 units from among three additional departments. Students may specialize in anthropology, economics, geography, history, political science, sociology, or, under certain conditions listed below, Mexican American studies. The remaining 18 units must be taken from three separate departments other than the department of specialization. Students who specialize in anthropology, economics, geography, history, political science or sociology may take a maximum of six units in Afro-American studies or American Indian studies or Mexican American studies or religious studies or psychology or women's studies from courses listed below.

Students specializing in Mexican American studies must select courses from Mexican American Studies 301, 303, 320, 350A-350B, 480, 481.

Students with a 15-unit specialization in Mexican American studies must take the remaining 12 lower division units and 18 upper division units in anthropology, economics, geography, history, political science, or sociology.

Only students with a specialization in anthropology, economics, geography, history, political science or sociology may take a maximum of six units in the major from Afro-American studies or American Indian studies or Mexican American studies or psychology or religious studies or women's studies. These six units can only be selected from the following courses:

Afro-American Studies 331, 380, 445, 470, 471A-471B,  
American Indian Studies 303, 400, 440, 450, 460,  
Mexican American Studies 301, 303, 320, 350A-350B, 480, 481,  
Psychology 320, 321, 322, 330, 340, 342, 347, 350, 351, 452, 453,  
454, 455,  
Religious Studies 301, 305, 314, 316, 318, 340, 353, 363, 365, 401,  
403,  
Women's Studies 310, 320, 325, 330, 340, 341A-341B, 360, 370, 375,  
390, 580.

### Emphasis in Africa and the Middle East

The adviser for this emphasis is Dr. Issa J. Khalil, Department of Religious Studies.

**Preparation for the Major.** History 100, 101, and six units selected from Anthropology 101, 102; Comparative Literature 270A, 270B; Economics 101, 102; Geography 101, 102. (12 units)

Students should note that a number of the upper division required and recommended courses listed below have lower division prerequisites, but these prerequisites do not constitute requirements per se for the completion of the major.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Students are encouraged to meet the foreign language competency requirement for the Social Science major by taking a language appropriate to their interests in African or Middle Eastern studies. Refer to the section of this catalog on "Graduation Requirements."

A minor is not required with the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or Anthropology 396W or Sociology 396W with a grade of C (2.0) or better.

**Major.** A minimum of 33 upper division units, selected with the consent of the adviser, to include at least 15 units in anthropology, economics, geography, history, political science or religious studies, or a combination of 15 units in art, comparative literature, humanities, and religious studies.

**Required courses:** Anthropology 449 or 474; Geography 335; Humanities 457 or 458; six units from History 473A, 473B, 475A, 475B, and 574; and Political Science 363 or 364. In addition, the following courses are recommended: Anthropology 350, 424, 529; Art 365, 569; Economics 365, 489; Political Science 361, 381; Religious Studies 340.

### Emphasis in Environment

The adviser for this emphasis is Dr. Philip R. Pryde, Department of Geography.

**Preparation for the Major.** Biology 100 and 100L; a six-unit sequence in each of three of the following fields: (1) anthropology, (2) economics, (3) geography, (4) history, (5) political science, and (6) sociology. (22 units)

Courses recommended for these sequences are as follows: Anthropology 101 and 102, Economics 101 and 102, Geography 101 and 102, History 105, 106, or 110A-110B or 115A-115B, Political Science 101 and 102, Sociology 101 and 150. Additional recommended courses include Biology 140 and Geological Sciences 100 and 101.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or Anthropology 396W or Sociology 396W with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units to include nine units selected from Economics 452 or 453, Geography 370 or 378, Political Science 334 or 335, and three additional units from this list; and 18 units from at least three departments selected from Economics 452, 453, 454, 458, 555; Geography 354, 370, 378, 572, 573, 574, 575, 576; History 340, 540; Political Science 334, 335; Sociology 350, 459, 557. Recommended: Biology 454, 544; Geological Sciences 303; Physics 301.

### Social Science Major

**For the Single Subject Teaching Credential  
With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22011)**

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education. This major may be used by students in teacher education as an undergraduate major for the A.B. degree in liberal arts and sciences.

**Preparation for the Major.** Thirty units distributed as follows: Economics 101, 102; Geography 101, 102; History 100-101 or 105-106, and 110A-110B; Political Science 101 and 102. (30 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements." Spanish is recommended for those planning to work in this part of the United States.

**Upper Division Writing Requirement.** Passing the University Writing Examination or Anthropology 396W or History 430W or Sociology 396W with a grade of C (2.0) or better.

**Major.** A minimum of 33 upper division units distributed as follows: Six units from either history or political science selected from History 410A-410B, 442A-442B, 544A-544B, 545A-545B, 546A-546B, 547A-547B, 548A-548B; or from Political Science 305, 306, 320, 325, 338, 345, 347A-347B, 348, 530, 531, 536, 537.

Nine units selected from History 305A-305B, 407A-407B, 415A-415B, 420, 421, 440, 473A-473B, 475A-475B, 551A-551B; Political Science 301A-301B, 302, 356, 358, 359, 361, 363, 364, 375, 378, 381, 566, 568. At least three units must be taken from each department.

Three units of geography selected from Geography 312, 321, 350, 354, 357, 370.

Six units of history selected from History 541A-541B.

Three units of Afro-American studies, American Indian studies, Mexican American studies, or women's studies selected from Afro-American Studies 470, 471A-471B; American Indian Studies 400, 420, 440; Mexican American Studies 301, 350A-350B; Women's Studies 310, 340, 341A-341B, 375.

Three units of economics selected from Economics 330, 338, or 490.

Three units of anthropology, psychology, or sociology selected from Anthropology 350, 410, 432, 529; Psychology 330, 340, 347, 350, 351, 455; Sociology 350, 355, 400, 421, 430, 433, 444, 450, 457, 522, 557.

### Quantitative Analysis in the Social Sciences Certificate

The Director of the Social Science Research Laboratory is coordinator for this program. The purpose of this certificate program is to prepare students to be able to carry out social science work which is often required in public agencies and the private sector. Students must apply for admission to certificate program before the completion of nine units.

The certificate requires fifteen units, nine to twelve of which must be upper division, as follows: three units selected from Economics 201, Political Science 201, Sociology 201; three units selected from Computer Science 107 or three one-unit sections of Social Science 201; six units selected from Economics 441\*, Geography 585\*, Political Science 515A\*, Sociology 407\*; three units selected from among the four upper division courses listed above or from Geography 582, Political Science 325, Sociology 505. The nine upper division units must include work from three different departments. Three to six units of equivalent courses may be accepted with the approval of the certificate coordinator. Courses in the certificate may not be counted toward the major or minor.

\* Additional prerequisites required for these courses.

### Courses

#### LOWER DIVISION COURSES

#### 201A. Statistical Computer Package: SPSS<sup>®</sup> (1) I, II Cr/NC

Eleven hours of supervised laboratory instruction and nineteen hours of supervised technical activity.

Prerequisite: Credit or concurrent registration in an elementary statistics course.

Organization and modification of numerical data for computer analysis. Use of selected statistical procedures from the Statistical Package for the Social Sciences (SPSS<sup>®</sup>) including frequency distributions, crosstabulation, t-tests, correlation and regression. Maximum combined credit of three units of Social Science 201A, 201B, 201C, 201D applicable to a bachelor's degree.

#### 201B. Statistical Computer Package: BMDP (1) I, II Cr/NC

Eleven hours of supervised laboratory instruction and nineteen hours of supervised technical activity.

Prerequisite: Credit or concurrent registration in an elementary statistics course.

Organization and modification of numerical data for computer analysis. Use of selected statistical procedures from the Biomedical Computer Programs (BMDP) including data description, t-tests, multi-way frequency tables, multiple linear regression, analysis of variance and covariance, and nonparametric procedures. Maximum combined credit of three units of Social Science 201A, 201B, 201C, 201D applicable to a bachelor's degree.

#### 201C. Statistical Computer Package: TSP (1) I, II Cr/NC

Eleven hours of supervised laboratory instruction and nineteen hours of supervised technical activity.

Prerequisite: Credit or concurrent registration in Economics 441.

Organization and modification of numerical data for computer analysis. Use of selected statistical procedures from the Times Series Processor (TSP) computer program including ordinary least squares regression, residual analysis, autocorrelation correction, correction for heteroskedasticity and two stage least squares regression. Maximum combined credit of three units of Social Science 201A, 201B, 201C, 201D applicable to a bachelor's degree.

#### 201D. Statistical Computer Package: SAS (1) I, II Cr/NC

Eleven hours of supervised laboratory instruction and nineteen hours of supervised technical activity.

Prerequisite: Credit or concurrent registration in an elementary statistics course.

Organization and modification of numerical data for computer analysis. Use of selected statistical procedures from the SAS computer program including frequency distributions, crosstabulation, correlation, regression, analysis of variance, t-tests, and nonparametric procedures. Maximum combined credit of three units of Social Science 201A, 201B, 201C, 201D applicable to a bachelor's degree.

#### GRADUATE COURSES

Refer to the Graduate Bulletin.

# Social Work

In the College of Health and Human Services

OFFICE: Hepner Hall 119  
TELEPHONE: (619) 594-6865

The undergraduate and graduate programs of the School of Social Work are accredited by the Commission on Accreditation of the Council on Social Work Education.

## Faculty

Emeritus: Baily, Brennen, Clary, Cohen, Guidry, Haworth, Herman, Ishikawa, Kahn, Kukkonen, Lee, Maxwell, Morgan, Ontell, Reichert, Riehlman, Sardinias, Stumpf, Watson  
Director: Harbert  
Associate Director: Siman  
Professors: Butler, Davis, Dean, Griffin, Harbert, Kelley, Roberts-DeGennaro, Schmidt, Stanford, Valle, Zuniga  
Associate Professors: Ellis, Hall, Harris, Pritchard, Rumelhart, Siman, Stoesz  
Assistant Professors: Ajemian, Jones, Lockery, Raymer, Sucato  
Lecturers: Packard, Walden-O'Cull

## Offered by the School of Social Work

Master of Social Work degree.  
Major in social work with the B.A. degree in liberal arts and sciences.  
Major in social work with the B.A. degree in applied arts and sciences.  
Minor in social work.  
Human services paraprofessional certificate.

## The Major

The profession of social work is deeply committed to the relief of human distress and inequality, and to the assistance of people in the meeting of their social, psychological, and economic needs. The objective of the School of Social Work is to assist students in acquiring the essential knowledge, philosophy, and basic skills required for beginning professional social work practice; namely, to develop a philosophy which recognizes individual human welfare as the purpose and goal of social policy, to develop an awareness and understanding of human behavior, to attain a level of competence in practice methods and skills, to acquire knowledge in methods of research in social work, and to accept responsibility for continued development of competence in their practice after they have completed their academic education.

The social work major is designed to apply to a wide variety of social work practice settings. Preparatory coursework for the major includes a basis in the liberal arts and sciences. The upper division curriculum is intensive, encompassing coursework in cultural pluralism, human behavior, social policy and program evaluation, social work practice, and social work research. Required field experience is an integral part of the program.

The B.A. degree prepares students for immediate employment in those social work positions which do not require graduate level preparation, as well as providing the foundation for graduate study.

## Social Work Major

With the B.A. Degree in Liberal Arts and Sciences or in Applied Arts and Sciences (Major Code: 21041)

All candidates for a degree in liberal arts and sciences or in applied arts and sciences must complete the graduation requirements listed in the section of this catalog entitled "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Social Work 110, 120, 130; Biology 100; Economics 100; Health Science 101; Psychology 101; Sociology 101; Psychology 270 or Sociology 201 or Mathematics 250. (27 units)

**Foreign Language Requirement for Liberal Arts and Sciences only.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 42 upper division units, in a prescribed pattern to include Social Work 350, 360, 370A-370B, 381, 483A-483B, 489A (6 units), 489B (6 units), 491, and six units of upper division electives in social work. Students in the liberal arts and sciences major must select with the approval of the adviser three of the six units of electives outside of social work.

**Recommended Course Sequence:** Below is the recommended course sequence in the major. Students who cannot follow this sequence may have problems in completing the major and they should consult the program adviser.

JUNIOR YEAR		SENIOR YEAR	
SW 360	SW 350	SW 483A	SW 483B
SW 370A	SW 370B	SW 489A	SW 489B
SW 381	Elective	SW 491	Elective

## Social Work Minor

The minor in social work consists of 24 units to include Social Work 110, 120; Psychology 101; Sociology 101; and Social Work 360, 370A, 381, and three units of electives in social work.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Human Services Paraprofessional Certificate

This certificate is designed primarily for ex-offenders and ex-substance abusers who seek paraprofessional positions in human services. A certificate in paraprofessional human services may be sought by ex-offenders and ex-substance abusers who:

(a) do not meet the prerequisite requirements for a major in social work for the B.A. degree, but who are interested in pursuing a paraprofessional career in human services; (b) are not interested in or able to complete non-professional offerings which are part of the regular degree program; (c) have already earned a bachelor's degree and are not interested in a second degree.

Students are admitted to the certificate program as regular students of San Diego State University. Students must apply to the program as well as to the university. Candidacy for the certificate program will be established by the undergraduate social work program adviser.

Awarding of the certificate requires completion of an approved pattern of ten courses (30 units) with a minimum grade point average

of 2.0, to include Social Work 350, 360, 370A\*, 381, 382, 489A\*, 489B\* (3 units); Health Science 331, 574; Philosophy 101. Course offerings under this program may only be taken in the on-campus program. Fifteen units in the certificate program may be counted toward the major in Social Work, but may not be counted toward the minor. For further information, consult the undergraduate social work program adviser.

\* Prerequisites waived for these courses.

## Courses

### LOWER DIVISION COURSES

#### 110. Human Societies and Social Problems (3) I, II

Perspectives on problems of human societies and their relation to contemporary social problems and issues. Emphasis on distributive problems and forms of stratification.

#### 120. Explorations in Human Services (3) I, II

Two lectures and three hours of fieldwork. Orientation to the field of social welfare. Readings, class discussions and participation in social work activities on campus and in the community. Work as a volunteer in the agency is required in a variety of field settings. Scheduling is flexible.

#### 130. Marriage and Contemporary Human Relations (3) I, II

Developing understanding and ability to evaluate various concepts, attitudes and value systems as they relate to marriage and other contemporary human relationships. Assist students in acquiring abilities to develop and sustain interpersonal relationships.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 350. Cultural Pluralism (3) I, II

Understanding of the American society as a culturally pluralistic social process and an understanding of social work as a culturally directed profession with emphasis on the concept of cultural identities created by one's values, ideologies, knowledge and behavior.

#### 351. Perspectives on Life in Urban Communities (3) I, II

Characteristics and processes of contemporary urban communities as they shape the lifestyles of people. Urban communities examined in terms of their functional and dysfunctional capacities for meeting human needs.

#### 360. Perspectives on Human Behavior and the Social Environment (3) I, II

Prerequisite: Completion of General Education requirement in Foundations. Interdisciplinary, comparative, and critical approach to explanatory theories of human behavior. Focus on interrelatedness of factors that affect the nature and quality of human life with linkage to the social welfare of individuals, families and communities.

#### 370A. Social Policies and Social Issues (3) I, II

Prerequisites: Social Work 110 and 120. Major social forces and institutions as they relate to and determine social policy emphasizing social welfare services in an industrialized society.

#### 370B. Social Provision and Program Evaluation (3) I, II

Prerequisite: Social Work 370A. Issues and dilemmas related to the provision of social services, and analysis of social programs. Evaluating effectiveness and efficiency of social service programs and social work services.

#### 381. Seminar in Basic Skills in Social Work Practice (3) I, II

Prerequisite: Junior standing. Helping skills in social work practice make use of assessment and interviewing theory. Addresses written, verbal interpersonal skills with individuals, small groups and communities with regard to assessment in social work practice.

#### 382. Seminar in Intermediate Skill Development for Social Workers (3) I, II

Prerequisite: Social Work 381. Students are expected to participate in simulation of social work practice situations, activities and skills. Presentation of research and theory will be interwoven with structured classroom experiences.

#### 400. Social Work Practice: Child Welfare (3) I, II

Prerequisite: Social Work 370A. Problems of children and supportive, supplementary and substitute social services which have been developed to meet these needs.

#### 410. Social Work Practice: Family Issues (3) I, II

Prerequisite: Social Work 370A. Issues relative to social work intervention with families, including major social work and interpersonal family problem situations. Family practice methods and social service provisions, and social policy issues around family needs.

#### 420. Aging and the Social Services (3) I, II

Prerequisite: Social Work 370A. Contemporary status, social problems and needs, and developmental theories of the elderly population. Social services delivery system which serves the elderly.

#### 483A-483B. Integrating Seminar (3-3) I, II

Prerequisites: Social Work 370B and a 2.0 grade point average in all junior level social work courses required in the major; concurrent registration in Social Work 489A for 483A; concurrent registration in Social Work 489B for 483B.

The integration of social work theory, principles and practice techniques.

#### 489A-489B. Field Experience in Social Work (3-9, 3-9) I, II

Prerequisites: Completion of all 300-level social work courses with a minimum 2.0 grade point average; concurrent registration in Social Work 483A for 489A; concurrent registration in Social Work 483B for 489B; arrangements made during prior semester with coordinator of field instruction.

A minimum of 12 units (6 in Social Work 489A and 6 in Social Work 489B) is required. Students spend 16 hours per week per semester in practice field assignments in selected social work agencies or settings.

#### 491. Methods of Social Work Research (3) I, II

Prerequisite: Social Work 370B. Definition and purpose of research in social welfare and social work. Formulation of research problems, selecting a design and methodology; techniques of collecting, organizing, interpreting and analyzing data.

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 497. Investigation and Report (3) I, II

Prerequisite: Consent of instructor. Analysis of special topics in social welfare.

#### 499. Special Study (1-3) I, II Cr/NC

Prerequisite: Consent of instructor. Individual study. Maximum credit six units.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

**540. Seminar in Social Effects of the Legal Process (3)**

Prerequisite: Upper division, undergraduate social work major; or classified graduate standing in the School of Social Work; or classified graduate standing or unclassified standing with consent of the director.

Structure and functions of law as it bears upon such groups as defendants in criminal prosecutions, recipients of welfare programs, conservatees in mental health hearings, children in juvenile court dependency proceedings. The legal conflicts social workers may encounter between their ethics and their duties to clients and agency.

**596. Experimental Topics (1-4)**

Selected topics in social work. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Sociology

In the College of Arts and Letters

OFFICE: Nasatir Hall 203  
TELEPHONE: (619) 594-5449

**Faculty**

Emeritus: Bloomberg, Daniels, DeLora, Gillette, Johnson, Kirby, Klapp, Milne, Somerville, Sorensen, Stephenson, Wendling

Chair: Hohm

Professors: Cottrell, El-Assal, Hohm, Hough, Kolody, Mouratides, Preston, Rumbaut, Sanders, Sandlin, Schulze, Weeks, Winslow, Wood

Associate Professors: Buck, Chandler, Emerick, Gay, Ima, Kennedy, Kirkpatrick, Scheck, Werner

Lecturers: Baker, Clanton, Eaton

**Offered by the Department**

Master of Arts degree in sociology.

Major in sociology with the B.A. degree in liberal arts and sciences.

Minor in sociology.

**The Major**

Sociology is the scientific study of social life and the social causes and consequences of human behavior. Sociology's subject matter ranges from the intimate family to the hostile mob, from crime to religion, from the divisions of race and social class to the shared beliefs of a common culture, from the sociology of work to the sociology of sport. In fact, few fields have such broad scope and relevance.

Sociology seeks to understand the interaction of individuals with institutions and social organizations in which we are inextricably involved, and the norms, values, beliefs, and traditions that make social life possible and meaningful.

The Department of Sociology offers its majors a field internship program, which allows students to gain hands-on experience selected from a wide variety of community agencies and private business organizations. Many students have found permanent employment through their internships.

Employment opportunities for individuals with B.A. degrees in sociology are, as for all liberal arts graduates, quite varied. Many students work for various private and public agencies; some go on to graduate work in sociology; others go on to other graduate programs such as law, medicine, and social work. Sociologists with M.A. and Ph.D. degrees are generally employed at colleges and universities or government agencies. However, a growing number of sociologists with graduate degrees are being employed by private businesses.

**Advising**

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

**Sociology Major**

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 22081)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Students majoring in sociology must complete a minor in another field.

**Preparation for the Major.** Sociology 101, 150, 201. (9 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of

college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Writing Examination or Sociology 396W with a grade of C (2.0) or better.

**Major.** Students may elect to major in one of two tracks: (a) General Sociology or (b) Applied Social Research. The latter provides a more rigorous preparation in sociological research methods and students completing this course of study receive a special certificate at graduation. Within these two tracks, upper division course requirements for the sociology major are as follows:

**(a) General Sociology**

A minimum of 27 upper division units in sociology to include six units of electives, plus:

Three units from *each* of the following areas:

*Methods:* Sociology 406, 407, 408.

*Social Psychology:* Sociology 310, 410, 412, or 517.

*Theory:* Sociology 400, 401, or 403.

Twelve units from *one* of the following areas:

*Family, Sexuality, and the Life Cycle:* Sociology 320, 420, 421, 522, 527, 528.

*Social Change:* Sociology 350, 351, 355, 450, 455, 456, 457, 459, 555, 556, 557.

*Social Control:* Sociology 441, 443, 444, 445, 543.

*Social Organization:* Sociology 335, 338, 430, 431, 433, 436, 531, 537, 539.

No more than three units of Sociology 499 or 597 and six units of Sociology 496 or 596 may be applied toward the General Sociology track.

**(b) Applied Social Research**

A minimum of 27 upper division units in sociology to include Sociology 406, 407, 408, and 505 (12 units), plus:

Three units from *each* of the following areas:

*Internship:* Sociology 480.

*Social Psychology:* Sociology 310, 410, 412, or 517.

*Theory:* Sociology 400, 401, or 403.

Six units of electives excluding Sociology 499 or Sociology 597.

**Sociology Minor**

The minor in sociology consists of a minimum of 18 units to include Sociology 101 and 150 or 201; three units selected from Sociology 310, 410, 412, or 517; and nine units selected from one of the following areas:

*Applied Social Research:* Sociology 505 required; and six units selected from 406, 407, 408.

*Family, Sexuality, and the Life Cycle:* Sociology 320, 420, 421, 522, 527, 528.

*Social Change:* Sociology 350, 351, 355, 450, 455, 456, 457, 459, 555, 556, 557.

*Social Control:* Sociology 441, 443, 444, 445, 543.

*Social Organization:* Sociology 335, 338, 430, 431, 433, 436, 531, 537, 539.

*Theory and Methods:* Sociology 305, 400, 401, 403, 406, 407, 408, 505.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 101. Introductory Sociology: The Study of Society (3) I, II (CAN SOC 2)

This course is prerequisite to all upper division courses in sociology. Major ideas, concepts, and methods in the study of society to include socialization, culture, social structure, social stratification, deviance, social control, and social change.

#### 150. Contemporary Social Problems (3) I, II (CAN SOC 4)

Prerequisite: Sociology 101.  
Contemporary social problems. Topics may include poverty, inequality, unemployment, crime and deviance, population and ecological problems, health, family issues, and the role of ideology and interest groups in the definition of social problems. (Formerly numbered Sociology 110.)

#### 201. Elementary Social Statistics (3) I, II

Prerequisites: Course in intermediate algebra. Sociology 101; qualification on the Mathematics Departmental Placement Examination, Part I or IA. **Proof of completion of prerequisites required:** Grade report or copy of transcript.

Basic statistical techniques in sociology. Tables and graphs, measures of central tendency and variability, correlations, cross-classification, and introduction to multivariate analysis, sampling and statistical inference. Computer applications may be included. Students with credit or concurrent registration in the following lower division statistics courses will be awarded a total of four units for the two (or more) courses: Biology 215, Economics 201, Engineering 140, Mathematics 119, 250, Political Science 201, Psychology 270, and Sociology 201.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 305. Sociological Laboratory II (1)

Three hours of laboratory.  
Prerequisite: Must be taken in conjunction with a three-unit upper division course.

Application of experimental, quantitative or qualitative methods to sociological problems and the use of experimental, social simulation teaching techniques. (Formerly numbered Sociology 405.)

#### 310. Love, Jealousy, and Envy: The Sociology of Emotions (3)

Prerequisite: Sociology 101.  
Sociological understanding of human emotions developed through consideration of history of sex and love, social psychology of jealousy, and political implications of envy. Understanding and management of emotions analyzed from a sociological point of view. (Formerly numbered Sociology 334.)

#### 320. Sex/Gender Roles in American Society (3) I, II

Prerequisite: Sociology 101.  
Male-female relationships in occupational, educational, and familial settings. Changing concepts of femininity and masculinity. Images of men and women in literature, in the mass media, and in laws and judicial decisions. (Formerly numbered Sociology 333.)

#### 335. Mass Communication and Popular Culture (3)

Prerequisite: Sociology 101.  
Development of popular culture as influenced by the growth of mass media of communication, including popular music, television, film, newspapers, and advertising. The power, functions, and effects of the mass media in society and in social change. (Formerly numbered Sociology 545.)

#### 338. Sociology of Religion (3) II

Forms of religious belief, knowledge, practice, and experience tied to different social arrangements and historical periods. Consequences of religion for society. Secularization and conversion processes in modern industrial societies. (Formerly numbered Sociology 538.)

#### 350. Population and Contemporary Issues (3) I, II

Prerequisite: Sociology 101.  
Analysis of population processes as they affect and are affected by such contemporary issues as rapid world population growth, famine, ecological pressures, abortion, women's liberation, racial and ethnic relations, and illegal migration.

#### 351. Comparative Societies (3) I, II

Prerequisite: Sociology 101.  
Human societies in world-historical perspective, from agrarian societies to the modern world system. Comparative study of societies based on changing technologies of production (agriculture, industrial) and different social structures (despotic, slave-owning, feudal, capitalist, socialist).

#### 355. Minority Group Relations (3) I, II

Prerequisite: Sociology 101.  
Historical and comparative analysis of race and ethnic relations. Origins and maintenance of ethnic stratification systems; discrimination and prejudice; the adaptation of minority communities; role of social movements and government policies in promoting civil rights and social change. (Formerly numbered Sociology 325.)

#### 396W. Writing in Sociology (3)

Prerequisites: Satisfies University upper division writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript. Recommended: Sociology 101.

Instruction and practice in methods of writing in the social sciences. Principles of scientific discourse, research and report writing, and proposal writing.

#### 400. History of Social Thought (3) I

Prerequisite: Sociology 101.  
World-historical survey of social thought prior to the late nineteenth century classical theorists, from the traditions of tribal societies and early civilizations to pre-Socratic and classical Greek philosophers, and from the Italian Renaissance to the Age of Enlightenment.

#### 401. Classical Sociological Theory (3) I, II

Prerequisite: Sociology 101.  
Theories of major European and American sociologists since the mid-nineteenth century, including Comte, Marx, Tocqueville, Spencer, Sumner, Durkheim, Pareto, Weber, Simmel, Mead, and Park. Relevance of classical social theory to contemporary sociology.

#### 403. Contemporary Sociological Theory (3)

Prerequisite: Sociology 101.  
Major figures and trends in American and European sociological theory since World War II, with emphasis on such schools as structural-functionalism, Marxism, symbolic interactionism, and critical theory.

#### 406. Intermediate Social Statistics (3) II

Prerequisite: Sociology 201.  
Statistical techniques in the analysis of social research data and hypothesis testing, including analysis of variance, covariance, partial correlation, multiple and logistic regression, logic and log-linear models, discriminant and factor analysis. Practical application with the use of statistical packages. (Formerly numbered Sociology 460.)

#### 407. Survey and Experimental Research Methods (3) I, II

Prerequisite: Sociology 201.  
Research process from research design through data processing, analysis, and interpretation. Quantitative research techniques including universe enumeration, sampling, questionnaire construction, scaling techniques, structured interviews, and experimental designs. (Formerly numbered Sociology 464.)

#### 408. Qualitative Research Methods (3)

Prerequisite: Sociology 201.  
Field research methods including interviewing, observation, participant observation and case studies. Problems in research design, gaining and maintaining rapport, and analysis and interpretation of qualitative data. (Formerly numbered Sociology 465.)

#### 410. Social Psychology: Mind, Self, and Society (3) I, II

Prerequisite: Sociology 101.  
Major theories, problems, and findings concerning the relationship of the individual and society. Topics include consciousness and construction of meaning, self-concept and social identity, socialization and interaction, group behavior and group membership. (Formerly numbered Sociology 440.)

#### 412. Social Construction of Reality (3) II

Prerequisite: Sociology 101.  
Analysis of reality as an ongoing social process. Creation and internalization of social worlds through language. Common sense and the multiple realities of everyday life. Dynamic emergence of social structure.

#### 420. Sexuality in Modern Society (3) I, II

Prerequisite: Sociology 101.  
Current research on contemporary sexual attitudes and behaviors, including changing norms in premarital, marital, and extramarital relationships. Controversies and implications for the individual and society. (Formerly numbered Sociology 534.)

#### 421. The American Family and Its Alternatives (3) I, II

Prerequisite: Sociology 101.  
Changes in intimacy in American family. Selection of mating partners, spousal and parenting relationships, and alternatives to traditional family forms. Changing functions of the family viewed in historical perspective. Present realities and future prospects. (Formerly numbered Sociology 535.)

#### 430. Social Organization (3) I, II

Prerequisite: Sociology 101.  
Social structure analyzed from the micro-level of roles and interaction to groups, institutions, complex organizations, societies, and the world as a social system. Basic concepts of sociology and their application in concrete case studies. (Formerly numbered Sociology 422.)

#### 431. Workers, Managers, and Bureaucracy (3) II

Prerequisite: Sociology 101.  
Sociology of work in formal organizations. From classic theories on division of labor, industrial capitalism, and bureaucracy, to transformation of work in the twentieth century. Theories and ideologies of management and worker motivation in corporations and government agencies.

#### 433. Wealth, Status, and Power (3) I, II

Prerequisite: Sociology 101.  
Distribution of wealth, power, privilege, and prestige in society. Causes, outcomes, and dynamics of inequality. Processes of upward and downward social mobility. Relationship of social class to politics, the economy, and other institutions. (Formerly numbered Sociology 424.)

#### 436. Sociology of Health and Illness (3) I, II

Prerequisite: Sociology 101.  
Sociological perspectives on health, disease, and healing. Socialization, roles, conflict, and change in medical work settings. Health and medical institutions in comparative social contexts. Social transformation of American medicine. (Formerly numbered Sociology 526.)

#### 441. Sociology of Mental Illness (3) I, II

Prerequisite: Sociology 101.  
Social, cultural, and political factors involved in definition of "madness" and control of mental illness in various societies. Review of research about the incidence, prevalence, and social ecology of mental illness and its distribution by social class. (Formerly numbered Sociology 523.)

#### 443. Crime and Society (3) I, II

Prerequisite: Sociology 101.  
Social origins, forms, and functions of criminal law. Sociological theories about the causes and consequences of crime. Measurement and distribution of violent crimes, property crimes, victimless crimes, white collar crime, and their impact on society. (Formerly numbered Sociology 513.)

#### 444. Juvenile Delinquency (3) I, II

Prerequisite: Sociology 101.  
Nature and extent of delinquency; the causative factors involved, methods of control and prevention; with special attention to protective and remedial measures offered by the school, home, juvenile court, correctional institutions and camps, probation and parole, and recreational agencies. (Formerly numbered Sociology 514.)

#### 445. Sociology of Deviance (3) I, II

Prerequisite: Sociology 101.  
Conformity and nonconformity; the relationship between individual liberty and social control; stigma and the labeling of deviant behavior such as prostitution, alcoholism, drug addiction, and crime. (Formerly numbered Sociology 510.)

#### 450. Social Change (3) I, II

Prerequisite: Sociology 101.  
Social change at the interpersonal, institutional, and societal levels of analysis. Major economic, political, technological, and demographic forces that have shaped the contemporary world. Topics may include modernization, industrialization, urbanization, revolution, and prospects of social change in rich and poor nations. (Formerly numbered Sociology 404.)

#### 455. Asian American Communities (3) I

Prerequisite: Sociology 101.  
Comparative analysis of selected Asian and Pacific Islander communities in the United States. Entrance, reception, response, and adaptation. Assessment of public policies of current issues and future prospects.

#### 456. Collective Behavior: Crowds, Cults, and Crazes (3)

Prerequisite: Sociology 101.  
Processes of social behavior in masses and groups, including crowd behavior, mass hysteria, riots, mobs, fads, fashions, crazes, panics, rumors, and scapegoating. Sects and cults; social movements; the effects of mass communications and propaganda. (Formerly numbered Sociology 546.)

#### 457. Protests, Reforms, and Revolutions (3) I, II

Prerequisite: Sociology 101.  
Revolutionary and reform movements in relationship to the larger society. Conditions leading to development of social movements, emergence of leadership, ideologies, strategies, recruitment of members, and social consequences; case studies. (Formerly numbered Sociology 547.)

#### 459. Sociology of the Future (3)

Prerequisite: Sociology 101.  
Alternative futures in selected areas of social life, such as family, technology, work, and leisure, from local to global levels of analysis. Review and assessment of research into the future. (Formerly numbered Sociology 508.)

#### 480. Field Internship (3-6) I, II

Prerequisite: Sociology 201.  
Supervised field placement of students in community agencies. Practical experiences related to studies within the sociology curriculum. Maximum credit six units.

#### 496. Experimental Topics (1-4) I, II

Prerequisite: Consent of the instructor.  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

- 505. Applied Sociological Research (3) I, II**  
Prerequisite: Sociology 407 or 408.  
Types and methods of applied sociological research; and an overview of their application in substantive areas. Practical research skills. (Formerly numbered Sociology 560.)
- 517. Crises and Coping: Sociological Perspectives (3) II**  
Prerequisite: Sociology 101.  
Social variation in the occurrence of life crises, personal and social coping strategies, and psychosocial outcomes. (Formerly numbered Sociology 525.)
- 522. The Family in Comparative and Historical Perspectives (3) II**  
Prerequisite: Sociology 101. Recommended: Sociology 421.  
Comparative study of selected family systems in the past and present. Family and parafamily forms in intentional communities of the nineteenth century compared with contemporary communal experiments. Ethnic and class differences in family organization. (Formerly numbered Sociology 536.)
- 527. Aging and Society (3) I**  
Prerequisite: Sociology 101.  
Status and roles of men and women in the second half of the life cycle. Ethnic, sex and class variables in aging. Cross-cultural comparisons of occupational, educational, familial, recreational and political opportunities for the aging.
- 528. Death and Dying (3) I**  
Prerequisite: Sociology 101.  
Sociological concepts and theories of the process of dying. Comparative study of death and dying with emphasis on social, psychological, and social organization approaches. Consideration of contemporary social-ethical issues surrounding dying in our society.
- 531. Working and Society (3) II**  
Prerequisite: Sociology 101.  
Work and occupations in the division of labor. Paid and unpaid labor; work at home and in the marketplace. The social drama of work: identity, role conflict, and change. Power, pay, and status ranking of occupations; the professionalization of work. (Formerly numbered Sociology 521.)
- 537. Political Sociology (3)**  
Prerequisite: Sociology 101.  
Social organization of political processes. Power and authority, social class, primary groups, collective behavior, social change, and other sociological factors considered in their relationships to political processes.
- 539. Sociology of Education (3) I, II**  
Prerequisite: Sociology 101.  
Social organization of education in the United States and other societies. Structure and functions of educational institutions. Formal and informal education. Class, ethnic, and other social factors affecting the educational process. Implications of educational decision making and testing.
- 543. Police, Courts, and Corrections: The Sociology of Crime and Punishment (3) I**  
Prerequisite: Sociology 101.  
Historical sociology of the American criminal justice system. Development and functions of police, criminal courts, prisons, parole, and probation. Theories and ideologies of punishment and rehabilitation. Review of contemporary research. (Formerly numbered Sociology 516.)
- 555. Immigrants and Refugees in Contemporary American Society (3) I**  
Prerequisite: Sociology 101.  
Contemporary migration to the United States, especially from Latin America and Asia. Political and economic migration. Immigrant and refugee adaptation. Theoretical controversies, research applications, and policy implications.
- 556. Topics in Comparative Societies (3) II**  
Prerequisite: Sociology 101.  
Social structures, social problems, and social change in selected areas of the world in comparative and historical perspectives. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units. (Formerly numbered Sociology 519.)
- 557. Urban Sociology (3) I, II**  
Prerequisite: Sociology 101.  
The structure and function of the modern city; types of neighborhoods; forms of recreation; social forces in a metropolitan area; types of urban personalities and groups; rural-urban conflicts of culture. Practical field studies required.
- 596. Current Topics in Sociology (1-3) I, II**  
Prerequisite: Sociology 101.  
Selected specialized, controversial or currently relevant topics in sociology. Maximum opportunity provided for student initiative in determining course content and procedures. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree. (Formerly numbered Sociology 511.)
- 597. Investigation and Report (3) I, II**  
Prerequisites: Fifteen units in sociology and consent of instructor.  
Analysis of special topics in sociology. Maximum credit six units.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Spanish

In the College of Arts and Letters

OFFICE: Library East 469  
TELEPHONE: (619) 594-6588

## Faculty

Emeritus: Baker, Santaló, Sender  
Chair: Case  
Professors: Barrera, Case, Castillo, Christensen, Head, Higgs, Jiménez-Vera, Lemus, Segade, Silverman  
Associate Professors: Doyle, O'Brien, Robinson, Talamantes, Weeter, Young  
Assistant Professor: Hidalgo  
Lecturers: Goldfarb, Mémbez

## Offered by the Department of Spanish and Portuguese Languages and Literatures

Master of Arts degree in Spanish.  
Major in Spanish with the B.A. degree in liberal arts and sciences.  
Teaching major in Spanish for the single subject teaching credential in foreign languages.  
Minor in Spanish.  
Certificate in court interpreting (available at Imperial Valley Campus only).  
Certificate in translation studies.

## The Major

Spanish is the fourth most widely spoken language in the world and the second most frequently used language in the Southwest. Because of San Diego's proximity to Mexico and other Spanish-speaking countries, many students here are interested in learning Spanish. Their reasons range from practical application in jobs, travel, reading or recreation to a curiosity about the culture or literature of Spanish-speaking countries. The Department of Spanish and Portuguese offers a wide range of courses and programs designed to satisfy the varied needs of students who enter the Spanish major.

A major in Spanish for the single subject teaching credential can lead directly to a career in secondary teaching. The federal government also employs those with Spanish-speaking ability in both civil service and diplomatic areas. In addition, many fields which involve contact with the public require knowledge of Spanish. These types of public contact fields include law enforcement, medicine, banking, tourism, government, library positions, foreign affairs, public relations, advertising, missionary assignments, and social services.

## Advising

All College of Arts and Letters majors are urged to consult with their department adviser as soon as possible; they are required to meet with their department adviser within the first two semesters after declaration or change of major.

## Spanish Major

**With the B.A. Degree in Liberal Arts and Sciences**  
(Major Code: 11051)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Students majoring in Spanish must complete a minor in another field approved by the departmental adviser in Spanish.

**Preparation for the Major.** Spanish 100A, 100B, 100C, 202, 211, and 212. See adviser. (22 units)

**Foreign Language Requirement.** The foreign language requirement for graduation is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 27 upper division units in Spanish to include Spanish 301A, 301B, 302; six units selected from Spanish 305A, 305B, 306A, 306B; Spanish 440 or 441 or 442; Spanish 448 or 449; Spanish 450; and one 500-level Spanish course. At least 12 upper division units must be taken in residence at SDSU.

## Spanish Major

**For the Single Subject Teaching Credential in Foreign Languages With the B.A. Degree in Liberal Arts and Sciences**  
(Major Code: 11051)

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by students in teacher education as an undergraduate major for the B.A. degree in liberal arts and sciences. A minor in another field approved by the departmental adviser in Spanish is required for the degree.

**Preparation for the Major.** Spanish 100A, 100B, 100C, 202, 211, and 212. (22 units)

**Foreign Language Requirement.** The foreign language requirement for graduation is automatically fulfilled through coursework for preparation for the major.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 30 upper division units in Spanish to include Spanish 301A, 301B, 302; six units selected from 305A, 305B, 306A, 306B; Spanish 440 or 441 or 442; Spanish 448 or 449; Spanish 450 and 561; and one 500-level Spanish course. At least 15 upper division units must be taken in residence at SDSU.

## Spanish Minor

The minor in Spanish consists of a minimum of 18 units, at least twelve of which must be in upper division Spanish courses.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Certificate in Translation Studies

The Department of Spanish and Portuguese Languages and Literatures offers a Certificate in Translation Studies. The certificate requires 15 units in Spanish dealing with translation theory, nonliterary and literary translation, from Spanish to English and from English to Spanish.

A prospective candidate for the certificate should possess a bilingual facility in Spanish and English. The student must complete with a grade of B or better English 305W (or pass the University Upper Division Writing Competency Examination), and Spanish 301A, 301B, 302, and 450 prior to starting work on the certificate.

After meeting the basic requirements for admission, the student must complete with a GPA of 3.0 or better 15 units to include Spanish 491, 492, 493, 556, and three units from Spanish 307, 495, 497, 557\*.

\* Linguistics prerequisite waived for Spanish 557.

and either 499 or 596 when offered with appropriate certificate-related content.

Upon completing the 15 units of coursework, the student must take a departmental examination for the certificate. Upon successful completion of the examination, the student will be awarded the certificate. Courses in the certificate may not be counted toward the major or minor.

### Certificate in Court Interpreting (Imperial Valley Campus)

The Imperial Valley Campus offers a Certificate in Court Interpreting. The certificate requires 15 units in Spanish dealing with problems of court interpreting and includes interpreting from Spanish to English and from English to Spanish.

A prospective candidate for the certificate should possess a bilingual facility in Spanish and English. The student must complete with a grade of B or better English 305W (or pass the University Upper Division Writing Competency Examination), and Spanish 301A, 301B, 302, and 450 prior to starting work on the certificate.

After meeting the basic requirements for admission, the student must complete with a GPA of 3.0 or better 15 units to include Spanish 494 (six units) and nine units selected from 491, 493, 556, 557\*, and either 499 or 596 when offered with appropriate certificate-related content.

Upon completing the 15 units of coursework, the student must take a departmental examination for the certificate. Upon successful completion of the examination, the student will be awarded the certificate.

\* Linguistics prerequisite waived for Spanish 557.

### Foreign Language Requirement for the B.A. Degree in Liberal Arts and Sciences

Students electing the study of Spanish to fulfill the foreign language requirement for the Bachelor of Arts degree in liberal arts and sciences must successfully complete Spanish 100C or the equivalent level of achievement. The usual sequence of coursework is Spanish 100A, 100B, and 100C. Refer to section of catalog on "Graduation Requirements" for additional ways to satisfy competency.

### High School Equivalents

High school foreign language courses may be used for purposes of placement in college courses and may be counted toward meeting the foreign language requirement in various majors. These high school courses will not count as college credit toward graduation.

Secondary school language courses can be used as follows:

1. The first **two years** of high school level language count as the equivalent of the first semester of a college level course, although students with fewer than three years of high school level language may complete the first semester college course for graduation credit.

2. The first **three years** of high school level language count as the equivalent of the first two college semesters, although students with fewer than four years of high school level language may complete the second semester college course for graduation credit. Students who have completed three years of foreign language in high school will not receive credit for the first semester college course unless at least five years separate the last high school course and the first college course.

3. **Four years** of high school level language count as the equivalent of three college semesters, thus fulfilling the foreign language requirement.

Students entering San Diego State University with five or six years of high school Spanish may enroll in Spanish 202; the department recommends, however, that they take Spanish 301A and 301B.

## Courses

### LOWER DIVISION COURSES

Native speakers of Spanish from foreign countries will not receive credit for taking lower division courses in Spanish, except with advance approval from the department.

All lower division courses in Spanish are taught in Spanish.

No credit will be given for Spanish 100A, 100B, 100C, 202, 301A, 301B taken out of sequence.

#### 100A. First Spanish Course (4) I, II, S

Four hours of lecture plus laboratory. Pronunciation, oral practice, readings on Hispanic culture and civilization, essentials of grammar. Not open to students who have completed three years of high school Spanish unless the third course was completed five or more years ago. (Formerly numbered Spanish 101.)

#### 100B. Second Spanish Course (4) I, II, S

Four hours of lecture plus laboratory. Prerequisite: Spanish 100A or two years of high school Spanish. Continuation of Spanish 100A. Not open to students who have completed four years of high school Spanish unless the fourth course was completed five or more years ago. (Formerly numbered Spanish 102.)

#### 100C. Third Spanish Course (4) I, II, S

Four hours of lecture plus laboratory. Prerequisite: Spanish 100B or three years of high school Spanish. Continuation of Spanish 100B. Not open to students who have completed five years of high school Spanish unless the fifth course was completed five or more years ago. (Formerly numbered Spanish 201.)

#### 202. Intermediate (4) I, II, S

Prerequisite: Spanish 100C. Analysis of grammar through study of cultural materials. Emphasis on written composition.

#### 203. Intermediate Spanish for US Hispanic Students I (3) I

Prerequisite: Exposure to Spanish in the home, neighborhood, or Spanish-speaking country. Introduction to written Spanish: orthography, spelling, basic sentence construction, vocabulary enrichment. Not open to students with credit in Spanish 100A, 100B, 100C, 202.

#### 204. Intermediate Spanish for US Hispanic Students II (3) II

Prerequisite: Spanish 203 or approved diagnostic placement test. Introduction to written Spanish: review of orthography, spelling, basic sentence construction, vocabulary enrichment, complex and compound sentence construction, basic principles of writing. Not open to students with credit in Spanish 100A, 100B, 100C, 211.

#### 211. Intermediate Conversation and Writing (3) I, II, S

Prerequisite: Spanish 100B or two years of high school Spanish. Emphasis on the spoken language with a modicum of writing practice; practical vocabulary and useful phrases; conversation on assigned social, cultural or literary topics at an intermediate level; all class discussion conducted in Spanish. Not open to students with credit for Spanish 211-Y.

#### 211-Y. Intermediate Conversation and Writing in Mexico (3)

Prerequisite: Spanish 100B or three years of high school Spanish. Emphasis on the spoken language with a modicum of writing practice; practical vocabulary and useful phrases; conversation on assigned social, cultural or literary topics at an intermediate level; all class discussion conducted in Spanish; course arranged in tour fashion in Mexico during winter interim or presummer period. Not open to students with credit for Spanish 211.

#### 212. Intermediate Conversation and Writing (3) I, II, S

Prerequisites: Spanish 100C and 211 or three years of high school Spanish. Continuation of Spanish 211. May be taken concurrently with Spanish 202.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 297. Reading Spanish for Graduate Students (3) II

Prerequisite: Limited to graduate students. Techniques of reading expository and critical material for graduate students who have a foreign language requirement.

### UPPER DIVISION COURSES (Intended for Undergraduates)

All upper division courses in Spanish are taught in Spanish unless otherwise stated.

#### 301A. Advanced Reading and Writing (3) I, II, S

Prerequisite: Spanish 202. Reading and composition on Hispanic cultural themes and literary works; review of grammatical structures. (Formerly numbered Spanish 303.)

#### 301B. Advanced Oral and Written Composition (3)

Prerequisite: Spanish 301A. Advanced Spanish composition. All class discussions conducted in Spanish. Not open to students with credit in Spanish 301Y. (Formerly numbered Spanish 301.)

#### 301-Y. Advanced Conversation and Writing in Mexico (3)

Prerequisite: Spanish 301A. Emphasis on the spoken language with supporting practice in the written language; conversation on assigned social, cultural or literary topics at an advanced level; all class discussion conducted in Spanish; course arranged in tour fashion in Mexico during winter interim or pre-summer period. Not open to students with credit for Spanish 301.

#### 302. Advanced Oral and Written Composition (3) I, II, S

Prerequisite: Spanish 301B. Continuation of Spanish 301A and 301B, with additional outside reading and oral and written reports. All class discussions conducted in Spanish.

#### 305A-305B. Survey Course in Spanish Literature (3-3)

Prerequisite: Spanish 301A. Important movements, authors and works in Spanish literature from the Middle Ages to the present.

#### 306A-306B. Survey of Spanish American Literature (3-3)

Prerequisite: Spanish 301A. Reading from representative Spanish American authors during colonial, revolutionary and modern periods.

#### 307. Introduction to Commercial Spanish (3) I

Prerequisite: Spanish 301A. Terminology and forms of business correspondence and documents.

#### 440. Spanish Civilization (3)

Prerequisite: Spanish 301A. Spanish culture of the past and present, with emphasis on literature, philosophy and the arts. Not open to students with credit in Humanities 350.

#### 441. Spanish American Civilization (3)

Prerequisite: Spanish 301A. Spanish American cultures, with emphasis on literature, philosophy and the arts.

#### 442. Mexican Civilization (3)

Prerequisite: Spanish 301A. The major currents and characteristics of Mexican culture, as expressed through the centuries in literature, philosophy and the arts.

#### 448. Spanish Linguistics (3) I, II, S

Prerequisite: Spanish 302. Structural, historical, and applied Spanish linguistics.

#### 449. Phonetics and Phonemics (3) I, II, S

Prerequisites: Spanish 301A, 301B, and 302. Sounds of Spanish, and Spanish phonemic systems. Problems involved in teaching of Spanish pronunciation to English-speaking students.

#### 450. Advanced Grammar (3) I, II, S

Prerequisite: Spanish 302. Significant systematic features of modern Spanish grammar with analysis of passages from literature. Required for credential applicants.

#### 491. Introduction to Translation Studies (3) I

Prerequisites: Spanish 450 and satisfaction of the University Upper Division Writing requirement. Theoretical grounding and practical problems of literary and non-literary translation; linguistic and cultural obstacles; literary, legal, commercial, medical, social services lexicons in context. (Formerly numbered Spanish 304.)

#### 492. Translation Theory (3)

Prerequisite: Spanish 491. Historical overview of translation theory. Translation types and conventions. Theoretical considerations of lexical, morphological, verbal, phonic, syntactic, and hermeneutic elements. Cross-language equivalence, fidelity, loss and gain in translation. Criteria for excellence and evaluation. Culture and commerce of translation.

#### 493. Advanced Spanish-English/English-Spanish Translation (3) I, II

Prerequisites: Spanish 450 and 491. Practicum involving methods and techniques in translation of legal or government papers, banking documents, and business contracts from Spanish into English and from English into Spanish. Practice in translation of old Spanish into English (deeds, surveys, baptismal records, manuscripts of books).

#### 494. Court Interpreting in Spanish-English and English-Spanish (3) I, II (Offered at IVC only)

Prerequisites: Spanish 450 and 491. Practicum in judiciary interpreting. Problem areas include: simultaneous interpreting, consecutive interpreting, summary interpreting, sight translation; mock trials and specialized vocabulary. Visits to local courts. May be repeated with consent of instructor. Maximum credit six units.

#### 495. Internship in Translation and Interpretation (3) I, II

Prerequisites: Spanish 491 and consent of instructor. Students selectively assigned to legal firms, medical facilities, commercial establishments or public offices that deal routinely with English and Spanish translation and interpretation. Students work 15 hours weekly under joint supervision of site coordinators and instructor. Maximum credit six units.

#### 496. Selected Studies in Spanish (3)

Topics in Spanish or Spanish American language, literature, culture and linguistics. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 497. Advanced Commercial Spanish (3) II

Prerequisite: Spanish 301B or 307. Terminology and techniques used in commercial transactions, including interpretation and writing of business materials.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor. Individual study. Maximum credit six units. This course is intended only for students who are currently enrolled in or who already have credit for all upper division courses in Spanish available in any given semester.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

- 510A-510B. Modern Spanish Drama (3-3)**  
Prerequisites: Spanish 305A-305B.  
Semester I: Development of Spanish theater from 1800 to Spanish Civil War. Major literary movements and themes analyzed through study of works of representative dramatists of the period. Semester II: Spanish theater from the Civil War to the present. Theater of the absurd, theater of social justice, underground theater, and new directions in today's Spanish drama.
- 515A-515B. Mexican Literature (3-3)**  
Prerequisites: Spanish 306A-306B.  
Aspects of Mexican culture. Semester I: A rapid survey of Mexican literature from the colonial period to the twentieth century. Semester II: The twentieth century, with emphasis on the contemporary Mexican novel and theater.
- 520. Caribbean Area Countries Literature (3)**  
Prerequisites: Spanish 306A-306B.  
Literature of Caribbean Islands, Central America, Colombia and Venezuela, from colonial period to present. Special emphasis on contemporary era.
- 522. Andean Countries Literature (3)**  
Prerequisites: Spanish 306A-306B.  
Literature of Ecuador, Peru, Bolivia, and Chile from the period immediately preceding the Spanish conquest to the present.
- 524. Contemporary Argentine Literature (3)**  
Prerequisites: Spanish 306A-306B.  
Literature of contemporary Argentina. Leading prose writers to include Borges, Cortázar, Mallea, Sábato.
- 530. Nineteenth Century Spanish Novel and Short Story (3)**  
Prerequisites: Spanish 305A-305B.  
The development of the novel and short story in Spain in the nineteenth century.
- 532. Twentieth Century Spanish Novel and Short Story (3)**  
Prerequisites: Spanish 305A-305B.  
The development of the novel and short story in Spain to 1936, with emphasis on the novel of the generation of 1898.
- 533. Contemporary Spanish Novel (3)**  
Prerequisites: Spanish 305A-305B.  
The development of the novel and short story in Spain since 1936.
- 556. Translation of Literary Works: A Critical Comparison (3)**  
Prerequisite: Spanish 493.  
Techniques and methods of translating literary texts from English to Spanish and Spanish to English; textual and stylistic problems in different periods, genres, and dialects, with emphasis on contemporary literature.
- 557. Spanish/Spanish American Dialectology (3)**  
Prerequisites: Spanish 450; one English composition course and one linguistics course.  
Phonological, morphological, syntactic and lexical characteristics of the principal dialects of Spanish.
- 560. Golden Age Literature (3) I, II, S**  
Prerequisites: Spanish 305A-305B.  
Major writers and works, concentrating on prose and lyric poetry. (Formerly numbered Spanish 460 and 550.)
- 561. Methods in Teaching Spanish as a Second Language (3)**  
Prerequisite: Spanish 448 or 450.  
Teaching of Spanish as a second language: contemporary theory and methods. Not open to students with credit or concurrent enrollment in French 561.
- 570. Spanish American Poetry (3) I, II, S**  
Prerequisites: Spanish 306A-306B.  
Spanish American poetry of the nineteenth and twentieth centuries. (Formerly numbered Spanish 470.)
- 571. Spanish American Short Story (3) I, II, S**  
Prerequisites: Spanish 306A-306B.  
Principal Spanish American short story writers. (Formerly numbered Spanish 471.)
- 572. Spanish American Theater (3) I, II, S**  
Prerequisites: Spanish 306A-306B.  
Principal Spanish American dramatists and movements. Use of dialogue as a dramatic expression in modern Spanish American theater with examples from novels. (Formerly numbered Spanish 472.)
- 596. Selected Studies in Spanish (3)**  
Prerequisite: Spanish 302.  
Topics in Spanish or Spanish American language, literature, culture and linguistics. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

# Special Education

In the College of Education

OFFICE: North Education 70  
TELEPHONE: (619) 594-6665

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

**NOTE:** All 500-level courses in Special Education, with the exception of Special Education 500 and 501, are reserved for students officially admitted to one of the programs in Special Education.

- 500. Exceptional Individuals (3) I, II, S**  
Three lectures and fieldwork.  
Principles, procedures and techniques in identifying and programming for exceptional students. Historical, philosophical and legal background which affect current special education practices.
- 501. Special Education Procedures and Interpersonal Processes (3) I, II, S**  
Introduction to procedures, legal requirements, and interpersonal processes in the identification, prescription, teaching and evaluation of instructional programs for handicapped students.
- 502. Exceptionality and Giftedness (3) I, II**  
Prerequisite: Twelve units in education or any upper division course in teaching reading or mathematics.  
Principles, procedures, and techniques for identifying and educating gifted individuals who may have handicapping conditions. Not open to students with credit in Special Education 500 and 501.
- 508. Characteristics and Identification of the Gifted (3) I, II**  
Prerequisites: Credit or concurrent registration in Special Education 502 and 12 additional units in education.  
Historical and philosophical foundations of education for the gifted, including review of research on characteristics screening and identification procedures.
- 524. Characteristics and Education of Learning Handicapped Students (3) I, II, S**  
Prerequisites: Credit or concurrent registration in Special Education 500 and 501.  
Historical and philosophical perspectives of programs related to learning handicapped students including review of research, educational programs, curricular approaches and characteristics of learning handicapped individuals.
- 525. Characteristics and Education of Severely Handicapped Students (3) I, II, S**  
Prerequisites: Credit or concurrent registration in Special Education 500 and 501.  
Historical and philosophical perspectives of programs related to severely handicapped students including review of research, educational programs, curricular approaches and characteristics of severely handicapped individuals.
- 526. Characteristics and Education of Physically Handicapped Students (3) I, II, S**  
Prerequisites: Credit or concurrent registration in Special Education 500 and 501.  
Historical and philosophical perspectives of programs related to physically handicapped students including review of research, educational programs, curricular approaches and characteristics of physically handicapped individuals.

**Faculty**

Emeritus: McClard, Singer, Trimmer  
Chair: Cegelka  
Professors: Cegelka, Doorlag, Forbing, Kitano, Lewis, Lynch, Patton  
Associate Professors: Archer, Brady, Pumpian  
Adjunct: Stainback

**Offered by the Department**

Master of Arts degree in education.  
Special education specialist credentials.  
Certificate in bilingual (Spanish) special education.  
Certificate in teaching the emotionally disturbed/behaviorally disordered.  
Resource specialist certificate of competence.  
Supported employment and transition specialist certificate.

**Courses**

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

- 397. Problems in Education (Credit to be arranged) I, II**  
**Offered only in Extension**  
Prerequisite: Consent of instructor.  
Class study of specially selected problems in education. Does not apply to pattern requirements for credentials. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Education 397.)
- 471. Fieldwork in Special Education (2-3) I, II Cr/NC**  
One lecture and three or six hours of fieldwork.  
Supervised observation and participation in classroom and related school activities of handicapped students (e.g., mentally retarded, gifted, learning disabled, and others).
- 480. Directed Internship: Special Education (1-6) I, II Cr/NC**  
Application to take course should be made during the semester preceding the completion of requirements for a Special Education Specialist credential. Maximum credit eight units upon approval of adviser. Extensive daily teaching in public schools of exceptional individuals in one of four areas:  
A. Learning Handicapped      C. Physically Handicapped  
B. Severely Handicapped      D. Gifted
- 496. Selected Topics in Special Education (1-4) I, II, S**  
Prerequisite: Special Education 471.  
Instructional sequences focusing on a single topic or competency dealing with special education. Topics differ each semester to adjust to current literature in the field, training needs, and resource availability. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.
- 499. Special Study (1-3) I, II**  
Prerequisite: Consent of instructor. Open only to senior and graduate students in education who have shown ability to work independently.  
Individual study. Maximum credit six units.

**527. Characteristics and Education of Multicultural Learning Handicapped Students (3) I, II, S**

Prerequisites: Credit or concurrent registration in Special Education 500 and 501.

Historical and philosophical perspectives of programs related to multicultural learning handicapped students including review of research, educational programs, curricular approaches and characteristics of multicultural learning handicapped individuals.

**528. Early Intervention for Handicapped Infants, Children, and Their Families (3) I, II, S**

Prerequisites: Special Education 500 and 501 or equivalent coursework in another discipline.

Historical and philosophical perspectives of programs related to handicapped infants and preschool students including review of research, educational programs, curricular approaches and characteristics of handicapped infants and preschooler individuals.

**529. Characteristics and Education of Seriously Emotionally Disturbed Students (3) I, II, S**

Prerequisites: Special Education 500 and 501.

Historical and philosophical perspectives of programs related to emotionally disturbed/behaviorally disordered students including review of research, educational programs, curricular approaches, and characteristics.

**534. Assessment and Evaluation of Learning Handicapped Students (3) I, II, S**

Prerequisite: Special Education 524.

Tests and procedures for assessing, evaluating and monitoring progress of learning handicapped individuals to meet their physical, intellectual, social, and emotional needs. Psychoeducational diagnosis, appraisal, and assessment procedures.

**535. Assessment and Evaluation of Severely Handicapped Students (3) I, II, S**

Prerequisite: Special Education 525.

Tests and procedures for assessing, evaluating and monitoring progress of severely handicapped individuals to meet their physical, intellectual, social, vocational and emotional needs. Psychoeducational diagnosis, appraisal and assessment procedures.

**542. Curriculum and Instruction for the Gifted (3) I, II**

Prerequisites: Special Education 502 and 508.

Current practices, research, issues and trends regarding development of programs and curricula appropriate for gifted and talented learners.

**544. Basic Skill Instruction for Low Achieving Students (3) I, II**

Prerequisite: Special Education 524.

Application of systematic instruction to the unique academic needs of learning handicapped and low achieving students in basic skill areas. Emphasis on program planning, delivery of instruction, selection of materials, and monitoring student progress.

**545. Curriculum and Instruction for Severely Handicapped Students (3) I, II, S**

Prerequisite: Special Education 525.

Utilization of data for determining general and specific objectives to meet the needs unique to severely handicapped individuals. Developing and selecting materials and establishing procedures for monitoring and evaluating pupil progress.

**546. Curriculum and Instruction for Multicultural Learning Handicapped Students (3) I, II, S**

Prerequisite: Special Education 500.

Utilization of data for determining general and specific objectives to meet needs unique to multicultural learning handicapped individuals. Developing and selecting materials and establishing procedures for monitoring and evaluating pupil progress.

**547. Adaptive School Behavior Instruction for Low Achieving Students (3) I, II**

Prerequisites: Special Education 500 and 501.

Instructional strategies in adaptive school behaviors, social skills, study skills, learning strategies and prevocational skills. Focus on systematic instruction in these areas for low achieving students.

**553. Dynamics of Behavior Change of the Exceptional Individual (3) I, II, S**

Prerequisites: Special Education 500 and 501.

Management and treatment of individuals with exceptional needs. Current theories and programs in behavioral change studies analyzed with reference to their applications for the educational environment. Not open to students with credit for Special Education 513A, 513B, or 513C.

**560. Applications of Technology for Exceptional Learners (3) I**

Prerequisite: Special Education 500.

Educational applications of current technologies for handicapped and gifted learners. Selection, modification, and classroom use of technologies to improve or bypass physical, sensory, communicative, learning, and social disabilities and for environmental control.

**562. Teaching Partnerships in Special Education (3) I, II, S**

Prerequisites: Special Education 500 and 501.

Theory and process of school-based collaboration for the special education teacher and other related professionals; interpersonal processes, communication skills, conflict resolution; decision-making models, team function collaboration models for working with aides, parents, administrators, and other professionals.

**563. Career and Vocational Education for Exceptional Youth (3) I, II, S**

Prerequisite: Special Education 471 or 500.

Historical and modern view of vocational development for handicapped youth; current legislative thrusts; practical application of strategies in assessing and teaching vocational and community living skills; developing community-based worksites, employer contacts, and parent involvement.

**564. Supported Employment: Training and Placement Techniques (3) I, II, S**

Prerequisites: Special Education 500 and 501.

Theory and process of supported employment programs for handicapped students. State-of-the-art research and applied skills related to implementing supported employment programs in the mainstream. Intensive experiential component.

**571. Assessment and Programming: Handicapped Infants and Preschoolers (4) I, II, S**

Prerequisites: Special Education 501 and 528.

Tests, techniques, and procedures for assessing handicapped infants and preschoolers. Developing, implementing, monitoring, and evaluating educational programs in home-based and center-based programs. Communicating assessment and program objectives and data to parents and other professionals.

**596. Selected Topics in Special Education (1-4) I, II, S**

Specialized study of selected topics in special education. May be offered as either a workshop or lecture/discussion. See Class Schedule for specific content. Maximum credit of six units of 596 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

# Speech Communication

In the College of Professional Studies and Fine Arts

OFFICE: Speech and Telecommunications 201  
TELEPHONE: (619) 594-6051

## Faculty

Emeritus: Adams, Benjamin, Mills, Sanders

Chair: Andersen, J.

Professors: Andersen, J., Andersen, P., Hellweg, Lustig, Mandel, Samovar, Weitzel

Associate Professors: Beach, Spitzberg

Assistant Professor: Dionisopoulos

## Offered by the Department

Master of Arts degree in speech communication.

Major in speech communication with the B.A. degree in applied arts and sciences.

Teaching major in speech communication for the single subject teaching credential in English/speech.

Minor in speech communication.

## The Major

Speech communication is the study of all aspects of human communication. The major in speech communication offers a curriculum that recognizes the importance of communication theory and skills in an increasingly complex society. Communication concepts and practices are grounded in traditional and contemporary theories and research methods to ensure the broadest possible education and the most direct utilization of knowledge for both immediate and future goal attainment. Appreciation for, and personal growth in, social and political relationships and ethical standards are also goals of the curriculum.

Recent surveys of business, industry, and other institutions indicate the most important talent required of prospective employees is effective communication skills. Thus, providing career-relevant training is another major theme of the curriculum. Instruction in logical and practical reasoning, interpersonal skills, interviewing, and other skills complement training in public speaking and argumentation.

Majors also may elect a program leading to a high school teaching credential which entitles them to teach speech, English, and literature.

In addition, the major in speech communication is particularly well suited to prepare students for postgraduate education in communication, law, and other areas. An advanced degree in speech communication prepares students to teach and do research in communication at universities or to work in the corporate world as communication experts, trainers, or personnel or human resource specialists.

In addition to classroom experiences, the department sponsors a debate and forensics team that competes nationally; individual students' speaking skills are sharpened through participation in a program that consistently ranks in the top ten nationwide.

Availability of speech communication classes may be limited by existing enrollment demands.

Applications will be accepted only during the months of August for the following spring semester and November for the fall semester. Change of major or declaration of major will be accepted only during specific filing periods. Please contact the Department for deadlines.

## Speech Communication Major

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 15061)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with this major.

**Preparation for the Major.** Speech Communication 105, 135, 160, 190, and three units of electives in Speech Communication (except Speech Communication 102 or 103), (15 units)

All speech communication majors must satisfy either a foreign language or a mathematics competency requirement.

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive courses of college study) is required in one foreign language as part of preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Mathematics Competency Requirement.** May be satisfied by three semesters of college mathematics, or a statistical sequence such as Mathematics 250, 350A, 350B (which is highly recommended); or Political Science 201\*, 515A, 515B; or Psychology 270, 570; or Sociology 201\*, 406, 408.

\* Additional prerequisites required.

**Upper Division Writing Requirement.** Passing the University Writing Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

**Major.** A minimum of 33 upper division units to include Speech Communication 335, 450, 535; at least six units selected from Speech Communication 406, 445, 475, 580, 592; at least six units selected from Speech Communication 302, 307, 361, 407, 415, 485, 491; and twelve units of electives from the 300 level and above. No more than three units from Speech Communication 302, 361; and no more than three units from Speech Communication 485.

## Speech Communication Major For the Single Subject Teaching Credential in English/Speech With the B.A. Degree in Applied Arts and Sciences (Major Code: 15061)

All candidates for a teaching credential must complete all requirements as outlined in this section of the catalog under the College of Education.

This major may be used by the students in teacher education as an undergraduate major for the B.A. degree in applied arts and sciences.

**Preparation for the Major.** Speech Communication 105, 135, 160, 204, 291; English 100, 200; nine units selected from English 250A\*, 250B\*, 260\*, 260B\*; Linguistics 101\* (24-33 units)

**Upper Division Writing Requirement.** English 500W with a grade of C (2.0) or better.

**Major.** A minimum of 36-45 upper division units to include Speech Communication 307, 308, 360, 491, 530; three units of 309; six units selected from Speech Communication 301, 302, 361, English 527\*, 528\*; and three units selected from Linguistics 520\*, 524\*, or 550.

\* Only nine units from English 250A, 250B, 260A, 260B, 527, or 528 are required.  
\* Only three units from Linguistics 101, 520, 524, or 550 are required.

## Speech Communication Minor

The minor in speech communication consists of a minimum of 24 units to include 12 units selected from Speech Communication 135, 160, 204, 291; and 12 units of electives most appropriate to the student's major selected in consultation with the Speech Communication undergraduate adviser from one of the following areas:

**Communication History:** Speech Communication 450, 451, 480, 580, and 589.

**Communication Forms:** Speech Communication 302, 307, 308, 309, 360, 361, 485, and 491.

**Communication Relationships:** Speech Communication 406, 415, 475, 530, 535 and 592.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 90. Improving Speaking Confidence (1) I, II Cr/NC

Two hours of activity.  
Prerequisite: Must be taken prior to or concurrent with Speech Communication 103.

Anxiety reduction and skill enhancement for students experiencing anxiety in oral communication situations. Not applicable to a bachelor's degree or general education. (Formerly numbered Speech Communication 102.)

#### 103. Oral Communication (3) I, II

Training in fundamental processes of oral expression; method of obtaining and organizing material; outlining; principles of attention and delivery; practice in construction and delivery of various forms of speeches. Not open to students with credit in Afro-American Studies 140, or Mexican American Studies 111A.

#### 105. Introduction to Speech Communication (3) I, II

The status of the discipline, interrelationships among varied specialties within the field, and career opportunities. Intended for students who are either considering or who are committed to a speech communication major or minor. This class should be completed as early as possible.

#### 135. Principles of Communication (3) I, II

Identification, description, and study of fundamental communication principles such as language, nonverbal codes, perception and empathy. Emphasis on the interpersonal communication context.

#### 160. Argumentation (3) I, II

Argument as a form of discourse; organizing, supporting, presenting and refuting arguments in a variety of formats; evaluating argument, including common fallacies in reasoning.

#### 190. Communication Research Methods (3)

Ways of identifying communication topics for research, formulating topics into appropriate research questions, and generating procedures to study them. Information sources available in speech communication.

#### 204. Advanced Public Speaking (3) I, II

Prerequisite: Speech Communication 103.  
Practice in extemporaneous speaking on subjects of current interest, both national and local, with stress on organization and delivery. Not open to students with credit in Mexican American Studies 111A.

#### 245. Interpersonal Communication (3)

Theory and application of effective interpersonal communication. Emphasis on fundamental principles and interpersonal skill development.

#### 261. Intercollegiate Forensics (1)

Two field trips required.  
Three hours of activity and two coaching hours to be assigned. Credit for participation in intercollegiate program. Maximum credit four units for Speech Communication 261 and 361. (Formerly numbered Speech Communication 161.)

#### 291. Group Discussion (3)

Role of group discussion in a democratic society. Principles and methods of group discussion in problem-solving and learning situations. Practice in dealing with questions of policy and controversial issues. Development of skills in discussion preparation, participation and leadership. (Formerly numbered Speech Communication 191.)

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 301. Management of Speech Activities (1) I, II Cr/NC

Two hours of activity.  
Prerequisite: Speech Communication 103.  
Planning, preparation, management and supervision of speech tournaments and other interscholastic activities under the supervision of the speech communication staff. Maximum credit two units.

#### 302. Contemporary Forensics Problems (2)

Prerequisites: Speech Communication 103 and 160.  
Identification of significant arguments in political, economic, and social problems confronting twentieth century United States. Use of case studies to emphasize research tools leading to comprehensive analysis. Oral performance stressed. See Class Schedule for specific content. Maximum credit eight units. (Formerly numbered Speech Communication 400.)

#### 307. Communication in Professional Settings (3)

Prerequisites: Speech Communication 103 and one of the following: Speech Communication 204, 245, 261, 291.  
Communication principles in professional contexts including interviewing and technical and nontechnical oral presentations. Skill in meeting management. (Formerly numbered Speech Communication 392.)

#### 308. Oral Interpretation (3)

Prerequisite: Speech Communication 103.  
Analysis of literary compositions as guides to oral interpretation. Practice through presentation of readings, group speaking, and readers' theatre. (Formerly numbered Speech Communication 508.)

#### 309. Workshop in Speech (1-3) Cr/NC

Prerequisites: Speech Communication 103, 105, 204, and 307 or 361; and consent of instructor.  
Study of some problems in speech communication. Maximum credit six units.

#### 335. Human Message Systems (3) I, II

Prerequisite: Speech Communication 103.  
Addresses communication messages holistically. Structure, development and function of linguistic and nonlinguistic message systems explored stressing their interdependent and independent effects on communication processes.

#### 360. Argumentation Theory (3)

Prerequisites: Speech Communication 103 and 160.  
The approaches to argument and the patterns and problems in argument. Consideration of implications for society. Written and oral reports. (Formerly numbered Speech Communication 362.)

#### 361. Intercollegiate Forensics (1) I, II Cr/NC

Two field trips required.  
Prerequisite: Speech Communication 103.  
Three hours of activity and two coaching hours to be assigned. Credit for participation in intercollegiate program. Maximum credit four units for Speech Communication 261 and 361.

#### 406. Organizational Communication (3) I, II

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

The organization as a communication system; role of the organization in persuasive campaigns; communication strategies and problems within the organizational structure.

#### 407. Communicative Perspectives on Interviewing (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Application of communicative theory to interviewing situations. Emphasis on perception; source, message, and receiver variables, defensive communication; feedback. Phrasing of questions, ways to enhance respondent participation, and formulation of behavioral objectives. Classroom simulation, supplemented by out-of-class interviews.

#### 415. Nonverbal Communication (3)

Prerequisites: Speech Communication 105, 135, 160, 190, 335. **Proof of completion of prerequisites required:** Signed department verification card.

Theory and research on nonverbal aspects of speech communication, with emphasis on codes and functions. (Formerly numbered Speech Communication 315.)

#### 445. Relational Communication (3)

Prerequisites: Speech Communication 105, 135, 160, 190. Recommended: Speech Communication 245. **Proof of completion of prerequisites required:** Signed department verification card.

Theory and application of effective relational communication principles in both intimate and nonintimate contexts. Theoretical and empirical evidence on communication strategies and behaviors in relationship initiation, development, and termination. Relationship of communication behaviors to relational goals. (Formerly numbered Speech Communication 345.)

#### 450. Rhetorical Theory (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Development of rhetorical theory as a mechanism for generating and understanding public discourse. Theories from ancient Greece to the present. (Formerly numbered Speech Communication 350.)

#### 451. Rhetorical Criticism (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Systems and approaches to description, analysis, interpretation, and evaluation of rhetorical communication. (Formerly numbered Speech Communication 354.)

#### 475. Intercultural Communication (3) I, II

Prerequisite: Speech Communication 103. Open to majors and nonmajors.

Study of communication with emphasis on the influence of cultural background, perception, social organization, language and nonverbal messages in the cross-cultural communication experience.

#### 480. Public Address (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Case studies of public address, social movements, and other public discourse in social, political, and intellectual history. (Formerly numbered Speech Communication 380.)

#### 485. Internship in Speech Communication (1-3) I, II

Prerequisites: Speech Communication 105, 135, 160, 190; twelve units selected from Speech Communication 307, 335, 360, 406, 407,

415, 445, 475, 535, 580, 592; a 2.75 GPA in the major; and approval of the Director of Internships. **Proof of completion of prerequisites required:** Signed department verification card.

Prerearranged and supervised fieldwork or activity extension of academic coursework in speech communication. Maximum credit six units, no more than three of which may be taken in any one semester.

#### 491. Group Communication (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

The theoretical processes of small group communication. Emphasis on the theory of group formation, interaction, procedures, and leadership. (Formerly numbered Speech Communication 391.)

#### 496. Selected Topics in Speech Communication (1-4) I, II

Prerequisite: Twelve units in speech communication.  
A specialized study of selected topics from the areas of speech communication. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit six units.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 503. Instructional Communication (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Communication messages and strategies as they apply to instructional contexts. Communication within traditional instructional contexts and focus on training programs, adult workshops, and other less traditional information dissemination situations.

#### 530. Language Analysis (3)

Prerequisites: Speech Communication 105, 135, 160, 190, 335. **Proof of completion of prerequisites required:** Signed department verification card.

Examines language from a variety of perspectives, including conversation analysis, psycholinguistics, sociolinguistics, and ethnolinguistics. Focuses on language development, semantics, verbal competence, and everyday language as an interactional achievement.

#### 535. Theories of Human Communication (3) I, II

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Theoretical approaches for the study of human communications: relationship of meaning, message, and behavior in the communication process; special issues in communication theory.

#### 580. Communication and Politics (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Contemporary political communication events and processes, with a focus on speeches, debates, and campaigns.

#### 584. Communication in Law and Medicine (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Courtroom interrogation and testimony and medical diagnostic interactions studied as unique types of everyday conversation. Communication practices and constraints in institutional contexts.

### 589. Ethical Issues in Communication (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Classical and modern ethical concepts and issues in communication.

### 590. Quantitative Methods in Communication (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Philosophy of social science, research design, and statistical applications to communication problems. (Formerly numbered Speech Communication 537.)

### 592. Persuasion (3) I, II

Prerequisite: Speech Communication 103. Open to majors and nonmajors.

Key variables and theories in the persuasion process: persuasive sources, messages, receiver variables, propaganda, brainwashing, and cognitive, behavioral and social theories of persuasion. Not applicable to the M.A. degree in Speech Communication.

### 593. Qualitative Methods in Communication Research (3)

Prerequisites: Speech Communication 105, 135, 160, 190. **Proof of completion of prerequisites required:** Signed department verification card.

Observation of interaction and analysis of data gathered in everyday communication settings. Historical and contemporary assumptions, methods, and theoretical implications of employing recordings, transcriptions, interviews, and texts as tools for the discovery of communication patterns.

### 596. Selected Topics in Speech Communication (1-3)

Prerequisite: Senior standing or above.

Specialized study. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

#### GRADUATE COURSES

Refer to the Graduate Bulletin.

# Teacher Education

In the College of Education

A Member of the American Association  
of Colleges for Teacher Education.

#### Faculty

Emeritus: Ackerly, Altamura, Anderson, Bacon, Baker, Birch, Blanc, Botkin, Bradley, Briggs, Brydegaard, Campbell, Charles, Clark, Crum, Elliott, Erickson, Fisher, Friedrich, Fulkerson, Gates, Gega, Gjerde, Goodson, Gray, Groff, Hammack, Hill, Huls, Inskeep, Kinder, Klann, LaPray, LuPone, Madden, Meek, Nardelli, Person, Platz, Prouty, Riggs, Rodney, Schrupp, Smith, H., Stough, Strand, Tossas, Wilding, Yarborough, Yesselman

Director: Mehaffy

Professors: Becklund, Bee, Berg, Burnside, Cornejo, Curry, Duckworth, Fearn, Flood, Gast, Kendall, Lapp, McCabe, McCormack, McCoy, Mehaffy, Moreno, Murphy, Nagel, Pehrson, Reison, Rixman, Ross, R., Rowland, Shaw, Smith, R., Stautland, Steckbauer, Strom, Treadway

Associate Professors: Ford, Kaatz, Lujan, Malian, Morris, Park, Reel, Ross, P., Santa Cruz

Assistant Professors: Armstrong, Bezuk, Colvin, Evans, Farnan, Kramer, Mason, Mathison, Nieto, Pang, Tran

#### Offered by the School

Master of Arts degree in education.

Multiple subject credential.

Reading specialist credential.

Single subject teaching credential.

Certificate in children's literature.

#### The Credentials

The demand for elementary and secondary teachers is dramatically increasing. Current growth in student enrollment and the need to replace teachers who retire combine to forecast a significant increase in new teacher hiring during the next decade. Competition among districts, as well as renewed recognition of the place of the profession, has caused marked salary increases in the last few years - with predictions of additional increases.

The **Multiple Subject Credential** qualifies graduates to teach in any K-12 self-contained classroom (a classroom where one teacher is responsible for teaching in all subject fields). For most, this means an elementary or middle school setting but does not preclude an alternative school or school-within-a-school (e.g., pregnant teen) setting. The credential program includes a study of educational psychology plus a variety of methods courses in subjects commonly taught in elementary schools.

A full-time, two-semester program is available to those wishing to prepare as rapidly as possible. The three-semester, part-time program accommodates those students who may have employment or family responsibilities as well as those who may wish to resume university study more leisurely. Both programs require a daytime commitment. Examinations and/or coursework prerequisite to program admission, if not completed within the undergraduate degree program, may extend the total time commitment for credential issuance by one semester.

The **Single Subject Credential** qualifies graduates to teach in grades K-12 in a specific subject area. Most candidates prepare to teach in grades 7-12 (usually junior or senior high school) or in a middle school setting (usually grade 6-8). Students in the program follow a sequence of courses which normally takes two semesters to complete. The first semester of the program emphasizes curriculum

ADMINISTRATIVE OFFICE: Education 151  
TELEPHONE: (619) 594-5777  
CENTER FOR CAREERS IN EDUCATION: Education 100  
TELEPHONE: (619) 594-5964

theory and development, educational research, and foundations of education and includes a part-time student teaching experience. The second semester focuses on a full-time student teaching experience and accompanying seminar. The program requires a daytime commitment. Examinations and/or coursework prerequisite to program admission, if not completed within the undergraduate degree program, may extend the total time commitment for credential issuance by one or more semesters.

#### Multiple Subject Credential (Elementary Education) (Credential Code: 00200)

##### Multiple Subject - Professional Clear Credential

Persons interested in teaching in the traditional elementary school will typically pursue the Multiple Subject Credential which authorizes teaching service in self-contained classrooms in preschools, grades K-12, and in classes organized primarily for adults (classrooms in which one teacher is responsible for all the subjects commonly taught). Recommendation for this credential requires:

1. A baccalaureate or higher degree.
2. Completion of an approved program of professional education, including student teaching (credential program) with a grade point average of 3.0 or higher.
3. Basic skills competency as demonstrated through passing scores on the California Basic Educational Skills Test (CBEST).
4. Demonstrated subject matter competency through completion of an approved waiver program (Liberal Studies, Option 2 or 3) or passing scores on the NTE General Knowledge Test of the Core Battery (must have scores taken within five years prior to recommendation).
5. Completion of an approved course or examination in the methods of teaching reading.
6. Demonstrated knowledge of the principles and provisions of the United States Constitution through successful completion of a three-unit collegiate-level course or examination. (Courses are listed in the section of this catalog on "Graduation Requirements," IV. American Institutions Requirement, B.2. United States Constitution.)
7. Knowledge of health education in California, including substance abuse and nutrition: HS 101, 320 (preferred), or 321.
8. Demonstrated knowledge of PL 94-142: Needs of, and methods of providing educational opportunities to individuals with exceptional needs (mainstreaming), TE 526 or SPED 501.
9. Demonstrated knowledge of computer hardware, software, and applications to educational/classroom use (computer literacy): EDETC 097 and 471.
10. Completion of a fifth year of study (30 units of upper division or graduate-level coursework completed **after** issuance of the baccalaureate degree; coursework in professional preparation, including student teaching, may apply if completed after the baccalaureate degree).

The Professional Clear Multiple Subject Credential is valid for five years and requires completion of a minimum of 150 hours of approved professional growth activities and 90 days of teaching-related activities in order to be renewed.

### Multiple Subject (Elementary)—Preliminary Credential

Candidates may be recommended for Preliminary Multiple Subject Teaching Credentials when they have satisfied requirements 1, 2, 3, 4, 5, and 6 listed above. Applicants whose academic programs allow them to meet these requirements concurrently with their baccalaureate degrees will be eligible for preliminary certification. The Preliminary credentials have the same teaching authorizations as the Professional Clear credentials and are valid for five-year periods. Holders of the Preliminary credentials must complete items 7, 8, 9, and 10 within that five-year time period in order to be renewed as Professional Clear credentials. Five-year preliminary credentials may not be extended without completion of the additional requirements within the original five years of issuance.

**NOTE:** Undergraduate students in the Multiple Subject Credential Program may register for concurrent postbaccalaureate credit in their final semester prior to obtaining a baccalaureate degree as explained in the section of this catalog on "General Regulations."

#### Admission Standards for the Multiple Subject Credential Program

- 1. CBEST Examination.** Students must pass the California Basic Educational Skills Test (CBEST) *prior to admission* to the Multiple Subject Credential program. Information may be obtained from the Test Office, LE-406. Students are urged to take this examination at the earliest possible time after deciding to pursue a teaching credential. Test scores are valid indefinitely.
- 2. SUBJECT MATTER COMPETENCY.** Program candidates must verify completion of subject matter competency in diversified subjects commonly taught in self-contained classrooms *prior to admission* to the Multiple Subject Credential program. This may be done through successful completion of the Liberal Studies Major, Option 2 or 3, or through passing scores on the General Knowledge Test of the National Teacher Examination (NTE) Core Battery. Test scores submitted for verification of subject matter competency are valid for five years from the date of the examination and must be valid at the time of recommendation for the credential.
- 3. Academic Prerequisites.** These courses or approved equivalents must be completed with grades of "C," "CR," or higher prior to admission to the Multiple Subject Credential program:
  - a. Health Science 101, "Health and Lifestyle," or Health Science 320, "Health Education for Elementary Teachers" .....3 units
  - b. Mathematics 210\*, "Structure and Concepts of Elementary Mathematics" .....3 units
  - c. Music 102, "Basic Musicianship for Non-Music Majors" .....3 units
  - d. Physical Educ. 241, "Physical Education of Children" .....2 units
  - e. Multicultural education (currently PLC 451) is strongly recommended. This course will be required as a prerequisite for all candidates entering teacher preparation programs in fall 1991.

\* With approval of the mathematics adviser, any of the following mathematics courses may be substituted for Mathematics 210: Mathematics 121, 150, 312.

- 4. Prerequisite Course in Education: TE 290, "Introduction to Elementary Education."** This required introductory course serves as an orientation to careers in elementary education. During this course students will complete admission requirements and will participate in supervised fieldwork assignments with children in typical classroom settings. A recommendation from a TE 290 professor is a requirement for admission to the Multiple Subject Credential program. TE 290 must have been taken in spring 1986 or later. Otherwise, students should clear through the Multiple Subject Credential program faculty adviser. This course is open to all students and should be completed within five years prior to beginning the program.
- 5. Grade Point Average.** A student must have a grade point average (GPA) within the upper one-half of undergraduate students in the

candidate's discipline/major. The required GPAs, which vary according to discipline and graduating institution, are available in the Center for Careers in Education, ED-100. Candidates for admission are required to submit official transcripts from all colleges attended (excluding SDSU) with their applications to verify satisfaction of the GPA requirement.

- 6. Health Clearance.** Evidence of a negative tuberculin test is required for admission. Test results are valid for four years and must be in effect during the time of enrollment in the credential program.
- 7. Certificate of Clearance.** Students must verify personal and professional fitness to teach through the Certificate of Clearance process prior to being admitted to the credential program. This process may take four to six months to complete and candidates are urged to submit the appropriate forms and paperwork as early as possible (forms are available through the Center for Careers in Education). When applying for admission to the program, candidates should submit one of the following: California Certificate of Clearance, copy of valid K-12 California credential, or verification of submission of California Character Identification Clearance packet.
- 8. Credential Advising Appointment.** Each applicant must meet with a faculty adviser during the semester prior to admission to file an appropriate program. Appointments may be made at the Center for Careers in Education, ED-100, 594-5964.
- 9. STUDENT TEACHING PROGRAM SELECTION.** Formal application for admission to the block programs will be made early during the semester prior to intended enrollment. An application and advisement meeting will be held early each semester to review program and admission requirements and block placement options. A block preference card must be submitted with each admissions application.
- 10. Appeals Process.** A student who does not meet all the admission requirements may petition the Multiple Subject Admissions and Retention Committee for individual consideration. Information and forms for this purpose are available in the Center for Careers in Education, ED-100.

**NOTE:** Departmental admission to the Multiple Subject Credential program does not constitute admission to the University. Candidates who are entering the University for the first time or who have graduated/are graduating and are planning to re-enroll for the credential program must file a separate application for admission to the University during the regular University application period.

### Single Subject Credential (Secondary Education) (Credential Code: 00100)

#### Single Subject—Professional Clear Credential

Persons interested in teaching in the traditional secondary school will typically pursue the Single Subject Credential which authorizes teaching service in departmentalized, subject matter classrooms in preschools, grades K-12, and in classes organized primarily for adults (classes where instruction is provided in only one subject). Candidates must verify subject matter competency in one of the following subject fields:

#### ACCEPTABLE SINGLE SUBJECT CREDENTIAL AREAS AND APPLICABLE MAJORS

- Art: Art  
Business: Accounting, Finance, Information Systems, Management, Marketing  
English: Comparative Literature, Drama, English, Journalism, Linguistics, Speech Communication  
Foreign Languages: Classics (Latin), French, German, Russian, Spanish  
Health Science: Health Science  
History: History  
Industrial and Technology Education: Industrial Technology

- Life Sciences: Biology  
Mathematics: Mathematics  
Music: Music  
Physical Education: Physical Education  
Physical Sciences: Chemistry, Physical Science  
Social Science: Social Science

Recommendation for this credential requires:

1. A baccalaureate or higher degree.
  2. Completion of an approved program of professional education, including student teaching with a grade point average of 3.0 or higher. The required courses at SDSU are Teacher Education 403, 414, 423, 453, 454, 463, 464; Educational Technology 404; and Teacher Education 433 (for all majors except art, music, and physical education).
  3. Basic skills competency as demonstrated through passing scores on the California Basic Educational Skills Test (CBEST).
  4. Demonstrated subject matter competency through completion of an approved waiver program in one of the California Single Subject areas, through a combination of coursework and competency (NTE/CLEP) examinations, or through NTE (and CLEP as applicable) examinations. Competency must be verified and assessed by a designated departmental adviser regardless of the means of establishing knowledge proficiency.
  5. Completion of an approved course (TE 433) or examination in the methods of teaching reading (except for students completing majors in art, music, and physical education).
  6. Demonstrated knowledge of the principles and provisions of the United States Constitution through successful completion of a three-unit collegiate-level course or examination. (Courses are listed in the section of this catalog on "Graduation Requirements," IV. American Institutions Requirement, B.2. United States Constitution.)
  7. Knowledge of health education in California, including substance abuse and nutrition, HS 320 or 321 (preferred).
  8. Demonstrated knowledge of PL 94-142, needs or and methods of providing educational opportunities to individuals with exceptional needs (mainstreaming): TE 526 or SPED 501.
  9. Demonstrated knowledge of computer hardware, software, and applications to educational/classroom use (computer literacy): EDTEC 97 and 471.
  10. Completion of a fifth year of study (30 units of upper division or graduate-level coursework completed *after* issuance of the baccalaureate degree; coursework in professional preparation, including student teaching, may apply if completed after the baccalaureate degree).
  11. Multicultural education (currently PLC 451) is strongly recommended. This course will be required as a prerequisite for all candidates entering teacher preparation programs in fall 1991.
- The Professional Clear Single Subject Credential is valid for five years and requires completion of a minimum of 150 hours of approved professional growth activities and 90 days of teaching-related activities in order to be renewed.

#### Single Subject—Preliminary Credential

Candidates may be recommended for Preliminary Single Subject Teaching Credentials when they have satisfied requirements 1, 2, 3, 4, 5, and 6 listed above. Applicants whose academic programs allow them to meet these requirements concurrently with their baccalaureate degrees will be eligible for preliminary certification. The Preliminary credentials have the same teaching authorizations as the Professional Clear credentials and are valid for five-year periods. Holders of the Preliminary credentials must complete items 7, 8, 9, and 10 within that five-year time period in order to be renewed as Professional Clear credentials. Five-year Preliminary credentials may not be extended without completion of the additional requirements within the original five years of issuance.

**NOTE:** Undergraduate students in the Single Subject Credential Program may register for concurrent postbaccalaureate credit in their final semester prior to obtaining a baccalaureate degree as explained in the section of this catalog on "General Regulations."

#### Admission Standards for the Single Subject Credential Program

- 1. CBEST Examination.** Students must pass the California Basic Educational Skills Test (CBEST) *prior to admission* to the Single Subject Credential program. Information may be obtained from the Test Office, LE-406. Students are urged to take this examination at the earliest possible time after deciding to pursue a teaching credential.
- 2. Subject Matter Competency.** Students must verify competency in a specified Single Subject area through a university assessment process reviewing completion of an approved teaching major or its equivalent at San Diego State University or another approved California teacher-training institution, passing scores on an NTE Specialty Area Examination, or a combination of coursework and examination scores. Students passing the NTE Specialty Area in examination scores. Students passing the CLEP General English Composition with Essay. Competency will be assessed and verified by a designated Single Subject adviser in the academic subject field at SDSU. Requirements for the various Single Subject Teaching Credential majors are listed under the academic majors in this catalog. Registration information and materials for the NTE and CLEP examinations are available through the Test Office, LE-406.  
Candidates for major assessment should seek recommendation forms and procedures through the Center for Careers in Education, ED-100, prior to contacting the individual academic advisers for review and evaluation of major competency. Procedures may vary according to subject field.  
**NOTE:** Students who have completed approved waiver programs at other universities must still be assessed by SDSU program advisers for admission to this University's teaching-training program.
- 3. Prerequisite Course in Education: TE 453, "The Secondary School."** This introductory course serves as an orientation to careers in secondary education. During this course students will participate in supervised fieldwork assignments. A recommendation from a TE 453 professor is a requirement for admission to the Single Subject Credential program. Teacher Education 453 is open to all students and should be completed within five years prior to beginning the program.
- 4. Grade Point Average.** A student must have a grade point average (GPA) within the upper one-half of undergraduate students in the candidate's major. GPAs vary according to discipline and graduating institution. GPA requirements are available in the Center for Careers in Education, ED-100.
- 5. Appeals Process.** A student who does not meet all the admission requirements may petition the Single Subject Credential Admissions and Retention Committee for individual consideration. Information and forms for this purpose are available in the Center for Careers in Education, ED-100.  
**NOTE:** An adviser is available to assist students with their credential program. Appointments may be made through the Center for Careers in Education, ED-100, 594-5964.

#### Admission to Student Teaching

**Admission to Student Teaching I** (Teacher Education 414, 423, 433, 454, and 463. Majors in art, music, and physical education are exempt from Teacher Education 433. Educational Technology 404 is also required for certification and may be most appropriately completed within this semester.)

These courses in Stage I comprise the first block of professional education courses and include an initial student teaching experience. Students must provide own transportation. Formal application for

admission to these courses will be made early during the semester prior to intended enrollment. An application and advisement meeting will be held early each semester to review program and admission requirements and block placement options. Meeting and deadline dates are available in the Center for Careers in Education, ED-100.

Candidates interested in being admitted to the Single Subject Credential program should submit the following materials for consideration:

1. Completed application.
2. Official transcripts from all colleges and universities attended (excluding SDSU) to verify a grade point average (GPA) within the upper one-half of undergraduate students in the candidate's major.
3. Verification of subject matter competency from the adviser in the major department at SDSU to include passing NTE and CLEP scores as appropriate.
4. Evidence of a negative tuberculosis test (these tests are valid for four years and must be in effect during the time that the credential candidate is enrolled in the professional education sequence).
5. Xerox copies of passing CBEST scores.
6. California Certificate of Clearance, copy of a valid K-12 California credential, or verification of submission of California Character Identification Clearance packet (forms are available through the Center for Careers in Education, ED-100).
7. Student teaching block preference cards and autobiographical statements. Applications **must** be submitted within the specified deadline period.

#### Admission to Student Teaching II (Teacher Education 403, 464).

These courses include a full-day student teaching experience including three teaching and two administrative assignments. Application/placement requests must be made at least one month before the end of the semester prior to anticipated enrollment. Normally, this is done while the student is enrolled in Student Teaching I (TE 414, 423, 433, 454, 463).

Admission is based upon:

1. Satisfactory completion of Teacher Education 414, 423, 454, 463, plus Educational Technology 404, and preferably Teacher Education 433 (except for music, art and physical education majors) with a grade point average of 3.0 or higher.
2. Submission of application/placement requests and autobiographical statements to the Center for Careers in Education, ED-100 within the established deadline period.
3. Satisfaction of any outstanding requirements or conditions for admission to Student Teaching I.

**NOTE: DELAYED START OF STUDENT TEACHING** will require filing of a request for Leave of Absence with the Center for Careers in Education.

### Information Applicable to Both Multiple Subject and Single Subject Credentials

#### New Students Who Seek to Complete a Credential

Teachers with Preliminary Multiple Subject or Single Subject credentials who are working toward Professional Clear certification may have individual programs designed to meet their needs and interest areas. Arrangements for evaluation of college credit and program design can be made through the Center for Careers in Education, ED-100, 594-5964.

#### Advanced Standing in Teacher Education

A student transferring into San Diego State University to complete requirements for either the Preliminary or Professional Clear Multiple Subject or Single Subject credential must complete a minimum of six units of professional education coursework in residence at SDSU in order to be recommended for certification regardless of the extent of education work completed at other institutions.

### Evaluation of Credits

After an interval of five years, courses in education are reevaluated and subject to reduction in credit, in light of new requirements and changes in educational procedures. All courses taken either at this University or elsewhere must be approved by an official adviser in order to be credited toward meeting credential requirements or pattern requirements for a degree.

#### GPA Requirements For Continuation in Multiple Subject/Single Subject Credential Programs

A grade point average of 3.0 must be maintained each semester to permit a student to continue in the Multiple Subject and Single Subject Credential programs.

#### Supplementary Authorizations

With completion of additional units in certain curriculum areas, both Single and Multiple Subject teachers can be granted supplementary authorizations to teach in generalized areas in middle and junior high schools (e.g., Introductory English). Single Subject candidates can also be granted supplementary authorizations to teach in specialized areas K-12 (e.g., Psychology). Information on requirements for these supplementary authorizations is available through the Center for Careers in Education, ED-100.

### Description of Interdepartmental Major for Elementary Teaching

#### Liberal Studies Major

With the B.A. Degree in Applied Arts and Sciences and in Liberal Arts and Sciences

**Option 1 (Major Code: 49011):** This program is available to all students but is not acceptable for the Multiple Subject Credential. Information regarding this option is presented in the section of this catalog on "Interdisciplinary Programs" under "Liberal Studies."

**Option 2 (Major Code: 49012):** Liberal Studies with the B.A. Degree in Applied Arts and Sciences.

**Option 3 (Major Code: 49014):** Liberal Studies with the B.A. Degree in Liberal Arts and Sciences.

All candidates for a degree in applied arts and sciences or liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

A minor is not required with Option 2 or 3.

The Liberal Studies Major Options 2 and 3 meet all the requirements for the multiple subjects/diversified major as specified for the Multiple Subject Credential.

Refer to the section of the catalog on "Interdisciplinary Programs" under "Liberal Studies" for an outline of the requirements for this major.

Students planning to enter elementary education must consult and secure program approval from an adviser in the School of Teacher Education. The following coursework is required for acceptance into the education program and may be included in the Liberal Studies Major unless otherwise noted:

Health Science 101 or 320      Music 102  
Mathematics 210                      Physical Education 241

Other students who wish to take this major must consult the Dean of the Division of Undergraduate Studies to secure program approval. General advising for Liberal Studies Options 2 and 3 is available at the University Advising Center.

### Children's Literature Certificate

This certificate attests that the student has successfully completed 18 units (minimum GPA 3.0) of planned, advised, coherent, and articulated study in the field of literature for children. Prerequisites include admission to the University and to upper division or graduate standing. The Certificate in Children's Literature may be earned with a specialization either in Education or in English and Comparative

Literature. Nine units in the certificate program may be counted toward the major in English, and six units may be counted toward the minor in English.

**Specialization in Education.** Nine units from courses in group A, six units from group B, and three units of an appropriate elective chosen with the approval of a faculty adviser.

**Specialization in English and Comparative Literature.** Nine units from courses in group B, six units from group A, and three units of an appropriate elective chosen with the approval of a faculty adviser.

**Group A, Education:** Educational Technology 596; Teacher Education 496\*, 530, 531.

**Group B, English and Comparative Literature:** Comparative Literature 561 (when offered as European Children's Literature); English 496\*, 501, 526\*, 527\*, 528\*, 549\*.

\* With adviser's permission when the subject is closely related to children's literature.

### Courses

#### General

#### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 303. The Teaching Profession: First Clinical Experience (4) (Offered at IVC only)

Three lectures and three hours of laboratory.

Social science concepts and theories for the teaching profession; guided student observation and participation in public school classrooms.

#### 397. Problems in Education (Credit to be arranged) I, II (Offered only in Extension.)

Prerequisite: Consent of instructor.

Class study of specially selected problems in education. Does not apply to pattern requirements for credentials. Credit earned in this course not applicable to a bachelor's degree. (Formerly numbered Education 397.)

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 499. Special Study (1-3) I, II

Prerequisite: Consent of instructor. Open only to senior and graduate students in education who have shown ability to work independently.

Individual study. Maximum credit six units.

#### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 508. Teaching in the Middle School (3) I, II, S

Prerequisite: Completion of or admission to a credential program in elementary or secondary education.

Developmental characteristics of early adolescents that affect teaching and learning, rationale for organizational features unique to middle schools, and interdisciplinary curriculum development.

#### 522. Substance Abuse in the Schools (3)

Prerequisite: Health Science 574.

Development of school policy and school plan to include substance abuse prevention, identification, intervention, referral, and aftercare. Collaboration with parents, schools, agencies, and local communities.

#### 525. Discipline and Classroom Management (3) I, II

Prerequisite: Six upper division units in education, psychology or sociology.

Analysis of research and theories of classroom discipline, management, and teaching effectiveness, with practical application to the elementary and secondary classroom setting.

#### 526. Teaching the Special Child in the Regular Classroom (2)

Prerequisite: Teaching credential or admission to multiple subject credential program.

Knowledge, skills, and instructional programs for teaching handicapped students in the regular classroom. Meets the mainstreaming requirements for the California Multiple Subject Credential (clear). Not open to students with credit in Special Education 550, Teaching the Special Child in the Regular Classroom.

#### 546. Quantitative Methods in Educational Research (3) I, II

Basic tests of statistical significance with special reference to the interpretation of educational data.

#### 596. Topics in Teacher Education (1-3 or 6) I, II SP\*

Designed to meet the needs of individuals or groups of teachers who wish to develop or continue the study of some problem. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a master's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

\* Specified sections.

### Elementary Education

#### LOWER DIVISION COURSE

#### 290. Introduction to Elementary Education (3) I, II, S

Two lectures and two hours of activity.

Prerequisite: Sophomore standing.

Organization and structure of elementary schools; teacher roles; cultural, ethnic, and linguistic diversity in the public school environment. Directed school site observation required.

#### UPPER DIVISION COURSES (Intended for Undergraduates)

#### 301. Skills in Curriculum Organization (2) I, II

Four hours of activity.

Prerequisite: Admission to multiple subject credential program.

Skills in planning, following and evaluating long-range instruction in the various school subjects.

#### 302. Classroom Management Skills (1) I, II

Two hours of activity.

Prerequisite: Provisional or complete admission to multiple subject credential program.

Skills in interpreting the legal aspects of education, identifying various kinds of school and classroom organization, and using instructional media and verbal stimuli to facilitate learning. (Formerly numbered Teacher Education 300.)

#### 321. Skills in Applying Instructional Principles (2) I, II

Four hours of activity.

Prerequisite: Admission to multiple subject credential program.

Skills in using the principles of instruction related to readiness, motivation, efficiency of learning and transfer of learning to organize an effective learning environment for children.

#### 323. Psychological Foundations of Education (1-3) I, II, S

Two hours of activity per unit.

Prerequisites: Psychology 101 and admission to multiple subject credential program.

Implementing the learning process through interactive skills, using instructional principles to facilitate learning and changes in behavior and techniques used in assessing instruction and pupil growth.

#### 350. Community Study Skills (2) I, II

Four hours of activity.

Prerequisite: Provisional or complete admission to multiple subject credential program.

Skills in observing and interpreting professional values and the diversity of social, cultural, economic and educational values within elementary school communities.

**360. Basic Student Teaching Seminar (1-2) I, II Cr/NC**

Prerequisites: Admission to multiple subject credential program and concurrent registration in Teacher Education 460.

Discussion of immediate problems in student teaching with emphasis on children's growth and development.

**361. Advanced Student Teaching Seminar (1-2) I, II Cr/NC**

Prerequisites: Satisfactory completion of Teacher Education 360, 460; and concurrent registration in Teacher Education 461.

Discussion of immediate problems in student teaching with emphasis on the influence of philosophical, social and cultural factors on learning.

**362. Fieldwork in Community Service in Education (2) I, II**

One lecture and six hours of supervised fieldwork. Working on a tutorial basis with children and youth. Maximum credit four units.

**400. Techniques for Substitutes (3) I, II**

One lecture and four hours of activity. Prerequisite: Admission to a credential program or a teaching credential.

Preparation for persons entering the field of substituting. Skills in adapting to the temporary status of substitute teaching, compilation of substitute teaching materials, and workshops to create materials.

**410A. Teaching Mathematics in the Elementary School (1-2) I, II**

Two hours of activity per unit. Prerequisite: Admission to multiple subject credential program or possession of a teaching credential.

Instructional methods for the development of children's conceptual understanding, computational, and problem-solving skills in mathematics, including use and development of materials and programs.

**410B. Teaching Social Studies in the Elementary School (2) I, II**

Four hours of activity. Prerequisite: Admission to multiple subject credential program or possession of a teaching credential.

Developing curriculum, principles and materials of instruction, including instructional media and participation in elementary social studies education.

**410C. Teaching Science in the Elementary School (2) I, II**

Four hours of activity. Prerequisite: Admission to multiple subject credential program or possession of a teaching credential.

Developing curriculum, principles and materials of instruction, including instructional media and participation in elementary science education.

**410D. Teaching Art in the Elementary School (1-2) I, II**

Two hours of activity per unit. Prerequisite: Admission to multiple subject credential program or possession of a teaching credential.

Developing curriculum, principles, and materials of instruction, including instructional media and participation in elementary art education.

**410E. Teaching Music in the Elementary School (1-2) I, II**

Two hours of activity per unit. Prerequisite: Admission to multiple subject credential program or possession of a teaching credential.

Developing curriculum, principles and materials of instruction, including instructional media and participation in elementary music education.

**410F. Teaching Science and Social Studies in the Elementary School (1-3) I, II**

Two hours of activity per unit. Prerequisite: Admission to multiple subject credential program or possession of a teaching credential.

Developing and using instructional programs to facilitate growth in

critical thinking and using informational resources to learn and apply concepts and generalizations from the various sciences and social sciences.

**460. Basic Student Teaching in Elementary Schools (1-12) I, II Cr/NC**

Prerequisites: Admission to multiple subject credential program and concurrent registration in Teacher Education 360.

Day-to-day teaching experiences including selected instructional activities for which a teacher in a classroom is normally responsible.

**461. Advanced Student Teaching in Elementary Schools (1-12) I, II Cr/NC**

Prerequisites: Satisfactory completion of Teacher Education 360, 460, and concurrent registration in Teacher Education 361.

Teaching experiences including all the instructional activities for which a teacher in a classroom is normally responsible.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)****511. Diagnosis and Remediation of Difficulties in Mathematics (3)**

The assessment and remediation of underachievers in mathematics. Techniques in determining difficulties in mathematics and prescribing remedial work; for use by elementary and secondary classroom teachers and mathematics education specialists.

**512. Arts and Crafts for Teachers: A Multicultural Approach (3)**

One lecture and four hours of activity. Prerequisite: Twelve units in education. Art histories and craft traditions from world cultures. Creation of instructional materials from different cultural sources.

**Secondary Education****UPPER DIVISION COURSES  
(Intended for Undergraduates)****402. Foundations of Education (3) I, II  
(Offered at IVC only)**

Combines disciplines of anthropology, economics, history, philosophy, political science, psychology, and sociology to introduce student to concepts and generalizations informing the teaching and learning process in modern classrooms.

**403. Secondary School Student Teaching Seminar (1-3) I, II Cr/NC**

Prerequisites: Teacher Education 423, 433, 453, 454, 463. To be taken concurrently with Teacher Education 464.

To plan and organize instruction in relation to all competencies acquired and to be implemented in an on-site, full-time student teaching assignment. May be repeated with new content. Maximum credit three units.

**414. Teaching and Learning in the Content Area: Major (2)**

Prerequisite: Admission to teacher education credential program. Teaching strategies in content specific fields of study taken concurrently with student teaching. See Class Schedule for specific content.

**415. Methods and Materials of Instruction (3) I, II  
(Offered at IVC only)**

Prerequisites: Admission to single subject teaching credential program and student teaching. To be taken concurrently with Teacher Education 463 or 464.

Teaching concerns, instructional planning and materials, classroom management, measurement and evaluation, effective discipline, curriculum, computer literacy, special problems encountered in teaching, career planning, school-community communication processes.

**423. Behavioral and Psychological Aspects of Teaching (4) I, II**

Prerequisites: Teacher Education 453 and admission to single subject credential program. To be taken concurrently with Teacher Education 454 and 463.

Teacher competencies as they relate to learning theories, adolescent growth, self-assessment, measurement and evaluation.

**453. The Secondary School (3) I, II**

To screen, advise, and initiate admission requirements. Includes fieldwork assignment, demonstration of oral and writing competencies, and initial teacher professional competencies.

**454. Humanistic and Social Aspects of Teaching (4) I, II**

Prerequisites: Teacher Education 453 and admission to single subject credential program. To be taken concurrently with Teacher Education 423 and 463.

Teacher competencies as they relate to values, awareness, self-concept, rights and responsibilities.

**456. Law and Teaching (1)**

Prerequisite: Admission to teacher education or a valid teaching credential. Impact of statutory and case law on teaching.

**463. Secondary School Student Teaching I (1-6) I, II Cr/NC/SP**

Prerequisites: Teacher Education 453 and admission to single subject credential program. To be taken concurrently with Teacher Education 423 and 454. Teacher Education 433 is highly recommended to be taken at this time (not required for majors in art, music and physical education). Student must provide own transportation to student teaching site.

On-site, part-time experience to implement teacher competencies developed in Teacher Education 423 and 454. Maximum credit six units.

**464. Secondary School Student Teaching II (1-12) I, II Cr/NC/SP**

Prerequisites: Teacher Education 423, 433 (except majors in art, music, and physical education), 453, 454, 463, and Educational Technology 404. To be taken concurrently with Teacher Education 403. Student must provide own transportation to student teaching site.

On-site, full-day experience to implement teacher competencies as developed from the total professional sequence. Maximum credit twelve units.

**Reading and Language Arts****UPPER DIVISION COURSES  
(Intended for Undergraduates)****396W. Advanced Writing Skills in Education (3)**

Prerequisites: Satisfies University upper division writing requirement for students who have completed 60 units, fulfilled the Writing Competency requirement, and completed the General Education requirement in Written Communication. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.

Writing to improve communication in educational and related subjects, including reports, proposals, and articles.

**430A. Teaching Reading in the Elementary School (1-3) I, II**

Two hours of activity per unit. Prerequisite: Admission to multiple subject credential program or possession of a teaching credential.

The nature of reading as a human behavior, the various approaches, materials, and techniques used in teaching reading.

**430B. Teaching Language Arts in the Elementary School (1-2) I, II**

Two hours of activity per unit. Prerequisite: Admission to multiple subject credential program or possession of a teaching credential.

Selecting, designing and evaluating appropriate learning experiences to assure children's growth in language arts.

**432. Skills in Teaching Remedial Reading (1) I, II**

Two hours of activity. Prerequisites: Admission to multiple subject credential program and Teacher Education 431.

Skills in diagnosing and remediating children's reading difficulties.

**433. Teaching of Reading in the Secondary School (3) I, II**

Teacher competencies as they relate to the teaching of reading/writing and diagnosing needs in the content areas.

**434. Teaching of Reading (3) I, II  
(Offered at IVC only)**

Two lectures and two hours of laboratory. Nature of reading as a human behavior, various approaches and materials used to facilitate student growth in learning to read.

**UPPER DIVISION COURSES  
(Also Acceptable for Advanced Degrees)****530. Children's Literature in Elementary Education (3) I, II**

A survey of children's literature; the selection and use of material in the elementary classroom.

**531. Storytelling (3)**

Prerequisites: Basic language arts course, children's literature. Art of storytelling, including planning of the story hour, locating suitable materials, techniques for learning and presenting various story types. Selection of literature appropriate for oral presentation to different groups and age levels.

**536. Reading Diagnosis (3)**

Prerequisites: Valid teaching credential and consent of instructor. Formal and informal diagnosis of reading difficulties and the exploration of remedial techniques.

**GRADUATE COURSES  
Refer to the Graduate Bulletin**

# Telecommunications and Film

In the College of Professional Studies and Fine Arts

OFFICE: Professional Studies and Fine Arts 222  
TELEPHONE: (619) 594-6575

## Faculty

Emeritus: Jones, Lee  
Chair: Real  
The Van Deerin Professor: Mickelson  
Filmmaker in Residence: Ofield  
Professors: Anderson, Heighton, Jameson, Johnson, Madsen, Real, Witherspoon, Wylie  
Associate Professors: Durbin, Meador  
Assistant Professor: Blue

## Offered by the Department

Master of Arts degree in radio-television.  
Major in radio-television, with the B.A. degree in applied arts and sciences.  
Major in radio-television, with the B.S. degree in applied arts and sciences.  
Major in drama, with emphasis in design for television.  
See Drama.  
Minor in radio-television.

## The Major

As a result of the rapid development of new communications technology and applications, there is an increasing demand for effective communicators and management personnel in the fields of telecommunications and film. The goals of the radio-television major are to provide students with operational skills and experience in the various phases of radio, television and film, production, and management.

To fulfill these needs, the curriculum provides a professionally oriented, academically sound education in the art, management, and science of communication through the media of telecommunications and film.

To name but a few, career opportunities for radio-television majors include positions in public relations and advertising; in television, with positions in management, sales, programming, writing, producing and directing, and art direction; in radio, with positions in management, sales, programming, writing, and producing and directing; in film, with positions in cinematography, directing, editing, producing, art direction, writing, studio management and production management; and in new technologies, including computer conferencing, data networks, teletext, and satellites.

## Radio-Television Major

With the B.A. Degree in Applied Arts and Sciences  
(Major Code: 06031)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

The B.A. degree is designed for students interested in developing a more liberal education as they develop competency in, and understanding of, radio, television and film. The B.A. degree permits flexible programs utilizing courses in and out of the department which will prepare students in such broad areas as design for television and film, media communications theory, broadcast advertising, instructional radio and television, and the like.

A minor is required with this major.

**Preparation for the Major.** Telecommunications and Film 100, 110, 121, 122, 123, and 160. (18 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W with a grade of C (2.0) or better.

**Major.** A minimum of 24 upper division units in telecommunications and film to include Telecommunications and Film 500 or 505 and 21 units of electives selected with the approval of the department. No more than 27 upper division units in telecommunications and film may be counted toward the 124 units required for graduation.

## Radio-Television Major

With the B.S. Degree in Applied Arts and Sciences  
(Major Code: 06031)

All candidates for a degree in applied arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

The B.S. degree is designed to prepare students for professions in radio, television and film or for occupations where extensive knowledge of these media is required.

A minor is not required with this major.

**Preparation for the Major.** Telecommunications and Film 100, 110, 121, 122, 123, 160. Telecommunications and Film 120, 260, and 280 are required for students selecting the production sequence; 260 or 280 is required for students selecting 401 in the management sequence. (18-27 units)

**Upper Division Writing Requirement.** Passing the University Writing Examination or English 305W with a grade of C (2.0) or better.

**Major.** A minimum of 36 upper division units to include a core professional sequence, a minimum of six units in an allied professional sequence, and six to twelve units of electives as required.

## Core Professional Sequences

**Management:** Telecommunications and Film 310, 400, 500, 505, 540 and six units selected from Telecommunications and Film 401, 530, 535. (21 units.)

**Production:** Telecommunications and Film 401, 510, 551, and nine units selected from Telecommunications and Film 520, 550, 560, 580. (18 units.)

## Allied Professional Sequences

(Courses taken in Core Professional Sequences cannot be counted toward the Allied Professional Sequence.)

**Advertising:** Journalism 460, 463, 465, 466, 480; Marketing 370, 371, 372, 373, 470, 472; Psychology 322, 342; Telecommunications and Film 400, 440, 540.

**Communication:** Political Science 326; Psychology 321, 326, 340; Sociology 410, 430, 537; Speech Communication 307, 360, 406, 407, 445, 451, 475, 491, 535, 580, 589, 592.

**Criticism:** Linguistics 551; Music 351; Philosophy 523, 531, 541, 542; Speech Communication 530.

**Education:** Educational Technology 471, 540, 541, 544.

\* **Graphic Art:** Industrial Technology 381, 482.

\* **Industrial Arts:** Industrial Technology 341, 361, 443, 444, 462, 563.

\* **Information Systems:** Information and Decision Systems 480, 482.

\* Additional prerequisites required for courses in these sequences.

**International Media:** Geography 312, 350, 354; Political Science 375, 381, 382, 577; Telecommunications and Film 363, 590.

**Law and Government:** Journalism 502; Political Science 335, 346, 347A, 347B; Telecommunications and Film 505.

**Management:** Management 350, 352, 356, 453, 454; Telecommunications and Film 401, 500.

**Mass Communication:** Journalism 408, 500, 503, 509; Political Science 310, 326; Psychology 322, 326, 342; Sociology 335, 406, 410, 430, 456; Telecommunications and Film 400, 562, 575.

**News:** Journalism 310, 320, 425, 474, 475, 502, 529; Telecommunications and Film 310, 505.

**Performance:** Drama 431, 445, 532; Speech Communication 307, 308, 592; Telecommunications and Film 390, 391.

**Playwriting:** Drama 420; English 524, 527, 578, 581W; Telecommunications and Film 510.

**Production Design and Management:** Art 381, 451, 481, 581; Drama 440, 448, 540, 545A; Psychology 320; Telecommunications and Film 550, 551.

**Research Methods:** Telecommunications and Film 400; Information and Decision Systems 301, 366; Journalism 509; Psychology 322, 342, 470; Sociology 406, 407.

## Radio-Television Minor

The minor in radio-television consists of a minimum of 15-18 units, 12 units of which must be in upper division. The minor is a focused pattern of courses selected with the approval of the departmental adviser for minors. Requirements for admission to the minor are sophomore standing (30 or more units completed) with a minimum grade point average of 3.0 overall and a grade of B or better in either Telecommunications and Film 100, 160 or 315.

Radio-television minors may select one of the following areas:

**Film as Art and Communication:** Telecommunications and Film 160, 363, 364, 562, and three units of electives.

**Public Telecommunications:** Telecommunications and Film 100 or 315, 505\*, 575, 590.

**Telecommunications Management:** Telecommunications and Film 100 or 315, 500\*, 505\*, and nine units selected from the following: Telecommunications and Film 400\*, 440, 530\*, 535\*, 540, 575.

Obtaining courses to fulfill this minor is not easy because of the high demand for courses.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

\* For students in the minor, Telecommunications and Film 315 may be substituted for Telecommunications and Film 100 as a prerequisite for these courses.

## Courses

### LOWER DIVISION COURSES

#### 100. Background in Broadcasting (3) I, II

Theory and operation of the broadcasting industry to include the history and regulation of broadcasting in the U.S., the social and economic setting of American broadcasting and the organization of commercial and educational radio and television stations.

#### 101. History of American Film Industry (3) II

Major forces that shaped and are shaping the American motion picture industry. How the character and direction of the industry has been determined by corporate structure of the motion picture industry. Problems associated with censorship and impact of new technologies.

#### 110. Telecommunications and Film Writing (3) I, II

Prerequisites: Satisfaction of the English Placement Test and Writing Competency requirements. Ability to type. **Proof of completion of prerequisites required:** Copy of EPT or competency scores or verification of exemption; proof of Cr in Academic Skills 97A or 97B, or notification from Academic Skills. Limited to telecommunications and film majors.

Theory and practice in writing for electronic and film media. Audience analysis, problems of timing, aural style, scripting techniques.

#### 120. Staging and Art for Television and Film (3) I, II

Two lectures and three hours of activity.

Prerequisite: Limited to telecommunications and film majors; and to drama majors with design for television emphasis who have approval of the emphasis adviser. **Proof of completion of prerequisite required:** Change of major form or other evidence of acceptable major code in telecommunications and film or approval from design for TV emphasis adviser in drama. Students who cannot prove prerequisite completion will be administratively dropped from class.

Aesthetic considerations and technical practices in staging, lighting, and graphics for television and film. Practical experience in university sponsored productions.

#### 121. Audio Production (3) I, II

Two lectures and three hours of activity.

Prerequisite: Limited to telecommunications and film majors. Theory of audio production, use of basic audio equipment, and basic sound production. Practical experience in University sponsored productions.

#### 122. Still and Motion Picture Photography (3) I, II

Two lectures and three hours of activity.

Prerequisite: Limited to telecommunications and film majors. Basic film equipment and its use in preparation of photographic materials for film and TV production. Practical experience in University sponsored productions.

#### 123. Video Production (3) I, II

Two lectures and three hours of activity.

Prerequisite: Limited to telecommunications and film majors. Television control room, studio, and auxiliary equipment and their use in production of programs. Practical experience in University sponsored productions.

#### 160. Cinema as Art and Communication (3) I, II

An appreciative survey of cinema in its diverse forms. Historical and stylistic influences on the aesthetic values and social implications of cinema. Illustrated by screen examples.

#### 260. Film Techniques (3) I, II

Two lectures and more than three hours of activity.

Prerequisites: Telecommunications and Film 110, 120, 121, 122, with average grade of 2.0 or better. Principles of film theory and practice in cinematography and editing; use of motion picture equipment. Technique and theory as they apply to the several filmic forms. Preparation of filmed materials.

#### 280. Television Production and Directing (3) I, II

Two lectures and more than three hours of activity.

Prerequisites: Telecommunications and Film 110, 120, 121, 122, 123, with average grade of 2.0 or better. Theory and practice in the skills and knowledge of television production. Includes basic program types, responsibilities of director, and director's relationships to production staff.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**UPPER DIVISION COURSES**  
(Intended for Undergraduates)

- 310. Radio and Television News Writing and Editing (3) I, II**  
Prerequisite: Ability to type.  
Gathering, writing and editing news in special forms required by radio and television. This course not open to students with credit in Journalism 470.
- 315. Theory and Criticism of Broadcasting and Film (3) I, II**  
Social, political, and economic criticism of broadcasting and film. Function of radio, television, and film in the mass communication process.
- 320. Film and Video Aesthetics (3) II**  
Prerequisite: Telecommunications and Film 160.  
Ways cinematic texts (films and video) work as language systems and complex cultural products. Major film and video theorists analyzed according to their contribution to the field.
- 325. Video and Film Production for Non-Majors (3) I, S**  
Two lectures and three hours of laboratory.  
Prerequisite: Upper division standing.  
Technical and aesthetic principles and practices applicable to nonfictional and fictional presentations by video and film. Practical experience in basic video and film production and postproduction techniques. Not open to telecommunications and film majors and students with credit in Educational Technology 553.
- 363. International Cinema (3) I**  
Foreign feature films as expression of national cultures. Maximum credit six units of which three units may be applicable to General Education. May be repeated with new content. See Class Schedule for specific content.
- 364. Film Classics (3) I, II**  
Prerequisite: Upper division standing.  
Viewing and analysis of those American and foreign theatrical films, particularly of the sound era, which represent milestones in the development of the cinema. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.
- 390. Broadcast and Film Performance (3) I**  
Two lectures and three hours of activity.  
Prerequisite: Drama 110.  
Preparation and delivery of materials before the microphone and camera. Practical experience in University sponsored productions.
- 391. Acting for TV and Film (3) II**  
Two lectures and three hours of activity.  
Prerequisite: Drama 130.  
Interrelationship between acting and the various media — radio, television, film. Experience in film and television productions. Practical experience in University sponsored productions.
- 400. Broadcast Research (3)**  
Prerequisite: Telecommunications and Film 100.  
Research in radio and television decision-making processes. Methodologies, analyses and applications of audience, programming, and advertising research.
- 401. Business Aspects of Television and Film Production (3) I, II**  
Prerequisites: Telecommunications and Film 260 or 280 or 325. Normally taken concurrently with Telecommunications and Film 560 or 580.  
Financing, preproduction planning, and postproduction of television and film.
- 440. Broadcast Commercial Practices (3)**  
Prerequisite: Twelve units in telecommunications and film.  
Consideration of the structure and procedures in broadcast advertising organizations, policies, training, and evaluation of research tools.

- 495. Workshop in Telecommunications and Film (1-3)**  
Study of some problem in radio, television or film. Maximum credit six units. (Formerly numbered Telecommunications and Film 495A.)
- 496. Experimental Topics (1-3)**  
Prerequisites: Upper division standing, permission of instructor.  
Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.
- 497. Internship in Telecommunications and Film (3) I, II Cr/NC**  
Supervised work in area telecommunications and film organizations under combined supervision of professionals and professors. (Formerly numbered Telecommunications and Film 495B.)
- 499. Special Study (1-3) I, II**  
Prerequisite: Consent of instructor.  
Individual study. Maximum credit six units.

**UPPER DIVISION COURSES**  
(Also Acceptable for Advanced Degrees)

- 500. Broadcast Management (3) I, II**  
Prerequisite: Telecommunications and Film 100.  
Administration and organization of radio and television, including radio and television as advertising media, broadcasting research, station organization, promotion and sales, and current developments in radio and television as mass media.
- 505. Government and Broadcasting (3) I, II**  
Prerequisite: Telecommunications and Film 100.  
Responsibilities of broadcasters as prescribed by law, governmental policies and regulations, and significant court decisions.
- 510. Script Writing for Broadcasting and Film (3) I, II**  
Prerequisites: Telecommunications and Film 260 or 280, and satisfaction of the English Placement Test and Writing Competency requirements. **Proof of completion of prerequisites required:** Test scores or verification of exemption; grade report or copy of transcript.  
Development of a single program and series ideas. Scripting of dramatic original and adaptation forms, and the documentary.
- 520. Directing Television and Film Drama (3) I, II**  
Two lectures and three hours of activity.  
Prerequisite: Telecommunications and Film 260 or 280.  
Planned for prospective directors of plays for television and film. The student will become acquainted with principles, procedures and methods. Practical experience in University sponsored productions.
- 530. Radio Programming (3) II**  
Two lectures and three hours of scheduled activity.  
Prerequisites: Telecommunications and Film 100 and 121.  
Formats, policies, production practices and research in modern programming. Student work is broadcast on KPBS-FM.
- 535. Television Programming (3) I**  
Prerequisite: Telecommunications and Film 100.  
Structure of television programming. Problems such as ratings, advertisers and scheduling. Social effects and criticism of television programming.
- 540. Broadcast Advertising (3) I, II**  
Prerequisites: Two courses in broadcasting, journalism or marketing.  
Theory, procedures, and the role of broadcast advertising, including marketing and media research, campaign planning, media strategy, time purchasing, and evaluation.

- 550. Art Direction for Television and Film (3) I, II**  
One lecture and four hours of activity.  
Prerequisites: Telecommunications and Film 260 or 280 or 325 and consent of instructor.  
Aesthetic, technical, and administrative aspects of design for television and film. Experience in scenic design, construction, decoration, lighting, and special effects. Practical experience in University sponsored productions. (Formerly numbered Telecommunications and Film 550B.)
- 551. Production Design for Television and Film (3) I, II**  
Prerequisite: Credit or concurrent registration in Telecommunications and Film 401.  
Theory and analysis of production design concepts for television and film. Determination of stylistic and technical requirements for fictional and nonfictional productions. (Formerly numbered Telecommunications and Film 550A.)
- 560. Advanced Film Production (3) I, II**  
One lecture and more than six hours of activity.  
Prerequisites: Telecommunications and Film 260, 510 and consent of instructor.  
Practicum in direction and production of 16mm dramatic and nondramatic films. Cameras, lighting, design, sound techniques. Experience in University sponsored productions. Maximum credit six units. (Formerly numbered Telecommunications and Film 560A-560B.)
- 562. Documentary and Propaganda Film/Television (3) I, II**  
Prerequisite: Telecommunications and Film 160.  
Analysis through viewing of persuasive concepts, techniques, and forms in international and documentary film and television programs.
- 565. Animated Film Techniques (3) II**  
Two lectures and more than three hours of activity.  
Screening of representative examples and production of a filmograph or animated motion picture. Practical experience in University sponsored productions.

- 575. Technological Trends in Telecommunication (3) I**  
Prerequisite: Twelve units in telecommunications and film.  
Developments and trends in telecommunication and related technology, with their implications for the future.
- 580. Advanced Television Producing and Directing (3) I, II**  
One lecture and more than six hours of activity.  
Prerequisites: Telecommunications and Film 280, 510 and consent of instructor.  
Program development, presentational techniques and individual projects in the producing, direction and production of television programs. Practical experience in University sponsored productions. Maximum credit six units. (Formerly numbered Telecommunications and Film 580A-580B.)
- 590. International Broadcasting (3)**  
Prerequisite: Telecommunications and Film 100 or 315, or Journalism 200.  
Comparative study of broadcasting in various world areas; economic, social and political determinants of broadcasting patterns.
- 596. Selected Topics in Telecommunications and Film (1-3) I, II**  
Prerequisite: Twelve units in telecommunications and film.  
Specialized study of selected topics from the areas of telecommunications and film. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree. Maximum credit of six units of 596 applicable to a bachelor's degree. Maximum combined credit of six units of 596 and 696 applicable to a 30-unit master's degree.

**GRADUATE COURSES**  
Refer to the Graduate Bulletin.

**Urban Studies**

Refer to "Interdisciplinary Programs" in this section of the catalog.

# Women's Studies

In the College of Arts and Letters

## Faculty

Chair: Zimmerman  
Professors: Watson, Zimmerman  
Associate Professors: Cayleff, Huckle, Jones, Kohen  
Lecturers: Kleiber, Phillips

## Offered by Women's Studies

Major in women's studies.  
Minor in women's studies.

## The Major

Women's studies explores who women were, who women are, who they might be, and how their lives and human interactions are affected by society's values, traditions, and institutions. SDSU has offered courses in women's studies since 1969 and has one of the strongest academic programs in the nation. Its origins are in the women's movement, and its vision includes a world free of sexual, racial, age, and class distinctions and other inequalities.

Courses are designed to provide students with a coherent, integrated, and academically rigorous education. Content areas include concepts of self and family, theories of sex differences, history, cultural contributions, and the study of society's institutions. The emphasis is on increasing the awareness of objective conditions in women's lives throughout the world, and on developing critical analytical skills.

A degree in women's studies may be used as preparation for a wide range of careers. Professional opportunities exist in political and social agencies working with women and developing public policy on women's issues such as health care, employment, family violence, and education. Women's studies students prepare for careers in such fields as law, journalism, public administration, social services, personnel, and psychology. The skills that women's studies majors develop in critical thinking and analysis are highly valued in many additional occupations and professions today. A women's studies major may also go on to advanced academic work preparing for a career as a woman's studies scholar.

Many women's studies majors plan double majors to enhance their career opportunities.

## Women's Studies Major

With the B.A. Degree in Liberal Arts and Sciences  
(Major Code: 49991)

All candidates for a degree in liberal arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements."

Students majoring in women's studies must complete a minor in another field to be approved by the chair or major adviser of the department.

**Preparation for the Major.** Women's Studies 101 or 330, and 201 and 205: (9 units)

**Foreign Language Requirement.** Competency (equivalent to that which is normally attained through three consecutive semesters of college study) is required in one foreign language as part of the preparation for the major. Refer to section of catalog on "Graduation Requirements."

**Upper Division Writing Requirement.** Passing the University Examination or completing one of the approved writing courses with a grade of C (2.0) or better.

OFFICE: Adams Humanities 3138  
TELEPHONE: (619) 594-6524

**Major.** A minimum of 24 upper division units to include twelve units from Group I; six units from Group II; and Women's Studies 590 and 595 or 597.

**Group I:** Women's Studies 310, 320, 325, 335, 340, 341A-341B, 351, 352, 356, 360, 370, 375, 390.

**Group II:** (Prerequisite: Three upper division units in women's studies.) Women's Studies 485, 515, 521, 522, 536, 553, 565, 580.

## Women's Studies Minor

The minor in women's studies consists of a minimum of 18 units in women's studies to include Women's Studies 101 or 330, and 201 or 205; the remaining 12 units must be upper division and include at least one course from three of the following groups:

**Group A:** Courses which investigate the experience of women in varying cultures, subcultures and historical eras — Women's Studies 310, 335, 340, 341A-341B, 515.

**Group B:** Courses which examine biological, psychological and sociological influences on women's personality and behavior — Women's Studies 320, 325, 360, 390, 521, 522, 565.

**Group C:** Courses which explore artistic expression by and about women — Women's Studies 351, 352, 356, 553.

**Group D:** Courses which examine the roles of women in political and economic life — Women's Studies 370, 375, 485, 536, 580.

Students planning graduate work in women's studies should include Women's Studies 590 and 595.

Courses in the minor may not be counted toward the major, but may be used to satisfy preparation for the major and general education requirements, if applicable. A minimum of six upper division units must be completed at San Diego State University.

## Courses

### LOWER DIVISION COURSES

#### 100. New Views of Women (1) Cr/NC

Lecture series.  
Overview of new research and fresh interpretation about women, feminism and changing relationships between the sexes. Presentations from the perspective of various disciplines.

#### 101. Women: Self and Society (3) I, II

Perspectives on women's personal and public lives. Emphasis on integrating individual experiences with social and cultural contexts.

#### 201. Sexism and the Social Sciences (3) I, II

Images of women and men and their roles in society viewed through a feminist critique of conventional concepts and modes of thought in disciplines dealing with human interaction; also proposing alternative strategies for research.

#### 205. Women in Western Civilization (3) I, II

Concepts of womanhood in mythic, classic, Judeo-Christian, and major modern philosophical traditions. Images and roles of women found in the humanities; their impact and contemporary relevance.

#### 296. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

### UPPER DIVISION COURSES (intended for Undergraduates)

#### 301. Topics in Feminism (1-3)

Feminism from varying disciplinary and cross-disciplinary perspectives to include femininity and feminism; socialism and feminism; future dreams and designs. Primarily for the general student. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

#### 310. Women in Cross-Cultural Perspective (3) I, II

Women from an anthropological perspective; social, economic, legal and ideological aspects of women's position in selected preindustrial or transitional compared with industrial societies.

#### 320. Socialization of Women (3) I, II

Theories of socialization; summary of studies on the impact of formal and informal social institutions on female development.

#### 325. Psychology of Women (3) I, II

Theories of the psychological development of women; investigation of biological and cultural factors influencing personality and behavior.

#### 330. The Women's Movement Today (3)

Intensive study of the contemporary women's movement; feminist views of political, economic and social institutions which affect women's lives. Not open to students with credit in Women's Studies 101.

#### 335. Women-Identified Women (3)

Historical, cultural, and social exploration of lesbianism in Western civilization. Topics include myths and stereotypes, homophobia, history and literature, psychological and political theories, and current conditions.

#### 340. Women in Modern European History (3) I, II

Social, cultural, economic, political and ideological aspects of women's history in the modern period. Impact of modernization on roles of women in family and society from the eighteenth to the mid-twentieth centuries in Europe.

#### 341A-341B. Women in American History (3-3) I, II

History of American social, cultural, economic, political, and intellectual institutions, focusing on the role and perspective of women. Semester I: From colonization to 1860; Semester II: From 1860 to the present. The year course meets the graduation requirements in American Institutions, U.S. Constitution, and California state and local governments.

#### 351. Women in the Arts (3)

Images of women in society as reflected in the plastic, graphic and performing arts; artistic contribution of women. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

#### 352. Women in Literature (3) I, II

Literature by and about women; appraisals of women's place in various literary genres; historical and contemporary themes; evolution of forms and techniques.

#### 356. Women in Popular Culture (3)

Images and concepts of womanhood found in popular culture and mass media. Topics include critical theories, popular literature, television, women's magazines, myth and ritual, and the impact of feminism.

#### 360. Women's Sexuality (3)

Historical changes in women's perceived sexual natures; role of medical and scientific expertise; research and theory on psychological, social, and cultural aspects of women's sexuality; relationships among social beliefs, expectations, customs and traditions, and among sexual behavior responses and identity.

#### 370. Women and the Law (3) I, II

Legal factors affecting women in employment, education, health and welfare, property ownership and criminal justice, including investigation of public policy issues which affect women's lives.

#### 375. Sex, Power, and U.S. Politics (3) I, II

Social, economic and political factors which explain women's political status and participation. Topics include institutional structures, leadership and ideology, power and authority, and the women's movement as a political movement.

#### 390. Women and Education (3)

History of women in education; the educational process and female role socialization; research into personnel policies, law, and curriculum; women and girls as consumers and producers of education; feminist research and pedagogy.

#### 485. Women's Work (3)

Prerequisite: Three upper division units in women's studies.  
Conditions and factors affecting women's paid and unpaid work. Marriage, divorce, fertility, and childcare; women's occupations, earnings and education; the economics of sex discrimination; government economic policies and women's welfare.

#### 496. Experimental Topics (1-4)

Selected topics. May be repeated with new content. See Class Schedule for specific content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

#### 498. Field Internship (3) I, II Cr/NC

Prerequisites: Three upper division units in women's studies and consent of instructor.  
Observation and analysis of public and private agencies which deal primarily with women in the San Diego area. Maximum credit six units.

#### 499. Special Study (1-3)

Prerequisites: Three upper division units and consent of the department chair and instructor.  
Individual study. Maximum credit six units.

### UPPER DIVISION COURSES (Also Acceptable for Advanced Degrees)

#### 515. Women: Mythology and Ritual (3)

Prerequisite: Three upper division units in women's studies.  
Meanings and functions of myths and rituals in their sacred and secular aspects, emphasizing their impact on women's lives and relationships in differing cultural contexts, past and present (Formerly numbered Women's Studies 415.)

#### 521. Life Cycles of Women (3)

Prerequisite: Three upper division units in women's studies.  
Women's developmental processes across the life cycle; their impact on women, men, and the family, including life passages related to adolescence, marriage, motherhood, divorce, widowhood, "second careers," and aging in varying socioeconomic and cultural contexts. (Formerly numbered Women's Studies 421.)

#### 522. Women: Madness and Sanity (3)

Prerequisite: Three upper division units in women's studies.  
Concepts of mental health and mental illness as applied to women. Theory of psychotherapy, both traditional and feminist. Alternative approaches to mental health. (Formerly numbered Women's Studies 422.)

#### 536. Women, Race, and Class (3)

Prerequisite: Three upper division units in women's studies.  
Major issues and themes in the history, culture, and contemporary lives of women of color in the U.S. Analysis of theories explaining similarities and differences in opportunities and life choices. Roles within social and political movements.

#### 553. Women Writers (3)

Prerequisite: Three upper division units in women's studies.  
Literary, historical, and social consideration of women writers; may focus on one author, era, or theme. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units. Limit of three units applicable to the major in women's studies. (Formerly numbered Women's Studies 453.)

**565. Women, Health, and Medicine (3)**

Prerequisite: Three upper division units in women's studies.  
Historical and contemporary relationship of women to alternative and traditional healing systems. Illness labeling, folk-healing beliefs, sectarian medicine, reproduction, birth control, life-cycle events, roles as practitioners and patients, ethical controversies, and aging. (Formerly numbered Women's Studies 365.)

**580. Women: Comparative National Development and Politics (3)**

Prerequisite: Three upper division units in women's studies.  
Comparative analysis of the place of women in selected political and economic systems, and processes which determine political power. Role of women as agents and recipients in development programs. Theoretical and methodological research issues. (Formerly numbered Women's Studies 480.)

**590. Feminist Thought (3) I**

Prerequisite: Six upper division units in women's studies.  
Readings in feminist theory and contemporary theoretical perspectives on core concepts and issues in feminist scholarship. Focus on understanding from a feminist perspective and on the significance of analyzing female experiences.

**595. Seminar in Women's Studies (3) II**

Prerequisites: Six upper division units in women's studies and consent of instructor.  
Directed research in women's studies. Field of investigation will vary with instructor. Methods of investigation, development of bibliography, presentation of paper based on original research. See Class Schedule for specific content.

**596. Topics in Women's Studies (3)**

Prerequisite: Consent of instructor.  
Advanced topics in women's studies. See Class Schedule for specific content. May be repeated with new content. Limit of nine units of any combination of 296, 496, 596 courses applicable to a bachelor's degree.

**597. Research Project (3) I, II**

Prerequisites: Six upper division units in women's studies and consent of adviser.  
Individual research project. May be taken in place of Women's Studies 595, Seminar in Women's Studies.

**GRADUATE COURSES**

Refer to the Graduate Bulletin.

# Faculty and Administration 1989-1990

- Day, Thomas B. (1978)** ..... President, Professor of Physics  
B.S., University of Notre Dame; Ph.D., Cornell University.
- Abbott, Mitchell T. (1964)** ..... Professor of Chemistry  
B.Sc., Ph.D., University of California, Los Angeles.
- Abbott, Patrick L. (1971)** ..... Professor of Geological Sciences  
B.S., San Diego State University; M.A., Ph.D., University of Texas at Austin.
- Abut, Husayin (1981)** ..... Professor of Electrical and Computer Engineering  
B.S.E.E., Robert College; M.S.E.E., Ph.D., North Carolina State University.
- Adams, Elsie B. (1971)** ..... Professor of English and Comparative Literature  
B.S., M.A., Ph.D., University of Oklahoma.
- Addo, Theophilus (1987)** ..... Assistant Professor of Information  
and Decision Systems  
B.Sc., University of Ghana; M.B.A., Indiana University; M.S.T.M., American  
University; Ph.D., Indiana University, Bloomington.
- Aguado, Edward (1982)** ..... Associate Professor of Geography  
B.A., M.A., University of California, Los Angeles; Ph.D., University of Wisconsin.
- Aitken, Stuart C. (1986)** ..... Assistant Professor of Geography  
B.Sc., Glasgow University; M.A., Miami University; Ph.D., University of Western  
Ontario.
- Ajemian, James A. (1970)** ..... Assistant Professor of Social Work  
A.B., Harvard University; M.S., Columbia University; Ph.D., University of Michigan.
- Alcasser, Sandra B. (1986)** ..... Associate Professor of English  
B.A., Purdue University; M.F.A., University of Montana.
- Allan, Barbara E. (1969, except S'70)** ..... Lecturer in Teacher Education  
A.B., M.A., San Diego State University.
- Allan, Brockenbrough S. (1982)** ..... Associate Professor of Educational Technology  
A.B., M.A., University of California, Berkeley; Ph.D., University of Southern  
California.
- Allen, Elizabeth J. (1971)** ..... Professor of Communicative Disorders  
A.B., Seattle Pacific College; M.A., Ph.D., Louisiana State University.
- Allen, Michael F. (1988)** ..... Associate Professor of Biology  
B.S., Southwestern College, Kansas; M.S., Ph.D., University of Wyoming.
- Almond, Frank W. (1968)** ..... Professor of Music  
A.B., M.A., San Diego State University; Ph.D., Florida State University.
- Alvarado, Elizabeth R. (1974)** ..... Counselor  
A.B., California State University, Northridge; M.S., San Diego State University.
- Anantha, Kasi (1981)** ..... Professor of Mathematical Sciences  
B.A., M.Sc., Ph.D., Madras University.
- Andersen, Janis F. (1981)** ..... Professor of Speech Communication  
B.A., M.A., Bradley University; Ed.D., West Virginia University.
- Andersen, Peter A. (1981, except 1983-85)** ..... Professor of  
Speech Communication  
B.A., University of Illinois; M.S., Illinois State University; Ph.D., Florida State  
University.
- Anderson, Dwight G. (1969)** ..... Professor of Political Science  
A.B., University of Montana; M.A., Ph.D., University of California, Berkeley.
- Anderson, Hayes L. (1966)** ..... Professor of Telecommunications and Film  
A.B., Oregon State University; M.A., Ph.D., Michigan State University.
- Andrain, Charles F. (1964)** ..... Professor of Political Science  
A.B., Whittier College; M.A., Ph.D., University of California, Berkeley.
- Angione, Ronald J. (1969)** ..... Professor of Astronomy  
A.B., M.S., San Diego State University; Ph.D., University of Texas.
- Aninger, Thomas (1967)** ..... Assistant Professor of English  
A.B., M.A., Ph.D., University of California, Los Angeles.
- Annas, Alicia M. (1970)** ..... Professor of Drama  
A.B., University of Detroit; M.F.A., University of Texas.
- Apple, L. Eugene (1985)** ..... Assistant Professor of Marketing  
B.A., William Jewell College; Ph.D., University of North Carolina at Chapel Hill.
- Archer, Anita Louise (1970)** ..... Associate Professor of Special Education  
B.A., M.A., Ph.D., University of Washington.
- Archibald, J. David (1983)** ..... Professor of Biology  
B.S., Kent State University; Ph.D., University of California, Berkeley.
- Armstrong, Barbara (1988)** ..... Assistant Professor of Teacher Education  
B.S., Illinois State University; M.Ed., Ph.D., University of Arizona.
- Ash, Peter J. (1987)** ..... Assistant Professor of Military Science  
B.S., United States Military Academy.
- Atchison, Thomas J. (1965)** ..... Professor of Management  
A.B., Stanford University; M.B.A., University of California, Los Angeles; Ph.D.,  
University of Washington.
- Atkins, Bobbie J. (1989)** ..... Professor of Administration, Rehabilitation  
and Postsecondary Education  
B.A., Southern University in Baton Rouge; M.S., Ph.D., University of Wisconsin,  
Madison.
- Atkins, Michael D. (1970)** ..... Professor of Biology  
A.B., M.Sc., University of British Columbia; Ph.D., Oregon State University.
- Atkins-Kaplan, Catherine J. (1988)** ..... Assistant Professor of Health Science  
A.B., M.S., San Diego State University; Ph.D., University of California, Riverside.
- Aufesser, Peter M. (1975)** ..... Professor of Physical Education  
B.S., Springfield College; Ed.M., State University of New York, Buffalo; Ph.D.,  
University of Maryland.
- Austin, Joan F. (1970)** ..... Professor of Art  
A.B., California State University, Long Beach; M.F.A., Cranbrook Academy of Art.
- Avila, Vernon L. (1973)** ..... Associate Professor of Biology  
B.S., University of New Mexico; M.A., Northern Arizona University; Ph.D.,  
University of Colorado.
- Awbrey, Frank T. (1964)** ..... Professor of Biology  
A.B., University of California, Riverside; M.A., Ph.D., University of Texas.
- Ayala, Reynaldo (1969)** ..... Director of Library Services;  
Professor of Geography, Imperial Valley Campus  
B.A., University of Minnesota; M.L.S., Texas Women's University; M.A., Ph.D.,  
Southern Illinois University.
- Baase, Sara (1972)** ..... Professor of Mathematical Sciences  
A.B., New York University; M.A., Ph.D., University of California, Berkeley.
- Baber, Carolyn D. (1987)** ..... Senior Assistant Librarian  
B.S., Illinois State University; M.S., University of Illinois at Urbana-Champaign.
- Babilot, George (1956)** ..... Professor of Economics  
A.B., Hastings College; M.A., University of Nebraska; Ph.D., University of Oregon.
- Bacon, Elizabeth A. (1975)** ..... Director, Disabled Student Services  
A.B., M.S., San Jose State University.
- Bailey, Allan R. (1968)** ..... Dean, College of Business Administration;  
Professor of Accountancy  
B.S., San Diego State University; M.B.A., Ph.D., University of California, Los  
Angeles.
- Bailey, G. W. (1982)** ..... Associate Professor of Industrial Studies  
B.A., M.A., San Diego State University; Ed.D., Arizona State University.
- Bailey, Gerald D. (1964)** ..... Professor of Industrial Studies  
A.B., M.A., Central Washington State College; Ed.D., University of Missouri.
- Baker, Richard J. (1978)** ..... Associate Professor of Art  
B.F.A., Kansas City Art Institute; M.F.A., University of Cincinnati.
- Balch, Pamela J. (1988)** ..... Associate Professor of Teacher Education,  
Imperial Valley Campus  
B.A., West Virginia Wesleyan College; M.A., Ed.D., West Virginia University.
- Balkwill, Carolyn K. (1981)** ..... Professor of Family Studies and Consumer Sciences  
B.S., Michigan State University; M.S., Kansas State University; Ph.D., University of  
Georgia.
- Ball, Joseph W. (1975)** ..... Professor of Anthropology  
A.B., Fordham University; M.A., Ph.D., University of Wisconsin.
- Ballesteros, David (1983)** ..... Dean, Imperial Valley Campus;  
Professor of Spanish and Policy Studies in Language and Cross-Cultural Education,  
Imperial Valley Campus  
B.A., University of Redlands; M.A., Middlebury College; Ph.D., University of  
Southern California.
- Ballew, Van B. (1981)** ..... Lecturer in Accountancy  
B.B.A., Ph.D., University of Houston.
- Banks, James H. (1976)** ..... Professor of Civil Engineering  
B.E., Vanderbilt University; M.S., Ph.D., University of California, Berkeley.
- Barber, William F. (1959)** ..... Director, Graduate Programs,  
College of Business Administration; Professor of Marketing  
B.B.A., M.B.A., Ph.D., University of Washington.
- Bar-Lev, Zev (1979)** ..... Professor of Linguistics  
A.B., Columbia College; M.A., Cornell University; Ph.D., Indiana University.
- Barnes, Stephen F. (1977)** ..... Assistant Vice President for Student Affairs  
A.B., University of California, Santa Barbara; M.S., San Diego State University;  
Ph.D., University of Oregon.
- Barnett, Andrew H. (1983)** ..... Professor of Accountancy  
B.B.A., M.B.A., Baylor University; D.B.A., Texas Technological University.
- Barnett, Carol A. (1971)** ..... Professor of Biology  
A.B., Hendrix College; M.S., University of Arkansas Medical Center; Ph.D.,  
University of Texas.
- Baron, Lawrence (1988)** ..... Professor of History  
B.A., University of Illinois; M.A., Ph.D., University of Wisconsin.
- Barone, Joan F. (1960)** ..... Associate Professor of Physical Education  
B.S., Sargent College, Boston University; M.S., Springfield College, Massachusetts.
- Berra, Donald P. (1983)** ..... Professor of Music  
A.B., University of Rochester; M.S., Juilliard School of Music; Ed.D., Columbia  
University.
- Barrera, Ernesto M. (1969)** ..... Professor of Spanish  
Doctor en Leyes, University of Cartagena, Colombia; M.A., Ph.D., University of  
Southern California.
- Bartel, Bradley N. (1975)** ..... Associate Dean, Graduate Division and Research;  
Professor of Anthropology  
A.B., Brooklyn College; Ph.D., University of Missouri.
- Bartholomew, Francis M., Jr. (1967)** ..... Associate Professor of History  
A.B., University of California, Berkeley; M.A., Ph.D., Princeton University.
- Barlomeo, Lilla I. (1988)** ..... Assistant Professor of Policy Studies in  
Language and Cross-Cultural Education  
B.A., University of California, San Diego; M.A., Ph.D., Harvard University.
- Basil, Donald D. (1976)** ..... Director, Academic Skills Center;  
Professor of Academic Skills  
B.S., Xavier University; M.Ed., University of Illinois; Ed.D., West Virginia University.
- Bassoff, Betty Z. (1979)** ..... Lecturer in Public Health  
B.S.W., University of Toronto; M.S.W., Western Reserve University; D.S.W.,  
University of Pennsylvania.
- Baxter, William L. (1963)** ..... Professor of Biology  
A.B., Ph.D., University of California, Los Angeles.
- Beach, Wayne A. (1984)** ..... Associate Professor of Speech Communication  
B.A., Drake University; M.A., University of Montana; Ph.D., University of Utah.
- Beatty, James R. (1973)** ..... Professor of Information and Decision Systems  
A.B., Franklin College; M.S., Indiana State University; Ph.D., University of Northern  
Colorado.
- Beck, Lawrence A. (1982, except F'85-S'86)** ..... Assistant Professor of Recreation  
B.S., Humboldt State University; M.A., Azusa Pacific University; Ph.D., University  
of Minnesota.
- Beck, Leland L. (1980)** ..... Professor of Mathematical Sciences  
A.B., Rice University; M.A.S., Ph.D., Southern Methodist University.
- Becklund, Lester A. (1967)** ..... Professor of Teacher Education  
B.S., M.Ed., Ph.D., University of Minnesota.
- Bedore, Robert L. (1959)** ..... Professor of Mechanical Engineering  
B.S.M.E., M.S.M.E., Purdue University, Registered Professional Engineer.
- Bee, Clifford P. (1969)** ..... Professor of Teacher Education  
A.B., M.A., Western Michigan University; Ph.D., Michigan State University.
- Behm, Robert J. (1975)** ..... Associate Dean for Distant Learning Programs,  
College of Extended Studies; Associate Professor of Administration, Rehabilitation  
and Postsecondary Education  
B.S., United States Merchant Marine Academy; M.S., Ph.D., University of  
Washington.
- Belasco, James A. (1971)** ..... Professor of Management  
B.S., Cornell University; M.B.A., Hofstra University; Ph.D., Cornell University.
- Belch, George E. (1980)** ..... Professor of Marketing  
B.S., Pennsylvania State University; M.S., University of Colorado; Ph.D., University  
of California, Los Angeles.
- Belch, Michael A. (1976)** ..... Professor of Marketing  
B.S., Pennsylvania State University; M.B.A., Drexel University; Ph.D., University of  
Pittsburgh.
- Bell, Charles B. (1981)** ..... Professor of Mathematical Sciences  
B.S., Xavier University; M.S., Ph.D., University of Notre Dame.
- Bellinghiera, Joseph J. (1973)** ..... Assistant Professor of Drama  
A.B., Creighton University; M.A., Humboldt State University; Ph.D., Florida State  
University.
- Bender, Stephen J. (1970)** ..... Professor of Health Science  
B.S., Brockport State University; M.S., H.S.D., Indiana University; M.P.H.,  
University of California, Los Angeles.
- Benenson, Abram S. (1982)** ..... Lecturer in Public Health  
A.B., M.D., Cornell University.
- Benkov, Edith J. (1983)** ..... Associate Professor of French  
B.A., M.A., Ph.D., University of California, Los Angeles.
- Bennett, Larry E. (1970)** ..... Professor of Chemistry  
B.S., San Diego State University; Ph.D., Stanford University.
- Benson, Jackson J. (1966)** ..... Professor of English  
A.B., Stanford University; M.A., San Francisco State University; Ph.D., University of  
Southern California.
- Berg, Marlowe J. (1970)** ..... Professor of Teacher Education  
B.S., M.A., Ph.D., University of Minnesota.
- Berg, Robert V. (1963)** ..... Professor of Art  
B.S., Moorhead State College, Minnesota; M.F.A., University of Minnesota.
- Berge, Dennis E. (1963)** ..... Professor of History  
A.B., M.A., San Diego State University; Ph.D., University of California, Berkeley.
- Bernstein, Sanford I. (1983)** ..... Professor of Biology  
B.S., State University of New York at Stony Brook; Ph.D., Wesleyan University.
- Berry, Richard W. (1961)** ..... Professor of Geological Sciences  
B.S.E.M., Lafayette College; M.A., Ph.D., Washington University.
- Berta, Annalisa (1982)** ..... Lecturer in Biology  
B.A., University of Washington; Ph.D., University of California, Berkeley.
- Bertine, Kathie K. (1973)** ..... Professor of Geological Sciences  
A.B., Vassar College; M.A., M.Ph., Ph.D., Yale University.
- Betancourt, Ramon (1984)** ..... Associate Professor of Electrical and  
Computer Engineering  
B.S., University of Guadalajara; M.A., Technological Institute of Monterrey; M.A.,  
Ph.D., University of Wisconsin, Madison.
- Bezuk, Nadine (1987)** ..... Assistant Professor of Teacher Education  
B.S., University of Pittsburgh; M.A., Ph.D., University of Minnesota.
- Biggs, Bonnie (1986)** ..... North County Coordinator of Library Services  
B.A., San Diego State University; M.L.S., University of Southern California.
- Blenner, Janet L. (1986)** ..... Associate Professor of Nursing  
B.S.N., Long Island University; M.A., Ph.D., New York University.
- Block, Martin J. (1979)** ..... Assistant Dean, College of Education  
B.A., Indiana University; J.D., DePaul University.
- Block, Russell L. (1969)** ..... Associate Professor of Finance  
A.B., San Diego State University; J.D., University of California, Berkeley.
- Blue, Carroll Parrott (1984)** ..... Assistant Professor of Telecommunications and Film  
B.A., Boston University; M.F.A., University of California, Los Angeles.
- Bober, James (1984)** ..... Associate Director, Admissions and Records  
B.S., State University of New York.
- Boddy, Ralford D. (1980)** ..... Professor of Economics  
A.B., University of California, Riverside; Ph.D., University of Michigan.
- Boe, Alfred F. (1968)** ..... Associate Professor of English and Comparative Literature  
A.B., M.A., Ph.D., University of Arizona.

- Boostrom, Ronald L. (1971)** ..... Professor of Public Administration and Urban Studies  
A.B., California State University, Long Beach; M.Crim., D.Crim., University of California, Berkeley.
- Borges, Marilyn A. (1974)** ..... Professor of Psychology  
A.B., University of Hawaii; M.A., Ohio Wesleyan University; Ph.D., University of California, San Diego.
- Borkat, Roberta F. (1969)** ..... Professor of English  
A.B., Cornell University; Ph.D., University of California, San Diego.
- Bormann, Jill (1984)** ..... Lecturer in Nursing  
B.S.N., Augustana College; M.S.N., University of Texas at Austin.
- Boskin, Warren D. (1965)** ..... Associate Professor of Health Science  
B.S., Brooklyn College; M.S., University of Illinois; Ed.D., West Virginia University.
- Bosseau, Don L. (1982)** ..... University Librarian  
B.S., Kansas State University; M.S., University of Kansas; M.L.S., University of Hawaii.
- Bost, John C. (1979)** ..... Associate Professor of Finance  
B.S., San Diego State University; J.D., Hastings College of the San Francisco Law.
- Boyd, William D. (1986)** ..... Director, Financial Aid  
B.A., M.Ed., Pennsylvania State University.
- Brady, F. Neil (1982)** ..... Professor of Management  
B.S., M.P.A., Brigham Young University; Ph.D., University of Texas at Austin.
- Brady, Richard C. (1977)** ..... Associate Professor of Special Education  
B.S., University of Southern California; M.A., Fresno State; Ph.D., University of Southern California.
- Branan, Alvord G. (1969)** ..... Professor of French  
B.S., University of Florida; B.F.T., Thunderbird American Graduate School of Management; M.A., Middlebury College; Ph.D., Tulane University.
- Branca, Nicholas A. (1976)** ..... Professor of Mathematical Sciences  
B.S., Iona College; M.A.T., Harvard University; Ed.D., Teachers College, Columbia University.
- Brandt, Charles L. (1957)** ..... Professor of Biology  
A.B., Ph.D., Stanford University.
- Brashers, Howard C. (1968)** ..... Professor of English  
A.B., University of California, Berkeley; M.A., San Francisco State University; Ph.D., University of Denver.
- Bray, Henry G. (1962)** ..... Professor of Mathematical Sciences  
A.B., San Diego State University; M.S., Ph.D., Iowa State University.
- Breindl, Michael (1986)** ..... Associate Professor of Biology  
M.S., University of Hamburg; Ph.D., Kiel University.
- Broderick, William A. (1977)** ..... Director, Media Technology Services  
A.B., Iowa State Teachers College; M.A., State College of Iowa; Ed.D., Indiana University, Bloomington.
- Broom, Betty L. (1979, except F'85-S'86)** ..... Lecturer in Nursing  
B.S.N., University of Illinois; M.S.N., University of Wisconsin, Madison.
- Broom, Glen M. (1979)** ..... Professor of Journalism  
B.S., M.S., University of Illinois; Ph.D., University of Wisconsin.
- Brown, Harold K. (1971)** ..... Associate Dean for External Relations,  
College of Business Administration  
A.B., San Diego State University; M.B.A., Fordham University.
- Brown, James W. (1975)** ..... Associate Dean, College of Sciences;  
Associate Professor of Psychology  
A.B., University of California, Santa Cruz; M.A., Ph.D., University of Wisconsin.
- Brown, Lee (1978)** ..... Professor of Journalism  
A.B., California State University, Long Beach; M.A., Ph.D., University of Iowa.
- Brown, Robert E. (1979)** ..... Professor of Music  
B.Mus., Ithaca College; Ph.D., University of California, Los Angeles.
- Bruderer, Conrad (1963)** ..... Professor of Music  
B.M., Oberlin Conservatory; M.M., D.M., Indiana University.
- Brunson, Theodore R. (1966)** ..... Professor of Music  
B.S., University of Minnesota; M.M., University of Nebraska; D.M.A., University of Arizona.
- Bryson, Jeff B. (1970)** ..... Professor of Psychology  
A.B., University of Texas; M.S., Ph.D., Purdue University.
- Bryson, Rebecca B. (1972)** ..... Professor of Psychology  
A.B., Queens College; M.S., Ph.D., Purdue University.
- Buck, Robert E. (1969)** ..... Associate Professor of Sociology  
B.S., M.S., Trinity University; Ph.D., University of Texas.
- Buckalew, James K. (1967)** ..... Professor of Journalism  
A.B., M.A., Indiana State College; Ph.D., University of Iowa.
- Buller, Lewis C. (1989)** ..... Lecturer in Accountancy  
B.S., Indiana State University; M.S., Ph.D., University of Illinois.
- Bumpus, Jerry D. (1971)** ..... Professor of English  
A.B., University of Missouri; M.F.A., University of Iowa.
- Buono, Michael J. (1982)** ..... Associate Professor of Physical Education  
B.S., East Stroudsburg State College; M.S., University of Nevada; Ph.D., University of Arizona.
- Burdick, David L. (1968)** ..... Associate Professor of Mathematical Sciences  
A.B., University of California, Berkeley; M.A., Ph.D., University of New Mexico.
- Burgess, William C. (1961)** ..... Professor of Health Science  
A.B., M.A., University of North Carolina; Ed.D., Teachers College, Columbia University.
- Burkett, Richard A. (1989)** ..... Assistant Professor of Art  
B.A., Lawrence University; M.F.A., Indiana University, Bloomington.
- Burnett, Lowell J. (1972)** ..... Professor of Physics  
B.S., Portland State University; M.S., Ph.D., University of Wyoming.
- Burnside, Houston M. (1968)** ..... Professor of Teacher Education  
B.S., Kent State University; M.A., Ph.D., Claremont Graduate School.
- Burt, Sharon D. (1987)** ..... Lecturer in Nursing  
B.S., San Francisco State University; M.S.N., University of San Diego.
- Butler, David H. (1981)** ..... Professor of Accountancy  
B.S., University of Cincinnati; M.B.A., Indiana University; Ph.D., University of Cincinnati.
- Butler, Gerald J. (1968)** ..... Professor of English  
A.B., University of California, Berkeley; M.A., Ph.D., University of Washington.
- Butler, Harry (1975)** ..... Professor of Social Work  
B.S.G.S., University of Cincinnati; M.S.S.W., University of Louisville; Ph.D., Washington University.
- Butler, Mark C. (1981)** ..... Associate Professor of Management  
B.A., M.A., San Diego State University; Ph.D., Texas Christian University.
- Caballero-Allen, Yvonne (1985)** ..... Assistant Professor of Policy Studies  
in Language and Cross-Cultural Education  
B.A., University of California, Los Angeles; M.S., Pepperdine University; Ph.D., University of Southern California.
- Calavita, Nico (1980)** ..... Associate Professor of Public Administration  
and Urban Studies  
Ph.D., University of Florence, Italy.
- Callender, Lucinda R. (1988)** ..... Assistant Professor of Political Science  
B.A., M.A., Ph.D., Ohio State University.
- Capellini, Robert J. (1985)** ..... Professor of Accountancy  
B.B.A., M.B.A., University of Toledo; Ph.D., University of Illinois at Urbana-Champaign.
- Car, Michael A. (1981)** ..... Judicial Coordinator  
B.A., California State University, Los Angeles; M.A., Ph.D., Claremont Graduate School.
- Carande, Robert J. (1987)** ..... Senior Assistant Librarian  
B.A., M.L.S., State University of New York at Buffalo; M.A., State University of New York at Stony Brook.
- Cardenas, Miguel A. (1981)** ..... Director, Pacific Region Training Center,  
College of Extended Studies  
B.S.E.E., San Diego State University; M.S., Ph.D., University of California, Los Angeles.
- Carella, Michael J. (1967)** ..... Professor of Philosophy  
B.S., St. Patrick's College, California; M.A., St. Louis University; Ph.L., Ph.D., University of Louvain, Belgium.
- Cargille, Douglas A. (1978)** ..... Associate Librarian  
A.B., University of California, Irvine; M.A., M.L.S., University of California, Los Angeles.
- Carlson, B. Robert (1978)** ..... Professor of Physical Education  
B.A., Trinity University; M.Ed., Ph.D., University of Texas, Austin.
- Carlson, David H. (1982)** ..... Professor of Mathematical Sciences  
A.B., San Diego State University; M.S., Ph.D., University of Wisconsin.
- Carmichael, Nancy M. (1968)** ..... Assistant Professor of Biology  
A.B., Barnard College, Columbia University; M.A., Ph.D., Columbia University.
- Carnevale, James P. (1967)** ..... Professor of Counselor Education  
A.B., University of California, Los Angeles; M.A., San Diego State University; Ph.D., University of Southern California.
- Carpenter, John J. (1975)** ..... Director, Public Safety  
A.B., Eastern Washington State College.
- Carpenter, Roger E. (1963)** ..... Professor of Biology  
A.B., University of Arizona; Ph.D., University of California, Los Angeles.
- Carroll, John L. (1979)** ..... Professor of Mathematical Sciences  
B.S., Northern Arizona University; M.S., Ph.D., University of Nebraska.
- Carson, Ann K. (1983)** ..... Lecturer in Nursing  
B.S., San Diego State University; M.S., University of Oregon.
- Carter, J. E. Lindsay (1962)** ..... Professor of Physical Education  
Diploma in Physical Education, University of Otago, New Zealand; Teaching Certificate, Auckland Teachers College, New Zealand; M.A., Ph.D., University of Iowa.
- Case, Thomas E. (1961)** ..... Professor of Spanish  
A.B., St. Thomas College; M.A., Ph.D., University of Iowa.
- Castillo, José (1987)** ..... Professor of Mathematical Sciences  
B.S., Universidad Central de Venezuela; M.A., University of Texas at Austin; Ph.D., University of New Mexico.
- Castillo, Susana D. (1985)** ..... Professor of Spanish  
B.A., M.A., Ph.D., University of California, Los Angeles.
- Castro, Felipe G. (1988)** ..... Associate Professor of Public Health  
B.A., University of California, Santa Barbara; M.S.W., University of California, Los Angeles; Ph.D., University of Washington.
- Caves, Roger W. (1983)** ..... Associate Professor of Public Administration  
and Urban Studies  
B.A., M.U.S., Old Dominion University; Ph.D., University of Delaware.
- Cayleff, Susan E. (1987)** ..... Associate Professor of Women's Studies  
B.A., University of Massachusetts at Amherst; M.A., Sarah Lawrence College; M.A., Ph.D., Brown University.
- Cepelka, Patricia T. (1980)** ..... Professor of Special Education  
B.S., M.S., Ed.D., University of Kansas.
- Chadwick, Michele W. (1988)** ..... Assistant Professor of Family Studies  
and Consumer Sciences  
A.B., M.S., San Diego State University; Ph.D., University of California, Irvine.
- Chaffin, Deborah G. (1984)** ..... Associate Professor of Philosophy  
B.A., University of Oklahoma; Ph.D., State University of New York, Stony Brook.
- Chambers, Martin J. (1986)** ..... Professor of Music  
B.M., M.M., University of British Columbia.
- Chambers, Norman E. (1972)** ..... Professor of Afro-American Studies  
A.B., Lincoln University; M.A., San Diego State University; Ph.D., United States International University.
- Chamley, John D. (1969)** ..... Associate Dean, College of Education;  
Professor of Counselor Education  
A.B., Pacific Lutheran University; M.A., Ed.D., Arizona State University.
- Chan, Lillian L. (1969)** ..... Librarian  
B.S., M.A.L.S., University of Michigan.
- Chandler, Shelly E. (1966)** ..... Associate Professor of Sociology  
A.B., M.A., Ph.D., University of California, Los Angeles.
- Chang, Ching-Ten (1979)** ..... Professor of Electrical and Computer Engineering  
B.S., National Taiwan Normal University; M.S., North Dakota State University; Ph.D., University of Washington.
- Chang, Howard H. (1967)** ..... Professor of Civil Engineering  
B.S., Cheng Kung University, China; M.S., Ph.D., Colorado State University.  
Registered Professional Engineer.
- Chase, Winifred Wong (1973)** ..... Counselor  
A.B., M.S., University of Wisconsin.
- Chatfield, Dale A. (1978)** ..... Associate Professor of Chemistry  
A.B., M.S., Oakland University, Michigan; Ph.D., University of North Carolina, Chapel Hill.
- Chavez, Augustine S. (1974)** ..... Coordinator of Affirmative Action;  
Director, Educational Opportunity and Ethnic Affairs  
A.B., Jacinto Trevino College.
- Cheek, William F. (1968)** ..... Professor of History  
A.B., Hampden-Sydney College; M.A., University of Richmond; Ph.D., University of Virginia.
- Chen, Lo-Chai (1969)** ..... Professor of Biology  
B.S., National Taiwan University; M.S., University of Alaska; Ph.D., University of California, San Diego.
- Chen, Milton M. (1977)** ..... Professor of Information and Decision Systems  
B.S., National University, Taipei; M.B.A., DePaul University, Chicago; Ph.D., New York University.
- Cheng, Li-Rong (1984)** ..... Assistant Dean for Student Affairs, College of  
Health and Human Services; Associate Professor of Communicative Disorders  
B.A., National Taiwan University; M.A., Southern Illinois University; M.A., Michigan State University; Ph.D., Claremont Graduate School and San Diego State University.
- Cherin, Antony C. (1982)** ..... Associate Professor of Finance  
B.A., Colorado College; M.B.A., D.B.A., University of Colorado, Boulder.
- Chin, Marilyn (1987)** ..... Assistant Professor of English and Comparative Literature  
B.A., University of Massachusetts at Amherst; M.F.A., University of Iowa.
- Choi, Soonja (1987)** ..... Assistant Professor of Linguistics  
B.A., Sacred Heart Women's College; M.A., Seoul National University; Ph.D., State University of New York.
- Chou, Fang-Hui (1969)** ..... Assistant Dean for Student Affairs, College of  
Engineering; Professor of Civil Engineering  
B.S., National Taiwan University; M.S., University of Minnesota; Ph.D., North-western University. Registered Professional Engineer.
- Chow, Chee W. (1984)** ..... The Vern Odmark Professor of Accountancy  
A.B., Dartmouth College; M.B.A., Amosuck School, Dartmouth; M.S., University of Rochester; Ph.D., University of Oregon.
- Christensen, C. Ben (1968)** ..... Professor of Spanish  
B.A., M.A., Brigham Young University; Ph.D., University of Washington.
- Christensen, Kathee M. (1978)** ..... Associate Professor of Communicative Disorders  
A.B., MacMurray College, Ill.; M.S., University of Wisconsin; Ph.D., Claremont Graduate School.
- Chu, Paochin (1967)** ..... Professor of History  
A.B., National Taiwan University; M.A., Ph.D., University of Pennsylvania.
- Clapp, James A. (1968)** ..... Professor of Public Administration and Urban Studies  
B.S., LeMoyn College; M.R.P., Ph.D., Syracuse University.
- Clement, Norris C. (1968)** ..... Professor of Economics  
A.B., Sacramento State University; Ph.D., University of Colorado.
- Clouse, Steven D. (1987)** ..... Assistant Professor of Biology  
B.S., University of Washington; Ph.D., University of California, Davis.
- Cobb, Larry G. (1975)** ..... Assistant Dean for Special Sessions and Extension,  
College of Extended Studies  
A.B., M.A., University of Iowa.
- Cobble, James W. (1973)** ..... Dean, Graduate Division and Research;  
Professor of Chemistry  
A.B., Northern Arizona University; M.S., University of Southern California; Ph.D., University of Tennessee and Oak Ridge Institute of Nuclear Studies.
- Coffelt, Carl F. (1984)** ..... Lecturer in Public Health  
B.S., Central Methodist College; M.P.H., University of California, Berkeley; M.D., Washington University.
- Coffey, Dewitt, Jr. (1968)** ..... Professor of Chemistry  
B.S., Abilene Christian College; B.S., Ph.D., University of Texas.
- Cohn, Theodore J. (1964)** ..... Professor of Biology  
B.S., Cornell University; M.S., Ph.D., University of Michigan.
- Cole, Thomas E. (1986)** ..... Associate Professor of Chemistry  
B.S., Purdue University; Ph.D., University of Texas at Austin.
- Coleman, James W. (1989)** ..... Associate Professor of English  
B.A., Virginia Union University; M.A., Ph.D., University of Chicago.
- Coleman, Kathleen L. (1973)** ..... Librarian  
A.B., Stanford University; M.A., M.S.L.S., University of Wisconsin.
- Collier, Boyd D. (1966)** ..... Professor of Biology  
A.B., University of California, Berkeley; M.S.T., Ph.D., Cornell University.
- Collier, Gerald (1961)** ..... Professor of Biology  
A.B., M.A., Ph.D., University of California, Los Angeles.
- Colquitt, Clare E. (1986)** ..... Assistant Professor of English  
B.A., Texas Christian University; M.A., Ph.D., University of Texas at Austin.
- Colston, Stephen A. (1977)** ..... Associate Professor of History  
A.B., University of San Diego; M.A., University of Chicago; M.L.S., Ph.D., University of California, Los Angeles.
- Colvin, Carolyn A. (1986)** ..... Assistant Professor of Teacher Education  
B.A., Doane College; M.Ed., Ph.D., University of Nebraska.
- Colwill, Elizabeth (1989)** ..... Assistant Professor of History  
B.A., The Evergreen State College; M.A., State University of New York, at Binghamton.

- Conly, John F. (1962)** ..... Professor of Aerospace Engineering and Engineering Mechanics  
B.S.M.E., M.S.M.E., University of Pennsylvania; Ph.D., Columbia University.
- Conniff, James J. (1968)** ..... Professor of Political Science  
A.B., M.A., Rutgers University; Ph.D., Columbia University.
- Conway, John B. (1981)** ..... Professor of Public Health  
B.S., M.S., San Diego State University; M.P.H., Ph.D., University of Minnesota.
- Cook, Valerie J. (1984)** ..... Professor of Counselor Education  
B.S., Valparaiso University; M.A., M.Ed., Ph.D., Columbia University.
- Cooke, Gwen C. (1978)** ..... Professor of Family Studies and Consumer Sciences  
B.S., M.S., Ph.D., Ohio State University.
- Cooling, Janet L. (1984)** ..... Assistant Professor of Art  
B.F.A., Pratt Institute; M.F.A., School of the Art Institute of Chicago.
- Cooper, Gwen O. (1966)** ..... Counselor  
B.S., University of Miami; M.A., Ed.D., Colorado State College.
- Cox, Alvin D. (1964)** ..... Professor of History  
A.B., New York University; M.A., Ph.D., Harvard University.
- Corblitt, Gail F. (1986)** ..... Assistant Professor of Information and Decision Systems  
B.S., University of Colorado; M.A., University of Connecticut; Ph.D., University of Colorado at Boulder.
- Cornejo, Ricardo J. (1978)** ..... Professor of Teacher Education  
B.A., University of Chile; M.A., Michigan State University; Ph.D., University of Texas at Austin.
- Cornwall-Giles, Joanne (1984)** ..... Assistant Professor of French and Afro-American Studies  
B.A., M.A., Ph.D., University of California, Irvine.
- Cotten, Walter E. (1978)** ..... Professor of Art  
A.B., M.F.A., University of California, Santa Barbara.
- Cottrell, Ann B. (1967)** ..... Professor of Sociology  
A.B., Miami University, Ohio; M.A., Ph.D., Michigan State University.
- Cottrell, Don M. (1967)** ..... Professor of Physics  
B.S., Ph.D., University of Washington.
- Covington, Donald P. (1965)** ..... Professor of Art  
A.B., Southern Methodist University; M.A., University of California, Los Angeles.
- Cox, George W. (1962)** ..... Professor of Biology  
A.B., Ohio Wesleyan University; M.S., Ph.D., University of Illinois.
- Cox, Thomas J. (1975)** ..... Professor of French  
A.B., M.A., Western Reserve University; Ph.D., The University of Chicago.
- Cox, Thomas R. (1967)** ..... Professor of History  
B.S., Oregon State College; M.S., Ph.D., University of Oregon.
- Craig, George T. (1968)** ..... Dean, College of Engineering;  
Professor of Mechanical Engineering  
B.S., Pennsylvania State University; M.S., Ph.D., Louisiana State University.
- Crisley, Cornelius J. (1962)** ..... Senior Assistant Librarian  
A.B., University of Pittsburgh; M.L.S., Carnegie Institute of Technology.
- Cuellar, Alfredo M. (1988)** ..... Assistant Professor of Teacher Education,  
Imperial Valley Campus  
B.S., M.A., Ph.D., University of Alabama.
- Cummins, Emery J. (1966)** ..... Professor of Counselor Education  
A.B., Wheaton College; M.S., University of Southern California; Ph.D., Michigan State University.
- Cunniff, Roger L. (1967)** ..... Professor of History  
A.B., M.A., Colorado State College; Ph.D., University of Texas.
- Curry, Joan F. (1972)** ..... Professor of Teacher Education  
A.B., M.S., The City University of New York; Ed.D., Boston University.
- Cutter, Charles H. (1968)** ..... Associate Professor of Political Science  
A.B., M.A., University of California, Berkeley; Ph.D., University of California, Los Angeles.
- Cutts, Richard R. (1987)** ..... Assistant Professor of Naval Science  
B.A., University of Southern California; M.B.A., University of San Diego.
- Dahms, A. Stephen (1972)** ..... Professor of Chemistry  
B.S., College of St. Thomas; Ph.D., Michigan State University.
- Daub, Clarence T., Jr. (1967)** ..... Professor of Astronomy  
A.B., Carleton College; Ph.D., University of Wisconsin.
- Daugherty, Wayne F., Jr. (1966)** ..... Associate Professor of Biology  
A.B., California State University, Long Beach; Ph.D., Johns Hopkins University.
- Davies, Darlene G. (1976)** ..... Assistant Professor of Communicative Disorders  
A.B., M.A., San Diego State University; Ed.S., Point Loma College.
- Davies, Thomas M., Jr. (1968)** ..... Professor of History  
A.B., M.A., University of Nebraska; Ph.D., University of New Mexico.
- Davis, Craig H. (1967)** ..... Assistant Professor of Biology  
B.S., Oregon State University; M.S., Ph.D., University of Washington.
- Davis, Glover T., II (1966)** ..... Professor of English  
A.B., California State University, Fresno; M.F.A., University of Iowa.
- Davis, Inger P. (1977)** ..... Professor of Social Work  
M.A., Ph.D., University of Chicago.
- Davis, Jeffrey A. (1977)** ..... Professor of Physics  
B.S., Rensselaer Polytechnic Institute; Ph.D., Cornell University.
- Davis, Ronald W. (1968)** ..... Professor of Mathematical Sciences  
A.B., Ph.D., University of Colorado.
- Day, Steven M. (1988)** ..... The Eckis Endowed Chair in Seismology;  
Professor of Geological Sciences  
B.S., University of Southern California; Ph.D., University of California, San Diego.
- Dean, Alfred (1985)** ..... Professor of Social Work  
B.A., University of Connecticut; M.A., Ph.D., University of North Carolina at Chapel Hill.
- Deaton, Edmund I. (1960)** ..... Professor of Mathematical Sciences  
A.B., Hardin-Simmons University; M.A., Ph.D., University of Texas.
- Defran, Richard H. (1970)** ..... Associate Professor of Psychology  
A.B., Loyola University; M.A., Ph.D., Bowling Green State University.
- Denman, Mary Edel (1966)** ..... Associate Professor of Academic Skills  
A.B., M.A., San Diego State University.
- De Noble, Alex F. (1983)** ..... Associate Professor of Management  
B.S., Monmouth College; M.A., Ph.D., Virginia Polytechnic Institute.
- De Peyster, Ann (1983)** ..... Associate Professor of Public Health  
B.A., Pomona College; M.S., Ph.D., University of California, Berkeley.
- Dessel, Norman F. (1961)** ..... Professor of Natural Science  
A.B., M.A., Ph.D., University of Iowa.
- Deutsch, Francine (1981)** ..... Professor of Family Studies and Consumer Sciences  
A.B., Albright College; M.S., Ph.D., Pennsylvania State University.
- Dexter, Deborah M. (1967)** ..... Professor of Biology  
A.B., M.A., Stanford University; Ph.D., University of North Carolina.
- Dharmarajan, Sangiah Nadar (1960)** ..... Professor of Aerospace Engineering and  
Engineering Mechanics  
B.Eng., College of Engineering, Madras, India; M.S., Ph.D., University of Illinois.
- Dicken, Charles F. (1962)** ..... Professor of Psychology  
A.B., M.A., Ph.D., University of Minnesota.
- Dickinson, Fidelia R. (1966)** ..... Librarian  
A.B., M.A., Immaculate Heart College; M.L.S., Ph.D., University of California, Los Angeles.
- Dickinson, John W. (1962)** ..... Professor of English  
A.B., University of California, Santa Barbara; A.M., Ph.D., University of California, Los Angeles.
- Diehl, William P. (1968)** ..... Associate Professor of Biology  
B.S., University of Arizona; Ph.D., University of California, Los Angeles.
- Dintrone, Charles V. (1972)** ..... Librarian  
A.B., M.A., University of California, Los Angeles; M.L.S., University of California, Berkeley.
- Dionisopoulos, George N. (1985)** ..... Assistant Professor of Speech Communication  
B.A., M.A., San Diego State University; Ph.D., Purdue University.
- Dirksen, Dennis A. (1969)** ..... Professor of Industrial Studies  
A.B., McPherson College; M.S., Kansas State Teachers College; Ed.D., Utah State University.
- Dixon, Jesse T. (1979)** ..... Professor of Recreation  
B.S., M.Ed., Ph.D., University of Illinois.
- Dodge, Bernard J. (1980)** ..... Associate Professor of Educational Technology  
B.S., Worcester Polytechnic Institute; M.S., Ph.D., Syracuse University.
- Dominguez, Jesus Y. (1976)** ..... Professor of Art  
B.F.A., M.F.A., Otis Art Institute of Los Angeles.
- Donahue, Thomas S. (1968)** ..... Associate Dean, College of Arts and Letters;  
Professor of Linguistics  
A.B., Denison University; M.A., Miami University, Ohio; Ph.D., Ohio State University.
- Donald, John D. (1978)** ..... Professor of Mathematical Sciences  
A.B., Harvard University; Ph.D., University of California, Berkeley.
- Donovan, Timothy J. (1990)** ..... Assistant Professor of Naval Science  
B.S., University of Washington.
- Doering, Donald H. (1970)** ..... Professor of Special Education  
B.S., Central Michigan University; M.A., Ph.D., Michigan State University.
- Dorman, Clive E. (1974)** ..... Professor of Geological Sciences  
A.B., University of California, Riverside; M.S., Ph.D., Oregon State University.
- Douglas, Richard C. (1988)** ..... Assistant Professor of Aerospace Studies  
B.A., B.S., University of the State of New York Regents External Degree Program; M.B.A., National University.
- Dowler, Michael J. (1971)** ..... Professor of Natural Science  
A.B., Ph.D., University of California, Santa Barbara.
- Downey, Carolyn (1988)** ..... Assistant Professor of Administration,  
Rehabilitation and Postsecondary Education  
B.A., Pasadena College; M.S., University of Southern California; Ph.D., Arizona State University.
- Downing, Christine R. (1974)** ..... Professor of Religious Studies  
A.B., Swarthmore College; Ph.D., Drew University.
- Doyle, Michael S. (1988)** ..... Associate Professor of Spanish  
B.A., University of Virginia; M.A., Universidad de Salamanca; Ph.D., University of Virginia.
- Dozier, David M. (1980)** ..... Professor of Journalism  
A.B., University of California, Berkeley; M.A., California State University, Fresno; M.A., Ph.D., Stanford University.
- Drobnies, Saul I. (1963)** ..... Professor of Mathematical Sciences  
B.S., M.A., Ph.D., University of Texas.
- Dual, Peter A. (1983)** ..... Dean, College of Health and Human Services;  
Professor of Public Health  
B.S., M.A., Western Michigan University; M.P.H., University of Texas; Ph.D., Michigan State University.
- Duckworth, Joseph B. (1968)** ..... Professor of Teacher Education  
A.B., Oglethorpe College; M.A.T., Oberlin College; Ed.D., Wayne State University.
- DuFault, David V. (1962)** ..... Associate Professor of History  
A.B., M.A., Occidental College; Ph.D., University of Oregon.
- Dumiao, Gerald C. (1977)** ..... Associate Professor of Art  
B.F.A., The Cleveland Institute of Art; M.F.A., Cranbrook Academy of Fine Arts.
- Duncan, Mary R. (1973)** ..... Professor of Recreation  
A.B., San Diego State University; M.S., San Francisco State University; Ph.D., United States International University.
- Dunn, Roger M. (1983)** ..... Associate Professor of Psychology,  
Imperial Valley Campus  
B.A., San Diego State University; M.A., Ph.D., University of California, San Diego.
- Dunn, Ross E. (1968)** ..... Professor of History  
A.B., State University of New York at Albany; M.A., Ph.D., University of Wisconsin.
- Dunster, T. Marc (1988)** ..... Assistant Professor of Mathematical Sciences  
B.S., University of Reading; Ph.D., University of Bristol.
- Durbin, Gregory C. (1989)** ..... Associate Professor of Telecommunications and Film  
B.A., M.F.A., University of California, San Diego.
- Dustin, Daniel L. (1977)** ..... Professor of Recreation  
A.B., M.S., University of Michigan; Ph.D., University of Minnesota.
- Dutton, Brenton P. (1981)** ..... Professor of Music  
B.A., M.M., Oberlin Conservatory of Music.
- Earle, Carolyn (1969)** ..... Associate Director, Admissions and Records  
A.B., San Diego State University.
- Easton, Annette C. (1987)** ..... Assistant Professor of Information and  
Decision Systems  
B.S., California State University, Fresno; Ph.D., University of Arizona.
- Easton, George K. (1987)** ..... Assistant Professor of Information and  
Decision Systems  
A.B., San Diego State University; M.I.M., American Graduate School of International Management; Ph.D., University of Arizona.
- Ebert, Thomas A. (1969)** ..... Professor of Biology  
B.S., University of Wisconsin; M.S., Ph.D., University of Oregon.
- Eckberg, Carl F. (1969)** ..... Associate Professor of Mathematical Sciences  
A.B., Cornell University; M.S., Ph.D., Purdue University.
- Eklund, Carol J. (1988)** ..... Assistant Professor of Public Administration  
and Urban Studies  
B.A., Pacific Lutheran University; M.A., Boise State University; Ph.D., Virginia Polytechnic Institute and State University.
- Edson, Laurie D. (1988)** ..... Associate Professor of French  
B.A., University of Wisconsin; M.A., University of California, Irvine; Ph.D., Stanford University.
- Edwards, Sharon L. (1980)** ..... Assistant Vice President, Budget and  
Personnel, Student Affairs  
B.A., M.P.A., San Diego State University.
- Ehrlich, Sanford B. (1986)** ..... Associate Professor of Management  
B.A., State University College at Fredonia; M.A., George Washington University; M.B.A., Ph.D., State University of New York at Buffalo.
- Eisemann, Kurt (1982)** ..... Professor of Mathematical Sciences  
B.A., Yeshiva University; M.S., Massachusetts Institute of Technology; Ph.D., Harvard University.
- Eisner, Robert E. (1970)** ..... Professor of Classics  
A.B., St. Peter's College; M.A., Ph.D., Stanford University.
- El-Assal, Mohamed M. E. (1967)** ..... Professor of Sociology  
M.S., M.A., Ph.D., Indiana University.
- Elder, John P. (1984)** ..... Associate Professor of Public Health  
B.A., University of Nebraska; M.A., Ph.D., West Virginia University; M.P.H., Boston University.
- Elenz-Martin, Patricia (1979)** ..... Counselor  
B.S., St. Bonaventure University; M.Ed., Pennsylvania State University; Ed.D., Northern Illinois University.
- Ellis, Arthur L. (1978)** ..... Associate Professor of Social Work  
A.B., The City College of New York; M.S.W., D.S.W., Columbia School of Social Work.
- Ellis, Jill R. (1988)** ..... Assistant Professor of Family Studies  
and Consumer Sciences  
B.S., University of California, Davis; M.A., California State University, Long Beach; Ph.D., University of California, Davis.
- Ellis, Lance P. (1990)** ..... Assistant Professor of Naval Science  
B.S., United States Naval Academy; M.S., University of Virginia.
- Elwin, John D. (1969)** ..... Professor of Mathematical Sciences  
B.S., University of Washington; Ph.D., Oregon State University.
- Ely, David P. (1986)** ..... Assistant Professor of Finance  
B.S., West Virginia University; M.S., Ph.D., Ohio State University.
- Emerich, Carl F. (1974)** ..... Associate Vice President for Student Affairs  
A.B., M.S., University of Southern California.
- Emerick, Robert E. (1968)** ..... Associate Professor of Sociology  
A.B., University of California, Santa Barbara; Ph.D., Northwestern University.
- Erickson, William L. (1964)** ..... Vice President for Business and Financial Affairs  
A.B., Sacramento State.
- Espinosa, Ruben W. (1978)** ..... Professor of Policy Studies in Language  
and Cross-Cultural Education  
A.B., University of California, Riverside; M.A., Ph.D., Stanford University.
- Esser, Janet B. (1975)** ..... Professor of Art  
B.F.A., University of Iowa; B.S., Kent State University; M.A., California State University, Long Beach; Ph.D., University of California, Los Angeles.
- Estes, Richard D. (1973)** ..... Professor of Biology  
A.B., M.A., Ph.D., University of California, Berkeley.
- Estes, Russell G. (1963)** ..... Professor of Music  
B.M.E., M.M.E., Millikin University, Illinois; Ed.D., Colorado State College.
- Etheridge, Richard E. (1961)** ..... Professor of Biology  
B.S., Tulane University; M.S., Ph.D., University of Michigan.
- Etzel, Paul B. (1986)** ..... Assistant Professor of Astronomy  
B.S., Washburn University of Topeka; M.S., San Diego State University; Ph.D., University of California, Los Angeles.
- Evans, Ronald W. (1989)** ..... Assistant Professor of Teacher Education  
B.A., M.S., Oklahoma State University; Ed.D., Stanford University.
- Fairlie, Lyndelle D. (1973)** ..... Associate Professor of Political Science  
B.A., Drew University; M.A., Johns Hopkins University; Ph.D., Indiana University.
- Farber, Gerald H. (1968)** ..... Professor of English and Comparative Literature  
A.B., University of California, Los Angeles; M.A., California State University, Los Angeles; Ph.D., Occidental College.
- Farnan, Nancy (1989)** ..... Assistant Professor of Teacher Education  
B.S., Wright State University; M.A., San Diego State University; Ph.D., San Diego State University and Claremont Graduate School.
- Farris, David A. (1960)** ..... Professor of Biology  
A.B., Indiana University; Ph.D., Stanford University.

Faucette, F. Nell (1985) ..... Assistant Professor of Physical Education  
B.S., M.A., Appalachian State University; Ed.D., University of Georgia.

Faulkner, D. George (1983) ..... Lecturer in Aerospace Engineering and  
Engineering Mechanics  
B.S. (Mechanical Engineering), Duke University; B.S. (Aerospace Engineering),  
Naval Postgraduate School; M.S., Princeton University.

Fearn, Leif (1967) ..... Professor of Teacher Education  
B.S., Shippensburg State College, Pa; M.A., Ed.D., Arizona State University.

Feenberg, Andrew L. (1969) ..... Professor of Philosophy  
A.B., Johns Hopkins University; M.A., Ph.D., University of California, San Diego.

Feeney, William R. (1974) ..... Associate Professor of Information and  
Decision Systems  
A.B., St. Mary's College; Ph.D., University of California, Irvine.

Fehr, Elsa (1971) ..... Professor of Natural Science  
A.B., University of Buenos Aires; M.S., Ph.D., Columbia University.

Felersabend, Ivo K. (1959) ..... Professor of Political Science  
A.B., M.A., University of California, Berkeley; Ph.D., Yale University.

Felner, Lawrence B. (1977) ..... Executive Director for International  
Programs; Associate Dean, Graduate Division and Research; Professor of Counselor  
Education  
A.B., University of Buffalo; M.S., Ph.D., State University of New York at Buffalo.

Fenson, Larry (1975) ..... Professor of Psychology  
A.B., M.A., University of New Mexico; Ph.D., University of Iowa.

Ferguson, John B. (1984) ..... Lecturer in Physics  
B.S., M.S., San Diego State University.

Ferraro, Joanne M. (1984) ..... Associate Professor of History  
B.A., M.A., Ph.D., University of California, Los Angeles.

Fetzer, Leland A. (1966) ..... Professor of Russian  
B.S., University of Utah; M.L.S., M.A., Ph.D., University of California, Berkeley.

Fields, Carolyn B. (1985) ..... Associate Librarian  
B.S., B.A., Oregon State University; M.L.S., University of California, Los Angeles.

Fikes, Robert, Jr. (1977) ..... Associate Librarian  
B.S., Tuskegee Institute; M.A., M.A.L.S., University of Minnesota.

Filmer, Robert E. (1970) ..... Associate Professor of History  
A.B., Cornell University; M.A., University of Delaware; Ph.D., Cornell University.

Fisch, Arline M. (1961) ..... Professor of Art  
B.S., Skidmore College; M.A., University of Illinois.

Fischer, Marlowe K. (1980) ..... Lecturer in Communicative Disorders  
B.A., M.A., University of The Pacific.

Fisher, Kathleen M. (1988) ..... Professor of Natural Science  
B.S., Rutgers University; Ph.D., University of California, Davis.

Fitt, Stephen D. (1979) ..... Associate Librarian  
B.S., M.Ed., Ph.D., University of Utah; M.L.S., Brigham Young University.

Fitz, Richard A. (1959) ..... Professor of Mechanical Engineering  
B.S., Baldwin-Wallace College; M.S. (Ch.E.), Ph.D., Ohio State University.

Fitzgerald, William A. (1989) ..... Assistant Professor of Naval Science  
B.S., United States Naval Academy.

Fitzsimmons, Lorraine T. (1985) ..... Associate Professor of Nursing  
B.A., Marymount Manhattan College; M.A., Ball State University; D.N.S., Indiana  
University - Purdue University at Indianapolis.

Flagg, Joan M. (1969) ..... Associate Professor of Nursing  
B.S.N., University of Iowa; M.S., University of California, San Francisco; Ph.D.,  
University of Texas at Austin.

Flatley, Marie E. (1979) ..... Professor of Information and Decision Systems  
B.B.A., M.A., Ph.D., University of Iowa.

Flaxman, Stuart (1983) ..... Associate Professor of Art  
B.S., Kansas State University; M.S., University of Wisconsin.

Flemion, Jessie L. Stoddart (1966) ..... Professor of History  
A.B., Carroll College; M.A., University of Nebraska; Ph.D., University of California,  
Berkeley.

Flemion, Philip F. (1968) ..... Associate Professor of History  
A.B., B.S., M.A., Ohio State University; Ph.D., University of Florida.

Flood, James (1982) ..... Professor of Teacher Education  
A.B., Catholic University of America; M.A., New York University; Ph.D., Stanford  
University.

Flores, Alfinio (1989) ..... Associate Professor of Mathematical Sciences  
B.S., M.S., National University of Mexico; Ph.D., Ohio State University.

Flores, Cynthia D. (1977) ..... Assistant Dean for Student Affairs,  
Imperial Valley Campus  
A.B., University of California, Santa Barbara; M.A., University of San Diego.

Flores-Amundson, Pamela C. (1981) ..... M.D., Student Health Services  
B.A., M.D., University of California, San Diego.

Follingstad, Karen J. (1984) ..... Assistant Professor of Music  
B.M., Curtis Institute of Music; M.M., Indiana University; D.M.A., University of  
Texas at Austin.

Forbing, Shirley E. (1969) ..... Professor of Special Education  
A.B., M.S., San Diego State University; Ed.D., University of Southern California.

Ford, David H. (1967) ..... Associate Professor of Teacher Education  
A.B., M.Ed., University of Arizona; Ed.D., University of Oregon.

Ford, Lawrence R. (1970) ..... Professor of Geography  
B.Sc., M.A., Ohio State University; Ph.D., University of Oregon.

Ford, Richard F. (1964) ..... Professor of Biology  
A.B., Pomona College; M.A., Stanford University; Ph.D., University of California,  
San Diego.

Fox, Timothy J. (1990) ..... Assistant Professor of Naval Science  
B.S., University of Idaho.

Francis, Peter R. (1981) ..... Associate Professor of Physical Education  
B.S., University of Durham, England; M.A., University of Iowa; Ph.D., University of  
Oregon.

Frank, Ruby A. (1978) ..... Lecturer in Communicative Disorders  
B.S., M.A., University of Illinois.

Franklin, Janet (1988) ..... Assistant Professor of Geography  
B.A., M.A., Ph.D., University of California, Santa Barbara.

Frantz, Roger S. (1978) ..... Professor of Economics  
A.B., M.A., Pace University; Ph.D., Washington State University.

Franz, Edward P. (1965) ..... Associate Professor of Physical Education  
B.S., M.A., Washington University.

Franzini, Louis R. (1969) ..... Professor of Psychology  
B.S., University of Pittsburgh; M.A., University of Toledo; Ph.D., University of  
Pittsburgh.

Frase, Larry E. (1987) ..... Associate Professor of Administration,  
Rehabilitation and Postsecondary Education  
B.A., University of Arizona; M.A., Ed.D., Arizona State University.

Fredrich, Barbara E. (1972) ..... Associate Professor of Geography  
A.B., University of Wisconsin; M.A., Ph.D., University of California, Los Angeles.

Freitas, Lorraine (1984) ..... Associate Professor of Nursing  
B.S., Catholic University of America; M.A., University of California, Los Angeles;  
Ph.D., University of Texas at Austin.

French, Michael C. (1989) ..... Lecturer in Family Studies and Consumer Sciences  
B.A., Saint John's University; M.A., Seton Hall University; M.A., St. Vincent  
College; Ph.D., California School of Professional Psychology.

Frey, Terrence G. (1986) ..... Professor of Biology  
B.S., Ohio State University; Ph.D., University of California, Los Angeles.

Friedberg, Barbara (1983) ..... Student Employment Coordinator  
B.A., University of Cincinnati; M.S., Miami University.

Friedman, Catherine R. (1988) ..... Senior Assistant Librarian  
B.A., M.S., University of Illinois at Urbana-Champaign.

Friedman, Maurice Stanley (1973) ..... Professor of Religious Studies,  
Philosophy, and Comparative Literature  
S.B., Harvard University; M.A., Ohio State University; Ph.D., University of Chicago;  
LL.D., University of Vermont.

Friedrichs, Charles J. (1983) ..... Lecturer in Music  
B.A., California State University, Fullerton; M.A., San Diego State University.

Frost, Eric G. (1980) ..... Associate Professor of Geological Sciences  
A.B., University of Washington; M.S., University of Arizona; Ph.D., University of  
Southern California.

Fullerton, Theo F. (1986) ..... Career Counselor  
B.A., Principia College; M.Ed., D.Ed., Pennsylvania State University.

Funston, Richard Y. (1970) ..... Associate Vice President-Academic Counsel  
(Acting); Professor of Political Science  
A.B., M.A., Ph.D., University of California, Los Angeles; J.D., University of San  
Diego.

Futch, David G. (1967) ..... Associate Professor of Biology  
A.B., University of North Carolina; M.A., Ph.D., University of Texas.

Gallbraith, Oliver, III (1955) ..... Professor of Information and Decision Systems  
B.S., M.B.A., Northwestern University; Ph.D., University of California, Los Angeles.

Gallo, Phillip S., Jr. (1963) ..... Professor of Psychology  
A.B., M.A., University of California, Santa Barbara; Ph.D., University of California,  
Los Angeles.

Gange, Samuel J. (1969) ..... Coordinator of Training, Counseling Services  
and Placement  
A.B., Pacific Lutheran University; M.A., Ed.D., University of Wyoming.

Ganter, Paul (1984) ..... Director, Institute for Regional Studies of the Californias  
B.A., Yale University; M.A., University of California, Riverside; Ph.D., University of  
California, Los Angeles.

Garrison, Betty B. (1962) ..... Professor of Mathematical Sciences  
B.S., B.A., Bowling Green State University; M.A., Ohio State University; Ph.D.,  
Oregon State University.

East, David K. (1963) ..... Professor of Teacher Education  
A.B., Occidental College; M.A., Northern Arizona University; Ed.D., Arizona State  
University.

Gastil, R. Gordon (1959) ..... Professor of Geological Sciences  
A.B., Ph.D., University of California, Berkeley.

Gattas, Joyce M. (1982) ..... Dean, College of Professional Studies  
and Fine Arts; Professor of Recreation  
B.A., M.S., University of New Mexico; Ph.D., University of California, Berkeley.

Gay, Phillip T. (1976) ..... Associate Professor of Sociology  
A.B., Case Western Reserve University; M.A., Ph.D., Harvard University.

Gazell, James A. (1968) ..... Professor of Public Administration and Urban Studies  
A.B., M.A., Roosevelt University; Ph.D., Southern Illinois University.

Geba, Bruno Hans (1975) ..... Professor of Recreation  
Absolutorium, University of Vienna; Ph.D., University of Colorado.

Geffer, Irving (1970) ..... Assistant Professor of Religious Studies  
A.B., University of Toronto; M.A., Michigan State University; Ph.D., Brandeis  
University.

Gellans, Jay H. (1961) ..... Professor of English  
A.B., Kenyon College; M.A., Ph.D., Yale University.

Genovese, E. Nicholas (1970) ..... Professor of Classics and Humanities  
A.B., Xavier University; Ph.D., Ohio State University.

Genzlinger, Cleve K. (1957) ..... Professor of Music  
B.M., M.M., University of Nebraska; additional graduate study, Teachers College,  
Columbia University.

Gerber, James B. (1985) ..... Assistant Professor of Economics  
B.A., California State University, Chico; Ph.D., University of California, Davis.

Gersberg, Richard M. (1986) ..... Assistant Professor of Public Health  
B.S., The City College of the City University of New York; M.S., University of  
Houston; Ph.D., University of California, Davis.

Gervais, Ronald J. (1969) ..... Professor of English  
A.B., M.A., Michigan State University; Ph.D., University of Oregon.

Gevecl, Tunc (1985) ..... Professor of Mathematical Sciences  
B.S., Middle East Technical University; M.A., Ph.D., University of California, San  
Diego.

Ghorpade, Jaisingh V. (1965) ..... Professor of Management  
A.B., University of Poona, India; M.B.A., Ph.D., University of California, Los  
Angeles.

Gilbert, Kay R. (1979, except F'80-S'81 and F'83-S'86) ..... Lecturer in Nursing  
B.S., M.S., University of Alabama in Birmingham.

Gilbreath, Stuart H. (1968) ..... Professor of Public Administration  
and Urban Studies  
A.B., Pacific Lutheran College; B.D., Pacific Lutheran Theological Seminary; Ph.D.,  
Michigan State University.

Gindler, Herbert A. (1960) ..... Professor of Mathematical Sciences  
B.B.A., University of Minnesota; Ph.D., University of California, Los Angeles.

Gingras, Marie Therese (1987) ..... Assistant Professor of Classics  
B.A., University of Colorado; M.A., Ph.D., University of Michigan.

Girty, Gary H. (1984) ..... Associate Professor of Geological Sciences  
B.A., M.S., California State University, Fresno; M.Phil., Ph.D., Columbia University.

Gitcheff, G. Thomas (1969) ..... Professor of Public Administration  
and Urban Studies  
A.B., Central Methodist College; M.Crim., D.Crim., University of California,  
Berkeley.

Gitman, Lawrence J. (1989) ..... Professor of Finance  
B.S., Purdue University; M.B.A., University of Dayton; Ph.D., University of  
Cincinnati.

Glasgow, Janis M. (1962) ..... Professor of French  
A.B., Western Reserve University; M.A., University of Wisconsin; Ph.D., University  
of California, Los Angeles.

Glembotski, Christopher C. (1986) ..... Professor of Biology  
B.S., California Polytechnic State University; Ph.D., University of California, Los  
Angeles.

Goerke, Carol M. (1977) ..... Judicial Coordinator  
A.B., M.S.W., University of Wisconsin, Milwaukee; J.D., Western State University.

Golbeck, Amanda L. (1983) ..... Associate Professor of Mathematical Sciences  
B.A., Grinnell College; M.A. (Anthropology), M.A. (Statistics); Ph.D., University of  
California, Berkeley.

Goldberg, Fred M. (1966) ..... Professor of Natural Science  
B.S., M.S., Ph.D., University of Michigan.

Golden, Mary Frances (1989) ..... Assistant Professor of Naval Science  
B.S., Regis College; M.A., Pepperdine University; M.A., Saive Regina - The  
Newport College.

Goldfarb, Marcos (1987) ..... Lecturer in Spanish  
B.A., Hunter College; M.A., New York University; Ph.D., University of California,  
San Diego.

Goldkind, Victor (1961) ..... Professor of Anthropology  
B.S., George Washington University; M.A., Ph.D., Michigan State University.

Goodwin, Joann P. (1968) ..... Senior Assistant Librarian  
A.B., Earlham College; M.L.S., University of Rhode Island.

Gotlib, Ian H. (1989) ..... Professor of Psychology  
B.A., University of Western Ontario; M.A., Ph.D., University of Waterloo.

Goynes, Carol L. (1969) ..... Associate Librarian  
A.B., M.A., San Diego State University; M.S.L.S., University of Southern California.

Grace, Ted (1989) ..... Acting Director, Clinical Services; M.D., Student  
Health Services  
B.A., M.D., Ohio State University.

Graf, Gerald (1979) ..... Lecturer in Health Science  
B.A., Columbia University; M.S., State University of New York College of New Paltz.

Graf, Richard G. (1968) ..... Professor of Psychology  
A.B., Fairleigh Dickinson University; M.A., Connecticut College; Ph.D., University of  
Massachusetts.

Graham, Jack A. (1967) ..... Counselor  
A.B., Central Washington State College; M.A., Washington State University, Ed.D.,  
Arizona State University.

Graham, William K. (1973) ..... Professor of Psychology  
A.B., Willamette University; M.A., University of Illinois; Ph.D., Wayne State  
University.

Grant-Henry, Sharon (1986) ..... Assistant Professor of Counselor Education  
B.A., University of California, San Diego; M.S., San Diego State University; Ph.D.,  
Princeton University.

Grawunder, Ralph M. (1955) ..... Professor of Physical Education  
B.S., The Rice Institute; M.A., Ed.D., Teachers College, Columbia University.

Green, Louis C. (1976) ..... Professor of Economics  
A.B., M.A., California State University, Los Angeles; Ph.D., University of California,  
Berkeley.

Greenfield, Philip J. (1969) ..... Associate Professor of Anthropology  
A.B., Pasadena College; M.A., Ph.D., University of Arizona.

Greenwood, Ned H. (1964) ..... Professor of Geography  
B.S., M.S., Brigham Young University; Ph.D., Ohio State University.

Gregor, Mary J. (1982) ..... Professor of Philosophy  
B.A., Creighton University; M.A., St. Louis University; Ph.D., University of Toronto.

Gregory, Sinda J. (1977, except S'84) ..... Associate Professor of English  
B.A., University of New Mexico; M.A., Ph.D., University of Illinois.

Griffin, Ernst C. (1972) ..... Professor of Geography  
A.B., San Diego State University; M.A., University of Denver; Ph.D., Michigan State  
University.

Griffin, Ronald W. (1957) ..... Professor of Social Work  
A.B., Texas Technological College; B.D., Golden Gate Baptist Seminary; M.S.S.W.,  
University of Texas; Ph.D., Florida State University.

Grigsby, Eugene H. (1990) ..... Associate Professor of Afro-American Studies  
B.S., Tennessee State University; M.A., Fisk University; Ph.D., Howard University.

- Grinolds, Joel C. (1984)** ..... M.D., Student Health Services  
B.S., Carroll College; M.D., University of Wisconsin, Madison; M.P.H., University of California, Berkeley.
- Griswold, Jerome J. (1980)** ..... Professor of English  
B.A., Seattle University; M.A., Ph.D., University of Connecticut.
- Griswold del Castillo, Ricardo (1974)** ..... Professor of Mexican American Studies  
A.B., M.A., Ph.D., University of California, Los Angeles.
- Grone, Robert D. (1986)** ..... Professor of Mathematical Sciences  
B.A., M.S., California State University, Northridge; Ph.D., University of California, Santa Barbara.
- Groover, Darryl G. (1966)** ..... Professor of Art  
B.F.A., M.A., Kent State University; M.F.A., University of Arizona.
- Grossbard-Shechtman, Shoshana A. (1981)** ..... Associate Professor of Economics  
B.A., Hebrew University; Ph.D., University of Chicago.
- Grossberg, John M. (1962)** ..... Professor of Psychology  
A.B., Brooklyn College; M.A., Ph.D., Indiana University.
- Grubbs, Edward J. (1961)** ..... Professor of Chemistry  
A.B., Occidental College; Ph.D., Massachusetts Institute of Technology.
- Grudnitski, Gary M. (1988)** ..... Professor of Accountancy  
B.Comm., M.B.A., University of Saskatchewan; Ph.D., University of Massachusetts.
- Guentzler, William D. (1968)** ..... Professor of Industrial Studies  
B.S., M.A., Kent State University; Ph.D., Ohio State University.
- Guerry, Charles J. (1987)** ..... Assistant Professor of Military Science  
B.S., Francis Marion College.
- Gulino, Claire (1982)** ..... Professor of Nursing  
B.S., M.A., New York University; Ed.D., Teachers College, Columbia University.
- Gumbiner, Judith G. (1967)** ..... Director, Career Services  
A.B., M.A., San Diego State University.
- Gupta, Dipak K. (1977)** ..... Professor of Public Administration and Urban Studies  
A.B., University of Calcutta; M.A., Visva-Bharati University; M.A., Ph.D., University of Pittsburgh.
- Gutierrez-Ciellen, Vera (1990)** ..... Assistant Professor of Communicative Disorders  
M.A., Universidad del Museo Social Argentino; Ph.D., Temple University.
- Gutowski, Julius P., Jr. (1967)** ..... Assistant Professor of Physical Education  
A.B., San Diego State University.
- Güven, Halil M. (1984)** ..... Associate Professor of Mechanical Engineering  
B.S., Boğaziçi University, Turkey; M.S., Mississippi State University; Ph.D., University of Houston.
- Haas, Robert W. (1967)** ..... Professor of Marketing  
B.B.A., St. Bonaventure University; M.S., D.B.A., Arizona State University.
- Haddad, Kamal M. (1981)** ..... Associate Professor of Finance  
B.B.A., American University of Beirut; M.S., Ph.D., University of Nebraska.
- Hadley, Sue A. (1985)** ..... Assistant Professor of Nursing  
B.S., University of Texas at San Antonio; M.S., Ball State University; D.N.S., Indiana University — Purdue University at Indianapolis.
- Hageman, Renette K. (1982)** ..... Professor of Economics  
B.A., Ph.D., University of New Mexico.
- Hager, Richard A. (1970)** ..... Professor of Mathematical Sciences  
B.Phys., Ph.D., University of Minnesota.
- Hall, James A. (1985)** ..... Associate Professor of Social Work  
B.A., University of Minnesota; M.A., University of Chicago; Ph.D., University of Wisconsin.
- Hambleton, John W. (1969)** ..... Associate Professor of Economics  
A.B., Boston College; M.A., Ph.D., University of Wisconsin.
- Hamilton, Charles D. (1974)** ..... Professor of History and Classics  
A.B., Fordham University; M.A., Ph.D., Cornell University.
- Hamilton, Ronald N. (1988)** ..... Assistant Professor of Communicative Disorders  
B.A., Trenton State College; M.A., New York University.
- Hammer, Gerald K. (1963)** ..... Professor of Industrial Studies  
B.S., M.S., Bradley University; Ed.D., University of California, Los Angeles.
- Hammond, Fred H. (1987, except 1971-72)** ..... Lecturer in Physical Education  
B.S., Miami University; M.A., San Diego State University.
- Hampton, David R. (1964)** ..... Professor of Management  
A.B., University of Michigan; M.B.A., University of Southern California; Ph.D., Columbia University; J.D., Western State University.
- Handysides, Gail (1985)** ..... Lecturer in Nursing  
B.S., Andrews University; M.S., Boston University.
- Hanscom, Zac, III (1976)** ..... Associate Professor of Biology  
B.S., M.S., California State Poly University; Ph.D., University of California, Riverside.
- Hanson, Robert C. (1987)** ..... Assistant Professor of Finance  
B.S., Lowell Technological Institute; B.S., M.S., University of Utah; M.B.A., Southern Illinois University at Edwardsville; Ph.D., University of Utah.
- Harbert, Anita S. (1979)** ..... Professor of Social Work  
A.B., Fairmont State College; M.S.W., West Virginia University; Ph.D., Brandeis University.
- Harkanyi, Katalin (1969)** ..... Associate Librarian  
A.B., Wayne State University; M.L.S., Western Michigan University.
- Harley, Bruce L. (1990)** ..... Senior Assistant Librarian  
B.A., Pennsylvania State University; M.A., State University of New York at Binghamton; M.L.S., San Jose State University.
- Harris, Fredric J. (1968)** ..... Professor of Electrical and Computer Engineering  
B.E.E., Polytechnic Institute of Brooklyn; M.S.E.E., San Diego State University. Registered Professional Engineer.
- Harris, Greg L. (1989)** ..... Assistant Professor of Biology  
B.A., Case Western Reserve University; Ph.D., University of North Carolina.
- Harris, Jay H. (1980)** ..... Professor of Electrical and Computer Engineering  
B.E.E., Polytechnic Institute of Brooklyn; M.S., California Institute of Technology; Ph.D., University of California, Los Angeles.
- Harris, Mary E. (1982)** ..... Associate Librarian  
B.S., San Diego State College; B.A.L.S., University of Oklahoma; M.A.L.S., University of Southern California.
- Harris, Oilita D. (1979)** ..... Associate Professor of Social Work  
B.S., Rocky Mountain College; M.S.W., Ph.D., University of Denver.
- Harrison, Patrick J. (1970)** ..... Professor of Educational Technology  
B.S., M.S., Stout State University; Ph.D., Michigan State University.
- Hartung, Barbara W. (1976)** ..... Executive Assistant to the President;  
Professor of Journalism  
A.B., M.S., San Diego State University; Ph.D., United States International University.
- Harvey, Anne-Charlotte (1984)** ..... Assistant Dean for Academic Affairs,  
College of Professional Studies and Fine Arts; Professor of Drama  
B.A., Scripps College; B.A., University of Stockholm, Sweden; M.A., Ph.D., University of Minnesota.
- Harvey, Michael L. (1969)** ..... Professor of Drama  
B.S., Harvey Mudd College; M.A., University of California, Los Angeles; Ph.D., University of Minnesota.
- Hatch, Mary Jo (1987)** ..... Associate Professor of Management  
B.A., M.B.A., Indiana University; Ph.D., Stanford University.
- Hatch, Richard A. (1975)** ..... Professor of Information and Decision Systems  
B.S., Boston University; Ph.D., University of Illinois.
- Hayakawa, Joanne (1982)** ..... Associate Professor of Art  
B.A., University of California, Santa Barbara; M.F.A., University of Washington.
- Hayes, Charlotte E. (1972)** ..... Counselor  
A.B., Texas Technological University; M.S., East Texas State University.
- Hayes, Floyd W., III (1986)** ..... Assistant Professor of Afro-American Studies  
B.A., North Carolina Central University; M.A., University of California, Los Angeles; Ph.D., University of Maryland.
- Head, Gerald L. (1964)** ..... Professor of Spanish  
A.B., Ph.D., University of California, Los Angeles.
- Heck, Edward V. (1983)** ..... Professor of Political Science  
B.A., University of South Sewanee; M.A., University of Virginia; Ph.D., Johns Hopkins University.
- Hedges, Elizabeth (1989)** ..... M.D., Student Health Services  
B.S., M.D., University of Arizona.
- Heighton, Elizabeth J. (1966)** ..... Professor of Telecommunications and Film  
A.B., University of Washington; M.S., Syracuse University.
- Heineken, Janet R. (1980)** ..... Professor of Nursing  
B.S., San Diego State University; M.S., Washington University; Ph.D., University of Denver.
- Hellberg, Lars H. (1956)** ..... Professor of Chemistry  
B.S., Northwestern University; Ph.D., University of California, Los Angeles.
- Hellweg, Susan A. (1979)** ..... Professor of Speech Communication  
A.B., University of California, Los Angeles; M.A., California State University, Dominguez Hills; Ph.D., University of Southern California.
- Hemmingsen, Barbara B. (1973)** ..... Professor of Biology  
A.B., M.A., University of California, Berkeley; Ph.D., University of California, San Diego.
- Hempel, Graham (1979)** ..... Associate Professor of Physical Education  
A.B., M.A., San Francisco State University.
- Henderson, Joel H. (1971)** ..... Professor of Public Administration  
and Urban Studies  
B.A., Towson State College; M.A., Ph.D., Western Michigan University.
- Henig, Suzanne (1968)** ..... Professor of English  
A.B., Washington Square College of Arts and Sciences; M.A., Ph.D., New York University.
- Henry, Edward O. (1974)** ..... Professor of Anthropology  
B.S., G.M., Institute of Technology; M.A., Ph.D., Michigan State University.
- Hergert, Michael L. (1985)** ..... Professor of Management  
B.A., Kalamazoo College; M.A., Ph.D., Harvard University.
- Hermansen, Marcla K. (1982)** ..... Associate Professor of Religious Studies  
B.A., University of Waterloo; Ph.D., University of Chicago.
- Herzog, Lawrence A. (1989)** ..... Associate Professor of Mexican American Studies  
B.A., State University of New York at Albany; M.A., Ph.D., Syracuse University.
- Hewes, Dorothy W. (1974)** ..... Professor of Family Studies and Consumer Sciences  
B.S., Iowa State College; M.A., San Fernando Valley State; Ph.D., Union Graduate School.
- Heyman, Neil M. (1969)** ..... Professor of History  
A.B., Yale University; M.A., Ph.D., Stanford University.
- Hicks, Darlene Emily (1984)** ..... Assistant Professor of English  
and Comparative Literature  
B.A., Ph.D., University of California, San Diego.
- Hidalgo, Margarita G. (1987)** ..... Assistant Professor of Spanish  
B.A., Instituto Tecnológico de Monterrey; M.A., Michigan State University; Ph.D., University of New Mexico.
- Higgs, Theodore V. (1981)** ..... Professor of Spanish  
A.B., Alfred University; M.S., Ph.D., Georgetown University.
- Higurashi, Yoshiko (1983)** ..... Associate Professor of Japanese  
B.A., Waseda University, Tokyo; M.A., University of Oregon; Ph.D., University of Texas at Austin.
- Hill, Howard (1967)** ..... Associate Professor of Music  
A.B., University of Washington; graduate study, Juilliard School of Music; M.A., Teachers College, Columbia University.
- Hill, Richard B., Jr. (1969)** ..... Assistant Professor of Sociology,  
Imperial Valley Campus  
A.B., M.A., University of Missouri, Kansas City; Ph.D., University of Missouri, Columbia.
- Hillix, William A. (1963, except 1967-69)** ..... Professor of Psychology  
A.B., M.A., Ph.D., University of Missouri, Columbia.
- Himes, Ronald S. (1969)** ..... Professor of Anthropology  
B.S., Georgetown University; M.A., Ateneo de Manila University, Philippines; Ph.D., University of Hawaii.
- Hines, Jeanette D. (1977)** ..... Associate Professor of Nursing  
B.S.N., Cornell University; M.A., San Francisco State College and New York University; D.N.S., University of California, San Francisco.
- Hinkle, James C. (1961)** ..... Professor of English  
A.B., Denison University; M.A., Harvard University.
- Hintzman, William R. (1969)** ..... Associate Professor of Mathematical Sciences  
A.B., University of Wisconsin, Milwaukee; M.A., University of Michigan; Ph.D., University of Wisconsin.
- Hippaka, William H. (1957)** ..... Professor of Finance  
B.S.C., Jur.D., University of Iowa.
- Hittle, Linda C. (1987)** ..... Assistant Professor of Finance  
B.B.A., Kent State University; M.B.A., University of Denver; Ph.D., University of Colorado, Boulder.
- Ho, Hung-Ta (1986)** ..... Professor of Mathematical Sciences  
B.Sc., Ordnance Engineering College, China; Sc.M., Virginia Polytechnic Institute; Ph.D., Brown University.
- Hobbs, John A. (1964)** ..... Associate Professor of Political Science  
A.B., M.A., University of Illinois; Ph.D., Princeton University.
- Hector, Michael B. (1973)** ..... Director, Housing and Residential Life  
A.B., M.A., Washington State University.
- Hofstetter, C. Richard (1983)** ..... Professor of Political Science  
B.A., University of Oregon; M.A., Ph.D., Indiana University.
- Hogg, Merle E. (1962)** ..... Professor of Music  
B.S.Ed., B.S.Mus., Emporia Kansas State College; M.A., M.F.A., Ph.D., University of Iowa.
- Hohm, Charles F. (1973)** ..... Professor of Sociology  
A.B., M.A., Ph.D., University of Southern California.
- Hoidal, Oddvar K. (1967)** ..... Professor of History  
A.B., San Diego State University; Ph.D., University of Southern California.
- Holler, Linda D. (1981)** ..... Associate Professor of Religious Studies  
B.A., California State University, Chico; M.A., Ph.D., Vanderbilt University.
- Holly, Dianne J. (1984, except F'84 and F'85-S'86)** ..... Lecturer in Drama  
A.B., M.A., San Diego State University.
- Holmes, Calvin V. (1956)** ..... Professor of Mathematical Sciences  
A.B., M.A., University of Mississippi; M.S., University of Illinois; Ph.D., University of Kansas.
- Hoover-Plow, Jane L. (1980)** ..... Associate Professor of Family Studies  
and Consumer Sciences  
B.S., Marshall University; M.S., West Virginia University; Ph.D., University of California, Davis.
- Hope, Allen S. (1986)** ..... Associate Professor of Geography  
B.S., M.Sc.Eng., University of Natal, South Africa; Ph.D., University of Maryland.
- Hornbeck, Frederick W. (1968)** ..... Professor of Psychology  
A.B., M.S., Yale University; Ph.D., University of California, Los Angeles.
- Hough, Richard L. (1983)** ..... Professor of Sociology  
B.A., Texas Christian University; M.Div., Iliff School of Theology, M.A., Ph.D., University of Illinois.
- Houston, Arthur L., Jr. (1986)** ..... Assistant Professor of Finance  
B.A., Miami University; M.B.A., Pepperdine University; Ph.D., University of Washington.
- Houston, Carol O. (1986)** ..... Assistant Professor of Accountancy  
B.A., M.B.A., Pacific Lutheran University; Ph.D., University of Washington.
- Hovell, Melbourne F. (1982)** ..... Professor of Public Health  
B.A., San Francisco State University; M.A., Western Michigan University; M.P.H., University of California, Berkeley; Ph.D., University of Kansas.
- Howard, Edgar J. (1965)** ..... Professor of Mathematical Sciences  
B.S., M.S., San Diego State University; Ph.D., New Mexico State University.
- Hoyt, Jack W. (1981)** ..... Professor of Mechanical Engineering  
B.S., Illinois Institute of Technology, Chicago; M.S., Ph.D., University of California, Los Angeles.
- Huckle, Patricia (1975)** ..... Dean, North County Center; Associate Professor  
of Women's Studies  
A.B., Ohio University; M.P.A., University of Washington; Ph.D., University of Southern California.
- Hui, Stefan (1988)** ..... Assistant Professor of Mathematical Sciences  
B.A., University of California, Berkeley; M.S., Ph.D., University of Washington.
- Hunsaker, Don, II (1960)** ..... Professor of Biology  
A.B., M.S., Texas Technological College; Ph.D., University of Texas.
- Huntley, David (1978)** ..... Professor of Geological Sciences  
A.B., University of California, Santa Barbara; Ph.D., Colorado School of Mines, Golden.
- Huribert, Stuart H. (1970)** ..... Professor of Biology  
A.B., Amherst College; Ph.D., Cornell University.
- Hurray, Carole (1985)** ..... M.D., Student Health Services  
B.A., Saint Mary's College; M.S., University of Notre Dame; M.D., University of Alabama in Birmingham.
- Hussain, Nihad A. (1969)** ..... Associate Dean, College of Engineering;  
Professor of Mechanical Engineering  
B.Sc.M.E., Baghdad University, Iraq; M.Sc.M.E., Purdue University; Ph.D., University of Notre Dame.
- Hutchins, Robert C. (1968)** ..... Professor of Finance  
B.S., M.S., Adv. M.Ed., Florida State University; M.B.A., D.B.A., University of Southern California.
- Hutchinson, George (1973)** ..... Director, Student Outreach Services;  
Associate Professor of Recreation  
B.S., M.S., California State College, Los Angeles; Ph.D., United States International University.

**Ima, Kenji (1972)** ..... Associate Professor of Sociology  
B.A., Whitman College; M.S., University of Oregon; Ph.D., Northwestern University.

**Ingmanson, Dale E. (1968)** ..... Professor of Natural Science  
B.S., Rollins College; M.Ed., Rutgers University; Ed.D., University of Florida.

**Ingraham, Colette L. (1985)** ..... Associate Professor of Counselor Education  
B.A. (American Studies), B.A. (Psychology), University of California, Davis; M.A., Ph.D., University of California, Berkeley.

**Ingram, Rick E. (1983)** ..... Associate Professor of Psychology  
B.A., San Diego State University; M.A., Ph.D., University of Kansas.

**Iosupovici, Alexander (1978)** ..... Professor of Electrical and Computer Engineering  
B.S., M.S., Technion, I.I.T., Israel; Ph.D., Syracuse University.

**Irwin, Michael A. (1964)** ..... Director, Test Office  
A.B., M.A., San Diego State University.

**Jacobs, L. Ronald (1982)** ..... Professor of Administration, Rehabilitation and Postsecondary Education  
B.S., Pennsylvania State University; M.A., California State University, Northridge; Ph.D., University of Arizona.

**Jaffe, Harold (1982)** ..... Professor of English  
B.A., Grinnell College; M.A., Ph.D., New York University.

**Jameson, K. Charles (1965)** ..... Professor of Telecommunications and Film  
A.B., M.A., University of Michigan; Ph.D., University of Southern California.

**Jenkins, Lynn M. (1980)** ..... Counselor  
A.B., M.S., San Diego State University.

**Jensen, Reilly C. (1958)** ..... Professor of Chemistry  
B.S., M.S., University of Nevada; Ph.D., University of Washington.

**Jiménez-Verá, Arturo (1970)** ..... Professor of Spanish  
A.B., San Diego State University; M.A., Arizona State University; Ph.D., University of Arizona.

**Jiracek, George R. (1980)** ..... Professor of Geological Sciences  
B.S., M.S., University of Wisconsin; Ph.D., University of California, Berkeley.

**Joh, Gun-Ho (1988)** ..... Assistant Professor of Accountancy  
B.A., Seoul National University; M.A., University of Iowa; Ph.D., University of Pennsylvania.

**Johns, Ann M. (1975)** ..... Professor of Academic Skills and Linguistics  
A.B., Carlton; M.A., University of Chicago; M.A., American University in Cairo; Ph.D., University of Southern California.

**Johns, David H. (1965)** ..... Professor of Political Science  
A.B., Dartmouth College; M.A., Ph.D., University of Chicago.

**Johnson, Albert W. (1964)** ..... Vice President for Academic Affairs; Professor of Biology  
B.S., Colorado Agricultural and Mechanical College; M.S., Ph.D., University of Colorado.

**Johnson, Curtis N. (1989)** ..... Assistant Professor of Political Science  
A.B., University of California, Berkeley; M.A., San Diego State University; Ph.D., Columbia University in the City of New York.

**Johnson, Gerald G. (1978)** ..... Professor of Biology  
B.S., Bowling Green; M.S., Wayne State University; Ph.D., Western Reserve.

**Johnson, Joseph S. (1967)** ..... Professor of Telecommunications and Film  
A.B., University of Utah; Ph.D., Michigan State University.

**Johnson, Kenneth D. (1972)** ..... Professor of Biology  
A.B., Ph.D., University of California, Santa Barbara.

**Johnson, Martha A. (1984)** ..... Lecturer in Academic Skills  
B.A., University of California, Berkeley; M.A., San Diego State University.

**Johnson, Mary B. (1989)** ..... Assistant Professor of Physical Education  
B.S., M.S., University of Utah.

**Johnson, Patricia M. (1984)** ..... Lecturer in Academic Skills  
B.A., San Diego State University.

**Johnson, Warren A. (1969)** ..... Professor of Geography  
B.S., University of California, Berkeley; M.S., Ph.D., University of Michigan.

**Johnson, Willard L. (1977, except F'80-S'81 and S'83)** ..... Associate Professor of Religious Studies  
B.A., Oberlin College; M.A., Ph.D., University of Wisconsin.

**Jonasson, J. Franklin (1968)** ..... Assistant Director, Student Outreach Services  
B.S., Ed.M., Oregon State University.

**Jones, Barry W. (1980)** ..... Associate Professor of Communicative Disorders  
B.S., Eastern New Mexico University; M.S., Canisius College; Ph.D., University of Illinois.

**Jones, Kathleen B. (1981)** ..... Associate Professor of Women's Studies  
B.A., Brooklyn College; Ph.D., The City University of New York.

**Jones, Loring P. (1989)** ..... Assistant Professor of Social Work  
B.A., Belmont Abbey College; M.S.W., Virginia Commonwealth University; D.S.W., University of California, Los Angeles.

**Jones, Richard D. (1973)** ..... Professor of Administration, Rehabilitation and Postsecondary Education  
A.B., College of William and Mary; M.A., University of Virginia; Ed.D., University of California, Los Angeles.

**Jones, Walter D. (1962)** ..... Professor of Chemistry  
B.S., University of Washington; Ph.D., Oregon State College.

**Jones, Woodrow (1974)** ..... Professor of Political Science  
A.B., University of New Mexico; M.A., Ph.D., University of Oregon.

**Josephson, Ronald V. (1975)** ..... Professor of Family Studies and Consumer Sciences  
B.S., Pennsylvania State University; M.S., Ph.D., University of Minnesota.

**Junker, Cheryl A. (1989)** ..... Assistant Professor of Aerospace Studies  
B.S., M.B.A., University of Southern Mississippi.

**Kaatz, James M. (1967)** ..... Associate Professor of Teacher Education  
A.B., Andrews University; M.A., California State University, Long Beach; Ed.D., University of Southern California.

**Kahng, Tae Jin (1962)** ..... Professor of Political Science  
A.B., Kent State University; M.A., Ph.D., Columbia University.

**Kalustian, Paula (1989)** ..... Assistant Professor of Drama  
B.F.A., Stephens College; M.A., University of Iowa; M.F.A., New York University.

**Kanwar, Rajesh (1988)** ..... Assistant Professor of Marketing  
B.E., Karnataka Regional Engineering College; M.B.A., Indian Institute of Management; Ph.D., Pennsylvania State University.

**Kaplan, Jeffrey P. (1976)** ..... Associate Professor of Linguistics  
A.B., University of Chicago; M.A., Ph.D., University of Pennsylvania.

**Kartman, Arthur E. (1968)** ..... Professor of Economics  
A.B., MacMurray College; M.A., Ph.D., University of Washington.

**Kass, Norman (1961)** ..... Professor of Psychology  
A.B., M.A., Ph.D., Western Reserve University.

**Katz, Joseph (1986)** ..... Professor of Aerospace Engineering and Engineering Mechanics  
B.S., M.S., D.Sc., Technion, Israel.

**Katz, Shelby (1989)** ..... M.D., Student Health Services  
B.A., Miami University; M.D., University of Cincinnati.

**Kehler, Dorothea F. (1970)** ..... Professor of English  
A.B., City College of New York; M.A., Ph.D., Ohio University.

**Keiser, K. Robert (1968)** ..... Associate Professor of Political Science  
A.B., Brown University; Ph.D., University of North Carolina.

**Keitel, Bruce A. (1984)** ..... Academic Services Coordinator  
B.A., San Diego State University; M.A., University of California, Berkeley.

**Kelley, Joseph B. (1970) (Under contract 1968-69)** ..... Professor of Social Work  
B.S., Lehigh University; M.S.W., Catholic University of America; D.S.W., Columbia University.

**Kelley, Michael J. (1988)** ..... Assistant Professor of Family Studies and Consumer Sciences  
B.S., University of California, Berkeley; M.S., Colorado State University; Ph.D., Purdue University.

**Kelly, Paula (1974)** ..... Associate Dean, College of Extended Studies  
B.A., Pitzer College; M.B.A., Ed.D., University of San Diego.

**Kendall, W. Lloyd (1961)** ..... Professor of Teacher Education  
B.S., Wayne State University; M.A., Miami University, Ohio; Ed.D., University of Maryland.

**Kennedy, Will C. (1967)** ..... Associate Professor of Sociology  
A.B., M.A., Ph.D., University of California, Los Angeles.

**Kern, J. Phillip (1968)** ..... Professor of Geological Sciences  
A.B., Ph.D., University of California, Los Angeles.

**Kessler, Lois P. (1969)** ..... Associate Professor of Health Science  
R.N., Hospital of the Good Samaritan, Los Angeles; B.S., University of Rochester; M.A., San Diego State University.

**Kettl, Michael (1988)** ..... M.D., Student Health Services  
B.S., M.D., University of Arizona.

**Khaili, Issa J. (1969)** ..... Associate Professor of Religious Studies  
A.B., Eastern Mennonite College; M.A., Ph.D., University of Chicago.

**Kim, Tong Suk (1989)** ..... Assistant Professor of Finance  
B.A., Sungkyunkwan University, Korea; M.B.A., University of Santa Clara; Ph.D., Ohio State University.

**Kimbrough, David L. (1989)** ..... Assistant Professor of Geological Sciences  
B.S., University of California, Santa Cruz; Ph.D., University of California, Santa Barbara.

**King, Harry A. (1978)** ..... Professor of Physical Education  
B.Sc., University of Wales; M.Sc., Simon Fraser University; Ph.D., University of Iowa.

**Kinney, Karen (1985)** ..... Associate University Librarian, Public Services  
B.A., University of Wisconsin; M.S.L.S., M.A., Columbia University; M.B.A., New York University.

**Kirkpatrick, R. George (1972)** ..... Associate Professor of Sociology  
A.B., M.A., Ph.D., University of Texas at Austin.

**Kirschvink, Stephen J. (1987)** ..... Assistant Professor of Mathematical Sciences  
B.S., Arizona State University; M.A., Ph.D., University of California, San Diego.

**Kilano, Margie K. (1988)** ..... Associate Dean for Faculty Development and Research, College of Education; Professor of Special Education  
B.A., M.A., Ph.D., University of California, Los Angeles.

**Kittell, Ellen (1989)** ..... Assistant Professor of History  
B.A., Lewis and Clark College; M.A., Ph.D., University of Illinois.

**Knowlton, Charlene V. (1986)** ..... Lecturer in Art  
B.A., M.F.A., University of California, Los Angeles.

**Koch, Alma L. (1983)** ..... Associate Professor of Public Health  
B.S., Cornell University; S.M., Massachusetts Institute of Technology; M.P.H., Ph.D., University of California, Los Angeles.

**Koehler, Mary S. (1987)** ..... Associate Professor of Mathematical Sciences  
A.B., San Diego State University; M.A., University of California, Los Angeles; Ph.D., University of Wisconsin, Madison.

**Kohen, Janet A. (1980)** ..... Associate Professor of Women's Studies  
A.B., M.A., Ph.D., University of Iowa.

**Kolar, Jane M. (1975)** ..... Associate Professor of Music  
B.M., University of Montana; M.A., Ph.D., Columbia University.

**Kolen, Paul T. (1987)** ..... Associate Professor of Electrical and Computer Engineering  
B.S., University of Michigan; M.S., San Diego State University; Ph.D., Utah State University.

**Kolody, Bohdan (1972)** ..... Professor of Sociology  
B.S., Clemson University; M.A., Bowling Green State University; Ph.D., University of Oregon.

**Koolish, Lynda L. (1989)** ..... Assistant Professor of English  
B.A., University of California, Berkeley; M.A., San Francisco State University; Ph.D., Stanford University.

**Kornfeld, Eve (1986)** ..... Assistant Professor of History  
B.A., Princeton University; M.A., Ph.D., Harvard University.

**Kornweibel, Theodore, Jr. (1977)** ..... Professor of Afro-American Studies  
A.B., M.A., University of California, Santa Barbara; Ph.D., Yale University.

**Koster, Alexis (1983)** ..... Associate Professor of Information and Decision Systems  
B.S., University of Paris; Certificate in Business Administration, University of Toulouse, France; Ph.D., University of North Carolina.

**Kozlik, Ludek A. (1965)** ..... Professor of Russian  
A.B., M.A., Ph.D., University of Texas.

**Kracun, Mary D. (1989)** ..... Lecturer in Nursing  
B.S., Gwynedd-Mercy College; M.S., University of Pennsylvania; Ph.D., Texas Woman's University.

**Kramer, Linda R. (1987)** ..... Assistant Professor of Teacher Education  
B.A., University of Florida; M.Ed., University of North Florida; Ph.D., University of Florida.

**Kramer, Steven J. (1985)** ..... Associate Professor of Communicative Disorders  
B.A., University of California, Santa Barbara; M.A., Ph.D., University of Florida.

**Kreiwirth, Virginia S. (1983)** ..... Lecturer in Health Science  
A.B., M.A., New York University; Ph.D., Purdue University.

**Krekorian, Neil (1970)** ..... Professor of Biology  
A.B., M.A., California State University, Los Angeles; Ph.D., University of Toronto.

**Krentler, Kathleen A. (1981)** ..... Professor of Marketing  
B.S., M.B.A., Wayne State University; D.B.A., University of Kentucky.

**Krisans, Skaldrite (1969)** ..... Professor of Biology  
B.S., Eastern Michigan University; M.S., Ph.D., University of Michigan.

**Krishnamoorthy, Govindarajulu (1968)** ..... Professor of Aerospace Engineering and Engineering Mechanics  
B.E., College of Engineering, India; M.S.C.E., Ph.D., Illinois Institute of Technology.

**Kuchler, Sandra R. (1978)** ..... Assistant Dean for Student Affairs, North County Center  
A.B., M.S., San Diego State University.

**Kuhlman, Natalie A. (1979)** ..... Associate Professor of Policy Studies in Language and Cross-Cultural Education  
A.B., California State College, Los Angeles; M.A., San Francisco State College; Ph.D., University of Arizona.

**Kummerow, Jochen (1973)** ..... Professor of Biology  
Diploma, University of Mainz; Dr., rer., Ph.D., nat., University of Tuebingen.

**Kunzman, Thomas (1987)** ..... M.D., Student Health Services  
B.S., M.D., University of Wisconsin.

**Kushner, Howard I. (1980)** ..... Professor of History  
A.B., Rutgers University; M.A., Ph.D., Cornell University.

**Kuznets, Lois R. (1985)** ..... Professor of English  
B.A., Swarthmore College; M.A.T., Yale University; Ph.D., Indiana University.

**Lackritz, James R. (1977)** ..... Professor of Information and Decision Systems  
B.S., M.S., Bucknell University; Ph.D., University of Florida, Gainesville.

**Lamden, Charles W. (1946, except 1967-1976)** ..... Professor of Accountancy  
A.B., M.A., University of California, Los Angeles; Ph.D., University of California, Berkeley; Certified Public Accountant.

**Lamke, Gene G. (1973)** ..... Professor of Recreation  
A.B., M.A., San Diego State University.

**La Monica, Grace (1966)** ..... Assistant Professor of Nursing  
R.N., St. Francis School of Nursing; B.S., University of Connecticut; B.S., University of California, Berkeley; M.S. (Public Health Nursing), University of California, Los Angeles.

**Landis, Vincent J. (1954)** ..... Professor of Chemistry  
B.S., Washington State College; Ph.D., University of Minnesota.

**Langlais, Phillip J. (1988)** ..... Associate Professor of Psychology  
B.A., Salem State College; M.A., University of Texas Medical Branch; Ph.D., Northeastern University.

**Lantz, John M. (1986)** ..... Professor of Nursing  
B.S.N., Duquesne University; M.S.N., University of Texas at El Paso; M.P.H., University of Pittsburgh; Ph.D., Texas A & M University.

**Lapp, Diane K. (1978)** ..... Professor of Teacher Education  
B.S., Ohio Northern University; M.A., Western Michigan University; Ed.D., Indiana University.

**Larham, Peter F. (1987)** ..... Associate Professor of Drama  
B.A., M.A., University of Natal, Durban; Ph.D., New York University.

**Lasko-McCarthy, Peggy M. (1980, except F'86-S'88)** ..... Assistant Professor of Physical Education  
B.S., University of California, Los Angeles; M.A., California State University, Northridge; Ph.D., University of Southern California.

**Latta, Raymond F. (1977)** ..... Professor of Administration, Rehabilitation and Postsecondary Education  
B.S., University of British Columbia; M.Ed., Western Washington State College; Ph.D., Florida State University.

**Laub, Richard J. (1982)** ..... Professor of Chemistry  
B.S., Regis College; M.S., University of California, Los Angeles; Ph.D., University of Hawaii.

**Launer, Patricia B. (1983)** ..... Lecturer in Communicative Disorders  
B.A., Queens College, The City University of New York; M.A., State University of New York, Buffalo; Ph.D., The City University of New York.

**Lauzen, Martha M. (1988)** ..... Assistant Professor of Journalism  
B.A., M.A., University of Iowa; Ph.D., University of Maryland.

**Le, Dzieu (1989)** ..... M.D., Student Health Services  
B.S., M.D., University of Saigon.

**Leach, Larry L. (1968)** ..... Professor of Anthropology  
A.B., M.A., Ph.D., University of Colorado.

**Leasure, J. William (1962)** ..... Professor of Economics  
A.B., University of New Mexico; M.A., Ph.D., Princeton University.

**Lebherz, Herbert G. (1976)** ..... Professor of Chemistry  
A.B., M.A., San Francisco State University; Ph.D., University of Washington.

**Lockart, Bruce T. (1968)** ..... Professor of Psychology  
A.B., M.A., Ph.D., Michigan State University.

- Lee, Dalton S. (1985)** ..... Assistant Professor of Public Administration and Urban Studies  
A.B., University of California, Berkeley; M.S.W., University of Michigan; M.P.A., D.P.A., Arizona State University.
- Lee, Long C. (1982)** ..... Professor of Electrical and Computer Engineering  
B.S., Taiwan Normal University; A.M., Ph.D., University of Southern California.
- Lee, Raymond (1977)** ..... Associate Professor of Psychology  
B.Ed., Taiwan Normal University; M.Ed., National Chengchi University; Ph.D., University of Minnesota.
- Leerhoff, Ruth E. (1964)** ..... Librarian  
A.B., University of Northern Iowa; M.A., University of Denver.
- Lemus, George (1960)** ..... Professor of Spanish  
Study at the Universidad Nacional Autonoma de Mexico; A.B., M.A., Ph.D., University of Texas.
- Lesley, Frank D. (1970)** ..... Professor of Mathematical Sciences  
B.S., Stanford University; M.A., Ph.D., University of California, San Diego.
- Levine, Joseph R. (1965)** ..... Professor of Psychology  
A.B., Brooklyn College; M.A., Ph.D., Michigan State University.
- Lewin, Harlan J. (1967)** ..... Associate Professor of Political Science  
A.B., Harvard College; M.A., Ph.D., University of California, Berkeley.
- Lewis, Rena B. (1978)** ..... Professor of Special Education  
A.B., Northern Arizona University; M.Ed., Ph.D., University of Arizona.
- Lichtenstein, Gregg A. (1984)** ..... M.D., Student Health Services  
B.S., Stanford University; M.D., Tufts University.
- Liebowitz, Marian (1984)** ..... Associate Professor of Music  
B.M., Eastman School of Music; M.A., Smith College; D.M.A., University of Southern California.
- Lightner, Kevin M. (1968)** ..... Professor of Accountancy  
B.S., San Jose State University; M.B.A., Ph.D., University of California, Los Angeles.
- Lightner, Sharon M. (1978)** ..... Associate Professor of Accountancy  
B.S., University of Montana; M.S., San Diego State University; Ph.D., University of Oregon; Certified Public Accountant.
- Lilly, Roger A. (1968)** ..... Professor of Physics  
B.S., M.A., University of Southern California; Ph.D., University of Hawaii.
- Lin, Mao-Shiu (1966)** ..... Professor of Electrical and Computer Engineering  
B.S.E., National Taiwan University, Taiwan; M.S.E., Ph.D., University of Michigan.
- Lindgren, Donald A. (1965)** ..... Professor of Marketing  
B.B.A., M.B.A., Ph.D., University of Wisconsin.
- Lippold, Lois K. (1968)** ..... Professor of Anthropology  
B.S., M.S., Ph.D., University of Wisconsin.
- Litrownik, Alan J. (1971)** ..... Professor of Psychology  
A.B., University of California, Los Angeles; M.A., Ph.D., University of Illinois.
- Little, D. Richard (1974)** ..... Professor of Political Science  
A.B., University of California, Berkeley; M.A., Ph.D., University of California, Los Angeles.
- Little, Sherry B. (1982)** ..... Associate Professor of English  
B.A., M.A., Ph.D., Arizona State University.
- Locke, William P. (1974)** ..... Dean, College of Extended Studies; Special Assistant for International Programs; Assistant Professor of Public Administration and Urban Studies  
A.B., Westminster College; M.Ed., Ph.D., St. Louis University.
- Lockery, Shirley A. (1974)** ..... Assistant Professor of Social Work  
B.A., California State University, Los Angeles; M.S.W., M.P.A., Ph.D., University of Southern California.
- Logan, Jack D. (1969)** ..... Professor of Music  
B.M., M.M., Southern Methodist University; Ph.D., University of California, San Diego.
- Long, Linda M. (1985)** ..... Lecturer in Nursing  
B.S.N., M.S.N., California State University, Los Angeles.
- Lopez, Genovevo C. (1961)** ..... Associate Professor of Mathematical Sciences  
A.B., Ph.D., University of California, Los Angeles.
- Lorwin, Rosalind A. (1964)** ..... Professor of Psychology  
A.B., Swarthmore College; M.A., University of California, Berkeley; Ph.D., Yale University.
- Lovato, Chris (1989)** ..... Director of Health Promotion, Student Health Services  
B.A., University of New Mexico; M.A., Ph.D., University of Texas.
- Loveman, Brian E. (1973)** ..... Professor of Political Science  
A.B., University of California, Berkeley; M.A., Ph.D., Indiana University.
- Loveridge, Catherine E. (1983)** ..... Associate Professor of Nursing  
B.S., Boston College; M.S., Ph.D., University of Colorado.
- Lowrey, D. Preston, III (1986)** ..... Assistant Professor of Mechanical Engineering  
B.S., Duke University; M.S., Ph.D., North Carolina State University.
- Lujan, Jaime L. (1976)** ..... Associate Professor of Teacher Education  
A.B., M.A. (Anthropology), M.A. (Education), Ph.D., Stanford University.
- Luria-Sukenick, Lynn (1989)** ..... Associate Professor of English  
B.A., Brandeis University; M.A., Ph.D., The City University of New York.
- Lustig, Myron W. (1978)** ..... Professor of Speech Communication  
A.B., Pennsylvania State University; M.S., Portland State University; Ph.D., University of Wisconsin.
- Lutes, Victor R. (1987)** ..... Professor of Aerospace Studies  
B.S., Montana State University; M.B.A., University of Washington.
- Lutz, Donald A. (1986)** ..... Professor of Mathematical Sciences  
B.S., M.S., Ph.D., Syracuse University.
- Lybarger, Alvin E. (1970)** ..... Associate Professor of Mechanical Engineering  
A.B., Kearney State Teachers College; M.A., Colorado State College; Ed.D., Utah State University.
- Lynch, Eleanor W. (1979)** ..... Professor of Special Education  
B.S., M.A., Ph.D., Ohio State University.
- Lyrantzis, Constantinos S. (1987)** ..... Assistant Professor of Aerospace Engineering and Engineering Mechanics  
Diploma, National Technical University of Athens; M.S., Ph.D., Columbia University.
- Mackay, David W. (1969)** ..... Associate Professor of Mathematical Sciences  
B.Sc., Allegheny College; M.Sc., Ph.D., Michigan State University.
- Madhavan, Murugappa C. (1968)** ..... Professor of Economics  
A.B., M.A., Annamalai University, India; M.Sc., Ph.D., University of Wisconsin.
- Madsen, Roy P. (1966)** ..... Professor of Telecommunications and Film  
B.F.A., University of Illinois; M.A., Ph.D., University of Southern California.
- Maggio, Virginia M. (1980)** ..... Lecturer in Academic Skills  
B.A., Brooklyn College of the City University of New York; M.A., M.Phil., Columbia University.
- Mahaffy, Joseph M. (1985)** ..... Associate Professor of Mathematical Sciences  
B.S., University of Nebraska; Sc.M., Ph.D., Brown University.
- Mallan, Ida M. (1978)** ..... Associate Professor of Teacher Education  
A.B., Oakland University; M.A., Ph.D., University of Michigan.
- Malik, Jim G. (1957)** ..... Professor of Chemistry; Faculty Athletic Representative  
A.B., Wabash College; Ph.D., Michigan State University.
- Malley, Michael M. (1970)** ..... Professor of Chemistry  
B.S., Stanford University; Ph.D., University of California, San Diego.
- Mandel, Jerry E. (1977, except 1983-1984)** ..... Professor of Speech Communication  
A.B., M.A., California State University, Long Beach; Ph.D., Purdue University.
- Mansfield, George A., Jr. (1968)** ..... Professor of Mechanical Engineering  
B.M.E., University of Detroit; M.S.M.E., San Diego State University, Registered Professional Engineer.
- Mansfield, Robert A. (1976)** ..... Associate Professor of Art  
A.B., St. Cloud State College; M.F.A., University of Massachusetts.
- Marcus, Bernard (1966)** ..... Associate Professor of Mathematical Sciences  
B.S., M.S., Ph.D., University of Arizona.
- Marino, Kenneth E. (1986)** ..... Associate Professor of Management  
B.S., University of Maryland; M.B.A., University of Maine; Ph.D., University of Massachusetts.
- Marino, Leonard R. (1973)** ..... Professor of Electrical and Computer Engineering  
B.S., Carnegie Mellon University; M.S., Ph.D., Case Western Reserve University.
- Mariatt, Greta E. (1990)** ..... Senior Assistant Librarian  
B.A., Arizona State University; M.L.S., University of Arizona.
- Marovac, Nenad (1980)** ..... Professor of Mathematical Sciences  
Diploma, University of Belgrade; Ph.D., Imperial College, London University.
- Marshak, Celia L. (1973)** ..... Assistant Dean for Student Affairs  
College of Sciences; Lecturer in Sciences, "General Faculty"  
A.B., Hunter College; A.M., Ph.D., Columbia University.
- Marshall, C. Monte (1975)** ..... Professor of Geological Sciences  
A.B., Villanova University and San Diego State University; Ph.D., Stanford University.
- Marshall, Sandra P. (1985)** ..... Associate Professor of Psychology  
B.A., Boston University; Ph.D., University of California, Santa Barbara.
- Martens, Harold L. (1962)** ..... Associate Professor of Industrial Studies  
A.B., M.A., California State University, Chico.
- Martin, Donald R. (1969)** ..... Associate Professor of Telecommunications and Film; KPBS Telecommunications Manager  
A.B., Otterbein College; M.S., Syracuse University; Ph.D., Ohio State University.
- Martin, Joan L. (1970)** ..... Professor of Family Studies and Consumer Sciences  
A.B., University of Northern Iowa; M.S., Arizona State University; Ed.D., University of California, Los Angeles.
- Martin, John E. (1986)** ..... Professor of Psychology  
B.A., Knox College; M.A., New Mexico State University; Ph.D., Auburn University.
- Martin, Walter P. (1989)** ..... Professor of Naval Science  
B.S., United States Naval Academy; M.S., Naval Postgraduate School.
- Martinez, Julio A. (1973)** ..... Associate Librarian  
A.B., Southern Illinois University; M.A.L.S., University of Michigan; M.A., University of Minnesota; Ph.D., University of California, Riverside.
- Mason, Cheryl L. (1987)** ..... Assistant Professor of Teacher Education  
B.A., M.A.T., Indiana University; Ph.D., Purdue University.
- Mason, James F. (1987)** ..... Lecturer in Teacher Education and Mathematical Sciences  
B.A., Ball State University; M.A.T., Ph.D., Purdue University.
- Massey, Gail A. (1981)** ..... Professor of Electrical and Computer Engineering  
B.S.E.E., California Institute of Technology; M.S.E.E., Ph.D., Stanford University.
- Matheny, Rebecca J. (1987)** ..... Assistant Professor of Family Studies and Consumer Sciences  
B.S., University of Illinois; M.Ph., University of Michigan; Ph.D., University of Illinois.
- Mathewson, James H. (1964)** ..... Professor of Chemistry  
A.B., Harvard University; M.A., Ph.D., Johns Hopkins University.
- Mathewson, Sue F. (1984)** ..... Lecturer in Biology  
A.B., Oberlin College; Sc.D., Johns Hopkins University.
- Mathison, Carla S. (1983)** ..... Assistant Professor of Teacher Education  
B.A., Eimhurst College; M.A., San Diego State University; Ph.D., Indiana University.
- Matt, Georg E. (1988)** ..... Assistant Professor of Psychology  
Dipl., Albert-Ludwigs-Universität, Freiburg, Germany; Ph.D., Northwestern University.
- May, Thomas L. (1971)** ..... Associate Professor of Natural Science  
A.B., M.A., Texas Christian University; M.S., Ph.D., University of Illinois.
- Mayer, Joni A. (1986)** ..... Associate Professor of Public Health  
B.A., University of Alabama in Birmingham; M.S., Ph.D., Virginia Polytechnic Institute and State University.
- McAdams, Henry E. (1966)** ..... Director, University Advising Center; Counselor  
A.B., Occidental College; A.M., Ph.D., University of Southern California.
- McArthur, David S. (1973)** ..... Professor of Geography  
B.Sc., University of New Zealand; M.Sc. (Hons.), University of Canterbury; Ph.D., Louisiana State University; Dip. Tchg., Christchurch Teachers' College.
- McCabe, Robert E. (1968)** ..... Coordinator of Affirmative Action; Professor of Teacher Education  
A.B., Michigan State University; A.M., Ph.D., University of Michigan.
- McCaffery, Lawrence F. (1976)** ..... Professor of English and Comparative Literature  
A.B., University of Notre Dame; Ph.D., University of Illinois.
- McClenaghan, Leroy R., Jr. (1977)** ..... Professor of Biology  
B.S., Colorado State University; Ph.D., University of Kansas.
- McClurg, Jack (1962)** ..... Professor of Philosophy  
M.D., University of Iowa; M.A., Ph.D., University of Chicago.
- McCordick, Sharon M. (1969)** ..... Associate Professor of Psychology  
A.B., M.A., Ph.D., University of Colorado.
- McCormack, Alan (1987)** ..... Professor of Teacher Education  
B.S., SUNY College at New Paltz; M.A., Harvard University; Ed.D., University of Northern Colorado.
- McCoy, Leone D. (1967)** ..... Professor of Teacher Education  
A.B., M.A., Ph.D., University of California, Berkeley.
- McDean, Harry C. (1971)** ..... Professor of History  
A.B., M.A., Ph.D., University of California, Los Angeles.
- McDonald, Nan L. (1985)** ..... Lecturer in Music  
A.B., M.A., San Diego State University.
- McDonald, Roy D. (1963)** ..... Professor of Psychology  
A.B., Ph.D., University of Texas.
- McEwen, R. Harold (1967)** ..... Associate Professor of Industrial Studies  
B.S., M.S., Abilene Christian College; Ph.D., East Texas State University.
- McFarlane, Fred R. (1972)** ..... Professor of Administration, Rehabilitation and Postsecondary Education  
B.S., M.S., Stout State University; Ph.D., University of Georgia.
- McGhie, Robert D. (1967)** ..... Professor of Aerospace Engineering and Engineering Mechanics  
B.S., University of California, Berkeley; M.S.M.E., San Diego State University; Ph.D., University of California, Davis. Registered Professional Engineer.
- McGhie, Shauna (1989)** ..... Lecturer in Physical Education  
B.S., Brigham Young University; M.A., Azusa Pacific University; Ed.D., Brigham Young University.
- McKenzie, Thomas L. (1980)** ..... Professor of Physical Education  
B.P.E., B.E.D., University of New Brunswick; M.S.C., Dalhousie University; Ph.D., Ohio State University.
- McKerrow, Margaret (1971)** ..... Professor of Drama  
A.B., Lake Erie College; M.A., Northwestern University; Ph.D., University of Michigan.
- McLean, Norman, Jr. (1965)** ..... Professor of Biology  
B.S., Ph.D., University of California, Berkeley.
- McLeod, Dan D. (1964)** ..... Professor of English and Comparative Literature  
A.B., Pomona College; M.A., San Diego State University; Ph.D., Claremont Graduate School.
- McLeod, Douglas B. (1972)** ..... Professor of Mathematical Sciences  
A.B., University of North Dakota; M.A., Ph.D., University of Wisconsin.
- McPhail, Martha E. (1988)** ..... Senior Assistant Librarian  
B.A., M.S.L.S., University of North Carolina, Chapel Hill; M.A., San Diego State University.
- McTaggart, Aubrey C. (1962)** ..... Professor of Health Science  
B.P.E., University of British Columbia; M.S., Ph.D., University of Illinois.
- Meador, Thomas C. (1966)** ..... Associate Professor of Telecommunications and Film  
A.B., M.A., Michigan State University.
- Meadows, Eddie S. (1972)** ..... Professor of Music  
B.S., Tennessee State University; M.S., University of Illinois; Ph.D., Michigan State University.
- Mechkoff, Robert A. (1981)** ..... Associate Professor of Physical Education  
B.A., M.A., California State University, Long Beach; Ph.D., Ohio State University.
- Medeiros, Frank A. (1977)** ..... Associate Vice President for Academic Affairs  
A.B., M.A., San Francisco State University; Ph.D., Stanford University.
- Mehaffy, George L. (1986)** ..... Professor of Teacher Education  
B.A., University of Washington; Ph.D., University of Texas at Austin.
- Meigs, Mary A. (1984)** ..... Lecturer in Accountancy  
B.A., St. Louis University; M.B.A., San Diego State University.
- Meigs, Robert F. (1972)** ..... Professor of Accountancy  
B.S., M.B.A., Ph.D., University of Southern California.
- Mémbrez, Nancy J. (1989)** ..... Lecturer in Spanish  
B.A., College of Wooster, M.A., University of Minnesota; Ph.D., University of California, Santa Barbara.
- Mendez, Edward R. (1973)** ..... Assistant Dean for Student Affairs and Special Instructional Programs, College of Arts and Letters  
A.B., M.A., San Diego State University.
- Merino, Alfred (1974)** ..... Professor of Administration, Rehabilitation and Postsecondary Education  
B.S., M.S., New Mexico Western; Ed.D., University of Massachusetts.
- Merritt, Susan C. (1986)** ..... Assistant Professor of Art  
B.A., Queens College; M.A., Kunstgewerbeschule-Basel, Switzerland.
- Metzger, Robert P. (1968)** ..... Professor of Natural Science  
B.S., University of California, Los Angeles; M.S., San Diego State University; Ph.D., San Diego State University and University of California, San Diego.
- Metzger, Stanley A. (1988)** ..... Assistant Professor of Military Science  
B.S., Pennsylvania State University; M.S., San Diego State University.
- Mickelson, Sig (1989)** ..... The Van Dierin Professor of Communication  
B.A., Augustana College, M.A., University of Minnesota.
- Mikilka, Kathleen F. (1974)** ..... Associate Professor of Family Studies and Consumer Sciences  
A.B., Arizona State University; M.S., Kansas State University; Ph.D., Boston College.

**Miles, E. Walter (1966)** ..... Professor of Political Science  
A.B., Prairie View Agricultural and Mechanical College, Texas; A.M., Ph.D., Indiana University.

**Miller, Allan W. (1963)** ..... Professor of Art  
A.B., M.F.A., University of California, Los Angeles.

**Miller, Ralph Llewellyn (1963)** ..... Professor of Counselor Education  
A.B., Houghton College, New York; M.Div., Th.M., Princeton Theological Seminary; Ph.D., Michigan State University.

**Miller, Richard H. (1977)** ..... Professor of Geological Sciences  
B.S., San Fernando Valley State College; M.S., Ph.D., University of California, Los Angeles.

**Mirski, Regina T. (1984)** ..... M.D., Student Health Services  
B.S., St. John's University; M.D., New York Medical College.

**Mitchell, Danlee G. (1964)** ..... Professor of Music  
B.S., M.S., University of Illinois.

**Milton, Daryl G. (1966)** ..... Professor of Management  
B.C.E., M.B.A., Ph.D., University of Minnesota.

**Moaney, Eric R. (1968)** ..... Assistant Professor of Art  
B.F.A., Rhode Island School of Design; M.F.A., Syracuse University; M.S., San Diego State University.

**Moffatt, Ron (1984)** ..... Director, International Student Services  
B.A., University of North Carolina, Chapel Hill; M.Ed., University of Delaware, Newark.

**Moffett, Myrna J. (1968)** ..... Assistant Professor of Nursing  
R.N., Los Angeles County General Hospital; B.S., M.S., University of California, Los Angeles; Ph.D., University of Texas at Austin.

**Molgaard, Craig A. (1983)** ..... Associate Professor of Public Health  
B.A., Iowa State University; M.A., M.P.H., Ph.D., University of California, Berkeley.

**Mollenauer, Sandra O. (1970)** ..... Professor of Psychology  
A.B., Chatham College; Ph.D., State University of New York at Buffalo.

**Monroe, Ronald E. (1973)** ..... Professor of Biology  
A.B., California State University, Fresno; M.S., Oregon State University; Ph.D., Kansas State University.

**Moore, Harold B. (1960)** ..... Professor of Biology  
A.B., San Diego State University; M.A., Ph.D., University of California, Los Angeles.

**Moore, Mary Jane (1972)** ..... Associate Professor of Anthropology  
A.B., Agnes Scott College; B.S., University of Tennessee; Ph.D., University of Wisconsin, Madison.

**Moore, Robert (1968)** ..... Professor of Physical Education  
B.S., M.S., University of Illinois at Urbana-Champaign; Ph.D., University of Oregon.

**Moramarc, Fred S. (1969)** ..... Professor of English  
A.B., Long Island University; M.A., Ph.D., University of Utah.

**Moreno, Steve G. (1969)** ..... Professor of Teacher Education  
A.B., M.A., Ed.D., University of Northern Colorado.

**Morey, Ann I. (1985)** ..... Dean, College of Education  
B.A., M.Ed., Pennsylvania State University; Ph.D., University of California, Berkeley.

**Morris, Joyce (1969)** ..... Associate Professor of Teacher Education  
A.B., San Jose State University; M.A., Ph.D., University of New Mexico.

**Morris, Richard H. (1957)** ..... Professor of Physics  
A.B., Ph.D., University of California, Berkeley.

**Morton, W. Edward (1975)** ..... Counselor  
A.B., Westmount College; M.A., California State University, Fullerton; Ed.D., University of Mississippi.

**Moser, Joseph M. (1959)** ..... Professor of Mathematical Sciences  
A.B., St. John's University, Minnesota; M.A., Ph.D., St. Louis University.

**Mouratides, Nicos N. (1960)** ..... Professor of Sociology  
A.B., Cornell College; M.A., Ph.D., University of Minnesota.

**Mracek, Jaroslav J. S. (1965)** ..... Professor of Music  
M.B., University of Toronto; M.A., Ph.D., Indiana University.

**Mueller, Barbara (1987)** ..... Assistant Professor of Journalism  
B.A., M.A., University of Washington.

**Muller, Eric M. (1986)** ..... Professor of Communicative Disorders  
B.A., Ithaca College; M.A., Ph.D., University of Florida.

**Munter, Robert L. (1964)** ..... Professor of History  
A.B., M.A., University of Washington; Ph.D., University of Cambridge, England.

**Murakami, Tracy M. (1989)** ..... Assistant Professor of Aerospace Studies  
B.S., United States Air Force Academy; M.I.S., Auburn University at Montgomery.

**Muroi, Linda S. (1985)** ..... Senior Assistant Librarian  
B.A., M.L.S., University of Illinois at Urbana-Champaign.

**Murphy, Claire (1984)** ..... Professor of Psychology  
B.S., Loyola University; M.S., Ph.D., University of Massachusetts.

**Murphy, Dana W. (1980)** ..... Associate Dean, Imperial Valley Campus  
A.B., M.P.A., Harvard University; Ph.D., University of Washington.

**Murphy, Monica A. (1969)** ..... Professor of Teacher Education  
A.B., Colorado State College; M.A., Ph.D., University of Iowa.

**Murphy, Robert J. (1964)** ..... Professor of Mechanical Engineering  
B.S.M.E., M.S.M.E., Ph.D., Carnegie-Mellon University; Registered Professional Engineer.

**Murray, Nancy K. (1989)** ..... Assistant Professor of Family Studies and Consumer Sciences  
B.S., Carnegie-Mellon University; M.S., Ph.D., University of Tennessee.

**Nagel, Mary Anne (1971, except F'71-F'73)** ..... Lecturer in Teacher Education  
B.A., Willamette University; M.Ed., University of Oregon; Ph.D., University of Wisconsin, Madison.

**Nagel, Thomas S. (1969)** ..... Professor of Teacher Education  
B.S., University of Idaho; Ph.D., Michigan State University.

**Nam, Woo Hyun (1968)** ..... Professor of Economics  
A.B., Yonsei University, Korea; M.A., University of Oregon; Ph.D., University of Washington.

**Namba, Richard K. (1972)** ..... Assistant Professor of Recreation  
B.S., California State University, Humboldt; M.S., San Francisco State University.

**Narang, Balbir S. (1968)** ..... Professor of Aerospace Engineering and Engineering Mechanics  
B.S., M.S., Ph.D., University of Illinois.

**Naughton, Michael C. (1985)** ..... Associate Professor of Economics  
B.A., University of Vermont; M.A., University of Rhode Island; Ph.D., Boston College.

**Navarro, Susan M. (1989)** ..... Assistant Professor of Naval Science  
B.A., Simmons College.

**Neel, James W. (1963)** ..... Associate Dean, College of Sciences; Professor of Biology  
B.S., University of California, Berkeley; Ph.D., University of California, Los Angeles.

**Nelson, Kerry A. (1988)** ..... Assistant Professor of Art  
B.A., University of Delaware; M.S., Drexel University.

**Nelson, Thomas A. (1968)** ..... Professor of English  
A.B., Oklahoma University; M.A., Wichita State University; Ph.D., Tulane University.

**Nesvig, David T. (1967)** ..... Counselor  
A.B., Pacific Lutheran University; M.S., Ed.D., Indiana University.

**Neuber, Frank (1976)** ..... Career Counselor  
A.B., M.P.A., San Diego State University.

**Neuman, Donald R. (1967)** ..... Counselor  
B.S., North Central College, Illinois; M.S., Illinois State University; Ph.D., Michigan State University.

**Neumann, Bonnie H. (1979)** ..... Dean, Undergraduate Studies  
B.S., University of Wisconsin; M.F.A., Writer's Workshop, University of Iowa; Ph.D., University of New Mexico.

**Neumeyer, Peter F. (1978)** ..... Professor of English and Comparative Literature  
B.A., M.A., Ph.D., University of California, Berkeley.

**Newton, Anna R. (1980)** ..... Assistant to the Dean, Undergraduate Studies  
A.B., United States International University; M.S., San Diego State University; Ed.D., University of San Diego.

**Nichols, Alan C. (1964)** ..... Professor of Communicative Disorders  
B.S., Bowling Green State University; M.A., Ph.D., Ohio State University.

**Nichols, Paul F. (1965)** ..... Professor of Physics  
B.S., College of William and Mary; Ph.D., Duke University.

**Nichols-Bernhard, Jeanne (1985)** ..... Assistant Professor of Physical Education  
B.S., Northeastern University; M.S., University of New Hampshire; Ph.D., University of Michigan.

**Nieto, Jesus (1989)** ..... Assistant Professor of Teacher Education  
B.A., Wayne State University; M.S., San Diego State University; Ph.D., San Diego State University and Claremont Graduate School.

**Noorany, Iraj (1963)** ..... Professor of Civil Engineering  
B.S.C.E., University of Tehran; M.S.C.E., Ph.D., University of California, Berkeley; Registered Professional Engineer.

**Norman, Ronald J. (1985)** ..... Associate Professor of Information and Decision Systems  
B.S., California State University, Los Angeles; M.S., West Coast University; Ph.D., University of Arizona.

**Nossett, Nagy (1983)** ..... Professor of Aerospace Engineering and Engineering Mechanics  
B.S., M.S., Cairo University; M.A., University of Toronto; Ph.D., University of Southern California.

**Noto, James V. (1969)** ..... Associate Professor of Health Science  
B.S., Slippery Rock State College; M.S., H.S.D., Indiana University.

**Novak, Robert E. (1977)** ..... Associate Professor of Communicative Disorders  
A.B., M.A., Ph.D., University of Iowa.

**Novak, Daniel B. (1973)** ..... Vice President for Student Affairs  
B.S., M.A., East Michigan University; Ed.D., University of California, Los Angeles.

**Nunn, Melissa (1979)** ..... Associate Professor of Physical Education  
A.B., University of California, Los Angeles; M.A., Northwestern University.

**Nye, William A. (1962)** ..... Professor of Finance  
B.S., Ph.D., University of Pennsylvania.

**Oades, Rizalino A. (1969)** ..... Associate Professor of History  
A.B., Far Eastern University, Philippines; M.A., University of Hong Kong; Ph.D., University of Hawaii.

**O'Brien, Albert C. (1965)** ..... Professor of History  
A.B., Providence College; A.M.T., Harvard University; Ph.D., University of Notre Dame.

**O'Brien, Bob R. (1966)** ..... Professor of Geography  
B.S., M.A., University of Texas; Ph.D., University of Washington.

**O'Brien, Mary E. (1966)** ..... Associate Professor of Spanish  
B.S., North Dakota State University; M.A., Ph.D., University of Colorado.

**Ochoa, Alberto M. (1975)** ..... Professor of Policy Studies in Language and Cross-Cultural Education  
B.A., California State University, Los Angeles; M.S., University of Southern California; Ed.D., University of Massachusetts.

**Odendahl, Eric M. (1964)** ..... Professor of Journalism  
A.B., University of New Mexico; M.A., University of Iowa; Ph.D., University of Missouri.

**O'Donnell, Terry L. (1975)** ..... Professor of Music and Drama  
A.B., M.A., San Diego State University; D.M.A., University of Arizona.

**Oechel, Walter C. (1978)** ..... Professor of Biology  
A.B., San Diego State University; Ph.D., University of California, Riverside.

**Oestreich, Nathan A. (1985)** ..... Associate Professor of Accountancy  
B.A., Texas Lutheran College; M.S., Ph.D., University of Houston.

**Oglesby, Allan C. (1984)** ..... Professor of Public Health  
B.A., University of Richmond; M.D., Medical College of Virginia; M.P.H., University of California, Berkeley.

**Ohnyst, Basil (1967)** ..... Professor of Mechanical Engineering  
B.S., M.S., University of Illinois. Registered Professional Engineer.

**O'Leary, John F. (1985)** ..... Associate Professor of Geography  
A.B., University of California, Riverside; M.A., Ph.D., University of California, Los Angeles.

**Omberg, Edward (1989)** ..... Associate Professor of Finance  
B.S., University of Santa Clara; M.B.A., Ph.D., University of California, Los Angeles.

**O'Neal, H. Edward (1961)** ..... Professor of Chemistry  
A.B., Harvard University; Ph.D., University of Washington.

**Ono, Mieke (1988)** ..... Assistant Professor of Japanese  
B.A., M.A., Tokyo Women's Christian University.

**Orth, Fredrick J. (1965)** ..... Professor of Art  
B.A., M.F.A., University of Washington.

**Ortiz, Isidro D. (1986)** ..... Assistant Professor of Mexican American Studies  
B.S., Texas A & I University; M.A., Ph.D., Stanford University.

**Oseroff, Saul B. (1984)** ..... Professor of Physics  
M.S., Ph.D., Institute of Physics, University of Cuyo, Argentina.

**Owen, Mack (1969)** ..... Professor of Drama  
A.B., Mercer University; M.A., San Francisco State University; Ph.D., University of Michigan.

**Pacheco, Richard (1979)** ..... Professor of Policy Studies in Language and Cross-Cultural Education  
B.A., M.Ed., University of Nevada, Reno; Ph.D., University of Illinois.

**Packard, Thomas R. (1983)** ..... Lecturer in Social Work  
B.A., M.S.W., San Diego State University; D.S.W., University of California, Los Angeles.

**Padgett, L. Vincent (1956)** ..... Professor of Political Science  
B.S., Ph.D., Northwestern University.

**Palmer, Dennis (1965)** ..... Associate Professor of French  
A.B., Southern Methodist University.

**Paisson, Gerald D. (1976)** ..... Associate University Librarian, Administrative Services  
B.Sc., B.L.S., University of British Columbia; M.A., University of Arizona.

**Pang, Valerie O. (1989)** ..... Assistant Professor of Teacher Education  
B.Ed., Seattle University; M.Ed., Central Washington University; Ph.D., University of Washington.

**Panos, Nicholas (1968)** ..... Professor of Electrical and Computer Engineering  
B.S.E.E., Columbia University; M.S.E.E., San Diego State University. Registered Professional Engineer.

**Paolini, Paul J., Jr. (1970)** ..... Professor of Biology  
B.S., M.S., Rensselaer Polytechnic Institute; Ph.D., University of California, Davis.

**Papin, Patrick J. (1985)** ..... Associate Professor of Physics  
B.S., Cleveland State University; M.S., San Diego State University; Ph.D., University of California, Los Angeles.

**Park, Chong Jin (1972)** ..... Professor of Mathematical Sciences  
A.B., B.S., University of Washington; M.S., Kansas State University; Ph.D., University of Wisconsin.

**Park, Cynthia Darche (1977)** ..... Associate Professor of Teacher Education  
A.B., George Washington University; M.A., Ph.D., University of Kansas.

**Parker, Linda S. (1986)** ..... Associate Professor of American Indian Studies  
B.A., Oral Roberts University; M.A., Ph.D., University of Oklahoma.

**Parsons, John A. (1965)** ..... Professor of Biology  
A.B., Washington and Jefferson College; M.S., Pennsylvania State University; Ph.D., Florida State University.

**Patrick, Kevin M. (1983)** ..... Director, Student Health Services; Director, General Preventive Medicine Residency Program  
B.A., Baylor University; M.S., University of Utah; M.D., Baylor College of Medicine.

**Patterson, Patricia (1985)** ..... Assistant Professor of Physical Education  
B.S., M.S., Ph.D., University of Wisconsin.

**Patton, Patricia L. (1977)** ..... Professor of Special Education  
A.B., University of Florida, Gainesville; M.S., Florida State University, Tallahassee; Ed.D., North Texas State University.

**Paulin, Harry W. (1962)** ..... Professor of German  
B.A., North Central College, Illinois; A.M., Ph.D., University of Illinois.

**Pease, William J. (1973)** ..... Librarian  
A.B., Pomona College; M.A., Fordham University; M.L.S., University of California, Berkeley.

**Peddecord, K. Michael (1981)** ..... Associate Professor of Public Health  
B.S., M.S., Arizona State University; Dr.P.H., University of Texas Health Science Center at Houston.

**Pehrson, Robert B. (1969)** ..... Professor of Teacher Education  
A.B., M.A., Ph.D., University of Utah.

**Pendleton, Wade C. (1969)** ..... Professor of Anthropology  
A.B., Ph.D., University of California, Berkeley.

**Penn, Robert (1960)** ..... Professor of Psychology  
A.B., M.A., San Diego State University; Ph.D., Carnegie Institute of Technology.

**Penrose, John M. (1988)** ..... Professor of Information and Decision Systems  
B.S., M.S., Ohio University; Ph.D., University of Texas at Austin.

**Perkins, Michael (1986)** ..... Senior Assistant Librarian  
B.B.A., St. Norbert College; M.L.S., University of Wisconsin.

**Perrault, Jacques (1984)** ..... Professor of Biology  
B.S., McGill University; Ph.D., University of California, San Diego.

**Peterman, Lewis E., Jr. (1978)** ..... Associate Professor of Music  
B.A., San Diego State University; M.M., Northwestern University; Ph.D., University of Cincinnati.

**Peters, Lynn H. (1959)** ..... Professor of Management  
A.B., LL.B., M.B.A., Ph.D., University of Wisconsin.

**Peterson, Alex (1989)** ..... M.D., Student Health Services  
B.S., Massachusetts Institute of Technology; M.D., Baylor University.

- Peterson, Donald W. (1974)** ..... Associate Professor of Recreation  
B.S., University of South Dakota; M.S., Springfield College; Ph.D., University of Oregon.
- Peterson, Gary L. (1963)** ..... Professor of Geological Sciences  
A.B., University of Colorado; M.S., Ph.D., University of Washington.
- Peterson, Richard H. (1978)** ..... Professor of History  
A.B., University of California, Berkeley; M.A., San Francisco State University; Ph.D., University of California, Davis.
- Pfeiffer, Glenn M. (1990)** ..... Associate Professor of Accountancy  
A.B., Hope College; Ph.D., Cornell University.
- Phelps, Leroy N. (1966)** ..... Associate Professor of Biology  
B.Sc., Ohio State University; Ph.D., University of Southern California.
- Phelps, Sandra (1976)** ..... Career Counselor  
B.S., Iowa State University; M.A., Azusa Pacific College.
- Phillips, William H. (1963)** ..... Professor of Physical Education  
A.B., M.A., Ed.D., University of California, Berkeley.
- Phleger, Charles F. (1971)** ..... Professor of Natural Science  
A.B., Stanford University; M.A., San Diego State University; Ph.D., University of California, San Diego.
- Pierce, Stephen J. (1984)** ..... Professor of Mathematical Sciences  
B.S., Stanford University; Ph.D., University of California, Santa Barbara.
- Pierucci, Mauro (1979)** ..... Professor of Aerospace Engineering and Engineering Mechanics  
B.S., M.S., Ph.D., Polytechnic Institute of New York.
- Piland, William E. (1987)** ..... Professor of Administration, Rehabilitation and Postsecondary Education  
B.S., M.S., Ed.D., Northern Illinois University.
- Pinto, John G. (1979)** ..... Professor of Mechanical Engineering  
B.E., B.D.T., College of Engineering; M.A.Sc., University of Toronto; Ph.D., University of California, San Diego.
- Pisarchio, Robert J. (1966)** ..... Professor of Physics  
B.S., M.S., Ph.D., University of Arizona.
- Plotkin, Allen (1985)** ..... Professor of Aerospace Engineering and Engineering Mechanics  
B.S., M.S., Columbia University; Ph.D., Stanford University.
- Plotnik, Rod (1970)** ..... Professor of Psychology  
A.B., St. John's College; M.S., University of Miami; Ph.D., University of Florida.
- Plymale, Harry H. (1962)** ..... Associate Professor of Biology  
B.S., D.V.M., Michigan State University.
- Polich, John L. (1969)** ..... Associate Professor of History, Imperial Valley Campus  
B.S., Loyola University; M.S., M.A., University of Southern California; Ph.D., University of New Mexico.
- Polkinhorn, Harry (1984)** ..... Associate Dean; Professor of English, Imperial Valley Campus  
B.A., University of California, Berkeley; M.A. (English), M.A. (Art), San Diego State University; Ph.D., New York University.
- Ponce, Victor M. (1980)** ..... Professor of Civil Engineering  
B.S., National University of Engineering, Peru; M.S., Ph.D., Colorado State University.
- Poole, Deborah (1989)** ..... Assistant Professor of Academic Skills and Linguistics  
B.A., Emory University; M.A., Ph.D., University of Southern California.
- Popp, Dean O. (1969)** ..... Associate Vice President for Faculty Affairs; Professor of Economics  
A.B., Willamette University; M.S., Ph.D., Purdue University.
- Preston, David L. (1971)** ..... Professor of Sociology  
A.B., Stanford University; M.A., Ph.D., University of Illinois.
- Price, Joseph M. (1989)** ..... Assistant Professor of Psychology  
B.A., Rockmont College; M.A., University of Colorado; Ph.D., Purdue University.
- Price, Judy M. (1972)** ..... Associate Professor of Psychology  
A.B., Stanford University; M.A., Ph.D., Columbia University.
- Pritchard, David C. (1978)** ..... Associate Professor of Social Work  
A.B., M.A., Middlebury College; M.S.W., San Diego State University; Ph.D., University of Southern California.
- Pryde, Philip R. (1969)** ..... Professor of Geography  
A.B., Amherst College; M.A., Ph.D., University of Washington.
- Ptacek, Anton D. (1965)** ..... Associate Professor of Geological Sciences  
B.S., University of Wisconsin; M.S., Ph.D., University of Washington.
- Pugh, Darrell L. (1981)** ..... Associate Dean for Budget and Planning, College of Professional Studies and Fine Arts; Professor of Public Administration and Urban Studies  
B.A., M.P.A., San Diego State University; Ph.D., University of Southern California.
- Pumpian, Ian R. (1976)** ..... Associate Professor of Special Education  
B.S., M.S., Ph.D., University of Wisconsin.
- Quastler, Imre E. (1967)** ..... Professor of Geography  
A.B., Wayne State University; M.A., Northwestern University; Ph.D., University of Kansas.
- Quinn, Rebecca A. (1971)** ..... Assistant Professor of Physical Education  
B.S.E., M.S., Central Missouri State College; Ph.D., University of Iowa.
- Raafat, Feradoun (1986)** ..... Associate Professor of Information and Decision Systems  
B.S., Phillips University; B.S., M.I.E., Ph.D., Oklahoma State University.
- Radlow, Robert (1968)** ..... Professor of Psychology  
B.S., The City University of New York; M.S., Ph.D., Pennsylvania State University.
- Rankin, Janna S. (1986)** ..... Associate Professor of Recreation  
B.S., University of Illinois; M.A., New York University; J.D., Rutgers University.
- Rapps, Jane A. (1983)** ..... Lecturer in Nursing  
B.S., University of California, Fresno; M.S.Ed., University of Southern California; M.S., University of Maryland.
- Ray, Eugene (1969)** ..... Professor of Art  
B.A., Louisiana State University; M.F.A., Tulane University.
- Rayle, David L. (1970)** ..... Professor of Biology  
A.B., Ph.D., University of California, Santa Barbara.
- Raymer, Paul H. (1970) (Under contract 1969-70)** ..... Assistant Professor of Social Work  
A.B., M.S.W., University of California, Berkeley.
- Rea, Louis M. (1975)** ..... Professor of Public Administration and Urban Studies  
A.B., Colgate University; M.R.P., Ph.D., Syracuse University.
- Real, Michael R. (1980)** ..... Professor of Telecommunications and Film  
A.B., St. Paul Seminary; Ph.D., University of Illinois.
- Reed, Richard C. (1984)** ..... Associate Professor of Nursing  
B.A., Kent State University; B.S.N., Mt. St. Mary College; M.Ed., Columbia University; Ed.D., University of Tulsa.
- Reed, Stephen K. (1988)** ..... Professor of Psychology  
B.A., University of Wisconsin; Ph.D., University of California, Los Angeles.
- Reel, Jane E. (1958)** ..... Associate Professor of Teacher Education  
A.B., M.A., San Diego State University; Ph.D., United States International University.
- Reh fuss, Donald E. (1962)** ..... Professor of Physics  
A.B., Reed College; M.A., Ph.D., University of Oregon.
- Reid, William N. (1983)** ..... Associate Professor of Drama  
B.S., West Texas State University; M.A., University of Arizona; M.F.A., California State University, Long Beach.
- Reilly, Judy S. (1986)** ..... Assistant Professor of Psychology  
A.B., M.A., Ph.D., University of California, Los Angeles.
- Reints, William W. (1966)** ..... Professor of Finance  
B.S., M.B.A., Oklahoma State University; Ph.D., University of Washington.
- Retson, James N. (1968)** ..... Professor of Teacher Education  
B.S., Lawrence College; M.A., University of Chicago; Ed.D., Arizona State University.
- Reyes, Rogelio (1986)** ..... Associate Professor of Linguistics, Imperial Valley Campus  
B.A., Mexico City College; Ph.D., Harvard University.
- Reynolds, James F. (1986)** ..... Professor of Mathematical Sciences and Biology  
B.S., Northern Arizona University; M.S., University of Wyoming; Ph.D., New Mexico State University.
- Rhyme, Lawrence C. (1987)** ..... Associate Professor of Management  
B.S., M.B.A., University of Missouri; Ph.D., Northwestern University.
- Richardson, William H. (1963)** ..... Professor of Chemistry  
B.S., University of California, Los Angeles; Ph.D., University of Illinois.
- Riedman, Richard M. (1962)** ..... Professor of Communicative Disorders  
A.B., M.A., University of Redlands; Ph.D., University of Pittsburgh.
- Rigby, Ida K. (1976)** ..... Professor of Art  
A.B., M.A., Stanford University; M.A., Ph.D., University of California, Berkeley.
- Riley, Edward P. (1988)** ..... Professor of Psychology  
B.A., Rutgers University; M.Sc., Ph.D., Tulane University.
- Rinehart, Robert R. (1964)** ..... Professor of Biology  
A.B., San Diego State University; Ph.D., University of Texas.
- Ring, Morey A. (1962)** ..... Professor of Chemistry  
B.S., University of California, Los Angeles; Ph.D., University of Washington.
- Rixman, Eunice E. (1960)** ..... Professor of Teacher Education  
B.M., Illinois Wesleyan University; M.M., University of Michigan; D.M.A., University of Southern California.
- Robasciotti, Carole A. (1980)** ..... Assistant Dean for Student Affairs, College of Professional Studies and Fine Arts; Lecturer in Family Studies and Consumer Sciences  
B.S., University of West Florida; M.S., Kansas State University.
- Robbins, Stephen P. (1979)** ..... Professor of Management  
B.S.B.A., University of Arizona; M.B.A., Arizona State University; Ph.D., University of Arizona.
- Robens, A. Kathryn (1970)** ..... Associate Director, Admissions and Records  
A.B., M.P.A., San Diego State University.
- Roberts, Lissa (1989)** ..... Assistant Professor of History  
B.A., University of Washington; M.A., Ph.D., University of California, Los Angeles.
- Roberts-DeGennaro, Maria J. (1980)** ..... Professor of Social Work  
B.A., M.S.W., University of Minnesota; Ph.D., University of Texas.
- Roberts-Fields, Gail C. (1976)** ..... Professor of Art  
B.F.A., M.A., University of New Mexico.
- Robinson, Cynthia (1972)** ..... Career Counselor  
A.B., M.P.A., M.S., San Diego State University.
- Robinson, Gail L. (1989)** ..... Associate Professor of Spanish and Linguistics  
B.A., Boston University; M.A., University of Hawaii; Ph.D., Stanford University.
- Robinson-Zafartu, Carol A. (1980)** ..... Associate Professor of Counselor Education  
A.B., West Virginia Wesleyan College; M.Ed., Boston University; Ph.D., University of Pittsburgh.
- Rochford, Linda (1987)** ..... Assistant Professor of Marketing  
B.S., M.B.A., Ph.D., University of Minnesota.
- Rockwell, Thomas K. (1983)** ..... Professor of Geological Sciences  
B.S., University of Nevada; Ph.D., University of California, Santa Barbara.
- Rodin, Miriam J. (1966)** ..... Professor of Psychology  
A.B., M.A., Ph.D., University of California, Los Angeles.
- Rodriguez, José D. (1977)** ..... Professor of Mexican American Studies  
A.B., San Diego State University; Ph.D., University of California, San Diego.
- Roeder, Stephen B. W. (1968)** ..... Professor of Physics and Chemistry  
A.B., Dartmouth College; Ph.D., University of Wisconsin.
- Rogers, Gloria H. (1985)** ..... Associate Librarian  
B.A., National Taiwan University; M.L.S., University of California, Berkeley; M.A., San Diego State University.
- Rogers, John J. (1963)** ..... Professor of Art  
B.S., M.S., University of Wisconsin.
- Rogers, William N., II (1968)** ..... Professor of English and Comparative Literature  
A.B., Stanford University; M.A., Ph.D., University of California, Berkeley.
- Rohrl, Vivian J. (1965)** ..... Professor of Anthropology  
A.B., M.A., University of Chicago; Ph.D., University of Minnesota.
- Rojas, Gonzalo G. (1976)** ..... Associate Director, Educational Opportunity and Ethnic Affairs  
B.A., University of California, Los Angeles; M.S., San Diego State University.
- Rollefson, Gary D. (1984)** ..... Professor of Anthropology  
B.A., University of California, Berkeley; M.A., Ph.D., University of Arizona.
- Root, William A. (1983)** ..... Lecturer in Mathematical Sciences  
B.A., M.S., San Diego State University.
- Rose, Shirley K. (1988)** ..... Associate Professor of English  
B.S., Manhattan Christian College; M.A., Kansas State University; Ph.D., University of Southern California.
- Rosenbaum, Gerald (1989)** ..... Professor of Psychology  
B.A., Brooklyn College of the City University of New York; M.A., Ph.D., University of Iowa.
- Rosenstein, Leon (1969)** ..... Professor of Philosophy and Humanities  
A.B., Ph.D., Columbia University.
- Ross, Helen Warren (1973)** ..... Professor of Family Studies and Consumer Sciences  
A.B., Rockford College; M.A., American University; Ph.D., Catholic University of America.
- Ross, James E. (1969)** ..... Professor of Mathematical Sciences  
B.M., Ph.D., University of Minnesota.
- Ross, Kathleen H. (1968)** ..... Director, Scholarship Office  
A.B., M.S., San Diego State University.
- Ross, Pamela J. (1977)** ..... Associate Professor of Teacher Education  
B.A., Lake Erie College; M.A., M.S., Ph.D., University of Pennsylvania.
- Ross, Ramon R. (1961)** ..... Professor of Teacher Education  
A.B., Central Washington College; M.Ed., University of Idaho; Ed.D., University of Oregon.
- Rossett, Allison (1977)** ..... Professor of Educational Technology  
A.B., Beaver College; Ed.D., University of Massachusetts at Amherst.
- Roth, Philip L. (1989)** ..... Assistant Professor of Psychology  
B.A., University of Tennessee, Knoxville; M.A., Ph.D., University of Houston.
- Rother, James (1969)** ..... Professor of English and Comparative Literature  
A.B., M.A., McGill University; Ph.D., University of California, Santa Barbara.
- Roush, Sally F. (1982)** ..... Director, Personnel Services  
B.A., University of Denver.
- Rowland, Monroe K. (1960)** ..... Professor of Teacher Education  
B.S., M.A., Ph.D., University of Michigan.
- Ruetten, Richard T. (1960)** ..... Professor of History  
A.B., Colorado State College; M.A., Ph.D., University of Oregon.
- Rumbaut, Rubén G. (1985)** ..... Professor of Sociology  
B.A., Washington University; M.A., Ph.D., Brandeis University.
- Rumelhart, Marilyn A. (1977)** ..... Associate Professor of Social Work  
A.B., Stanford University; M.S.W., San Diego State University; M.A., Ph.D., University of California, San Diego.
- Rushall, Brent S. (1985)** ..... Professor of Physical Education  
B.A., Sydney University; M.S., Ph.D., Indiana University.
- Russum, Kathleen (1975)** ..... Academic Specialist, Imperial Valley Campus  
A.B., San Diego State University.
- Ryan, Richard W. (1982)** ..... Associate Professor of Public Administration and Urban Studies, Imperial Valley Campus  
B.A., The Citadel, Charleston, South Carolina; M.P.A., California State University, Hayward; Ph.D., University of Southern California.
- Saarmann, Lembi (1986)** ..... Assistant Professor of Nursing  
B.S.N., M.S.N., Adelphi University; Ed.D., Teachers College, Columbia University.
- Saba, Farhad (1984)** ..... Associate Professor of Educational Technology  
B.A., M.A., San Francisco State University; Ph.D., Syracuse University.
- Sabbadini, Roger A. (1977)** ..... Professor of Biology  
A.B., Ph.D., University of California, Davis.
- Saccuzzo, Dennis P. (1975)** ..... Professor of Psychology  
A.B., Sonoma State University; M.A., Ph.D., Kent State University.
- Sachdeva, Kanwal S. (1976)** ..... Associate Professor of Finance  
B.Com., Delhi University; M.B.A., D.B.A., Indiana University.
- Saghafi, Massoud M. (1987)** ..... Assistant Professor of Marketing  
B.A., National University of Iran; M.A., Ph.D., University of Southern California.
- Salamon, Peter (1980)** ..... Professor of Mathematical Sciences  
A.B., Lindenwood College; M.S., Drexel University; Ph.D., University of Chicago.
- Salahizadeh, Mehdi (1980)** ..... Professor of Finance  
B.S., M.B.A., Ph.D., University of Wisconsin.
- Salerno, M. Constance (1964)** ..... Professor of Nursing  
B.S., M.S., University of San Diego, College for Women; M.S., University of California, Los Angeles.
- Sallis, James F., Jr. (1983)** ..... Associate Professor of Psychology  
B.S., Belhaven College; M.S., Ph.D., Memphis State University.
- Saltz, Daniel (1959)** ..... Professor of Mathematical Sciences  
A.B., B.S., University of Chicago; M.S., Ph.D., Northwestern University.
- Salzer, Beab (1982)** ..... Professor of Drama  
B.A., M.F.A., Yale University.
- Samimi, Behzad S. (1984)** ..... Professor of Public Health  
B.S., M.S.P.H., Teheran University; M.S.P.H., Ph.D., Tulane University. Certified Industrial Hygienist.
- Samovar, Larry A. (1963)** ..... Professor of Speech Communication  
A.B., California State University, Los Angeles; M.S., Ph.D., Purdue University.
- Samuelson, Richard A. (1973)** ..... Professor of Accountancy  
B.S., Northwestern University; M.B.A., University of Chicago; Ph.D., University of California, Los Angeles; Certified Public Accountant.

**Sandback, Patricia R. (1974)** ..... Associate Professor of Physical Education  
B.S., University of Minnesota; M.A., San Diego State University; M.F.A., University of California, Irvine.

**Sanders, William B. (1977)** ..... Professor of Sociology  
A.B., University of California, Santa Barbara; M.A., San Francisco State University; Ph.D., University of California, Santa Barbara.

**Sandlin, Joann S. (1967)** ..... Professor of Sociology  
A.B., M.A., Ph.D., University of Texas.

**Santa Cruz, Rafaela (1980)** ..... Associate Professor of Teacher Education  
B.S., M.S., University of Southern California; Ph.D., University of Arizona.

**Santangelo, Gennaro A. (1967)** ..... Professor of English and Comparative Literature  
B.S., Fordham College; M.A., Ph.D., University of North Carolina.

**Sattler, Jerome M. (1965)** ..... Professor of Psychology  
A.B., City College of New York; M.A., Ph.D., University of Kansas.

**Savvas, Minas (1968)** ..... Professor of English and Comparative Literature  
A.B., M.A., University of Illinois; Ph.D., University of California, Santa Barbara.

**Schaber, Steven C. (1967)** ..... Professor of German, Classics and Humanities  
A.B., San Diego State University; M.A., Ph.D., Princeton University.

**Schapiro, Harriette C. (1966)** ..... Professor of Biology  
B.S., University of Miami; M.A., Brandeis University; Ph.D., University of Miami.

**Schatz, Arthur W. (1963)** ..... Assistant Dean, Graduate Division and Research; Professor of History  
A.B., St. Mary's College, California; M.A., Ph.D., University of Oregon.

**Scheck, Dennis C. (1968)** ..... Associate Professor of Sociology  
A.B., MacMurray College; M.S., Ph.D., Purdue University.

**Scheidel, Mary (1977)** ..... Test Officer  
B.S., Pennsylvania State University; M.S., San Diego State University.

**Schlesinger, Robert J. (1984)** ..... Associate Professor of Information and Decision Systems  
B.S., University of Connecticut; M.S., West Coast University, Los Angeles; Ph.D., Henley Management College, Brunel University, Middlesex, England.

**Schmidt, Mary G. (1978)** ..... Professor of Social Work  
A.B., University of North Carolina; M.A., Columbia University; M.S.W., Ph.D., Rutgers University.

**Schorr, James L. (1983)** ..... Associate Professor of French  
B.A., M.A., Ph.D., University of Texas at Austin.

**Schulte, Richard H. (1965)** ..... Professor of Psychology  
A.B., Michigan State University; M.A., Ph.D., University of Illinois.

**Schultze, William A. (1968)** ..... Professor of Political Science  
A.B., Nebraska Wesleyan University; M.A., Ph.D., Rutgers University.

**Schulze, Rolf H. K. (1969)** ..... Professor of Sociology  
A.B., University of North Dakota; M.A., Ph.D., Michigan State University.

**Sciglimpaglia, Donald (1977)** ..... Professor of Marketing  
B.S.I.E., University of Florida; M.S., University of West Florida; D.B.A., University of Colorado, Boulder.

**Scollay, Patricia A. (1972)** ..... Associate Professor of Psychology  
A.B., University of California, Berkeley; M.A., Ph.D., University of California, Davis.

**Scott, Carole A. (1969)** ..... Associate Dean, Undergraduate Studies  
A.B., M.A., McGill University; Ph.D., University of California, Santa Barbara.

**Scutchfield, F. Douglas (1980)** ..... Professor of Public Health  
B.S., Eastern Kentucky University; M.D., University of Kentucky.

**Segade, Gustav V. (1967)** ..... Professor of Spanish  
A.B., M.A., Ph.D., University of Arizona.

**Segelcke, Elke (1989)** ..... Lecturer in German  
M.A., Universität Göttingen; Ph.D., University of North Carolina at Chapel Hill.

**Seidman, Robert L. (1981)** ..... Assistant Professor of Public Health  
A.B., San Diego State University; M.A., Ph.D., Johns Hopkins University.

**Seltz, Michael R. (1985)** ..... Professor of Communicative Disorders  
B.A., M.A., Ph.D., University of Washington.

**Selder, Dennis J. (1968)** ..... Professor of Physical Education  
B.P.E., M.P.E., University of British Columbia; Ph.D., Ohio State University.

**Senn, Karen L. (1977)** ..... Associate Professor of Health Science  
A.B., Marygrove College; Ed.D., Temple University; M.P.H., University of Minnesota.

**Senour, Maria Nieto (1977)** ..... Professor of Counselor Education  
A.B., Mangrove College; M.Ed., University of Toledo; Ph.D., Wayne State University.

**Seright, Orin D. (1967)** ..... Associate Professor of Linguistics  
A.B., University of Colorado; M.A., University of Arkansas; Ph.D., Indiana University.

**Seyern, Jessica J. H. (1984)** ..... Assistant Professor of Journalism  
B.A., Michigan State University; M.A., University of Denver; Ph.D., University of Washington.

**Shackelford, Gordon L. (1975)** ..... Associate Dean for External Relations, College of Sciences; Lecturer in Physics  
B.S., M.S., San Diego State University.

**Shafter, Allen W. (1989)** ..... Assistant Professor of Astronomy  
B.A., University of California, Irvine; M.A., Ph.D., University of California, Los Angeles.

**Shapovalov, Veronica (1988)** ..... Lecturer in Russian  
Diploma, Leningrad State University; M.A., Sangamon State University; Ph.D., University of Illinois at Urbana-Champaign.

**Sharabi, M. Nazmi (1981)** ..... Associate Professor of Civil Engineering  
B.S., University of Damascus; M.S., University of Minnesota; Ph.D., University of Texas.

**Sharpe, David M. (1977)** ..... Coordinator of Instructional Development, Media Technology Services  
A.B., M.A., San Diego State University; Ed.D., Indiana University.

**Sharts, Clay M. (1962)** ..... Professor of Chemistry  
B.S., University of California, Berkeley; Ph.D., California Institute of Technology.

**Shaw, Larry J. (1968)** ..... Professor of Teacher Education  
A.B., Sioux Falls College; M.Ed., Ed.D., University of Nebraska.

**Shea, Katherine (1989)** ..... M.D., Student Health Services  
A.B., Brown University; M.D., University of Oregon.

**Sheldon, John M. (1962)** ..... Professor of Music  
B.Sc., University of North Dakota; M.A., Arizona State University; Ed.D., University of Southern California.

**Shenas, Delavar G. (1988)** ..... Associate Professor of Business Administration, Imperial Valley Campus  
B.A., Tehran College of Insurance, Iran; M.B.A., Ph.D., North Texas State University.

**Shepard, David C. (1956)** ..... Professor of Biology  
A.B., Ph.D., Stanford University.

**Sheposh, John P. (1968)** ..... Professor of Psychology  
A.B., M.A., Ph.D., Wayne State University.

**Sheres, Ita G. (1971)** ..... Professor of English and Comparative Literature  
A.B., Hebrew University; M.A., Ph.D., University of Wisconsin.

**Sherr, Steven D. (1969)** ..... Counselor  
A.B., City College of New York; M.A., Temple University; Ph.D., University of Missouri.

**Sherrard, William R. (1968)** ..... Professor of Information and Decision Systems  
A.B., M.B.A., Ph.D., University of Washington.

**Shields, Michael D. (1985)** ..... Professor of Accountancy  
B.A., M.B.A., Washington State University; Ph.D., University of Pittsburgh.

**Shimoguchi, Wayne M. (1988)** ..... Senior Assistant Librarian  
B.S., University of California, Davis; M.L.I.S., O.D., University of California, Berkeley.

**Shirk, Helen Z. (1976)** ..... Professor of Art  
B.S., Skidmore College; M.F.A., Indiana University.

**Shively, Martha J. (1978)** ..... Associate Professor of Nursing  
B.S.N., University of Maryland; M.A., University of Washington; Ph.D., University of Texas at Austin.

**Shojai, Donald A. (1971)** ..... Professor of English and Comparative Literature  
A.B., Harvard University; M.A., Ph.D., University of Michigan.

**Shore, Herbert B. (1975)** ..... Professor of Physics  
B.S., Massachusetts Institute of Technology; Ph.D., University of California, Berkeley.

**Short, Donald R., Jr. (1969)** ..... Dean, College of Sciences; Professor of Mathematical Sciences  
A.B., University of California, Los Angeles; Ph.D., Oregon State University.

**Short, James L. (1973)** ..... Professor of Finance  
B.S., M.S., Ph.D., University of California, Los Angeles.

**Silverman, Malcolm N. (1975)** ..... Professor of Spanish and Portuguese  
A.B., The City University of New York; M.A., Ph.D., University of Illinois.

**Simon, Alan E. (1974)** ..... Associate Professor of Social Work  
A.B., Franklin and Marshall College; M.S.S., Ph.D., Bryn Mawr College.

**Simmons, Roger (1976)** ..... Professor of Physical Education  
M.S., University of Wyoming; Ph.D., University of Iowa.

**Simon, David R. (1986)** ..... Associate Professor of Criminal Justice Administration, Imperial Valley Campus  
B.A., University of Illinois; M.A., University of Kentucky; Ph.D., Rutgers University.

**Simpson, Michael G. (1986)** ..... Associate Professor of Biology  
B.S., University of Florida; M.S., University of North Carolina; Ph.D., Duke University.

**Singer, Ethan A. (1979)** ..... Associate Vice President for Academic Resources; Associate Professor of Public Administration and Urban Studies  
A.B., University of Connecticut; M.P.A., Ph.D., University of Southern California.

**Singh, Harinder (1985)** ..... Associate Professor of Economics  
B.A., M.A., D.A.V. College, India; Ph.D., University of Illinois at Chicago.

**Skwara, Erich W. (1986)** ..... Associate Professor of German  
B.A., University of Linz; M.A., University of Salzburg; Ph.D., State University of New York at Albany.

**Sleet, David A. (1974)** ..... Professor of Health Science  
A.B., M.A., San Diego State University; Ph.D., University of Toledo.

**Sloan, William C. (1961)** ..... Professor of Biology  
B.S., M.S., Ph.D., University of Florida.

**Slymen, Donald J. (1988)** ..... Assistant Professor of Public Health  
A.B., University of California, Berkeley; M.S., University of California, Los Angeles; Ph.D., University of Iowa.

**Smith, Beverly A. (1968)** ..... Assistant Professor of Physical Education  
B.S., West Virginia Wesleyan College; M.S., Ohio University.

**Smith, Carolena L. (1987)** ..... Associate Professor of Information and Decision Systems  
B.S., The University of Akron; M.S., Kent State University; Ph.D., Ohio State University.

**Smith, Charles D., Jr. (1967)** ..... Professor of History  
A.B., Williams College; M.A., Harvard University; Ph.D., University of Michigan.

**Smith, Jane K. (1968, except 1970)** ..... Assistant Vice President for Academic Services  
B.S., West Virginia University; M.A., Northwestern University; Ph.D., University of Southern California.

**Smith, Ray T., Jr. (1964)** ..... Professor of History  
A.B., Southern Methodist University; M.A., Ph.D., University of California, Berkeley.

**Smith, Robert D., Jr. (1963)** ..... Professor of Teacher Education  
A.B., M.A., Arizona State University; Ph.D., Northwestern University.

**Smith, William R. (1979)** ..... Assistant Director for Student Services, Financial Aid  
B.S., Lincoln University; M.Ed., University of Missouri.

**Sneed, Donald G. (1986)** ..... Professor of Journalism  
B.A., Louisiana State University; M.A., Pennsylvania State University; Ph.D., Southern Illinois University.

**Solbue, Gary A. (1964)** ..... Counselor  
A.B., M.S., San Diego State University.

**Sondak, Norman E. (1978)** ..... Professor of Information and Decision Systems  
B.S., C.C.N.Y.; M.S., Northwestern University; D.Eng., Yale University.

**Sonek, Alexander, Jr. (1968)** ..... Assistant Professor of Anthropology  
A.B., City College of New York; M.A., Ph.D., University of Oregon.

**Song, Moon H. (1988)** ..... Assistant Professor of Finance  
B.B.A., Seoul National University; M.A., Ph.D., Ohio State University.

**Sonntag, Ilana L. (1980)** ..... Librarian  
A.B., California State University, Northridge; M.L.S., University of California, Los Angeles; M.A., University of Arizona.

**Soroohan, Walter D. (1969)** ..... Professor of Health Science  
B.P.E., University of British Columbia; M.Sc., University of Oregon; H.S.D., Indiana University; M.P.H., University of California, Los Angeles.

**Soule, John W. (1970)** ..... Associate Professor of Political Science  
A.B., M.A., Michigan State University; Ph.D., University of Kentucky.

**Sowder, Judith T. (1986)** ..... Professor of Mathematical Sciences  
B.A., Seattle University; M.S., University of Notre Dame; Ph.D., University of Oregon.

**Sowder, Larry K. (1986)** ..... Professor of Mathematical Sciences  
B.S., M.A.T., Indiana University; Ph.D., University of Wisconsin.

**Sparks, Irving Alan (1974)** ..... Professor of Religious Studies  
A.B., Davidson College; B.D., Union Theological Seminary in Virginia; S.T.M., Lancaster Theological Seminary; Ph.D., Claremont Graduate School.

**Sparrow, Glen W. (1980)** ..... Professor of Public Administration and Urban Studies  
A.B., M.A., San Jose State University; Ph.D., Claremont Graduate School.

**Spevak, Joseph E. (1969)** ..... Assistant Professor of Journalism  
B.S., Kent State University; M.S., Boston University; Ph.D., University of Iowa.

**Spindler, Audrey A. (1977)** ..... Professor of Family Studies and Consumer Sciences  
B.S., George Washington University; M.S., Ph.D., Colorado State University.

**Spinetta, John J. (1972)** ..... Professor of Psychology  
A.B., M.A., Gonzaga University; Ph.D., University of Southern California.

**Spitzberg, Brian H. (1989)** ..... Associate Professor of Speech Communication  
B.A., University of Texas at Arlington; M.A., Ph.D., University of Southern California.

**Springer, Arthur (1968)** ..... Associate Professor of Natural Science  
B.S., Illinois Institute of Technology; Ph.D., University of California, Berkeley.

**Sprotte, Nancy C. (1981)** ..... Director, Admissions and Records  
B.A., M.S., San Jose State University; M.P.A., D.P.A., University of Southern California.

**Stampfl, Barry G. (1982)** ..... Assistant Professor of English, Imperial Valley Campus  
B.A., Yale University; M.A., University of New Mexico; Ph.D., University of California, Santa Barbara.

**Stampfl, Ronald W. (1988)** ..... Professor of Marketing  
B.B.A., M.B.A., University of Wisconsin, Milwaukee; Ph.D. University of Wisconsin, Madison.

**Stanford, E. Percil (1973)** ..... Professor of Social Work  
A.B., Morgan State College; M.S., Ph.D., Iowa State University.

**Stark, Timothy D. (1987)** ..... Assistant Professor of Civil Engineering  
B.S.C.E., University of Delaware; M.E., University of California, Berkeley; Ph.D., Virginia Polytechnic Institute.

**Starr, Raymond G. (1964)** ..... Professor of History  
A.B., Ph.D., University of Texas.

**Stauffer, Thomas David (1984)** ..... Associate Professor of Music  
B.A., University of California, Riverside; M.M., Music Academy of Zagreb, Zagreb, Yugoslavia; M.A., University of California, Davis.

**Staufland, Sigurd (1966)** ..... Professor of Teacher Education  
B.Fag., University of Oslo, Norway; M.A., University of the Pacific; Ph.D., Stanford University.

**Steckbauer, Mark J. (1967)** ..... Professor of Teacher Education  
A.B., Catholic University of America; M.A., San Diego State University; Ed.D., University of California, Los Angeles.

**Steele, Richard W. (1967)** ..... Professor of History  
A.B., Queens College; M.A., University of Wisconsin; M.A., Ph.D., Johns Hopkins University.

**Steen, Paul J. (1970)** ..... Director, University Telecommunications; General Manager, KPBS-TV-FM; Professor of Telecommunications and Film  
A.B., Pacific Lutheran University; M.A., Syracuse University.

**Steenbergen, James F. (1970)** ..... Professor of Biology  
B.S., Western Kentucky University; M.S., Ph.D., Indiana University.

**Steffey, Duane L. (1988)** ..... Assistant Professor of Mathematical Sciences  
B.S., M.S., Ph.D., Carnegie-Mellon University.

**Steinberg, Danny (1989)** ..... Assistant Professor of Economics  
B.A., University of Toledo; M.A., University of Western Ontario; Ph.D., Harvard University.

**Stephenson, Clarence E. (1963)** ..... Professor of Drama  
A.B., M.A., Ph.D., University of Michigan.

**Sterk, William E. (1978)** ..... Professor of Finance  
B.S.E., University of Michigan; M.B.A., Ph.D., University of Wisconsin.

**Stevens, Larry P. (1986)** ..... Assistant Professor of Administration, Rehabilitation and Postsecondary Education  
B.S., M.Ed., Oregon State University; Ed.D., Arizona State University.

**Stewart, Charles J. (1955)** ..... Professor of Chemistry  
A.B., San Diego State University; M.S., Ph.D., Oregon State University.

**Stewart, Douglas B. (1971)** ..... Associate Professor of Economics  
B.S., University of Portland; M.S., Ph.D., University of Oregon.

**Stewart, Kris W. (1984)** ..... Assistant Professor of Mathematical Sciences  
B.A., University of California, San Diego; M.S., San Diego State University; Ph.D., University of New Mexico.

- Stiehl, Harry C. (1969)** ..... Professor of English  
A.B., University of Texas; M.A., University of California, Berkeley; Ph.D., University of Texas.
- Slites, Francis N. (1968)** ..... Professor of History  
A.B., Marian College; M.A., Ph.D., Indiana University.
- Stock, Robert L. (1975)** ..... Associate Professor of Public Administration and Urban Studies  
A.B., M.P.A., Ph.D., University of Pittsburgh.
- Stoesz, David P. (1986)** ..... Associate Professor of Social Work  
B.S., Springfield College; M.S.W., Ohio State University; D.S.W., University of Maryland at Baltimore.
- Stow, Douglas A. (1983)** ..... Associate Professor of Geography  
B.A., M.A., Ph.D., University of California, Santa Barbara.
- Strand, Paul J. (1977)** ..... Dean, College of Arts and Letters;  
Professor of Political Science  
A.B., Macalester College; M.A., University of Illinois, Chicago; Ph.D., Ohio State University.
- Stratton, Frank E. (1966)** ..... Professor of Civil Engineering  
B.S., San Diego State University; M.S., Ph.D., Stanford University. Registered Professional Engineer.
- Strom, David W. (1968)** ..... Professor of Teacher Education  
A.B., M.A., Ed.D., Wayne State University.
- Strong, Douglas H. (1964)** ..... Professor of History  
A.B., M.A., University of California, Berkeley; Ph.D., Syracuse University.
- Stumph, William E. (1983)** ..... Professor of Chemistry  
B.S., Purdue University; Ph.D., California Institute of Technology.
- Stutz, Frederick P. (1970)** ..... Professor of Geography  
A.B., Valparaiso University; M.S., Northwestern University; Ph.D., Michigan State University.
- Sucato, Vincent (1974)** ..... Assistant Professor of Social Work  
A.B., State University of New York; M.S.W., Fordham University; Ph.D., Rutgers State University.
- Sucec, Anthony A. (1967)** ..... Professor of Physical Education  
A.B., M.A., San Diego State University; Ed.D., University of California, Berkeley.
- Supernak, Janusz C. (1984)** ..... Professor of Civil Engineering  
B.S., M.S., Ph.D., Technical University of Warsaw.
- Suto, Masako (1984)** ..... Professor of Electrical and Computer Engineering  
B.S., Ochanomizu Women's University; M.S., Ph.D., Tokyo University of Education.
- Sutton, L. Paul (1981)** ..... Professor of Public Administration and Urban Studies  
B.A., University of Kansas; M.A., Ph.D., State University of New York.
- Sweedler, Alan R. (1980)** ..... Professor of Physics  
B.S.C., City University of New York; Ph.D., University of California, San Diego.
- Sweedler-Brown, Carol O. (1975)** ..... Associate Professor of Academic Skills  
B.A., University of Massachusetts at Amherst; Ph.D., University of California, San Diego.
- Swiniarski, Roman W. (1988)** ..... Professor of Mathematical Sciences  
M.S., Ph.D., Warsaw Technical University.
- Szafran, Karen X. (1987)** ..... Lecturer in Nursing  
B.S.N., Duke University; M.S.N., University of San Diego.
- Szeto, Andrew Y. J. (1983)** ..... Professor of Electrical and Computer Engineering  
B.S., University of California, Los Angeles; M.S.E.E., M.E.E.E., University of California, Berkeley; Ph.D., University of California, Los Angeles. Registered Professional Engineer.
- Talamantes, Florence W. (1962)** ..... Associate Professor of Spanish  
A.B., Mount Union College, Ohio; M.A., Ph.D., University of Cincinnati.
- Talbert, Freddie D. (1968)** ..... Associate Professor of Astronomy  
A.B., Ph.D., University of Texas.
- Tarantino, Kimberly A. (1987)** ..... Lecturer in Accountancy  
B.S., M.S., San Diego State University.
- Teagarden, Mary B. (1986)** ..... Assistant Professor of Management  
B.S., California State University, Northridge; Ph.D., University of Southern California.
- Templin, Jacques D. (1962)** ..... Professor of Physics  
A.B., University of California, Berkeley; M.A., Ph.D., University of California, Los Angeles.
- Terrell, Louis M. (1969)** ..... Professor of Political Science  
A.B., Williams College; M.A., Ph.D., Stanford University.
- Terry, Ann H. (1979)** ..... Lecturer in Geological Sciences  
A.B., University of California, Berkeley; B.S., M.S., San Diego State University.
- Thal, Donna J. (1990)** ..... Associate Professor of Communicative Disorders  
B.A., M.S., Brooklyn College of the City University of New York; Ph.D., Graduate School and University Center of the City University of New York.
- Thayer, Mark A. (1981)** ..... Professor of Economics  
B.A., Ph.D., University of New Mexico.
- Thile, Edmund L. (1967)** ..... Professor of Communicative Disorders  
A.B., San Diego State University; M.A., Ph.D., University of Southern California.
- Thomas, Veston (1978)** ..... Director, Student Athlete Academic Support Services  
B.S., M.P.A., Brigham Young University.
- Thompson, Gordon M. (1969)** ..... Associate Professor of Counselor Education  
A.B., Muskingum College; M.Div., Pittsburgh Theological Seminary; M.A., San Diego State University; Ph.D., Arizona State University.
- Thompson, Larry D. (1982)** ..... Associate Professor of Mechanical Engineering  
B.E., Youngstown State University; M.S., Ph.D., University of California, Berkeley.
- Thompson, Willis H., Jr. (1967)** ..... Assistant Professor of Natural Science  
B.S., B.A., Stanford University; M.A., San Jose State University.
- Thwaites, William M. (1965)** ..... Associate Professor of Biology  
B.S., University of Wisconsin; M.S., Ph.D., University of Michigan.
- Thyagarajan, Kadayam S. (1980)** ..... Associate Professor of Electrical and Computer Engineering  
B.E., College of Engineering, Madras, India; M. Tech., Indian Institute of Technology; Doctorate of Engineering, Concordia University, Canada.
- Tisue, Garold L. (1976)** ..... Director, Student Resource Center  
B.S., California State University, Northridge; M.S., California State University, Los Angeles.
- Tkach, Lawrence (1988)** ..... M.D., Student Health Services  
B.S., Northwestern University; M.D., Universite de Paris.
- Tong, William G. (1985)** ..... Professor of Chemistry  
B.S., Mandalay University; Ph.D., Iowa State University.
- Toole, Howard R. (1972)** ..... Professor of Accountancy  
B.S., M.B.A., University of California, Berkeley; Ph.D., University of Iowa.
- Torikachvili, Milton S. (1987)** ..... Associate Professor of Physics  
B.S., Rio Grande do Sul University, Brazil; M.S., Ph.D., Campinas State University, Brazil.
- Totterdale, Gwendolyn (1986)** ..... Assistant Professor of Accountancy  
B.S., M.B.A., Ohio State University; Ph.D., University of Oregon.
- Trafzer, Clifford E. (1982)** ..... Professor of American Indian Studies  
B.A., M.A., Northern Arizona University; Ph.D., Oklahoma State University.
- Tran, My Luong (1981)** ..... Assistant Professor of Teacher Education and Policy Studies in Language and Cross-Cultural Education  
B.A., Marymount College; M.A., Ph.D., Southern Illinois University.
- Treadway, Gerald H., Jr. (1970)** ..... Professor of Teacher Education  
A.B., M.A., San Diego State University; Ed.D., University of Arizona.
- Troxell, Eugene A. (1966)** ..... Associate Professor of Philosophy  
A.B., Gonzaga University; M.A., Ph.D., University of Chicago.
- Tsoukas, Constantine (1986)** ..... Professor of Biology  
B.S., University of San Francisco; Ph.D., University of California, San Francisco.
- Turhollow, C. Anne (1982)** ..... Associate Librarian  
B.S., Loyola Marymount University; M.S., Stanford University; M.L.I.S., University of California, Berkeley.
- Tuszynski, Alfons A. (1985)** ..... Professor of Electrical and Computer Engineering  
B.Sc., University of London; M.S., D.Eng.Sc., New Jersey Institute of Technology.
- Tyagi, Pradeep K. (1982)** ..... Professor of Marketing  
B.S., Jiwaji University, India; M.S., M.B.A., Ph.D., University of Missouri.
- Underhill, Robert (1972)** ..... Professor of Linguistics  
A.B., Harvard College; Ph.D., Harvard University.
- Urdahl, Jeffrey (1977)** ..... Associate Director, Housing and Residential Life  
B.A., University of California, San Diego.
- Valis-Weber, Dorothy V. (1970)** ..... Counselor  
A.B., Talladega College; M.A., University of Alabama.
- Valle, Juan Ramon (1974)** ..... Professor of Social Work  
A.B., Loyola University; M.S.W., Ph.D., University of Southern California.
- Vance, Jon E. (1987)** ..... Assistant Professor of Military Science  
B.A., St. Bonaventure University.
- Vandenberg, Pieter A. (1969)** ..... Professor of Finance  
B.S., California State Polytechnic University, Pomona; M.B.A., D.B.A., University of Southern California.
- Vanderwood, Paul J. (1969)** ..... Professor of History  
A.B., Bethany College; M.A., Memphis State University; Ph.D., University of Texas.
- Van de Wetering, R. Lee (1960)** ..... Professor of Mathematical Sciences  
B.S., University of Washington; Ed.M., Western Washington College of Education; Ph.D., Stanford University.
- Vanier, Dinoo T. (1970)** ..... Professor of Marketing  
B.Com., Sydenham College of Commerce & Economics, Bombay; M.B.A., M.A., Ph.D., University of California, Berkeley.
- Van Sickle, Douglas J. (1978)** ..... Director, Counseling and Psychological Services  
B.S., University of Washington; M.A., Bradley University; Ph.D., University of Utah.
- Varaiya, Nikhil P. (1988)** ..... Associate Professor of Finance  
B.S., Bombay University; M.B.A., Ph.D., University of Washington.
- Varela-Ibarra, José L. (1976)** ..... Associate Professor of Spanish,  
Imperial Valley Campus  
A.B., M.A., University of Hawaii; Ph.D., University of Texas at Austin.
- Varianian, Pershing (1968)** ..... Professor of History  
B.S., Wayne State University; M.A., Columbia University; Ph.D., University of Michigan.
- Velasquez, Roberto (1987)** ..... Assistant Professor of Counselor Education  
B.A., University of California, Riverside; M.S., Harvard University; Ph.D., Arizona State University.
- Venable, Carol F. (1987)** ..... Assistant Professor of Accountancy  
B.S., M.Ac., Ph.D., University of Arizona.
- Venieris, Yiannis P. (1967)** ..... Professor of Economics  
A.B., Graduate School of Economics and Business Administration, Athens, Greece; Ph.D., University of Oregon.
- Verderber, Anne (1971)** ..... Associate Professor of Nursing  
B.S., Saint John College; M.Ed. Nurs. Ed., University of Minnesota; Ph.D., University of Southern California.
- Vergani, Gianangelo (1963)** ..... Professor of Italian  
Dottorato in Lettere, University of Pavia, Italy.
- Verity, Larry S. (1984)** ..... Associate Professor of Physical Education  
B.S., State University of New York, Cortland; M.Ed., University of Virginia; Ph.D., Purdue University.
- Vik, Gretchen N. (1975)** ..... Professor of Information and Decision Systems  
A.B., Rice University; M.A., University of South Dakota; Ph.D., University of Florida.
- Villarino, José R. (1969)** ..... Associate Professor of Mexican American Studies  
B.S., M.A., Northern Arizona University; Ph.D., Union Graduate School.
- Villone, Arnold L. (1968)** ..... Professor of Mathematical Sciences  
B.S.E.E., University of Buffalo; M.A., Ph.D., University of California, Los Angeles.
- Vinge, Vernor S. (1972)** ..... Associate Professor of Mathematical Sciences  
B.S., Michigan State University; M.A., Ph.D., University of California, San Diego.
- Virginia, Ross A. (1985)** ..... Professor of Biology  
B.S., SUNY College of Environmental Science and Forestry; M.S., Ph.D., University of California, Davis.
- Vogt, Walter H. (1974)** ..... Assistant Professor of Economics  
A.B., University of Buffalo; Ph.D., Syracuse University.
- Vuskovic, Marko I. (1986)** ..... Professor of Mathematical Sciences  
B.S., M.S., University of Belgrade; Ph.D., University of Zagreb.
- Wadsworth, Earl P., Jr. (1956)** ..... Professor of Chemistry  
B.S., M.S., University of New Hampshire; Ph.D., Iowa State University.
- Walawender, Michael J. (1972)** ..... Professor of Geological Sciences  
B.S., Syracuse University; M.S., South Dakota School of Mines and Technology; Ph.D., Pennsylvania State University.
- Walden-O'Call, Kathleen J. (1988)** ..... Lecturer in Social Work  
B.S.W., University of North Dakota; M.S.W., University of Illinois at Urbana-Champaign.
- Walker, Carolyn L. (1986)** ..... Assistant Professor of Nursing  
B.S.N., California State University, Fullerton; M.S.N., California State University, Los Angeles; Ph.D., University of Utah.
- Wall, Carey G. (1971)** ..... Professor of English  
A.B., University of Michigan; Ph.D., Stanford University.
- Wallace, William J., Jr. (1969)** ..... Associate Professor of Natural Science  
A.B., St. Michael's College, Vermont; M.S., Tuskegee Institute; M.S., Ph.D., Oregon State University.
- Walshok, Marco G. (1969)** ..... Assistant Professor of Public Administration and Urban Studies  
A.B., University of Southern California; M.A., Ph.D., Indiana University.
- Walter, Joseph F. (1973)** ..... M.D., Student Health Services  
A.B., M.D., University of Michigan.
- Wang, Kuo Chang (1980)** ..... Professor of Aerospace Engineering and Engineering Mechanics  
B.S., Ordnance Eng. College; M.S., Virginia Polytechnic Institute; Ph.D., Rensselaer Polytechnic Institute.
- Ward-Steinman, David (1961)** ..... Professor of Music  
B.M., Florida State University; M.M., D.M.A., University of Illinois.
- Ward-Steinman, Susan L. (1974)** ..... Lecturer in Music  
B.M.Ed., Florida State University; M.S., University of Illinois.
- Warman, Harold D. (1977)** ..... Lecturer in Music  
A.B., M.A., University of Redlands.
- Warschauer, Thomas M. D. (1977)** ..... Associate Dean for Academic Affairs,  
College of Business Administration; Professor of Finance  
B.S., M.S., D.B.A., University of Colorado.
- Watson, Lawrence C. (1967)** ..... Professor of Anthropology  
A.B., University of California, Los Angeles; M.A., University of Southern California; Ph.D., University of California, Los Angeles.
- Watson, Maria-Barbara (1976)** ..... Professor of Women's Studies  
M.A., Goethe Universität; Ph.D., University of Vienna.
- Wauchope, Mary M. (1989)** ..... Assistant Professor of German  
B.A., M.A., University of California, Riverside; Ph.D., University of California, Berkeley.
- Weaver, Richard R. (1987)** ..... Assistant Professor of Finance  
B.S., University of Missouri; M.B.A., West Virginia College of Graduate Studies; D.B.A., University of Kentucky.
- Webb, Charlotte (1975)** ..... Associate Professor of Linguistics  
A.B., Ph.D., University of Texas.
- Weber, Shirley N. (1972)** ..... Associate Professor of Afro-American Studies  
A.B., M.A., Ph.D., University of California, Los Angeles.
- Weeks, John R. (1974)** ..... Professor of Sociology  
A.B., M.A., Ph.D., University of California, Berkeley.
- Weeter, Raymond D. (1966)** ..... Associate Professor of Spanish  
A.B., University of Utah; M.A., Universidad Nacional de Mexico; Ph.D., University of California, Berkeley.
- Weiss Bizzoco, Richard L. (1977)** ..... Professor of Biology  
A.B., University of Connecticut; M.S., California State University, Long Beach; Ph.D., Indiana University.
- Weissman, Stanley N. (1962)** ..... Professor of Philosophy  
A.B., Brooklyn College; Ph.D., Columbia University.
- Weitzel, Al R. (1973)** ..... Professor of Speech Communication  
A.B., Bradley University; M.A., South Illinois University; Ph.D., University of Southern California.
- Wells, Richard W. (1961)** ..... Associate Professor of Physical Education  
A.B., Occidental College; M.A., San Diego State University.
- Werner, Joan T. (1965)** ..... Associate Professor of Sociology  
B.S., State College, Pennsylvania; M.E., Pennsylvania State University; Ph.D., Syracuse University.
- Wessel, Leiland G. (1987)** ..... M.D., Student Health Services  
B.A., M.D., University of Pennsylvania; M.P.H., San Diego State University.
- Westermo, Bruce D. (1980)** ..... Professor of Civil Engineering  
B.S., Illinois Institute of Technology; M.S., Ph.D., California Institute of Technology.
- Weston, Thomas S. (1974)** ..... Professor of Philosophy  
S.B., Ph.D., Massachusetts Institute of Technology.
- Wheeler, James L. (1968)** ..... Associate Professor of English  
and Comparative Literature  
A.B., M.A., Ph.D., University of California, Los Angeles.
- Whitby, Joan A. (1968)** ..... Assistant Professor of Physical Education  
B.S., Carthage College; M.S., Arizona State University.
- White, Phillip (1985)** ..... Senior Assistant Librarian  
B.A., University of Houston; M.L.S., University of Texas.
- Whitman, David G. (1969)** ..... Associate Professor of Mathematical Sciences  
A.B., M.S., Emory University; Ph.D., University of California, Riverside.
- Whitney, Dan (1966)** ..... Professor of Anthropology  
A.B., M.A., Ph.D., Michigan State University; J.D., Western State University.

**Whitney, Roger E. (1985)** ..... Associate Professor of Mathematical Sciences  
B.S., North Dakota State University; Ph.D., University of California, San Diego.

**Whittenburg, Gerald E. (1976)** ..... The KPMG Peat Marwick/Charles W. Lamden  
Professor of Taxation  
B.S., M.S., Ph.D., University of Houston; Certified Public Accountant.

**Whittington, O. Ray (1978)** ..... Professor of Accountancy  
B.B.A., Sam Houston State University; M.S., Texas Tech University; Ph.D.,  
University of Houston; Certified Public Accountant.

**Widmer, Kingsley (1956)** ..... Professor of English and Comparative Literature  
A.B., M.A., University of Minnesota; Ph.D., University of Washington.

**Wilbur, Robert W. (1974)** ..... Associate Professor of Finance  
A.B., University of California, Riverside; M.S., San Diego State University; Ph.D.,  
University of Washington.

**Williams, Diane R. (1975)** ..... Assistant Professor of Communicative Disorders  
A.B., University of Kentucky; M.A., Northwestern University.

**Williams, Kathy S. (1987)** ..... Assistant Professor of Biology  
B.A., University of Texas at Austin; Ph.D., Stanford University.

**Williams, Michael D. (1988)** ..... Assistant Professor of Educational Technology  
B.S., M.A., University of Minnesota.

**Williams, Richard K. (1989)** ..... Professor of Military Science  
B.S., Pennsylvania State University; M.A., Salve Regina-The Newport College;  
M.B.A., Ph.D., Claremont Graduate School.

**Williams, Stephen J. (1980)** ..... Professor of Public Health  
B.S., Carnegie-Mellon University; M.S., Massachusetts Institute of Technology;  
S.M., Sc.D., Harvard University.

**Williams, Susan L. (1990)** ..... Associate Professor of Biology  
B.S., University of Michigan; M.S., University of Alaska; Ph.D., University of  
Maryland.

**Williams, Terry A. (1986)** ..... Lecturer in Academic Skills  
B.A., College of Wooster; M.A., San Diego State University.

**Williamson, James E. (1968)** ..... Professor of Accountancy  
A.B., Northland College; M.S., Ph.D., University of Minnesota; Certified Public  
Accountant.

**Willis, George C. (1967)** ..... Associate Professor of Physical Education  
A.B., M.A., California State University, Los Angeles; M.F.A., Arizona State  
University.

**Willis, Winnie O. (1984)** ..... Associate Professor of Public Health  
B.A., Jersey City State College; M.S., Harvard University; Sc.D., Johns Hopkins  
University.

**Wilson, Carole (1981)** ..... Associate Librarian  
B.A., Ohio Wesleyan University; M.R.E., Union Theological Seminary, New York  
City; M.L.S., University of California, Los Angeles.

**Wilson, Donald G. (1982)** ..... Lecturer in Electrical and Computer Engineering  
B.E., Rensselaer Polytechnic Institute; M.S., Ph.D., Harvard University.

**Wilson, Willfred J. (1963)** ..... Professor of Biology  
A.B., California State University, Sacramento; M.A., Ph.D., University of California,  
Davis.

**Winslow, Robert W. (1965)** ..... Professor of Sociology  
A.B., California State University, Long Beach; M.A., Ph.D., University of California,  
Los Angeles.

**Witherspoon, John P. (1979)** ..... Professor of Telecommunications and Film  
A.B., University of Pacific; M.A., Stanford University.

**Wolf, R. Craig (1987)** ..... Associate Professor of Drama  
B.A., Knox College; M.F.A., Stanford University.

**Wolfersberger, Marsha E. (1987)** ..... Lecturer in Music  
B.S., Phillips University; M.M., University of Kansas; Ed.D., Teachers College,  
Columbia University.

**Wong-Boren, Adrian (1983)** ..... Associate Professor of Accountancy  
C.P.A., E.C.A., Universidad de Coahuila; M.B.A., Instituto de Estudios Superiores  
de Monterrey; Ph.D., Virginia Polytechnic Institute.

**Woo, Catherine C. (1970)** ..... Professor of Chinese  
A.B., M.A., San Diego State University; Ed.D., University of San Francisco.

**Wood, James L. (1975)** ..... Professor of Sociology  
A.B., M.A., Ph.D., University of California, Berkeley.

**Woodson, John H. (1961)** ..... Professor of Chemistry  
A.B., Wesleyan University, Connecticut; Ph.D., Northwestern University.

**Wotruba, Thomas R. (1962)** ..... Professor of Marketing  
B.B.A., M.B.A., Ph.D., University of Wisconsin.

**Wozniak, Dolores A. (1976)** ..... Associate Dean, College of Health and  
Human Services; Professor of Nursing  
B.S., Hunter College; M.A., Ed.M., Ed.D., Columbia University.

**Wright, Penny L. (1972)** ..... Associate Professor of Management  
A.B., M.B.A., San Diego State University; Ph.D., University of California, Irvine.

**Wright, Richard D. (1964)** ..... Professor of Geography  
A.B., A.M., Indiana University; Ph.D., University of Kansas.

**Wulbern, Julian H. (1966)** ..... Professor of German  
A.B., University of California, Berkeley; M.A., University of Colorado; Ph.D.,  
Northwestern University.

**Wulfemeyer, K. Tim (1976, except F'80-S'87)** ..... Associate Professor of Journalism  
A.B., San Diego State University; M.S., Iowa State University; Ed.D., University of  
California, Los Angeles.

**Wyche-Smith, Susan L. (1987)** ..... Assistant Professor of English  
B.A., Pomona College; M.A., Ph.D., University of Washington.

**Wylie, Donald G. (1966)** ..... Professor of Telecommunications and Film  
A.B., University of Michigan; M.A., Ph.D., Michigan State University.

**Yang, Yeong-Ling (1988)** ..... Assistant Professor of Information and Decision Systems  
B.A., Cheng-Kung University, Taiwan; M.S., University of Florida.

**Yapelli, Tina Marie (1985)** ..... Assistant Professor of Art  
B.A., Loyola Marymount University; M.A., California State University, Fullerton.

**Yaremko, Robert M. (1969)** ..... Professor of Psychology  
A.B., University of Florida; M.A., Ph.D., Ohio University.

**Yates, Charles D. (1970)** ..... Professor of Music  
A.B., San Diego State University; M.A., California State University, Long Beach.

**Yeager, Bill (1985)** ..... Associate Professor of Music  
B.M., M.M., North Texas State University.

**Yerger, Leslie F. (1977)** ..... Vice President for University Relations and Development  
B.A., University of California, San Diego.

**Young, Arthur (1967)** ..... Professor of Astronomy  
B.S., Allegheny College; M.A., Ph.D., Indiana University.

**Young, Ronald R. (1971)** ..... Associate Dean, Undergraduate Studies;  
Associate Professor of Spanish  
A.B., Wisconsin State University; A.M., Ph.D., University of Illinois.

**Yu, Elena (1990)** ..... Professor of Public Health  
M.S., University of Notre Dame; M.P.H., Columbia University in the City of New  
York; Ph.D., University of Notre Dame.

**Zedler, Joy B. (1972)** ..... Professor of Biology  
B.S., Augustana College; M.S., Ph.D., University of Wisconsin.

**Zedler, Paul H. (1969)** ..... Professor of Biology  
B.S., University of Wisconsin, Milwaukee; M.S., Ph.D., University of Wisconsin.

**Zeiger, William (1984)** ..... Assistant Professor of English  
A.B., Oberlin College; M.A., Northern Illinois University; M.A., Ph.D., University of  
Southern California.

**Zimmerman, Bonnie S. (1978)** ..... Professor of Women's Studies  
A.B., Indiana University; Ph.D., State University of New York at Buffalo.

**Zuniga, Maria E. (1985)** ..... Professor of Social Work  
B.A., University of San Diego; M.S.W., University of California, Berkeley; Ph.D.,  
Brandeis University.

**Zupko, John A. (1989)** ..... Assistant Professor of Philosophy  
B.A., University of Waterloo; M.A., Ph.D., Cornell University.

**Zyskind, Judith W. (1982)** ..... Professor of Biology  
B.S., University of Dayton; M.S., Ph.D., Iowa State University.

## Emeritus Faculty

**Golding, Brage, Ph.D. (1972-1977)** ..... Professor of Chemistry  
and Engineering

**Love, Malcolm A., Ph.D. (1952-1971)** ..... Professor of Public  
Administration and Urban Studies

**Ackerly, Jr., Robert S., Ed.D. (1963-1990)** ..... Professor of Teacher Education

**Adams, John R., Ph.D. (1928-1968)** ..... Chairman, Division of Humanities;  
Professor of English

**Adams, William J., Ph.D. (1955-1983)** ..... Professor of Speech Communication

**Akers, Fred C., Ph.D. (1966-1976)** ..... Associate Professor of Marketing

**Alexander, James V., Ph.D. (1967-1984)** ..... Associate Professor of Botany

**Ali, Jr., Edward F., Ph.D. (1963-1988)** ..... Professor of Psychology

**Altamura, Nicholas C., Ph.D. (1967-1983)** ..... Associate Professor of  
Secondary Education

**Anderson, Allan W., Ph.D. (1962-1985)** ..... Professor of Religious Studies

**Anderson, Arthur J. O., Ph.D. (1961-1975)** ..... Professor of Anthropology

**Anderson, Evans L., Ed.D. (1954-1981)** ..... Professor of Education

**Anderson, Graydon K., Ph.D. (1949-1979)** ..... Professor of Economics

**Anderson, Paul V., M.M. (1954-1983)** ..... Professor of Music

**Anderson, W. Carlisle, Ph.D. (1955-1981)** ..... Professor of Industrial Studies

**Andrus, Ruth, Ph.D. (1962-1982)** ..... Professor of Physical Education

**Anthony, Sally M., Ed.D. (1965-1990)** ..... Professor of Educational Technology

**Archer, E. C. Jack, Ed.D. (1956-1979)** ..... Professor of Information Systems

**Bacon, Guinivere K., M.A. (1928-1969)** ..... Associate Professor of  
Elementary Education

**Bally, Kamilla U., M.S.W. (1966-1977)** ..... Associate Professor of Social Work

**Baker, Clifford H., Ph.D. (1937-1975)** ..... Professor of Spanish

**Baker, Douglas L., Ed.D. (1952-1979, except 1953)** ..... Professor of  
Elementary Education

**Baker, James R., Ph.D. (1956-1986, except 1961-1962)** ..... Professor of English  
and Comparative Literature

**Baker, Keefe L., M.F.A. (1965-1984)** ..... Professor of Art

**Baldwin, Elmer D., Ed.D. (1963-1988)** ..... Professor of Education,  
Imperial Valley Campus

**Barckley, Robert E., Ph.D. (1955-1985)** ..... Professor of Economics

**Barclay, A. Bernice, M.A.L.S. (1962-1986)** ..... Associate Librarian

**Barnes, Alfred C., H.S.D. (1977-1981)** ..... Associate Professor of Health Science

**Bauer, Edward G., M.S. (1956-1976)** ..... Professor of Mechanical Engineering

**Becker, Gerald A., Ph.D. (1958-1986)** ..... Professor of Mathematical Sciences

**Beicher, David W., Ph.D. (1957-1986)** ..... Professor of Management

**Benjamin, Robert L., Ph.D. (1953-1986)** ..... Professor of Speech Communication

**Benton, Carl W., Ed.D. (1948-1983)** ..... Professor of Physical Education

**Bigelow, Marybelle S., M.A. (1956-1980)** ..... Professor of Art

**Bigger, W. Richard, Ph.D. (1952-1981)** ..... Professor of Public Administration  
and Urban Studies

**Biggs, Millard R., Ph.D. (1958-1986)** ..... Professor of Music

**Blitman, Henry L., M.A. (1956-1977)** ..... Assistant Professor of  
Mechanical Engineering

**Birch, Aileen J., M.A. (1949-1978)** ..... Assistant Professor of  
Elementary Education

**Black, Barbara B., M.S. (1970-1988)** ..... Professor of Nursing

**Bianc, Sam S., Ed.D. (1966-1981)** ..... Professor of Elementary Education

**Blick, James D., Ph.D. (1966-1985)** ..... Associate Professor of Geography

**Bloomburg, Jr., Warner, Ph.D. (1973-1989)** ..... Professor of Sociology

**Blyth, John D., Ed.D. (1957-1983)** ..... Professor of Music

**Boggs, Wilma T., M.S. (1971-1977)** ..... Assistant Professor of Family Studies  
and Consumer Sciences

**Bohnsack, Kurt K., Ph.D. (1956-1983)** ..... Professor of Zoology

**Boney, Elaine E., Ph.D. (1963-1986)** ..... Professor of German

**Botkin, Patricia T., Ed.D. (1969-1988)** ..... Associate Professor of Teacher Education

**Bradley, Wallace W., M.A. (1961-1973)** ..... Assistant Professor of  
Secondary Education

**Branstetter, R. Deane, Ph.D. (1955-1981)** ..... Professor of Mathematical Sciences

**Brennen, E. Clifford, D.S.W. (1978-1983)** ..... Professor of Social Work

**Briggs, Robert M., Ed.D. (1957-1985)** ..... Professor of Teacher Education

**Broadbent, Harry H., M.S. (1949-1979)** ..... Associate Professor of Physical Education

**Brodshatz, Arthur, D.B.A. (1956-1986)** ..... Professor of Accounting

**Brooks, Baylor, B.A. (1931-1966)** ..... Professor of Geology

**Brown, Eugene P., M.A. (1947-1966)** ..... Professor of Accounting

**Brown, Ruth M. C., Ph.D. (1971-1986)** ..... Associate Professor of English  
and Comparative Literature

**Brown, William L., B.S.E.E., Professional Degree in Electrical Engineering (1962-  
1983)** ..... Associate Professor of Electrical and Computer Engineering

**Bruce, Paul, Ph.D. (1957-1989)** ..... Professor of Counselor Education

**Bryant, Steven J., Ph.D. (1964-1978)** ..... Associate Professor of Mathematical  
Sciences

**Brydegaard, Marguerite A., Ph.D. (1936-1976)** ..... Professor of Education

**Burnett, Gail A., Ph.D. (1947-1968)** ..... Professor of English and Classics

**Campbell, L. Beryl, M.A. (1947-1973)** ..... Associate Professor of Elementary  
Education

**Cannon, Nona H., Ed.D. (1959-1979)** ..... Professor of Family Studies and  
Consumer Sciences

**Capp, Martin P., M.S. (1953-1975)** ..... Dean, School of Engineering

**Carlson, Hilding B., Ph.D. (1948-1969)** ..... Professor of Psychology

**Cave, Mary F., M.A. (1946-1977)** ..... Associate Professor of Physical Education

**Chan, S. Yun, Ph.D. (1965-1979)** ..... Professor of Electrical Engineering

**Charles, Carol M., Ph.D. (1961-1988)** ..... Professor of Teacher Education

**Chater, Elizabeth E., M.A. (1964-1977)** ..... Professor of English

**Clark, Margaret A., Ed.D. (1966-1986)** ..... Associate Professor of Teacher Education

**Clark, Mary E., Ph.D. (1969-1986)** ..... Professor of Biology

**Clary, Virginia L., M.S.W. (Under contract 1967-1970; 1970-1979)** ..... Associate  
Professor of Social Work

**Cochran, Alice A., M.A. (1965-1988)** ..... Assistant Professor of Counselor Education

**Cohen, Lester M., M.S.W. (Under contract 1969-1970; 1970-1984)** ..... Assistant  
Professor of Social Work

**Colombo, Albert A., M.A. (1967-1982)** ..... Assistant Professor of Geography

**Cooper, Charles F., Ph.D. (1971-1988)** ..... Professor of Biology

**Coveny, Cecelia T., M.P.H. (1957-1977)** ..... Professor of Nursing

**Crain, Melvin, Ph.D., (1959-1983)** ..... Professor of Political Science

**Crawford, Maurice L., Ed.D. (1954-1988)** ..... Professor of Information and  
Decision Systems

**Crisley, Patricia J., M.A.L.S. (1964-1989)** ..... Senior Assistant Librarian

**Crouch, James E., Ph.D. (1932-1973)** ..... Professor of Zoology

**Crum, Clyde E., Ed.D. (1955-1982)** ..... Professor of Secondary Education

**Cullen, F. Patricia, Ph.D. (1964-1985)** ..... Professor of Physical Education

**Daniels, Morris J., Ph.D. (1956-1981)** ..... Professor of Sociology

**Darley, Richard D., Ph.D. (1961-1980)** ..... Professor of Marketing

**DeLora, Jack R., Ph.D. (1955-1986)** ..... Professor of Sociology

**Dickerson, Mary E., Ph.D. (1967-1990)** ..... Assistant Professor of Family Studies  
and Consumer Sciences

**Dirks, John H., M.F.A. (1947-1976)** ..... Professor of Art

**Dodds, Lowell J., M.B.A. (1957-1975)** ..... Professor of Accounting

**Dorris, Helen L., M.S. (1952-1982)** ..... Professor of Family Studies and  
Consumer Sciences

**Dukas, Vytas, Ph.D. (1959-1986)** ..... Professor of Russian

**Dunkle, Harvey I., Ph.D. (1963-1987)** ..... Associate Professor of German

**Eagle, John, Ed.D. (1946-1974)** ..... Professor of Mathematics

**Earnest, Sue W., Ph.D. (1947-1973)** ..... Professor of Speech Pathology and Audiology

**Eidemiller, Donald I., Ph.D. (1956-1983)** ..... Professor of Geography

**Elgin, Suzette, Ph.D. (1972-1981)** ..... Associate Professor of Linguistics

**Elliott, Rosalie C., Ph.D. (1968-1982)** ..... Professor of Elementary Education

**Erickson, Paul, Ed.D. (1963-1986)** ..... Professor of Teacher Education

**Erzen, Paul E., Ph.D. (1978-1987)** ..... Associate Professor of Management,  
Imperial Valley Campus

**Fellers, Stanford, Ed.D. (1966-1979)** ..... Associate Professor of Health Science  
and Safety

Ferrel, Dale B., M.B.A. (1957-1977) ..... Professor of Accounting  
Fisher, Horace H., Ph.D. (1955-1977) ..... Associate Professor of Finance  
Fisher, J. Sherrick, Ph.D. (1953-1977) ..... Professor of Elementary Education  
Flagg, Denis A., Ph.D. (1955-1986) ..... Professor of Economics  
Forman, Robert B., Ed.D. (1963-1985) ..... Professor of Music  
Fountain, Leonard D., Ph.D. (1960-1990) ..... Professor of Mathematical Sciences  
Fox, Kathleen, Ph.D. (1962-1986) ..... Professor of Physical Education  
Franklin, Robert J., Ph.D. (1967-1988) ..... Associate Professor of History,  
Imperial Valley Campus  
Frey, Leonard H., Ph.D. (1956-1989) ..... Professor of Linguistics  
Frick, Fay A., Ph.D. (1970-1990) ..... Associate Professor of Art  
Friedman, Abraham M., Ph.D. (1963-1983) ..... Associate Professor of Physical  
Education  
Friedrich, Kurt, Ed.D. (1949-1977) ..... Professor of Secondary Education  
Fulcomer, David M., Ph.D. (1973-1988) ..... Professor of Family Studies and  
Consumer Sciences  
Fulkerson, Glen E., Ed.D. (1954-1981) ..... Professor of Secondary Education  
Garrison, John D., Ph.D. (1956-1983) ..... Professor of Physics  
Gates, Gerald F., Ed.D. (1955-1986) ..... Professor of Teacher Education  
Gega, Peter C., Ed.D. (1955-1987) ..... Professor of Teacher Education  
Generales, Minos D., Degree in Law and Political Science (1949-1977) .. Professor  
of Political Science  
Ghilbert, Jeanne S., M.A. (1965-1982) ..... Assistant Professor of French  
Gibson, E. Dana, Ph.D. (1947-1971) ..... Professor of Information Systems  
Gifford, Adam, Ph.D. (1954-1989) ..... Professor of Economics  
Gillette, Thomas L., Ph.D. (1961-1989) ..... Professor of Sociology  
Gjerde, Clayton M., Ph.D. (1948-1974) ..... Dean of Continuing Education;  
Professor of Secondary Education  
Goodson, Roger A., Ed.D. (1968-1988) ..... Professor of Teacher Education  
Granrud, Carolyn A., B.S.L.S. (1960-1987) ..... Senior Assistant Librarian  
Gray, Robert T., Ed.D. (1956-1987) ..... Professor of Teacher Education  
Greene, Joanne H., M.S.L.S., M.A. (1967-1986) ..... Catalog Librarian  
Griffin, Herschel E., M.D. (1980-1987) ..... Professor of Public Health  
Gripp, Richard C., Ph.D. (1958-1985) ..... Professor of Political Science  
Groff, Patrick J., Ed.D. (1955-1981) ..... Professor of Elementary Education  
Gross, George C., Ph.D. (1961-1985) ..... Professor of English and  
Comparative Literature  
Guldry, Rosalind, Ph.D. (1970-1989) ..... Associate Professor of Social Work  
Gunning, Barbara E., Ph.D. (1969-1988) ..... Professor of Family Studies and  
Consumer Sciences  
Hale, E. Alan, Ph.D. (1957-1987) ..... Professor of Marketing  
Hammack, Isabella S., M.A. (1936-1957) ..... Associate Professor of Education  
Hanchett, William F., Ph.D. (1956-1987) ..... Professor of History  
Hanson, Robert F., Rec.D. (1962-1983) ..... Professor of Recreation  
Harari, Herbert, Ph.D. (1966-1987) ..... Professor of Psychology  
Harder, Donald F., Ed.D. (1960-1983) ..... Counselor, Counseling Services  
Harmon, James E., Ph.D. (1964-1981) ..... Associate Professor of Political  
Science, Imperial Valley Campus  
Harned, W. Wallace, Ph.D. (1962-1978) ..... Professor of Accounting  
Harper, Leroy A., Ed.D. (1959-1979) ..... Professor of Health Science  
Harrington, Neil J., Ed.D. (1948-1977) ..... Professor of Chemistry  
Harris, Vincent C., Ph.D. (1950-1976) ..... Professor of Mathematics  
Harrison, Robert C., Ph.D. (1953-1986) ..... Professor of Psychology  
Harvey, A. Raymond, Ph.D. (1949-1983) ..... Professor of Mathematical Sciences  
Haskell, Harriet, Ph.D. (1940-1971; except 1943-1945) ..... Professor of English  
Hawley, Peggy J., Ph.D. (1968-1988) ..... Professor of Counselor Education  
Haworth, Glenn O., D.S.W. (1966-1987) ..... Professor of Social Work  
Hazen, William E., Ph.D. (1962-1988) ..... Professor of Biology  
Herman, Elsie, M.A. (1969-1982) ..... Associate Professor of Social Work  
Higgins, Winifred H., Ph.D. (1964-1983) ..... Professor of Art  
Hill, Wayne O., Ed.D. (1955-1983) ..... Professor of Elementary Education  
Hodge, Stanley B., M.A. (1968-1981) ..... Associate Professor of Art  
Holowach, Frank S., M.A. (1960-1986) ..... Professor of Journalism  
Holt, Howard B., Ed.D. (1961-1983) ..... Professor of Educational Administration  
Hoover, Grace V., B.S.L.S. (1956-1981) ..... Associate Librarian  
Hopkins, Jack R., M.F.A. (1961-1986) ..... Professor of Art  
Hostetler, David K., Ed.D. (1966-1982) ..... Counselor  
Howard, Gordon S., Ph.D. (1968-1983) ..... Professor of Drama  
Howard, Raymond C., Ed.D. (1974-1989) ..... Associate Professor of Counselor  
Education  
Howard, Roy J., Ph.D. (1963-1988) ..... Professor of Philosophy  
Huffman, Edward W., Ph.D. (1955-1980) ..... Professor of Zoology  
Huls, Harry E., Ph.D. (1961-1983) ..... Professor of Elementary Education  
Hungate, Robert P., Ph.D. (1961-1987; except 1965-1969) ..... Professor of Finance  
Hunrichs, William A., Ph.D. (1957-1985) ..... Professor of Psychology  
Hunter, Lawrence B., M.A. (1963-1989) ..... Professor of Art  
Hurd, III, Lyman C., M.M. (1958-1979) ..... Professor of Music  
Ingham, Muriel B., Ph.D. (1967-1981) ..... Professor of English  
Inskeep, Jr., James E., Ph.D. (1960-1990) ..... Professor of Teacher Education  
Irgang, Frank J., Ph.D. (1956-1982) ..... Professor of Industrial Studies  
Isensee, Robert W., Ph.D. (1948-1982) ..... Professor of Chemistry  
Ishikawa, Wesley H., D.S.W. (1969-1988) ..... Professor of Social Work  
Jackson, Elizabeth R., Doctoral (1969-1986) ..... Professor of French  
Jackson, Everett Gee, M.A. (1930-1963) ..... Professor of Art  
Janssen, Henry L., Ph.D. (1953-1988) ..... Professor of Political Science  
Jencks, Clinton E., Ph.D. (1964-1986) ..... Professor of Economics  
Johns, Gerald E., M.S.L.S. (1967-1986) ..... Associate Librarian  
Johnson, C. Dale, Ph.D. (1963-1986) ..... Professor of Sociology  
Johnson, Phillip E., M.S.C.E. (1958-1987) ..... Professor of Civil Engineering  
Jones, Jr., Kenneth K., M.A. (1948-1983) ..... Professor of Telecommunications  
and Film  
Jordan, Jr., G. Ray, Ph.D. (1966-1987) ..... Professor of Religious Studies  
Joseph, Lionel, Ph.D. (1947-1971) ..... Professor of Chemistry  
Joy, Ned V., Ph.D. (1953-1982) ..... Dean of the College; Professor of  
Political Science  
Kahn, Marion J., M.S. (1967-1983) ..... Professor of Social Work  
Kalbfell, David C., Ph.D. (1948-1972) ..... Lecturer in Physics  
Kaplan, Oscar J., Ph.D. (1946-1983) ..... Professor of Psychology  
Kaplan, Robert M., Ph.D. (1974-1989) ..... Professor of Psychology  
Karen, Robert L., Ph.D. (1964-1985) ..... Professor of Psychology  
Kasch, Frederick W., Ed.D. (1948-1981) ..... Professor of Physical Education  
Keen, Elmer A., Ph.D. (1967-1989) ..... Professor of Geography  
Kelly, Beatrice L., Ph.D. (1967-1983) ..... Professor of Microbiology  
Kenney, Louis A., Ph.D. (1961-1981) ..... University Librarian  
Kidwell, William M., Ed.D. (1949-1970) ... Director of Placement and Financial Aid;  
Professor of Psychology  
Kiewiet De Jonge, Engbert J. C., Ph.D. (1963-1983) ..... Professor of Geography  
Kinder, James S., Ph.D. (1953-1966) ..... Professor of Education  
King, Bonnie B., M.A. (1970-1984) ..... Assistant Professor of English,  
Imperial Valley Campus  
Kinsey, Margaret E., M.A. (1961-1972) ..... Circulation Librarian  
Kirby, Bernard C., Ph.D. (1954-1974) ..... Professor of Sociology  
Kitchen, James D., Ph.D. (1957-1981) ..... Professor of Public Administration and  
Urban Studies  
Kitzinger, Angela M., Ph.D. (1945-1969) ..... Professor of Health Science and Safety  
Kiann, Corinne F., M.A. (1962-1983) ..... Assistant Professor of Elementary Education  
Kiapp, Orrin E., Ph.D. (1948-1973) ..... Professor of Sociology  
Kochanski, Adrian J., Ph.D. (1969-1983) ..... Professor of Public Administration  
and Urban Studies  
Kohler, Richard C., Ph.D. (1969-1988) ..... Professor of English and  
Comparative Literature  
Kopp, Harriet G., Ph.D. (1970-1983) ..... Professor of Communicative Disorders  
Koppman, Jerry W., Ph.D. (1963-1987) ..... Professor of Psychology  
Krummenacher, Daniel, Ph.D. (1968-1988) ..... Professor of Geological Sciences  
Kukkonen, Ruth M., M.S.W. (1973-1989) ..... Professor of Social Work  
Laiho, Ethel E., M.S. (1964-1982) ..... Associate Professor of Nursing  
Lamb, Alma S., B.S. (1962-1988) ..... Assistant Librarian  
Lambert, Arthur A., Ph.D. (1960-1983) ..... Professor of Music  
Landis, Jean, M.S. (1968-1979) ..... Assistant Professor of Physical Education  
Langenbach, Robert G., Ed.D. (1959-1981) ..... Professor of Information Systems  
LaPray, Margaret H., Ph.D. (1969-1977) ..... Professor of Elementary Education  
Lawson, Richard H., Ph.D. (1957-1984; except 1976-1984) ..... Professor of German

Learned, Vincent R., Ph.D. (1968-1981) ..... Professor of Electrical and  
Computer Engineering  
LeBarron, Evangeline M., B.A., B.S. (1946-1975; except 1948-1949) ... Professor of  
Information Systems  
Lee, Robert E., M.A. (1956-1983) ..... Professor of Telecommunications and Film  
Lee, William F., D.S.W. (1965-1989) ..... Professor of Social Work  
Leiffer, Donald B., Ph.D. (1948-1977) ..... Professor of Public Administration  
and Urban Studies  
Leslie, Norman C., M.N. (1969-1988) ..... Assistant Professor of Nursing  
Leukel, Francis P., Ph.D. (1956-1983) ..... Professor of Psychology  
Lienert, Charles, Ed.D. (1954-1977) ..... Professor of Educational Administration  
Lockman, Evelyn, M.A. (1948-1977) ..... Professor of Physical Education  
Lodge, Chester R., Ph.D. (1954-1988) ..... Professor of Electrical and  
Computer Engineering  
Loomis, David M., M.M. (1961-1983) ..... Associate Professor of Music  
Lovely, Louise P., M.A., M.L.S. (1979-1988) ..... Librarian, Imperial Valley Campus  
LuPone, Oriando J., Ph.D. (1964-1974) ..... Professor of Elementary Education  
Lynn, Elizabeth, Ph.D. (1963-1988) ..... Associate Professor of Psychology  
MacDonald, Gretchen, Ph.D. (1966-1981) ..... Associate Professor of Study Skills  
Madden, Richard, Ph.D. (1939-1966; except 1961-1964) ..... Professor of Education  
Malcolm, David D., Ph.D. (1953-1983) ..... Professor of Counselor Education  
Manjos, Thelma D., Ph.D. (1969-1975) ..... Professor of Counselor Education  
Mann, Richard L., M.S.E.E. (1968-1982) ..... Professor of Electrical and  
Computer Engineering  
Marosz, Wanda A., M.A. (1967-1986) ..... Associate Professor of Mathematical  
Sciences  
Martin, Mary F., M.S. (1958-1980) ..... Assistant Professor of Family Studies  
and Consumer Sciences  
Max, Stefan L., Ph.D. (1964-1984) ..... Professor of French  
Maxwell, Jean M., M.S.S. (1963-1978) ..... Professor of Social Work  
McAllister, R. Wayne, M.A. (1966-1983) ..... Assistant Professor of Educational  
Technology and Librarianship  
McAmis, Lessley C., B.A. (1959-1971) ..... Documents Librarian  
McBlair, William, Ph.D. (1948-1982) ..... Professor of Biology  
McClard, Q. Donavon, Ph.D. (1966-1986) ..... Professor of Special Education  
McEuen, Robert B., Ph.D. (1969-1979) ..... Professor of Geological Sciences  
McFall, John B., Ph.D. (1966-1985) ..... Professor of Marketing  
McLoney, Wirt, Ed.D. (1949-1974) ..... Professor of Industrial Studies  
McMullen, James D., Ed.D. (1958-1984) ..... Professor of Industrial Studies  
Meek, Doris A., Ed.D. (1968-1981) ..... Professor of Secondary Education  
Meier, Robert A., Ph.D. (1972-1986) ..... Professor of Accounting  
Merzbacher, Claude F., Ed.D. (1947-1978) ..... Professor of Natural Science  
Messier, Leonard N., Ph.D. (1946-1979) ..... Professor of French  
Mills, Jack, Ph.D. (1957-1985) ..... Professor of Speech Communication  
Milne, David S., Ph.D. (1946-1976) ..... Professor of Sociology  
Milne, Thair S., M.A. (1968-1979) ..... Associate Professor of Family Studies  
and Consumer Sciences  
Moe, Chesney R., Ph.D. (1931-1972) ..... Professor of Physics  
Moe, Jean T., M.A. (1966-1983) ..... Associate Professor of Music  
Monteverde, John P., Ph.D. (1954-1986) ..... Professor of English and  
Comparative Literature  
Morgan, Charles, M.S. (1949-1985) ..... Professor of Mechanical Engineering  
Morgan, Ruth H., D.S.W. (1968-1976) ..... Professor of Social Work  
Moses, Dorothy V., M.S. (1958-1979) ..... Professor of Nursing  
Murdock, Doris G., B.S.L.S. (1960-1972) ..... Catalog Librarian  
Nardelli, Robert R., Ph.D. (1953-1983) ..... Professor of Elementary Education  
Nasatir, Abraham, Ph.D. (1928-1974) ..... Professor of History  
Nelson, Burt, Ph.D. (1957-1988) ..... Director of the Mt. Laguna Observatory;  
Professor of Astronomy  
Nelson, Hilda B., Ph.D. (1965-1988) ..... Professor of French  
Nelson, Sherwood M., Ph.D. (1956-1982) ..... Professor of Philosophy  
Nesvold, Betty A., Ph.D. (1967-1986) ..... Professor of Political Science  
Neuner, Jr., Edward J., Ph.D. (1957-1986) ..... Professor of Economics  
Neyndorff, Hans, Doctorandus (1962-1983) ..... Senior Assistant Librarian  
Norland, Calvert E., M.S. (1947-1976) ..... Professor of Zoology  
Norman, Nelson F., Ph.D. (1960-1983) ..... Professor of History  
Nower, Leon, Ph.D. (1963-1990) ..... Associate Professor of Mathematical Sciences  
O'Day, Edward F., Ph.D. (1957-1988) ..... Professor of Psychology  
Odmark, Vern E., Ph.D. (1952-1982) ..... Professor of Accounting  
Olsen, Albert W., Ed.D. (1957-1983) ..... Professor of Physical Education  
Olsen, Lyle I., Ed.D. (1961-1989) ..... Professor of Physical Education  
Olson, Jr., Andrew C., Ph.D. (1946-1980) ..... Professor of Zoology  
Ontell, Robert, D.S.W. (1965-1979) ..... Professor of Social Work  
O'Reilly, Nathalia Crane, Special Study at Barnard College, University of Madrid,  
and Sorbonne (1958-1983) ..... Assistant Professor of English and  
Comparative Literature  
O'Reilly, Peter, Ph.D. (1968-1983) ..... Professor of Philosophy  
Peisner, Earl F., Ed.D. (1961-1990) ..... Counselor  
Percele, Csilla F., Ph.D. (1970-1990) ..... Associate Professor of Art  
Perkins, William A., Ph.D. (1955-1984) ..... Professor of English and  
Comparative Literature  
Person, Gerald A., Ph.D. (1957-1981) ..... Professor of Secondary Education  
Plaff, Paul L., Ph.D. (1931-1971) ..... Professor of Speech Pathology and Audiology  
Pierson, Albert Chad, Ph.D. (1954-1983) ..... Professor of Management  
Pincetti, Jr., Stanley J., Ph.D. (1955-1986) ..... Professor of History  
Piatz, Marvin H., Ed.D. (1955-1983) ..... Professor of Secondary Education  
Poroy, Ibrahim I., Ph.D. (1967-1987) ..... Professor of Economics  
Posner, Walter H., M.A., M.A.L.S. (1962-1988) ..... Senior Assistant Librarian  
Povenmire, E. Kingsley, M.F.A. (1946-1971) ..... Professor of Drama  
Price, Q. Lee, Ph.D. (1965-1986) ..... Associate Professor of Family Studies  
and Consumer Sciences  
Prouty, Heien L., Ph.D. (1950-1976) ..... Professor of Secondary Education  
Psomas, Themistocles, Ph.D. (1952-1982) ..... Associate Professor of Psychology  
Quiett, Fredrick T., M.S., J.D. (1957-1981) ..... Professor of Civil Engineering  
Rader, Daniel L., Ph.D. (1954-1983) ..... Professor of History  
Ramage, Jean C., Ph.D. (1975-1989) ..... Professor of Counselor Education  
Rao, M. V. Rama, Ph.D. (1957-1982) ..... Professor of Mechanical Engineering  
Rasmussen, Aaron P., Ph.D. (1971-1980) ..... Associate Professor of Industrial  
Studies  
Ratly, Frank J., Ph.D. (1954-1984) ..... Professor of Biology  
Redding, Mary Worden, Ph.D. (1967-1983) ..... Associate Professor of English  
and Comparative Literature  
Redding, Robert W., Ph.D. (1966-1985) ..... Associate Professor of English  
and Comparative Literature  
Reichert, Kurt, Ph.D. (1970-1981) ..... Professor of Social Work  
Richardson, Robert W., Ph.D. (1939-1972; except 1946-1947) ..... Professor of  
Geography  
Riehm, Lynne, D.S.W. (1976-1986) ..... Associate Professor of Social Work  
Riggs, Dorothy J., Ed.D. (1966-1986) ..... Professor of Teacher Education  
Riggs, Lester G., Ph.D. (1950-1978; except 1951-1952) Professor of Mathematical  
Sciences  
Roberts, Ellis E., Ph.D. (1949-1979) ..... Professor of Geological Sciences  
Rodney, Joseph A., Ed.D. (1957-1976) ..... Dean, Imperial Valley Campus;  
Professor of Education  
Rogers, Spencer L., Ph.D. (1930-1971) ..... Professor of Anthropology  
Rohlfisch, Kramer, Ph.D. (1947-1974) ..... Professor of History  
Rohlfisch, Marjorie C., M.A. (1966-1975) ..... Associate Professor of Music  
Romano, Albert, Ph.D. (1963-1990) ..... Professor of Mathematical Sciences  
Rosl, Norman, M.M. (1951-1977) ..... Professor of Music  
Roth (Longenecker), Martha, M.F.A. (1955-1981) ..... Professor of Art  
Rowe, Robert D., Ph.D. (1946-1971) ..... Professor of Chemistry  
Ruja, Harry, Ph.D. (1947-1979) ..... Professor of Philosophy  
Samples, Gordon A.B., B.S. (1950-1983) ..... Associate Librarian  
Sandell, Mary Lee, M.L.S. (1968-1983) ..... Senior Assistant Librarian  
Sanderlin, George W., Ph.D. (1954-1983) ..... Professor of English and  
Comparative Literature  
Sanders, Frederick C., Ph.D. (1967-1981) ..... Associate Professor of Speech  
Communication  
Sandstrom, Glenn A., Ph.D. (1956-1983) ..... Professor of English and  
Comparative Literature  
Sanner, Richard L., Ed.D. (1965-1981) ..... Media Specialist  
Santalo, Joaquin, Ph.D. (1968-1989) ..... Associate Professor of Spanish  
Sardinas, Maria A., M.T., M.S.W. (1968-1989) ..... Associate Professor of  
Social Work

Schalles, Frances I., A.B. (1950-1968) ..... *Education and Curriculum Materials Librarian*  
 Schmier, Walter D., J.D. (1967-1975) ..... *Associate Professor of Business Law*  
 Schrupp, Manfred H., Ph.D. (1948-1974) ..... *Dean, School of Education; Professor of Secondary Education*  
 Schutte, William H., M.S. (1947-1975) ..... *Professor of Physical Education*  
 Schwob, Marlon L., M.S. (1934-1960) ..... *Associate Professor of Physical Education*  
 Sebold, Frederick D., Ph.D. (1969-1987) ..... *Professor of Economics*  
 Segal, Evalyn F., Ph.D. (1973-1983) ..... *Professor of Psychology*  
 Sellman, Hunton D., M.S. (1946-1971) ..... *Professor of Drama*  
 Sender, Florence H., M.A. (1964-1973) ..... *Associate Professor of Spanish*  
 Settle, Robert B., Ph.D. (1972-1988) ..... *Professor of Marketing*  
 Shields, Allan E., Ph.D. (1949-1977; except 1969-1970) ..... *Professor of Philosophy*  
 Shira, Jr., Donald W., M.A.L.S. (1958-1986) ..... *Senior Assistant Librarian*  
 Shouse, Claude F., Ph.D. (1946-1972) ..... *Professor of English*  
 Shull, Jr., Charles M., Ph.D. (1969-1983) ..... *Professor of Natural Science*  
 Shutts, William H., Ph.D. (1958-1977) ..... *Professor of Aerospace Engineering*  
 Singer, Jr., Arthur, Ph.D. (1959-1983) ..... *Professor of Special Education*  
 Skaar, Donald L., M.S. (1960-1981) ..... *Professor of Electrical and Computer Engineering*  
 Smith, Alan C., Ed.D. (1963-1989) ..... *Professor of Education, Imperial Valley Campus*  
 Smith, Clifford E., Ph.D. (1937-1969) ..... *Professor of Astronomy*  
 Smith, Deane F., M.Mus. (1939-1970) ..... *Associate Professor of Music*  
 Smith, Hayden R., Ph.D. (1957-1981) ..... *Professor of Secondary Education*  
 Smith, John R., Ph.D. (1957-1986) ..... *Associate Professor of Psychology*  
 Smith, Jr., Louis E., Ph.D. (1946-1979) ..... *Professor of Physics*  
 Smith, Newton B., Ph.D. (1954-1986) ..... *Professor of Mathematical Sciences*  
 Snider, Mervin S., M.A. (1953-1983) ..... *Professor of Music*  
 Snodgrass, Herschel R., Ph.D. (1967-1978) ..... *Professor of Physics*  
 Snudden, Leslie W., D.B.A. (1959-1987) ..... *Professor of Accounting*  
 Snyder, William S., Ph.D. (1960-1990) ..... *Professor of Philosophy*  
 Somerville, Rose M., Ed.D. (1967-1977) ..... *Professor of Family Studies and Consumer Sciences and Sociology*  
 Sorensen, George W., Ph.D. (1967-1986) ..... *Professor of Journalism and Sociology*  
 Sorensen, George N., M.A. (1946-1976) ..... *Professor of Art*  
 Spangler, John A., Ph.D. (1946-1981) ..... *Professor of Chemistry*  
 Spaulding, Jr., William E., Ph.D. (1970-1985) ..... *Professor of Information Systems*  
 Spencer, Marjorie J., M.A. (1969-1978) ..... *Associate Professor of Art, Imperial Valley Campus*  
 Sportsman, Charles C., M.S. (1947-1968) ..... *Associate Professor of Physical Education*  
 Springston, Christine, M.A. (1930-1966) ..... *Professor of Music*  
 Srbich, Alexander L., Ph.D. (1959-1983) ..... *Professor of Management*  
 Stephenson, III, John S., Ph.D. (1969-1986) ..... *Professor of Sociology*  
 Stevens, Walter R., Ph.D. (1956-1990) ..... *Professor of Psychology*  
 Stone, Hamilton L., B.S. (1947-1971) ..... *Associate Professor of Mechanical Engineering*  
 Stone, Sanford H., M.S.E., M.S. (1956-1990) ..... *Professor of Civil Engineering*  
 Storm, Alvena S., M.A. (1926-1966) ..... *Professor of Geography*  
 Stough, Morrow F., Ph.D. (1950-1976; except 1966-1971) ..... *Professor of Education*  
 Stout, Zoe E., Ph.D. (1965-1977) ..... *Associate Professor of Family Studies and Consumer Sciences*  
 Strand, Marguerite R., Ph.D. (1955-1977) ..... *Counselor, Professor of Secondary Education*  
 Straub, Lura Lynn, M.C.S. (1948-1978) ..... *Professor of Information Systems*  
 Stuart, Robert J., Ph.D. (1969-1987) ..... *Professor of Electrical and Computer Engineering*  
 Stumpf, Jack E. A., Ph.D. (1965-1983) ..... *Professor of Social Work*  
 Sullivan, Edward D. S., Ph.D. (1967-1983) ..... *Assistant Professor of English and Comparative Literature*  
 Swiggert, Jean D., M.F.A. (1946-1977) ..... *Professor of Art*

Szabo, Andrew, Ph.D. (1955-1978) ..... *Collection Development Librarian*  
 Tanzer, JoAnn L., Ed.D. (1956-1986) ..... *Professor of Art*  
 Taylor, Jr., Hawley C., Ph.D. (1964-1990) ..... *Associate Professor of English and Comparative Literature*  
 Taylor, James W., Ph.D. (1950-1980) ..... *Professor of Geography*  
 Taylor, Kenneth M., Ph.D. (1949-1978) ..... *Professor of Biology*  
 Teasdale, John G., Ph.D. (1956-1982) ..... *Professor of Physics*  
 Terry, William L., Ed.D. (1946-1974) ..... *Professor of Physical Education*  
 Thiel, Donald W., Ph.D. (1957-1986) ..... *Professor of Industrial Studies*  
 Thomas, Beatrice A., M.A. (1954-1977) ..... *Professor of Nursing*  
 Thomas, Blakemore E., Ph.D. (1956-1977) ..... *Professor of Geological Sciences*  
 Threet, Richard L., Ph.D. (1961-1981) ..... *Professor of Geological Sciences*  
 Tollefsen, Dorothy J., M.A. (1946-1972) ..... *Professor of Physical Education*  
 Tossas, Leila de Irizarry, Ed.D. (1961-1977) ..... *Professor of Elementary Education*  
 Tozer, Lowell, Ph.D. (1954-1986) ..... *Professor of English and Comparative Literature*  
 Trimmer, Russell L., Ph.D. (1955-1976) ..... *Professor of Special Education*  
 Tunberg, Jacqueline D., Ph.D. (1966-1983) ..... *Associate Professor of English and Comparative Literature*  
 Turner, Marjorie S., Ph.D. (1954-1977) ..... *Professor of Economics*  
 Turner, Merle B., Ph.D. (1950-1974) ..... *Professor of Psychology*  
 Vanderbilt, Kermit, Ph.D., Litt.D. (1962-1988) ..... *Professor of English and Comparative Literature*  
 Vergani, Luisa M., Dottorato in Lettere (1969-1983) ..... *Professor of Italian*  
 Walba, Harold, Ph.D. (1949-1986) ..... *Professor of Chemistry*  
 Walch, Jr., Henry A., Ph.D. (1955-1985) ..... *Professor of Biology*  
 Wallace, Robert D., D.Litt. (1957-1986) ..... *Professor of Art*  
 Walling, Curtis R., E.E. (1931-1969) ..... *Professor of Electrical and Electronic Engineering*  
 Warburton, John T., Ed.D. (1968-1982) ..... *Associate Professor of Educational Administration*  
 Warner, Margery B., Ph.D. (1956-1976) ..... *Professor of Family Studies and Consumer Sciences*  
 Warren, Edward W., Ph.D. (1963-1990) ..... *Professor of Philosophy*  
 Warren, Leroy J., Ph.D. (1955-1988) ..... *Professor of Mathematical Sciences*  
 Watson, Elizabeth V., M.S. (1968-1977) ..... *Associate Professor of Social Work*  
 Webb, Charles R., Ph.D. (1949-1972; except 1965) ..... *Professor of History*  
 Wedberg, Hale L., Ph.D. (1959-1983) ..... *Professor of Botany*  
 Weir, Mary Jane, Ph.D. (1970-1982) ..... *Assistant Professor of Educational Technology and Librarianship*  
 Wendling, Aubrey, Ph.D. (1954-1982) ..... *Professor of Sociology*  
 West, John J., M.S. (1969-1989) ..... *Senior Assistant Librarian*  
 Wetherill, William H., Ph.D. (1957-1982) ..... *Professor of Educational Administration*  
 Whitney, Frederick C., Ph.D. (1970-1979) ..... *Associate Professor of Journalism*  
 Wick, Arne N., Ph.D. (1958-1974) ..... *Professor of Chemistry*  
 Wijnholds, Heiko J., Jur.D. (Econ.) (1967-1980) ..... *Professor of Finance*  
 Wilding, John H., Ed.D. (1960-1986) ..... *Professor of Teacher Education*  
 Wilhelm, Betty Jane, M.A. (1961-1980) ..... *Assistant Professor of Physical Education*  
 Willerding, Margaret F., Ph.D. (1956-1976) ..... *Professor of Mathematics*  
 Williamson, Gloria R., M.A. (1961-1979) ..... *Associate Professor of Physical Education*  
 Wilson, Galen, D.M.A. (1969-1989) ..... *Professor of Music, Imperial Valley Campus*  
 Wimer, Arthur C., M.A. (1950-1971) ..... *Professor of Journalism*  
 Wolf, Ernest M., Ph.D. (1947-1976) ..... *Professor of German*  
 Wolter, Gerhard, M.S. (1957-1975) ..... *Professor of Physics*  
 Wright, William H., Ph.D. (1921-1962) ..... *Professor of Accounting*  
 Yahr, Charles C., Ph.D. (1955-1988) ..... *Professor of Geography*  
 Yarborough, John M., Ph.D. (1959-1972) ..... *Director of Housing; Professor of Education*  
 Yesselman, Charlotte B., Ph.D. (1967-1988) ..... *Professor of Teacher Education*  
 Ziegenfuss, George, Ed.D. (1948-1980) ..... *Professor of Physical Education*

## ATHLETICS

Atoa, Ulila F., B.A.  
Anastasio, Lynn, B.A.  
Angel, Yvette, B.A.  
Barry, Brian F., M.A.  
Brandenburg, Jim R., M.S.  
Bream, Hugh C., M.A.  
Brown, Gary C., B.A.  
Bruns, Beth, M.A.  
Cervený, James E., M.Ed.  
Clegg, Charles P., B.A.  
Dietz, James C., M.S.  
Fairchild, Stephen T., M.A.  
Graham, Don G., M.A.  
Haines, Mark E., M.A.  
Hanks, Maury D., M.Ed.

Henn, John T., B.S.  
Ingalls, Bret, B.A.  
Johnson, Curtis, B.A.  
Klein, John H., B.A.  
Kondratak, Gary B., B.S.  
Lamb, Barry, B.A.  
Lay, David, B.A.  
Luginbill, John A., M.Ed.  
Mims, Anthony R., B.A.  
Ohton, David P., B.S.  
Plunkett, Carol S., M.S.  
Reeder, Dava, B.A.  
Schmidt, Edward A., B.A.  
Sheffield, Rhan D., B.A.  
Spillers, James D., B.A.  
Spradley, Linda P., M.S.  
Stathas, Gary W., B.S.  
Stolz, Dennis E., M.S.  
Suwara, Rudolph, M.S.  
Underwood, Dan D., M.A.  
Warner, Mark A., B.A.  
Zook, Jenelle L., M.S.

## IMPERIAL VALLEY CAMPUS

Akers, Scott R., M.A.  
Anderholt, Louie B., J.D.  
Angelo, Gayle-Jean, M.S.  
Armenta, Alejandro C., M.S.  
Ayala, Marta Stiefel, M.L.S.  
Bachner, Gretchen M., A.B.  
Balch, Patrick E., M.A.  
Blumberg, Louis M., Ph.D.  
Bowen, Von L., M.S.T.  
Briggs, John H., M.S.

Brown, Douglas Allen, Ph.D.  
Carpenter, Jane S., M.A.  
Carrasco, Santos Arellanes, Ph.D.  
Contreras, Matias R., J.D.  
Fasler, John A., Jr., M.Ac.  
Felender, Doris A., Ph.D.  
Fragale, Richard P., M.A.  
Galaz-Fontes, Jesus F., M.A.  
Gomez-Montero, Sergio, B.A.  
Gonzalez, Refugio A., M.S.  
Hager, Dean D., M.A.  
Harmon-Holt, Roberta L., M.A.  
Henderson, Thomas W., M.A.  
Hill, Janice E., M.A.  
Jacklich, Joel, M.F.A.  
Larsson, Harold J., M.A., Ed.M.  
Lazer, Linda S., B.A.  
Murray, David D., M.A.  
Neumeyer, Helen S., M.A.  
Nunn, Pauline, M.A.  
Perry, Gene G., M.B.A.  
Potts, Stephen W., Ph.D.  
Puddy, William H., M.A.  
Quattrocchi, David Lee, M.F.A.  
Quintana, Helena, Ph.D.  
Ramirez, Arthur, Ph.D.  
Rousseau, William, M.A.  
Ruiz, Olivia T., Ph.D.  
Shaver, Barbara M., Ph.D.  
Shinn, Mary D., M.Ed.  
Stainaker, Judith A., M.A.  
Travis, Reyna M., M.A.  
Vezina, Meredith R., M.A.  
Zertuche, Alejandrina H., M.A.

# Adjunct Faculty

## ARTS AND LETTERS

**Adona, Gabriel**, M.S., Academic Skills  
**Brashers, Howard C.**, Ph.D., American Indian Studies  
**Cox, Thomas R.**, Ph.D., American Indian Studies  
**Crawford, Beth**, B.A., Academic Skills  
**Delys, Paul A.**, M.S., Academic Skills  
**Dickinson, Fidella R.**, Ph.D., English and Comparative Literature  
**DuBois, Barbara C.**, Ph.D., Anthropology  
**Eastland-Whitney, Phyllis A.**, Ph.D., Anthropology  
**Enright, Gwyn**, Ph.D., Academic Skills  
**Feldesman, Marc R.**, Ph.D., Anthropology  
**Feldman, Artuhr W.**, Ph.D., Arts and Letters, General  
**Fielden, Carl**, B.F.A., Academic Skills  
**Fior, Salvador B.**, M.S., Academic Skills  
**Griswold, Richard A.**, Ph.D., American Indian Studies  
**Ham-Chande, Roberto**, Ph.D., Sociology  
**Jacobson, Adela**, M.A., Academic Skills  
**Johnson, Willard L.**, Ph.D., American Indian Studies  
**Keesey, Miriam**, M.A., Academic Skills  
**Keitel, Bruce A.**, M.A., Academic Skills; English and Comparative Literature  
**Kern, Irving**, B.S., Political Science  
**Kimbrough, Jack J.**, D.D.S., Afro-American Studies  
**Koehler-Rollefson, Ilse U.**, Ph.D., Anthropology  
**Lindburg, Donald G.**, Ph.D., Anthropology  
**Martinez, Fabio A.**, M.A., Mexican American Studies  
**Neal, Charles C.**, M.A., Academic Skills  
**Palacios, Gonzalo T.**, Ph.D., Arts and Letters, General  
**Popp, Dean O.**, Ph.D., Economics  
**Rady, Donald E.**, Ph.D., M.D., Arts and Letters, General  
**Richburg, Carolyn**, M.A., Academic Skills  
**Rojas, Gonzalo**, M.A., Academic Skills  
**Shackley, M. Steven**, Ph.D., Anthropology  
**Sharon, Douglas G.**, Ph.D., Anthropology  
**Sonntag, Ilana L.**, M.A., Arts and Letters, General  
**Tachibana, Fumiko**, M.A., English and Comparative Literature  
**Tyson, Ross A.**, M.A., Anthropology  
**Tyzzar, Robert N.**, Ph.D., Anthropology  
**Weir, Patricia**, M.S., Academic Skills  
**White, Christopher W.**, M.A., Anthropology  
**White, Phillip M.**, M.L.S., American Indian Studies  
**Wulner, Kathryn S.**, Ph.D., Academic Skills  
**Zondag, Cornelius H.**, Ph.D., Arts and Letters, General

## BUSINESS ADMINISTRATION

**Bessel, David H.**, M.S., Information and Decision Systems  
**Bodinger, Albert R.**, M.Arch., Information and Decision Systems  
**Kerrigan, Harry D.**, Ph.D., Accountancy

**Shockley, Charles**, Ph.D., Business Administration, General

**Sprouse, Robert T.**, Ph.D., Accountancy

## EDUCATION

**Allen, Adrienne C.**, M.S., Special Education  
**Aloisi, Hilda M.**, Administration, Rehabilitation and Postsecondary Education  
**Block, Martin J.**, J.D., Counselor Education  
**Callahan, Freda**, M.A., Teacher Education  
**Cook, Albey C.**, M.S., Teacher Education  
**Gange, Samuel J.**, Ed.D., Counselor Education  
**Gennette, Robert**, M.A., Teacher Education  
**Hutchinson, George**, Ph.D., Administration, Rehabilitation and Postsecondary Education  
**Jorgensen-Funk, Sandra E.**, M.A., Counselor Education  
**Kalzo, Brady P.**, M.A., Teacher Education  
**McAdams, Henry E.**, Ph.D., Counselor Education  
**Miyatake, Mia**, M.S., Administration, Rehabilitation and Postsecondary Education  
**Nesvig, David T.**, Ed.D., Counselor Education  
**Van Sickle, Douglas J.**, Ph.D., Counselor Education

## ENGINEERING

**Altes, Richard A.**, Ph.D., Electrical Engineering  
**Beck, Stephen A.**, M.S., Mechanical Engineering  
**Beylouni, Mohamed F.**, Ph.D., Civil Engineering  
**Butland, Larry**, B.S.M.E., Mechanical Engineering  
**Caudle, David A.**, B.S., Mechanical Engineering  
**Flynn, Jack**, M.B.A., Mechanical Engineering  
**Francis, Peter R.**, Ph.D., Mechanical Engineering  
**Fulton, W. Anthony**, B.A., Civil Engineering  
**Garcia-Deigado, Vincent**, Ph.D., Civil Engineering  
**Gill, Jacob**, B.Sc., Aerospace Engineering  
**Han, Jingcheng**, B.S., Electrical Engineering  
**Jahn, E. Mark**, B.S., Mechanical Engineering  
**Lark, Donald H.**, B.S.M.E., Mechanical Engineering  
**Lubliner, Eliezer**, M.Sc., Aerospace Engineering  
**Neuman, Victor A.**, M.S.M.E., Mechanical Engineering  
**Schlesinger, Robert J.**, Ph.D., Mechanical Engineering  
**Sworder, David D.**, Ph.D., Electrical Engineering  
**Zelerman, Shimon**, M.Sc., Aerospace Engineering  
**Zhou, Han Chang**, Electrical Engineering

## HEALTH AND HUMAN SERVICES

**Anton-Culver, Hoda**, Ph.D., Public Health  
**Austerlitz, Francine G.**, M.Ed., Communicative Disorders  
**Baird, Patricia M.**, M.S., Communicative Disorders  
**Barnes, Gary J.**, Ph.D., Communicative Disorders  
**Bartell, Melvin M.**, B.S., Communicative Disorders  
**Basso, Betty Z.**, D.S.W., Social Work  
**Bates, Steven B.**, M.D., Public Health  
**Beabe, Michael E.**, D.N.S., Nursing

**Braney, Mary L.**, M.S.N., Nursing  
**Conway, Fred**, Ph.D., Nursing  
**Cox, J. William**, Ph.D., Public Health  
**Dirige, Ofelia**, Dr.P.H., Public Health  
**Figueroa, Guillermo**, M.D., Social Work  
**Fullerton, Judith T.**, Ph.D., Nursing  
**George, Priscilla H.**, M.A., Communicative Disorders  
**Golbeck, Amanda L.**, Ph.D., Public Health  
**Goldman, Stephen N.**, M.A., Communicative Disorders  
**Grey, Hilda K.**, D.P.A., Nursing  
**Harris, Stephen B.**, Ph.D., Public Health  
**Healy, Sonya A.**, M.S., Nursing  
**Jarvis, Timothy T.**, Ph.D., Public Health  
**Jones, Elizabeth G.**, M.P.H., Public Health  
**Josefowitz, Natasha**, Ph.D., Social Work  
**Kirsch, Christine L.**, M.A., Communicative Disorders  
**Lovato, Chris Y.**, Ph.D., Health Science; Public Health  
**Martin, Diane P.**, Ph.D., Public Health  
**Meltzer, Eli O.**, M.D., Nursing  
**Mineo, Ronald M.**, M.D., Social Work  
**Molgaard, Craig A.**, Ph.D., Health and Human Services, General  
**Moscinski, Ellen-Nitza**, M.S.W., Social Work  
**Moses, Marion T.**, M.D., Public Health  
**Nader, Philip R.**, M.D., Public Health  
**Norby, Ronald B.**, M.N., Nursing  
**Olsson, Robert J.**, M.S.Ed., Communicative Disorders  
**Park, Chong J.**, Ph.D., Public Health  
**Patrick, Kevin M.**, M.D., Public Health  
**Peddecord, K. Michael**, Ph.D., Health and Human Services, General  
**Sandlin, Robert E.**, Ph.D., Communicative Disorders  
**Schiff, Maurice**, M.D., Communicative Disorders  
**Shapses, Calvin**, M.D., Health Science  
**Shaw, William F.**, Dr.P.H., Public Health  
**Shellenberger, Sharon L.**, M.A., Communicative Disorders  
**Shumacher, Alan E.**, M.D., Nursing  
**Singh, Sadanand**, Ph.D., Communicative Disorders  
**Small Capistrano, Maryanne**, M.P.H., Nursing  
**Steffley, Duane L.**, Ph.D., Public Health  
**Stone, Roy F.**, B.S., Nursing  
**Stoppenbach, Daniel T.**, M.S., Communicative Disorders  
**Weisman, Irving**, Ed.D., Social Work  
**Zuniga, Maria E.**, Ph.D., Health and Human Services, General

## PROFESSIONAL STUDIES AND FINE ARTS

**Agree, Jon**, Physical Education  
**Aliman, Anne Williams**, Ed.D., Music  
**Anthony, Jeffrey**, D.O., Physical Education  
**Arroyave, Guillermo**, Ph.D., Family Studies and Consumer Sciences  
**Ash, Peter J.**, B.S., Military Science  
**Ballantyne, Peter**, B.A., Physical Education  
**Biggs, Gunnar**, Music  
**Burgunder, Cynthia K.**, B.S., Naval Science  
**Burkhart, Mike**, Physical Education  
**Cable, George W.**, A.A., Music  
**Cangro, Mitchell**, B.S., Physical Education  
**Carter, Allen L.**, M.M., Music  
**Chase, Ann E.**, M.A., Music  
**Clark, Tod**, B.A., Physical Education  
**Cutts, Richard R.**, M.B.A., Naval Science  
**Donovan, Timothy J.**, B.S., Naval Science  
**Douglas, Richard C.**, M.B.A., Aerospace Studies  
**Duggan, Robert J.**, D.P.M., Physical Education  
**Elaine, Karen**, B.A., Music  
**Ellis, Lance P.**, M.S., Naval Science  
**Fisher, Thomas M.**, B.A., Physical Education  
**Fitzgerald, William A.**, B.S., Naval Science  
**Fiahan, Carl Mark**, B.S., Physical Education  
**Floyd, Roger**, B.A., Physical Education  
**Fox, Timothy J.**, B.S., Naval Science  
**Gantzel, Eric**, B.S., Physical Education  
**Golden, Mary F.**, M.A., Naval Science  
**Goldman, Ronald J.**, M.D., Music  
**Gottshall, Kim**, M.A., Physical Education  
**Gross, Douglas**, B.A., Physical Education  
**Guerry, Charles J.**, B.S., Military Science  
**Hatcher, Phillip L.**, Physical Education  
**Helzer, Richard A.**, M.F.A., Music  
**Henn, John T.**, B.S., Physical Education  
**Herrick, James**, M.B.A., Physical Education  
**Hill, Shirley**, B.S., Physical Education  
**Ho, Stephen T.**, Physical Education  
**Holcomb, Michael**, B.S., Physical Education  
**Johnson, Steve S.**, Physical Education  
**Junker, Cheryl A.**, M.B.A., Aerospace Studies  
**Kaino, Takashi**, M.A., Physical Education  
**Kerr, Paul**, B.A., Physical Education  
**Kilmer, Brian J.**, M.A., Music  
**Land, Harman W.**, B.A., Professional Studies and Fine Arts, General  
**Legg, William**, B.A., Physical Education  
**Lewis, James**, B.A., Physical Education  
**Lichtenstein, David**, B.A., Physical Education  
**Lorge, John S.**, Music  
**Lukas, Linda L.**, M.A., Music  
**Lutes, Victor R.**, M.B.A., Aerospace Studies  
**MacKenzie, Mary R.**, M.S., Music  
**Magnet, Andrew**, B.S., Physical Education  
**Martin, Walter P.**, M.S., Naval Science  
**McLagan, William E.**, Family Studies and Consumer Sciences  
**Metzger, Stanley A.**, M.S., Military Science  
**Michel, Dennis P.**, M.A., Music  
**Michel, Peggy K.**, M.A., Music  
**Moore, Ernest L.**, Physical Education  
**Murakami, Tracy M.**, M.I.S., Aerospace Studies  
**Navarro, Susan M.**, B.A., Naval Science  
**Nelson, Guy R.**, B.A., Physical Education  
**Omatray, Margie**, B.S., Physical Education  
**Paul, Jennifer**, M.M., Music  
**Petti, Kevin**, M.A., Physical Education  
**Prindle, James A.**, M.A., Music  
**Pugh, Darrell L.**, Ph.D., Public Administration  
**Ramirez, Rebecca**, B.S., Physical Education

**Ramsdell, Joe W.**, M.D., Family Studies and Consumer Sciences  
**Redler, Jill**, Physical Education  
**Rekevics, John J.**, Music  
**Renvall, Marian J.**, M.S., Family Studies and Consumer Sciences  
**Richardson, Charles**, M.A., Physical Education  
**Robasciotti, Carol A.**, M.S., Family Studies and Consumer Sciences  
**Romero, Celin G.**, B.A., Music  
**Rose, Barry A.**, D.O., Physical Education  
**Rotter, James C.**, M.A., Music  
**Spelman, Leslie P.**, Ph.D., Music  
**Urquiza, Anthony J.**, Ph.D., Family Studies and Consumer Sciences  
**Vance, Jon E.**, B.A., Military Science  
**Warfield, Mark**, B.A., Physical Education  
**Westbrook, Jane**, M.M., Music  
**White, Christine**, B.A., Physical Education  
**Williams, Richard K., Jr.**, Ph.D., Military Science  
**Williams, William M., Jr.**, B.M., Music  
**Wilson, Deborah L.**, Physical Education  
**Yamamoto, Carl A.**, Physical Education

## SCIENCES

**Abrahams, Norman M.**, Ph.D., Psychology

SAN DIEGO STATE UNIVERSITY  
SAN DIEGO, CA 92182  
CATALOG . . . EDUCATIONAL MATERIAL

Activities in the department of music are typical of the spirit of creative arts departments on campus, which contribute to the cultural life of the community while offering professional training and performance opportunities for students.

As part of their studies, music students participate in public performances ranging from individual recitals to membership in one or more of the department's many ensembles. Among these are the Wind Symphony, University Symphony, Concert Choir, Marching Aztecs, and Jazz Ensemble.

In addition, the music department also provides residencies to outstanding musicians, including violinist Frank Almond III, the Lark Quartet, the Brass Consort and the Arioso Wind Quintet.
