

## **Electrical Engineering (MS) – ENG**

**Director/Chair: Dr. A. Ege Engin**

**Assessment Lead: Dr. Santosh Nagaraj**

### **Step 1: Student Learning Outcome**

**DLO 3:** Ability to communicate clearly, technically and unambiguously through spoken and written words.

### **Step 2: Assessment Methods and Measures**

Plan A and Plan B students must defend their research or project work in front of a committee along with a written report/thesis.

### **Step 3: Criteria for Success**

Thesis (or project) advisor will assess success/failure based on inputs from other committee members and attendees at the seminar. A score of 3 on a scale of 1-5 is considered a success.

### **Step 4: Summary of Results**

100% (16 students) achieved a score of 3 or above.

### **Step 5: Action Plan**

No action plan needed at this time, assessment ongoing.
